

EARL GREY'S RIFLES DISBANDMENT IN COMMONS

SIXTEEN MILLIONS FOR GRAND TRUNK-STRIKE ENGINEERS AND FIREMEN--G.T.P. NOT INVOKED

GRAHAM ISLAND OIL WELLS WILL SOON BE A SENSATION

REPORTS FROM DRILLING BY PRIVATE SYNDICATE SHOWS
GOOD PROSPECTS--MANY VANCOUVER MEN ARE
INTERESTED IN OPERATIONS

Calgary is evidently not going to have a monopoly of the oil boom. The oil indications on Graham island are coming into public prominence and active operations are expected to develop something there very soon. J. W. Couvert, a mining engineer who has just gone south from an investigation of the oil fields at Otard Bay, Graham island, recommends Vancouver investors to get in on it. One private syndicate has a well down 850 feet and with the indications running true to form another 450 feet at a cost of a

few thousand dollars should give them oil. At 600 feet hot water was struck, which is a sure indication of a gusher in the Texas oil fields. He has great faith that oil will be found there. As a result of this and other reports which have recently gone out, several Vancouver speculators have already gone into the field. The John last night took a number of oil parties over to the islands. There is every indication that the Graham island fields will cause some sensation very quickly.

ADMISSION OF HINDUS AIRED ON FLOOR HOUSE OF COMMONS

PREMIER BORDEN SIMPLY REGRETS AND SAYS NOTHING--
DR. ROCHE SAYS LAW WILL BE MADE STRONG
ENOUGH TO KEEP THEM OUT

(Special to The Daily News.)
Ottawa, June 2.—In the commons yesterday there was a discussion regarding the Hindus who are seeking admission at Vancouver.

Premier Borden expressed regret at the incident, and Dr. Roche declared that if the present law was not strong enough to keep them out the government would make a new law.

ROYAL COMMISSION TO CONSIDER DISASTER

(Special to The Daily News.)
Quebec, June 2.—A royal commission of two admiralty judges and a representative of the British board of trade will consider the Empress disaster on June 9. The captains of both vessels blame each other for the accident.

Heartrending scenes were witnessed at the morgue in this city. There were five claimants to the body of one little fair-haired girl.

Money Next Year

The city council is in receipt of a letter from the provincial minister of public works to the effect that the \$35,000 for the Morse creek bridge will be placed in the estimates next year. The mayor said this was a guarantee and that the bank might advance the money if the bridge is gone ahead with. The government further states that they will not pay more than \$35,000.

Is It B. C. Lumber

The Prince Rupert Lumber Co. sent a communication to the city council to the effect that if the lumber used by the successful bidder for the city contract is not B. C. lumber that all the mills of British Columbia will enter a vigorous protest. The council fyled the communication. The lumber is being supplied by the Westholme Lumber Company from the south.

CITY WILL CELEBRATE CANADA'S NATAL DAY

Application of Canadian Fraternity for Grant Left to the Finance Committee

Rev. Canon Rix, Dr. Clayton and M. M. Stephens represented a committee from the Canadian Fraternity before the city council last evening. They announced that the organization, which is a new one in the city, intended holding a celebration in the city on Dominion day and asked the co-operation and financial assistance of the city council. The fraternity would support the council if the council would take hold of it or would take charge and co-operate with other organizations.

Ald. Montgomery thought that there are too many of these societies representing different parts of the empire. He was assured by the delegates that this is not a "little Canada" organization and that all societies are invited to participate in the celebration.

Ald. Maitland and Montgomery moved that the city council endorse the idea, asking all societies to co-operate.

The mayor did not want to see the celebration interfere with fair or the Grand Trunk opening celebration.

Ald. Morrissey thought this day should come ahead of all others.

The question was referred to the finance committee to discuss with the fraternity.

INVADING HINDUS LOOKING FOR TROUBLE

(Special to The Daily News.)
Vancouver, June 2.—The Hindus aboard the Komogato Maru have threatened the immigration guards and the officers had to be withdrawn. An armed patrol is continuing to patrol around the vessel in a launch.

The request for Wm. Grant re the plumbing in Otto Nelson's building was reported on by the city engineer and building inspector to the council last evening. They recommended that text of the building bylaw be adhered to and the council adopted the report. The error arose through a misunderstanding on the part of the plumber.

Recent photographs published of the Empress of Ireland do not look a particle like the one published by the local paper. Wonder why?

ADMITS THE DEAL

The city council last evening received a communication from William Manson, M. P., admitting that the Prince Rupert Hydro-Electric Co. had their plans before the provincial government to enter the streets of Prince Rupert. This announcement was made in The Daily News some time ago but those frenzied champions of the city's franchise refused to move to protest or protect the city's interests. William Manson himself is now trying to shift the blame on the city council and advises the council to make a protest. This the council has done in a telegram to the minister of mines, but the warning comes too late; the deal has already been consummated. Owing to a crush of news matter the publication of Wm. Manson's letters and further details will be published in tomorrow's paper.

PREFERENCE GIVEN TO MARRIED MEN

City Council in Favor of Employing the Benedicts First

Prince Rupert city council favors married men and those with a family. The policy of giving city work to the benedicts was passed on last evening. The committee on the grading of the recreation grounds reported last night recommending that the work be done by day labor.

Ald. Basso-Bert suggested that the foreman on the job should employ married men.

Ald. Morrissey did not approve of a foreman with his hands in his pockets. He wanted a working foreman. Also he thought a blacksmith an extravagance.

