

CITY WILL CELEBRATE NEAR TO NATURE'S HEART

CHILDREN OF TODAY TO MAKE CANADA GREAT--PRINCESS MARY ARRESTED FOR MILITANT

CAPTAIN STORK ADDRESSES GATHERING SCHOOL CHILDREN

INTERESTING EVENT ARRANGED BY DAUGHTERS OF EMPIRE--PATRIOTIC EXERCISES, SONGS, SALUTING OF FLAG FITTINGLY ARRANGED.

An interesting ceremony took place yesterday afternoon at the central school under the auspices of the Daughters of the Empire. Patriotic exercises were conducted under the guidance of the teachers. The children were marched out into the square, saluting the flag as they passed, after which they sang "The Maple Leaf Forever."

Capt. Fred Stork had been invited to be present and address the children, and did so in a very fitting manner. He told of his attendance at a soldiers' banquet in Toronto where the author of "The Maple Leaf," who himself was a school teacher, was present, and how appropriate it was,

especially for school children, to sing.

He vividly portrayed the future of Canada to be great, not because of its maple leaves, its hills, its valleys or its plains, but because of the character of its people. Canadians had characteristics of their own, and as long as we maintained and developed these Canada would continue to be great.

Bishop Du Vernet was present and made a few fitting remarks. There were present also quite a number of the Daughters of the Empire and mothers of the children. The event was a very pleasant one and one that should be repeated. The thanks of all present was extended to Capt. Stork for his excellent address.

BEAUTIFUL DANCING AT THE WESTHOLME

Congratulations are certainly in order, both to Mrs. M. Lester and her dancing partner Mr. Charles Ransford and the management of the Westholme opera house on the success achieved in presenting for the first time in Prince Rupert the very latest society dances. That their efforts have won public approval is witnessed by the large and enthusiastic audiences which so far have greeted each performance. Nothing daintier can be imagined than the dancing of Mrs. Lester and Mrs. Ransford. There are absolutely no objectionable features, nothing in fact that the most fastidious or exacting could possibly be offended at. On the contrary these dances are marvels of grace and beauty and cannot fail to exercise a healthy moral influence. New dances will be presented at each performance during their stay here.

Baptist Church.

Morning worship and Sunday school at 11 a.m. Evening worship at 7:30. The pastor will speak in the evening on "The Judgments of the World and the Judgments of God." All are welcome.

JAPANESE FISHERMEN MUST BE ELIMINATED

Ballot to Be Brought Into Play by White Men to Force Hand of Government

New Westminster, May 22.—Five hundred or more solid votes will be the strongest weapon at the command of the Fraser river fishermen in their fight to eliminate the Japanese fisherman from the Fraser river, according to plans outlined at a representative meeting of the Fraser River Fishermen's Protective Association held in this city recently. An active organization committee covering the drifts and districts from the Mission City bridge to the Gulf of Georgie was appointed by President Maiden, and an effort will be made to enroll five hundred fishermen and see that their names are placed on the voters' list.

The fishermen realize that they are a very important factor in the election. "If our representatives at Ottawa and Victoria do not help us, we will work for those who will," was the way some of the fishermen put the matter after the meeting. "We have the votes, and we'll know how to use them," was the remark of another.

Licenses for Churches

Saskatoon, Sask., May 22.—The city council has decided to exact a license from all churches which use their buildings for public lectures, concerts or theatrical entertainments. This action has been prompted by a visit from several operatic stars of international fame who sang in the churches.

Insurance Companies Glad

According to the annual report of the Juneau fire department the loss by fire in that town last year was less than \$1,500, although there were 26 fires. The greatest loss to any one individual amounted to only \$500. Burning chimneys caused 14 of the 26 fires.

Corporation of the City of Prince Rupert.

NOTICE TO THE PUBLIC.

From the date the Public are warned not to make fires of any description on their lots, or on any vacant ground.

FIRE CHIEF.

