### NO AMENDMENT TO B.N.A. ACT UNTIL AFTER NEW ELECTION--VANCOUVER GREAT PAGEANT

#### PROPERTY OWNERS PROTEST AGAINST REDECKING STREETS

FEW WHO ADVISED AGAINST PERMANENT WORK ARE NOT DIRECTLY INTERESTED IN THE STREETS EFFECTED--UNANIMITY OF OPINION

For three hours last night a number of citizens discussed permanent streets with the City Council. They were insistent in their arguments and though there was a little opposition shown there was very little argument against the contention that the permanent work on the streets asked for should not be granted. The Council endeavored to trip up the petitioners by demanding a plan for financing the increased cost over proposed re-decking and the Mayor even went so far as to propose a permanent improvement bylaw should the citizens be able to produce someone to take bonds for the work. Two citizens promptly jumped up to say the men could be produced. The final result of the meeting was an understanding that the Council would lay the question over until after the Mayor calls a meeting to discuss the finance question.

On opening the City Engineer produced statistics showing the cost of the different proposed schemes.

Below: Redecking, \$800; 16-foot temporary grade, \$1,600; 24-foot permanent grade, \$1,300; 26-foot permanent grade, \$11,200.

Sixth Avenue to Bowser: Redecking, \$4,450; 16-foot grade, \$8,220; 24-foot grade, \$12,330; 26-foot grade, \$52,000.

Fifth Avenue: Redecking, \$300; 72-foot grade, \$34,000.

Seventh Avenue: Redecking, \$6,100; 16-foot grade, \$9,980; 24-foot grade, \$14,970; 72-foot grade, \$43,780.

A property owner wanted to know why the Hays Cove bridge was added to the Seventh Avenue bylaw.

T. D. Pattullo: The bridge ought to be paid out of the general funds.

John Buckley said all the property holders on Sixth Avenue were against re-decking that street. He had 55 on his petition. He took exception to the engineer's figures. A contractor offered to do it for \$12,000 or 24 feet wide for \$8,000 and he would be glad to get it. He challenged any councillor to produce five property owners on the street who wanted re-decking.

Ald. Kerr wanted to know if citizens considered the streets opening into the main streets asked to be graded.

Ald. Montgomery: It is a matter of finance. If you can show us how to get the money for it, I will fall in line.

T. D. Pattullo asked if the Mayor would inform the citizens what had been done towards financing and what offers had been received.

The Mayor and Ald. Morrissey together: We are not here to discuss finances. The Mayor then added that he was going to call a meeting to discuss finances next week. "The citizens are howling if we sell at a low price. If we don't sell we are no good. When we sold some we were charged with sacrificing the city's interests and grafting."

They had letters from the Bank of Montreal advising against selling as the market is unsuitable.

T. D. Pattullo: The city should not place itself irrevocably in the hands of the bank. They should have a free hand. He understood offers had been made for long term issues but nothing was ever heard of them in Council. The citizens had a right to know everything pertinent to the issue.

Ald. Kerr stated that it was found Seventh Avenue could with a few repairs be left over for another year.

W. Sibbald asked if the engineer had ever considered one-inch decking placed diagonally over the present roads.

The City Engineer replied that he did not think it practical as the roads were too uneven.

W. Sibbald: Well, I would like to see it tried.

Wm. P. Lynch advised against permanent work. He said the interest charges would be equivalent to the cost of re-decking. A permanent grade would be too rough to use. The plank roads were a better means of transportation.

The City Engineer said his estimates for re-decking were made on lumber at \$18 per M., while under the big contract they were getting it much cheaper.

Mr. Mortimer claimed all the residents on Fifth Avenue want the street graded; 75 per cent of them were on the petition. Twenty years of re-decking would cost about \$30,000, while the permanent grade would only cost \$34,000. The lumber now on the street could be used for sidewalks. Contractors will do the work and take debentures for it, per to ladies and children on Fifth Avenue.

Geo. Angel spoke of the danger of Fifth Avenue without sidewalks. Permanent work cannot be done any better four years from now and the property owners are willing to pay.

Someone said there was more danger from lack of sewers than on Fifth Avenue.