Ald. Montgomery and Ald. Maitland supported Ald. Basso-Bert's suggestion, but Ald. Dybhavn could see no reason for bringing the question up, as there had been no complaints.

Ald. Morrissey said that the gangs might be divided and each given half a month.

Ald. Montgomery said it was a poor scheme.

The suggestion re married men stands.

Empress Theatre

Last evening the masterpiece feature bill at the Empress was played to a large and highly appreciative audience. The Homer "Odyssey" pictures opened the bill. No expense has been spared to render this great old Grecian story to perfection, the scenic effects being wonderful, the costumes gorgeous, accurate and artistic, the acting superb. It is a revelation of the art of modern photography. The wonderful illusion of the giant 20 feet high, the mermaids, the piercing of a man's heart by an arrow, the scene of the burning of the city of Troy, the blinding of the giant by burning out his single eye, are but a few of the sensational incidents which invite the close attention of the audience from start to finish, and is followed by the story immortalized by Alexander Dumas in "D'Aragnan" and "The Four Musketeers," in which Cardinal Richelieu figures so conspicuously. The feature film "Cardinal Richelieu" is taken from history and fully carries out the different incidents in the great cardinal's life. This is a hand colored production and gives an exact representation of colors and closely approaches the wonderful harmony of nature itself. This feature should be seen by everyone, especially school children, as it gives them an insight into the life of France's most eminent statesman.

Miss Marie Shepard's rendering of her latest successes greatly added to the charm of the program. She has a rich and sweet voice and a charming personality that captivates her audience. That her numbers were spontaneously encored indicates that she will prove herself the most popular singer Rupert has had. Her first, "Sing Me the Rosary" was perhaps the greatest favorite of the evening. The entire program will be repeated this evening.

Helen Gardner in "Cleopatra" (six reels) coming for Wednesday and Thursday.

The question of extending a civic welcome to the Masonic grand lodge, which meets here on June 18, was discussed at the city council last evening. It was decided the mayor should arrange to extend the usual courtesies.

Admiral Alexander of the Admiral line of steamers made his first visit to Prince Rupert yesterday and is greatly impressed with the G. T. P. terminal. He thinks it quite probable that the Admiral line will arrange to make Rupert a port of call on the northern route.

EARL GREY'S RIFLES' CHARGE DISCUSSED IN PARLIAMENT

MEMBER FOR COMOX-ATLIN DENIED THERE WAS POLITICS
AND CLAIMED CAPT. STORK WAS ONLY ONE RESPONSIBLE FOR TALK

(Special to The Daily News.)
Ottawa, June 2.—Yesterday in the house of commons, while military matters were being discussed, the question of the disbandment of Earl Grey's Rifles in Prince Rupert came up. Explanation was required as to why a company in good standing

should be disbanded in an irregular way. It had been charged that the reason was to get rid of Captain Stork for political reasons. H. S. Clements said that the only people who objected to the disbandment were Captain Stork and his friends.

SIXTEEN MILLIONS BONDS WILL BE ADVANCED TO G. T. P.

GOVERNMENT WILL TAKE AS SECURITY THE WESTERN
SECTION AND LAKE SUPERIOR DIVISION--IMPLEMENTING PROVISION OMITTED

(Special to The Daily News.)
Ottawa, June 2.—A resolution was introduced in the house today providing for the guarantee of sixteen million dollars of bonds to complete the mountain

section of the Grand Trunk Pacific. It will be secured by a mortgage on the whole western section and the Lake Superior division, with the implementing provision omitted.

BRITISH AIR FLEET HELD MANOEUVRES

(Special to The Daily News.)
London, June 2.—The greatest mobilization of the British aero fleet are now taking place on the Salisbury plains. Five squadrons of air craft are taking part in the manoeuvres.

Will Accept \$17,000

As a result of the meeting between representatives of the school board and the finance committee of the city council, the school board has decided to accept the \$17,000 secured from the \$20,000 worth of school debentures. This amount will be used for building, heating and wiring, and the furniture will be supplied out of general school funds.

Appointed Umpires

The officers of the Prince Rupert Baseball league held their first meeting yesterday, and besides handling regular business the following umpires were appointed: Fred Wallace, Harry Brooks and Bud Corley. The four officers of the league were present: Messrs. Tite, Vance, Cole, and Stork.

Collected \$17,000

Yesterday was a big day at the city treasurer's office. About \$17,000 was taken in on local improvements, besides the usual monthly accounts. Local improvement taxes are not coming in any quicker than in previous years in spite of the 12 per cent. now imposed on delinquents. Last year there was \$31,000, or 33 per cent., outstanding local improvement taxes. This year the percentage will be about the same, but the amount will be higher.

C. C.'s WON BALL GAME

The baseball match between the C. C.'s and Terminals on Market place last night proved a spectacular affair for the spectators, with lots of fun and excitement. There was some heavy batting and numerous errors, which combined piled up a big score. The C. C.'s won by 22 points to 10.

Terminals. 2 0 10 4 0 1 0 5--22
C. C. ... 2 4 1 1 0 0 1 1--10

Messrs. Burnett & Turner have entered a protest against their taxes for local improvements on the lane back of their property in section one. The question was left to the city solicitor to reply to. W. H. Evans made a similar protest and the city solicitor will reply.

