### TERRIBLE ACCIDENT IN FRANK COLLIERY --- TWO HUNDRED DEAD--MASON'S PARTING GAIETY

#### VISITING MASONS ENTERTAIN ON BOARD PRINCESS ALICE

BRILLIANT CONCERT TOOK PLACE IN HONOR OF THE LOCAL FRATERNITY--FRAME UP WIRELESS MES-SAGES WERE FEATURE OF EVENING

As the picnic to Digby Island was suddenly called off yesterday on account of the rain, the visiting Masons extended a hurried invitation to all the local fraternity with whom they could get in touch to attend a grand concert on board the Princess Alice. This was a most brilliant affair. It consisted of vocal and instrumental music, recitations and story telling and was a credit to the prominent body of people as the visitors were.

A special feature of the evening was the flashes of wireless supposed to have been received by the ever popular Wm. Astley addressed to many of the prominent men on board. The following is a reproduction of the "wireless" received:--

#### ONE LONELY DOLLAR DAMAGES FOR LIBEL

City Engineer Mason Got Modest Award for Injured Reputation

W. McG. Mason, city engineer, was awarded \$1 damages in his libel suit against the Daily News. The jury returned at 3 o'clock yesterday afternoon and were out for two hours. The verdict was for one dollar as recompense for the damage done to the plaintiff's reputation by a letter which was published in the Daily News last January.

The claim was for \$10,000 damages and the plaintiff's counsel asked the jury to give substantial damages to show their disapprobation of the publication.

#### NEW HOTEL BAR CREDIT TO LOCAL FIRM

Everybody has been remarking about the up-to-date bar of the new Prince Rupert Hotel. It is not generally known however that all the work was done locally and that Messrs. Steen, Hebert & Co. put in all the sheet metal work. The inside of the bar is fitted up with sideboard and pigeon hole effects all in german silver. There are cavities for the reception of ice and cold water for cooling purposes. The general plan is the most modern in use in any of the large cities, but besides the utility the work is a piece of art.

Steen, Hebert & Co. have some of the best workmen to be had anywhere and can complete very successfully with the larger centres.

#### HANDSOME YACHT TO VISIT PRINCE RUPERT

Portuguese Prince Will Come Here in Luxurious Pleasure Craft

News reached the city that Prince Ferdinand of Portugal, brother of the consort of ex-King Manuel will visit Prince Rupert this summer in his luxurious steam yacht Mekong.

The yacht left Shanghai on June 6 and is now at Yokohama. From Japan she will head for Alaska, cruising slowly, and come down the Coast to Rupert.

From here she will visit Puget Sound and then proceed to Panama, pass through the canal and proceed to New York.

Prince Ferdinand has been big game shooting in Indo-China and joined the yacht at Shanghai. The Mekong is a large pleasure craft of 1,000 tons displacement. She carries wireless telegraphy and also five quick-firing guns. She is commanded by an Englishman, Captain Morton, who has been in charge of her for two years.

#### MARTIN M. REYNOLDS DEAD IN VIRGINIA

Second Vice-president of the Grand Trunk Pacific Has Passed Away

Montreal, June 20.--Martin M. Reynolds, second vice-president of the Grand Trunk Pacific, died at Old Point Comfort, Virginia, on Wednesday.

Mr. Reynolds entered the Canadian railway service by way of the Central Vermont, one of the Grand Trunk subsidiaries. He was from February, 1892, to March, 1896, general auditor of the Central Vermont road. From March, 1896, to April 30, 1899, he was auditor for the receivers of the same road; and from May, 1899, to September 30, 1902, he was auditor of the Central Vermont Railway.

Mr. Reynolds then became connected with Mexican enterprises, first of all being comptroller of the National Road of Mexico from October 1, 1902, to April 13, 1904, while up to 1908 he was also comptroller of the Mexican International Road, and the Inter-oceanic Railway of Mexico.

