### GREAT COST OF PRINCE RUPERT RAILWAY TERMINALS--SOME OIL EXCITEMENT AT SQUAMISH

#### PRESBYTERIANS HAVE MADE CHOICE OF REV. H. R. GRANT

ENTHUSIASTIC GATHERING LAST NIGHT DECIDED TO CALL HIM TO BE MINISTER--WILL PREACH ON SUNDAY EVENING AS USUAL IN EMPRESS THEATRE

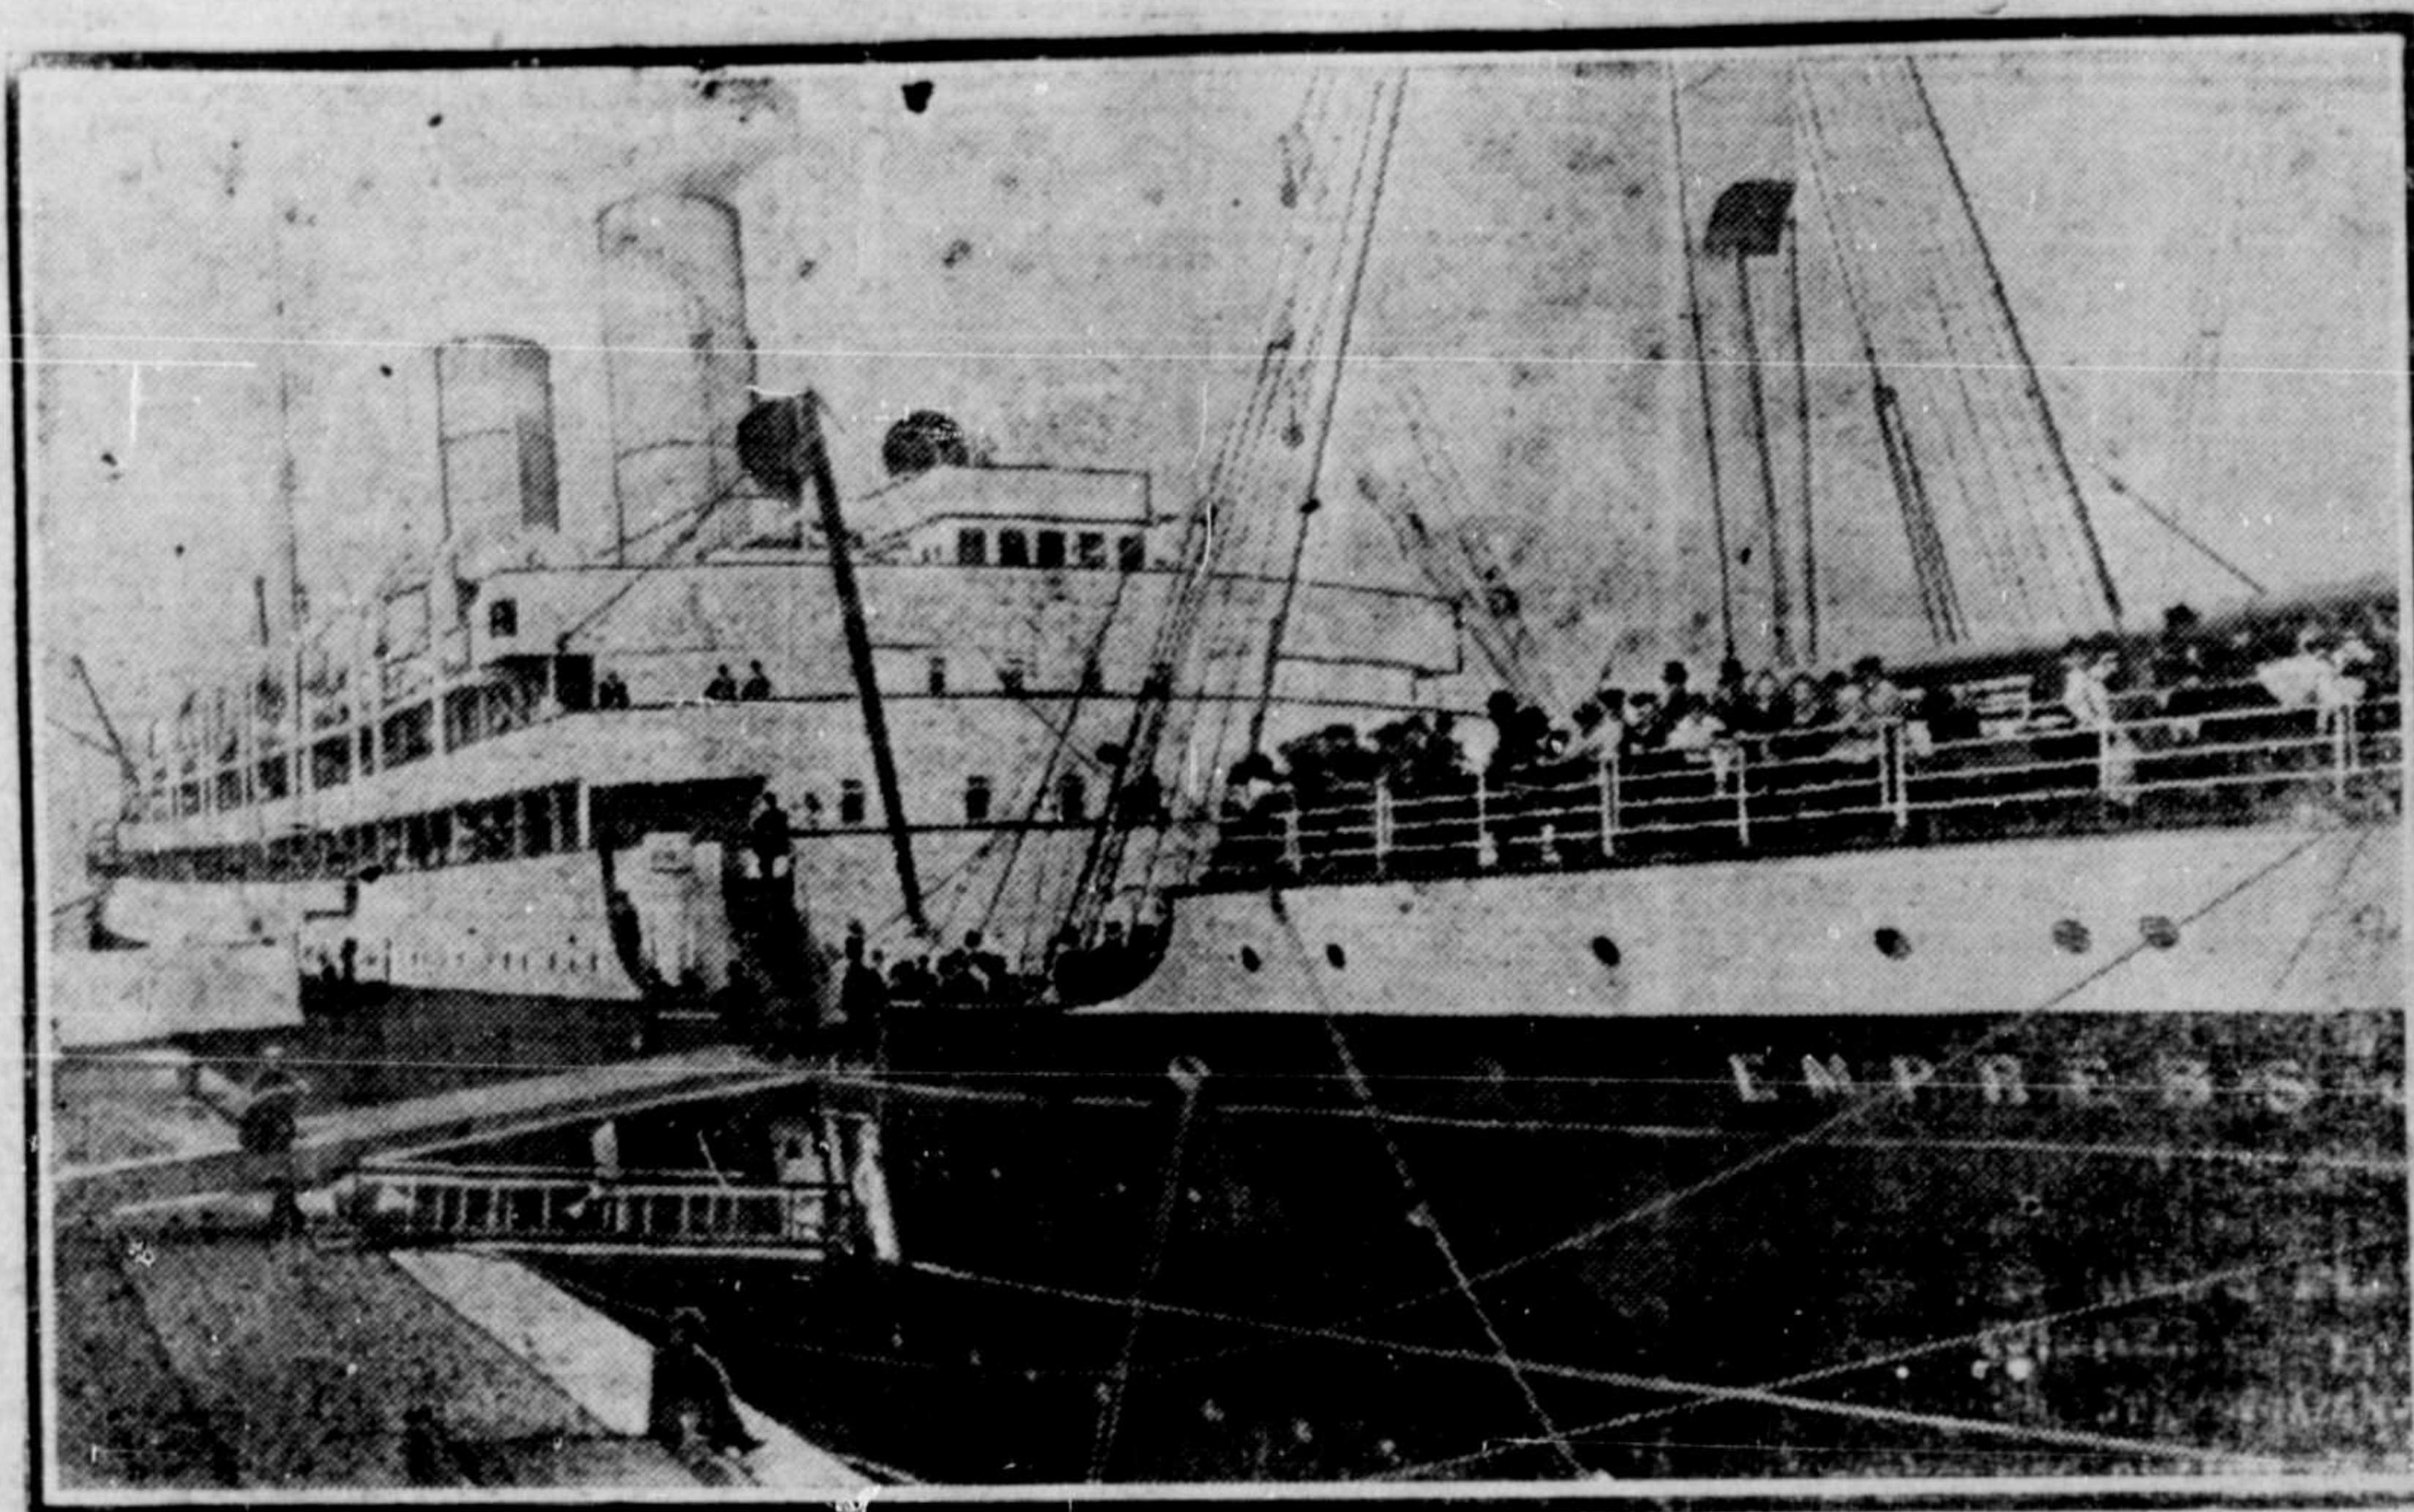

Rev. H. R. Grant, now supplying the Presbyterian pulpit here, was last night called to fill the vacancy caused by the departure of Rev. Mr. Kerr to New Westminster. Mr. Grant was not a candidate for the position. The committee had written to the moderator in Vancouver not to send a man who was open for a call. Mr. Grant was therefore sent to reside at a meeting when it was expected a call would be extended to one of the other clergymen considered by the committee. No sooner had the people heard Mr. Grant, however, than it became evident that he was the right man to fill the place, and steps were once taken to induce him to have his name placed before the people, and the hearty reception accorded to him last night is only an indication of his popularity.

While Mr. Grant is one of the ablest men in the church, he will be nobly assisted by Mrs. Grant, who is also here with her husband. Mrs. Grant will easily uphold the splendid traditions of the Canadian muse, which is saying a great deal. They have three children, the oldest a girl of 14, as well as Mrs. Grant's sister, who lives with them.

Mr. Grant, of course, will not give his final answer until the case has been heard before the presbytery, but it is understood that he will accept the call.

The services on Sunday night will be held as usual in the Empress theatre, as it was felt that a move to the church would mean that many would not be able to hear him on account of the limited accommodations.

