Ottawa, May 21.—The house spent most of the day in committee over the C. N. R. resolutions. No apparent headway was made on the first clause, which is still under discussion. Arrangement was taken and it was agreed that its consideration would not be resumed until next Monday. Other business will be done on Friday and Saturday, the day being Ascension day the house did not meet.

Kingsmill, who is on his way to the coast. The headquarters of the force will be at Ottawa. It is proposed to organize three divisions, on the Atlantic, the great lakes, and the Pacific. Headquarters for the Atlantic will be at Halifax and it will extend along the Atlantic coast and up the St. Lawrence as far as Montreal. The great lakes will likely have Toronto as headquarters and will include the upper St. Lawrence and the great lakes and the territory as far as the Rocky mountains. The Pacific division will include the British Columbia Pacific coast with headquarters at Esquimalt.

TO CELEBRATE CENTENARY OF SIR ETIENNE CARTIER

This is the official flag which has been adopted for the Cartier Centenary celebration in Montreal on September 6th to 12th. The flag is a combination of the Union Jack and the tri-color of France, and is symbolical of the Confederation in which Sir George Etienne Cartier played a prominent part. The portrait of Sir George forms the centre of the flag.

CATCH STRING IS OUT FOR RUPERT PEOPLE

New Hazelton Extends Special Invitation to Rupert for the Week-end Holiday

New Hazelton citizens have issued a special invitation to the residents of Prince Rupert to come and visit them over the week-end. They appear to be sincere, too, in their desire to be guests and have made special preparations for the entertainment of Prince Rupert guests. Several trips that are expected to appeal particularly to the residents of the metropolis have been arranged. These include trips to the rich silver mines, drives over good mountain and valley roads and a visit to the famous bridges over the big Bulkley canyon.

NEW STAMPING DEVICE SAVES TIME AND MONEY

Mr. O. T. Crosby has been turning his attention of late to developing his inventive genius. His latest device is a postage stamping machine for which he has applied for patents in seven countries. The principle is very simple. In appearance it looks like the ordinary rubber stamp but there is a small plunger supported by a steel spring which creates a vacuum that catches up the stamps which are supposed to be all cut apart and right side up on the table. There are three movements necessary, viz.: press the stamp, place it on the melting pad and then to its place on the envelope. The machine was used in the city hall to turn out the recent assessment notices and an inexperienced hand stamped 3000 letters in one hour and a half.

Mr. Crosby recently showed it to the post office inspector and he highly approved it. There are other stamping machines in the market but they handle only one kind of stamps at a time and are very costly. This machine handles all varieties in rotation and will only cost a dollar.

BANK OF BRITISH NORTH AMERICA

Canadian Head Office Building
The new premises of the Bank of British North America on St. James street adds another to Montreal's list of fine buildings. It is built on the site that the bank has occupied for upwards of sixty years. The old building was a landmark, and its demolition marked the removal of one of the oldest buildings in Montreal.

The new building, designed by Barrett, Blackader & Webster of Montreal and built by Norcross Bros., is in every way a handsome structure. The walls, columns and corners of the spacious banking room are of Italian Hautville marble. Security vault, book vault and safety deposit vaults have been constructed in the basements. The whole building is splendidly equipped and will be occupied in its entirety by the Bank of British North America.

PASSED EXAMINATION AS STATIONERY ENGINEER

At the recent examination for steam engineers Mr. Fred Belanger made a very creditable showing, having passed for the position of stationery engineer. Mr. Belanger is an old timer in Prince Rupert, but previous to this has not followed his chosen calling on account of the government regulations requiring a certificate. Before coming west he has had considerable experience as an engineer. Among the others who were successful in passing this examination was Frank Annis.

May Have Aeroplane

Dorothy De Vonda is an aerobat who does stunts on the top trapeze, using only the blue dome of the sky for her tent. She is pretty, too, if the photo which she sent to L. B. Bullock-Webster, the manager of the fair, is her own. She wants to make a balloon ascension and parachute drop at the big fair here in October. However, the fair managers think that is not up to date. They are arranging with a New York firm to have an aeroplane make daily ascents and drop passengers on the top of Mount Hays to pick the water lilies.

