## TWENTY AMERICANS KILLED IN BATTLE VERA CRUZ

### CARRANZA FRIENDLY TOWARDS U. S.—BRITISH OFFICER WOUNDED BY SNIPER—AID FOR C.N.R.

#### ONLY TWELVE LIVES LOST WHEN VERA CRUZ WAS TAKEN

##### MEXICANS LOST ONE HUNDRED AND FIFTY—BRITISH OFFICER RECEIVES WOUND FROM SHORE SNIPER

(Special to The Daily News)  
Veracruz, April 23.—Twelve and fifty wounded is the total count of the American losses during the investment. Mexican losses are estimated at 150. Many were wounded during a skirmish, the guns of the Prairie and Chester assisting in silencing the heavy fire from the naval college. The shells of the Prairie finally shattered the walls. The paymaster of a British cruiser vessel was wounded on board the ship by a sniper ashore. Admiral Badger is undecided whether to proceed to Tampico or not.

#### REBEL LEADER IS FRIENDLY TOWARD THE UNITED STATES

##### INVESTMENT OF VERA CRUZ NOT CONSIDERED AN ACT OF WAR AGAINST THE MEXICAN NATION

(Special to The Daily News)  
Washington, April 23.—Hull has handed to Ambassador Llanes his passports. Llanes is preparing to leave Mexico City. Carranza has sent a letter stating that he considers the investment of Vera Cruz not an act of hostility against the Mexican nation. This is creating a new and acute crisis in the situation and a hasty conference was called, the president being awakened from his sleep.

#### WE KLOOCH BOOZE FINED FIFTY DOLLARS

##### Shoreman Pays a Heavy Penalty for Treating Indian Girl

Katherine Green, alias Mary Shy, was in police court this morning charged with being drunk. Katherine is the Indian who had to be taken to the hospital in an auto yesterday. She had been drinking with George Shy, a longshoreman. The magistrate gave the girl a fine of \$50, the minimum amount.

#### JUVENILE POPULATION INCREASING VERY FAST

##### Statistics Which Alarm School Board—Will Soon Outgrow Schools

The school board is very much alarmed over the report of the medical health officer which was submitted to the council on Monday night, and as published in The News on Tuesday. The report states there were 100 births per thousand during the month of February this year, and 120 per thousand during the month of March. As a recent census of the city shows a population of about 10,000, it would mean that there are added to our population by births alone during those two months some 250 souls. If this rate of affairs continues, demagogues cannot be sold fast enough to provide schools for the alarming increase in our juvenile population and from the point of view of the school board a problem to be dealt with rather than the building of streets, sewers, or even the hydro-electric.

#### PREMIER BORDEN BACK FROM HOLIDAY TRIP

##### Suggested Morning Sitzings of House—Sir Wilfrid Objects—C.N.R. Legislation in View

(Special to The Daily News)  
Ottawa, April 23.—Premier Borden is back after a fortnight's holiday in Virginia. The premier moved that morning sittings commence on Monday. Sir Wilfrid Laurier objected that it was not customary to commence morning sittings until all the important legislation had been introduced. He made reference to the C. N. R. proposal. Mr. Borden admitted that there would likely be some new legislation along these lines and he did not press the motion. The debate on the budget continues.

#### "SQUAW MAN" PROVES A FILM MASTERPIECE

##### Empress Theatre Presents Gigantic Six-Reel Feature to Standing Room Only

Another big sensational event scheduled for the Empress was presented at yesterday's matinee and two evening performances, when the "Squaw Man" with all the marvels of dramatic and artistic achievement was unveiled before three large and appreciative audiences. The play is from the pen of Edwin Milton Royle, the famous playwright, and is executed by a full company of able artists, aided by perfect photography. The leading role in the hands of Dustin Farnum leaves nothing to be desired, and the appealing story that it tells loses none of the exceptional merit by comparison with the regular stage production. In a word it is a mammoth motion picture achievement and tonight's performance (two shows), which is the last time the "Squaw Man" will be shown here, will undoubtedly attract crowded houses. Next week's special feature will be Mary Pickford in "The Good Little Devil."