#### PRINCE RUPERT TERMINALS COST ONE AND THIRD MILLIONS

PREMIER BORDEN EXPLAINS ENORMOUS COST OF WESTERN DIVISION OF G. T. P. IN HOUSE OF COMMONS

(Special to The Daily News)  
 Ottawa, June 6.—The Grand Trunk Pacific and bill to loan the company \$16,000,000 to complete the mountain division was under discussion last night. Premier Borden, in explaining the reason for the bill, said the cost of the western division had been greater than anticipated owing to labor conditions and other difficulties. The premier stated in showing the enormous cost, that the Prince Rupert terminals alone cost \$1,325,000.

#### WANT SHIP FRESH HERRING ON ICE TO FOREIGN PORTS

APPLICATION BY SOUTHERN B. C. REPRESENTATIVES HAS NOT BEEN SANCTIONED BY DOMINION GOVERNMENT

(Special to The Daily News)  
 Ottawa, June 6.—The revision of the fisheries regulations is now under consideration here. Application has been made by British Columbia representatives to permit the export of fresh herring in small packages, limited to 200 pounds, packed in ice. The department has not yet given its consent to this request. The object is to permit shipping fresh bait from the northern ports to Seattle.

AYS AEROPLANES AND SUBMARINES WILL DECIDE THE DAY—LONG ARTICLE IN TIMES IS FREELY DISCUSSED

London, June 6.—Rear-Admiral Sir Percy Scott states that battleships are of no further use in war. Submarines and aeroplanes will decide future naval warfare. Sir Percy has a long article in the Times, which is being freely discussed.

#### SHIPPING MACHINERY FOR BIG BRICK PLANT

Will Have Capacity of 40,000 and Be Ready in Three Months

