ULSTER REFUSES SIX YEAR EXCLUSION CLAUSE--VILLA RESUMES WAR--MAY GET FREE BAIT

MINE MANAGER BROWN SHOWED GREAT PRESENCE OF MIND

RUSHED FOR INTERIOR FANS AND REVERSED THEM, BRINGING FRESH AIR TO VICTIMS--SAVED MANY LIVES--150 BODIES LAID TO REST TODAY

(Special to The Daily News)
Millers, June 22.—General Manager Brown, of the mine which met the disaster is here, at the day of the disaster, knowing the geography of the mine, he immediately made a rush for the interior fan and reversed it. When the survivors

got the fresh air they fell revived and did not give up struggling, although almost ready to drop, and struggled on to safety. A hundred and fifty bodies of miners were laid to rest today. It was a pitiful sight to see the widows and children standing around the graves.

REILLY A BAD MAN--GOT FIVE YEARS IN PEN

Sentence Meted Out on Report of His Past Record

Ray O'Reilly, found guilty of theft and of jail breaking, was Saturday brought before Justice Morrison for sentence and given five years and two years on the two counts, to run concurrently. Before sentence was given Warden Bailey of the city jail was brought into court to give evidence as to his record. The city police department has recently installed a finger print outfit and by this means it was discovered from the United States police department that O'Reilly was wanted in Melrose, Virginia, where he broke jail, and also in California on a charge of arson. His lordship was satisfied that the record belonged to O'Reilly who also went under the name of Brady, and gave the heavy sentence on the strength of his bad record.

Since being in the jail here O'Reilly has given a lot of trouble. He almost succeeded in filing off his shackles and had secreted under a bunk a club. He has uttered many threats against the officers and officials.

NANAIMO FISH MEN WITHDRAW OBJECTION

Free Bait Privilege Will Probably Be Secured from Dominion Government

The free bait issue was a topic of discussion among the Fisheries Committee of the Board of Trade, H. S. Clements, M.P., and Mr. Rudd, the manager of the Nanaimo Fish & Bait Co., during the visit of the two latter to the city.

The member for Comox-Atlin endeavored to get the free bait privileges for all British Columbia ports put through at Ottawa during the last session, but Mr. Sheppard, of Nanaimo, is said to have blocked the effort at the request of the Nanaimo Fish & Bait Company.

Mr. Rudd, the manager of that company, was a delegate to the Masonic convention here, and the interested parties took the opportunity to discuss the question with him. Mr. Rudd decided that free bait would probably be advantageous to his company and it is now thought that it will be possible to get the privilege put through.

A customs regulation which the Prince Rupert fish industry boosters have not yet been able to overcome is the privilege of United States fishing boats coming in here to sell their fish in the open market. Every U. S. boat coming in to ship must have its fish consigned to an American port, which means that every little independent boat must have an agent here. If this difficulty could be overcome the fisheries committee believes there would be no doubt about getting all the independent boats from the south to come in here.

Back to the Mines

D. J. Williams, manager of the Continental Development Company, who are operating the Rocher de Boule mines, left this morning for Carnaby after spending several days in the city. Mr. Williams says the company is now operating with twenty-five men. They are driving a tunnel. The three mile aerial tramway is almost ready. The towers and tension stations are all ready and the cable is ready to be strung. The bunkers at the siding on the railway are about ready for the ore. As yet the company has not completed arrangements for the handling of the ore at the Prince Rupert docks, but a site for an elevated track and bins has been selected.

Notes Not Paid

(Special to The Daily News)
London, June 22.—The interest on the two-year extended notes and the three months' extended notes of the National Railways of Mexico was not paid in cash but the Mexican Government has now offered to advance the payment of the interest in the form of Treasury notes bearing six per cent interest.

PREMIER BORDEN KNIGHTED BY KING

King's Birthday Honors Also Fall Upon the Head of G. E. Foster

(Special to The Daily News)
London, June 22.—Among the Knights Bachelor created in the King's birthday honors, were Douglas Mawson, explorer, and Knights of the Grand Cross R. L. Borden and G. E. Foster.

Give Credit to Counsel

In passing sentence on John Wilence, the man found guilty of obtaining a ride on the G. T. P. on a forged pass, Justice Morrison stated that the object of the court was not to punish but to prevent a re-occurrence of the crime. Under the circumstances the time already passed in jail would be considered sufficient punishment. The prisoner was weeping while sentence was being passed. His Lordship informed the prisoner that he should thank his counsel, W. E. Williams, for getting him off and should recognize it in a substantial manner.

SEWARD REALTY BOOMS

(Special to The Daily News)
Seward, Alaska, June 22.—Activity by government engineers in connection with the building of the proposed Alaska railway has caused a real estate boom here, the latest deal consummated being the sale by Fred Laubner of a thirty-eight-acre plot on the outskirts of the town to Robert Ashland for \$30,000. Other property is active.