Figured It Close

On the second of January last a trial balance sheet for the year 1913 was made by the city treasurer and the surplus was shown at \$145,000. The final report proved it to be within a few dollars of that amount. The estimated expenditure for the year was within \$34 of the amount as it now appears in the auditor's report. At that time many thousands of dollars of the expenditure had not been made but had been provided for.

THE NATIONALITY OF PRINCE ALEXANDER

Prince Alexander of Teck, designated as Canada's next governor-general, is more than half English. His mother was Princess Mary of Cambridge, a grand-daughter of George III. In 1886, the then Duke of Teck, as an Austrian officer, visited England and was present at a great volunteer review at Brighton. There he met the Princess Mary. After their marriage, they lived at Kensington palace, where their four children, including Queen Mary and Prince Alexander, were born. In 1882 the duke went to Egypt on the staff of General Lord Wolseley, and was present at the battle of Tel-el-Kebir. Subsequently he was gazetted a colonel and a major-general in the British army. His death took place at White Lodge, Richmond, on February 4, 1900. The Duchess of Teck had died two years earlier.

Thus through his father's marriage and adoption of England as his residence, Prince Alexander is English by birth and training. He was educated at Eton and Sandhurst. His marriage with H. R. H. Duchess Alice of Albany was in line with his complete severance with the Duchy of Wurtemberg.

District Fair Dates

The following are the dates of the district fair fairs as approved of by the provincial government: Bulkley Valley, Telkwa, September 10. Fort George, September 24-25. Prince Rupert, September 30 and October 1 and 2. Bella Coola, October 9. Graham Island, Lawn Hill, not yet fixed.

THE GIRL OF THE GOLDEN WEST AT THE EMPRESS

The Royal Players convinced even more of their worth by last night's performance, as a better western drama has never been presented. Miss Elliott excelled in the part of the "Girl," and charmed her audience again with the naturalness of her interpretation as the untutored mountain wail. She possesses all the attributes that make the charming actress, for we have seen her now in three widely different parts and all played artistically. Mr. Royal as the human bloodhound Luke Short gave an exceedingly good performance of more or less a very thankless part, as no one is in sympathy with the heavy in a play, but the convincing interpretation given by him of this part was excellent. Mr. Howland as the stage robber pleased more last night than in any of his former parts, and had an opportunity to display his ability as an actor of great versatility. All the members of the cast fitted well into their parts and the performance was the smoothest and most finished Prince Rupert has had. The specialties last night were a great addition to the attractiveness of the performance, and the contrast of Miss Helen Reynard's classic vocalism and finish with Miss Lottie Fletcher's comedy stunt greatly helped out a most enjoyable evening's performance. Following "The Girl of the Golden West" and commencing on Friday night, the celebrated "In the Bishop's Carriage" will be presented.

Old Timers' Leaving

Mr. Donald Morrison and family, some of the real old timers of this city are leaving on Monday next for Scotland on a visit to their old home. Mr. Morrison has been here for six years in the employ of Foley, Welch and Stewart, and as the work is largely finished at this place he will seek newer fields on his return to Canada.

This of course does not mean that he will not be again in Prince Rupert, for he has extensive property holdings here which will net him a nice little fortune whenever he wishes to dispose of it.

SPLENDID PLAYETTE PUT ON BY YOUNG LADIES' AUXILIARY

IN ST. ANDREW'S CHURCH LAST EVENING--A LARGE CROWD WITNESSED THE GIRLS IN CHARACTER COSTUMES

"The Open Window" is the title of a very interesting and pretty missionary playette put on by the Girls' Auxiliary of St. Andrew's church in the church auditorium last evening. The theme of the play was a picture of the heathen children who deserve the interest and attention of the Christian world. The children of the dark nations were shown in an open window to the young ladies who had been discussing missionary topics.