#### Dancing Academy

Dancing lessons will be given every Monday and Friday evening in McIntyre Hall. Hall for rent. M. M. Cooper, instructor. 93-95  
Taffa curtains, material 48-in. wide, regular value \$1 yard; special price 60c yard at Geo. D. Tite's.

#### MUNICIPAL ELECTIONS

Ladies and Gentlemen: Deciding to become an aldermanic candidate at the ensuing election, I ask your suffrage in my support. My attitude is the immediate installation of the Woodworth Lake hydro-electric city-owned utility. Am absolutely opposed to the deal with the Prince Rupert Hydro-Electric company. Will oppose any sale of the city securities proposed at 90 cents. Also will oppose shortening the term of such securities from fifty to twenty years. Yours truly,  
**DANIEL W. MORRISSEY.**

The above is Ald. Morrissey's recent election card. Now, as chairman of the finance committee, he sells debentures at 85. What do the people think of a man who breaks his promises that quickly? Is he a fit man to have in charge of the purse-strings of our city, or, for that matter, to be placed in any position of public trust?

#### TORONTO VISITOR HAS GREAT FAITH IN RUPERT

Mr. W. H. Leishman, of Wm. H. Leishman & Co., Ltd., wholesale custom tailors of Toronto, is paying a visit to Prince Rupert for the first time. Martin O'Reilly is the local agent for the company, and Mr. Leishman was so attracted by the large number of sales made that he decided to come and see the city. He is amazed at the progress that has been made and believes that there is a great future before Prince Rupert. Mr. Leishman's company is one of the largest purely custom tailoring establishments in Canada and the popularity of their goods with the customers of Martin O'Reilly makes this an important point in their business.

The fire in Dyke's restaurant early yesterday morning was not the result of carelessness or of improper equipment. Some fat which was being rendered caught fire in the oven and set fire to the upper walls. The lower walls are all sheeted with tin.

##### WOULD BE BIG ASSET TO THIS CITY—LARGE TRANSFER OF COAL HOLDINGS TOOK PLACE—DEVELOPMENT TO START

A private letter received from Ottawa states that strong pressure is being brought on D. A. Thomas, the coal magnate, to open up the Groundhog coal through the Kitsumkalum valley. Mr. Thomas is at present at

#### NEW C. P. R. PRINCESSES FOR TRIANGULAR RUN

##### Charlotte for Alaska—No Intimation as to San Francisco Service

The new palatial liners Princess Margaret and Princess Irene, now being built for the Seattle - Vancouver - Victoria route, known as the triangular run, are nearing completion at the shipbuilding yards of Denny Bros., Dumbarton, Scotland. The steamships Princess Victoria and Princess Charlotte, which are to be replaced by the fine new craft, will be used for relief work. It had been decided to use the Princess Charlotte in 1915 as an excursion vessel in the Alaska and northern British Columbia service out of Vancouver for the first time. The Princess Margaret and Irene are expected from the yards of their builders in February of next year.

#### MUST MANUFACTURE WITHIN THE PROVINCE

##### Quebec Places New Sort of an Embargo on Pulpwood Limits

Quebec, Que., April 22.—An important protective measure is to be taken by the Quebec government in order to oblige timber dealers to manufacture pulp and paper in the province. The minister of crown lands will sell by auction on the 14th of August next timber limits in the regions of Ottawa lakes, St. John, Rimouski, Matane, Bonaventure and Gaspé. Some limits offered have an area of over 2000 square miles. A new condition is imposed on the limit holders along Mistassibi, Ashpamouchouan, and Rat rivers, who will be obliged within two years to manufacture pulp or paper in the proportion of five tons per day for every hundred acres of limit. A similar measure will also be enacted for crown lands given as subsidies to railway companies. The exportation of pulpwood cut on these lands is prohibited, and this pulpwood will have to be converted into pulp or paper in Canada before it is exported. This new regulation is the same as the one ordered a few years ago for all crown lands.