Chet Neff Arrives

Chet Neff arrived today from the south and will go into training immediately at the Windsor Hotel. Rough House Burns has been training every evening for several days. This contest, billed for the night of July 1st, promises to be the best exhibition yet put on in the ring in Prince Rupert. The sports are anxiously looking forward to it.

FIGHTING RESUMED IN MEXICO

Under Direct Command of Villa, Constitutionalists Attack Federals

(Special to The Daily News)
Saltillo, June 22.—Fighting has been resumed in this district under the direct command of General Villa. In an unconfirmed report received here, it is reported that three positions held by the Federals have been captured by the Constitutionalists.

ADVOCATE OF PEACE DIES

(Special to The Daily News)
Vienna, June 22.—Baroness Bertha von Suttner, an Austrian writer who devoted most of her life to the cause of peace, and who was awarded the Nobel prize in 1905, died today.

PARIS STEEPLE CHASE

(Special to The Daily News)
Paris, June 22.—The Grand Steeplechase De Paris, of four and a half miles, valued at \$30,000, was won by Jas. Hennessy's Lord Loris, Sydney Platt's Chitias was second, and L. Frate's Marteau third. The betting was four to one.

New Powder Magazine

R. J. Smith, manager of the Canadian Explosives, was in the city yesterday on his way back from a trip north. While here Mr. Smith completed arrangements for the removal of their magazine across the harbor. The opening up of the Moreton Frewin property necessitated the removal of the magazine and a piece of property comprising some fifteen acres has been leased from the G. T. P. at a point farther up the harbor.

A new magazine will be erected there with a suitable wharf. In the meantime the explosives will probably be stored on a floating magazine.

AN ABSURD REGULATION

The Dominion Fisheries Department, according to local Conservatives, has revised the regulations to permit of the issuance of gill net licences to bona fide settlers on the land whether they be British subjects or not. The Daily News hopes in the interests of British Columbia that it is true and if there is any credit due the department for correcting one of the absurdities of their own regulations the public will not begrudge it. But it might be mentioned that the necessity of this correction was first brought to the attention of the public and local representative by a writer in The News and other Liberal paper. The Conservatives had been boasting of encouraging white fishermen to come and settle on this coast, but unless the immigrant fishermen happened to be British born he could not get a licence until after he had lived in Canada three years and secured naturalization papers. This meant a fisherman would have to live on faith and clams for three years before he could ply his trade.

FIRE ON GLASGOW DOCKS

Half a Million Dollars Damage Due to Careless Handling of Ashes

Glasgow, June 20.—Damage to the amount of \$500,000 was done yesterday by fire at Kingston dock, in the centre of Glasgow. Four schooners, several freight sheds and a number of neighboring houses were burned. The fire was caused by the careless use of hot ashes.

Opening Hudson Bay Mines

Work on the development of the Hudson Bay Mountain mine in the Hazelton District has been started. This mine is owned by an English syndicate who recently sent their manager here from Mexico where they had to close down on account of the political disturbances. This decided the company to open up their Hazelton property at once. Some ten pack trains left Hazelton yesterday for the mines, with supplies and tools. Great efforts will be made this season to uncover the ore bodies and permit of a thorough investigation of the extent of the property.

ULSTER WILL NOT ACCEPT MERE SIX YEARS EXCLUSION

CARSON SAYS GOVERNMENT'S AMENDING BILL MUST GO FURTHER THAN THAT, OTHERWISE ULSTER AND ITS FRIENDS WILL OPPOSE IT

(Special to The Daily News)
Bolton, June 22.—Sir Edward Carson, addressing a meeting of anti-Home Rule sympathizers, said that if the amending bill

simply repeated the Government's offer of optional exclusion for Ulster from Home Rule for six years he would have nothing to do with it.

ANOTHER CHICAGO BANK IS CLOSED BY STATE EXAMINER

Chicago, June 22.—A fifth bank has been closed by the State bank examiner in connection with the disclosures of conditions in the LaSalle Trust and Savings Bank. This bank, the State Bank of Calumet, according to the bank examiner, completes the chain of what were known as the Lorimer-Munday banks in Chicago.

Two state bank examiners from Springfield have arrived to assist in the examination of the five banks now in the state banking department's hands.

William Lorimer, president of the LaSalle Street bank, was said to be near a physical collapse from the strain of the developments of the last week. Approximately \$4,000,000 of the deposits are tied up in the five banks.

McFarlane Case Again

The suit to set aside the transfer of some city property from L. E. McFarlane to his wife in order that damages for slander might be collected, was heard in the high court this morning. The evidence went to show that the transfer was made on July 14th, after the slander had been uttered, and shortly prior to the entering of the suit for damages. The property was valued at \$8,000.00.