CARDINAL RICHELIEU'S WARD

Four-reel Feature at Westholme
Wednesday and Thursday

The next feature at the Westholme opera house is the great four-reel Thanhouser production "Cardinal Richelieu's Ward" to be shown Wednesday and Thursday. This great feature has no connection whatever with any other pictures of the same subject made some years ago. It is a new release by the famous Thanhouser company and presents the intensely interesting story of the great Cardinal Richelieu in full detail, with correct costuming and sensational scenic effects. In addition to this great picture, which alone is worth more than the price of admission, a side-splitting two-reel Keystone comedy entitled "In the Clutches of the Gang" will be shown, with the inimitable Ford Sterling (Dutchy) in the title role.

Hard Row for Hotel Bylaw

There is evidently a thorny path ahead of the bylaw to increase the accommodation of licensed hotels in the city. When the first reading of the bylaw came up in the city council last evening in accordance with the motion passed a week ago, there was a protest from the opponents.

Ald. Montgomery demanded the yeas and nays on the question. The mayor did not think it necessary, but Ald. Montgomery repeated his demand and the vote was called.

Yeas—Mayor Newton, Ald. Dybhavn, McLynnott, Kerr and Morrissey.

Against the bylaw—Ald. Passo Bert, Morrison, Maitland and Montgomery.

It was proposed to suspend the order of the procedure bylaw and give the bill its second reading, but this was objected to and there was not a two-thirds vote in favor to force it through.

Longshoreman Succumbs

Joseph Lewis, a longshoreman who was taken to the hospital last evening suffering from a chronic case of kidney disease, died this forenoon at 11.30. He was a man of about 35 years of age.

Miss Pattison of the Prince Rupert hospital staff left for Seattle on the Prince Rupert yesterday, where she will attend her sister's graduation on June 7. Miss Pattison is herself a graduate of Dublin and has made many friends during her twelve months residence here.

The Empress Theatre

TO-NIGHT AND TUESDAY

Extraordinary Engagement of the Greatest Feature in Canada

HOMER'S ODYSSEY, (in 3 reels)

The \$200,000 Sensation of the World. See the Giant 20 feet high, the Swimming Mermaids, the Burning of the City of Troy, the Sacred Cattle, the Devouring Monsters for over 2000 more pictures. A story 5000 years old; the talk of Europe and America. Over 1000 men and women in the production; and

CARDINAL RICHIEU

IN THREE REELS

Hand colored. A historical, powerful, sensational drama showing Cardinal Richelieu historically correct. This feature, the entire 3,000 feet, are hand colored, taking over a year to paint; and

DAILY EDITION

Tuesday, June 2, 1914

"I want to go on record as being opposed to this proposition," declared Alphonse Verville, the member for Maisonneuve, in speaking recently in the commons of Premier Borden's proposal to give to Mackenzie and Mann a further bond guarantee of \$45,000,000. For a term of years Mr. Verville held office as president of the Dominion Trades and Labor congress. Today he sits in parliament as a Labor member.

In his speech Mr. Verville was clear-cut and emphatic on two points. He strongly opposed the plan to pledge the country further for the benefit of Mackenzie and Mann and he was strongly in favor of public ownership of Canadian railways.

"I have heard, as has every member of the house," he said, "that Mackenzie and Mann are worth millions of dollars. If there is one reason more than another why I object to Mackenzie and Mann coming to this house it is because they are members of this get-rich-quick society. They are responsible for the much talked of coal strike on Vancouver island. It has not been mentioned in this house before but every member knows that this famous strike was started in the mines of Mackenzie and Mann. If they are so rich, why could they not grant the reasonable demands of the men? Why have they not shown some justice in that matter?"

"Every time Mackenzie and Mann come before this house it seems to me that they have more friends than any other company. On two occasions I have heard gentlemen in this house state that they have been indirectly threatened by

Mackenzie and Mann. What power is behind their threats? Is it the mighty power of their money, or something else?"

Mr. Verville pointed out further that since Canada would be liable for the \$45,000,000 represented by the proposed guarantee, the passage of the government's proposal was equivalent to placing a liability or mortgage upon every citizen of the Dominion. In return for this, what are the people to receive? They are to become minority stockholders in a company controlled by Mackenzie and Mann. Labor's representative did not mince words in dealing with this phase of the case.

"It has been said," Hansard reports him as saying, "that we are going into partnership with Mackenzie and Mann. I, for one, do not want to go into partnership with these gentlemen because if they were absolutely honest I believe they would have put their own fortunes into this enterprise. We are told that we are going to have forty per cent. of the common stock of the company. I have read enough of trusts and mergers and over-capitalization to know how much that is worth. . . . I would favor even a greater guarantee than this \$45,000,000 providing we get control of the company. If it is necessary let us eliminate altogether Mackenzie and Mann. I want to go on record as being opposed to this proposition. I do not want to be charged by the people of this country with having gone into partnership with Mackenzie and Mann. I would rather go into partnership with anybody else than these gentlemen."

CHARGES OF CLAIM-JUMPING WITH RECORDER'S CONNIVANCE

DEPUTY MINISTER OF MINES ADVISES OWNERS TO GO TO LAW AND ESTABLISH CLAIMS—WORK ON PROPERTY HAS BEEN STOPPED

Editor Daily News.

Sir: In the case of the Rush-Portland Mining Co. of Stewart the local mining recorder permitted a claim-jumper (a road employee, by the way) to locate and record ground that the company had occupied without question for years and upon which they had driven 110 feet of tunnel. The contesting claim is based upon the manner of the Rush-Portland location, which is not quite regular owing to the nature of the ground. Although a location notice fully describing the manner of location had been accepted for record, assessment work duly recorded, and the free miner's certificate kept up regularly, the mining recorder, ignoring the provisions of section 36 of the mineral act and the palpable perjury committed in recording this claim, says over his signature that the company has no legal right to this ground.