The ladies' auxiliary of the general hospital will hold their monthly meeting on Tuesday at 3 o'clock in the K. of P. hall.

SALARY SCHEDULE FOR SCHOOL TEACHERS

New Schedule Adopted—Also Ruling on Noon-hour Recess.

The committee on salaries of the public school board report at a meeting yesterday and the new schedule recommended was adopted.

Under the new schedule the salaries of the two principals of the schools, the high school and the public school, will remain as at present, at \$150. In the case of the public school assistant male teachers will start at \$100 a month. They will receive an annual increase of \$5 a month until their salary reaches the maximum rate of \$125 a month. Female teachers will start in the same way at \$75 a month for the first year. They will receive an increase of \$5 a month each year until the maximum of \$100 is reached. In the cases of high school teachers the assistants, if males, will start at \$125 a month and will advance at \$5 a month increase each year until \$150 a month is reached. If the assistants are females the minimum salary will be \$100 a month, with the annual increase of \$5 a month until \$125 is attained. The new rule comes into effect June 30 this year.

It was also decided that in future the teachers must be in their rooms 15 minutes before classes open to do blackboard work.

Two teachers are to remain in the central school during the noon-hour, and the teachers in the other school must remain also over the noon-hour.

Church Parade

The second annual church parade of the Sons of England Benefit Society will be held tomorrow evening at St. Andrew's Church. All Englishmen, whether members of the society or not, are cordially invited to be present. Members are requested to meet at the lodge room in the Helgerson block at 6:30 p. m. sharp.—Thos. W. Silversides, President.

Will Give Bar of Silver

M. J. Hobin, manager of the Continental Trust Co., is in receipt of a letter from Duke Harris of the American Boy mines stating that he has a bar of silver from the smelter which was taken from the Harris shipment. This he is presenting to the Prince Rupert board of trade to have made up into a souvenir for President E. J. Chamberlin upon the opening of the Grand Trunk Pacific. The silver will be made up into a suitable piece.

The Cradle.

Born—To Mr. and Mrs. F. R. C. Brown, 120 Seventh avenue west, a daughter, Friday, May 22, 1914.

TERMINALS TEAM WON SECOND BALL MATCH

The Drydock Team Threw Their Game Away.

The Terminals and Drydocks met for the first time in the city baseball league last evening. There was the biggest crowd yet out in attendance and the rooting showed both enthusiasm and partisanship. There were many ladies in the crowd and they appeared to be all hot fans. The Drydocks got their support.

The feature of the game was the numerous errors, and all of them were costly. The Drydock team especially threw a victory away by errors. The pitchers did good work, but got poor support. At the end of the fifth and sixth innings the score was tied and the Terminals won out in the seventh, when dusk was falling.

The teams were:

Terminals—McPhail, c; Embleton, p; Vance, 1b; Tobey, 2b; Blake, ss; Beatty, 3b; Landes, rf; Edwards, lf.

Drydocks—Gleeson, c; Giles and Cochran, p; Collins, 1b; Spence, 2b; Graves, ss; Brooks, 3b; Thody, rf; Walker, cf; Giles and Cochran, lf.

MARINE EXCURSION TO PORT SIMPSON

St. Andrew's Society Will Give Popular Outing on Prince John.

The excursion to Port Simpson under the auspices of St. Andrew's society promises to be a popular outing on Monday. The steamer Prince John of the G.T.P. fleet will carry the crowd. The steamer leaves the G.T.P. dock at 8:30 a.m. Luncheon will be served on the boat from 11:30 to 2 p.m.

There will be a programme of sports at Port Simpson in the afternoon. Tea will be served on the boat from 6 to 8 p.m., and the return trip starts at 7 p.m. The Imperial orchestra will furnish music on the boat.

Becker Found Guilty.

(Special to The Daily News.)

New York, May 22.—Charles Becker, who has had to face his second trial for complicity in the murder of Herman Rosenthal in this city, has been found guilty.

