CARRANZA CUT OUT OF PEACE NEGOTIATIONS -- CITY COUNCIL OPPOSED ORIENTAL LABOR

CITY CANNOT PROHIBIT EMPLOYMENT CHINESE LABOR

SOLICITOR GIVES WRITTEN OPINION TO COUNCIL ON QUESTION—ALD. MONTGOMERY ANNOYED

According to the city solicitor the city cannot regulate residents operating under trade licenses or prohibit them from Oriental labor.

Communication to that effect was read in the city council last evening. The city solicitor said further that he was not prepared to express an opinion as to whether the city could or could not legally prohibit Chinese labor in licensed places as they are now doing. The city has no power to refuse a license, which is for a term only.

Ald. Montgomery was annoyed by the letter. He said if the city had been asked to delve deep into the question on behalf of the hotel men he could have made out a better case for them. The question of the rights to prohibit Oriental labor had not been raised since 1907, and he could not understand why the city solicitor had presented this communication. Usually he was opposed to Oriental labor and wanted a test case in the council.

Ald. Kerr explained that he had raised the question in the license commissioners' meeting. Prince Rupert is the first city to prohibit Oriental labor in hotels, and he wanted to lead in prohibiting these in restaurants. Ald. Maitland said the Chinese were coming in fast and advised the council not to patronize restaurants where Chinese are employed.

The council goes on record as opposed to the employment of Orientals in licensed places.

Ald. Basso-Bert—Of course it is understood this vote means nothing. The motion passed.

MONSTER DOUBLE FEATURE BILL

At Westholme Theatre Wednesday and Thursday

Tomorrow night the strongest program of moving pictures yet presented at the Westholme opera house will be shown, including two great features either one of which is well worth the price of admission. The first is a five-reel war picture "The Battle of Gettysburg." This picture was made on historic ground and shows every important action in this great battle in full detail. Following this a two-reel Keystone comedy, "Zuzu the Band Leader" will be shown. This is the funniest of all the Keystones and has made a tremendous hit everywhere. Owing to the great length of the program the first performance will begin at 7:15 sharp and the second at 9:15.

LOYD GEORGE SUGGESTS NEW FORMS OF TAXATION

READJUST TAXATION WITH MUNICIPALITIES INJURED BY IMPERIAL TAXATION—RATE OF TAXATION IS TO BE RAISED ON UNEARNED INCOMES

(Special to The Daily News)
London, May 5.—Lloyd George in his budget speech referred to a deficit of \$2,665,000, which he said new taxation inevitable. In addition the government has decided to help some municipalities which are facing bankruptcy. This compels a readjustment of imperial and local taxation, which means an additional ex-

penditure by the exchequer which with these and other proposals will entail an expenditure of \$21,090,000. For this additional revenue it is proposed to revise the income tax and the existing tax on earned incomes under \$5,500 and above \$5,500 the rate will be increased so that the rate on unearned incomes will be raised to 16.

LONG SESSION YET BEFORE THE HOUSE

On Request of Sir Wilfrid Laurier, Premier Outlines Work of Session Remaining

(Special to The Daily News)
Ottawa, May 2.—A discussion exceedingly varied on a large number of private bills disposed of the premier on the request of Sir Wilfrid Laurier to outline a program for the session yet to be undertaken. From a list of ten measures enumerated by Mr. Borden the evidences are that the session will last much longer than contemplated. Mr. White put through a resolution regarding the rebate on pig iron for manufacture in Canada.

Wants Roadway Rebuilt
W. S. Fisher, representing the Rand estate, asked for the reconstruction of the roadway at the corner of Fulton and Sixth avenue in order to reduce the sharp turn there. The cost will be in the neighborhood of \$600. His property offered to pay pro rata tax. The question was left by the city council to the board of works committee.

Protest Against Change Grade
Jesse G. Scott, representing the Scott estate and owner of property on Fulton street, has protested to the city council on the proposed lowering of the Fulton street grade to make a union with the extension of Fifth street. The communication was referred to the board of works.

