GENERAL M. P. MOVES SIX MONTHS' HOIST TO C. N. R. BILL—VOTE WILL BE TAKEN IN FEW DAYS

(Special to The Daily News)
Ottawa, May 15.—E. M. MacDonald of Pictou moved that the redistribution bill be considered six months hence. The vote on Mr. MacDonald's motion will be taken next Tuesday and was hoped at the last meeting of the redistribution committee to settle the details of the changes in ridings when they meet Monday. The difficulties which arose chiefly over Ontario are about cleared up and it is expected that an early settlement will be arrived at.

CHANGE IN PRINCE RUPERT

Prominent Exponents of New Dances at Westholme

Undoubtedly the greatest craze of the present age, the famous tango dance, after having invaded every civilized country on the globe, is to make its debut in Prince Rupert on Wednesday evening at the Westholme opera house. Mrs. Lester, principal of the well known M. Lester dancing academy, corner of Millville and Davie streets, Vancouver, and her dancing partner, Mr. Chas. Ransford, will appear nightly for one week commencing May 20 in a series of tango dances, including the tango, hesitation, flirtation, sympathy, one-step, Spang dance, and the famous paragonette. Two dances will be given at each performance and a new dance will be introduced each night. Mrs. Lester and Mr. Ransford are artists with an established reputation, having given exhibitions of the tango in Vancouver, Victoria and other cities to the south with great success. The ladies of Prince Rupert will be interested in the beautiful gowns worn by Mrs. Lester, who makes complete change at each performance. A new class is being formed by Mrs. Lester and many applications have been already received. Many more will no doubt come, as this is an unusual opportunity for lovers of the tango to learn the new steps from an expert teacher. A regular moving picture program will be shown in connection with the dances and some long features are promised during this engagement, among which will be the "Mutual Girl" which begins next Friday. Details about which more will be announced later.

Popular Resort Opening

Knott & Hamilton are today opening in a line that will prove popular in this city. Besides their old branch they have opened up in the Albert block, at the Bank of Montreal, a beatness and light lunch parlor. The fittings are most up-to-date and accommodations are being put in to make it a popular resort. They are putting in a soda water fountain and will cater to all the delicate tastes in the city.

IMPERSONATED POLICE NOW SOJOURNING IN JAIL

G. W. Chalmers has an eye for a manly form and a taste for fiction with fight and romance in it. As a sequel to the cultivation of these characteristics he wants to be a policeman. However, he did not make application in the usual way. His idea is to leap to heights that were made to climb. He was going to be a plain clothes man without ever having done duty on a beat. Recently several residents of Comox avenue have been talking about a plain clothes policeman who has been officiating in that district. Yesterday the mysterious detective offered to find some lost articles for a five dollar tip. The regular police got wind of it and as a result Private Police Officer Chalmers was taken into the police cells to get a little local color on the indoor life of a bull. He appeared before the Magistrate this morning and was granted the option of \$15 or 15 days. Having no money he took the days.

Will Not Report this Year

Ottawa, May 15.—It is practically certain that the special committee of the House named to enquire into the matter of electoral corruption will not make a report until the next session of parliament. This was the view taken by the committee which held a meeting this morning. There are still a number of phases of the question to be considered by the committee, hence the decision to defer action.

No Orientals

When the whistle blew at Port Moody this week for a resumption of operation at the mill operated by the Canadian Pacific Lumber Company more than 200 white men responded. Not a Celestial was to be seen. The company is inaugurating a new policy, that of giving employment in its plant to white laborers.

C. R. Gilbert of the firm of Mahon, McFarlane & Procter, Vancouver, came in on the Prince George this morning. He is a joint owner in a tract of land at Lakelse and went up to see the property today. Mr. Gilbert has not been in Prince Rupert for three years and was surprised to see the improvements made during his absence.

CARSON TO MARRY HOME RULER'S NIECE

London, May 12.—Sir Edward Carson was in the House of Commons today. His approaching marriage to a niece of Moreton Frewen, a former Cork O'Brien member and a cousin of Winston Churchill, has upset his Ulster colleagues and supporters, as they can not reconcile the threats of civil war and marriage bells. Moreton Frewen is a heavy investor in Prince Rupert property.