STORE CLOSED

P. Burns' meat market will be closed all day May 25.

LOBBYIST'S INSOLENCE BECAME INTOLERABLE

Stinging Words of Mr. Nickle, Conservative Member for Kingston

Ottawa, May 22.—The remarkable speech of Mr. Nickle, Conservative member for Kingston, in the house of commons definitely marks the end of the dominance of the railway magnate at Ottawa. The insolence of the lobbyist has become intolerable. For weeks the agents of the C. N. R. have been swarming about the corridors of the house. Mr. Nickle's impassioned defence of the independence of the individual member of parliament against the arrogance of men who, not content with securing vast sums of public money through the supine subservience of the majority, threaten to bully those who refuse to bow down before them, clears the air like a thunderstorm on a sultry night. The stinging words with which Mr. Nickle cast away the fetters Sir William Mackenzie sought to bind upon him will find an echo all over Canada. We are still a nation of free men. The would-be dictators have mistaken complaisance for fear. Let them hold the warning that comes in the words of the member for Kingston, or they will discover that, pitted against the strength of outraged public opinion, their strongest towers must crumble into dust at the first assault.

CLEVER PLAY AT THE EMPRESS THEATRE

The Royal Players added laurels to their reputation last night when they presented "In the Bishop's Carriage." The play entwines around a pretty little professional thing and her male accomplice. In one of her escapades she found herself hidden in the bishop's carriage, and by a clever pretence of an unbalanced mind she secures his protection. A philanthropic lawyer takes an interest in the girl, fights her case and determines to reform her. After winning her back to an honest life his interest warms into affection. She will not hear of his proposals, however, because she has pledged herself to her former accomplice, now serving a sentence in jail. Her lover, whom she has not seen since her reformation, escapes from confinement and presents himself before her. This convinces her that their lives have grown apart and she will not follow him. A fight ensues, in which the lawyer again rescues her and turns the escaped prisoner over to the police.

An amusing court scene follows and the lawyer rescues the girl from the accusations of her former accomplices by a promise of marriage.

The play is full of mirth, pathos and heroism. Miss Elliott was bewitching, as a thief, and superb as an honest woman. She did her part exceptionally well. Charles E. Royal was a good tippler and surprised his audience when he suddenly sobered to make an announcement. The company throughout is one of the best to visit this city so far and they deserve the excellent patronage they are receiving.

Charge Against Officer

Denver, May 22.—Charges of arson, murder, manslaughter and larceny against Major Patrick J. Hamrock of the First regiment, Colorado National guard, were filed before a general court-martial at the state rifle range here. The charges grew out of the battle between the state militia and the coal mine strikers at Ludlow on April 20, and the fire which destroyed the strikers' tent colony.

ARRESTED PRINCESS MARY MISTAKEN FOR A MILITANT

ONLY DAUGHTER OF KING GEORGE WAS IN CUSTODY FOR QUARTER OF AN HOUR—SOLDIER REFUSED TO BELIEVE HER A PRINCESS.

(Special to The Daily News.)

London, May 23.—It is learned that Princess Mary was arrested as a suffragette while at Aldershot recently with the King and Queen, the latter of whom has a perfect horror of the militant woman. The princess went before breakfast to the air craft enclosure to take some photographs. The public is absolutely excluded from this enclosure,

and the sentry immediately placed the princess under arrest, absolutely disbelieving her claim to be a princess and expressing with soldierly plainness of speech, his conviction that she was a suffragette. She was detained a quarter of an hour in the enclosure before an officer who knew her happened to pass. The officer escorted her to the King's quarters.

EXPLORING PARTY OFF FOR THE OMINECA

Well Known Mining Man Has Great Faith in Interior Country

R. D. Fetherstonhaugh, the well known mining engineer of Vancouver, arrived in Hazelton recently with a party on his way into the Omineca country.