Alderman Wants It Cut Out
Ed. N. Clark put his walk around the world proposition in a lengthy communication before the city council last evening. He wants \$500 and an outfit. The finance committee recommended no action, which led Ald. Kerr to remark that while he believed in advertising sometimes, he thought it was time to cut out the kind of stuff peddled to the council in the communications.

CONSTITUTIONALISTS ARE NOT CONSIDERED

Invitation to Take Part in Negotiations Withdrawn—Refuse to Consider Armistice

Washington, May 5.—Carranza and the constitutionalists are practically eliminated from the proceedings of the South American envoys. The mediators announced that in view of the refusal to agree to an armistice with Huerta, the invitation to send a representative to participate in the negotiations is withdrawn.

Waterworks Extensions
The board of works recommended to the city council the laying of a 10-inch water main in section two to Seventeenth street at a cost of \$14,000; a 6-inch main on Sixth avenue from Hays Cove avenue to Donald street at a cost of \$3,500, and a 6-inch main on Seventh avenue from Donald street to Jeffery at a cost of \$6,500. The report was adopted.

Extend Light and Telephones
The city council has authorized the light and telephone departments to proceed with extensions to the systems. The estimate of the light extensions is \$10,189 and of the telephone system \$34,709.

Tenders for Directory
Tenders for printing the city telephone directory were received from The News Job, Rank Press, A. O. Franks, McRae Bros. and the Journal. The first four asked \$4 per page and the Journal asked \$109 for 1500 copies. The telephone committee will consider the tenders.

Tenders for Pipe
Tenders for furnishing galvanized iron pipe have been received by the city council from Smith & Mallett, Wm. Grant, the Thompson Hardware, Fred Stork, Western Plumbing, Howe & McNulty and Kaien Hardware Co. The board of works will make the award.

15 PER CENT LIGHT AREA CLAUSE OBJECTED TO

Property Owner Wants the City Building Bylaw Amended

R. J. Abbott anticipates building a three-storey rooming house on the corner of First avenue and Ninth street, and objects to the building bylaw which requires him to give up 15 per cent of his lot to a light area.

He sent a communication to the city council last evening asking a suspension of this clause of the bylaw.

The city engineer, in reply to an enquiry from Ald. McClymont, stated that the bylaw was similar to that used in Seattle and Vancouver, and that other buildings of a similar nature were being erected in compliance with the provisions of the bylaw.

Ald. Morrissey said he had objected to this clause of the bylaw when it had been put through two years ago, and felt like complying with Mr. Abbott's request.

Ald. Montgomery did not remember what Ald. Morrissey's attitude had been at that time, but as he had objected to everything at that time his statement was probably correct. He considered it a serious thing to alter the bylaw and suggested a motion leaving it to a committee of the board of works, the city engineer and fire chief.

Ald. Basso-Bert thought the percentage of light area might be reduced, particularly where the buildings were only of a temporary nature.

The committee as suggested was named to report at the next meeting.

COUNTY COURT CASES

Judge Young disposed of the county court docket yesterday.

Sabouf vs. Lucas will be heard Friday.

Northern Interior Land Co. vs. Jos. Kising for \$245 due on a lot was heard and judgment reserved.

Erickson et al. vs. Gleason will be heard May 11.

Shelton vs. Bostrom will be heard on a date to be fixed.

