COLORADO MINE STRIKERS WAR HAS CEASED—HAZELTON DISTRICT WILL BE BIG MINING CAMP

LAKE FREIGHTER IS WRECKED CREW OF 19 LOST WITH HER

LIFE SAVERS ABANDONED SEARCH AFTER DISCOVERING THE PILOT HOUSE ON BEACH—STRUCK IN STORM

(Special to The Daily News)
Duluth, April 30.—All hope at the freighter Benjamin Noble is still afloat and the 19 men aboard are safe was abandoned by life savers after finding the pilot house of the Noble on beach. In addition to high seas, fog and snow, the Duluth light went out about the time the Noble should have entered through and she struck the point and foundered.

Duluth, April 29.—The steamship Benjamin Noble has been

lost. Twenty men have perished. The life saving crew found that they were unable to launch a boat in the high seas. No one reached shore, so far as known, from the vessel.

Anxiety is felt for five other vessels headed for this port. All were overdue yesterday. These are the Wm. H. Trusdale, Willis King, F. T. Heffelfinger, Sheldon Parks and the David Z. Norton. No word has been received of the vessels. Diligent search by wireless continued throughout the night and this morning.

HAZELTON WILL BE BIGGEST CAMP IN B.C.

Prediction of Prominent Mining Man Who Is Visiting in City

E. H. Wilson, a well known mining man of San Francisco, is in the city for a few days on a tour of gathering mining information. Mr. Wilson has been generating big silver and gold properties in Mexico and was expected to leave owing to the war. He is now spending his time looking over the mining districts of British Columbia.

Mr. Wilson visited New Hazelton a year ago, but has not been there yet this time. He has great faith in the New Hazelton district and believes it will be the biggest mining camp in British Columbia. Mr. Wilson is a practical mining man and knows the mine in all its phases. He has interests in Hazelton, so that his opinion is free from prejudice.

A concentrator is what Mr. Wilson suggests as the earliest need of that district. It would be a big portion of the heavy night charges to the smelter.

Interceded for Foreigners

Vera Cruz, April 29.—Commander Tweedie of the British cruiser Essex went to Mexico City several days ago without ostentation to intercede for the foreigners held at the capital. He has returned and has reported that his mission was successful. President Huerta, General Blanquet, the war minister, and M. Rojas, another of his advisers, assured the commander that they would release all the American prisoners. The assurance was given that these might leave by way of Puerto, Mexico, but that no escorts would be provided.

Accident at Wharf

A rather serious accident happened today at the coal pier. A tub of coal was being hoisted and tipped by striking the wharf. A man by the name of Beers was standing near and the falling coal struck him in the face. A taxi took him immediately to the hospital, where he was attended to. The injuries are not serious and he will soon recover.

G. T. P. Manager Resigns

Winnipeg, April 29.—F. W. Bergman, general manager of the Grand Trunk Pacific and Grand Trunk hotels, tendered his resignation to the corporation early last week, to take effect on May 1. The resignation, however, has gone into immediate effect, as last Friday Mr. Bergman's furniture and effects were removed from the Fort Garry hotel and shipped east, while Mr. Bergman himself has journeyed in the same direction.

HALIFAX BOXER WON AMATEUR HONORS

Bangor Irishman Was Outpointed in Every Round.—Had Many Local Admirers

(Special to The Daily News)

New York, April 30.—Joe Kelly, of Halifax, Nova Scotia, defeated Donovan of Bangor, Me., in five rounds in the finals for the heavyweight amateur boxing world's championship. The Halifax man led in every round. Donovan had many admirers in Prince Rupert as several prominent citizens are old Bangor boys.

MORE CONTRACTS FOR WORK ON P. G. E. R.

Location Surveyors Are Out North of Fort George

Vancouver, April 28.—Returning to Vancouver from Fort George and points along the route of the Pacific Great Eastern, A. E. Griffin, general superintendent of P. G. E. R., general contractor, states that sub-contracts will be let within a few days for the construction of sections between Clinton and Fort George.

He declares that the work along the line is progressing very favorably, and that it will most certainly be completed on time in the early part of next year. When he left Fort George the location surveyors for the Peace River extension north of that town had not come in. He was consequently unable to say just what work they had done.

The sections which will be let to sub-contractors shortly are about the last to be distributed by Pat Welch. About 200 miles of grade and track between Clinton and Fort George comprise the work that has as yet to be undertaken. Long before that work is completed a start will be made on the construction of the line around Howe sound. It is stated that this Howe sound section will be constructed by the general contractor. No sub-contracts will be let on that section, according to present intentions. This part of the work will be some of the most difficult railway construction on the most costly.