#### THE BEST YET

##### "Judith of Bethulia" at Westholme Opera House

There are features and there are features. Some are features in name only, and others are features in fact. To the latter class certainly belongs the great four-reel feature "Judith of Bethulia," shown at the Westholme opera house last night. It is truly the best yet. The story is heroic and historical. It is a story of ancient war and violence coupled with noble sacrifice and indomitable courage. The characters of Holofernes and Judith are splendidly cast and superbly acted. The costuming and staging are absolutely true to history and tradition, and there is not a dull moment in the action from beginning to end. These pictures are both entertaining and educational. They bring home the lessons of holy writ and ancient history in a way that can not possibly be equalled by any other method. They certainly deserve a large patronage.

#### The Cradle

Born to Mr. and Mrs. Frank Ellis, of Balmoral Cannery a son, April 22nd in the Prince Rupert General Hospital.

Born to Mr. and Mrs. C. A. G. Armstrong, a daughter, at the Prince Rupert General Hospital, April 20th.

#### "GYP THE BLOOD"

Harry Horowitz, one of the four huren in the Rosenthal murder, who was electrocuted on Easter Monday morning. He was preceded to the chair by Rabbi Goldstein and held the prayer book in his right hand.

#### SPLENDID LECTURE CLOSED GOOD SEASON

##### Presbyterian Literary Society Enjoyed Excellent and Interesting Address

With the lecture by Mrs. G. A. Klover on "Scottish Music" last evening, the program of the Presbyterian Literary Society was brought to a close for the present season.

Mrs. Klover has studied her subject with a keen and sympathetic understanding of the character of the North Briton, and dealt with the whole range of Scottish music, from the weird dirges and funeral marches to the light and blithesome reels and strathspeys. She showed how the native songs of Scotland echoed the character of the people in love and hate; peace and war.

Her points were emphasized by songs and music being introduced at fitting intervals, which added variety to the evening's entertainment. Mrs. Miller, and Messrs. Steen and Calperton all lent assistance in the vocal part by rendering solos, Mr. Chalmers supplying the pianoforte music.

By all present the evening was voted a complete success, and at the close Mr. Mathieson, who occupied the chair, called on the audience to join in the singing of "Auld Lang Syne," which was heartily responded to.

As to the probability of the C. P. R. entering the coastwise trade between San Francisco and British Columbia during the Panama exposition year, there is no expression given out from any one in authority. It has, however, been persistently rumored for some time back that the big transcontinental line would handle exposition business coming west over their system by their own steamers from Vancouver to San Francisco.

**THE BANK OF BRITISH NORTH AMERICA**

The latest bank report under review is that of the Bank of British North America, submitted to the proprietors at the seventy-eight annual meeting held in London last month. The proceedings and balance sheet are printed on another page; the latter reflects a very satisfactory position and shows the continued progress of this old and progressive institution. The total profits amounted to \$689,745, and after transferring \$97,333 to reserve account, bringing it up to the substantial total of \$3,017,333, and applying \$97,333 to bank premises account, a dividend of 8% was declared; other appropriations out of profits were made for pension and insurance funds, etc., for the benefit of the staff, including a bonus of 5% on the salaries.

The bank has total assets of \$62,644,000, and total deposits of \$38,200,000. Current loans and discounts in Canada amount to \$28,696,000, while other current loans elsewhere than in Canada amount to \$7,746,000.

It is evident from the address of Mr. E. A. Hoare, the chairman, and by his lucid explanation of the balance sheet, that he has a full and intimate knowledge of the financial affairs in the Dominion. Mr. Hoare draws attention to

the new Bank act, requiring an independent audit, and points out that this is by no means a new departure for the Bank of British North America who, as long ago as 1889, voluntarily adopted this system and have continued it ever since. An interesting and unusual feature was the presence of the general manager, Mr. H. B. Mackenzie, who went to London specially to attend the meeting. His terse remarks on the conditions throughout the Dominion, and the position of the bank, are worthy of careful perusal. His address shows the careful and conservative policy adopted by the bank, during the past year of financial depression, in taking care of the requirements of the business people for the legitimate purpose of their business, and discouraging transactions of a speculative nature.

