

DOMINION PARLIAMENT WILL PROROGUE TO-DAY

COAST AD. MEN HOLDING BIG CONVENTION IN VANCOUVER -- REDISTRIBUTION BILL PASSED

CELEBRATION COMMITTEE PLAN BIG DAY FOR RUPERT

DOMINION DAY WILL BE A BUSY ONE OF SPORTS AND PLEASURES—CHAIRMAN AND COMMITTEES ARE NOW ACTIVE—MONSTER PROCESSION, AND GAMES

If the enthusiasm attending the arrangements for the First of July celebration continues during the balance of the month Prince Rupert will see the greatest Dominion Day in the history of Northern British Columbia. There are a dozen committees at work. The committees are headed by hustlers and representative citizens and they are doing good work.

Last night a general meeting of the committees was called by the chairman, Rev. Canon Rix, and each of them reported good progress. The program for the day is beginning to shape itself and the finance committee have all the requisitions in for the various amounts required.

A Great Procession

headed by Dr. Clayton, reported that they propose having in line the various patriotic societies, trades and labor organizations, vehicles, floats, the fire department and the school children. Prizes will be offered as follows: \$25 to the society presenting the best tableaux; \$10 for the smartest rig; \$10 for the best decorated light vehicle; \$10 for the best decorated heavy rig; \$10 for

the best decorated auto; \$15 for the best costume representing Canada; \$15 for the best costume; \$10 for the most comic costume, and a flag for school classes to compete for; \$25 for the best float.

George Frizzell will be the grand marshal and the meeting agreed that no better man could be secured.

Those in charge of the pioneer celebration state that the pioneers will also be in the procession.

Three Bands Promised

Mr. Woodland reported for the musical committee recommending two Indian bands. It was announced that the pioneers would have the Metlakatlah band and the committee was authorized to get the Simpson band. The Ketchikan band may come with the Ketchikan baseball team.

Wm. Manson, M.P.P., reported that the platform committee will arrange for a patriotic address. The platform will probably be on the Market Place.

Q. C. ISLAND SERVICE OPERATED AT A LOSS

Capt. Nicholson Says Prince John Will Abandon Vancouver Trip When Road is Opened

"The present Queen Charlotte Island schedule is arranged to give the islands as good a service as possible with as little loss to the company as possible. The trip to Vancouver to bring in freight via the island route helps to defray the expense."

This was the statement of Capt. Nicholson, manager of the G. T. P. Steamship Lines, who has been in the Prince Rupert district for the past two weeks.

The captain explained that the island service was operated at a big loss but the Prince John had been purchased for the development of the island trade and she will be devoted to that work.

As soon as the railroad is opened for through traffic, which will allow the local wholesale men to sell at Vancouver prices, the John will operate out of Rupert exclusively and will not go south at all. By that time the fuel tanks will be erected in Prince Rupert and the fuel supply can be taken on here.

"WHO PAYS IT?—NOBODY"

"It may be the Dominion Government that promised to pay the bounty on hair seal but so far no government has paid it, so far as I know. I have sent in a number of trophies and have not got any money yet."

This was the comment of a fisherman who has spent a lot of time hunting hair seals.

"I have more tails yet which I worked for but which I cannot get the bounty on because the bounty was cut off by telegram instead of giving us a chance."

Public Meeting Tonight

Last evening the property owners on the streets which are proposed to be re-decked, met in the Board of Trade rooms and had a little organization preparatory to the general meeting with the City Council this evening. Figures have been submitted by the city engineer and the property owners will discuss the question pretty thoroughly tonight. The meeting promises to be an interesting one.

Want Increased Subsidy

The Council of the Board of Trade have been requested to petition the Dominion Government to increase the present mail subsidy to Queen Charlotte Islands in order to help in defraying the loss of the G. T. P. in giving the islands a good boat service. The Prince John is now losing \$30,000 a year on the service and the mail subsidy is only \$10,000. The Board of Trade is recommending the increase.

