RUPERT ORCHESTRAL SOCIETY CONCERT

Excellent Musical Event in the K. of P. Hall Last Evening

The first concert of the Prince Rupert Orchestral society drew a large audience to the K. of P. hall last evening and all of them enjoyed the excellent program given by local talent comprising the association.

One of the features of the evening was the appearance of the Swedish troubadours in national costume. They were: Miss A. Berglund, Mrs. M. Langlo, H. Nilson, C. Jacobson, Mr. and Mrs. K. allberg, and Mr. and Mrs. S. Holmquist. O. Quist, the violinist to the party, appeared as the others in quaint costume of the country represented.

Upon the appearance of the party on the stage, Mrs. C. Jedin, who possesses a fine voice, rendered a Swedish song. Following this, the remainder of them gave national dances.

The orchestra members were: Prof. Paul Kauffmann, director; violins, W. C. Butler, F. M. Crosby, Mrs. M. L. Freeman, Miss Lilian Johnston, Jas. L. Lee, J. B. McKay, D. Scheinman, F. Stephens, M. Stephens, Mrs. G. A. Woodland; viola, J. B. Mackay; cello, Prof. Paul Kauffmann; flute, G. A. Woodland; cornets, Walter Miller, H. C. Peyton; trombone, Lee L. Baker; piano, W. J. Briggs, G. H. Peters.

In addition to these selections, different members of the orchestra were heard in musical numbers. G. H. Peters rendered a piano solo, "Loose Leaves, No. 3." Lee L. Baker rendered a trombone solo. D. Scheinman was heard in a violin solo, which was encored.

G. A. Woodland, who is also a member of the orchestra, rendered a vocal solo, "The Soldier's Dream," which was well received. Master Elgood Stephens sang "Red Wing" in costume, wearing at the feathers of an Indian heave. The Misses Stevens were heard in a piano duet with orchestral accompaniment. Miss F. Freeman gave a solo, and Miss Kathleen Jenks was heard also in a vocal selection. Mrs. E. Patterson gave a recitation which was loudly encored.

Police Chief Resigns

Edmonton, May 29.—A sensation has been caused in Edmonton by the announcement that Chief of Police A. G. Lancy had tendered his resignation, following a letter from Commissioner of Health and Safety Booth, asking that it be handed in. It is understood that a number of other heads of the force will be dismissed in the course of a day or two.

The action taken by Commissioner Booth is the result of the conditions in the city during the past few weeks, during which time gambling and disorderly houses have increased to alarming proportions. Chief Lancy has now been head of the Edmonton force three times. For two years he was provincial license inspector. Lancy when interviewed said that he had intended resigning for some weeks and had written his letter of resignation before he heard from Commissioner Booth.

Local Firm Expanding

Sweder Bros., merchant tailors, are moving into larger quarters. They are now taking the store recently vacated by J. S. Gray. This is one of the firms that have made good. They began in a small way and made progress in a normal way, and now they are one of the strongest in the city. Besides developing the amount of their business they have not lost sight of quality. Every year they visit the big centres and get in touch with the latest ideas. In their new quarters they will be more able to cater to the ladies and gentlemen of the city who require something high class in their line.

Vancouver Also

"Vancouver has gone oil crazy over the Calgary strike," is the comment of a local businessman who just returned from the south. "Every vacant store and office on Hastings and Granville street, and there were a lot of them, has been taken and the windows plastered with Calgary oil. Vancouver is speculating very heavily in the game."

ORIGINAL SKY PILOT WILL PREACH TOMORROW

Prince Rupert is honored by a visit from the original Sky Pilot of Ralph Connor's book of that name. Rev. H. R. Grant, whose striking personality and dramatic manner of conducting mission work in the lower end of the province has made him a hero wherever he goes, is paying a visit to this city and will supply the Presbyterian pulpit tomorrow.

Besides being a preacher of note, he was a born athlete. He coached the Queen's rugby team in his day. He has never lost his love of the game, and perhaps it was his love of athletics that made him so popular among the young men of the west. He is accompanied on this visit by Mrs. Grant.

Old Timer Returns

Mr. Wm. Delholm, one of Prince Rupert's old timers and incidentally one of our best boosters, arrived in the city on this morning's boat. Mr. Delholm spent the winter in Vancouver and as his usual custom will spend the summer here. He is heavily interested in local real estate and has unbounded faith in the future of the city.

