CALIFORNIA CLAIMS WORLD'S MOST ACTIVE VOLCANO—SUFFRAGETTES PUT BOMB IN CHURCH

CALIFORNIA'S NEW VOLCANO CLAIMS A CURIOUS VICTIM

MOST ACTIVE IN WORLD—MILE OF CRATER THROWING OUT ASHES, SMOKE, FIRE AND DEADLY GASSES
—L. GRAHAM THE VICTIM

(Special to The Daily News)

Bedding, Cal., June 15.—Rocks and volcanic ashes, smoke, fire and deadly gases are believed to come not only from the crater of Mount Lassen but from two new craters that burst shortly before

dark. More than a mile of new craters makes the newest the most active volcano in the world. The volcano claimed as a victim L. Graham, who climbed up to view it. He was struck by a rock from the mouth.

CANADIAN IN NEED OF A "LIFE PARTNER"

He Has "Home for a Nice Young Girl"

The Stafford Board of Guardians—the Rev. G. C. Bruton presiding—the clerk read a letter from a young man living at Prince Rupert, British Columbia, in which he said:—

"I am needing a life partner. If you could by any means help me to get a young lady about 22 years I would be greatly obliged. Having heard of such a thing being done, a fellow writing to his own town and asking a request to this effect, I am 24 years old, and have a home to offer a nice girl. Am a native of Staffordshire and wish to get married. If you can help me in this matter it would be greatly appreciated."

Mr. Butler—I propose that we refer this to the lady guardians to find a suitable candidate. (Laughter.)

Mr. Bedford—I do not suppose there is any such person in the house.

POLICE OFFICER SHOT

Kamloops, June 13.—Provincial Constable John Melis Allen was murdered this morning by a tramp. He was shot three times and died within a few minutes of the shooting. The murderer has not been arrested, although 27 men were arrested at Wallachin on a freight train which passed through Kamloops about the time of the shooting. In company with Constable McCreery, Allen was searching several deserted shacks in the vicinity of the railroad yards for persons who had attempted early in the night to break into the Kamloops brewery. They had searched the shacks and found nothing suspicious. They were then leaving, when Allen discovered a window open. He went back to make further investigations, while McCreery continued to search elsewhere. When Allen did not join him McCreery went back, when he found Allen shot. He died a few minutes later.

BRITISH DEFENCE ON THE PACIFIC

Canada is vitally interested in the British naval forces on the Pacific Ocean. So are Australia, New Zealand and India. The opinion is growing that the British Admiralty should formulate some plan whereby the Canadian, Australian and New Zealand naval forces should be developed on a comprehensive plan which would provide for Pacific co-operation. There are some British ships on the China station and some in other parts of the Pacific. There is an Australian fleet in Australian waters. New Zealand is developing a naval force of her own under an act passed last December. Canada is talking of a Pacific fleet which will have its headquarters at Esquimaux or Vancouver. All these fragments of a Greater Britannie Navy should be developed along a well-defined plan which would look towards ultimate unity in that ocean.

The Britannie peoples on the Pacific are as much entitled to protection as Britannie peoples on the Atlantic. The Britannie prestige of the Pacific is of as much importance as the Britannie prestige in the North Sea and the Mediterranean. Hence the Admiralty should formulate some scheme which will satisfy all the peoples who have an interest in the Pacific and who are willing to contribute to the protection of Britannie trade and commerce on the great western ocean.

This is a subject for the next Imperial Conference, and it is to be hoped that when it meets the Admiralty will be prepared with a plan which will appeal to the combined patriotism of Australia, New Zealand, India and Canada. At present there is some divergence of view, and although Australia and New Zealand have asked for a special conference on the subject, nothing has been done. It is time that a settlement of this great problem was sought. —The Canadian Courier.

ATTORNEY GENERAL RATHER EVASIVE

Does Not Know When Provincial Public Works Will Start Here

"Yes, we have had a splendid pleasure trip," said the Hon. W. J. Bowser to The Daily News, when the Princess Sophia was in on Saturday afternoon. "This is the first time I have been north of Stewart and I enjoyed it very much. With the exception of a couple of cloudy days, the weather has been excellent. In about a month's time Hon. Mr. Ross and I expect to make a trip through from Edmonton to Prince Rupert over the Grand Trunk Pacific."

"When is the work on the new court house going to start?"
"Just as soon as the plans are decided on."
"Will that be this summer?"
"Well, there have been several sets of plans. I will probably take that up upon my return."
"How about the road around the island?"
"I don't know. There was no appropriation for that this year, was there?"
"I understood there was," responded to the News man.