For the South

The Prince Rupert left this morning with a good passenger list. Among the local passengers were: F. G. de Mussey, Mrs. F. G. de Mussey, H. O. Richer, R. R. Hedley, Mrs. B. M. Captain, W. S. Fisher, Mrs. W. Cartwright, Mrs. F. Bowness, Mr. and Mrs. J. H. Thompson, W. H. Williscroft, C. E. Bainter, Th. Collart, A. F. Knight, D. White, C. H. Hosken, Mrs. Graham, R. T. Walker, Mrs. Long.

Alaska Excursions

Round trip excursions to Ketchikan, Wrangell, Juneau, Sitka, and Skagway on the fine steamers "City of Seattle" and "Spokane" sailing every six days. \$32.00 covers all expense. A side trip Skagway to Summit of the White Pass Ry. at very small cost. For reservations and all information apply to Rogers' Steamship Agency, Phone 116. 132-160

INDIANS ARE CUT OUT

The number of gill fishing licences on the Skeena River is limited to 800, divided among the different canneries. For the purpose of making political capital the Conservative Government adopted a so-called independent fisheries licence that is, about one-third of the licences were reserved for white men who could sell their fish to any cannery. These independent licences are deducted proportionately from the different canneries. The balance of the licences are turned over to cannery fishermen.

In the past the Indians of the district have had several hundred of these licences and the Japs have had the rest. This year the licences reserved for the whitemen have been taken from the Indians, for there are as many Jap fishermen as ever, in fact one man who has been on the Skeena for many years, says there are more Japs this year.

The Indians are all customers of Prince Rupert. Figure out the loss to this city.

RUPERT LOCAL ITEMS

Pantorium Pioneer Cleaners, Phone 4.

The swell new commodious launch "Ranger" for hire. Phone Blue 400. 135-137

The steamer Capilano came in to port this morning. She has a cargo of explosives.

The steamer Lindsay, chartered by the Swan Navigation Company, called in this port this afternoon. She is southbound.

Mrs. A. Sims, Fulton Street, and Wm. Grant, plumber, have reserved space in the Exhibition Hall for displays at the Fall Fair.

The Tennis Club intends erecting a pavilion at the end of the courts. This will add materially to the convenience and comfort of the members.

J. H. Hilditch has secured the contract for building the new school at Kitsungallum. He will ship in material and start work almost immediately.

Thos. Kirkland, of Atlin, who had the exhibit of rich gold ore at the Fall Fair last year, was in the city this week en route south and intimated that he would be pleased to make an exhibit again this year.

Mr. J. B. McKay has completed fitting up his swell new launch "Ranger" and is going into the launch hiring business. He is tied up at the Government Wharf.

The masons intend erecting a handsome arch on the corner of Third Avenue and Fifth Street in honor of the Masonic Grand Lodge meeting to be held here next week. The frame work will be erected on Monday evening.

OUTINGS FOR ALL

Commencing first Sunday (June 14th) a scow fitted up for passengers will cross to the north side of the harbor twice each Sunday. Come and see the new townsite and the salt lakes. Excellent bathing. Leave Government wharf 10 a.m. and 2 p.m.; return 5 and 9 p.m. Round trip: Adults, 25c; Children 10c.

GRAHAM ISLAND SHALE LANDS BEING DRILLED

Operators Say the Indications Are Good and Experts in Oil Confirm Them

Vancouver, June 12.—That the oil indications on Graham Island are most extensive, and that he pins faith to this field as the one which, with development, may prove a great producer is the statement of E. H. Lea, formerly employed with the geological surveys of both Canada and the United States, who has left on a trip to the oil fields.

Mr. Lea has held oil classes on Graham Island for four years. He frequently expressed his confidence that it was only a question of time when public attention would turn that way. Mr. Lea's trip is for the purpose of getting things ready to begin operations of the company which has been drilling and to drill on another property.

Experts have reported several times for companies interested in Graham Island fields and reports have been good.

According to Mr. Lea there are no faults in the geological construction of the field. There are indications that the oil bases are intact. Unlike most fields there is no overload, and the shales and oil saturated stratas are on the surface. The anticlines are all well defined.

Licensed Vintners Will Help

At a meeting of the Prince Rupert Licensed Vintners' Association yesterday it was decided to make any reasonable grant to aid in securing for Prince Rupert a station on the around the world aviation race to take place in connection with the Panama exhibition next year. The Board of Trade were informed of the decision and have authorized the commissioner to go ahead and secure the station.