The defence claimed no fraud had been shown, that McFarlane had decided to deed the property to his wife months before. McFarlane said he had spoken of it before his marriage. Judgment was reserved.

Premier Borden Coming

"I expect Premier Borden and the Minister of Marine and Fisheries on the coast this summer," said H. S. Clements, M.P., just as he was leaving on the Venture Saturday afternoon for the south. "They will probably be here about September 1st and I will be up in Rupert with them."

Mr. Clements will make a number of stops on the way south.

HALL FOUND GUILTY BUT SERVES NO TIME

Justice Lectures on Use of Fire Arms in Settling Quarrels

J. F. Hall, of Francois Lake, was charged with shooting with murderous intent and doing grievous bodily harm. His case was heard in the assize court Saturday afternoon and was the last of the criminal cases.

The evidence went to show that Hall engaged a neighbor named Behuke to do some work and Behuke was to have feed for his horses in return. A dispute arose over the feed and Behuke started to take his effects out of Hall's shack. When he started to remove a stove a quarrel arose. Behuke grabbed several guns in the shack and made off with them but as he was leaving Hall appeared at the door with a shot gun and fired at the retreating man, sending the charge into the back of his leg.

The defence was that the gun was an unreliable one and that Hall did not mean to shoot.

The Jury found Hall guilty on the minor charge.

A. M. Manson, counsel for the defence, asked for leniency for the prisoner as he had already been in jail.

The judge said he would be lenient, but too often leniency was abused. He said there was too many of this kind of shooting cases. Hall had a good record and was a farmer. His ranch would suffer if the man was sent to jail. Considering the circumstances the prisoner was let go.

DAILY EDITION

Monday, June 22, 1914

The Vancouver gentleman who represents us at Ottawa, Mr. H. S. Clements, is now paying this city a flying visit. His subsidized press is loud in their praise of his "popularity." The extent of that "popularity" however is likely to be limited to those who got in on the postoffice deal. Results would be better than popularity and he has not produced the goods.

It seems that our member at Ottawa is considerably bigger than the Minister of Militia, the Honorable Sam Hughes. The Honorable Sam, who has the reputation of running his own department, stated in the House that the Earl Grey Rifles here had been disbanded on account of politics, but our popular Herbert S. rose in his place and said that this was not so. The stand of our member on this question will doubtless meet with the approval of the Tory boss of this city, but it will be far from convincing to the general public.