THREE LIVES FOR ONE ORDER MEXICAN BANDIT

Quevedo to Have His Revenge on Americans

Juarez, May 15.—Three American lives are the price that will be collected by General Rodrigo Quevedo for every bandit in his command killed by Constitutional soldiers, according to a defi from Quevedo today. Quevedo said he would kill Americans at the ratio of three to one for his own losses in revenge for the action of the big Northern Chihuahua Cattle Company, owned by Americans, which had demanded protection of the Constitutionalists. As a result of that representation a force of constitutionalist cavalry was sent out from Juarez, which has been in pursuit of the bandits and has killed several of them in a running fight.

THE ROYAL PLAYERS LIKE NORTHERN SCENERY

The Royal players, who have a week's engagement at the Empress theatre, came in on this morning's boat. The head of the company, Mr. Charles E. Royal, is particularly pleased with the trip up the coast. This is his first trip into northern waters, and it is hardly necessary to say that it will not be his last. They will be seen to advantage tonight in "The Lion and the Mouse."

PRINCE RUPERT IS A GREAT HALIBUT PORT

Half a Million Pounds Received Yesterday and Today--Fishermen Make Money--Merchants Sell Supplies

That Prince Rupert is destined to be the great fish port of the Pacific is growing more apparent every day. Fresh halibut is coming in at the rate of \$5,000 to \$10,000 worth daily, and that means money for the fishermen and business for the merchants. Yesterday The News reported the arrival of 300,000 pounds of halibut, which at the prevailing price is worth \$10,000. Of this amount over \$3,000 is handed

out to the fishermen. Independent fishermen who brought in over 40,000 pounds got 34c per pound for their catch. Today the Foster of the Gold Storage Co. fleet arrived with 160,000 pounds, being out on a very short trip. At one of the fishing docks yesterday The News man overheard some orders for supplies being phoned to local merchants. "That makes \$600 worth of

orders we have sent in today," said the office man. There are now some thirty independent fishing boats fishing out of Prince Rupert. This in the next few years with a good fishing policy should be raised to thousands, and at this season of the year there should be a trainload of fish going out daily. Several other boats of the local company's fleet are expected in tonight or tomorrow.

Big U. S. Naval Bill

Washington, May 15.—The Naval Appropriation Bill was reported to the Senate today by the naval affairs committee with an increase of \$1,182,000 over the bill as it left the house. In all, the bill carries \$140,990,833 or \$3,500,000 less than the estimates for the coming year. Exemption from tolls on battleships of all nations passing through the Panama Canal on the occasion of the celebration of its opening is provided in the bill.

Horse Troughs Eliminated

Philadelphia, May 15th.—Following its ban on the common drinking cup for human beings the board of health here today forbid the use of common drinking troughs for animals. The State Livestock Board declared the glanders and other diseases were being spread by the common troughs.

Monte Label Arrives

Monte Label, who is to meet Rough House Charlie Burns in a boxing contest here on May 25, arrived on the Prince George today. He will go into training immediately, starting tonight at 8 o'clock in the Windsor hotel. Burns will arrive on Monday.

The Masons of Vancouver and other southern cities have chartered the C. P. R. steamer Princess Alice to run a special trip to Prince Rupert for the Masonic grand lodge meeting here commencing June 16.

The visitors will sleep aboard the steamer, which will remain here for three days. The local Masons are making great preparations for the entertainment of the visitors.

OIL GUSHER NEAR CALGARY CITY JUBILANT OVER STRIKE

ESTIMATED TO FLOW 200 BARRELS EVERY TWENTY-FOUR HOURS—ALSO LARGE FLOW OF NATURAL GAS

(Special to The Daily News)
Calgary, May 15.—This city is jubilant over the strike in an oil well near Calgary by the Petroleum Products Co. The president of the Calgary Industrial bureau

credits that it will produce from 150 to 200 barrels each 24 hours. The oil on analysis shows 62 beame gravity. In addition to oil, the gas output is estimated at two million cubic feet.

GASOLINE BLEW UP WITH FATAL RESULTS

Ten Met Death and Plant of Rubber Company Was Wrecked

Detroit, May 15.—Ten were killed and three injured by an explosion which blew the plant of the Mexican Crude Rubber company to pieces today. Most of the victims who were killed were mechanics. One body was blown through a building. Three others were burned beyond recognition. It is believed that gasoline was the cause of the explosion.

SAMOVAR TEA ROOMS

Business Men's Lunch Promises to Be Popular Feature

One of the newest downtown attractions is the Samovar tea rooms, which were opened today by Miss Gleason. They are located in the McCaffery block on Fourth street. The appointments of the rooms are comfortable, homelike and in good taste, and the many patrons who partook of the business men's lunch, which is one of the special daily features, appreciated the menu and the service. This noontime lunch promises to be very popular. Afternoon tea with light lunches will be served every day and special catering is done for after theatre parties. A private room is arranged for these.