Working on Canada Building

The Canadian pavilion at the Panama Exhibition, which will cost \$300,000, is now far towards completion. The pavilion is 420 feet long by 210 feet wide, with an average height on the main portion of 180 feet. The exhibit will be under the charge of the Exhibition Commissioner of Canada, Colonel W. Hutchinson, with a staff of officials. It will include the products of every Province, whether they are making separate exhibits or not. Canada appropriated \$500,000 for its display at the exposition.

A. L. Luyal, of Agassiz, B. C., representing the Notzay Engineering & Supply Company, of Vancouver, is in town and will likely make his headquarters here. His company handles the Fisherman and Kermath Engines and all kinds of gasoline engine supplies.

Photo taken of Commissioner Rees of the Salvation Army a short time before he sailed on the Empress of Ireland.

PARLIAMENT PROROGUES TODAY-- REDISTRIBUTION WILL PASS

FORMAL REGRET EXPRESSED OF DEPARTURE OF DUKE AND DUCHESS—B.N.A. ACT TO BE AMENDED—NOVA SCOTIA DISSATISFIED OVER REDISTRIBUTION

(Special to The Daily News)

Ottawa, June 12.—First official information that Parliament was actually to prorogue at 3 p.m. Friday afternoon was given to the Commons when the Speaker announced that the Duke would wind up the proceedings of business, which included the passing of the address to their Royal Highnesses expressing the formal regret of the Canadian people at their approaching departure; the adoption of an ad-

dress to the Imperial Parliament asking for an amendment to the B. N. A. Act governing the increased representation in the Senate from the West; the passage of the Redistribution Bill. Owing to the grievances of Nova Scotia this busied the House till a late hour and it sat well into the morning in order to dispose of the Bill, so as to give the Senate an opportunity to pass it before they prorogue.

BOOSTING FOR SALMON

The United States Bureau of Fisheries has aroused an interest throughout the country in the salmon industry of Washington letin setting forth the food State and Alaska by a recent bulletin of value of this valuable food. There has been a considerable amount of comment on the facts set forth in that bulletin and many newspapers have directed the attention of their readers to these facts.

The bulletin shows primarily that one way to reduce the cost of living is to make larger use of canned salmon. It points out that salmon is richer than meat in body-building ingredients and contains about the same amount of fat. An analysis made by the Bureau shows that twenty-five cents' worth of salmon contains about twice as much nutriment as twenty-five cents' worth of eggs, meat or fowl.

One important part of the bulletin, which is attracting considerable attention in these days when so much attention is being paid to sanitation, is the showing that while meats are handled by many persons and exposed to the dangers of contamination in the markets, salmon is sealed against contamination, sterilized by boiling and, in the case of most brands practically untouched by the hands of man.

Here is a hint which might be taken by B. C. politicians who devote a lot of talk and time to changing fishing regulations but who never accomplish anything for the industry.

SAVED BY BIG MIT

A Seattle man accused of picking pockets made the novel defence that he "could not put his mit in a barrel let alone a man's pocket." The judge looked at the hand the prisoner presented for his inspection and said "I guess you are no dip. The case is dismissed."

Fishing Congress in Session

This week there is meeting in gress on the Pacific Coast. Several important topics connected with the industry are being discussed, among them being "Hybridization of Salmon," led by Dr. Victor Smith of Washington University. The Doctor's experiments in this line have attracted the attention of the whole continent.

St. Andrews Society

The semi-annual meeting will be held tonight in the society rooms on 2nd Ave. As there is considerable business to transact, including the election of officers, the meeting will be called at 8 o'clock prompt.

PANAMA EXEMPTION REPEAL PASSES SENATE

(Special to The Daily News.)
Washington, June 12.—The repeal of the Panama Canal tolls exemption of American coastwise shipping passed the Senate by a vote of 50 to 35.

AD MEN'S CONVENTION MEETING AT VANCOUVER

Two Hundred American Delegates Arrive This Morning For Convention

(Special to The Daily News.)

Vancouver, June 12.—The Pacific Coast Ad Men's Convention opened here today. Two hundred delegates from the South arrived this morning on the boat, including the representatives of Seattle, Spokane, Tacoma, Portland, San Francisco, San Diego, Sacramento, and other Coast points.