The characters were:
Ottosa.....Miss Grace Tovey
Individiosa.....Mabel Viereck
Lacrymiosa.....Katie Collison
Beata.....Miss Grace Shockley
Indian Girls.....
Dorothy Tremayne, Gladys Viereck
An Indian Widow.....Barbara Allen
Chinese Girls.....Gladys Kemp, Mabel Adams
Chinese Boy.....Masie German
Japanese Girls.....
Miss Katherine Pillsbury, Rosie Adams
African Girls.....Miss Isabel Newton,

Constance McMullin, Pete Tremayne, and.....Doris Dowling
Canadian Mother.....Miss McCoskie
Canadian Children.....Nellie Hill, Ruth Rix
Australian Mother.....Miss Nolloth
Australian Children.....
Dorothy Tovey, Earlemonde La Trace
Vocal solo, "Come, Open the Window, Children Dear".....
Mrs. Hemmel.
Quartette, "Hark, the Herald Angels Sing".....
Mrs. Hemmel, Miss Elliott, Mr. Normanton, Mr. Melliar.

Accompanist, Miss L. M. Elliott, L. R. A. M.
The play was managed by Miss Du Vernet and Miss Enoch, and they deserve credit for the good work of the various characters. At the close of the play Rev. Canon Rix made a brief address on the play and its moral. Later refreshments were served. There was a good attendance and the proceeds were \$52.50.

TANGO IS "SOME" DANCE

Crowded House Sees the Initial Performance at Westholme

No better show has ever been given in Prince Rupert than that witnessed by two capacity houses at the Westholme last night. The event of the evening was the dancing of the tango by Mrs. M. Lester and Mr. Chas. Ransford of Vancouver. Too much cannot be said in praise of their performance. The daintiness and grace of this new dance as performed last night is in a class by itself and it is easy to understand after witnessing it why the tango has become such a craze the world over. The flirtation waltz is also a pretty number and both dances received hearty encores and were very much admired.

The pictures, too, were splendid. A notable film was the first instalment of "Our Mutual Girl," depicting the experience of a poor country girl visiting her rich aunt in New York City. Among other notable scenes was a visit to New York's ultra-fashionable dressmaking parlors and the gorgeous display of latest Parisian gowns displayed there. This is of special interest to the ladies, and by the way, the men were not seen looking the other way either. Another great picture was the Keystone double-reel, "Her Father's Choice" and "The Poker Game." This is the best Keystone yet shown here and produced roars of laughter. This program will be repeated tonight.

Saw It Before

A. S. B. Lucas was surprised on going into the Westholme theatre the other evening to see a picture play on the curtain which a few weeks ago he saw played before the camera. Mr. and Mrs. Lucas while visiting at Santa Barbara one day went to a livery stable to hire a horse and found the stable temporarily in the hands of picture play robbers. They watched the scene put through before the camera by the Kay Bee company. A few days ago Mr. Lucas saw the films of the same scene on the theatre canvas.

Assize Court June 15

Official announcement has been made of the holding of an assize court and civil supreme court sittings in Prince Rupert on Monday, June 15. It is not yet known what judge will preside. There are three or four criminal cases on the docket and several civil cases. The criminal charges are not serious or sensational.

MEDIATORS AT WORK NEW SPHERE OF ACTION

South American Republics Take First Hand at International Affairs

(Special to The Daily News.)
Niagara Falls, May 21.—Marking a new era in the relations of the nations of the western hemisphere, the delegates of the United States, Mexico and the three great South American republics have formally opened a conference for mediation in the hope of bringing peace to Mexico by an amicable settlement not only of the differences between the United States and the Huerta government but the ultimate pacification of all Mexico through avenues of diplomacy. This is what is reflected by the mediators.

Unionists Won Byelection

(Special to The Daily News.)
London, May 21.—In the North East Derby byelection the Unionists won by a majority of 241, though the combined vote of the Labor and Liberal candidates exceeded the Unionist by 3,355. The vote was as follows: Major Bowden, Unionist, 6,460; J. P. Houston, Liberal, 6,155; J. Martin, Labor, 3,669.