Dr. McIntyre Back.

Dr. McIntyre, an old resident and ex-alderman of Prince Rupert, came in on the Prince George this morning from Los Angeles and is being welcomed by many old friends. The doctor is a big property owner here and intends remaining some time in the city. Prince Rupert always looks good to him and he still believes it to be the best city on the coast.

"THE LION AND THE MOUSE" AT EMPRESS TONIGHT

The largest dramatic company that has ever visited Prince Rupert arrived today on the steamship Prince George, as Mr. Royal has fourteen in his company, who open their engagement of one week tonight in the celebrated Kline play "The Lion and the Mouse." The dramatic situations in this play give scope to the actor and actress alike, and incidentally it is a play that should be left severely alone if the leading characters are not equal to handling the parts of "The Lion and the Mouse" respectively, for there are few modern plays that demand the dramatic talent and emotional qualities that this play does; several of the great critics having likened it unto the character of Portia in "The Merchant of Venice." Tonight the city of Prince Rupert will endorse her sister city Victoria in saying that no greater piece of emotional acting has ever been witnessed than that of Miss Edythe Elliott in this character, and several who have witnessed the production of the Royal players in Victoria cannot eulogize too strongly when speaking of this wonderful actress. No greater ovation has ever been received than Miss Elliott did in the Victoria theatre on the opening night of "The Lion and the Mouse."

Women Burned to Death

Yuma, Ariz., May 15.—Three women were burned to death early today in a fire which destroyed the Hotel Imperial. After the flames had been subdued the bodies of Miss Naomi Strong and Miss Genevieve Brown, schoolteachers and Miss Brown's mother, were found together where the head of the stairway had been. The loss was \$8,000, partially covered by insurance.

DAILY EDITION Saturday, May 16, 1914

It cannot be charged that the opposition to the C. N. R. policy at Ottawa is purely a party affair.

It would be an unheard of thing for a financially embarrassed individual to secure a loan on the terms offered to the C. N. R.

The independent stand taken by Mr. R. B. Bennett, of Calgary, on the C. N. R. deal is worthy of a strong man.

not always easy to oppose one's party and when a man does this on an important question he is worthy of every praise.

It must be rather disappointing to the South American peace envoys to find themselves suddenly losing the centre of the stage and the luster of admiring eyes.

Shifting the burden of taxation from your own shoulders to the shoulders of somebody else is as popular as ever it was.

Under the new scavenging bylaw you can go ahead and make as big a mess as you like in your back yard and the city will have to clean it up for nothing.

Remember, too, that when you pay an indirect tax, you generally pay twice as much.

THE ALASKA BOUNDARY TO BE COMPLETED THIS YEAR

BROAD LINE IN WILDERNESS OF THE NORTH WILL BE FINISHED THIS SUMMER

Sitka, Alaska, May 14.—Scarring a broad line across 600 miles of wilderness in the far north, in order that the possessions of the United States and Canada may have a distinct separation at every point, will be completed during the coming open season.

Although the United States and Canada have been neighbors in the far north for nearly half a century, the exact dividing line between their possessions especially as to the northern portion was, previous to this survey, indefinite and conflicting.

The United States surveying party consisted of from sixty to eighty men each season since the work was undertaken. Chief Engineer Riggs, himself a college man, selected his aids from the hardest classes—cowboys, forest rangers, prospectors, timber cruisers and frontiersmen.

importance of the locality. At prominent stream crossings and main points of travel the line marker consists of a five-foot aluminum bronze shaft, weighing 300 pounds, set in 2,000 pounds of concrete.

The survey is declared by engineers to be the straightest in the world for the length encompassed.

Dog Got Medal

Portland, May 15.—For saving the life of another dog, a bronze hero medal was awarded to Buck, an English bulldog, by the Oregon Humane Society today.

Battling Nelson wants to enlist against the Mexicans, but, of course, they'll have to make weight for him. We have a mental picture on the Texas border. First thing he'd do would be to count the house before the battle.

The Smithers football team defeated Telkwa this week by two goals to nil. Both teams played good football, and the Telkwa supporters attribute their defeat to the superior kicking of Ietherington, and the excellent goalkeeping of Miller of the Smithers team.

Not satisfied with their defeat at the hands of the Ladies auxiliary, the St. Andrew's basketball team are endeavoring to arrange a return game for the coming week. The ladies will no doubt accept the challenge, as they are quite confident they can repeat.