"Well, I really don't know anything about it."
"Has the Wark channel water power been reserved for the city?"
"The city staked it last year."
"I don't know. You will have to ask Mr. Ross when he comes next month."

Hon. Mr. Bowser was accompanied by Mrs. Bowser. The Minister was taken around the city by Wm. Manson, M.P.P., J. H. McMillin, Government Agent, and several representatives of the Conservative party.

Representatives of the agricultural society approached him on the question of some aid to the society, and the pioneer celebration boosters also talked of their forthcoming event.

ANOTHER COLLISION

On Board S.S. New York, June 13.—While the American liner New York, westward bound, was living motionless in a heavy fog, 400 miles east almost of the light house, the Hamburg-American liner Pretoria ran into her. The Pretoria ripped a hole 12 feet high and 32 feet long in the New York. The hole was flush with the main deck and 45 feet above the water-line. So great was the force of the collision that the Pretoria's anchor was torn from the bow and left hanging inside the gap. Practically all passengers aboard both ships were asleep at the time. Immediately after the collision the engines of both vessels were ordered astern and the passengers came hurrying on deck. The passengers on the New York were able to reach over and touch the bow of the Pretoria as she pulled away from her dangerous position. There was no panic on board. After the passengers were assured there was no danger they began to laugh and look over the curious costumes of the travelers as they appeared on deck. They refused to return to their cabins till daylight.

The Empress Theatre

Important Announcement

We wish to announce to the public that THE EMPRESS THEATRE will be closed for a few days to enable us to make necessary changes in stage equipment which will include the installation of a first class fireproof asbestos drop curtain.

The Management are negotiating with a number of first class Dramatic and Musical Attractions which will appear at the Empress during the coming season. Definite announcements will be made later.

The first attraction will be a return engagement of the Royal Players, commencing next week. This excellent Company made many friends during their two weeks stay here this season and we are sure they will receive a warm welcome on their return.

GRAHAM ISLAND OIL WELL TO BE COMPLETED

Already Down Eight Hundred and Fifty Feet—450 Feet Will Complete

Vancouver, June 15.—Interest in British Columbia oil possibilities took a substantial form yesterday when a sufficient amount of capital was completed to continue the sinking of the well on the property of the British Columbia Oil Fields, Limited, on Graham Island.

The well on this property has been sunk 850 feet, but owing to lack of funds work was discontinued a year ago.

Experts have estimated that 450 feet below the present depth oil will be encountered in commercial quantities.

The indications of oil of the highest known grade in this field are of the most promising nature. All the surface seepages indicate oil of a paraffin wax base and huge pieces of pure paraffin wax are frequently encountered at the surface forced up through the crevices of the rocks.

An expert driller, who previously had charge of the work, has been sent for and is expected here in a few days. The necessary supplies of pipe, tools, etc., to complete the well are being shipped north and the promoters confidently expect to bring in a well within the next sixty days.

The Graham Island field has long been regarded as one of the most promising in the West. Vancouver investors have been making eager enquiries about British Columbia oil prospects, not only on Graham Island, but in Pitt Meadows and other districts during the last week and the success of the Graham Island venture will no doubt cause a second Calgary boom for British Columbia oil fields.

TRUE BILL AGAINST JOHNSON CHARGED ATTEMPTED MURDER

ASSIZE COURT OPENED THIS MORNING BEFORE JUSTICE MORRISON — SIX CRIMINAL CASES — CASES IN CHAMBERS — CASES COMING UP

High Court opened this morning before Justice Morrison. The grand jury was sworn in and his Lordship then presented to them the cases on the criminal docket. He said the only one of any seriousness was the charge of attempted murder against Johnson. Johnson and a partner named Wright had a quarrel over the division of their household effects and Johnson took down a gun and it was discharged, going through the wall of the cabin and striking a man named Wright.

The grand jury are: Cyrus W. Peck (foreman), Robert C. Jardine, David G. Stewart, Robert A. Stalker, John M. B. Blyth, Robert A. McGee, Joseph E. Merryfield, David H. Hays, George Smith, William McG. Mason, Arthur Cuthbert, Llewellyn B Webster.

At 2:30 they returned a true bill against Johnson.

In Chambers
While the court was awaiting the return of the grand jury's report several cases were heard.