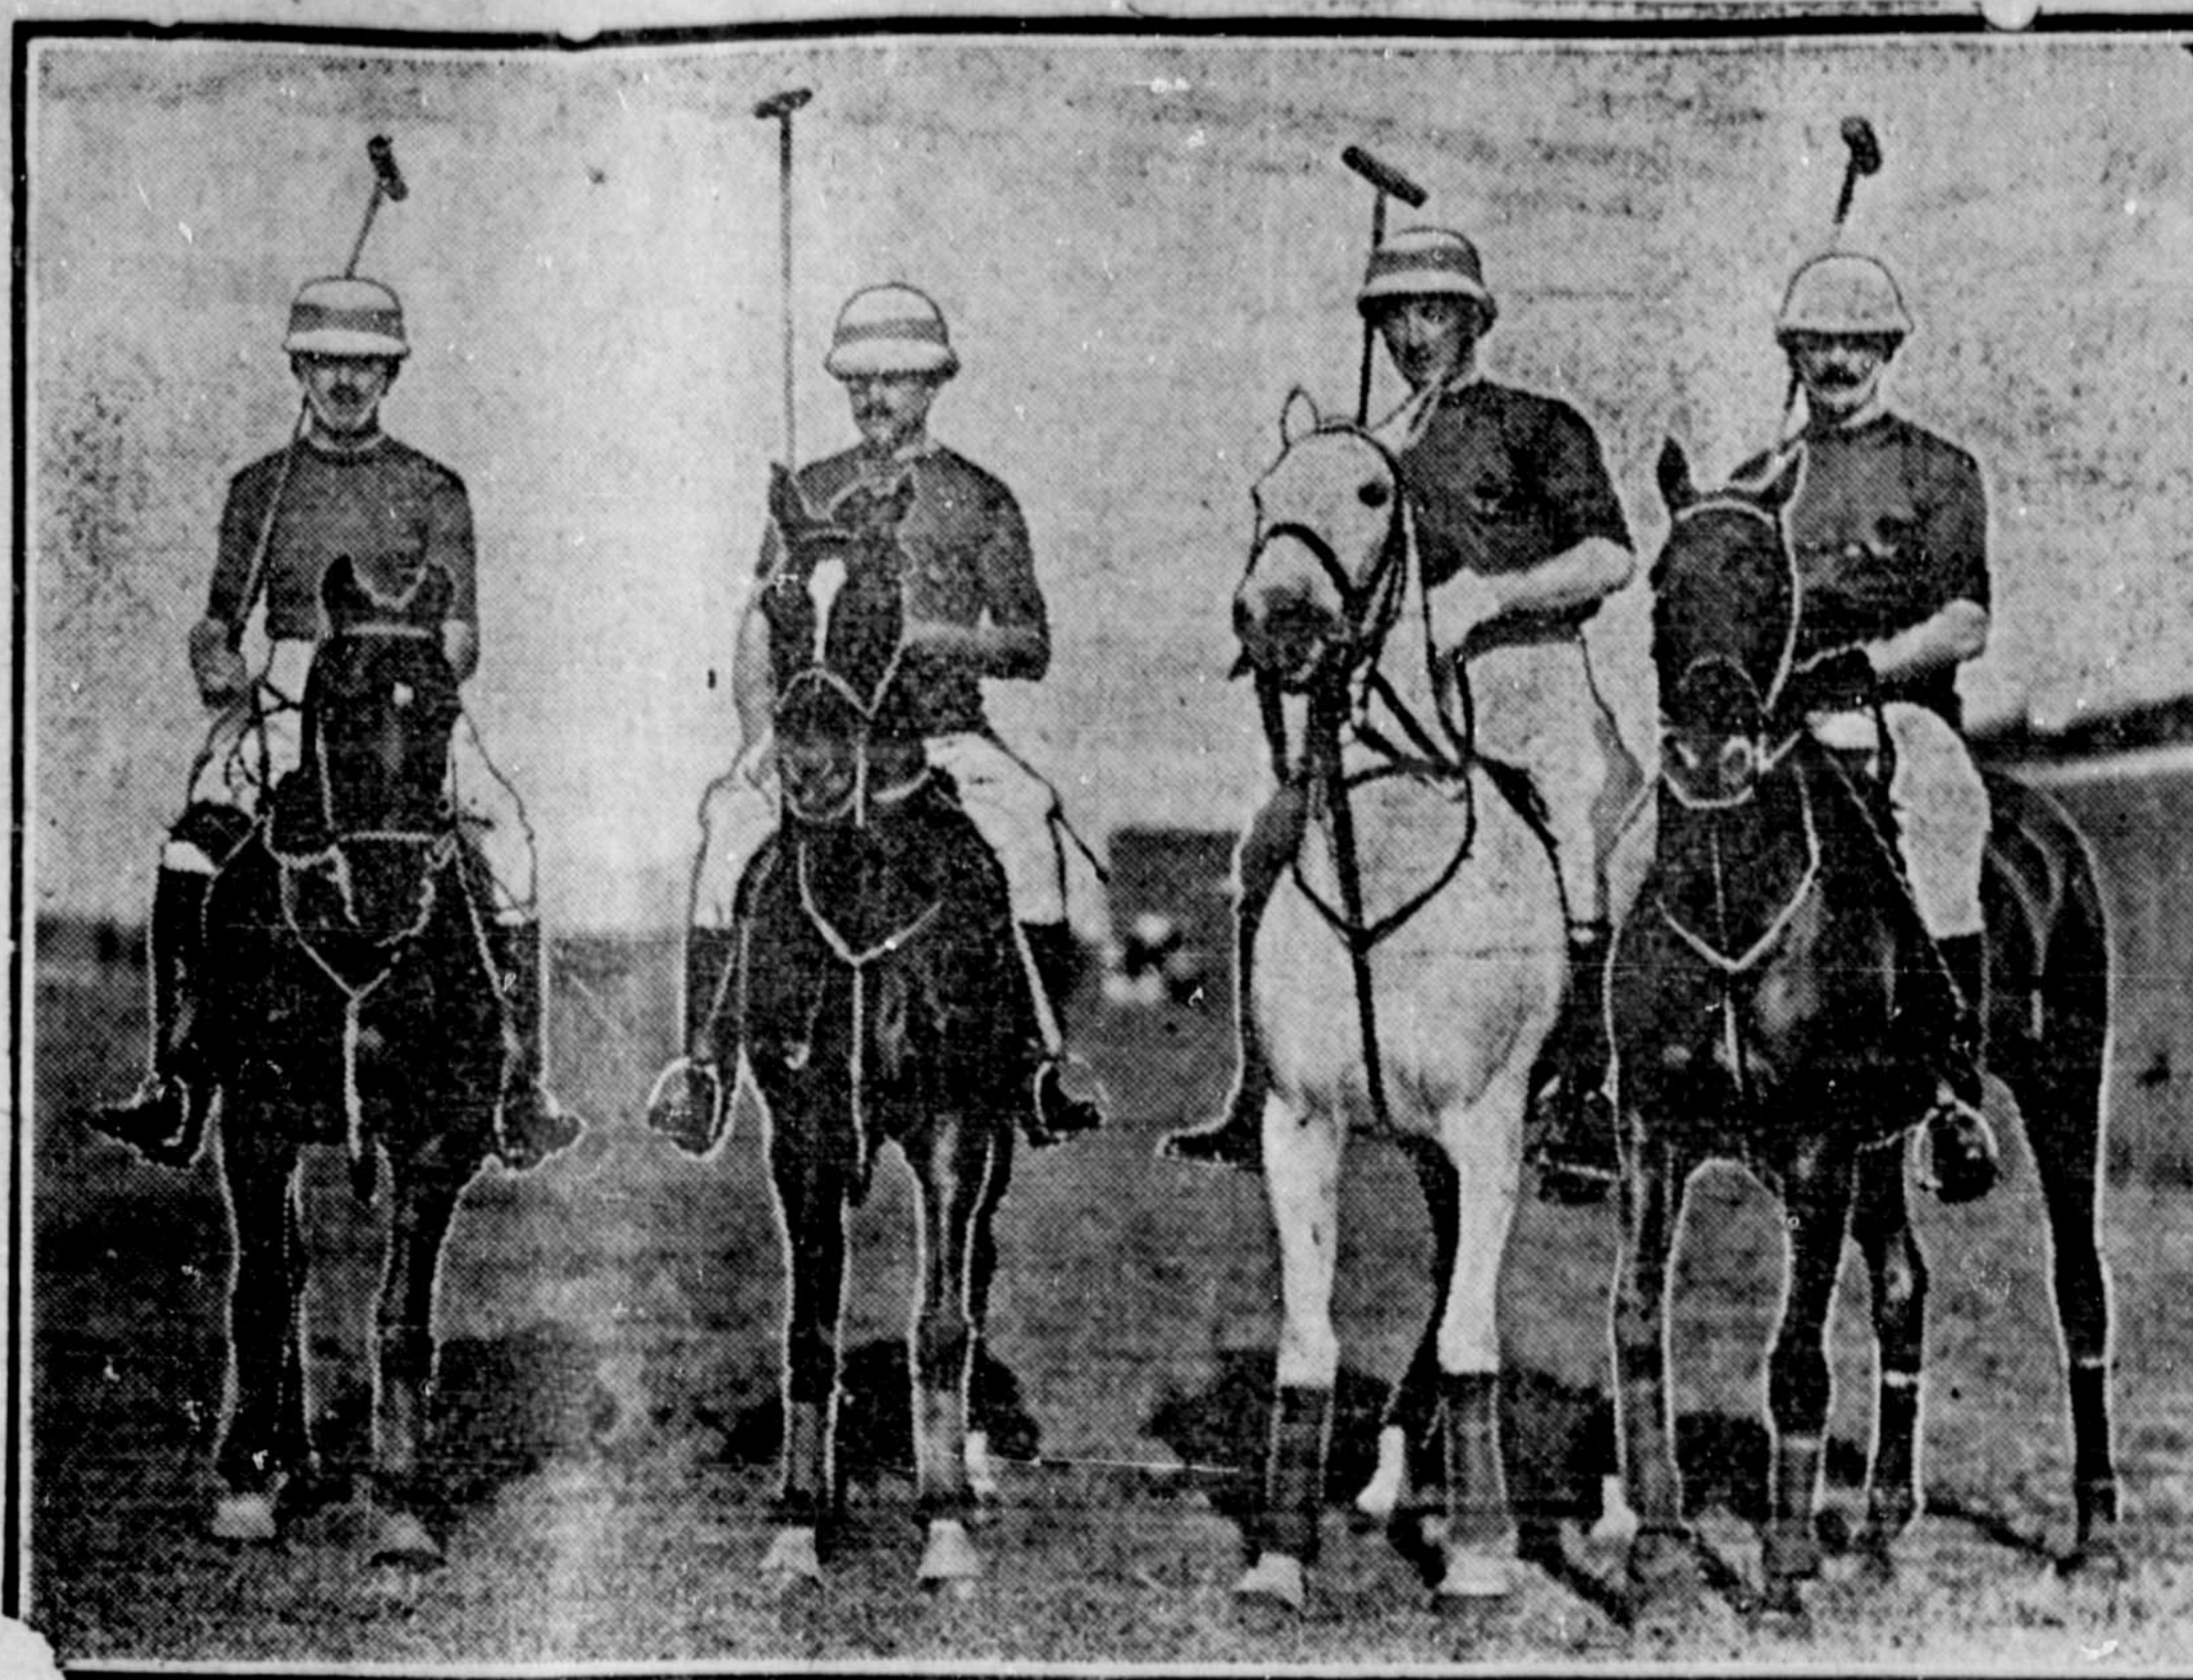

There has been more secrecy in the conduct of the city's business in a single week this year than during the whole of last year. The taxpayers will

realize this better when the bills come in.