Mr. Fetherstonhaugh is going in the interests of the Omineca Exploration syndicate of Edmonton. This syndicate is composed of a number of the most prominent business and financial men in Edmonton, who realize the great importance of this promising mining country. Mr. Fetherstonhaugh has not disclosed the exact nature of his business, but says he is going to examine and report on several propositions throughout the Omineca district. He also states that the eyes of mining men all over the continent are directed to the Omineca at the present time, as railway facilities are assured in the near future; and he knows of several parties representing American and English capital who are going in within the next month via Hazelton. Mr. Fetherstonhaugh has been in that country for the past two seasons for the Omineca Gold Mines, Ltd. of Vancouver, and took up property for them on Quartz and Vital creeks. This property has been sold lately to an English company for something over two hundred thousand dollars. The new company expects to spend as much more in development in the next two years. Mr. Fetherstonhaugh outfitted at Hazelton and started for the gold fields Tuesday—Miner.

Paper for Skeena Crossing

A new journalistic venture which will attract attention from all interested in the development of the district is projected by Skeena Crossing people, who will shortly begin the publication of a weekly paper called the Chalcopyrite. The paper will be devoted to the interests of Skeena Crossing and the mines of Rochede de Boule, which are tributary to the new town. The Chalcopyrite should be a progressive and readable sheet, since it is understood the B. R. Jones Co. is backing the venture and has secured the services of Jas. A. Riley as editor.

33 Tons of Glass.

The glazing on the drydock buildings will start next week, the first work being done on the foundry building. The shipment of glass came in last week from England. There were 33 tons of it, which gives an idea of the amount of material used in these big works.

Don't forget to be the first man to get a home run in Monday's game and win a new hat from Martin O'Reilly.

Don't forget that you can get a ladies' house dress at Jabeur Bros. for \$4.00.

CLEVER LIGHTWEIGHTS MEET MONDAY NIGHT

Burns and Label Ready for Battle and Both Confident of Victory

The boxing contest scheduled for Monday night at McIntyre Hall is attracting a lot of interest among local fans, particularly those who have seen the boys work out. Both Burns and Label seem to be in splendid condition after finishing two weeks of strenuous training and unless the dope goes altogether wrong they should put up a fine battle. An interesting feature from the average fan's viewpoint is the fact that each boxer has something beyond the gate money to fight for. If Burns wins he will be matched in this city against Frenchie Vaise, for the lightweight championship of Canada, while on the other hand if Label gets the decision he will make 25 lbs. to be matched with Lem Kegg, the Prince Rupert favorite, either of these contests to take place here on July 1.

They will weigh in at 133 lbs. Frank Smeathers will referee. If any faking is attempted the bout will be stopped and declared no contest.

In addition to the main event, a local lightweight match has been arranged between Young Sherman and Bert Ray. These two boys were matched before, but was called off.

Judging from the advance seat sale there will be a big crowd on hand when the gong brings Label and Burns together and extra accommodations have been provided. In all, there will be 28 rounds of boxing, the first preliminary commencing at 10:30 p.m.

DAILY EDITION

Saturday, May 23, 1914

It would almost appear that the local authorities take no interest in the health or pleasure of the citizens. The only place available for the rowing club to moor their club house is in close proximity to the pride of Prince Rupert, the "sniff" yacht. If the health department were doing their duty this could not occur. Cow bay is the centre of motor boat activity and it is a shame that conditions should be allowed to exist as they are. The city owns a small piece of waterfront at Fairview and there is no reason why that should not be utilized by the scavenging department for the present. Something should be done and that immediately if the health and decency of this city is to be maintained.

When the farmers asked for the abolition of the duty on wheat on the ground that they themselves and the country as a whole would greatly benefit from this tariff change, the government said, in effect, that the agriculturists did not know their own business, and free wheat was refused. When the iron and steel manufacturers and the manufacturers of cut stone asked for increased tariff protection upon their products, the government hastened to do their will, and heavier duties were imposed to the disadvantage of the Canadian consumer.