Set Aside Transfer
In the action of Kelly, Douglas & Co., Ltd., and the Continental Trust Co., Ltd., against Louisa J. McArthur and Frank B. McArthur, Mr. Manson appeared for the plaintiff and filed evidence in regard to the title to certain lots at Victoria, showing that they had been transferred to Mrs. McArthur to her husband in January last just prior to an assignment for the benefit of creditors.

by Mrs. McArthur to the Continental Trust Co. as assignee. Judgment was given for the plaintiff setting aside the transfer of the lots to the husband on the ground of fraud and ordering a conveyance to the Continental Trust Company for the benefit of all the creditors. Judgment was given to the plaintiffs for cost.

Benson vs. Clayton
In the action of Oscar A. Benson vs. W. Barrett Clayton, A. M. Manson for the plaintiff applied for judgment on consent. Judgment was given to the plaintiff in the sum of \$5,225.55 and interest and for a vendor's lien on lot 53, block 34, section 1. The action was on an agreement for sale for the balance due from Clayton to Benson and this action was taken as a result of payment not being made.

Indian Got Divorce
Isaac Shepard applied for divorce from Maggie Sheppard. Both are Indians. The plaintiff lives at Port Simpson. His wife went to live with a man named Sam Douce up the Skeena. A decree nisi was pronounced in favor of the plaintiff subject to the filing of a marriage certificate. The co-respondent and the respondent herself did not appear. A. M. Manson acted for the plaintiff.

THERE IS NO LONGER THE IDLE RICH CLASS

A prominent financial man who has recently returned from Great Britain, tells an interesting story of the disappearance of the idle rich. These people were accustomed to put their money into consols and other safe investments, paying from 2 1/2 to 3 1/2 per cent. These were so absolutely safe, that the people who owned them had neither far nor worry. Their income was not large, but the feeling of security made up for that.

So, much is changed now. Lloyd George came along and taxed these incomes an average of one per cent and there was trouble. When you have all your money locked up in bonds paying three per cent and this is suddenly reduced to two, something must happen. These idle rich found they could not live on the amounts Lloyd George left them, so they began to think and to act. They began studying the newer investments and to change over. But the chief point is that it made them THINK, and thus they have become intelligent investors. Lloyd George has dispelled their carelessness.

According to this theory, a tax on incomes from investments is a good scheme. It forces people to put their money into real enterprises rather than "dead stocks" such as consols and other trustee investments. This is one of the influences which is forcing Britishers to invest their money in Canada, Australia and Argentina, rather than in government securities.

Here then is a suggestion for Hon. Mr. White. Tax all the savings bank deposits one per cent and the banks will be forced to raise the rate one per cent or lose the deposits. Great scheme this, Mr White. The banks cannot afford to lose the deposits, and therefore they will pay four per cent. You get the money from the banks, and no one is the loser—except the banks' "reserve accounts." You have the endorsement of Sir George Paish,

WANTS TO RAISE HOGS

The Hubert Times says: "We read in The Daily News of Rupert that 3,380 hogs were sent to the United States and that altogether 26 cars of hogs representing a value of more than \$50,000 have been shipped from Calgary. The proceeds going into the pockets of the Alberta stock raisers. We have in the Bulkley Valley every bit as good a country for raising hogs, as they have in Alberta, we also have an ideal dairying country, and yet the Bulkley Valley is at the present time not producing enough for her own needs. Everyone seems to be waiting for someone else to make a start and this inertia is not only to be noticed amongst the farmers but also amongst the business men. All waiting for the outsider to come in and show them how to develop their own resources."

Wrestling Match Wednesday

Al Hatch, who will wrestle Pete Sigurdson for the Provincial middleweight championship on Wednesday night, arrived in the city Saturday and is training for the event. On Saturday evening he did not have a partner to work out on. Sigurdson, the local man, is in good shape and his friends predict that he is going to defeat Hatch.

DAILY EDITION

Monday, June 15, 1914

Eastern cities are making a great fuss over their daylight saving legislation. They shift the hours of toil forward and give a longer evening for recreation.