Stole Ride to Death

Brockville, Ont., May 29.—In jumping from the east bound Grand Trunk express, on which he was stealing a ride, Fred McCormack, a Kingston man, about 25 years old, fell under the wheels as the train was coming to a stop at the local depot this morning. One arm and one leg were severed, and other serious injuries inflicted. McCormack died four hours later in the hospital.

CHINESE MAIDENS SPIRITED AWAY

Oriental Believe They Have Been Spirited Away by Enemies of Their Father

San Francisco, May 29.—Shan Ching Shu, Chinese consul-general of San Francisco, has reported to the police the disappearance of his two daughters, 15 years and 8 years old respectively.

The consul-general said he saw both girls safely in bed at 10 o'clock at night and at 6:40 in the morning they were gone with all their clothing. He could not account for their disappearance.

Consul-general Shan immediately following his discovery, instituted a thorough search of the Chinatowns of San Francisco and Oakland, but could find no trace of his daughters. He then called in the police and the cities bordering on the bay are being scoured by detectives, both white and Oriental.

The disappearance of the girls has caused intense excitement in the Chinese colonies. While the consul-general is of the opinion that his daughters may have been kidnapped by tramps, there prevails in Oriental circles the belief that they have been spirited away by enemies of the consul general.

Shan arrived in San Francisco on May 1 from Nagasaki, where he was consul-general for China. He succeeded Koo Ow Yung, who was recalled to Peking at the request of the powerful Chinese Six Companies, whose displeasure he had incurred, because he played party politics.

Until Saturday the consul-general and his family resided at a Chinese hotel in this city. Then he moved his family to a home in North Berkeley.

TERRIBLE TOLL OF EMPRESS WRECK

OVER ONE THOUSAND LIVES LOST

Marine Disaster Rivals Titanic Loss in Its Horror---Women and Children Perish After Being Taken from Water---Seventy Passengers from Vancouver

(Special to The Daily News.)

Vancouver, May 30.—Of the seventy British Columbia passengers aboard the ill-fated Empress of Ireland, so far as can be learned only six were saved. They are:

- John Abercrombie.
- John Fowler, S. A. delegate.
- Mrs. G. Clark, S. A. delegate.
- Miss E. F. Frost, Victoria.
- J. W. Langley, Merritt.
- C. Mallock, Lardo.

B. C. People Drowned

Of the seventy passengers out of Vancouver, some forty-five were Vancouver residents and twenty-five were from outside British Columbia points. There were none from the north so far as known.

Those believed to be lost are: Miss Veitch, Victoria.

Mrs. J. Whitelaw, New Westminster.

Mrs. G. White and infant, New Westminster.

Mrs. W. Griffin, Cloverdale.

Mrs. B. Barber, Silvertown.

Florence Barber, Silvertown.

Evelyn Barber, Silvertown.

W. Barry, Silvertown.

Mrs. E. B. Kay, Golden.

Mrs. Guffley, Kamloops.

O. Swanson, Fernie.

A. Franson, Kamloops.

S. Nelson, Kamloops.

Charles Bristow, New Westminster.

Charles Bristow, jr., New Westminster.

Thomas Clarke.
 Mrs. Clarke.
 Mrs. Davis.

Also the following Salvation Army delegates to the London congress: Major and Mrs. Simcoe, Ensign Mardall, C. Hanna Knudson, Mrs. Axton, Master Axton, Mrs. F. C. Gelaille and Miss Davidson, Mrs. W. Grafton and W. Watfield.

Over 1,000 Were Lost

Late this afternoon the figures were: first cabin, 87; second cabin, 153; third cabin, 744; total, 984. The crew numbered 413, making a grand total of 1,367. Of the known survivors there are 337.

Those lost or missing therefore number 1,030.

Among the notable list are the actor Laurence Irving and wife, Mabel Hackney and two other members of his company; Sir Henry Seton, lawyer and big game hunter; Commissioner Rees and many well known eastern Canadian Salvation Army officers and bandmen.

Captain Kendall, the ship surgeon and five officers of the Empress were found clinging to the wreckage and are saved.