He then returned to Montreal and became fifth vice-president of the Grand Trunk. He was later promoted to be third vice-president and on the death of the late President Hays, became second vice-president of the Grand Trunk Pacific.

#### GOOD PROGRESS ON CONSTRUCTION WORK

Railroad Beyond Smithers Will Soon Be Ready for Traffic

"Everything on the construction work has been going on fine since the first of June," said General Superintendent W. C. C. Mehan to The Daily News in speaking of the work on the unopened section of the G. T. P. Since the water in the Bulkley has gone down excellent progress has been made. Numerous crews are at work on the ballasting. Had there been no trouble with the high waters the road would have been in shape to open to Fort George about August 1st, but it will now be some time later.

The water in the Skeena just now is very high owing to the warm weather bringing the mountain snows down, but it is still a foot below high water mark and no trouble will be experienced unless it goes considerably higher.

Work trains can now operate fairly well over the whole line and several trains with machinery and equipment have already come through.

#### WILLENCE FOUND GUILTY

In the case of Rex vs. Wilence the jury found Wilence guilty of wrongfully securing transportation on the G. T. P., but not guilty of forgery. This is the least serious of the charges preferred against Wilence.

#### BRAVERY HONORED BY CANADIAN GOV'T.

Capt. Donald, of Prince George, Presented With Gold Watch

Capt. Donald, of the Prince George, was this morning presented with a gold watch in recognition of his bravery in rescuing a yacht and 38 passengers in dangerous waters. The presentation was made by H. S. Clements, M.P., on behalf of the Hon. J. D. Hazen, Minister of Marine and Fisheries.

There were present as guests at the ceremony: The captain of the Estavan, Capt. Saunders of the marine depot and the officers and crew of the Prince George.

Mr. Clements in making the presentation said the Minister of Marine and Fisheries appreciated the brave deed in saving the yacht and her passengers. The G. T. P. captains were splendid men. The Government had seen fit to take two of them for Dominion service. Capt. Robertson and Capt. Saunders, and they were very efficient men. The Pacific Coast is recognized as being particularly difficult for navigators and the speaker often wondered if the public fully appreciated the good work of the captains on this coast, and realized the responsibility. He hoped the presentation would be an incentive to the crew to always do their duty.

The watch was suitably inscribed with a reference to the rescue made by Capt. Donald.

The captain made a brief and appreciative reply.

Wm. Manson, M.P.P., appreciated the honor conferred upon the captain and said the citizens joined in congratulations to him. He liked the plan of public recognition of deeds of valor.

#### JURY DECIDED THAT McNEILL HAD NO CASE

Was Employed by Government and Not by Gillett

The jury in the McNeill vs. Gillett case after hearing a little of the evidence of the defence last evening, decided that McNeill the plaintiff was employed by the Government and not by Gillett.

L. W. Patmore for plaintiff; A. M. Manson for defendant.

The jury were: D. C. Stewart, foreman, C. T. Howard, W. M. Brown, E. D. Harris, James Hunter, E. Kissick, H. Hoffman, H. C. Breckenridge, D. C. Stewart.

The claim was for personal injury while plaintiff was in employ of defendant. Plaintiff was working on Delkallah Bridge. He fell off scaffold onto a raft and split knee cap, causing permanent injury. Defence claims he was not employed by Gillett, but by the Provincial Government.

M. J. McNeill was working on Masset wharf but work was not steady. When he left Prince Rupert he was to go to Masset wharf for the Dominion Government and then to Rose Spit wharf. When Masset wharf was finished, Gillett asked witness to work for him on Delkallah bridge. It was about May 22, 1913. Witness said he wrote the Dominion engineer stating he was going to work for Gillett if he got permission. He was paid \$5 a day. Witness described scaffolding and how it broke letting him fall. When he was laid up Gillett came to him and told him not to worry about wages or expenses as he would pay them. That was on June 5 about five days after the accident. He came to Rupert and was in the hospital about three weeks, and then at home three weeks. The knee is still stiff and prevents him doing heavy work or going up stairs. Witness said he received a \$50 check for wages from Gillett by mail. It was signed by Mr. Sandilands, Government Agent. Gillett offered him \$1,000 for recompense. He said he would put up a third of the amount, the Government a third and the insurance company a third. A letter from the insurance company to Gillett said they could not pay the policy as it was due to Gillett's faulty angle irons and negligence. Gillett remarked he thought he could not make a case of it.