DAILY EDITION Thursday, May 21, 1914

The council is moving to re-deck the plank roadways on Fifth, Sixth and Seventh avenues between McBride street and Hays Cove. This re-decking is going to put a heavy tax on the property owners for the next four years and still there will be no permanent roadway. The time has come when the city should avoid plank roadways wherever possible. It is true that the roadways must be kept in a passable condition but the most strenuous effort should be made to provide permanency in work.

The annual tax for permanent work will not be as heavy as the annual tax for the next four years for re-decking.

The council ought to get busy and finance the permanent work.

A gentleman from Calgary was in this city a few days ago looking around with a view to establishing an industry here. He remarked that he went to Calgary a few years ago when it was only a town and that it had made the progress which it has made and become a city of close upon a hundred thousand people through the public-spiritedness of its citizens. He further remarked that this public spirit backed by publicity is what has made the city.

The same gentleman expressed the opinion that Prince Rupert has much greater natural advantages than Calgary, but he concluded, "it will all depend upon your public men."

Prince Rupert has already suffered from internal strife, but it is to be hoped that the pinhead politicians responsible will soon be lost in the shuffle with the establishment of a through service and the influx of a few more people.

The fat surplus left by last year's council is doubtless a source of comfort to the present council. It will come in very handy for a whole lot of odd jobs during the year. It is somewhat easier to work with a surplus of \$145,000 than with a deficit of \$30,000.

What are the city financiers doing about the permanent issues of the city? Apparently still working in the dark. The people are not being advised as to what it is proposed to do.

No pronunciation seems to have been made by our "popular member," Mr. Clements on the proposed Canadian Northern deal with the Dominion government.

An expression of opinion from our "popular member

ought to give finality to the situation.

If the proposed deal of the Canadian Northern is carried out along the lines of the local post office deal our "popular" member ought to be of great service in helping to rid the people of Canada of some of their surplus cash.

The city council are granting a bonus of five thousand dollars for a three days fair in the city this fall, but they refused any assistance whatever to the maintenance of a bureau which carries out similar work to the fair every day in the year.

THROWING MONEY IN FOR OIL SHARES

Great Excitement in Calgary Following Oil Discovery, Says Mr. C. S. Meek

Mr. Charles S. Meek of Vancouver, who has just returned from Calgary, says he spent Friday inspecting the Dingman oil well near that place.

"I have never seen anything like the excitement that now exists in Calgary," said Mr. Meek. "People are literally standing in the streets and throwing their money into the brokers' offices for oil shares. They cannot get them rapidly enough."

Mr. Meek brought away with him a sample bottle of what is now flowing from the Dingman. It is a thin liquid of about the color of weak tea with a very strong smell of kerosene. It carries such a high percentage of gasoline that auto drivers are straining it into their tanks and using it to run on back to Calgary.

It would surprise you to know of the number of telegrams pouring into Calgary from all over the continent," added Mr. Meek. "Vancouver never saw any excitement like what now rules in the prairie city. Newspapers and various public bodies are besieged with inquiries for information."

NEW WORK ON P. G. E. NOW WELL UNDER WAY

Grading Over Ninety Miles Between Fort George and Clinton

Actual construction operations are now proceeding on 90 miles of the 270-mile section of the Pacific Great Eastern railway between Clinton and Fort George, it has been announced at the Vancouver offices of the company.

Within the next two weeks another 50 miles will probably be started and the grading of the entire stretch north of Clinton to Fort George is expected to be under way early in August.

For several weeks the contractors and sub-contractors have been mobilizing their forces, establishing camps and

preparing for the season's operations. Most of the preliminary and organization work has been done and as quickly as the arrangements are being completed the gangs are started on the new sections. Between Fort George and Quesnel, a distance of 80 miles, a large force of men is already at work and the gangs are being constantly increased. Contracts for the first 100 miles south of Fort George were let early in March and additional contracts have been let since for the sections north of Clinton.

The reconnaissance surveyor who have been making preliminary investigations to find the most feasible route for the extension of the P. G. E. north of Fort George into the Peace river country, are expected to return to the base at Fort George at an early date. Several locating parties will be placed in the field as soon as their reports have been received in preparation for a start on the construction of the northern line early this summer.