The city council is now about to sell twenty-year debentures at 85, when they could have sold fifty-year debentures a couple of months ago at 86. The chairman of finance pledged himself before a public meeting in Prince Rupert that he would not sell debentures under 90. What has happened to the virtue of that notorious alderman, or has he adopted a "cut-rate" policy all around? The citizens are surely paying the price for electing a council that refuses to protect the credit of the city.

**THE BANK OF BRITISH NORTH AMERICA**

ESTABLISHED IN 1836.

INCORPORATED BY ROYAL CHARTER IN 1840.

**SEVENTY-EIGHTH ANNUAL REPORT**

AND

**BALANCE SHEET**

Report of the Directors of the Bank of British North America, Presented to the Proprietors at Their Seventy-eighth Yearly General Meeting, on Tuesday, March 3rd, 1914.

In submitting the Report and Balance Sheet to the 29th November, 1913, the Court of Directors desire to point out to the Proprietors that the changes now introduced into the form of the Balance Sheet have been rendered necessary by the provisions of the Canadian Bank Act, 1913.

It will be seen that the profits for the Year, including \$93,446.79 brought forward from 30th November, 1912, amount to \$783,191.89, of which \$194,666.66 was appropriated to a dividend paid last October, leaving a balance of \$588,525.23, which the Directors propose to distribute as follows:—

Payable less Income Tax on the 4th April next.....	\$194,666.66
Transferring to the Reserve Fund.....	97,333.33
Bank Premises Account.....	97,333.33
And in the Payment of a Bonus of 5 per cent. to the Staff, about.....	36,500.00
Leaving a Balance to be carried forward.....	108,437.58
The above Dividend will make a distribution of 3 per cent. for the year.	
The Dividend Warrants will be remitted to the Proprietors on 3rd April next.	
Since the last Report Branches have been opened at 150 Mile House, B. C., McGregor Street and Selkirk Avenue, Winnipeg, Man., St. Catharines, Ont., and Sub-Branches at James Bay, Victoria, B. C., Kandahar, Sask., and Queen Street and Beech Avenue, Toronto, Ont.	
A Branch has been closed at Forward, Sask., and a Sub-Branch at the Union Stock Yards, West Toronto.	
The following appropriations from the Profit and Loss Account have been made for the benefit of the Staff, viz:—	
To the Officers' Widows' and Orphans' Fund.....	\$ 7,440.72
" Pension Fund.....	44,866.95
" Life Insurance Fund.....	1,946.66
These amounts are for the whole year and include those already set forth in the Statement to 31st May, 1913.	
London, 17th February, 1914.	

The seventy-eighth yearly general meeting of the proprietors was held on Tuesday, March 3rd, at the office of the Corporation, 5 Gracechurch street, E. C., Mr. E. A. Hoare presiding.

The Secretary (Mr. Jackson Dodds) having read the notice convening the meeting.

The Chairman said: Gentlemen, before commencing the business of the day allow me to say a few words on a personal matter. You all miss the familiar figure of our old friend and colleague, Richard Glyn. He was present at the last meeting, but he was then suffering from serious illness, and in the following May he died. Elected in 1866, he had been a director for no less than forty-seven years, and had given his best service to the bank. I also have to inform you with deep regret of the death of Mr. H. J. B. Kendall as recently as last week. He, too, had been a director for many years, having been elected in 1876.