In cross examination witness said Gillett left the Islands before the bridge work started. Ryan spoke to him about taking the job. Ryan was foreman. Have heard since work was being done by Provincial Government. He never knew of Provincial Government to pay checks for wages on work where contract was let. He went to work about the 25th and was injured about 31st. Witness put up the hook which broke. He did not see anything wrong with it. None of the other workmen mentioned to him that the hook was defective. No one of the workmen lately said there was a crack in it.

Dr. McNeill who attended the plaintiff explained the injury and said the second accident to the knee only prolonged the disability but had no different permanent effect than would have resulted from the first injury.

This injury as a rule causes a lot of pain and stiffness for many years.

Frank A. Ryan said he was foreman for Gillett on the Delkallah Bridge. Gillett had told him before he left the island that it was going to be government work but he did not mention it to the boys.

Norman McLennan said Gillett had employed him at Masset. At Delkallah the foreman had just put him to work. Three of the six hooks had broken at different times. He said to Gillett later that the hooks were always breaking.

Mr. Ray, another workman at

#### GAS EXPLOSION IN COLLIERY BRINGS DEATH TO HUNDREDS

DEAD NUMBER OVER 200--HILL CREST MINE NEAR FRANK SCENE OF DISASTER--ASSISTANCE IS BEING SENT FROM CALGARY

(Special to The Daily News)  
Calgary, June 20.--Two hundred men are believed to have been trapped and killed as a result of an explosion in the Hill Crest Colliery Mines at Hill Crest, near Frank, Alberta, on the line of the Crow's Nest Railway. The accident occurred this morning.

The exact number of those lost cannot be ascertained yet. There is reason, however, to believe that the number may be increased rather than lessened.

About six hundred miners went into the mines before the explosion occurred. It is known that about four hundred escaped, but 200 are certain to be left. There is no hope for these men.

C.P.R. officials fitted up equipment for a relief train as soon as news was received of the disaster. Surgeons, nurses and a number of officials of the company, with a large amount of hospital supplies, left for the scene of the disaster.

A private message which reached here stated that dense clouds of black smoke continue to issue from the pit mouth. Government mine rescue cars, with trained rescue men, have departed from Blairmore for Hill Crest.

Up to noon fifty bodies only, it was reported, had been recovered, but as there were five or six hundred men at work below at the time of the explosion there is considerable ground for fearing that the death toll will reach higher figures than appear at present. Black smoke can be seen ever rising from the pit mouth.

It is believed the situation below is very serious. This is borne out by the statement already given out by C. P. R. officials that there will be 200 men who were not able to get out.

#### Wilence Case Again

The Wilence forged pass case on which the jury disagreed some days ago, came up for a second hearing this morning in the assize court.

The new evidence produced in the case was given by the prisoner who went into the witness box. He stated he had not seen the forged pass or used it. He had paid \$2 to Follis, a section foreman, to take him down to Smithers. Follis denied receiving any money.

The jury were given the case at noon.

#### Sockeye Season Opens

The sockeye fishing season opens Sunday night at 6 o'clock. Mr. Peter Wallace, the dean of the cannery men on the Skeena, and recognized as a great fish authority all along the coast, stated to the Daily News this morning that the weather had been exceptionally favorable and everything indicates that the cannerymen should have a good sockeye season. Spring salmon fishing has been very poor.