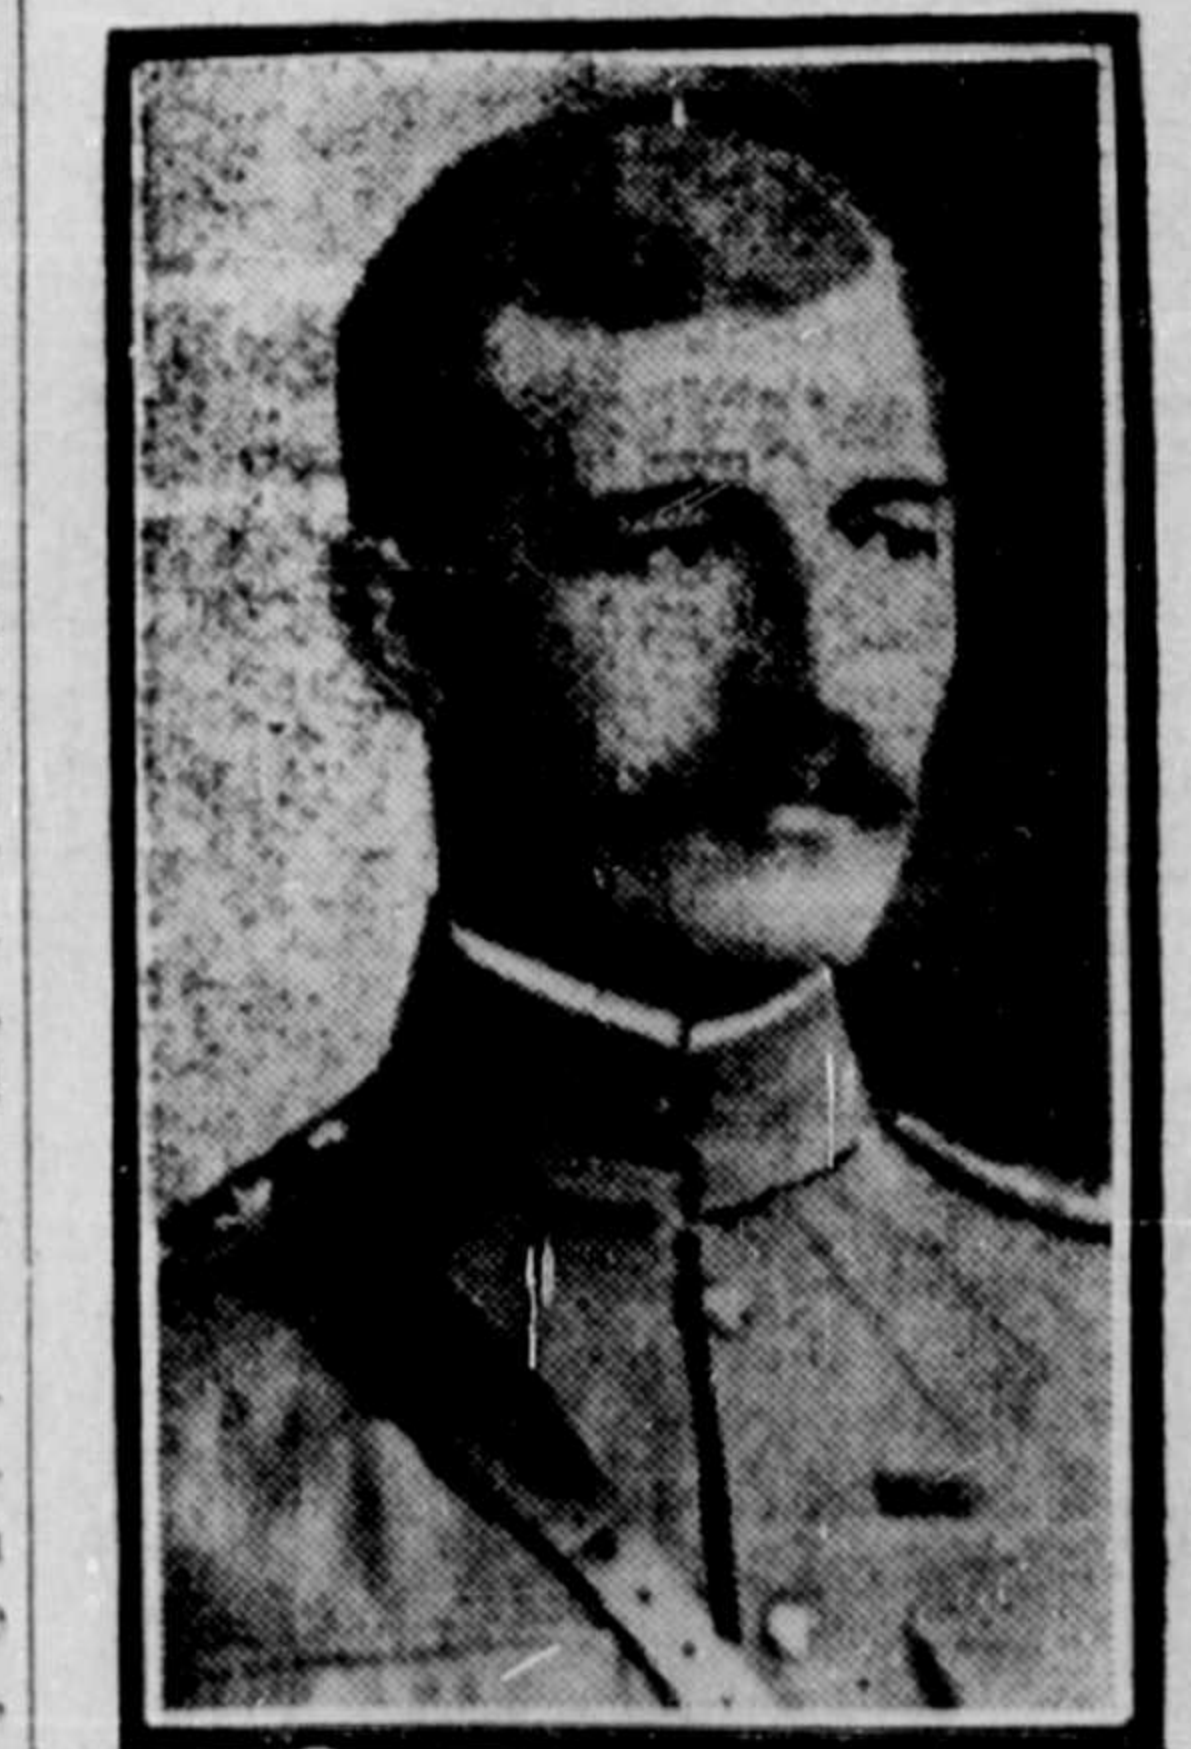

N. I. Land Co. vs. Emma Houston stands over.

Turner et al. vs. Morgan et al. stands over.

Agnew vs. Tapley stands over and may be transferred to Vancouver.

BURNING STEAMER AFLOAT WITH NO EVIDENCE OF LIFE

BURNING FROM STEM TO STERN—IDENTITY NOT KNOWN—STEAMER MAKING DISCOVERY COULD DO NOTHING

(Special to The Daily News)
Halifax, May 5.—An unidentified steamer, afire from stem to stern, with no signs of life aboard, was discovered 300 miles south of Cape Race by the steamship Seydlitz. The position given

was latitude 41.27, longitude 51.07. The Seydlitz called for aid and Olympic responded. The Seydlitz circled the burning vessel, but the smoke hung so heavily that the name was not distinguished.

NEW PLANING MILLS NEARING COMPLETION

Will Be Complete and Modern in Every Detail—Large, Well-lighted Building

The Eilers planing mill near Cow bay is rapidly approaching completion and will be an up-to-date plant. The building is 100x100 feet, two storeys and a full basement. It is situated on a corner and is so arranged as to allow the very best of lighting.

All the modern machinery for sash and door making, etc., is being installed and will be complete in every detail. There is also a modern drying room being put in which will insure stock being properly seasoned.

The manager in charge is Mr. J. C. Eilers, and he is to be congratulated on adding such a fine plant to the industries of the city.

DAILY EDITION  Tuesday, May 5, 1914

The Sunday issue of the morning paper contains a report that one of the New Hazelton bank robbers is likely to die as the result of the frightful wound which he received the morning of the bank robbery. This is the same man who in an unconscious state was arrested, according to the same paper, singlehanded and with consummate courage by a provincial policeman.

Partisan newspapers can be of great service both to their own party and to the public generally by timely suggestion and criticism regarding party acts that are indefensible. Those newspapers which excuse every act of their party, however ill advised, render a very doubtful party service, while they seriously injure the cause of good government.