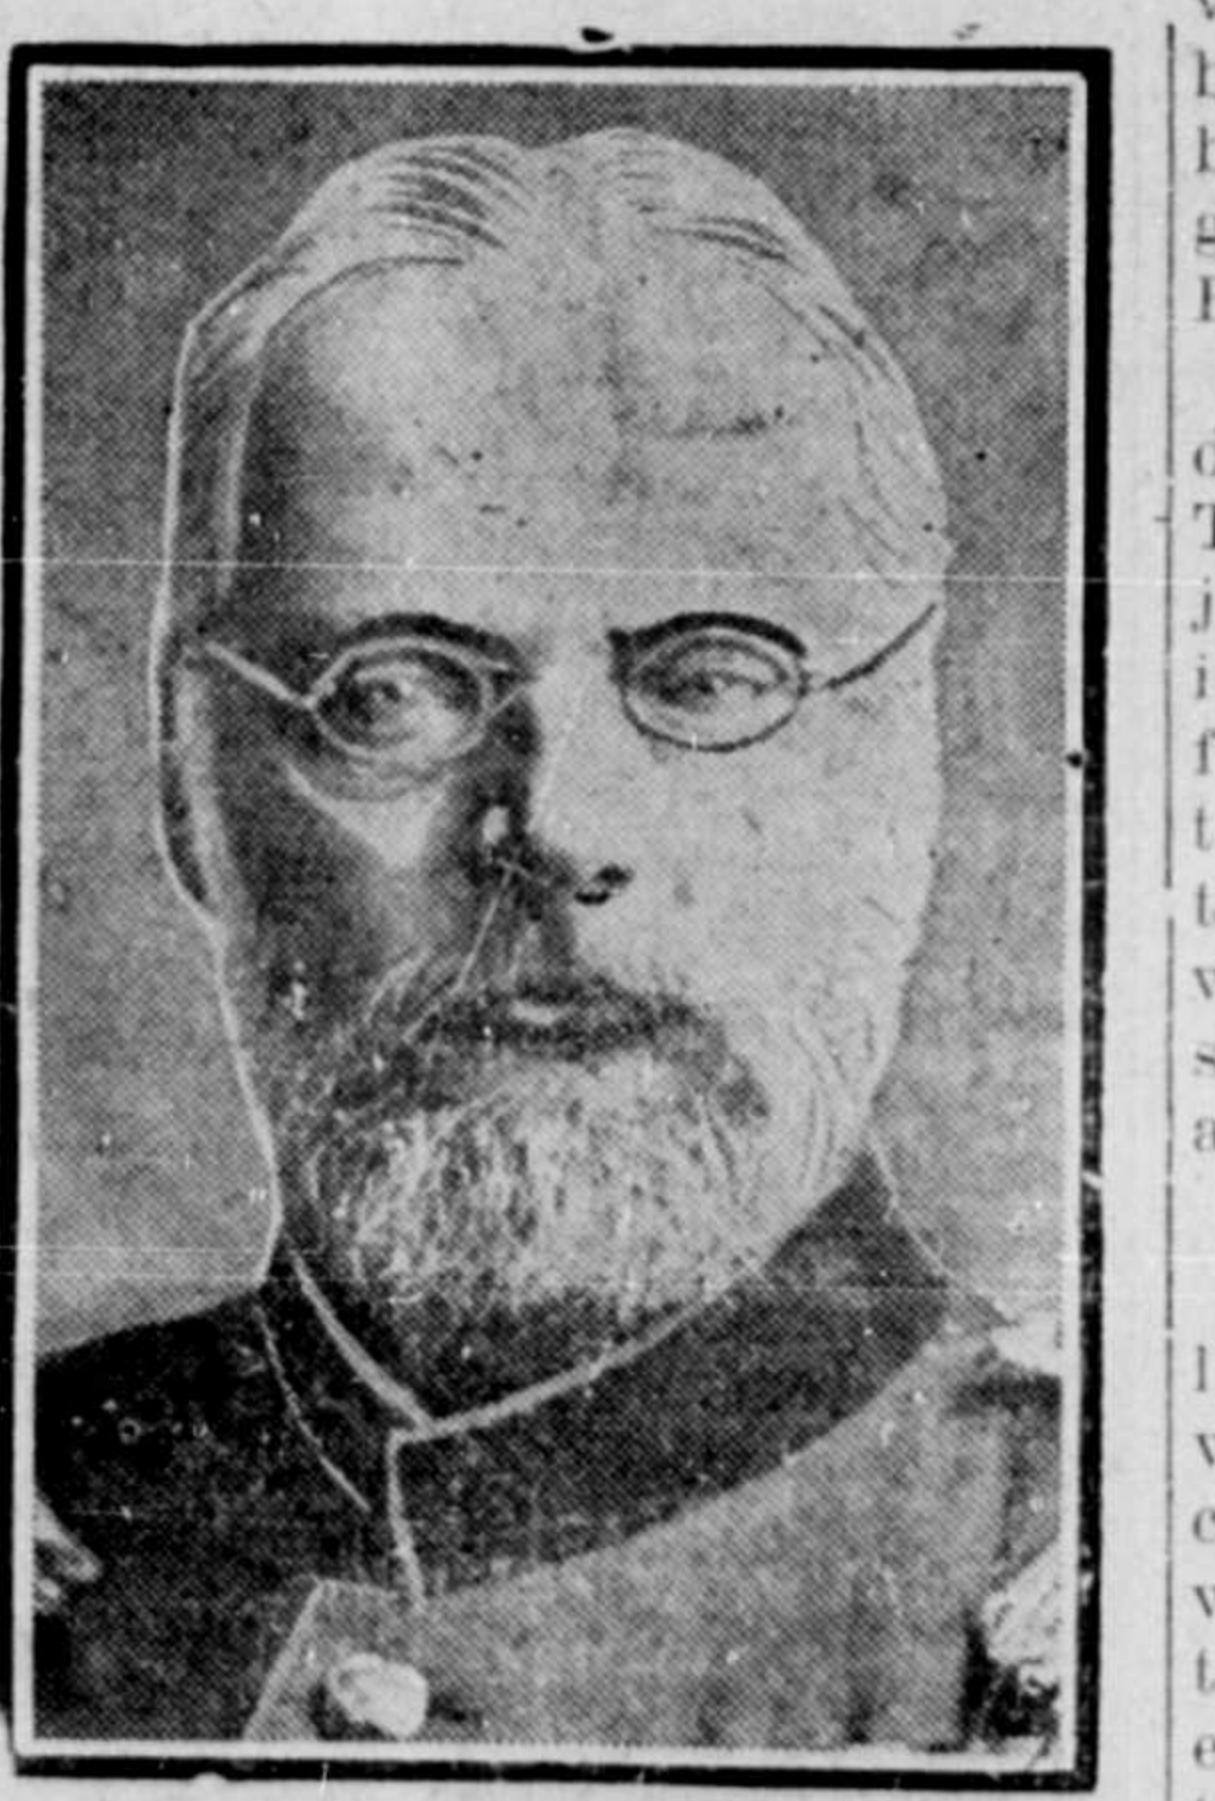

The Empress was stationary in the dense fog. The Norwegian collier Storstad, inbound with a Nova Scotia cargo, plunged through the fog and almost cut the Empress in two. The Storstad picked up a few of the survivors, proceeding to Quebec.

Over twenty passengers died after reaching the shore.

The disaster has thrown a pall over the house of commons. Premier Borden and Sir Wilfrid Laurier have expressed their sympathy. Sir Wilfrid has asked the house to make a searching enquiry into the conditions causing the disaster.

Rimouski, Que., May 30.—Sinking in ninety feet of water fifteen minutes after being rammed amidships in the upper reaches of the St. Lawrence river early yesterday, the C. P. R. liner Empress of Ireland carried down with her more than 900 of her passengers and crew. Of the 1,367 persons on board only 433 are known to have been saved, making the probable death list 934. The Danish collier Storstad crashed her bow on the side of the big Canadian liner, striking her about midway of her length and ripping her wide open clear to the stern.

The crash occurred not far from the shore off Father Point, 150 miles from Quebec. Immediately the ship's crew had recovered from the shock of the collision and it was seen that the liner had received a fatal blow, a wireless "S. O. S." call was sounded. The hurried prayer of the sea was picked up by the government mail tender Lady Evelyn here and the government pilot boat Eureka at Father Point, both of which sailed to the rescue. So deep was the wound of the Empress, however, and so fast the inrush of waters, that long before either of the rescue boats could reach the scene, the liner had gone down.

from the shore off Father Point, 150 miles from Quebec. Immediately the ship's crew had recovered from the shock of the collision and it was seen that the liner had received a fatal blow, a wireless "S. O. S." call was sounded. The hurried prayer of the sea was picked up by the government mail tender Lady Evelyn here and the government pilot boat Eureka at Father Point, both of which sailed to the rescue. So deep was the wound of the Empress, however, and so fast the inrush of waters, that long before either of the rescue boats could reach the scene, the liner had gone down.