The machinery for the Northern Brick and Tile Co. is now being shipped into the brick yard, located in Mile 87 up the Skeena. The equipment is the most modern that can be secured and includes two big 60-foot kilns now being unloaded at the G. T. P. wharf. These kilns will be put on flat cars by the wrecking crane.

The capacity of the new plant will be 40,000 brick per day, but at first it will only be operated for 25,000 per day.

In about three months it will be ready for business and can then ship in all the bricks Prince Rupert will need for some time.

Several local parties are interested in the company.

#### BOARD ACCEPTED PLANS NEW SCHOOL

New Building Will Have Eight Classrooms at Cost of \$15,000

The school board Thursday evening accepted the plans of J. E. Gilmore for the new school on Borden street. A few alterations were made. The new building will cost in the neighborhood of \$15,000. The building will have eight classrooms and be equipped with first class heating and ventilating plant. For the present the school will be used jointly as a high and public school, but later will be purely a high school.

Tenders for the new building will be called immediately, as the school is needed after the summer holidays.

#### "OUR MUTUAL GIRL"

Will Be Shown Tonight at the Westholme Theatre

Owing to the late arrival of the Princess Beatrice, it was impossible to show "Our Mutual Girl" at the Westholme theatre last night, much to the regret of a large and expectant audience. However, the rest of the program was so very good that all were satisfied in spite of this disappointment, and tonight the fourth instalment of "Our Mutual Girl" will be shown in addition to last night's program, making a very strong and attractive show. The management would like to hold this film over for Monday, but it is impossible as it has been booked ahead and must be returned on Monday's boat.