In the present case the claim-jumper has watched the development of this claim from the beginning, the building of a camp, the completion of a horse-trail, and the shipment of ore. Now, with what encouragement I leave the public to infer, he locates and records these improvements, announces to his friends that he has located these improvements, and endeavors to sell his claim, representing as an inducement that it contains the Rush-Portland improvements.

Of course, without the sympathetic attitude of the local mining recorder no such bare-faced fraud would be attempted, and although in flagrant cases of claim-jumping the attorney-general may initiate action against the claim-jumper for perjury, it was not to be expected that Mr. Bowser would checkmate the policy of his subordinates. Mr. Bowser turns the matter over to Mr. Tolmie, deputy minister of mines, who says in substance: "Engage in litigation." with the well understood corollary: "If your purse is long enough to combat this and similar difficulties that will be prepared for you, you may be permitted to hold the ground that you have located, occupied and improved for years. Otherwise

the receiver will take care of you."

Owing to this admirable ruling the property lies idle, although preparation had been made for working this summer. It is now up to the ring to buy out the claim-jumper and see if they can get title to the Rush-Portland improvements.

WILLIAM W. RUSH,
President and Manager Rush-Portland Mining Company.

BRITAIN KEEPS SECRET OF SAFETY AEROPLANE

King Is Enthusiastic After Witnessing Flight—Problem Yet to Be Solved

London, June 1.—It is stated that the government wishes to maintain the secret of the new safety aeroplane which is the property of the war department. While this would give a great advantage to the British army aerial service, it is pointed out by some that it would be against the interests of humanity in the conquest of the air. The King is enthusiastic over the new machine. After witnessing a flight at Aldershot he exclaimed: "Why haven't you a hundred of these in the army?"

Colonel Seely, secretary for war, in an interview said the invention of the machine was due to the brains of many men. Four organizations had played a part, namely: the national physical

laboratory, the advisory committee on aeronautics, the royal aircraft factory and experimental fliers.

"The new aeroplane," he said, "is inherently not automatically stable, that is to say its stability depends on its shape, not on any mechanical attachment. The secret can be applied to the monoplane as well as to the biplane. The new aeroplane, which is all British and all the product of British brains except the engine, has been put to all manner of trials. It has been flown in a gale, flung at air pockets and eddies and banked steeply, and has proved stable in all ways. A novice can quite safely control it in the air, but still the greatest problem of all remains to be solved—that of safe landing. I have flown hundreds of miles, and know that this is one thing that is checking the advance of flying."

District Fair Dates

The following are the dates of the district fair fairs as approved of by the provincial government:

Bulkley Valley, Telkwa, September 10.

Fort George, September 24-25.

Prince Rupert, September 30 and October 1 and 2.

Bella Coola, October 9.

Graham Island, Lawn Hill, not yet fixed.

WHERE THE PEACE MEDIATORS ARE MEETING

New picture of the exterior of the Clifton house, Niagara Falls, where the A. B. C. G. mediators are assembled to discuss the troubles of the United States and Mexico, also of the ballroom of the hotel where the meetings are being held, and the rotunda, where two or three hundred newspaper writers and artists do most of their news gathering.

CONDITION OF WINTER WHEAT AWAY AHEAD OF LAST YEAR

MILD WINTER IN MIDDLE WEST HAD GOOD EFFECTS—SPRING LATE ALL OVER THE COUNTRY BUT CONDITIONS FAVORABLE

Ottawa, May 30.—The census and statistics office in a bulletin issued recently states that according to returns made by its crop correspondents, made on May 6, about 19 per cent. of the area sown to fall wheat in Ontario has been winter-killed, this percentage representing a reduction of 132,000 acres, that is from 694,000 acres, the area sown, to 562,000 acres, the area expected to be harvested. In Alberta, the other large fall wheat province, fall wheat has been killed to the extent of 15.6 per cent., representing 36,000 acres, which will make the area to be harvested 193,000 acres instead of 229,000 acres, the area sown last fall. At the corresponding date last year the percentages reported of fall wheat killed during the winter of 1912-13 were for Ontario 18 per cent. and for Alberta 43.5 per cent., so that whilst the winter-killing of wheat in Ontario this year is slightly more than it was last year, in Alberta it is very considerably less, this favorable result being attributable to the mild winter in the west. The total area estimated to be sown to fall wheat, including besides Ontario and Alberta, 3,000 acres in Manitoba, 78,000 acres in Saskatchewan and 2,700 acres in British Columbia, was 1,066,700, now reduced by winter-killing in Ontario and Alberta to 838,700 acres.

The condition of fall wheat on May 6 was in Ontario returned as 81.3 per cent. and in Alberta as 87.3 per cent. of a standard representing the promise of a full crop, the percentages on April 30, 1913, being 83.4 per cent. in Ontario and 76 per cent. in Alberta. For all Canada, the condition of fall wheat on May 6 this year was 83 per cent. of the standard, or 103 per cent. of the average condition of the past five years represented by 100. On April 30, 1913, the corresponding figures of condition of fall wheat for all Canada were 82 per cent. of a standard of 101 per cent. of the average condition of the previous four years. The condition of the fall wheat crop this year is, in fact, superior to that of any year since 1910, when the record was over 89 per cent. of the standard.