Only floating wreckage and a few lifeboats and rafts from the steamer, buoying up less than a third of those who had set sail on her, were to be found. The rest had sunk with the liner, had been crushed to death in the Storstad's impact with her, or had been forced from exhaustion and exposure in the ice-chilled northern waters to loose their hold on bits of wreckage that had supported them, and were drowned. Only a few persons were picked up by the Storstad.

Apparently the Storstad, coal-laden, came at full speed and came into collision, hitting the Empress on the port side. Coming at the speed she did, she tore the Empress almost open from the middle aft.

The impact caused the Empress to list to starboard. She never recovered from this, it is said. In a very few minutes she went down. The tops of the funnels of the big steamer are visible above the water at low tide.

The passengers had little or no chance to escape from the vessel. All, of necessity, was disorder,

which was badly crippled herself by the collision, and these were brought here by the collier, together with those saved by the Eureka and the Evelyn.

Twenty-two of the rescued died from injury or exposure. The others, many of whom had jumped in the boats or plunged into the water scantily clad, were freely given such clothing as the town could supply, and later those who were able to travel were placed on board a train and started for Quebec, where they arrived last night.

Levis, May 29.—The corrected list of passengers and crew that were aboard the Canadian Pacific steamer Empress of Ireland, which was wrecked at the entrance to the River St. Lawrence early this morning, shows that there were 1,367 on board at the time of the disaster. Of these, 934 are not accounted for and are expected to be all among the lost. There are 396 arriving here of the survivors, while there are 37 survivors left at Rimouski.

Montreal, May 29.—Late advice received here regarding the terrible disaster that overtook the outbound steamer Empress of Ireland, which, with her sister ship the Empress of Britain, was the pride of the Canadian Pacific company, indicates that there was very little chance left to the unfortunate victims to escape. The accident occurred at an early hour in the morning when practically all were in their beds.

There was a dense fog in the vicinity and the Empress was standing practically still awaiting the lifting of it to allow safe navigation of the river. In the dense fog she was barely making headway, only enough to maintain her position.

Apparently the Storstad, coal-laden, came at full speed and came into collision, hitting the Empress on the port side. Coming at the speed she did, she tore the Empress almost open from the middle aft.

The impact caused the Empress to list to starboard. She never recovered from this, it is said. In a very few minutes she went down. The tops of the funnels of the big steamer are visible above the water at low tide.

DAILY EDITION

Saturday, May 30, 1914

According to the latest despatches the Dominion estimates soar again this year to the tune of five millions. During the Liberal rule, when the country was going ahead by leaps and bounds, the continual cry of the Tories was that the government was spending too much money.

At the present time steps are being taken by parliament to keep immigration out of Canada. The reason for that is that the country is already flooded with surplus labor at the present time.

Liberal rule large sums were spent to induce people to come to Canada and they were all disposed of and everybody was happy. Under Tory rule everything is changed. A large number of the people are out of employment and money is being spent to keep others out of the country.

An imperial naturalization bill for the whole British Empire is under formation at the present time. The Canadian parliament is about to sanction the Canadian end of it. It provides that a man must spend four years in some part of the empire and another year in that part where he secures his papers.

The papers will be full of advice for the next few weeks about the Calgary oil boom. Advice is the commonest thing in the world, but few there be

that accept it. The possibility of making millions out of nothing is popular enough to appeal to most people. It might be pointed out, however, that the old time poker game offers almost equally as good a chance and has the additional advantage of giving a run for one's money.

If oil continues in paying quantities there is no doubt of its being a godsend to Western Canada. It will turn loose millions of money that will soon filter all over the country. Prince Rupert, too, is bound to get its share. It is well known that nowhere in the west is there a safer investment in real estate than in this city.

GIRL BEATEN TO DEATH BY ESCORT

Downers Grove, Ill., May 29.—Florence Bentley, 21 years old, was found dead today in a clump of bushes near here. Several bruises on the girl's head led the sheriff to believe that she was beaten to death.