T. D. Pattullo said if the property owners of Fifth Avenue wanted permanent streets they ought to have it. The new act gave the Council authority to do work in spite of the property-owners' wish, but the act was never intended to permit a council to force it through against the wishes of seventy-five per cent. It would be a dangerous practice.

The Mayor: That line of argument sounds very well, but the Council is not taking advantage of the law to force it through. That street is dangerous and something has to be done.

Geo. Angel: You will admit that expression was used at a Council meeting?

The Mayor: The Council as a whole did not. Individual members have a right to their own opinions. The Council has an open mind.

Ald. Montgomery thinks when the documentary evidence re the city financing is put before the citizens they will change their minds.

A. H. Allison: If permanent work is done, seventy-five per cent of the expense goes for labor, if it is re-decking seventy-five per cent goes for U. S. lumber.

The Mayor: If anyone will take debentures for this work we will put through a bylaw.

Two men jumped up.

Mr. Mortimer: I have a contractor who will do the work and take twenty year fines in payment in open competition.

The Mayor: That's alright.

M. M. Stephens said the only ones he saw in favor of re-decking were property owners in Section One where the permanent grade is already in. On Tatlow Street one hundred per cent had protested against re-decking. He claimed the sewers and permanent streets ought to go in simultaneously.

The City Engineer said this was impossible as the bills had to settle for a couple of years.

Ald. Morrissey said the city had pledged itself to borrow the money for re-decking. In Section

#### ST. ANDREW'S SOCIETY ELECT NEW OFFICERS

Reports Show Good Progress and Finances Are in Flourishing Condition

St. Andrew's Society had its semi-annual election of officers last evening. There was a large attendance and considerable interest shown in the business affairs.

S. D. Macdonald, who has been a most active and popular president, was re-elected to the office for the fourth time. The choice was unanimous. The officers for the ensuing term are:

Hon. president, J. W. Stewart; president, S. D. Macdonald; first vice-president, J. H. Kelly; second vice-president, W. G. Dennis; secretary, Charles Dennis; treasurer, J. D. Meikle; financial secretary, George Sinclair Russell; physician, Dr. M. McNeill; solicitor, A. M. Manson; piper, James Sturgeon; warden, John M. Campbell; auditors, R. Davey and A. Brighton; executive, Geo. McColl, W. A. Paterson, George Abbott, J. Nichol and Malcolm McLeod.

The various committees made reports, all showing splendid progress being done with plenty of finances on hand. A vote of thanks was tendered to Mr. Benson for an enlarged photo of the society's basketball team.

#### U. S. SENATE RESERVES CANAL TREATY RIGHTS

Washington, June 13.—The long bitter fight in Congress over the repeal of tolls ended today when the House, after a brief debate, without the formality of a conference, accepted by a vote of 246 to 71 the Senate's amendment specifically reserving all the rights the United States may have under the Hays-Pauncefote treaty.

#### POSTOFFICE PLANS ARE NOW READY

Tenders Called for New Federal Building to be in July 6

There are on exhibition in the office of the district engineer of the postoffice department, plans for the new Federal building. It will be a handsome five storey structure with granite front and brick walls.

The dimensions will be 80 x 80. The lot is 100 x 100 and a ten foot lane will be left on either side. In the rear will be a ten foot porch and platform for receiving the mails and a ten foot lane space.

The entrance to the ground floor will be on each corner. The interior will have mosaic floors with boxes and wickets on three sides.

The first floor will be devoted to the long room and money order department, and the second floor to the dead letter office and railway mail service. These floors will not be required for some years to come.

The third floor will be used for the customs, the telegraph, the marine and inland revenue departments. The top floor will house the public works district engineer's offices and the janitor's quarters.

There will be two elevators, one for passengers and one for freight. Every floor will have vaults, and above the ground floor the floors will all be terrazzo in the corridors and public rooms.

Tenders are being called and must be in Ottawa by July 6th. It is expected the job will be let and the work proceed this summer.

#### Wrestling Bout Coming

Al Hatch, who holds the title of the Provincial middleweight champion wrestler, arrived this morning from Vancouver for his coming bout with Pete Segurdson to take place at the Westholme Theatre shortly.

Hatch defended his title on Tuesday last at the Royal Theatre in Vancouver, winning in short time from H. Gatenley of Victoria.