Upon the whole, spring seeding was well advanced except in the maritime provinces, where the spring this year is reported as abnormally late, and in Quebec, where not more than from 3 to 5 per cent. of spring seeding was reported to have been done by May 6. In Ontario at this date about 24 per cent. of wheat, 43 per cent. of oats and 41 per cent. of barley had been got in, and 40 per cent. of the total seeding was reported as completed on May 6 as against the same proportion last year on April 30. In Manitoba 57, in

Saskatchewan 79 and in Alberta 88 per cent. of the spring wheat crop was reported as seeded by May 6 these proportions comparing favorably with the progress reported last year on April 30. For the five provinces of Quebec, Ontario, Manitoba, Saskatchewan and Alberta the proportion of seeding reported as effected on May 6 was about 48 per cent. for wheat, 23 per cent. for oats, 16 per cent. for barley and 37 per cent. for all crops.

About 14 per cent. of the area in hay and clover meadows is reported as winter-killed as compared with 22 per cent. last year. The average condition of these crops on May 6 was 86.7 per cent. as compared with 89.6 per cent. last year and 74.6 in 1912. The condition of the live stock remains generally satisfactory, being reported for all Canada as over 90 per cent. of a standard representing a healthy and thrifty state.

Moved to Endako

Dr. Stone, who has been connected with the medical staff of the Hazelton hospital for some time, has accepted an appointment as medical attendant for the G. T. P. at Endako, and he leaves for that place about June 1. His place will be taken by Dr. A. F. McCauley of Vancouver. Dr. Stone will be missed in this district by his large number of friends with whom he was deservedly popular.—Herald.