It's no wonder the local Conservatives tried to reorganize the militia into a "highland" regiment after the disbandment of Earl Grey's Rifles. That's the only form of dress that does not permit the stripping of the breaches off as was done to the Earl Grey's Rifles. The Highlanders don't wear breaches.

Our Provincial member, Wm. Manson, is silent as to the Wark Channel power these days. Apparently he was afraid to tackle Bowser about it when that gentleman passed through the city a few days ago. Nobody, however, is disappointed as no one expects our member to take a course of action that may require a little grit and tenacity of purpose.

Attorney General Bowser had little to say when he recently passed through the city. On none of the vital matters affecting the city would he commit himself. Possibly a government which discriminates against Northern British Columbia could not be expected to have much to say.

THE WINNING ENGLISH INTERNATIONAL POLO TEAM

The Westchester Cup, the much-sought trophy emblematic of the polo championship of the world, is stored today among the effects of the British invaders and on Saturday last started on its second trip across the Atlantic. The score of four goals to two by which it was won in the second game, told only a part of the story of what experts declare to have been the best game of polo ever played. Victory for the challengers was hardly won and well-deserved, and failure by the defenders to retain the trophy, while disappointing for the moment, served to add interest to the decision of United States poloists to challenge for a match next year. The names of the above players are as follows: from left to right, Captain Lockett, Major Barrett (captain of the team, Capt. Cheap (who had his nose broken in practice), and Capt. Tomkinson.

FLIRTATION WALTZ TONIGHT AT THE WESTHOLME

So many requests have been made for a repetition of the Flirtation Waltz in which Miss Swepstone and Mr. Tweedale made such a decided hit on their opening night at the Westholme Opera House, that the management has decided to repeat this number tonight and tomorrow night. Two new dances will be presented in addition, one of which will be the famous "Forlana," an exceptionally pretty number, and the other a solo dance by Miss Swepstone.

There will be a complete change of pictures as usual. For Wednesday and Thursday next, an extraordinary attraction has been booked, or rather two of them, the first being a splendid five-reel feature entitled "The Daughters of Men," and the second "The Arrival of the First Through Train on the G.T.P.," showing the crowds at the wharf and the reception of the G. T. P. officials, etc. Many familiar faces can be recognized, the pictures showing our popular townsman, Mr. Fitzmaurice, presenting the address of welcome, being especially good.

Prince George Sale

Advices to the Hon. W. R. Ross, Minister of Lands, are to the effect that the total proceeds of the sale of town lots at Prince George, Fort George and South Fort George amounted to a figure in the neighborhood of \$800,000. On the last day of the sale, which was conducted by Messrs. Armstrong and Ellis, some ninety lots were sold, bringing \$3,000.

THE WAGES OF CHILDREN IS DEATH

Some interesting testimony was taken by the State Vice Committee in Chicago recently. William C. Thorne, of Montgomery, Ward & Company, told how a girl could live on eight dollars a week. Mr. Lytton, of the Hub Clothing Store, thought \$6.50 a week was good wages for a shop-girl, when she lived with her parents. Joseph Basch, second vice-president of the Siegel Cooper & Company store, said this:

"I believe that immorality is a state of mind. I believe our girls are moral. I think only a very small percentage of them could be persuaded to take the 'easiest way.' We employ about 1,250 girls, about half of whom get \$8 or less. I wouldn't think of hiring a girl under sixteen years of age. She should be in school." This is a good occasion to point out precisely what is the matter. And the matter is this: No boy or girl under age, that is, under twenty, has any business to be employed as a wage earner.

The community that permits this is criminal. It is corrupting the nation at its source. It is stealing the green apples from the tree of life. It is pillaging the home to make profits for merchandise.

There are plenty of grown men and women to do all the necessary work of the world. To impress children and the mothers of children to spin and delve and build and sell is a form of race suicide.

The Royal Cafe is the old, reliable and popular dining place of the city. You can depend on getting the best cuisine and best service. 126tf

"MY ONLY MEDICINE"

Says Mrs. Corbett, Are "Fruit-a-lives"
"They Keep Me In Perfect Health"

Mrs. ANNIE A. CORBETT

AVON, ONT., May 14th, 1913.
"I have used 'Fruit-a-lives' for Indigestion and Constipation with most excellent results, and they continue to be my only medicine. I am highly pleased with 'Fruit-a-lives' and am not ashamed to have the facts published to the world. When I first started, about six years ago, to use them, I took four for a dose, but I cured myself of the above troubles and gradually reduced the dose to one tablet at night. Before taking 'Fruit-a-lives' I took pills and other pills but the treatment was too harsh. I thought I might as well suffer from the disease as from these treatments."