#### \$50 For Supplying Liquor

Constable Grady pulled off a smooth one on a white man who was buying whisky for an Indian yesterday. The constable saw Fred Larson and an Indian together in an hotel and followed them into the toilet. He was just in time to see Larson slip a quarter to the Indian.

In police court this morning Larson was fined \$50, which he paid, and Sam Cecil was fined \$25 for having the liquor, or thirty days in jail.

the place, saw the accident. This closed the case for the plaintiff.

Mr. Manson asked that the case be dismissed, but His Lordship thought it better to put in the defence.

W. J. Gillett and E. Sandilands, the Government Agent, were called and testified to the work being carried out by the Government. The Government Agent paid the wages. There was considerable discussion between counsel as to the proceedings, but finally His Lordship submitted the question to the jury to decide whether they believed Mr. McNeill was employed by Mr. Gillett or the Government. The jury decided that the Government employed him.

New York, June 20.--F. Augustus Heinze, the copper magnate, is dying at his home in this city, according to a statement made in court today by his counsel, William Travers Jerome.

Mr. Jerome appeared in an attempt to reopen the case in which a judgment of \$275,000 was obtained against his client.

#### NATIONALISTS GET RIFLES

Large Quantities Landed on Connemara Coast Last Night

Dublin, June 20.--Large quantities of rifles and ammunition were landed during the night on the Connemara Coast, in the west of Ireland, by the Nationalist volunteers. The consignments were supposed to have been brought by mysterious vessels which had been cruising along the coast for a week, but had not replied to signals. The rifles were said to be of the latest American pattern.

Torpedo boats will patrol the coast to prevent further gun-running.

George Ade, long before he became famous, was once associated in an humble way with a theatre. He called one morning on the editor of a Sunday paper on a mission from a theatrical manager. Entering the editor's office he began, "I've brought you this manuscript." He got no further then. The editor had glanced around and sized up the tall, timid youth as an amateur poet or novelist. "I see," he interrupted in an acid tone. "Well, just throw it in the waste-paper basket. I'm very busy just now and haven't got time to do it myself." George Ade obeyed his request calmly. Then he began again: "I have just come from the theatre and the manuscript I have thrown in the waste-paper basket is your drama, which the manager asked me to return to you with thanks. He suggested that the proper place for it was with the waste paper."

DAILY EDITION

Saturday, June 20, 1914

The effect of this year's tariff increases under the Borden Government is already seen in higher prices exacted from the Canadian people.

In the Commons a few weeks after Hon. W. T. White had announced the tariff increases, Mr. F. N. McGree, the member for Sherbrooke, bore testimony that there had been an immediate increase in the price demanded in Canada for certain classes of steel building material affected by the tariff changes. Last week another piece of similar testimony was given when it was pointed out to Parliament that the advance in the tariff on wire rods had brought an increase of twenty-five cents per keg in the price demanded for nails in the Dominion.

Speaking to this point, Mr. White sought to create the impression that the advanced price was not due to tariff increase, for, he said, "the duty has not been changed on nails." The duty on nails has not been changed, it is true; but the duty on wire rods from which nails are made has been considerably increased. That is why the price of nails has gone up.

The duty on wire rods was raised for the sole benefit of

two Canadian steel companies. Hitherto a number of Canadian nail manufacturers had been able to import the wire rods they needed at a price lower than that demanded by these two steel companies. Requested by these two corporations to raise the duty on rods, Mr. White obligingly did so. The inevitable result has been that the price of rods has gone up and, of course, an increase in nail prices has followed.

The two steel companies are to be enabled to sell their wire rods to Canadian nail companies because the importation of rods is made well nigh impossible, and they are to sell them at higher prices than the nail manufacturers formerly paid. That is one side of the case. The other side of the case comes in the fact that the price of nails to the Canadian people is increased. The two steel companies benefit; the people of the Dominion lose. This is one result of having in power a corporation-owned Government.