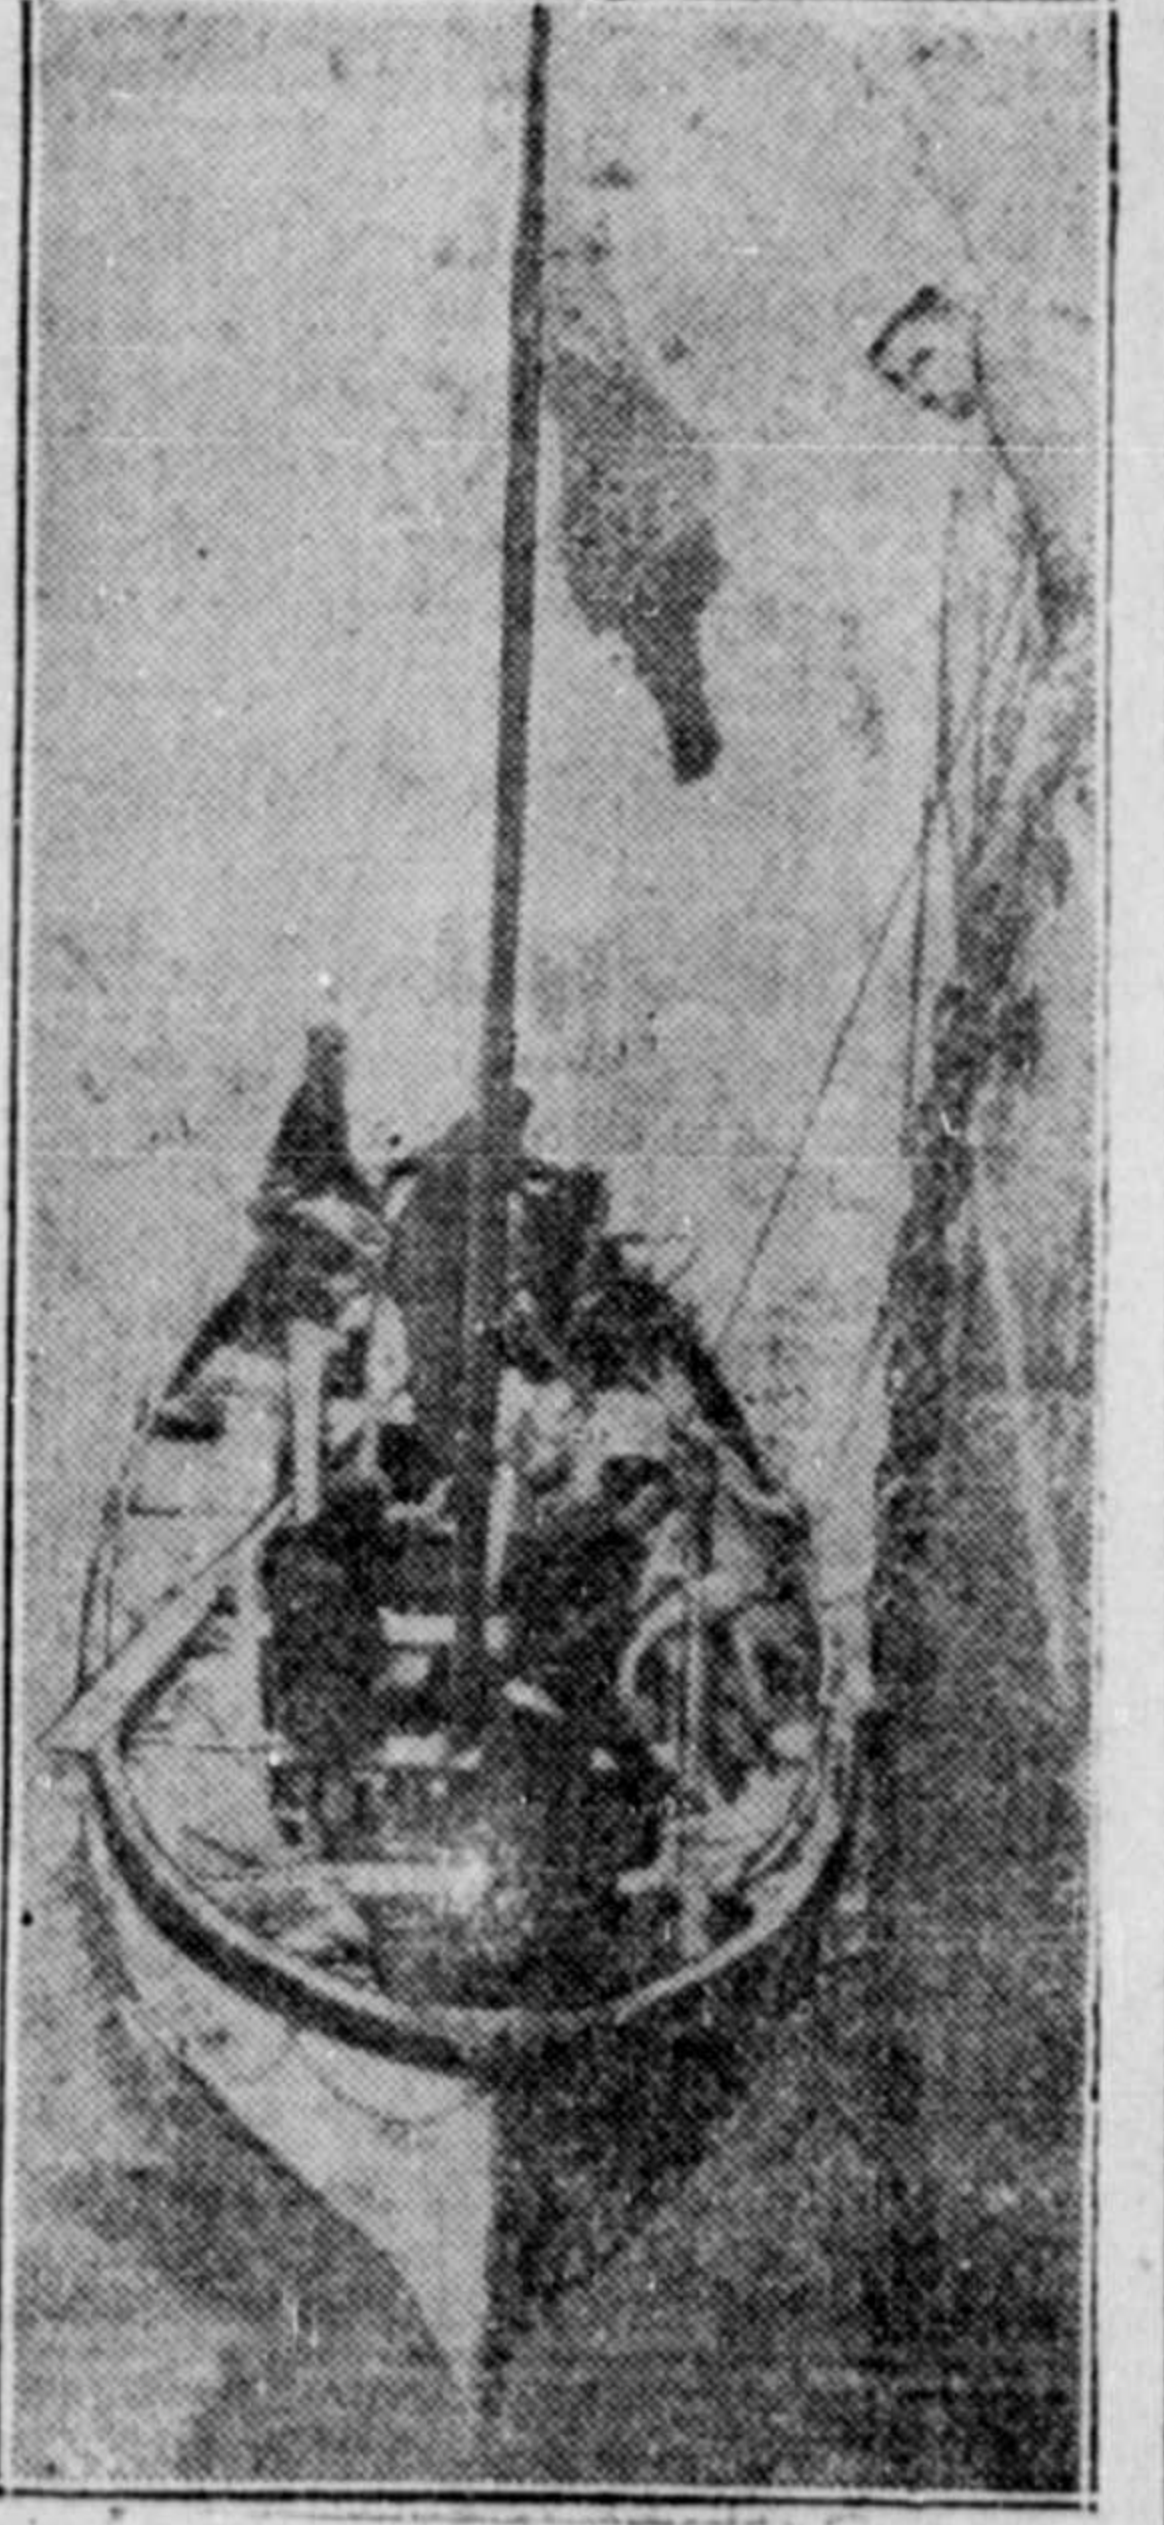

NEWSBOYS' CONTEST

Every boy who sells The Daily News has a chance to win a new suit of clothes every month. We give a ticket with every five papers sold and on June 15 a drawing of all the tickets will take place and the lucky boy gets a new suit of clothes. Boys, begin to sell The Daily News at once.