#### Entertained at Tea

Mrs. P. I. Palmer entertained her friends at tea yesterday afternoon from 4:30 to 6:30. Mrs. Tremayne and Mrs. Carss served tea and Mrs. Pillsbury attended to the ices. They were assisted by the Misses Carss, Jenns, Du Vernet, Rae, MacDonald and Saunders. The decorations were beautiful and consisted of gladiolas and lilies of the valley.

#### MORE NEW MEMBERS FOR BOARD OF TRADE

Monthly Meeting Received Good Reports Last Evening

The monthly meeting of the board of trade was held last evening in the board rooms. It was only a brief session to receive the monthly reports.

The commissioner's report told of the publicity work of the past month and made the statement that the board rooms are proving a source of convenience to visitors interested in the city and district.

The excursion committee reported on the arrangements for the Granby Bay excursion on July 15. They believe that the landing stage required for making Prince Rupert a checking in point for the around the world race will be a little expensive, but it will give good publicity to the city.

The last monthly luncheon netted \$7.50 profits. This month's is not arranged yet and may be held in the new Hotel Prince Rupert.

#### Wedding Bells

The marriage took place yesterday in Seattle of Miss Anna Rorvik of this city to Captain F. Selnes, fourth captain of the Widning & Independent Steamship company of Seattle. Miss Rorvik has lived in this city for a number of years and was very popular among the young people. She is a sister of the genial local captain of the same name, Capt. Selnes and bride will reside in Seattle.

#### EXCURSION TO GRANBY ARRANGED FOR JULY 15

Business Men's Outing Under the Auspices of Board of Trade

The completed plans for the first business men's excursion under the auspices of the board of trade, to Granby Bay and Stewart, was submitted at the regular monthly meeting of the board held last evening. A telegram has been received by Commissioner P. E. Godenrath from Ernest McGaffey, secretary of the bureau of provincial information, Victoria, accepting an invitation to be the principal speaker at luncheon on this occasion. The Prince Rupert will carry the party, which will number fully one hundred business men and their wives.

The excursion schedule will be as follows: Leave Prince Rupert at midnight Wednesday, July 15, arriving at Granby Bay at 6:30 a. m. the following morning. Five hours will be spent at that port and the excursionists will have ample opportunity to see in operation both the mine workings and big smelting plant of the Granby Consolidated Mining & Smelting Co. The steamer will leave there at 11 a. m. and luncheon will be served aboard. Leaving Observatory inlet, the Prince Rupert will go up Portland canal, arriving about 5:30 p. m. at Stewart. Here an opportunity will be given to spend two and a half hours on shore, and dinner will be served on the boat at 8 p. m. The Prince Rupert will arrive home the following morning at 7 a. m. It is also hoped to stage a concert in the evening, as there is considerable talent among the crew on the big vessel.

The round trip fare, including all meals and berths for the two nights at sea, has been placed at the low figure of \$12 for adults and half rate for children over 5 and under 12 years of age.

Since the excursion was first mooted over thirty people have given in their names to the commissioner to reserve tickets, and it is requested that those desirous of going on July 15 will advise the board at as early a date as possible. With a view to having a photographic record of the trip, the mines, smelter, etc., it is being arranged to have a representative of Gaumont's accompany the excursion. The board will also invite the mayor and council and the management of the Northern British Columbia Agricultural and Industrial association to participate.

#### PRINCE RUPERT WON FROM OLD HAZELTON

Sensational Game of Baseball Which Got the Fans All Talking

The first of the series of ball games between Old Hazelton and Prince Rupert proved a good one for the crowd—it was exciting, sensational, and had a popular ending. Today all the old time fans are talking of it, and this afternoon's game will get a big crowd.

There were several features in last night's game and one of them was a catch in right field by Wallace Anderson which saved two runs and the game. Fortin, the young Prince Rupert pitcher, played a heady game and won the admiration of the crowd. In the third innings Tobey, who is a veteran in the tactics of the game, got in a run by attempting a fake steal to third.

The game was won by Prince Rupert in the final inning. The boys, while boasting for the local club, admit they had all the luck and that the visitors show up better on form.

 DAILY EDITION  Saturday, June 6, 1914

What a lot of the world's wisdom holds its place because of the poetry in which it is embodied forth. Say something in a catchy, breezy manner and it will carry more weight than all the logic in the world. The march of science is slow and the folklore of the ages is still in full swing.

This, however, does not mean that the thoughts of men are similar to those of their fathers. Superstition in many cases has lost its sway. Even the eternal verities of the past are the "piffle" of the present. The modern man will tell you that he is a materialist, although very often he doesn't know what that means. Some genius has said so in a fetching way and all the world trots after him and accepts as gospel the "piffle" of poetry.