It might be thought that this would prove beneficial to the labour employed, but a moment's thought will show that the rate of wages paid to labour in these two concerns will

be fixed by the price at which labor can be obtained in open competition. The gain, therefore, goes exclusively to a few capitalists who are made monopolists.

During the discussion in the Commons, several Liberal members put pertinent and interesting facts before the House. Meeting the argument of the Finance Minister that the duty on nails had not been increased, Mr. F. B. Carvell, of Carleton, N.B., made this statement: "We have touched the tariff on the raw material that goes into the manufacture of nails. On Monday last, I met the principal hardware merchant of Woodstock who told me that, as a result of the change in the tariff, he is paying twenty-five cents more a keg for nails than two months ago and will have to continue to do so. The wholesaler tells him that he is compelled to charge the twenty-five cents extra because the tariff increases the price."

"There is to all intents and purposes," said Mr. W. S. Loggie, of Northumberland, N.B., "a combine by which the price of nails is fixed as the price in the hands of two of the large nail-makers. These nail-makers are the makers of the rods; they make the price for the rods to the small nail-makers and make the price of nails to the trade at large. . . . There is not a question in my mind but that as a result of the increased duty on rods, there has been an advance in the price of nails, and there will be a still further advance because the retail men must have a profit on this extra twenty-five cents that the wholesale men pay. I venture to assert that in the end the result will be that the consuming public of Canada will pay each year \$750,000 extra owing to the increased cost of nails."

## CANADIAN BANKS IN CHEERFUL MOOD

Half-yearly Statements Reflect a Stronger Position

(Special to The Daily News.)  
Montreal, June 20.—Half yearly statements of Canadian banks reflect a stronger position comparatively of the institutions whose figures have been made public, especially among the older monied concerns. Conservatism has marked the course of banking in Canada during several months, and there has been a decrease of loans compared with a year ago. Sentiment has improved considerably and while during the closing months of 1913 and earlier this year, doubt was in evidence regarding the financial situation in the Dominion, such bankers as General Manager Hebben of the Merchants Bank have issued reassuring statements regarding the future outlook throughout Canada.

During the first four months of this year, as disclosed by the figures up to May 31, Canadian banks were less aggressive in extending their branches than during the same period in 1913. There were 88 new branches opened, and 25 branches closed, a net gain of 63, as against a net gain of 95 for the same period last year. The chartered banks of Canada number 20, and the branches total 3,157, all except 87 of which are in Canada.

## THE HOME OF WASHINGTON'S ANCESTORS

London, June 20.—A century of peace between the English speaking peoples was marked by the recent purchase, by the British Committee, of Bulgrave Manor, the ancestral home of the family of George Washington.

Sir Thomas Lipton, at one time opened negotiations to purchase the house and have it removed to the United States, but these fell through and it will therefore remain on its original site, and continue to be the mecca of patriotic pilgrims as an international shrine.

The fine old relic, which has stood for at least 400 years, is situated in Northamptonshire, England. In 1538, it was granted by Henry VIII to Lawrence Washington of Gray's Inn, who was mayor of Northampton. The property was included with the grant of certain lands which belonged to the priory of Canons Ashby, previous to the dissolution of the monasteries by the King.

This land was sold by Lawrence's son, Robert, and his grandson Lawrence, who retired to Brington, where he died in 1616. After his death, his grandson, John, who was the great grandfather of George Washington, emigrated to Virginia.

## ALBERTA SELLS MORE PROVINCIAL BONDS

New York Syndicate Now Offering an Issue of \$7,000,000—No More This Year

The New York syndicate which has placed two issues of Province of Alberta bonds during the last few months is now offering an issue of \$7,000,000 ten-year debentures at a price to yield 4.85 per cent.

In the prospectus there is made the interesting announcement that no more bonds of Alberta Province will be issued this year, and that the total of next year's issues will be relatively small.