A procession was formed to the Vancouver Hotel, the delegates being in costume.

Four addresses will be given during the day, and a big historical pageant tomorrow.

JOLLY PARTY GIVES "SHOWER" TO POPULAR LADY

Miss Lillian Fisher was the guest of honor at a "shower" given on her behalf last night by Mrs. L. W. Kergin. A large number of the local young people were present and the first part of the evening was spent at bridge.

A novel part of the entertainment was a cobweb of lines on one end of which was a tag with a guest's name on and on the other end a little gift for each. The articles included in the shower were concealed from view and it was only when Miss Fisher after following her strand of the web all over the house, uncovered a large trap that she realized that she was the guest of honor.

A few very happy moments followed when the presents were all revealed and the guests thanked for their goodness.

Miss Fisher will be married in a few weeks to Mr. I. N. Linnell, of the firm of Williams & Manson. Mr. Linnell is a graduate in Arts and Law of Harvard University and practised for a few years in Cambridge, Mass., before moving here, two and a half years ago.

Owing to the strict laws of the B. C. Barristers' Association he was compelled to serve an apprenticeship of three years but will be admitted to the bar of this Province sometime this Fall.

LOCAL FIRM COMPELLED TO MAKE SACRIFICE SALE

The removal of the Exchange building means that the firm of Pirde, Nash & Co. will have to make a sacrifice of a great amount of their goods. It is impossible for them to get another location in time to transfer their stock. They are, accordingly, putting on a great reduction sale and will sell their goods away below value in order to clear it out before July first, the date set for the removal of the building.

TERRACE NOTES

(By Special Correspondent)

A very successful farewell picnic at which Mrs. D. B. Venney was the guest of honor, was given here on Saturday last. In the afternoon the ladies found the cool of the park very pleasant, while the children enjoyed themselves, upon the recently erected swings and in the sand pile.

An al fresco luncheon was served about 7 p.m. to which the men of the town were invited. Soon after the mill whistle had blown they were seen wending their way to the Park and a busy half hour followed serving out "Boston Baked Beans" and delicacies of all descriptions. During the evening the band played numerous selections after which everyone took part in an enjoyable dance which was held in the Progress Club hall. Music was provided by Messrs. Bert Kenney, Lazelle and Davis.

PRINCE RUPERT BRIEFS

Mrs. Van Dyke, of Seattle, is a guest of Mrs. Geo. J. Frizzell for a few days. She is leaving later for Lorne Creek where she will visit her father.

The steamer Prince John is now relieved every other week from the Stewart run and will be available from Thursday until the following Tuesday for excursion parties. The G. T. P. contemplates making some excursions themselves but they have the John ready for private trips for five days every second week.

A LIFEBOAT ON THE EMPRESS OF IRELAND

Picture showing up-to-date means of lowering boats, which was perfected on the Empress after the Titanic disaster, and which was probably responsible for the saving of the four hundred survivors.

An old trick of criminals trying to escape from justice is to actively accuse someone else of the crime. This the Little Tory editor is trying to do to The News. Everybody knows that the local Conservatives are playing politics morning, noon and night and that they introduce it into every walk of life. It is even rumored that they want a little Tory corner in paradise. Everybody knows too that the Little Tory editor is one of the slyest in the bunch and puts party before everything else in the world. Now he accuses The News of introducing partyism. Of course if it were not for The News the Earl Grey Rifles and other outrages would never be disclosed. Perhaps that is introducing partyism. The other papers were careful not to publish it. No wonder that they hate The News when it is the means of dragging them into the light of day. If that is all that can be brought against us then it is with pleasure that we shoulder this "white man's burden," and persist in exposing the ways of wicked men.

ing called to consider the disbandment of the Earl Grey's Rifles that there was no objection in the world to Captain Stork staying in command of the new regiment. Politics were never thought of and he was prepared to recommend his appointment. The Minister of Militia said that the Earl Grey's Rifles was entirely a political organization and was disbanded for that purpose. H. S. Clement contradicts him and says nobody but Captain Stork and his friends suggested politics as the cause. In that case Captain Stork must have a strong following in the Conservative party for the best of them supported his cause to a man. What a pretty spectacle for all Canada the local Tories have made for themselves.