Al claims to be in good condition and will finish his training in Rupert. He will work out each night at 8 o'clock at the Windsor Hotel. Segurdson, who has now been in steady training for the past month, will work out each night at 7 o'clock at the Windsor Hotel.

#### Colts Won Ball Game

Another contest in the city baseball league was won by the Colts last evening against the Drydock. The score was 16 to 12. J. Dowling and Crane pitched for the Colts, with Manson catching. The Drydock battery was Graves and Thody. Thody made the finest home run hit of the season but in passing third base the coast gave him a shove. The base umpire called him safe but the box umpire declared him out. The decisions almost brought about a free fight. The umpires were Fortin and Doolittle.

#### EXCURSION CANCELLED

W. R. Morrison has been compelled to cancel his excursion across the harbor. The authorities will not allow him to use a scow for passengers. He therefore wishes to say that the excursion advertised for tomorrow is called off.

#### PARTY POLITICS GOVERN GREAT SALMON INDUSTRY

NEW POLICY WORKING OUT TO DETRIMENT OF CANNERS, FISHERMEN AND PRINCE RUPERT--POLITICAL GRAND STAND PLAY THAT WORKS TO DRIVE OUT THE INDIANS INSTEAD OF THE JAPS.

Independent salmon fishing licences were created as a political grand stand play. They were the result of an impractical theory of a politician who does not understand the fishing business and who could not force the result on the fishing trade. The policy is working out as a handicap to the industry and a distinct loss to Prince Rupert's trade.

Last year a specific number of the 800 licences on the Skeena

were set aside for independent whitemen who had to prove ownership of a boat and gear before they could secure the licence. This proved a failure as there were not sufficient bona-fide white fishermen in the district to take up the licences. These fishermen were allowed to sell their fish to any cannery at any price they could get. To all appearances they were independent fishermen but in reality most of

#### AD MEN HOLD GREAT PAGEANT COAST CITIES FEATURED

CAPT. VANCOUVER, MISS SPOKANE AND SEATTLE TILlicUMS MADE IMPRESSION--EVENING BANQUET ADDRESS-ED BY PREMIER McBRIDE

(Special to The Daily News)  
Vancouver, June 13.—The first pageant planned for the benefit of the Pacific Coast Ad. Men's Convention took place this afternoon when a seven mile parade passed along the two main streets of the city. Among the most noticeable features were the Seattle Tillicums and "Miss Spokane" and her large float.

There was also a large deputation from Portland. Another feature was a float carrying Captain Vancouver who discovered Burrard Inlet. In the evening a civic banquet was given to the visitors from the South at which Premier McBride welcomed the delegates and spoke of the cordial relations existing between the cities of the Pacific Coast.

BILL LEFT TILL CLOSING HOURS OF HOUSE AND CAUSED EXCITEMENT--SENATE AMENDED IT AND PREMIER REFUSED TO ACCEPT PROVISION

(Special to The Daily News)  
Ottawa, June 13.—After a day of unusual excitement the third session of the twelfth Parliament succeeded in proroguing one and one-half hours behind schedule at 4:30 instead of 3:00 p.m., as planned.

Imperial Parliament asking for an amendment to the B. N. A. Act providing for increased representation for the Western Provinces in the Senate. The Senate passed Senator Bostock's amendment that an increase should not take place till after next election.

The Duke of Connaught had arrived and the delay was caused by jockeying in the Lower and Upper Houses in regard to the

Premier Borden declined to accept the provision which killed the proposal till next session.

AGREEMENT ARRIVED AT WHEREBY POWER TRANSFERRED TO NEW PROVINCIAL GOVERNMENT--HUERTA WILL THEN RETIRE

(Special to The Daily News.)  
Niagara Falls, June 13.—The delegates of the United States and Mexico affixed their signatures in the presence of the Mediators to the first protocol of a series through which it is hoped to restore peace in Mexico.

An agreement was reached yesterday in relation to the manner of transferring the executive power from Huerta to a new provisional Government which stood the acid test of reduction to writing.

#### School Teachers Dismissed

The School Board have dismissed three of the teachers on the public school staff, and there is considerable indignation circulating as a result. The cause is said to be a disagreement with the principal, but it is understood the primary cause was a cut in salaries. One of the teachers is said to have received a dismissal after having tendered her resignation.