You have already noticed the great

changes that have been introduced into the balance-sheet, and after reading the report you understand that they are rendered necessary by the provisions of the Canadian Bank Act, 1913. A model balance-sheet has been drawn up to which all the chartered banks must conform, and, therefore, although we may all of us prefer the simplicity of our old balance-sheet, to which you have been accustomed for so many years, we too must fall into line with all the other banks. My difficulty in addressing you today is in making an intelligent comparison of the various figures with those of the preceding year, and if I were to attempt to explain to you the exact meaning of each of the new lines you would, I am sure, be bored. There are, however, certain important items on both sides of the account to which it is necessary to refer, and I hope that I may be able to explain them to you with sufficient clearness. The capital remains the same, and to the reserve fund we add \$97,333.33

out of the profits of the year. The notes in circulation show little variation, being \$107,066.66 above the figures of 1913. The deposits at \$33,227,666.66 are \$1,221,533.33 lower. The explanation of this is to be found in the remarks that I made when I had the honour of addressing you two years ago. I then referred to a larger increase in the deposits than we are accustomed to see, but I explained that included in that total were certain special deposits which we did not expect to be permanent. That is exactly what has happened. These special deposits have been gradually withdrawn. I may also mention that banking deposits have been about stationary during the past year, owing chiefly to the favourable opportunities for investment which always accompany a long period of dear money. Bills payable is the next item calling for comment. This is a new line, and must not be confused with the item "acceptances" in the 1912 balance-sheet. The item "bills payable" includes several important accounts besides "acceptances" and the "acceptances" are in fact less than one-third of the total. In order that the comparison with 1913 may be presented to you distinctly I give the following figures: Acceptances, included in bills payable, \$2,447,933.83 (these are all drawn in the ordinary course of our exchange transactions, or against securities; acceptances under letters of credit, \$1,790,933.33; total, \$4,238,866.66. Compared with 1912, this shows a reduction of \$3,659,733.33. Our acceptances were, in fact, far below the normal, whereas, without this explanation, they would appear to you to be higher than last year. On the other side of the account you have probably been struck by the apparently wide difference in the "Coin and Bullion" of this year, and the "Cash and Specie" of 1912. The difference is accounted for chiefly by the separate line given to "Dominion Notes," which, being legal tenders, have in the past been included in the cash. "Notes of other Banks" have in the past been dealt with in the same way. There are also other amounts included in the numerous particulars given lower down, which actually represent cash. I will not weary you by describing them in detail, but I will give you the net result. Had the balance-sheet been made up as before, the "Cash and Specie at Bankers and in Hand" would have shown an increase of \$1,674,133.32. On the other hand, cash at call and short notice would have shown a decrease of \$2,073,200. Bank premises show a further increase of \$301,733.33, after appropriating \$97,333.33 for this account out of the profits of the year. The necessity for this expenditure has already been explained to you so fully that I may avoid repetition. It is, however, interesting to trace the course of the premises account during the last

NOTICE IS HEREBY GIVEN that it is intended to issue after the expiration of one month from the first publication of fresh certificates of title in the name of William B. Snodgrass for the lots mentioned lots, which certificates were dated 12th January, 1911, and 30th January, 1913, and are numbered 349 I and 350 I respectively.

H. F. MACLEOD, District Registrar.

Land Registry Office, Prince Rupert, B. C. March 18th, 1914.

**ARIO MANHOOD ASSOCIATION MONSTER PETITION OF ONT**

This petition, bearing over 9000 names, is 200 yards long. It is from the Conservative members of the Ontario Young Manhood Association, and asks the government to pass an Act in the legislature abolishing all liquor shop, bar and club licenses, and to have a plebiscite on the question before the law comes into effect. Failing this, the petitioners declared it would be their duty to forsake the Conservative and join the Liberal "Abolish-the-Bar" party in Ontario. Acting Premier Foy said the government was inclined to think that the total prohibition was somewhat premature, but promised consideration.