As a result of the Wilson-Underwood tariff it is now within the power of the Canadian parliament by a single act to secure to Canadian farmers free access to the American market for wheat

and wheat products, and, at the same time, to secure for the Canadian consumer an immediate benefit in lower prices of flour, which is made dear today because of the milling combine fostered in Canada by the present high tariff. When Liberal motions in favor of taking this step were offered in parliament they were voted down by the government and its majority.

During the budget debate in the commons it was shown that today Canadian makers of farm implements are competing successfully in the home markets of other nations and selling, too, more cheaply abroad than to the Canadian farmer. The present tariff protection given the manufacturers of these implements in Canada is consequently unnecessary and serves only to enhance the price of his machinery to the Canadian farmer. To lessen the burden upon the farmer Sir Wilfrid Laurier and his supporters in the house moved to abolish the implement duties; against this motion the Conservatives recorded a unanimous vote. The lesson to the farmers should be clear.

By lessening the price of implements the abolition of the present duty on farm machinery would also lessen the cost of production on the farm and consequently the price of food to the consumer. It was this step which the Liberals proposed in parliament. Against this step the Conservatives in parliament showed a solid front. The people pay.

THE BAYONETS OF BELFAST: AN IMPRESSION OF ULSTER

The figures reproduced above are two Ulster volunteers armed with short rifles and very long sword-bayonets, double-edged at the piercing end. They were photographed in private grounds near Belfast.—From the London Sphere.

General News Notes

About a tenth of the people of Montreal changed their place of residence on May 1, the annual moving day.

The new C. P. R. hotel at Calgary, the Palliser, erected at a cost of \$2,000,000, will be formally opened June 18.

The union journeymen plumbers of Halifax have struck because of the refusal of the master plumbers to give them an increase of pay from 35 to 45 cents per hour. They were offered an increase of 10 per cent., but declined to accept it.

Fifteen hundred men, representing half a dozen different nationalities, and led by a Socialist, applied to the mayor of Montreal last week for work. They were sent out to make a further search for employment, with the promise that if they failed the city authorities would try to furnish work for them.

At the Dalhousie alumni dinner last week, Dean Weldon of the law school, in recognition of his long service to the university and his retirement after 31 years as dean of the law school, was presented with a handsome cabinet case of silver and traveling bag by students of the law school.

Three children, the whole family, of Norman McKelvie of Rockland, near Dorchester, N.B., have died of an epidemic introduced to the home by arrivals from Scotland per steamer to St. John. The epidemic begins with cramps followed by dysentery. Mr. McKelvie is a brother-in-law of Rev. L. W. Parker, secretary of the Nova Scotia auxiliary of the Canadian Bible society.

In an exhaustive article in the Queen's Quarterly, O. D. Skelton, professor of Economics, Queen's university, Kingston, sums up the findings of the Gutelius-Staunton report on the National Transcontinental railway as follows: "It is encouraging in the midst of so much talk of corruption in Canada, that repeated investigation has revealed no in-

stance of corruption either of the management or the staff, whatever errors of judgment may be charged."

One of the functions of the Dalhousie convocation recently was the laying of the cornerstone of the Macdonald memorial library on the new and ample grounds at Studley. Dr. Pollok, a lifelong friend of Prof. Macdonald, paid a very fine and touching tribute to his memory, speaking of him not only as a great teacher in his special subject, but as a scholar of wide attainments in many fields of knowledge and a man possessing great qualities of heart and mind.

J. H. L. Johnstone, instructor in physics in Dalhousie university for the past two years, has been awarded the London science research scholarship, worth \$750 a year, for a term of three years, and also the Currier fellowship at Yale worth \$400. A further recognition of his brilliant course at Dalhousie was a university medal. Mr. Johnstone is a Pictou boy, who took his preparatory course at Pictou academy, graduating from that institution with "A" and entering the second year of Dalhousie in 1908. Two years ago he graduated with high honors in mathematics and physics.