DAILY EDITION

Saturday, June 13, 1914

Newspaper men of experience have a keen sense of the value of something live in the shape of news. The disbandment of the Earl Grey's Rifles was the most startling piece of news this city has received for many a day.

in power today. They have broken away from all traditions. They have degraded the very idea of government and they aim at the extinction of even personal liberty.

Our "popular" Ottawa member, Mr. Clements, will have a lot of explaining to do to satisfy the "boys" when next he visits Prince Rupert.

The first post hole dug by the Hydro-Electric Company in Prince Rupert will be Wm. Manson's political grave.

The Council is considering the advisability of changing the site for the proposed new telephone building. The Council would do well to remember that new police accommodation is required almost immediately which the building proposed last year provided for.

The public too have an opportunity of seeing how a bit and bridle fits the "always outspoken" editor of former years. It will be remembered that before last election he was heard to pledge implicit obedience to the Tory ring if they secured his election.

The issue before the people of British Columbia today is not one of partyism. It is rather one of patriotism. Those in authority have become so corrupt that no patriotic man can support them.

PARTY POLITICS GOVERN GREAT SALMON INDUSTRY

(Continued from Page 1)

them were tied up to a cannery through having purchased their boat and gear from the cannery on credit.

This year the ownership restriction was removed and any white man could apply for a licence. So many of them did that the real white fishermen were left without licences and more had to be issued.

The B. C. salmon cannery has a new association which includes every cannery on the Coast excepting the Prince Rupert plant. They parcel out these white licence holders proportionately among the various plants and they have fixed the price which will be paid for fish.

Another feature, which mitigates against the cannery, is the fact that many of the white licence holders openly state that they do not intend to fish excepting during the two weeks when the fish are running heavy.

The News does not pretend to state that the cannerymen will send out boats without licensed fishermen but conditions are certainly tempting to them and it has been done in the past.

It is a well known fact that the Japs are splendid fishermen and steady and persevering in the work. Cannery managers naturally try to employ Japs for the reason that they bring in more fish during the season.

In spite of all the whitemen's licences, and all denials of the fact, there are as many Jap fishermen on the Skeena today as ever before. The fishing is being taken from the Indians and not from the Orientals.

The trouble is the politicians are forcing the canneries to accept whitemen who are not fishermen instead of creating conditions which will make it worth while for real white fishermen to settle on this coast and ply their trade all the year.

MORE TANGO DANCING AT THE WESTHOLME

Following the extremely successful engagement of Mrs. M. Lester and Mr. Charles Ransford whose artistic dancing of the tango and other society dances delighted the patrons of the Westholme Opera House last month, the engagement of Miss Sweepstone and Mr. Tweedale is announced to begin Wednesday, June 17th, for one week only.

These artists are of the highest order and have a splendid record in the large cities to the south. Their repertoire is entirely different from that of their predecessors. Even the tango as danced by them is totally different, as they dance the original Argentine tango instead of the society two-step tango danced by Miss Lester and Mr. Ransford.

Miss Sweepstone is an artistic solo dancer and will appear on each program during this engagement in a special solo dance—opening on Wednesday evening in the "Gypsy Dance."

During the week the Hesitation One-step, Maxixe, Mattheiche, and other new society dances will be given in addition to the beautiful solo dances by Miss Sweepstone.

Unusually attractive motion pictures will be shown in connection with the dances and there will be "something doing" every minute.

"Abolish the Bar"

N. W. Rowell, the Liberal leader in Ontario, is making his big appeal to the electors of Ontario on the cry "Abolish the bar."

"The issue is before the people of this Province; it is before them for judgment. From Ottawa to Sarnia, from the Great Lakes to the northwestern boundary of Ontario, that issue, for the first time, in a definite, concrete proposal, is before the people. I have discharged my responsibility. The continuance of the open bar rests upon the conscience of the people of Ontario today."

"If the people of this Province want the bar to go, and will send to the Legislature men who will support me in doing it, in the first Legislature that meets after the election, an Act will be passed wiping out every bar in the Province of Ontario."

Mostly Japs

On June 6th the licences for salmon fishing on the Fraser issued for the season showed 393 white men, 34 Indians and over 600 Japanese.