**THE BANK OF BRITISH NORTH AMERICA**

(Continued from Page 2)

ten years. On December 31, 1904, the premises account stood at \$876,000.00; on November 30, 1913, the premises account stood at \$1,693,600.00, an increase of \$817,600.00. In addition to this we have appropriated out of the profits during this period \$23,666.66, so that the actual expenditure on premises during the ten years has been \$1,459,266.66, which we think has been fairly divided between the present generation and posterity. An other new line amongst the assets is "Deposit in Central Gold Reserves," \$248,200.00, which I will explain later on. And now, leaving the maze of these unaccounted figures, I come to the profit and loss account. You will observe that (still in conformity with the Act) we now give the figures for the whole year, instead of for six months only, as in the past. This, I think, is an improvement, for it shows at a glance the result of the year's operations. The net profit was \$689,745.00, which compares with, in 1912, \$678,505.00, an increase of \$11,240.00. Seeing that 1912 was a year of only seven months, the result would appear to be somewhat disappointing, but it is not so really, for the earning power of the bank was better than ever. There were, however, certain items in 1913 charged against the profit and loss account that did not appear in 1912, amounting to \$77,866.66. The principal item in this loss is in anticipation of probable loss in respect of the guarantee for the Sovereign Bank; another was for depreciation in investments. With this explanation I think we may be fairly well satisfied with the results of the year's operations. You have already seen, both from the report and the balance-sheet, the proposed distribution of the profits. \$389,333.33 goes in the payment of the dividends, \$97,333.33 to the reserve fund, \$97,333.33 to the bank premises account, and \$36,500.00 in the payment of a bonus of 5 per cent. to the staff. You have, in the past, always so generously sanctioned the payment of the bonus to the staff that we are encouraged to ask you to do so once more, and we couple this request with the assurance that it is deserved, for I cannot speak too highly of the loyalty and the energy displayed by all ranks of the service in their duty to the bank. We have also made the usual appropriations for the officers' Widows' and Orphans' Fund, the Pension Fund, and the Life Insurance Fund, of which I feel confident you will approve. The Pension Fund inevitably increases with the constant growth of the staff and the retirement of the senior members, but it is impossible to over-estimate the value of it, apart altogether from the fact that it is our manifest duty to make provision for those who have spent a lifetime in the service of the bank.

In dealing with the balance-sheet it has been necessary to refer to the Bank Act of 1913. The two clauses in that Act which, in my opinion, stand out prominently, are the Compulsory Audit by independent and duly qualified auditors, who require to be nominated and elected according to a definite formula which we all have to observe. This independent audit means nothing new to this bank, for we adopted it of our own free will as long ago as 1889, and have continued it ever since. This is sufficient evidence that we consider the new regulation to be a wise one. Secondly, provision has been made for a much greater elasticity in the circulation of all the banks by the deposit of gold and Dominion notes in the "Central Gold Reserves." These "Central Gold Reserves" will be under the joint control of the Canadian Bankers' Association and the Minister of Finance and will be subject to inspection at frequent intervals by that Minister.

The banks are entitled to issue increased circulation equivalent to their deposits for the time being. This is the explanation of the \$848,200,000 under this heading to which I have just referred. We did not, as the figures of the note circulation show, exceed our authorized circulation on November 30 by more than \$9,640.86, but by making this deposit we were protected against any unexpected demands.

This new privilege affects us in no small degree, principally because it financially relieves us of an anxiety which, during recent years, has sometimes been quite disturbing lest we should exceed the limits of our authorized circulation during the autumn months when the movement of the harvest causes unavoidable expansion. It also affects us indirectly in another way. I have often explained to you at our annual meetings that owing to there being no liability on the shares of the bank under our Royal Charter, our note circulation has been limited by the Canadian Bank Acts, to 75 per cent. of the paid-up capital, and for any excess over the 75 per cent. until

by some of those who have undertaken to pay fancy prices for property in outlying subdivisions. Though underlying business conditions in Canada are healthy, it would be unwise to expect an early return to the bounding prosperity of a few years ago. No serious difficulty is expected, however—just a period of quiet and adjustment.

There is some unemployment at present, due to slackening in the building trades. This will happen periodically, and the same may be said of railway construction.

For more than a year past a severe check has been imposed by Canadian banks on all transactions not of a strictly business character. There is money for the legitimate business requirements of merchants, manufacturers, and those engaged in farming or other natural industries, but none for real estate purchases or any speculative enterprises. There is no sign of a change in this attitude on the part of the banks, and if it is continued, it will gradually uncover any weakness that exists. Time will separate the securities which represent good value and earning power from those which do not, and will bring into the light the speculators who have embarrassed themselves through real estate operations.