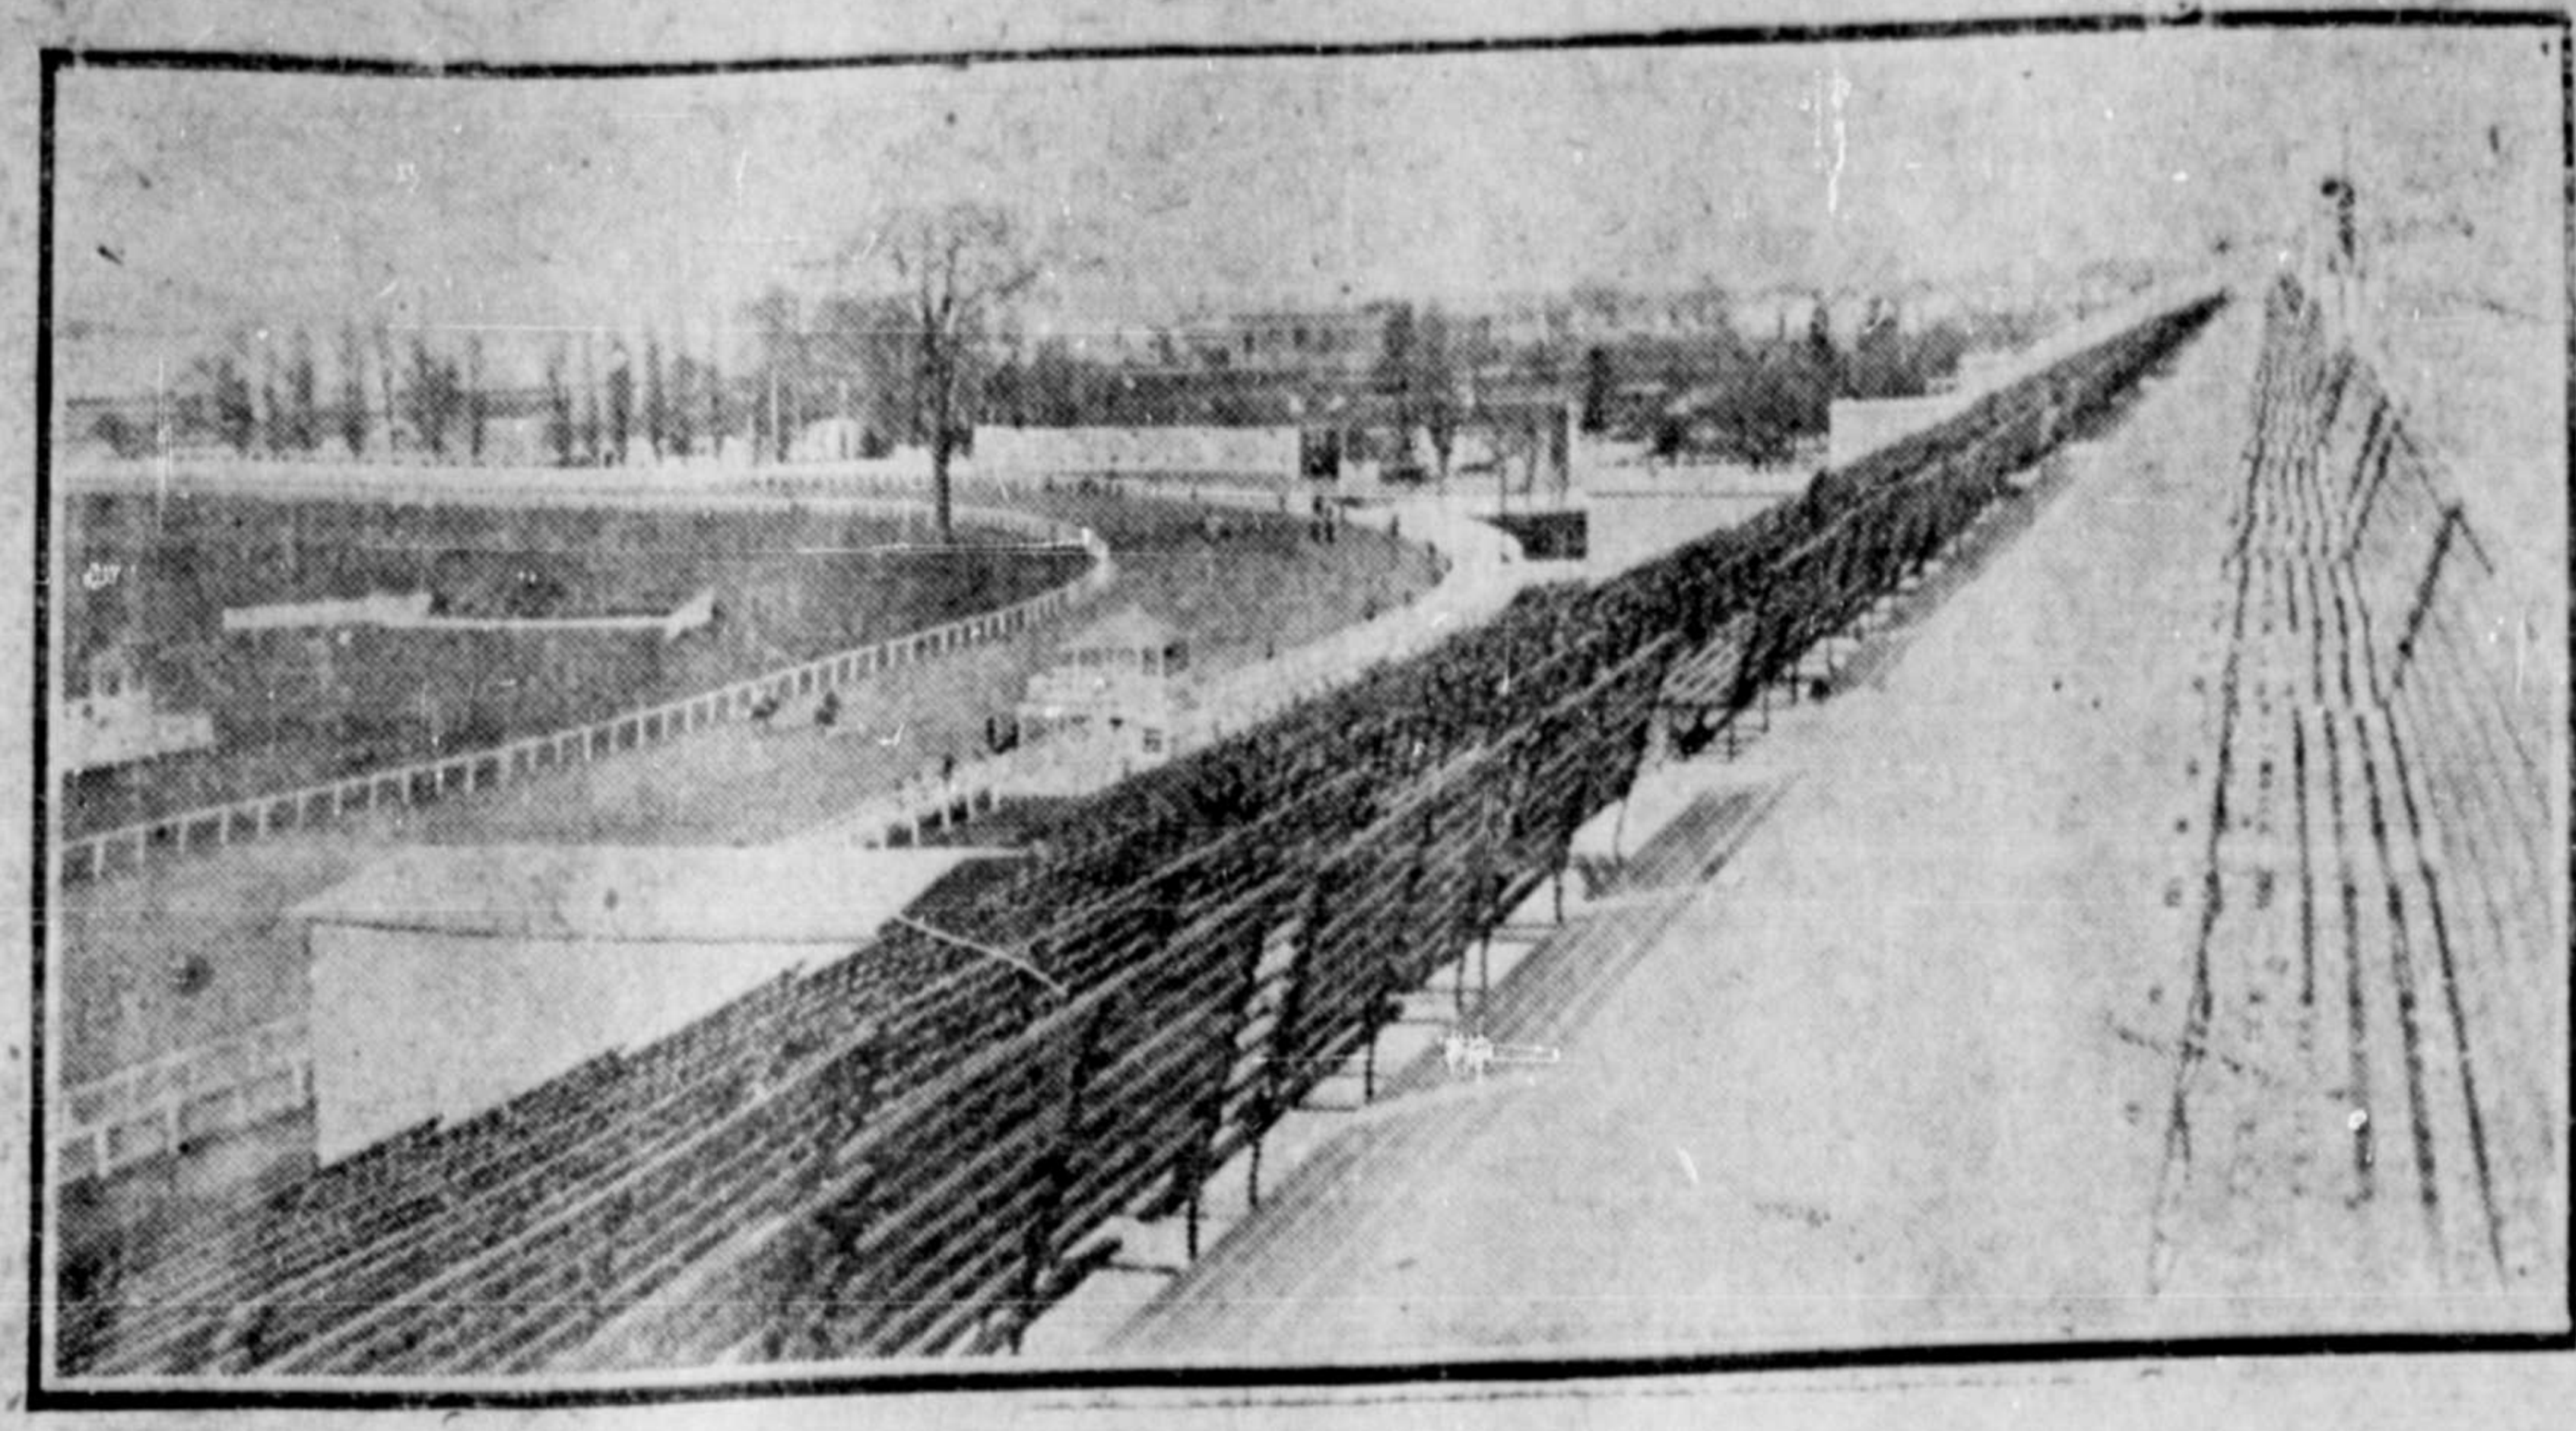

A Socialist stands on a soap box and tells the crowd that the only god a workingman has is his belly and that the Christian God is an aristocrat. There is plenty of poetry in that and it catches the crowd and everybody says amen.