# Sunlight Soap

## Your Pride in Fine Damask

—in gleaming silver and china—in the sparkle and absolute cleanliness of all table appointments—is best fostered by the use of Sunlight Soap.

It makes linen as white as driven snow—and never harms a thread of the finest fabric ever loomed. For washing silver and china nothing else can compare.

A \$5,000 guarantee says there is nothing in Sunlight which should not be there—and the kind way it treats your hands is another proof of its purity.

Sold by all grocers 5c.

### PROPERTY OWNERS AGAINST REDECKING

(Continued from Page 4)

Two where permanent work had been done by a contractor who took debentures, two prices had been paid and the property owners were \$32,000 in arrears for local improvements. This condition would repeat itself.

W. M. Law: Let us get together. If the Council will give us the information re financing we will give you a proposition, but we would rather you do it. Our people want work. When sugar is down in price a merchant loads up with it. Let us take advantage of the amount of idle labor around.

Ald. Montgomery: You appear to be one who would dip into a workman's pail and steal a sandwich. You will find a rate of wages in that contract which will keep labor skinned in their place.

Mr. Law: I do not care what Montgomery says. My record is as good as his, but if I sat in that chair I would not let personal feelings run away with me. He cares for no one but the workman.

Ald. Montgomery: Law cares for no one but the property owners. He has no feeling for humanity.

Later Mr. Law apologized to the meeting and the alderman for unintentionally causing personal remarks to be made.

Ald. Dybbavn was willing to let Sixth Avenue be graded for \$12,000 if the debentures were taken.

Mr. Buckley said Contractor Rossang who did the water trenching, offered to do the work at that price.

The question of local improvement districts was discussed at length and it was thought the

City Engineer should advise on that point.

The Mayor and Councilors wanted to know what streets should be permanently graded according to the idea of the meeting.

Fifth Avenue E. and Sixth Avenue from Fulton to Bowser and Tallow were asked for. The Council intends to grade McBride and Fulton.

A. Carss: The Council should be careful in allowing contractors to do the financing.

M. M. Stephens: The Council asked us to offer a substitute.

The meeting adjourned after a promise to hold the question over until after the finance meeting.

# THOUGHT IT WOULD KILL HIM

Terrible Torture From Chronic Indigestion, Short Treatment With "Fruit-a-tives" Completely Cured The Whole Trouble.

C. T. HILL, Esq.

Chatham, Ont., April 3rd, 1913

"Some two years ago, I was a great sufferer from indigestion. I treated with a prominent physician here for some time, but I did not get any better so I went in to see him one day and said "Doctor, what do I owe you? I am not getting any better and am going to quit you." I paid him his bill and he remarked to me, "Charlie, you have a case of chronic indigestion that will be hard to cure."

I left his office and as I stepped out on the street my eye caught a bill board advertisement of "Fruit-a-tives"—that big "Fat Man and Thin Man" and I said to myself, "If Fruit-a-tives will build me up like that, it's good enough for me." I walked directly over to Park's Drug Store and I bought a box of "Fruit-a-tives." After taking these wonderful tablets for only three weeks, I found myself greatly improved. I continued taking them for a short time longer and cured myself entirely. My case was no light one either, for many times when I was on the street, I was compelled to go into some store or business place until the acute spasms wore away. Gas would often form in my stomach and I was in daily fear it would get around my heart and kill me. To-day, I have no such fears. "Fruit-a-tives" is the only remedy for Indigestion, Dyspepsia and Stomach Troubles.

Perhaps your case is exactly like Mr. Hill's. If so, do exactly as he did—take "Fruit-a-tives" and cure yourself. "Fruit-a-tives" will prevent the formation of gas in the stomach by making digestion complete. It will insure the food being promptly digested by providing an abundance of gastric juice in the stomach. It keeps the stomach sweet and clean, not only by helping the digestion but also by regulating Kidneys and Bowels and toning up the system. If you suffer with Indigestion, Dyspepsia, Sour Stomach, Belching, Gas on the Stomach, Heart Pains after Eating, take "Fruit-a-tives." 50c a box, 5 for \$2.50, trial size, 25c, at all dealers or from Fruit-a-tives Limited, Ottawa.