I will now refer very briefly to general business conditions, of which I am glad to say a quite satisfactory account can be given.

In the Maritime Provinces the crops were good except the apple crop in Nova Scotia, which was a disappointment. The lumber industry has, on the whole, had a fair year. The fisheries have been good, and the mining operations constitute a record.

In the province of Quebec the crops were satisfactory and prices good. An exception has also to be made here in the case of fruit especially apples, which were far below the average. In the lumber industry, logging conditions during the previous winter were not favorable, owing to the want of snow, and some logs did not reach the mills, but demand and prices were good, and the industry, upon the whole, had a satisfactory year.

In Ontario the crops were a good average and prices high. The lumber industry, while not so prosperous as in some former years, did fairly well, and in mining there was a good year with increased output.

In the Prairie Provinces there was an excellent crop, larger in quantity than the previous year, and of exceptionally high quality. Though prices were not quite so good as in 1912, the total value of the crop was a little ahead of that year.

In British Columbia, the crops consist principally of fruit, and were very satisfactory. Mining, taken on the whole, was prosperous, in spite of a protracted strike in the coal mines at Nanaimo. The fisheries also had a good year, 1913 being the big year on the Fraser river, which occurs once in four years; the northern canneries did not do so well, but the average result was satisfactory. The lumber trade in British Columbia is depressed, and those interested in this industry have had a poor year.

From the above brief synopsis it will be seen that, except for the lumber trade in British Columbia, conditions in the natural industries of the country may be called generally satisfactory. Manufacturers throughout the Dominion have, speaking broadly, done well, though the outlook for 1914 is hardly so good. General mercantile business has been good, though retail trade has suffered at those points where it has been stimulated during recent years by the spending of the profits so easily made in real estate and other speculations.

The action of the United States Government in removing the tariff from lumber, agricultural products, cattle and fish, is expected to stimulate trade through giving our people wider markets. One immediate effect was the shipment to the United States of large numbers of cattle, and it is felt that too many of the farmers were induced by the high prices offering to deplete their herds.

In the annual address of the chairman three years ago, reference was made to the establishment in Canada by American manufacturers of branch manufacturing plants, and the hope was expressed that this example would be followed by British firms. It is gratifying to see that since that time several British firms of the highest class have arranged to establish branch manufacturing plants in Canada. These form a welcome addition to the business community, and there seems every reason to expect that their experi-

ence will encourage others to follow. Owing probably to the reports of depression in Canada, the outlook for immigration this year is not so good, though there will no doubt be a substantial number of settlers. In this connection the fact seems often overlooked that in the Maritime Provinces and in Ontario and Quebec there are good and cheap lands awaiting settlement. The great bulk of the emigrants still go to the prairies, but steps are being taken to draw attention to the available lands in the eastern provinces.

I cannot offer any prediction as to the time when the full tide of prosperity will return to Canada, but it is well to keep in mind that general business is by no means depressed, and I may remind you that the interests of this bank are almost entirely connected with the natural industries and with manufacturing and commercial enterprises. We have no interest in company promotions, mergers, or other operations of that kind, and few advances for other than strictly business purposes. A policy of perfection in this matter is not possible, but as nearly as may be we try to confine our advances to loans to business people for the legitimate purposes of their business, and with a source of repayment in sight from liquid assets.

Before I sit down, I would like to take this opportunity of saying what a pleasure it is to myself and to the members of the staff in Canada to welcome the visiting directors who come to us from time to time. We feel especially indebted in this matter to Mr. Hoare, whose visits are always helpful and encouraging. Last year we had the pleasure of a visit from Mr. Balfour, who in the time at his disposal, managed to see an extraordinary number of branches and to inform himself regarding all the more important departments of the business. These visits are of great advantage to the bank, and I speak not only for myself, but for the whole staff, when I express the hope that they will continue to be made at least annually. (Cheers.)