The trouble with our age is that we rush to extremes. There is a great deal in the political, the social and the religious life of our time that will not stand the searchlight of science. That, however, does not justify us in rushing like a will o' the wisp to the other extreme. Any theory or practice that has stood the test of experience for thousands of years must at least lie in close proximity to the heart of truth. Perhaps a theory conflicts with some of the newer facts of science, but if the practice is true to human experience we should be slow to cast it entirely aside.

One of the newer branches of philosophy is working along that line. Pragmatism teaches that the good, the beautiful and the true are one. What, therefore, is good or beautiful is very close to the truth. This is only another way of saying that the standard of conduct is that which brings the greatest good to the greatest number.

Looking at some of our cast-off beliefs in the light of that theory, we may be able to separate the truth from the poetry. Speaking scientifically it is much more difficult to disprove the existence of a Deity or First Cause than to prove it. From that belief to the spiritualization of every living thing is only a step. Whether humanity has come to its consciousness of spiritual verities by a process of evolution through the music of the spheres or has had a full-grown superman implanted within him from the beginning is only a side issue. Take him as he is with his "still small voice" calling out to the silent stars. As such he is a spiritual entity, and with those faculties developed and attuned he is a religious man of the highest sort.

Every age and clime has given its own emphasis to religion. In its higher sense, however, it is very much akin to our faculty for the appreciation of the good, the beautiful and the true. It is an appetite to be developed and gratified like our desire for other things. Through the contemplation of lofty sentiment and the practice of virtue, which can only be attained by the dynamic of a gospel, the whole race may be transformed. Why any one

should object to a religion of that kind it is impossible to tell unless his better judgment has been clouded by the rhythm of poetry. Of course all churches may not emphasize this aspect of religion, but the intelligent searcher after truth can "see through a glass darkly" but yet interpret for himself the actual truth as it is.

The cry that the Christian God is an aristocrat is against the facts of history. The Founder of Christianity was a carpenter. The brightest days of the church were the days when it was controlled by the common people. The beginning of every sect of importance can be traced to the crowd. In the past whenever there was a clash between capital and labor the workingman formed a church of his own. Now if he doesn't like his next door neighbor he blames God Almighty for it and condemns the church. In the past he fought his battles strong in the conviction that the Infinite was on the side of right. The grim determination of the Scottish covenanters or the English puritans have had elements of narrowness and bigotry, but on the battle field it was a terror to their foes. Modern character will lose a great deal of its conviction and sincerity the day it decides to forego the fundamental of an age-long creed. Refuse if you will the trimmings of the past, but for the sake of posterity hold fast to that which has been true in the furnace of experience and which has produced the greatest characters of history.

**Perley Temporarily Has the Plum**

Hon. G. H. Perley, minister without portfolio in the Borden government, has been temporarily placed in charge of the high commissioner's office in London, England. The Toronto Globe believes this appointment will later be made permanent and that Sir Richard McBride and the other candidates are out of the running. Other papers intimate that it is only a temporary appointment to keep the office filled until Sir Richard is ready to move. Hon. G. H. Perley is a strong man in the Borden cabinet, having great influence in English-speaking Quebec. He has been utilized as the handy man of the government for some years and is considered to be entitled to something permanent.

**EIGHTEEN MILES OF ICE BLOCKS WAY TO NOME**

Seattle, June 4.—The annual spring migration to Nome of Alaskan business men and miners, who spend the winter in the states, began when the steamer Senator, the first large passenger vessel to sail for the Behring sea this year, departed with 381 passengers and a cargo of freight consisting of fresh vegetables, provisions and general merchandise to replenish the stocks of the Nome merchants. The second big liner to get away for Nome will be the steamship Victoria, which will sail with 658 passengers.

The little wooden steamer Corwin, which sailed from Seattle May 12 with 400 passengers and 150 tons of freight, is expected to reach Nome tonight, having reported by wireless yesterday that she was only ninety miles from port. The ice at Nome has not broken up yet, the mushers reporting that the field extends 18 miles out from shore, but it is believed the Corwin can lie alongside the solid ice and discharge her passengers and some of her perishable freight on to the ice field. The St. Michaels side of Norton sound is free of ice.

**WAINWRIGHT BUFFALO NUMBER 1500 HEAD**

Ottawa, June 4.—The Dominion buffalo herd at Wainwright, Alberta, is increasing so rapidly that the government now has more than 1,500 animals. When the herd was secured several years ago there were only half this number and no less than 152 were added by natural increase during the past year alone. This information was given by Hon. Dr. Roche, minister of the interior, during the discussion of the estimates. However, the attempts of the government to propagate reindeer have not been so successful. Fifty were secured from Labrador a few years ago by the assistance of Dr. Wilfrid Grenfell. They were taken to Fort Smith, in the Peace river country, but 17 were lost in transit, and others were lost in a stampede caused by the annoyance from flies. The government has seven left. Dr. Roche said they had not multiplied.

Oh, the mountain's high, when the wind blows free  
And the snow-capped peaks are gleaming  
Where the eagle screams from the tall pine tree  
By the sparkling cascade streaming  
Where the mantling green of the sun-kiss'd slope  
Dew-steeped by the mists of the morning  
Sends incense aloft like a guardian of hope  
The murk of the canyons scorning.

Oh, the rock-ribbed earth holds wealth untold  
Deep hid in her jealous keeping  
While the guardian gnomes of the hoarded gold  
For aeons are peacefully sleeping  
Soon to be waked by the grind of the drills  
And the blast's low rolling thunder  
In throes of travail the earth-mother thrills  
As her vitals are torn asunder.