From the time that this city was compelled to buy all the old junk remaining after the fire at the Seal Cove sawmill, it has got nothing but the worst of it from the McBride administration. Indeed, the nefarious designs of the McBride administration began long before the city was compelled to buy this junk from Bowser's friends, Wilson et al. None of the water powers or water supplies were reserved for the city, yet the govern-

ment has since received the endorsement of the people through the people being gullible enough to believe a lot of slippery promises, the fulfillment of which is always in the future.

When times were flourishing through the influx of an enormous amount of outside capital, the people paid little attention to the warnings addressed to them as to the iniquities practised by the provincial government.

It is different today. The people have a breathing spell to rest and think. They see very clearly what is being done to them instead of for them. A promise of delivery won't go any longer. The people have been done and they know it, and at the next election the unfaithful stewards will receive their deserts.

A good many weeks have gone by but the comptroller of water rights at Victoria does not yet seem to have made up his mind to "do the right thing" by granting the application of the city for the Wark channel water. It seems that "doing the right thing" down in Victoria is doing the people. Perhaps our friend, the local member, has the matter in consideration. If so, we may expect it to remain there.

If the city administration of

last year were in control of affairs today things would be moving along differently. A flotation of city debentures would have been made which would have provided the city with new money to the amount of approximately a million and a half dollars. This would mean that necessary public works would now be under construction, while the working men and business men of the city would receive the benefit of the expenditures which would be particularly beneficial at this time pending the establishment of a through service on the Grand Trunk. As it is now, things are moving along in a hand to mouth fashion, with a dib here and a dab there, instead of on a well rounded and carefully thought out plan.

BELIEVES CANADA'S FAITH IS JUSTIFIED

Expression of Student of Problems of the British Empire

Lord Emmott, under secretary of state for the colonies, in writing impressions of an empire tour, says of Canada: "Canada, for instance, profoundly attached as I believe her to be to the imperial connection, is rather irritated at the idea that she borrows much from her powerful neighbor on the south. At the same time the combined effects of her exhilarating climate and of her great intercourse with the United States does certainly exercise a large influence, consciously or unconsciously, on her people. They are alert vigorous, energetic, go-ahead, buoyant, sanguine, and certain of future prosperity. And the west differs from the east. There is a sense of expectancy of a great future which you feel everywhere when you are west of the great lakes. The cry on every hand is "Send us more people." We have vast territories and are impatient to develop them. What matter if your population in the old country decreases so long as the people who leave you come to Canada? Are we not part of the same great empire? You are too crowded and our population too sparse. Send us more, more, more."

"On the whole, I think Canada is justified in her sanguine outlook. Land speculation may have been overdone. Land values are certainly very high. Mr. Foster told me the other day that land values in the centre of Montreal are as high as in the centre of London; and I was astonished at the prices asked for

Pie-eating Contest
 (Smithers Tribune)
 A pie-eating contest was one of the most amusing incidents of the whole evening. Five nice, juicy blueberry pies were laid out for as many contestants, each of whom were to consume their pie without the aid of their hands. Two of the contestants, Messrs. Noel and Hetherington, had specially prepared themselves for this event, but lost out owing to continual skidding when their glossy pates came into contact with a soft spot. Mr. O'Neill won the contest by the length of two eyebrows.

To the boy
Outside the door
Of Dick McBride's office,
And asked the boy,
To ask the secretary,
To ask Dick,
To help,
And Dick smiled,
And said he'd give it
Serious consideration.
And Bill came back,
And told Joe,
And Joe went down,
And walked in on Dick,
And told him
To get busy,
And Dick smiled,
And sent a man
To look over the ground,
And Joe and Nels
Said the work would start
Immediately,
And some time passed,
And Bill wrote a letter,
And Joe wrote a letter,
And a man came,

And looked over the ground.
And Joe and Nels
Said the work would start
Immediately.
Some more time passed,
And Joe went to Victoria,
And came back,
And told the press
They would start
Immediately.
And some time passed,
And a man came,
From Victoria,
And looked over the ground.
And Joe and Nels cheered,
And Sam encored,
And said he was
The architect.
And then some more
Time passed,
And everybody wrote,
and the Grits jeered,
And said,
Remember the wharf.
And everybody
Smiled,
And two men came,

From Victoria,
To look over the ground.
They're here now.