Miss Bentley disappeared on Saturday night. She went to visit at the home of Mrs. Harry Walker, her sister. About eight o'clock she started home, escorted by Reginald Bahr, who lives with the Walker family.

HALLIDAY WINS OVER HUGHES AT FT. GEORGE

Fort George, May 29.—Ghet McIntyre, physical director of the Vancouver Athletic club, staged two splendid ten-round contests here on Saturday night. Len Halliday won on points over Bert Hughes.

In the second bout Harry Anderson and Bud Soules, both Vancouver boys, fought ten fast rounds to a draw. The fans were keenly disappointed, however, when the decision was announced by Referee D. Burray of Fort George, as Anderson had a good lean on points.

TAMPICO, SCENE OF REBEL VICTORY OVER THE MEXICAN FEDERAL FORCES

Scene of one of the bloodiest engagements in Mexican history. The map shows the disposition of the federal and rebel forces at Tampico when the battle started. As the desperate battle raged, it was watched by the sailors and marines from the British, United States and German warships anchored in the Pantico river. The federals withstood a tremendous artillery fire for twenty-four hours, and then the evacuation commenced. A hand-to-hand conflict from house to house and street to street followed, the rebels right on the heels of the federal rearguard. It was one of the bloodiest fights in Mexican history.

The Vancouver Athletics will play the New Westminster Minto cup holders at Athletic park, Vancouver, this afternoon.

We always thought that Battling Levinsky was a busy fellow until there came a man who plays fifteen games of checkers at once.

According to Snowy Baker, Georges Carpentier can whip any of the present white hopes. That may be true, but can he fight?

England will have to pay the highest price on record to see Willie Ritchie take a boxing lesson from Freddie Welsh.

It is reported that Russ Humber, the ex-alderman of Victoria, dropped \$10,000 the few weeks he was "boss" of the Victoria Baseball club.

Joshua Kingham, a coal merchant of Victoria, has purchased the Victoria Baseball club, and is now busy getting players to strengthen his club. Victoria is in the cellar position at present and unless the pitching staff is materially strengthened, is likely to remain there the remainder of the season.

Lacrosse got under way nicely in the east on Saturday last, the usual rough playing and threatening of the referee being the outstanding features. It was a one-sided match, but the fans got a lot of fun out of the rough tactics employed by the teams. It would be a tame affair if there were no fights or rowdy work in a lacrosse game, but at the same time there are some supporters of the game who deary these tactics, and who point out that the players themselves are slowly killing the game. And we are not certain but that they are right.

But in baseball the officials at the head of affairs lose no time in suspending players who are guilty of rowdy work on the field. Only the other day Joe McGinnis, president and owner of the Tacoma Tigers, stepped on an umpire's feet with his spike, and for this offence was suspended for two weeks. Joe's position at the head of a club didn't have any effect with the league president. He was guilty of rowdy work, and a suspension followed. If we had something like this in lacrosse the games would be cleaner, faster and the results better.

Francis Ouimet, open golf champion of the United States, was eliminated with apparent ease from the British amateur championship by "Young" Tubbs, a boy player from Littlestone-on-Sea, England.

Bud Anderson wants a return match with Frank Barrieau under the straight rules in vogue on the American side, and his backers are willing to wager from \$1,000 to \$5,000 on a match under this style of milling.

According to a Chicago despatch, London, Eng., promoters will give Ritchie \$50,000 for a twenty-round bout with Freddie Welsh in that city on June 30, Ritchie to waive all privileges. Ritchie should close the deal without delay, for in the event of him receiving another walloping such as he received at the hands of Joe White the early part of the week, he would be in the Battling Nelson class.

In reply to a toast at a banquet Sir Thomas Lipton said: "It will be the America's cup good fortune to return to its native soil, and I hope, with the assistance of Mr. Nicholson, to gratify the wishes of my lifetime to bring it back. Mr. Nicholson has tried by the boldness of his design to give America a yachtsmen the greatest fight they ever had."

The Minto cup is tugging at its moorings in the Royal City, the Vancouver Athletics being responsible for the said tugging, and unless the Royals can bolster up, the coveted silverware will probably come back to Vancouver this season. The Athletics gave a display that surprised even their most ardent admirers. They have a classy aggregation of stick wielders that promises to keep the Salmonbellies on the move this season.—News-Advertiser.