Oh, the smelters' fume blows over the hills  
As the grey of the dawn is breaking  
And the rumbling thud of stamping mills  
The earth's solid bosom is shaking  
While industry's voice shrills loud and high  
Singing the glory of mining  
And the dark clouds roll from the bright'ning sky  
For the sun of prosperity's shining.

 THE FAMOUS WONDER-WORKING INSTRUMENT

Catarrh, Cold in Head, Deafness, Etc. For Neuralgia, Head-ache, Face Massage, Wrinkles. Rheumatism, Gout, Sprains, Etc.

**WHAT THE VEEDEE HELPS**  
 Why the Genuine Veedee Won Such a Stupendous Success

Rheumatism, Neuritis, Arthritis, Gout, Paralysis, Deafness. As well as the following: Liver Troubles, Stiff Joints, Insomnia, Kidney Diseases, Catarrh, Swollen Glands, Indigestion, Eye Weakness, Constipation, Asthma, Bronchitis, General Debility, Contracted Limbs, Neuralgia, and Stammering.

**THE VEEDEE CURES IN NATURE'S WAY**

By sending large increased blood circulation (and so nourishing) to the affected limb, muscle, or organ, it cures by stimulating the nerves and blood.

Wife or Sisters Using for Lumbago General Tonic Lung Trouble, Asthma, Figure Development, Etc. Indigestion, Constipation, Wind Troubles, Etc.

The following are a few specimens of the hundreds of unsolicited testimonials received constantly by the Veedee Company. To print them all would occupy eight full pages of this newspaper.

**Worldwide Tribute to the Veedee**

**DEAFNESS, HEAD NOISES**  
 Miss Mason, Prince's Avenue, West Kirby: "I am using the VEEDEE for deafness. I have not been able to hear (with one of my ears) for the last ten or fifteen years, and now I can hear my watch ticking. It seems so strange after being deaf so long. I think the VEEDEE is a most wonderful machine, and I would not be without it on any account."  
 Mrs. M. F. Peyton, of Caswood Co., Pontiac, Quebec: "After following Electric Treatments my deafness was as bad as ever, but not so with the VEEDEE. I continue to hear much better although I have not used it lately. I can strongly recommend it."  
 Mr. John Wheat, Fenton, Staffs: "The terrible head noises which often prevented me from sleeping have now entirely gone, and I can hear as I never thought it possible for me to do."

**ASTHMA, CATARRH, BRONCHITIS**  
 Sir Philip Albert Muntz, Bart., Dunsmore, Rugby: "Lady Muntz suffers severely from Bronchial Asthma, and found much relief from the VEEDEE."  
 Honorable and Rev. Reginald Adley Stechford: "I have found the VEEDEE a great comfort and have used it regularly. It has relieved the Catarrh I suffered from."

**MADAME MELBA'S TESTIMONY**  
 Ladies' Atheneum Club, 31 Dover Street W.  
 Dear Sir,  
 I am pleased to add my testimony to the wonderful list of users of your famous VEEDEE. When used on the spine it is an excellent nerve tonic and stimulant. Moreover, by using it on my throat before singing, I find it strengthens the throat and vocal organs.  
 Believe me,  
 Yours faithfully,  
 NELLIE MELBA.

**NEURALGIA, HEADACHES, NEURITIS**  
 Rev. Ed. Greenhill, Acerrington: "I cannot speak too highly of the VEEDEE. For three months I have been free from headache, a thing I had not been for years."  
 H. J. Stanbury, Esq., Windermere Road, Bournemouth: "I consider the VEEDEE a grand instrument. I find it benefits me greatly. I find it particularly beneficial for Neuritis. It is an excellent palliative for the nerves."  
 Rev. P. Wilson, M. A., Leith: "The VEEDEE used in our household is soothing."

**Moving Picture Fire**  
 This afternoon a moving picture stunt to show the fire brigade of Prince Rupert was pulled off. About two o'clock the fire alarm sounded and the people on Third avenue saw smoke belching from the Hulbert building, recently occupied by the Wm. G. Young Investment company. A moment later the fire autos rushed into the scene and in a few minutes the fire was over. In the meantime the local moving picture man was running off a film that will be reproduced all over America. It should be a good advertisement for the city, and certainly is creditable to the fire department. The fire was a plant. It was all inside a tank in the building and had no chance of getting away. A big crowd enjoyed the excitement and helped out as "supers" for the picture.

**I OWE MY LIFE TO "FRUIT-A-TIVES"**  
 They Did Me More Good Than All Other Treatments Combined  
  
 Mrs. H. S. WILLIAMS  
 PALMERSTON, ONT., June 20th, 1913  
 "I really believe that I owe my life to 'Fruit-a-tives'. Ever since childhood, I have been under the care of physicians and have been paying doctors' bills. I was so sick and worn out that people on the street often asked me if I thought I could get along without help. The same old stomach trouble and distressing headaches nearly drove me wild. Some time ago I got a box of 'Fruit-a-tives' and the first box did me good. My husband was delighted and advised a continuation of their use. 'Fruit-a-tives' completely cured me. Today, I am feeling fine, and a physician meeting me on the street, noticed my improved appearance and asked me the reason. I replied, 'I am taking 'Fruit-a-tives''. He said, 'Well, if 'Fruit-a-tives' are making you look so well, go ahead and take them. They are doing more for you than I can'.  
 Mrs. H. S. WILLIAMS.  
 'Fruit-a-tives' are sold by all dealers at 50c a box, 6 for \$2.50, trial size 25c, or sent on receipt of price by Fruit-a-tives Limited, Ottawa.