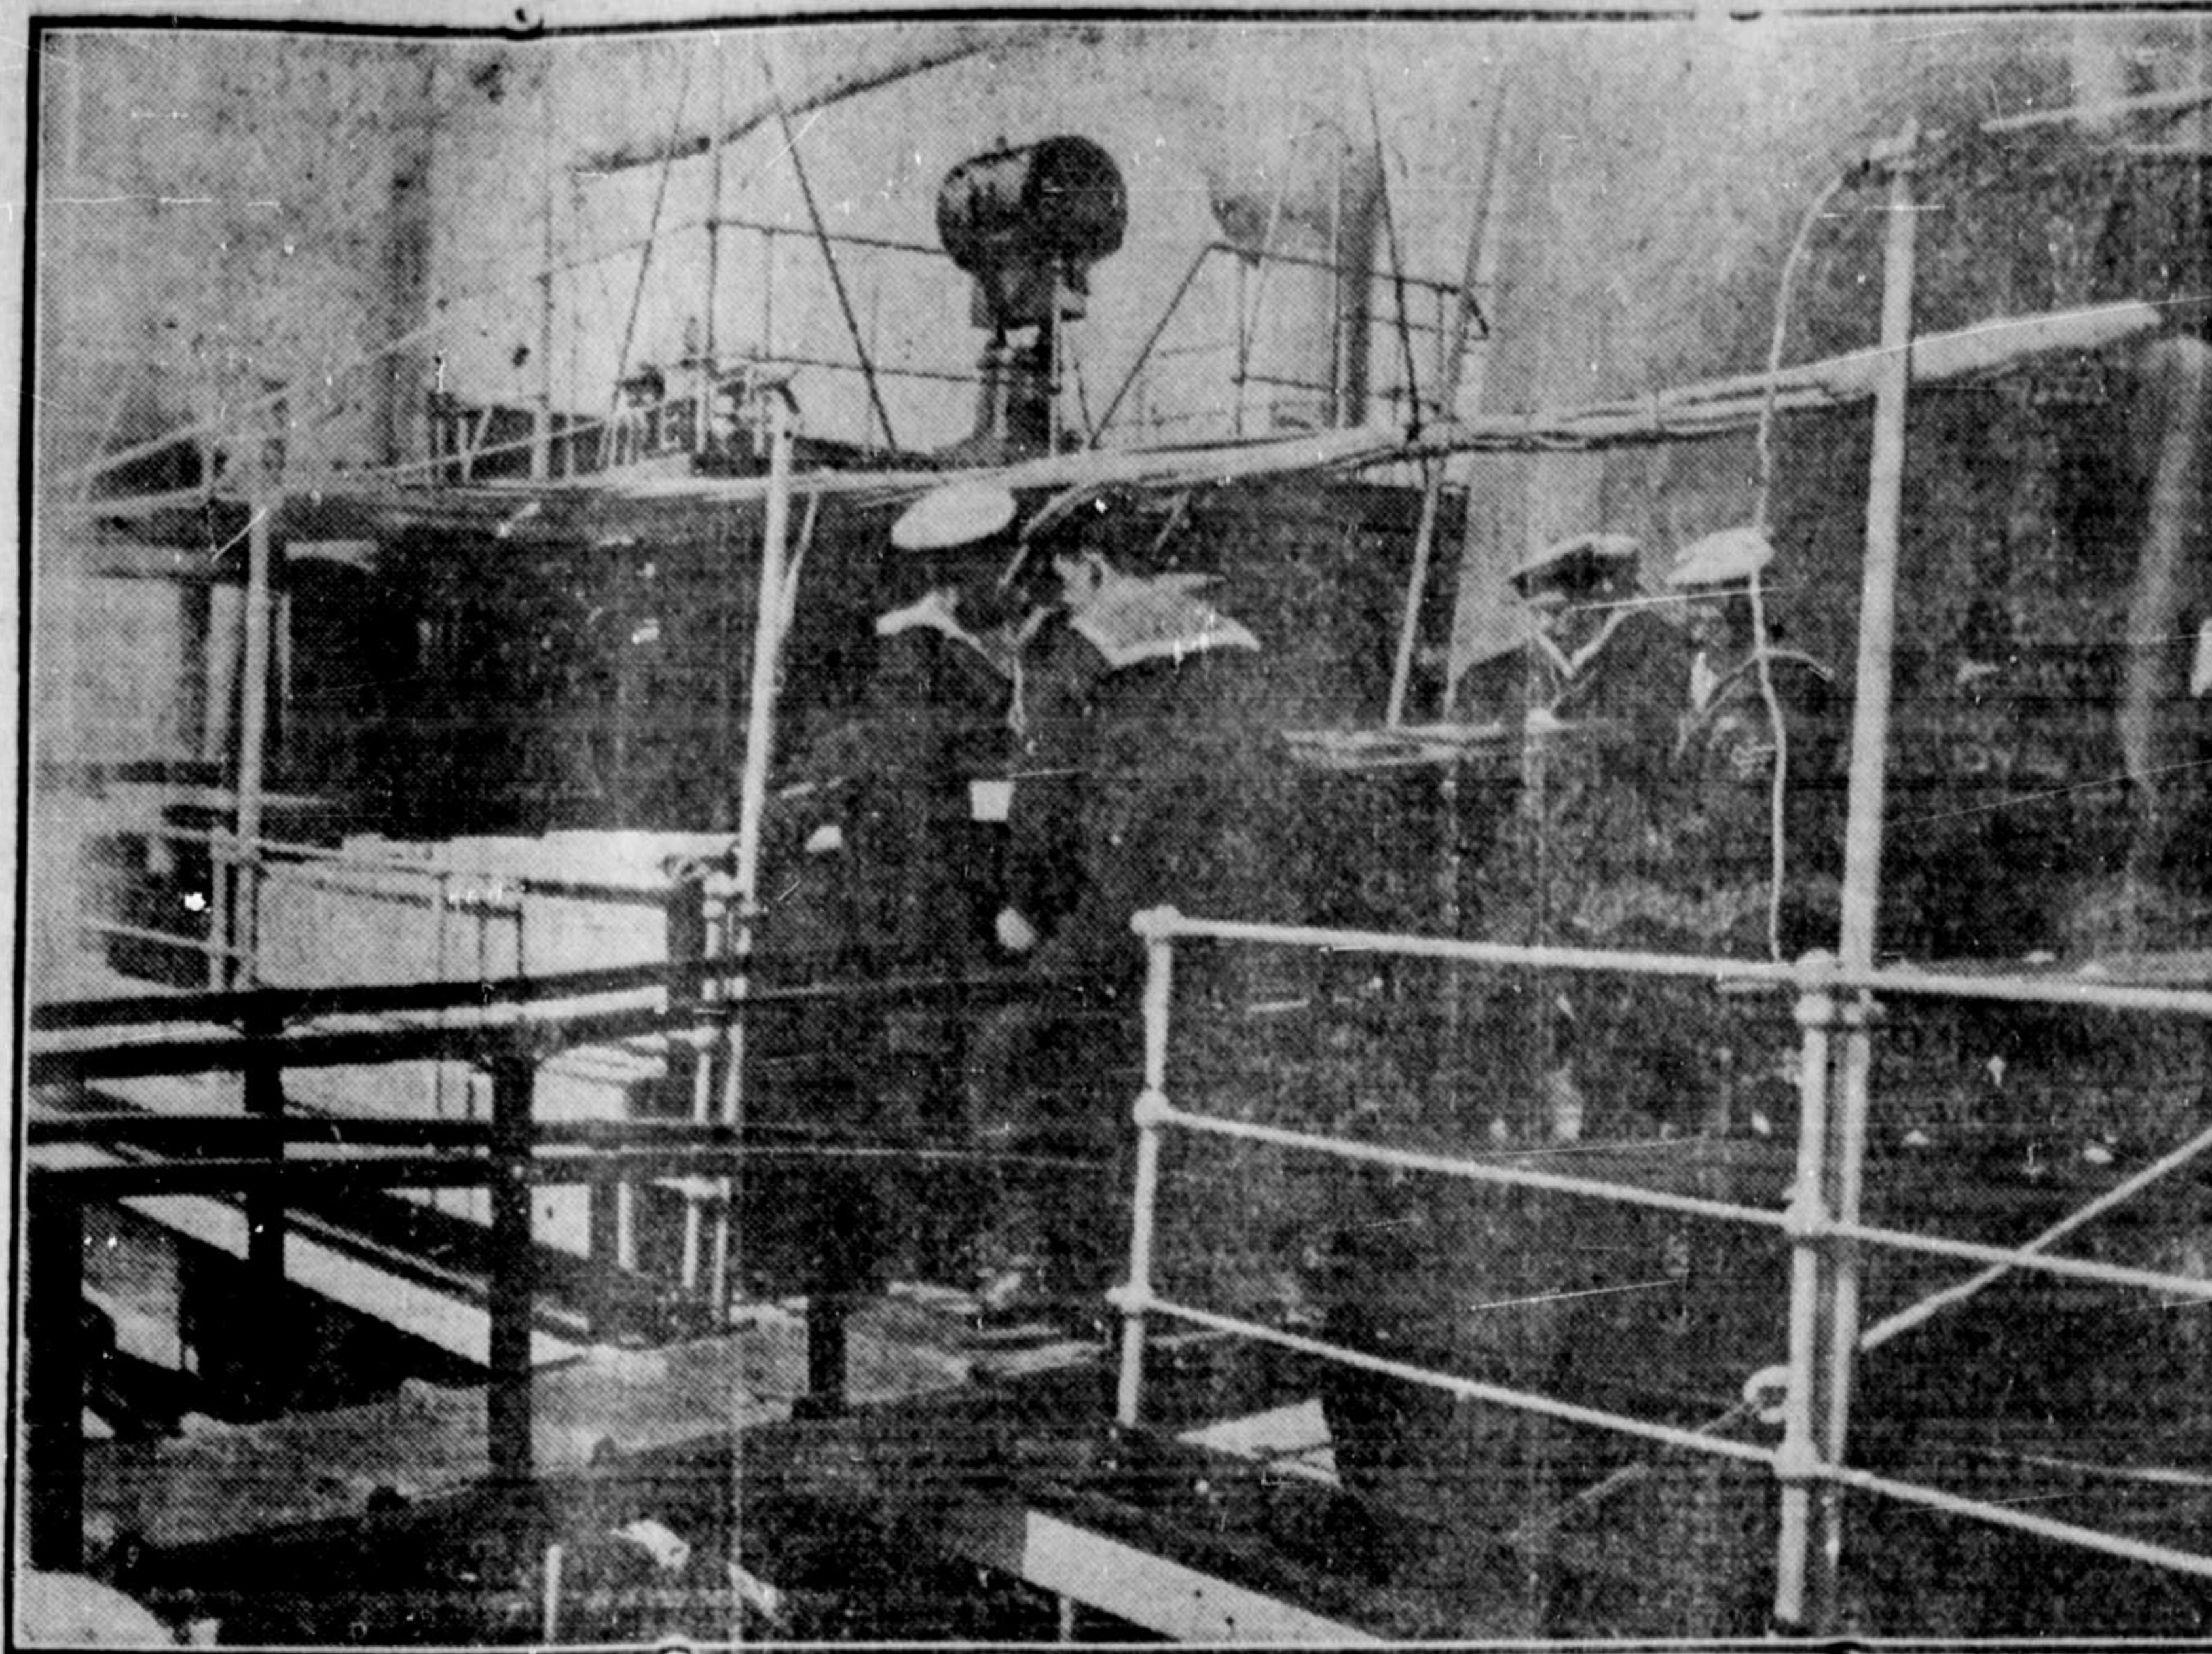

Recent despatches say that the South American envoys have brought about an understanding in the Mexican embargo. Huerta is to be eliminated and a fair election called.

The lack of interest shown by the McBride Government in the development of the interior farming districts is becoming daily more noticeable.

Mr. Lawson says that \$32,000 was spent last year on the roads and \$42,000 is appropriated for this year. These are goodly sums, of course, but the trouble is that they are not used to advantage.

It is no doubt the easiest thing in the world to criticize in matters like this but surely these are sufficiently grave to insure the authorities getting busy and investigating it.