In places the line runs along the face of cliffs and precipitous mountains. It will literally have to be blasted out of solid rock. Nine or ten tunnels will have to be bored.

Discussing conditions in the north, Mr. Griffin said that the linking up of the Grand Trunk Pacific was resulting in a great rush to the new country. Settlers are pouring into the territory opened up by the new line. They are going in by way of Edmonton principally.

Contract for Apartment

The contracts for the McMorris apartment house to be erected at the corner of Third avenue and Eighth street were let yesterday and building is to start immediately. Mitchell & Curry have the contract for the carpentry and lumber; the plumbing was awarded to the Western Plumbing Co., the roofing to Steen & Herbert; the wiring went to Brown, and the plastering was given to Martin McGowan.

Post Holes Will Be \$2.50

At a meeting of the board of works of the city council it was decided to fix the price for digging the post holes for the power line at \$2.50 each. The city engineer was then authorized to give the work out to station gangs at that price. There are about 140 holes to dig yet to finish the line.

ONLY EIGHT BODIES SO FAR RECOVERED

Work of Rescue in Mine Disaster Is Proceeding Very Slowly

Eccles, W. Va., April 29.—Eight blackened bodies have been recovered from No. 6 shaft of the New River colliery, which was wrecked by an explosion. There are no more men in No. 6. There are 176 men buried in the No. 5 shaft. The officers of the company have expressed the opinion that there will be no escape for them. The rescue party got within 129 feet of the bottom of the passage, when they were stopped by heavy timbers. There was a heavy fill of earth there.

ATTACKED BY PAPER PULLED SENATOR'S NOSE

How a Tory Got Even With the Editor of a Nova Scotia Newspaper

Halifax, N. S., April 29.—A picturesque old English custom was revived in the legislative building when R. H. Butts, Conservative member for Cape Breton, publicly pulled Senator Dennis' nose in retaliation for a personal attack Senator Dennis' paper, the Evening Mail, made on him. The incident occurred just prior to the opening of the session of the special investigating committee into certain charges made in the Mail, which have been held to be a breach of the privileges of the house.

At a recent session Mr. Butts took occasion to refer to Senator Dennis' action on accepting responsibility for this publication as cowardly, claiming that the owner of the Mail was shielding himself behind his parliamentary position. The Evening Mail continued rather personal in reference to the attack, and when Senator Dennis entered the chamber Mr. Butts arose from his place at the table, and, grabbing the senator's nose between his fingers, tweaked it somewhat vigorously. The incident created a little stir. Friends rushed to the senator's assistance and Mr. Butts quietly resumed his seat.

LOCAL INDUSTRY IS GETTING UNDER WAY

Mr. and Mrs. R. J. Christian of the Port Edward shingle mills are in town and report splendid progress in the construction of the plant. The main building, about 40x60, is almost completed and machinery to turn out 60,000 feet per day has arrived. The output, too, can be increased if desired.

Mr. Christian is installing a 100-h. p. Pelton wheel which will be operated by the water power which even now furnishes electric power to the town. He expects to have everything in operation in the next few weeks, and there should be a ready market for their products.

SEVERAL KILLED AND WOUNDED—OFFICER OF HOSPITAL CORPS AMONG KILLED—STRIKERS SURRENDER ARMS

(Special to The Daily News)

Denver, April 30.—The toll of the Colorado strike riots is nine dead and three wounded. Eight more were killed at Forbes. An officer of the militia hospital

corps was killed at Wattenburg while attending to wounded men. Two of the enlisted men were wounded.

A truce has been declared and 650 strikers have agreed to surrender their arms to the militia.

COMPROMISE ON HOME RULE AGAIN UNDER CONSIDERATION

MOTION LOST TO HAVE JUDICIAL ENQUIRY OVER SUPPOSED ULSTER PLOT

(Special to The Daily News)

London, April 30.—A compromise on home rule seems to be nearer today than ever. There exists a strong belief in parliamentary circles that conferences between the leaders of the two great parties will shortly be resumed. Austen Chamberlain's motion for a judicial enquiry into the government's "plot" was

defeated by 344 to 264. Sir Edward Carson has accepted Hon. Winston Churchill's overtures.

DAILY EDITION

Thursday, April 30, 1914

It would seem that the council proposes to spend upon Acropolis Hill the thirty thousand dollars voted by the ratepayers for recreation grounds. Last year the city engineer reported that owing to the nature of the ground on Acropolis Hill it was doubtful if very much could be accomplished towards making suitable grounds for thirty thousand dollars, and negotiations were opened with the Grand Trunk company looking to the acquisition of a piece of ground on the flat back of Ninth avenue, between Fulton and McBride streets, as this location would lend itself more readily to improvement at much less cost.