Finally, I saw 'Fruit-a-lives' advertised with a letter in which someone recommended them very highly, so I tried them. The results were more than satisfactory and I have no hesitation in recommending them to any other person. They have done me a world of good. I get satisfaction from them, and that is quite a lot!" CRUDE OIL FOUND IN CALGARY FIELD

This Is Evidence all Have Been Looking For and Great Excitement Prevails

Calgary, June 22.—Drillers at the Monarch Oil Company well on section 5, township 32, range 6 west of the fifth meridian, pierced into a flow of crude black oil at 3:45 o'clock Wednesday morning. Further details of the strike are as follows:—

Drilling at the Monarch well had been interrupted at a depth of 750 feet for several days owing to a broken stem on one of the drilling tools. At this depth a heavy flow of wet gas was coming from the well, and the drillers believed they were getting close to the oil-bearing sands. New tools were shipped up from Calgary to the International Supply Company, drilling the well, last Saturday and on Monday drilling was resumed.

As the drill pierced downward the evidences of oil continued to increase, and officers of the company were notified that a strike of crude oil was imminent.

At 3:45 a.m. Wednesday, at a depth of 808 feet the night shift of drillers at the well reported that they had pierced into oil. Geologist G. B. Dunn was at the well, and called to the derrick. The baler was sent down, and when it came up it was dripping full of heavy, crude black oil. Mr. Dunn pronounced it the real crude oil discovery of which everyone in the Calgary oil fields has been awaiting anxiously.

Geologist Dunn ordered the drilling operations halted at once, fearing that if the bit was sunk deeper a gusher might result with no appliances on hand to handle it. Accordingly a temporary cover was placed on the mouth of the well and rush orders were telegraphed for a special capping appliance which will permit drilling, and at the same time keep the well capped against a gusher.

The news got out on the street about 10 o'clock last night, and curb trading was active. The stock sold as high as \$40 before midnight. Yesterday it was selling at \$17. The day before it was selling at \$17.

BIG DIVIDEND DECLARED BY HUDSON'S BAY CO.

Annual Meeting Votes Forty Per Cent—Sir Thomas Skinner New Governor

London, June 22.—The Hudson's Bay Company in annual meeting last week declared a dividend of forty per cent, as against fifty per cent for the year 1912-13.

The new governor, Sir Thomas Skinner, pointed out that the results whether from fur, land or stores, were not, however, altogether unfavorable. The store trade produced profits for the year of £63,758, the fur trade £55,008. The amount carried forward to the land account is £15,928 as against £516,675 last year. Bought in and unsold land now on hand amounts to 4,091,376 acres as compared with 4,034,654 acres a year ago.

The best place in the city to lunch or dine is the Royal Cafe. The service and the menu can always be depended on. 1261f

IT'S GETTING TO BE SOME WORLD

Oh, I don't know, said the optimist. Times are not so bad. People have an incurable habit of complaining. And the croaking old he-Cassandra that repeats continually his refrain that "the former days were better than these," is simply an ignorant old gentleman whose food does not agree with him.

Talk about "the pace that kills!" Why, the pace nowadays is precisely the pace that does not kill. We go fast. But the faster the safer.

The traveler whirling along at fifty miles an hour on the Limited from New York to Chicago stands much less chance of coming to grief than great-grandfather did in 1813 when he trekked from Philadelphia to New York.

Horses, take 'em by and large, have kicked to death and smashed up in runaways more folks than automobiles have injured.

A man is pretty secure almost anywhere now in this country. He does not have to carry his rifle when he goes to church, to be ready for prowling redskins. He does not have to freeze in winter by an open fire in a log hut full of cracks, nor have chills and fever all summer from malarial pools.

Most of us die in our beds, whereas in the good old days nations were always fighting each other and, when they ceased, the occasion was improved by starting a civil war. Every man at some time was a soldier.

The devastating plagues of former time have been done away with. Smallpox is practically unknown. Cholera has disappeared in the wake of the Wandering Jew into the land of myth. Tuberculosis is curable if you take it in time. The insane are decently cared for and not allowed to roam the highway. Hospitals are everywhere. So are public schools. Only the nobility had parks a century ago; now everybody's nurse maids walk in them by day and tramps sleep there by night. The telephone, telegraph, postal service, express companies and rapid transit all make life fuller and richer and save us time for other things.

The fact is that life is so protected and the unfortunate are so well cared for that we are developing a new worry, and are afraid that the earth will become too crowded, because the population is not sufficiently thinned out by war and disease.

We take off our hats to the Beautiful World. It's clearing up and going to be a fine day.