## Other Bond Deals

The City of Toronto has sold to a New York insurance company \$500,000 ten-year bonds at approximately a 4.70 per cent rate.

The Monetary Times' compilation of municipal bond sales in Canada gives the aggregate for April as \$2,708,173, compared with \$5,108,776 for March, and \$3,693,857 for April of last year. The reduction is fairly representative of the falling off in the demand.

## WILL PAY EMPRESS OF IRELAND CLAIMS

Reported That Underwriters Will Not Delay Payment of Claims

(Special to The Daily News)

Montreal, June 20.—Information from London is to the effect that underwriters will not attempt to delay the payment of claims incurred by the loss of the Empress of Ireland.

The insurance carried against risks on the ill-fated ship amounted to about \$1,400,000 and it is stated that experience has proved that salvage operations are too costly, and again if they were successful and the cost of rehabilitation exceeded the \$1,400,000 the ship would be a constructive total loss plus a settlement with the salvors. It is said, however, that if the value of the silver as reported shipped on the Empress indicates that an attempt to save the metal will be justified, some action may be taken in this respect.

## "MY ONLY MEDICINE"

Says Mrs. Corbett, Are "Fruit-a-lives"  
"They Keep Me In Perfect Health"

Mrs. ANNIE A. CORBETT

AVON, ONT., May 14th, 1913.  
"I have used 'Fruit-a-lives' for Indigestion and Constipation with most excellent results, and they continue to be my only medicine. I am highly pleased with 'Fruit-a-lives' and am not ashamed to have the facts published to the world. When I first started, about six years ago, to use them, I took four for a dose, but I cured myself of the above troubles and gradually reduced the dose to one tablet at night. Before taking 'Fruit-a-lives' I took salts and other pills but the treatment was too harsh. I thought I might as well suffer from the disease as from these treatments."

Finally, I saw 'Fruit-a-lives' advertised with a letter in which someone recommended them very highly, so I tried them. The results were more than satisfactory and I have no hesitation in recommending them to any other person. They have done me a world of good. I get satisfaction from them, and that is quite a lot!" ANNIE A. CORBETT.  
Six a box, 6 for \$2.50, trial size, 25c. All dealers or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

## GREAT FINISH IN THE JUVENILE STAKES

Mr. J. W. Schorr's Ed. Crump winning, with Sir Edgar 2nd, Ida Clair 3rd, and Commonada 4th, the first of the triple victory of the Memphis turfman. This was one of the most interesting races of the season at the Woodbine racecourse of the Ontario Jockey Club.

## BASEBALL LAWN TENNIS HOCKEY

The Shamrock IV is reported as a very speedy boat in a steady breeze, so that the coming races will prove interesting beyond a doubt.

Jimmy Murphy has decided to challenge for the Minto Cup if his Toronto Rosedales are successful in winning the Eastern championship.

The Vancouver - Westminster pro lacrosse teams were disappointed with the reception accorded them in Victoria on Saturday last.

Last Saturday's amateur lacrosse match between Vancouver and New Westminster, was about the best exhibition ever played on the Coast. It was ding dong lacrosse throughout.

This afternoon the Vancouver and Westminster pro lacrosse teams will mingle at Athletic Park, Vancouver. They are now tied for the leadership and the coming match will place one or the other ahead in the race.

Joe Painter established what is undoubtedly a new record for Canadian lacrosse, when he scored all of the goals for Vancouver against New Westminster amateurs last Saturday, five in number.

Lalonde just picked off seven goals for the Nationals against Toronto on Saturday last, when the Frenchmen won by a score of 28-10. This hardly reads like a lacrosse score.

Ten-men lacrosse certainly opens the game and gives the players lots of chance to score. The goalkeeper has little chance to keep the net plugged so fast and furious are the attacks.