The News was referring to the Editor of the Little Tory party in Prince Rupert. That estimable gentleman read that as meaning the "little toy editor," and thought this paper referred to his "diminutive" stature.

SOME OIL STORY

Here is a sample of the oil stories the Calgary papers are handing out to their readers:—

"Muskogee, Okla., June 10.—Sarah Rector, 41 years old, a little negro girl, is uneducated and without parents, but she asks no sympathy. She needs none, for she has a little brother, Mannie Rector, eight years old, to play with, and \$4,000,000 to spend.

Sarah was the owner, and in the first twenty days after oil began flowing from wells on her land, her one-eighth share amounted to \$60,000. She is now cared for by a guardian appointed by a Muskogee court.

RUSH FOR PRE-EMPTIONS

McBride, June 15.—The rush for the pre-emptions thrown open by the Provincial Government on the south fork of the Fraser River in this vicinity is on in earnest.

Eighty-one applicants were lined up before the Government office here on the day of the first drawing awaiting their turn.

J. Gordon Smith of the Department of Lands, is here taking charge of the allotting of the pre-emptions.

In the Letter Box

That New Auto Truck

June 15th, 1914.

To the Editor Daily News.

Dear Sir—There has been some discussion among friends of mine as to the action of the City Council in purchasing a Packard truck instead of a "Commercial" truck, especially as the Commercial truck was priced at \$200 lower than a Packard, with a carrying capacity of nearly 500 pounds more, and the wisdom of the "expert" who recommended the higher priced truck is questioned.