Officers Elected

At a meeting of the Knights of Pythias last night the election of officers was held. The following were selected for the different posts: Chancellor commander, R. M. McIntosh; vice-chancellor, R. McKay; prelate, C. Rogers; master of works, J. M. Landes; master of finance, J. M. Davis; master of exchequer, F. Shaw; master-at-arms, W. Hume; inner guard, A. Burtland; outer guard, F. M. Davis.

The Prince Rupert Lumber Co. are in a position to quote extra low price on lime. 125-127

COLUMBIA'S BOAT REACHES RESCUERS

With four starving, enfeebled men aboard—all who were left of fifteen embarked on the burning Leyland liner Columbia—a little lifeboat which had tossed about the Atlantic for fourteen days, was picked up by the United States revenue cutter Seneca.

What everyone should know: People of discriminating taste dine at the G.T.P. Cafe. 83tf

BITS OF HUMOR

A widower who was married recently for the third time, and whose bride had been married once before herself, wrote across the bottom of the wedding invitations: "Be sure and come, this is no amateur performance."

"We miss President Wilson's quiet and trenchant wit sadly here at Princeton," said an instructor in Greek. "I remember at one of President Wilson's receptions, I complained of a man who boasted of his bad habits. 'When a man,' said the president, 'boasts of his bad habits, you may rest assured that they're the best he has!'"

A certain ex-governor of Texas was extravagantly fond of his dogs. One day he saw his youngest son kick a favorite blooded pup. "You unmannerly young cub!" roared the irate parent. "How dare you kick my dog? I'll teach you to behave yourself better, sir!" When the offender was soundly thrashed the father wiped the perspiration from his forehead. "Let this be a lesson to you," he said, "how to treat my dogs. And now that I think of it, you've been disrespectful to your mother of late, sir."

Really activity will soon commence; buy where the industries will locate. 102tf

A NEWSPAPER

for Prince Rupert and Northern B.C.

The Daily News goes into nearly every home in Prince Rupert. It is the popular newspaper of the city because it is clean and reliable. It has all the news of the city, and keeps in touch with events and topics interesting to Northern British Columbia. It treats these subjects with moderate optimism and reliability.

The Daily News is the most valuable paper to advertisers because it is read by the buying public. It has a bigger circulation than any other paper in the city. It is read by the class of people the advertisers want to talk to.

At the ball grounds last evening the boys collected \$12 from the fans in support of the game. The games are now attracting good crowds.

Mrs. W. Cartwright of Vancouver arrived on Saturday's boat on a visit to her son, Thos. E. Cartwright of Kirkpatrick's clothing store.

The Royal Cafe is the old, reliable, and popular dining place of the city. You can depend on getting the best cuisine and best service. 1261f

The best place in the city to lunch or dine is the Royal Cafe. The service and the menu can always be depended on. 1261f

A number of objections to the new bylaws for local improvements have been received by the city council. They have all been referred to the court of revision, which sits on the 4th.

The customs returns for the local port for the month of May showed that there were collections made upon dutiable goods entered at this port of \$11,539.

L. Bullock-Webster, secretary of the local exhibition association, has been elected to the position of an honorary vice-president of the Vancouver Exhibition association.