Mrs. Harriet Shunn of London, Ont., has recently received word through a firm of old country lawyers that she is joint heir to an estate in Ireland valued at \$11,000,000. Mrs. Shunn, who is about 50 years of age, with her husband, has been a resident of London most of her life. They are in comfortable circumstances, and declare that while naturally pleased at their good fortune, they are quite satisfied with their present mode of living and would not give up their modest home for a castle in Spain, Ireland, or anywhere else.

The annual convocation of Queen's university was held in Grant Hall, Kingston, Ont., recently. Sir Sanford Fleming was reinstated as chancellor of the

university. In all over 70 degrees were conferred. Rev. J. M. MacDougall of Spencerville, Ont., and Rev. J. W. H. Milne of Weston, Ont., recently appointed principal of the Ottawa Ladies' college, received the degree of doctor of divinity. The degree of L. H. D. was conferred on Hamilton Cassels, K. C., Toronto, and on G. D. Ferguson, emeritus professor of history. It was announced that A. D. Cumming, a graduate in arts of the university, had been chosen as the Rhodes scholar to attend Oxford.

16,000 Miles of Coast Line

The American Forestry Magazine in its latest number contains as its leading article several pages of very interesting descriptive matter on the 16,000 miles of forested shore line of British Columbia. The article is written by E. A. Sterling, the forester of Pennsylvania state. He describes the Indian villages and potlatches as well as the forests. Many illustrations are given.

THE MOST SKY-SCRAPERY CORNER IN THE BRITISH EMPIRE

The corner of King and Yonge streets, Toronto, as it appears today. Just about a year ago we published a picture of the C. P. R. building, Toronto, as being the highest building in the British empire. That city has now beaten its own record. The sketch of this corner as it now appears from King street west. It shows the C. P. R. building on the southeast corner complete, the Dominion bank on the southwest corner almost completed, the Royal bank building on the northeast corner under construction, and the five-story Dominion Bond building on the northwest corner. The transformation which has taken place in the corner may be judged from the fact that the Dominion Bond building was the highest of the four corners previous to the present era of skyscrapers.

WHY GO TO CHURCH? ADVERTISER TELLS REASON

THE FOLLOWING APPEARED AS AN ADVERTISEMENT IN A BALTIMORE PAPER—CONVINCING ARGUMENT

The church has many functions. On its social side it is the most significant fellowship in the world. It is the oldest and the biggest, and in its twentieth century spirit it is as new as wireless and the Hertzian wave. The church, in its new relationship, is as human as man. It has come through purgation of

fire. It has fought—and won. A man's own ideas may be right enough. He may be a good citizen, a theoretical optimist, a believer in humanity, in his country and in himself. Yet the strongest man needs at times a stimulus. His spiritual forces need to be reinforced with new ideas. The right man in the pul-

pit comes with a message of inspiration and hope. He gives new tone to the listener.

If a man goes to church and receives something there that sends him out with more courage, makes him feel better disposed towards his fellows, and stirs him to ambition to dignify his service to other men, he will go back to that church again. He will go because he has been benefitted. Multiply that man by the million and you have an idea of the possibilities of the church.

There are in America about one hundred million people, and fifteen times that many in the world. Many of them are despairing. Millions need new hope. Their earth is ashes, their heaven turned to brass. They are entitled to know that by natural right they are the inheritors of health, happiness and infinite love. They are entitled to be shown the way back to the kingdom where they belong, and from which they have strayed.

As a business man I believe in the church, because it is practical and progressive, and because it is in touch with all the new discoveries, or rather re-discoveries, regarding the power of the mind and soul. I see in the church the scientific medium for conveying the greatest power known. It is bringing man into complete accord with the infinite. It is giving man dominion and power—dominion over himself and power to do lasting good.

Not only is the church addressing thousands and hundreds of thousands with the message formerly discussed by two or three gathered together in His name, but in its emphasis upon the constructive side of religion it has banished fear. It is casting out evil with good. Instead of showing men how to grope in the darkness it turns on the light.