This year nothing has been done regarding the site back of Ninth avenue.

The council should move carefully in the matter, otherwise the city might wake up to find that the thirty thousand dollars had been spent and still no suitable ground provided for sport.

What is the reason of the silence of the mayor and the chairman of the finance committee as to the sale of the city's debentures? Why is the public being kept in the dark as to what is being done? What is there to hide?

It is about time that these men get out into the open. When men elected to office on

a platform of refusing to sell debentures under 90 and almost immediately after election dispose of them at 85, the public is naturally suspicious. In the classic language of his worship the mayor, it looks as if there is a nigger in the fence.

Query: Did Smith get all that extra \$35,000? If not, who did? Perhaps our "popular" member, Mr. Clements, can tell us something about it.

The sin of omission, of which our local member, Wm. Manson, is a prototype, is responsible for many of the sins of commission of the Bowser-McBride gang.

Districts represented by professional politicians who look more to political preferment or emoluments either for themselves or their friends than to the general welfare, have to pay a special penalty, while the whole province also suffers.

Wm. Manson, our local member, did not hold any public meetings at Hazelton on his recent tour of the interior. He probably had not recovered from his Terrace experience by the time he reached Hazelton. Doubtless, too, he found the temper of the people not sufficiently congenial for the holding of a public meeting. He will learn more of the temper of the

people of Skeena within another eighteen months.

There is plenty of room for the road around the island, but there isn't any road. There is also a drill hall site, but no drill hall. At the same time there is space for an approach to the government wharf on McBride street, but there is no approach.

It would, however, be a pity to have any of these government works actually carried out. If governments carried out their promises there wouldn't be anything left at election time to get votes.

At the next fall fair to be held on Acropolis Hill the mayor and the chairman of the finance committee are going to turn a financial somersault. Having performed this feat they will dive to the bottom of the reservoir to bring up the telephone bylaw, which was submerged last January.

The worst thing about ignorance is that it doesn't know how ignorant it is.

CARNIVAL OF FUN COMING TO WESTHOLME

Friday and Saturday, fun, fast and furious, and lots of it, will reign supreme at the Westholme opera house. The first two-reel Keystone comedy ever seen here will be shown under the title "Raffles, the Gentleman Burglar." You will laugh till the tears roll down your cheeks and then some. Another comedy will follow this entitled "Mrs. Manley's Baby," and it is sure "some baby." Wait till you see it. A fine new Weekly Gazette and a one-reel feature "Success of Selfishness" will make up one of the very best bills ever shown at the Westholme.

MINING MAN BACK FROM OLD COUNTRY

R. G. Steele, Head of Hudson's Bay Mountain Company, Meets Encouragement

After several months in the old country, during which he conferred with directors of the Hudson's Bay Mountain Mining company, of which he is managing director, R. G. Steele returned to the coast and is stopping at the Hotel St. Regis, Vancouver. His company determined on a program of extensive development of their eight claims on Hudson's Bay mountain. Considerable work has already been done and this is to be greatly extended so as to open up the mine in shape to carry on extensive work in the future. In London, Mr. Steele said, there seems to be very few British Columbia mining propositions under consideration, though there is a great deal of interest in Canadian mining, particularly in the Porcupine region. Within a few weeks Mr. Steele expects a new manager for operations at the mine to arrive, an English engineer of thorough mining knowledge.

Mr. Steele also gave out the information that he has interested New York money in Silver Island, a large and rich island in Babine lake, and sixty tons of ore are to be sent to either the Trail or Tacoma smelters as a trial shipment. The mineral showing on this island is immense, Mr. Steele says, and from the fact that the ore goes high in silver values, the island has been given the name it bears. Mr. Steele is very optimistic over the mining outlook, particularly in the New Hazelton district, where a great deal of work is going on and indications are that it will become another Coeur d'Alene.

ODE TO THE C. N. R.

(By a Local Business Man.)

From east to west the railroad ran
The C. N. R. (the Bill and Dan),
Each province helped to fill the pan
With bonus strong;
And Borden's fifteen million yen
Helped things along

Alberta's golden wheat fields wide,
Saskatchewan, the farmer's pride,
And Manitoba's beef and hide
Were there with bells,
To build a road on which to ride
O'er hills and dells.

But Bowser bold and Dick McBride
Beat all the others in their stride,
And gave the whole of B. C. wide
To Bill and Dan;
And added in the ocean tide
To lead the van.

Vancouver Island's wealth untold,
The coal, the fisheries and gold,
There's nothing but the heat and cold
They overlooked;
To make complete the story told,
We're badly hooked.