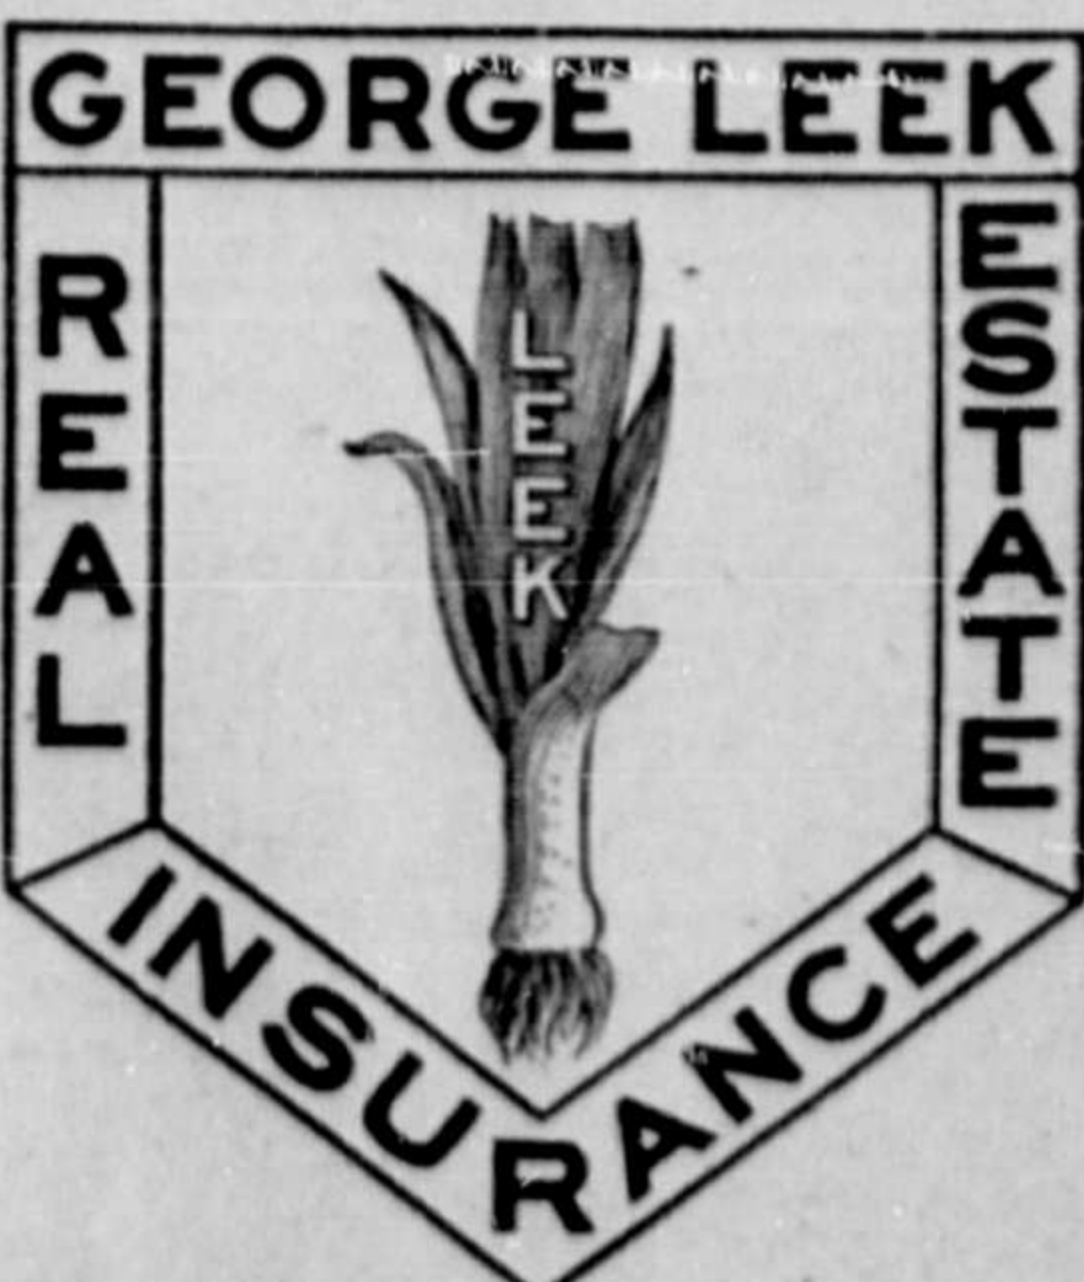

The city council has decided upon the advice of the city solicitor to appeal the judgment of Judge Burritt of the small debts court in awarding Rogers & Black \$82 on an old coal contract.

C. A. Allan has been authorized by the city council to take a number of moving pictures of the city for display in the picture houses of the continent. The appropriation is \$300. The agreement as prepared is not quite satisfactory to the council and will be revised.

The city building permits for May amounted to \$26,500. This is an increase over the same month last year. In fact practically every month shows an increase over the corresponding months of previous years.

E. H. Wilson of California, the mining man who spent a couple of weeks in Rupert recently, was one of the guests on the Admiral Sampson which called here yesterday. Mr. Wilson said he enjoyed the trip up the Alaskan coast immensely, but of all the places he visited he is mostly interested in Prince Rupert. He expects to return here in a couple of weeks to look into some mining properties in the district.

Among the visitors in the city yesterday off the Admiral Sampson was Capt. Grant of Seattle, one of the officers of the Pacific Stevedoring and Contracting Co., who do all the stevedoring work in this port. Capt. P. G. Groves, the local manager of the company, had the pleasure of showing a number of the visitors a portion of the newest and best city on the Pacific coast.

A. G. Nachbar left for the islands last evening.

H. S. Irwin, district forester, left this morning on the Leila R. for Bella Coola.

F. K. Wells, the man who discovered Surf Inlet mines, left last evening for a prospecting trip to the Queen Charlotte islands.

Capt. Nicholson left on the John last evening for a trip to Massett. He will also visit the other ports on Queen Charlotte islands.

Blair Fleming, the local representative of the Mooney Biscuit company, left yesterday on the Princess May for Skagway and a trip into Dawson in the interests of his firm. He will be absent about a month.

The fishing boat Stirratt arrived yesterday at the Cold Storage company's plant with 40,000 pounds of fish. The Stirratt is a three-dory boat. She was fishing south and missed the heavy weather of the past few days.

Wm. Manson, M. P. P., has temporarily abandoned advertising the road, the bridge and the court house. On his return from Victoria yesterday he said the provincial government would start the approach to the government wharf along Manson way at once.

The Prince Rupert Sash and Door company have the contract for installing a magnificent new altar for the Roman Catholic church. Mr. Pierce, the manager, did all the drafting himself, which reflects very favorably on his ability. Mr. Pierce has also made the drawing for the new Premier hotel bar which his company is installing.

ADVERTISE IN THE DAILY NEWS

COMPLETELY BROKEN DOWN

Another Lady Thinks "Fruit-a-tives"
Greatest Tonic In The World.

HAGERSVILLE, ONT., Aug. 26th, 1913. I can highly recommend "Fruit-a-tives" because they did me an awful lot of good. About four years ago, I commenced taking "Fruit-a-tives" for a general break-down and they did me a world of good. We bought a good many dollars' worth, but they did all that our advertising claims for them, and as I said before, I cannot speak too highly for them. Their action is so pleasant compared with other medicines, that I am glad to say so and I trust that some other woman may start taking "Fruit-a-tives" for I know the results will be all that you claim.

Mrs. W. N. KELLY.