As there seems to be an impression that I was trying to sell a second hand truck to the city, I wish to state the facts. The two-ton truck which I offered to the city is a brand-new truck that was purchased for Brackman & Kerr of Vancouver. They used the truck a couple of weeks and then decided to purchase a five-ton truck of the same make, and after receiving their new truck they turned the two-ton truck into the "Commer" Agency to be sold. This is the truck which I offered to the city, agreeing to put new tires on the car and to fully guarantee the car the same as any new car.

I consider that this car, having been tested by running two weeks or so, was better than taking a new one that had not had the chance of a thorough test. I beg to enclose a letter received from the sales agent at Vancouver which illustrates what the outside people think. The fact that firms like Brackman & Kerr have duplicated their orders for the Commer trucks is sufficient guarantee as to their worth.

Thanking you for your space, yours truly, J. H. ROGERS.

Vancouver, June 11, '14. J. H. Rogers, Esq., Prince Rupert.

Dear Sir—Very sorry to learn by yours of 6th inst., that the city have passed us, and I note that Packard have got the order at the higher price, and it would look as if there was a joker somewhere.

However, we have got the best truck, and are getting the bulk of the orders, so we must not grumble. Brackman-Kerr of Westminster had their three-ton burn up a couple of weeks ago and ordered another the next day. Pretty good recommendation, af-

ter they had had the truck about ten months.

I am much obliged for your order for the four new rear tires, and have ordered these sent out to arrive about September 15th. With kind regards, yours truly, E. D. CLEGHOUR.

J. Hutchinson, of H. S. Wallace & Co.'s store, left this morning for a trip to Vancouver.

The Royal Cafe is the old, reliable and popular dining place of the city. You can depend on getting the best cuisine and best service. 126tf

Saturday was the 28th anniversary of the big Vancouver fire when every house in the city but one was burned out.

The Provincial Department of Mines has decided to place a resident inspector at Prince Rupert to look after the mines of the North.

The best place in the city to lunch or dine is the Royal Cafe. The service and the menu can always be depended on. 126tf

The fame of the exhibition is spreading. This week subscriptions have been sent in from Ootsa Lake, Endaco, Hydah, Alin and Hagensborg.

Yesterday was another big picnic day for Prince Rupert citizens. Every boat in the harbor was busy taking out parties and the beaches along every arm and inlet showed camp fires.

The public have responded splendidly to the request for donations towards the exhibition. Over \$500 was promised in the first week round. The annual fair is something that every citizen can feel a pride in and look forward to.

The district press is rendering splendid assistance to the Rupert exhibition. The Bella Coola Courier devotes the whole first column to our fair. The Omineca Miner, Omineca Herald, Smithers Review, Queen Charlotte Islander, and Smithers Tribune are all keeping their readers well posted as to the latest items of interest regarding the exhibition.

Rev. Mr. Riley and family of Port Simpson, went south on the Princess Sophia on Saturday. The Rev. gentleman has been appointed as superintendent of the Quaqueletta Institute at Chillawack, and was off to take his new charge. Many friends of the family were at the wharf Saturday to see them off. They will be greatly missed at Port Simpson where they have been located for several years.

The exhibition office has received word from Dr. R. M. Coulter, Deputy Postmaster General that a date stamp bearing the date of the fair will be installed at Prince Rupert. Mr. H. S. Clements, member for Comox-Alton, has strongly recommended this and the City Council and the Board of Trade have backed the efforts of the directors of the Agricultural Association to obtain this concession which will mean a great deal of publicity for the city and the exhibition.

Miss Vera Peel, who has been spending eight months with her uncle, R. S. Sargeant, Hazelton, left for her home in Grenfell, Sask., this morning.

Dr. R. W. Large, of Port Simpson, has moved for the cannery season to Port Essington where he is in charge of the hospital there. There are only two patients there at present.

It is reported that the city light committee in awarding the contract for 500 tons of coal passed over the lowest tenderers and that some kick will be forthcoming on it.

The baseball boys are expecting a number of recruits from Portland on Wednesday. They will greatly strengthen the local aggregation for the games with Ketchikan here on July 1 and in Ketchikan on July 4th.

The launch Ranger and the Carl F. both got on the rocks this side of Metlakatlah yesterday. The Ranger was stuck for two hours but the Carl F. got off with a rising tide and floated in twenty minutes. No damage was done.

The Drydock football team has made a selection of their uniform and colors. Sweaters are to be orange and black striped, trousers white, and stockings plain black. The field is being graded and put in shape. They expect to have their first game Saturday.