While the trial races to pick the defender of the famous yachting trophy are not yet concluded, the showing that the Resolute has made in the contests to date would give this boat the favorite's position. The New York Yacht Club's entry has not proved a very fast craft in the light winds, losing two races to the Vanitie. In the heavy blows, however, the N. Y. Y. C. boat is simply showing the way to the other boats entered.

- 1903—Reliance beat Shamrock III three times, 7 min. 3 sec., 4 min. 19 sec., Shamrock did not finish the last race.

## DRAW FOR CITY CUP FOR FOOTBALL SERIES

Five Teams Have Entered for the Trophy

Five teams have entered for the City Cup, the preliminary ties for which will be played next week at the Drydock grounds and the final on Dominion Day at Government Place.

The drawing is: First round—G.T.P. vs. Sons of England, Wednesday, 7:30 p.m.; A. A. Holmberg, referee.

Second round—City Merchants vs. Drydock, Thursday, 7:30 p.m.; W. McLeod, referee; G.T.P. or Sons of England vs. Caledonians, Friday, 7:30 p.m. (referee to be selected later).

## Britishers Will Meet Frenchmen

There is a distinct chance that something tangible will result as the outcome of the challenge issued by M. Francois Descamps, the gist of which was that he would pit five Frenchmen against any five Britons.

Harry Williams has shown a readiness to accept the challenge, and matters have been considerably advanced. M. Descamps has nominated as his team, Carpentier, Tyne, Demlen, Ledoux and Armanet.

He has stated that he would be willing to go to \$5000 a side in the way of stakes on the "rubber." Harry Williams would, however, prefer to have \$5,000 a side upon each contest.

Three of Williams' nominations would be Dick Smith, Sullivan and Curley Walker, who would respectively meet Carpentier, Tyne and Ledoux. It is too early yet to announce the names of the men Mr. Williams would pit against Demlen and Armanet. The position is rendered more interesting by the action of Leon See, who has also nominated a French team of five to meet Britishers. His men are Marchand, Eustache, Buisson, Berlin and Bouzonnie.

The best place in the city to lunch or dine is the Royal Cafe. The service and the menu can always be depended on. 1261

According to Willie Ritchie, all the damage done him by Charlie White in the Milwaukee match came from a "butt" delivered by White with the top of his head, and "butt" skinning. Ritchie's nose and closing his eyes.

"Everybody," said Ritchie, "roasted me after that bout. I was the goat."

Bob Edgren says Ritchie's statement should be taken with a grain of salt. "If Ritchie was the goat, how did it happen that White did the butting?" he observes.

Announcement has been made by the management of the Brighthouse Arena, at Stevenson, that they had matched "Frenchy" Vaise and Johnny O'Leary for a fifteen-round bout for the lightweight championship of Canada at the Brighthouse arena on the afternoon of July 1st. The boys will weigh in at 133 pounds three hours before the bout. This will be the first time that Vaise has defended his title against any one but Joe Bailey, of Victoria, on this side of the line. As Vaise and O'Leary have each a win over Joe Bailey to their credit, the bout on Dominion day should be a hummer. Joe Bailey has challenged the winner.

## Champion Receives \$15,000 Guarantee

The articles signed by Willie Ritchie, champion lightweight boxer of the world, for his coming bout with Freddie Welsh, in London, England, provide that the champion is to receive a \$15,000 guarantee, with the privilege of taking fifty per cent of the gross receipts if they exceed \$30,000. In addition to this, moving picture rights and also a percentage of the receipts from advertising privileges. Each of the principals posted \$2,500—\$1,000 weight forfeit and \$1,000 for appearance.

The men are to wear soft bandages and five-ounce gloves and will weigh in at 135 pounds at 2 p.m. on the day of the contest. After the weight and appearance forfeits were posted, Ritchie was handed \$1,000 for expenses.

H. S. Clements declared in parliament that there were no politics in the disbandment of Earl Grey's Rifles. He said any action taken was done through the regular channels and he had nothing to do with it. He might now explain how he knew so much about the details of the affair if that were so. Let him also explain why Col. Sam contradicted him. Sam said it was all politics.