The grading on the Squamish-Lillooet section of the Pacific Great Eastern is now almost completed. Tracklaying is proceeding from the coast end of that portion of the line, and several bridges are now under construction. Rails are also being installed on the North Shore extension of the new system. The line from North Vancouver to Horseshoe bay is to be ready for traffic by July 1.

The Brampton (Ont.) Mann cup challengers will play the V. A. C. team on June 27 and July 1.

According to New Westminster advices, Bun Clark may make a tryout on the home this season and give Stoddart, the amateur goalkeeper, a chance in the flags.

Following is the latest official club betting on the Derby, to be run at Epsom on May 27: Kennimore, 5 to 2; Black Jester, 8 to 1; Lanus and Carancho, 100 to 9; Brakespere, 100 to 8; Durbar II. and Ambassador, 100 to 6, and Carrickforus, 20 to 1.

John Coombs, pitcher for the Philadelphia American league baseball team, who was injured in the world's series of 1911, may be able to take his turn in the box in six or eight weeks.

Shamrock IV is said to be no beauty, but she'd look mighty beautiful coming home in the lead to Sir Thoms.

A New Westminster scribe writing to a Calgary paper says it's a cinch that Calgary will win the Mann cup. Just about the same cinch that eastern teams had last year.

The first match of the B. C. Lacrosse association series is set for May 25 at New Westminster, when the Athletics play the cup-holders.

It is understood that Patchell, a New Westminster star and brother of Bill who plays with the amateurs, will take Johnny Howard's place on the senior lineup.

Tentative plans are being made for a trip to Toronto, Ottawa, Cornwall, Montreal and Quebec by the Salmonbellies late this fall, after the coast championship has been decided, even if a couple of games have to be chopped off the regular schedule to make the journey a possibility.

An arrangement has been made with most of the players that no dividends will be drawn out of the club funds until after the eastern trip, as the gate receipts will be needed to finance the undertaking.

The death occurred this week in London, Eng., of R. E. Foster, the international cricketer, one of the famous Foster brothers who have rendered such able assistance to Worcestershire for many seasons. "R. E." had not been playing for the past few seasons, but his outstanding performance with the bat in international cricket was in 1904 in Australia, when, playing for P. F. Warner's eleven, he made 287 runs.

There is very little probability of B. P. Schwengers of Victoria, the former Canadian tennis champion, representing Canada this summer. In an interview Mr. Schwengers stated that he would be unable to spare the necessary time for practice, and as he could not possibly arrange to get away before the middle of July, he had decided to drop out altogether.

This is the open season for umpires. They nearly bagged one down in the Coast league the other day.

"Newsy" Lalonde and Johnny Howard will continue their bit-time arguments on eastern fields this season.

Johnny Howard, defence star of the New Westminster lacrosse club, one of the best players in the national game, has accepted an offer from the Quebec club of the "Big Four."

Ralph Frary, the Northwestern league umpire, who disappeared in Seattle last Thursday, arrived in Vancouver Monday and confirmed the report that he had jumped to the Federal league. He has signed a three-year contract at \$3,500 per season, and has received, it is understood, \$1,500 in cash.

Major league critics declare that the New York Giants and Philadelphia Athletics will have their troubles trying to finish in front in their respective leagues this year. Frank Menke of New York comes out with the statement that the winners of last season are confronted with husky little jobs in their efforts to repeat their 1913 pennant winning stunts and that there are four clubs in each league who have an equal chance to win this season.

There seems to be a feeling in New York that all is not well with the Johnson-Moran match for June 27. A little more than a week ago Dan McKittrick sent Dan Morgan the following significant cablegram: "Unforeseen complications necessitate Moran remaining in New York. Will advise you when he is to sail." Since that time Moran has sailed but there is still an undercurrent of feeling that at the last moment something may happen to disturb the present plans.

One of the items of the sports programme at the St. Andrew's Society excursion at Port Simpson will be a baseball game. Further particulars later.

Entries for the Overseas Football cup close on Saturday next. In the event of a challenge, the game will be played at Port Simpson on Monday.