Al Hatch and Pete Sigurdson, who meet Thursday night for the wrestling championship of Canada, are both training faithfully for the match. Between seven and eight every evening at the Windsor Hotel they entertain their many admirers and the workouts are always very interesting.

Capt. Nicholson decided when in the city that the custom of blowing the whistle of the George and Rupert at the hour, half hour and quarter hour before leaving would be discontinued. These steamers always leave on scheduled time and the blowing of the whistle is considered a provincial custom unbecoming the dignity of a city like Prince Rupert. The telegraph rate to Queen Charlotte Islands has been reduced to seventy-five cents from one dollar.

NAAS RIVER VALLEY HAS GOOD OUTLOOK

The News is in receipt of a sample of radishes from Mr. W. A. Meyers, grown in the Naas country and they seem to be the real article. Mr. Meyers has an excellent ranch in that district and has great faith in its future. He has the following to say of conditions there:

Gyinocha, B.C., June 11, 1914. I have twenty-five varieties of vegetables in, all spaded and hand planted and I tell you I have quite an experimental garden. My potatoes are a foot out of the ground and growing an inch a day. Corn, beans, beets, carrots, onions, cabbage, cauliflower and Brussels sprouts are all growing fine. We are having ideal weather for vegetable growth; in fact for any kind of life. It is truly a pleasure to breathe in the pure sterilized atmosphere that we are now having on the Naas River.

Several new settlers have already arrived this spring. Two prosperous young farmers from Alberta have taken up pre-emptions and are returning for their wives and families, farm stock and implements and hope to bring their stock in this summer over the G. T. P. to Kitwingham and drive them overland 75 miles to their ranches on the Naas.

A wagon road is being built by the government through the pre-emption reserve.

A Hollander from South America with his wife and two children arrived last week and are locating on the pre-emption reserve.

In April we had about four inches of rain and in May about two inches and so far in June we have just had a few showers.

JUST LIKE FLY PAPER

Tarrytown, N. Y., June 15.—Besides increasing the police force by fifty members to guard against a threatened invasion by I. W. W., the town authorities here began today paving Fountain Square, where gatherings have been held, with a soft tar-like preparation. Whether this was done by chance or design, it eliminates the square as a rendezvous for several days to come.

Industrial Workers of the World have held demonstrations here as a protest against the attitude of the Rockefeller in the coal mine strike.

High Prices at Prince George

Ed. Doyle, who makes a specialty of Prince George real estate, is in receipt of a telegram giving the prices of some of the Government lots at Prince George which were sold at that city on Friday. Lot seven, block 133, Third Avenue, sold for \$5,970, and lot 4, block 135, George St., sold at \$5,750. Both these are inside lots and sold at over \$1,200 above prices at the Vancouver sale.

Big Loads Halibut

Yesterday the Chief Zabassa of the Cold Storage Company fleet, came in with her hold full of halibut and loaded down on the deck for all she would carry.

Capt. Parsons said he was handicapped for lack of space or he could have brought in 100,000 pounds. The Zabassa carried 75,000 pounds. She is a six-dory boat and was out only eight days. Capt. Parsons claims she is high boat on the Coast this season.

The Chief Skugate was also in today with 75,000 pounds.

Success may not depend so much upon what you do yourself as upon what you can jolly others into doing for you.

MORE TANGO AT THE WESTHOLME OPERA HOUSE THIS WEEK

Interest in the modern dances still continues unabated and Prince Rupert society is eagerly looking forward to the engagement of Miss Sweepstone and Mr. Tweedale at the Westholme Opera House for one week, commencing Wednesday, June 17th.

The work of these artists is very highly spoken of by those who have had the good fortune to see them in Vancouver and Victoria. Besides the Hesitation, Flirtation and One-step, they dance the original Argentine Tango, the Mattheiche, Maxine, etc., and Miss Sweepstone does some very artistic solo dancing which in itself will be a big feature.

A fine programme of moving pictures will complete the entertainment.

A Happy Journey

W. D. Tippen, train agent for the G. T. P. out of Smithers, and a popular Rupert boy, left this morning for Vancouver. On Wednesday he is to be married, the bride-to-be being Miss Ola Phallen who has frequently visited in Prince Rupert and has many young friends here. Mr. Tippen and his bride will visit in Tennessee and Chicago and will return to Prince Rupert about August. Numerous friends gave the prospective groom good luck wishes at the boat this morning.