The churchman is no longer a spiritual mendicant. He asserts his divine right. And the idea that to be righteous we must be miserable has passed. The anchorite in his cell and the saint on his pillar were picturesque, but their ministry is no more. The church today is an institution of action. It not only preaches, it practises. The crusaders fought for ancient tombs; the church today fights for life and happiness on social planes.

The world, Montaigne said, needed simply to be reminded. The church is reminding man of his great estate.

Henry Drummond rightly called love the greatest thing in the world. This the church proclaims anew. Every one can share in the new service of man by attending church. It may benefit him, it may benefit his neighbor. It can do neither

harm. He will become a part of a movement pledged to a spiritual quickening of mankind. The man who hears the right sermons on Sundays will likely carry the golden rule with him throughout the week.

If a man knew a source which would double his strength, double his self-respect, double the esteem in which he was held, double his influence, and double his usefulness in the world, he would find his way to it. Religion in its contemporary application shows the possibilities of incalculable increase along all these lines.

Getting back to God is getting back to the sources of supply. The greater your need, the greater is the church's opportunity to do you good. I believe in the church because love is its new litany. Its waters are living waters; its paths, the paths of peace. As a practical man I advise every business man in Baltimore to go to church tomorrow.—Baltimore News.

Accident Causes Shutdown

An accident which will delay the mining operations at Rocher de Boule mine occurred last week and threw a lot of men out of work temporarily. The company had just completed the new power plant and organization of the working forces when the new generator broke down, necessitating a new machine, which will be some time getting here. The men have in the meantime been laid off.

Owner will sell lot 50, block 3, section 7, with two-room house, location in Sixth avenue. Price \$1,200, \$300 cash, balance 6, 12 and 18 months, or \$1,100, \$300 cash, balance 6 and 12 months. No interest. Owner, P. O. Box 936, city. 115-21

Sunlight Soap

cuts Monday's labor clean in half.

The Sunlight way is so easy—just note. First you soap the garment; then roll it up to soak. After a while you rinse it thoroughly and the dirt drops out like magic.

Why scrub, and rub, and wear and tear the clothes when the gentle strength of Sunlight Soap will do the work with never a hurt to fabric or hands.

Try it once—this Sunlight way.

Bismarck—the "Greatest of the Germans"

BISMARCK, like all Germans, prized Personal Liberty as the breath of life—a NATURAL RIGHT to be guarded and defended at any cost. Among our millions of law-abiding German-American citizens there is not a man who does not consider it insolent tyranny of the most odious kind for any legislation to issue this command: "Thou shalt NOT eat this—thou shalt NOT drink that." Germans know that there is no evil in the light wines and beers of their fathers. EVIL ONLY IS IN THE MAN WHO MISUSES THEM. Fifty-seven years ago ANHEUSER-BUSCH founded their great institution upon the tenets of the Constitution of the United States. During these fifty-seven years they have honestly brewed an honest beer—the kind that has added to the temperance of nations. Their great brand—BUDWEISER—is demanded throughout the world. Its sales exceed any other beer by millions of bottles, proving it to be in a class by itself.

Bottled only at the home plant

spells Temperance

Royal Standard Bread

No. 10—Cut out and paste in your Recipe Book.

Scald 1 qt. milk (half water and half milk if you prefer). Add 2 teaspoons salt, 3 teaspoons sugar, 2 tablespoons butter. When lukewarm add yeast dissolved in a little cold water. Add 2 qts. Royal Standard or enough to make stiff. Let rise over night. Bake 1 hour. BETTY BROWN.

ROYAL STANDARD is cheapest because it goes farthest

It is false economy to "shop round" for your flour. That cheaper brand you buy does not save you money in the long run because you get less loaves per sack. We will say that you pay 35c more for ROYAL STANDARD than you do for the cheap brand. You can easily get seven more loaves out of the sack, to say nothing of healthier, more nourishing loaves.

Next time you buy flour, don't think price, think ROYAL STANDARD and in that way you will get most in quality and quantity for your money. Your grocer is ROYAL STANDARD wise.