The Conservative press is acclaiming with great glee the fact that the Senate is passing the Canadian Northern Bill. It should be remembered that the function of the Senate is not to throw out every Bill passed by the Commons with which it disagrees. If it did, under certain conditions there would never be any legislation enacted into law.

On a momentous question of policy such as the navy question, the Senate, holding the views it did, very properly refused to give its sanction to

legislation which had passed the Commons.

The Canadian Northern Bill is an entirely different proposition. Both the Government and the Opposition realize that the Canadian Northern must have assistance. The Opposition wanted additional safeguards in the public interests which the Senate by resolution approved. Having done this the Senate has done all that could be expected under the circumstances.

Those astute financiers, McKenzie and Mann, worked the Canadian Northern into a position where the credit of the country was at stake and the country had to come to the rescue. It is also rumored that the failure of the C. N. R. would break one of Canada's strongest banks.

McKenzie and Mann found politicians of the Bowser-McBride stripe very easy marks. When men responsible for the government of the country will place themselves in the power of financial pirates whose interests are wholly selfish, there is very little chance for the people. It simply means that the people have to pay.

In the Letter Box

To Section Six Property Owners

To the Editor of The Daily News.

Dear Sir.—At the time the different by-laws were up before the Council for final adoption a number of property owners affected appeared and made a protest against the proposed works, and as a consequence the matter was held over in order to enable the property owners as well as the Council to more fully have the different contentions looked into and discussed.

A public meeting for this purpose will be held in the Council chamber tonight at 8 p.m.

Although there is a large number of property owners affected who are opposed to the re-decking of these streets, there seems to be also a large number in favor of the work being proceeded with, and I take this opportunity to urge upon all parties interested in this question to attend the proposed meeting and discuss the matter.

Personally I have been called upon by people representing both sides, the one pointing to the ridiculous idea of re-decking the present plank roads, and the other to the absurdity of digging 16 or 25 foot trenches along our streets and to the idea of financing for permanent work at a time when it is difficult to finance for temporary improvements.

The desire of the Council in the matter is to protect the safety of the general public, and I think all will agree that those streets are in such a condition that something will have to be done.

Tonight is the time for all concerned to attend and assist the Council in the best possible way.

Your obedient servant,
 JOHN DYBHAVN,
 Alderman.

Seal Fisheries

Newfoundland advices say the seal fisheries of the season just closed were more successful financially than those of last year. Twenty steamers, employing 4,000 men, set out on the hunt two months ago. Nineteen vessels returning with the pelts of 233,718 seals, valued at \$500,000.

For the fishermen, the financial success has been shrouded in gloom by the enormous loss of life in the hunt, the steamer Newfoundland's catastrophe having cost seventy-eight lives, and 174 men having gone down with the Southern Cross.

District Fair Dates

The following are the dates of the district fall fairs as approved of by the provincial government:

Bulkley Valley, Telkwa, September 10.
 Fort George, September 24-25.
 Prince Rupert, September 30 and October 1 and 2.
 Bella Coola, October 9.
 Graham Island, Lawn Hill, not yet fixed.

The Royal Cafe is the old, reliable and popular dining place of the city. You can depend on getting the best cuisine and best service.

False Teeth as a Weapon

Seattle, June 11.—Because Tony Proccocio, employed by the Northern Pacific, sank his false teeth twice into the hand and arm of Nick Detrame during a short but decisive battle between the two recently, Detrame appeared before Justice John E. Carroll yesterday and asked for the most potent legal vengeance that was in stock, declaring that his arm would be out of commission for at least thirty days.

Figuring that each bite was worth \$10, Detrame asked \$20 for these damages and \$1.50 per day for thirty days, the time in which he would likely be unable to work, the whole amounting to eighty-five dollars.

Detrame has garnished Proccocio's wages until the case is settled. Proccocio will answer the charge of assault in the second degree before Judge Carroll on May 12th.

Wanted immediately, experienced shingle packer. Apply Port Edward Shingle Mills, Port Edward, B.C.

The best place in the city to lunch or dine is the Royal Cafe. The service and the menu can always be depended on. 1261f

General News Notes

The rumor of the amalgamation of the Allan and the C. P. R. steamship lines is again revived.