The Chairman: Gentlemen, I am sure you have listened to Mr. Mackenzie's address with very great interest. I had no idea of what he was going to say. He offered me his hand, but I declined to take it. I said that I should prefer that he should come here to meet you entirely uninfluenced by any comments that I or anybody else might make on his address, and I am sure you will agree with me that that has proved to be quite the best thing that could have been done. You have heard a most valuable report on the affairs of the Dominion and of our own Bank.

Mr. E. A. Hoare moved, seconded by Mr. Frederic Lubbock, that the report and accounts be adopted, which was duly carried.

Some discussion of the Balance Sheet followed, after which Messrs. J. H. Mayne Campbell, C. W. Tomkinson and E. A. Hoare, the retiring directors, were re-elected, and Messrs. N. E. Waterhouse and F. S. Price were elected as auditors for the coming year. The proceedings then terminated with a vote of thanks to the chairman, directors and staff.

**The Accompanist**

Gene Gere, the entertainer, tells his story: "There were floods once in Johnstown. They were the most tremendous ever known in the United States. Charlie Straight and I were in them. We were stopping at a hotel in Johnstown, and the water started to rise. We were on the first floor and reckoned we were safe. The water came up inches at a time, and finally it crept up to the window sill and flowed into the room. We reckoned it was time to leave. I got a mattress off the bed and pushed it out the window and rafted myself out on to the seething waste of water. Charlie Straight accompanied me on the piano."

There are still a few good pre-emptions left on Grabam Island. We know them. Queen Charlotte Information Bureau. 871f

**A NEWSPAPER**

for Prince Rupert and Northern B.C.

The Daily News goes into nearly every home in Prince Rupert. It is the popular newspaper of the city because it is clean and reliable. It has all the news of the city, and keeps in touch with events and topics interesting to Northern British Columbia. It treats these subjects with moderate optimism and reliability.

The Daily News is the most valuable paper to advertisers because it is read by the buying public. It has a bigger circulation than any other paper in the city. It is read by the class of people the advertisers want to talk to.

## In the Letter Box

Editor Daily News:

Sir,—I would like to say a few words in reply to Ald. Morrissey in the morning paper.

He evidently maintains that the prices for barber work in this town are too high. I pay my men 60 per cent, on all work done and guarantee that they make \$22.50. Out of a 25 cent shave my portion is 10 cents and out of that I must pay rent, laundry, business, license, water for bath and barber shop, and what is left is nothing more than a fair wage.

I have been nineteen years in the British empire and have been for a number of years a citizen and voter of Canada. I am also a man of family. I have always been a believer in a high standard of living and before I would undercut my competitors I would quit the business.

Mr. Morrissey says the only equal of Mr. St. Louis as a barber is Brother Moody. Why then does he not patronize the higher priced shop? Is it that he insists on cutting labor and saving 10 cents.

Mr. Morrissey was wrong when he accused the Daily News of calling the patrons of Mr. St. Louis as "bums." This was said by a witness in court and reported by the Daily News verbatim. In conclusion I would say that I had Mr. St. Louis in my employ for a few hours and had to fire him because my patrons would not stand for him.

I would be glad to put up \$100 against an equal amount that my work is superior to that of Mr. St. Louis, and this is a chance for Mr. Morrissey to get a free shave. If Mr. Morrissey will arrange to get all the local prices equal to Vancouver's I will gladly correspond.

Yours truly,  
 C. D. EHLING.

# The House of Quality

When buying goods from Pride, Nash & Co. you always know goods are best quality and dependable, from reliable manufacturers in the leading markets of the world, at money-saving prices. Our buying capacity is such that we buy for less, therefore we can afford to sell for less.

On Friday and Saturday, when you come to buy one line of goods we here have listed, the second one of the same kind will only cost you half the price of the first.

Remember, this is for Friday and Saturday only.

Store opens every morning at 7 a. m. Closes 6:30 p. m.