Two members of the Meikakalia band contributed a selection at the concert last night aboard the Princess Alice, which was very much appreciated.

Mrs. C. B. Smith and Miss Smith, of London, Ont., arrived on the Prince George this morning. Mrs. Smith is the mother of Mrs. C. H. Orme, and they will be guests of Mrs. Orme for some weeks.

Mr. and Mrs. P. R. Backus arrived from California today to spend the summer here. They are registered at the Prince Rupert. Mr. Backus has some mining property in the Copper river district and will go into that country for a few weeks.

The morning paper forgot its quotation marks (which usually shows that a word has some special meaning), when they referred to our "popular" member. Can you guess what the average man would read in that word.

Justice Morrison yesterday complimented Mr. Adair Carrs, who made his first appearance in high court yesterday, on the able manner in which he presented the Mason vs. Prince Rupert Publishing Company case to the jury. Mr. Carrs was junior counsel for Mason.

Through an oversight in the pressure of duties, the committee of Masons in charge of the picnic planned to Digby Island forgot to notify in time the ladies who solicited the refreshments that the event was called off. It is to be hoped that no undue hardships resulted.

The Tennis Club is putting on another tournament to be played on June 27th. This will take the form of mixed doubles. Entries must be in the hands of Mr. C. C. Purdy before 6 o'clock June 23, accompanied by the entrance fee of fifty cents. Partners will be drawn for and suitable handicaps arranged.

## VISITING MASON PRAISES LOCAL INSTITUTION

Said one of the members of the Masonic excursion party whose visit to Prince Rupert is one of the bright spots in the history of this city, "You have a great city, a great harbor, fine streets and splendid business establishments but what struck me most favorably is the high standard of your leading theatre, the Westholme Opera House. The performance I witnessed there tonight is one of the best I have ever seen and as good as any in Vancouver. The house is comfortable and up-to-date and the music the best I have heard for a long while."

That this compliment is well-deserved goes without saying. The splendid dancing exhibition given by Miss Sweepstone and Mr. Tweedale is strictly high class and thoroughly enjoyable, and the Westholme has long been noted for its splendid pictures, and as for the orchestra, it has long been one of our most popular institutions. Nevertheless it is a satisfaction to receive such appreciation from an outsider.

The entertainment came to a close all too soon at 10:30 in order to allow the boat to sail at 11 o'clock. Before sailing, however, there was a magnificent demonstration by both those ashore and those on board. Farewell songs, yells and cheers of all kinds were passed back and forth, in which both the visiting and local ladies were prominently remembered. A battery of fireworks also added to the scene as the steamer pulled out into the harbor and Auld Lang Syne was sung and the crowd very reluctantly broke away from one of the most pleasant events Prince Rupert ever had.

## GARIBALDI-ITALIA'S GREAT PATRIOT

IN the cause of Personal and National Liberty this modern Rienzi of sunny Italy would have gladly laid down his life. It inspired him to deeds of immortal grandeur, of superb valor and of boundless suffering. Garibaldi would not have legislative tyranny of any kind enter into his own private life any more than will our millions of liberty-loving Italian citizens. His flaming soul scorned any legislation which would prohibit ALL because ONE man out of thousands imbibes in gluttonous quantities. He knew that the light wines of Italy and the barley brews of Germany are beneficial to humanity.

Upon an old Germanic basis 57 years ago Anheuser-Busch, brewers of Budweiser, established their brand. The Constitution of the United States is the sole authority upon which they launched their business in America. Every day of these 57 years has been devoted to the brewing of an honest Barley-malt and Saazer Hop brew—the kind that spells Temperance throughout the world. Seven thousand, five hundred people are daily required to keep pace with the public demand for Budweiser. Its sales exceed any other beer by millions of bottles.