There are more pretty babies, more charming girls, more husky

BIG RUSH FOR LAND CONTINUES

People Continue to Flock Into Peace River Country—Untold Mineral Wealth

Fort George, June 22.—For years the public has kept its eye on the Peace River country, knowing that transportation was all that was needed to make it probably the richest producing district in the Dominion, and now that several railroads are vying with each other to reach there first, the settlers are pouring in as fast as the transportation facilities will permit.

The climate is said to be milder than central Alberta. Grain matures from two to three weeks earlier than in central Alberta, and corn, tomatoes, cucumbers, melons and all other garden vegetables are successfully raised.

Millions of feet of merchantable timber and untold mineral wealth awaits the advent of the railroads to be developed.

The E. D. & B. C. railway will soon be running from Edmonton to Peace River Crossing and then will take place one of the greatest land rushes that ever occurred in the Dominion of Canada.

WILL CLEMENTS RUN IN NORTH OR SOUTH?

Member Says He Has Not as Yet Thought About It—Maybe Not in Either

Just before H. S. Clements, M. P., left the city Saturday afternoon, The Daily News asked him which of the two ridings—into which Comox-Allyn has been divided by the redistribution—the member intends to run.

"I do not know, I have not thought of it yet. Perhaps I may not be asked to run in either," responded the member with a smile of modesty.

J. E. Merryfield left on the Venture Saturday for Bella Bella to visit the cannery in which he is interested. Joe wanted to be on hand for the opening of the sockeye season to see that none but Tory fish are taken.

We buy and serve only the best the market affords. London Cafe.

lads, more contented women, more efficient men, better preachers, juster judges, cleaner politicians, purer water, more tasty biscuit and gravy and higher wages today than ever before. And it's getting better right along.

200,000 Have Learned to Play the Piano in One Hour

Without Lessons or Knowledge of Music Anyone Can Play the Piano or Organ in One Hour.

Wonderful New System That Even a Child Can Use.

He—"You surprise me! You told me yesterday you couldn't play a note!"

She—"I couldn't! I learned to play in one hour by the wonderful 'Easy Method Music'."

Impossible, you say? Let us prove it at our expense. We will teach you to play the piano or organ and will not ask you a cent until you can play. A musical genius from Chicago has invented a wonderful system whereby anyone can learn to play the Piano or Organ in one hour. With this new method you don't have to know one note from another, yet in an hour of practice you can be playing your favorite music with all the fingers of both hands and playing it well. The invention is so simple that even a child can now master music without costly instruction. Anyone can have this new method on a free trial merely by asking. Simply write saying, "Send me the Easy Form Music Method as announced in the Prince Rupert Daily News."

FREE TRIAL

The complete system together with 15 pieces of music will then be sent to you free, all charges prepaid and absolutely not one cent to pay. You keep it seven days to thoroughly prove it is all that is claimed for it, then if you are satisfied, send us \$1.50 and you have a month until which it is paid. If you are not delighted with it, send it back in seven days and you will have risk nothing and will be under no obligations to us. Be sure to state number of white keys on your piano or organ, also post office address. Easy Method Music Co., Wilson Bldg., Toronto, Canada.

Stikine River Boat Burns

Wrangell, Alaska, June 22.—On her second trip from Wrangell to Telgeraph Creek the steamer Vedder caught fire and sank Saturday morning in the Stikine River, 25 miles from Wrangell. The crew beached the boat when the fire was discovered, but the men were unable to quench the flames. They saved a few tools only. A small cargo of freight on board for the Cassiar diggings was lost.

The crew were rescued by Fred Bronson, of Wrangell, and brought here on Monday.

The Vedder was 87 feet long and of 16 feet beam, and was valued at \$10,000. Her owners carried \$3,000 insurance.

Wedding Bells

A quiet wedding was performed by Rev. Canon Dix in St. Andrew's Church on Saturday evening at 7:30 o'clock. The groom was Chelford Darton, a popular young man of the city, who is at present employed with A. W. Edge, and the bride was Miss Elsie Kelly of Liverpool, England. The bride arrived last Monday on the Princess May.

Capt. Wearmouth assisted the groom at the ceremony. After the ceremony a reception was held at the home of Mrs. Brand, where numerous friends were present to extend best wishes to the happy young couple. Mr. and Mrs. Darton will reside on Fifth Avenue.

Paramita Total Loss

The cannery barge Paramita, which sailed from San Francisco April 16th for Bristol Bay and was reported ashore at Lost Harbor, May 18th, has been abandoned and will be a total loss, according to advices received here.

Efforts were made by vessels of the U. S. Revenue cutter fleet to float the Paramita and the steam schooner Wasp was sent North to attempt the salvage of the cannery craft, but with little success.

A season's supplies for an entire cannery was lost with the vessel.