The Tramway Bill passed its third reading in the Nova Scotia Legislative Council last week without a division.

Bush fires are raging in various parts of Nova Scotia, and a number of buildings have been destroyed.

Class day exercises of the graduating class of Acadia Seminary, Wolfville, were held on Monday afternoon in College Hall, when a large audience assembled and an excellent program was rendered.

Fire broke out in the Acadia College gymnasium, early Tuesday morning, burning it to the ground. The flames reached over to Chipman Hall, the students' residence, which was also destroyed. The college building and the Ladies' Seminary caught fire, but were saved. Sixty students sleeping in Chipman Hall, escaped with the loss of a quantity of clothing and other belongings.

The new lightship, Halifax No. 14, built in Scotland for service off the Sambro Ledges, has been lost with all hands. While enroute Liscombe Harbor, early on Saturday morning, the coastal steamer Dufferin picked up three bodies from the lightship and passed a quantity of wreckage, which clearly indicated that the ship had struck on a reef and sunk. The vessel carried a crew of from fifteen to twenty and the disaster is supposed to have occurred in fog, either Thursday or Friday.

The closing exercises of Acadia Villa boarding school for boys at Hortonville, N.S., took place on Thursday of last week. On the preceding evening a play was given in the assembly hall by teachers and students. On Sunday, following a custom for many years adhered to, the school took

charge of the services in the Methodist Church, Grand Pre. The preacher for the day was the Rev. A. C. Borden, D.D., of Ganning, until recently the pastor of this congregation. The Church was filled at both services. The boys filled the choir chairs and Mrs. Patterson presided at the organ. Vocal solos and duets were a feature of the service.

Over eight thousand school children participated in the empire day celebration in Halifax last week. The great assembly met in the Arena, and addresses were given by the Mayor of Halifax, the Bishop of Nova Scotia, Dr. Blackadder, Dr. Forrest and the Chairman of the School Commissioners. An interesting feature of the occasion was the unfurling of a flag, received from the school children of Halifax, England, in return for a hand-somely worked flag presented to the schools of Halifax, England, by the school children of Halifax, N. S. Music was furnished by the R. C. R. band, and a choir of six hundred pupils, chosen from the schools of the city.

The closing exercises of the Nova Scotia Technical College were held on Thursday of last week, when a large and representative audience assembled in the auditorium of the college. The graduating class was one of the largest in the history of the institution. Addresses were given by Principal Sexton, Hon. G. H. Murray, Dr. A. H. MacKay, Rev. Dr. Cullen, of Acadia University, Dr. E. MacKay, of Dalhousie University, Bishop Worrell, representing King's College, Rev. Dr. Borden, of Mount Allison University, and Rev. J. J. Tompkins, of St. Francis Xavier. Principal Sexton's address as usual, was on a high plane, and made a fine impression. His work for the college and for technical education throughout the Province was the subject for favorable comment and congratulation.

EXPERTS DISAGREE WITH THE BOWSER POLICY

APPOINTMENT OF MUNICIPAL INSPECTOR FROM OUTSIDE WRONG, FINANCIAL POST SAYS

The Financial Post of Canada, issued at Toronto, in its issue of May 16 takes strong ground in opposition to the appointment of an official from outside the Province to manage the new Department of Municipal Affairs, and to act as supervisor of the municipal business of a part of the country with which he has had no previous experience. In dealing with this matter the Financial Post says:—

Last week the Attorney-General of British Columbia, Mr. Bowser, announced that the Municipal Act of that Province would be shortly enforced. At the head of the department Mr. Robert Baird, formerly of Zealandsia, Saskatchewan, has been appointed, and he will be assisted by Mr. O. W. Ross, of Fernie.

A study of the new Municipal Act impresses The Post with the necessity of having for its chief executive an officer familiar with the existing municipal conditions in the Province. Mr. Bowser, however, maintains that it was better to get an outside man with out any preconceived notion as to what ought to be the policy followed by the municipalities in British Columbia. Here we disagree entirely with Mr. Bowser. Every municipality has its own

peculiarities. Only by experience can it determine for itself what is the best policy to pursue. We have on occasion drawn attention to the undesirable short-term periods of aldermen and controllers, for the reason that it takes them fully two years to become familiar with their duties.