By their defeat of Spokane yesterday the Vancouver ball team takes a comfortable lead in the Northwestern league. Victoria and Portland are running a neck and neck race for the cellar position. Victoria will have to add to her twirling staff before she can hope to make a showing.

The Vancouver Athletics have secured the services of Boss Johnson, the star custodian of the Victoria team for several years, in their attempt to remove the Minto cup from the banks of the Fraser river. Mickey Ions has also decided to turn out along with Pickering and play for the Athletics, strengthening up the defense.

Ty Cobb leaped from thirty-eighth place to thirteenth among the American league batters last week, according to averages just published. The Detroit star has a percentage of .307, as against .249, which the records showed for him the previous week. His rival, Joe Jackson of Cleveland, has taken the lead, batting at a rate of .414.

Kamloops and Kelowna are getting off to a good start in the interior baseball league. Years ago, before the advent of professional ball in British Columbia, Kamloops had a team second to none on the Pacific coast. In those days in B. C. such men as Hermcher, Watson, McCrum and Borthwick were stars in the baseball world. Joe McCrum is still pulling of a few plays in Kamloops, but not at baseball.

Hal Beasley, Victoria's crack sprinter, is thinking of retiring from track sports for the year. He has stated that it was quite possible he would discontinue active participation in the running game for the time being and take a thorough rest. Beasley has suffered from several illnesses in the past few months, and only this week came out of the hospital after a minor operation.

A five-team football league will in all probability be started within the next ten days. Arrangements are now being perfected and a meeting will be held tonight when a schedule will be

It is rumored in New York baseball circles that Christy Mathewson will manage the St. Louis Nationals next season.

At a meeting of the representatives of the Vancouver and New Westminster lacrosse clubs held this week, it was agreed to have a fifty-fifty per cent split on all gates this season.

Vancouver will defend the Mann cup against the Calgary Chinooks on May 23 and 26 at Athletic park. The dates were fixed this week.

Harry Pickering, the star defence fielder of the old Vancouver Lacross club, has turned down offers from the Big Four clubs of eastern Canada, and signed a 1914 contract with the Athletics of Vancouver.

are: G. T. P. machine shops, shopkeepers, steamship Prince Rupert, steamer Prince George, Callies, and a team from the dry dock. With baseball and football going strong, there should be no want of sport during the summer months.

At the conclusion of the basketball game on Thursday night between the Ladies Auxiliary and the St. Andrew's team, W. A. Williseroft was presented with a fountain pen as a slight token from the ladies for his efforts as instructor of the Auxiliary basket ball team. To "Bill," also, is largely due the credit for the strong showing made by the Callies in the recent basket ball league.

COLTS WON THE FIRST GAME OF CITY LEAGUE

McAleenan's Small Boys Were Too Much for the Terminals

The first of the games in the city baseball league was played last evening in drizzling rain. It was an easy victory for McAleenan's Colts, who outplayed the elder boys of the Terminal team at every position. The score was 14 to 3, five innings.

The battery for the Colts was particularly effective and promises to develop something pretty good. Valpey, the pitcher, had good control and Mason, the catcher, could hold him and watch the bases too. Anderson showed up well at second, and also at the bat.

For the Terminals Beatty made a good drive to deep centre which developed into a home run. He also made a startling one hand catch off a difficult fly.

Fred Wallace was umpire. The next game in the league will be on Tuesday evening when the C. C.'s and Riveters meet.

"Safety First"

Some men, sometimes, can board the flying street car or "monkey with the buzz-saw" in a mill or factory, and get away with it. But that's how accidents happen. Some men, sometimes, can shave with an open blade razor and avoid cutting themselves. But thousands agree that the chances are against it.

THE Gillette Safety Razor

was the practical forerunner of to-day's "Safety First" movement. What engineers are doing now to safeguard tools and transportation, King C. Gillette did ten years ago for that much used tool, the razor. And while he made the razor safe, he also made it keener, harder and handier than the old open blade. That thin, electrically tempered blade, gripped rigid in the adjustable holder, gives the cleanest, smoothest and quickest, as well as the safest shave man has ever enjoyed.

The Scandinavians are holding a big "pow-wow" tonight, and although they all unite, each nationality celebrates with a different point of view. The Norwegians will rejoice because they have been delivered from the power of Sweden, and the Swedes rejoice because they have got rid of Norway, while the Danes will make glad because they are independent of both parties. Such fellowship among nationalities who have had their political difficulties is very commendable.