ENGINEER EXAMINED HARRIS BROS. MINES

(Omineca Herald)

J. T. Vaughan-Rhys of Prince Rupert arrived in town Monday night and on Tuesday morning went up to the Harris mines to examine the property and make a report to some Vancouver capitalists who are contemplating an investment in the Harris mines. Mr. Vaughan-Rhys will return to town today and report at once to his principals.

Mr. Vaughan-Rhys anticipates spending the most of the season here and Prince Rupert and before he returns to the coast he intends to renew his acquaintance with the various trails in the district to facilitate his work later on. Mining, he says, is the main industry this year and New Hazelton is the big centre for all new operations.

MEXICAN ARMY NEAR VERA CRUZ VERY HOSTILE

(Special to The Daily News)

Washington, May 4.—Despatches from Brigadier-general Funston on the situation at Cruz was the subject of a long conference in the war department last night between Secretary Garrison and Major-general Wotherspoon, chief of staff of the army. It is said that General Funston asked for instructions in view of the hostile attitude of the Mexican army near that city.

A NEWSPAPER

for Prince Rupert and Northern B.C.

The Daily News goes into nearly every home in Prince Rupert. It is the popular newspaper of the city because it is clean and reliable. It has all the news of the city, and keeps in touch with events and topics interesting to Northern British Columbia. It treats these subjects with moderate optimism and reliability.

The Daily News is the most valuable paper to advertisers because it is read by the buying public. It has a bigger circulation than any other paper in the city. It is read by the class of people the advertisers want to talk to.

Royal Standard Boston Browns

"BETTY Brown visits a Boston lady and is given above recipe

She was greeted with: "I have been trying those recipes you have published in The Daily News. They're splendid! And look, I have cut out every one and pasted them in my recipe book. Won't you please publish this favorite receipt of mine, although I warn you that Boston Browns made with ROYAL STANDARD vanish at our table in a trice. So tell them to make plenty."

Betty Brown asks you all to try this recipe today—"the ROYAL STANDARD way."

F. G. DAWSON, Wholesale Distributor, PRINCE RUPERT

No. 7—Cut out and paste in your recipe book.

One cup butter, 1 1/2 cups brown sugar, 3 eggs, 3 cups Royal Standard, 1 teaspoonful cinnamon, 1 cup chopped walnuts, 1/2 cup raisins, 1/2 cup currants, 1 dessert spoon soda dissolved in 1 1/2 table-spoons water. Mix butter and sugar together, then add eggs well beaten; add the fruit and nuts well floured; add soda. Lastly drop from teaspoon on well-buttered pans.

BETTY BROWN.

The Princess Mary went south at 3 p. m. yesterday. Among the passengers from here was A. Cox, provincial architect.

The Princess Ena, after unloading lumber and coal here, left this morning for Skeena ports to discharge cannery supplies.

Mr. Ray of Vancouver is in the city and intends opening a produce market in the building on Fifth street which was formerly used as a planing mill.

L. S. Bell of the G. T. P. motive department and Harry Hoffman, merchant, have been appointed government members of the hospital board.

The Princess Ena brought in a big crude oil engine for J. S. Johnson, which will be installed in the new towboat now being fitted out at Cow bay. The engine came from Norway and is the most economical power producer known.

Among the passengers south-bound by the Prince Rupert yesterday morning was A. J. Burroughs of the Prince Rupert Lumber company, who will go as far as Seattle and Portland in connection with his lumber and cedar pole business. Upon his return about the middle of the month he expects to be accompanied by Mrs. Burroughs and their little daughter, Miss Muriel. They will reside on Fifth avenue. Master Paul Burroughs will join his parents here a little later. Mrs. Burroughs and the children will remain during the summer. They have been residing in Seattle, where the eldest son, Arthur S. Burroughs, is at the head of two departments in Spelger & Hurlburt's large department store.