Calgary's Mann cup challengers will be on the coast next Saturday for their first match with the Vancouver A. C. champions. Reports from the Alberta city would seem to indicate that the challengers are a most formidable aggregation and that they are confident of lifting the cup. The followers of amateur lacrosse in Vancouver, on the other hand, are quite confident of the ability of the Winged V representatives to hold the cup, and they will be out in force to cheer them to victory in the approaching cup series.

Basketball Tonight

Basketball enthusiasts will be afforded the opportunity tonight in the St. Andrew's Society hall, of witnessing two good games of basketball between teams representing the Ladies' Auxiliary and an intermediate team from the Callies dressed in hobble skirts, while the second game will be contested by the Callies City League team and a Select Five from the club. The line-up in the first game which is called for 8 p.m., will be as follows: Ladies—Miss Freeman, Miss McCallum, Miss Green, Mrs. Allen and Miss Ross, intermediates—M. Lamb, C. Dennis, C. D. Brown, H. M. Foote and J. M. Campbell. The Callies league team will be J. H. Kelly, S. Currie, A. Murray, W. M. Brown and W. E. Williscroft; while the Select Five will be chosen from the following: H. Mobley, Leo Ives, W. A. Paterson, R. McClure, W. R. Martin and M. McClure.

A NEWSPAPER
 for Prince Rupert and Northern B.C.
 The Daily News goes into nearly every home in Prince Rupert. It is the popular newspaper of the city because it is clean and reliable. It has all the news of the city, and keeps in touch with events and topics interesting to Northern British Columbia. It treats these subjects with moderate optimism and reliability. The Daily News is the most valuable paper to advertisers because it is read by the buying public. It has a bigger circulation than any other paper in the city. It is read by the class of people the advertisers want to talk to.

Royal Standard Bread

ROYAL Standard is cheapest because it goes farthest

It is false economy to "shop round" for your flour. That cheaper brand you buy does not save you money in the long run because you get less loaves per sack. We will say that you pay 35c more for ROYAL STANDARD than you do for the cheap brand. You can easily get seven more loaves out of the sack, to say nothing of healthier, more nourishing loaves.

Next time you buy flour, don't think price, think ROYAL STANDARD and in that way you will get most in quality and quantity for your money. Your grocer is ROYAL STANDARD wige.

The baseball boys have had to give up the idea of sending a ball team to New Hazelton for the Victoria day sports. Owing to their failure to get a special train they found it impossible to get a good team to leave town for four days, and rather than send a scrub team they cancelled the match. New Hazelton will play a league game instead.

O'Reilly, the prisoner who broke jail a couple of weeks ago and was later caught at Terrace, was in police court yesterday charged with stealing a gun from Frank Barryville who lives near Terrace. Canada and London

(Canadian Courier.)

Judging by the lack of haste in filling the high commissionership, Canada's affairs in London are not considered by the government to be of much importance. Is this not a tactical blunder for a government which is imperially inclined?

If Canada owes as much to Great Britain as the members of the present government have claimed; if we are as dependent upon British sentiment for financial support as the financiers and ultra-imperialists have maintained; if our relations with the mother land are of supreme vital importance—then this office should not be vacant a week.

Mr. Griffiths, the secretary in London, is a capable and efficient officer, but why give a man the duties without the authority? There are plenty of good men available. Sir Edmund Walker, Sir Edmund Osler, Hon. Mr. Perley, Sir Richard McBride and other prominent Conservatives are eligible and probably available. Then why should Canada's interests in Britain suffer by this unnecessary delay?

Presented With Jewel

At the regular meeting of Kaien Chapter R. A. M. last evening an interesting ceremony took place when the companions presented a past principal's jewel to Past Principal D. M. Moore, who officiated as first principal last year. This was the occasion of Com. Moore's first visit to the city since last year. The jewel is in the form of a handsome gold medal badge suitably engraved. After the work of the evening was completed refreshments were served and a number of interesting speeches made.

One Million a Day

Ex-President Taft claims that four hundred thousand men and two or three years' time and an expenditure of \$1,000,000 a day would be required for the subjection of Mexico should the present complications produce war. He called upon all Americans to aid the president in his efforts to find peace.