But the head of the new Municipal Department in British Columbia must become familiar with the affairs of every municipality. Without previous local knowledge he will, therefore, be at a decided disadvantage, and the municipalities themselves will be at a disadvantage in having to enlighten him as to their local conditions and peculiarities. Men with municipal experience in British Columbia formulated demands for statutory changes in order to make more efficient municipal administration and put municipal finances on such a basis as to secure the highest credit.

Among the men thus familiar with the causes which led to the establishment of the department could have been found a suitable head for the new department. He would have had a great advantage over an outsider, who will find it necessary to study British

Columbia municipalities for some years before he can with confidence exercise the important authority placed in his hands.

To properly administer a municipal department actual experience is essential. Theoretical training is valuable, but it is one of the least of the essentials, and readily procurable. Not so, however, is the procuring of wide municipal experience.

The lumbermen of B.C. are appealing to the Board of Trade to petition the government to prevent the sale of U.S. coast lumber in B.C. The lumbermen claim they are unable to meet the competition and that their mills are forced to close down.

A NEWSPAPER

for Prince Rupert and Northern B.C.

The Daily News goes into nearly every home in Prince Rupert. It is the popular newspaper of the city because it is clean and reliable. It has all the news of the city, and keeps in touch with events and topics interesting to Northern British Columbia. It treats these subjects with moderate optimism and reliability.

The Daily News is the most valuable paper to advertisers because it is read by the buying public. It has a bigger circulation than any other paper in the city. It is read by the class of people the advertisers want to talk to.

C. E. Bainter left this morning for Vancouver to attend a convention of New York Life agents. He will be absent about a week.

Dr. S. H. McKay, of Montreal, who was engaged as resident physician at the hospital here, has wired that he cannot come. The hospital board will meet today to select another.

About 40 persons have already signified their intention of taking in the excursion to Granby Bay on the G. T. P. three funnel steamer July 15 and 16. Any one who intends to go should leave their name with the Board of Trade commissioner.

The Agricultural Society is now getting out their advertising for the Fall Fair and one of the most attractive pieces is a picture post card showing the exhibition building as it will appear when completed.

W. B. Morrison has always some novel scheme in his head. He is now inaugurating a ferry service on Sundays across the harbor to the salt lakes. This is an ideal place to have an outing and owing to the smallness of the cost many should avail themselves of the opportunity.

It is expected that the engineer of the Imperial oil company will be in the city in a few days to start work on the clearing of the company's water front site, and arrange for the erection of the big oil tanks. The work is to be completed this summer and it will have the effect of considerably reducing the cost of oil fuel.

suggested red and olive green. It was decided to leave it to a committee of A. Carss, Dr. Clayton and M. M. Stephens to interview the sporting clubs and get their ideas on club colors. Fred Stork, representing the baseball league, said the Ketchikan baseball club was coming down and they had to guarantee them \$300 for expenses. The committee could either set that amount aside for baseball and take the admissions for the game or leave it to the ball boys to collect their own gate money. The question was left to the finance committee to decide. The finance committee will have to raise about \$900 exclusive of the baseball money. T. D. Pattullo is chairman.

NEARLY IN CONVULSIONS With Acute Indigestion. "Fruit-a-tives" Cured Me.

NEWBURY, ONT., MAY 29th, 1913 "I am not an strenuous user of medicines or patent medicines, but I have taken nearly everything recommended for Indigestion and Constipation. I have been so bad with Acute Indigestion that I was nearly in convulsions and had to be held. I have used "Fruit-a-tives" and I have not had another attack nor suffered at all with indigestion since taking them. "Fruit-a-tives" is the only remedy I ever used that did me any good, and I am grateful to "Fruit-a-tives" for making me as well as I am today, and everyone agrees that I look in first class health. My husband likes "Fruit-a-tives" very much and takes them whenever he has occasion to use a remedy for Constipation." MRS. D. MCRAE "Fruit-a-tives" are sold by all dealers at 50c a box, 6 for \$2.50, trial size, 25c, or will be sent to any address on receipt of price by Fruit-a-tives Limited, Ottawa.