The coat of arms for this great road
Should be a milk can, for its load
Would be the pure cream of a mode,
Because, you see,
The skim milk back to town is towed
For you and me.

Still once again at Borden's door
With hat in hand the needy poor
Requesting forty millions more,
Alas, alas!
And millions still we'll have to pour
To lay the track.

No, no, we've reached the end at last,
Our follies are behind us east,
We'll nail our colors to the mast.
To Bill and Dan
With cord that's good and stout and fast
We'll tie a can.

It is reported that Frank Barrieau and Bud Anderson will meet in a 15-round contest at the Steveston arena on May 25.

Dave Gibbons, the clever goalkeeper of the Vancouver Athletics, has accepted terms from the Toronto lacrosse club and will leave this week for the Queen City. His season's salary will be \$1,200.

Dr. G. A. B. Hall has been elected president of the Victoria amateur lacrosse club. He is quite enthusiastic over the club's chances of winning the Mann cup.

It took Liverpool 22 years to reach the final stage of the English football cup. In 1897 they reached the semi-final, but Aston Villa knocked them out. This year they returned the compliment by beating the Villas in the semi-final.

Joe Jeannette is busy knocking out all the black Johnsons he can find. The only thing troubling him is that he can't find the right one. He has now beaten two Jims, one John, one Charles, two Battlings and one Andrew. He had seven bouts with the

right Johnson before Jack Johnson became champion—none since.

Scottish league results are as follows: Third Lanark 0, Aberdeen 0; Airdrieonians 4, Hibernians 3; St. Mirren 1, Ayr United 1; Celtic 1, Partick Thistle 1; Clyde 3, Morton 0; Hamilton Academicals, postponed; Dumbarton-Dundee, postponed; Falkirk Rangers 3, Heart of Midlothian 2; Kilmarnock 3, Motherwell 0.

The final for the English football cup, played at the Crystal Palace last Saturday, drew a crowd of 100,000 people. The international, Scotland vs. England, a couple of weeks ago in Scotland, drew 136,000 people. When it comes to a football turnout you've got to "take it off" to Glasgow.

Casey, 1914 Model

The score that day was even, with a flock of men on base, and then came mighty Casey with a smile upon his face. And as he was preparing for a healthy three-base hit, he stepped a gent who carried an injunction in his mitt.

Oh, somewhere in this favored land the players pined the pill. But in the park at Mudville all is silent now and still. Oh, somewhere magnates gather half the money that is coined. But there's no game in Mudville—mighty Casey's been enjoined.

Royal Standard Scones

"I JUST Love the Feel of Royal Standard"

said one enthusiast who was elbow deep in her first recipe made with this famous flour.

ROYAL STANDARD "feels good" because it is sifted ever so fine at the mill, over and over again and finally passed through a silken screen emerging "smooth as velvet," "fine as silk."

ROYAL STANDARD will impart to scones, cakes or bread a silky, velvety feel that is as delightful to the touch as it is to the palate.

Say "ROYAL STANDARD" to your grocer and watch your baking improve.

A wire from Victoria states that a court of assize will be held in Prince Rupert about the end of May. Prince Rupert is not on the regular list yet, and courts are arranged here to suit the convenience of the judges. The exact date has not been set yet.

The baseball club is in receipt of a wire from New Hazelton asking them to send a representative to a meeting there for the purpose of organizing a northern British Columbia baseball league. The boys here are in doubt as to whether they will be able to join, as they cannot have any matches until the new grounds are ready, and the work has not yet started.

Poole & Dean, contractors on the steel work at the dry dock, are arranging to put on an extra gang to rush the construction of the steel frame work of the machine shop and other buildings. About 25 per cent of the steel work in the big ship shed is now erected.

The planks on several of the main streets of the city are in a bad condition. In many places there are large holes which are dangerous to pedestrians and teams. The repairs should be hastened along.

"The Good Little Devil" last night at the Empress was all that was predicted for it. The pictures were splendid and the plot was interesting throughout. In spite of a very wet night a good attendance witnessed the pictures.

The first of a series of matches for the Moore Bridge shield between the Prince Rupert and Wanderers' clubs will be held this evening. There will be five teams from each club.

Whaling Station Open

Mr. Picketts of Naden Harbor cannery was in the city today on business. He expects to start mild curing spring salmon in a few days. The springs are not running much yet, but there will be lots of them in a couple of weeks.

The Naden Harbor whaling station opened a couple of weeks ago and two whales were caught up to Monday. Only one whaling boat is operating as yet. One whale weighing 80 tons had to be towed 90 miles.