Willie Ritchie is sidestepping Freddie Welsh because of the latter's fine record in fistiana, according to a Los Angeles writer. Ritchie, for some reason or other, is being given credit for being a terrible hitter, and has the reputation for having the hardest cross-counter of any lightweight in the game today in his class. Now, let us look up his record and see what he has really done. Of the forty-two fights he has had, he has won four by a knockout and one from Ad Wolgast on a foul when he won the championship. He has had three fights since he has been champion and won by a knockout when he defeated Joe Rivers, after Rivers had him beat to a frazzle. If Rivers had been as game as Willie, he would have been the champion today. This gives Willie credit for one knock out in every ten.

English Club Signs Three Scottish Players for Next Season

London, May 29.—All soccer clubs throughout England and Scotland have been busy re-engaging and obtaining fresh players for next season. Chelsea caused a big sensation last week by securing the transfers of three famous Scottish league players: Coling Hampton from Motherwell, James A. Croal from Falkirk and R. McNeil from the Hamilton Academicals, the latter for the big price of \$11,250.

Manchester United, which fell away during the season, greatly strengthened its defence by capturing P. O'Connell, the Irish international centre half-back, from Hull City, while Sunderland was fortunate enough to secure Dundee's crack centre forward, G. Phillip. Celtic caused no surprise by re-signing all its splendid players, who won both the Scottish cup and the championship of the Scottish league. Craig, of Morton, has joined the Rangers for next season.

Royal Standard Date Cookies

Recipe No. 11.—Cut out and paste in your Recipe Book.
 Two cups ROYAL STANDARD rolled oats; 1 cup brown sugar; 1/2 cup lard; 3/4 cups sour milk; 1 teaspoonful salt; 1/2 cup butter; 1 teaspoonful baking soda; 1 package dates. Melt the shortening. Add brown sugar, rolled oats, flour and salt. Put teaspoonful soda into the sour milk and mix all together. Stone one package of dates, add a little water and then put on stove for about 15 minutes, add about half cup sugar. Roll dough thin and cut into rounds with a glass. Bake for about 15 minutes. Place date in centre. BETTY BROWN.

THE proof of the pudding is in the flour

just as much as in the eating. You can prove this to your entire satisfaction by making these popular date cookies with just "flour" and then with ROYAL STANDARD. Every day housewives are learning that old recipes can be made to taste like new ones by just substituting ROYAL STANDARD in place of ordinary flour. We say "money back if not absolutely satisfactory" in order that you may try ROYAL STANDARD without one cent of risk.

CALGARY NOW HAS STOCK EXCHANGE

Business in Oil Shares Active—Companies With Large Capitalization Organized

Calgary, May 29.—Despite the fact that Monday was a holiday, there was little or note abatement in the oil stock business. Large numbers of shares were bought and sold and prices for the stocks of the leading companies were well maintained. There are fifty-seven companies operating in the city.

These companies control an aggregate of 378,394 acres. Their capitalization is \$46,386,000 and the shares number 62,022,750. The par value of the shares of 43 of the companies is \$1, while the par value of six others is \$10 and of one \$1,000, the latter company issuing only 250 shares. Last week no fewer than 89 applications for incorporation were received at the offices of the provincial secretary, the approximate capitalization of the companies amounting to \$150,000,000.

An organization meeting of the Calgary Stock exchange was held Monday. The exchange will be in full operation within a few days, and it cannot get down to business too soon to please the owners of the stock. The great majority of the brokers are charging 10 per cent. on all deals they put through, whereas the stock exchange will do business on the same scale of rates as are charged at Toronto.

E. Trowbridge, deputy provincial secretary, has been in the city, and after making careful investigation, found that things were in as good shape as could reasonably be expected when the great rush of the week was considered. As far as Mr. Trowbridge could discover, there were no companies operating in Calgary who had not complied with every letter of the law.

Driller Brown of the Dingman well, where the strike was made, states that when the well is drilled deeper disclosures are liable to be made that will astound the world. It was certain, he declared, that the filtered fluid now coming out of the well came from a heavy base oil, and that this deposit must be one of vast magnitude. Twelve wells are now being drilled, and machinery is being rushed into the district as fast as it can be supplied by the manufacturers. The utmost confidence prevails as to the future of the oil fields.
