MINISTER LANDS WILL LISTEN TO CITY'S PROTEST ON JULY 17

NOTICE THAT PRINCE RUPERT HYDRO-ELECTRIC COMPANY HAVE APPLIED FOR APPROVAL OF PLANS FOR THEIR UNDERTAKING

R. W. Ross, Minister of Lands, has sent word to the City Council that the protest of the city against the approval of the plans of the Prince Rupert Hydro-Electric Company will be heard in Victoria on July 17.

On the reading of the announcement, the Mayor said the city solicitor is building up a case for the city and recommended that he be sent to Victoria on behalf of the city.

The question involved is whether the Prince Rupert Hydro-Electric Company have the right

to enter the streets of Prince Rupert with their power line.

Ald. Dybhavn and Maitland moved that the city solicitor be sent to look after the city's interests.

Ald. Kerr suggested the Mayor go to.

Ald. Montgomery suggested Wm. Manson be sent at the city's expense.

The Council concurred and on the request of the city solicitor the committee was authorized to engage R. T. Elliott of Victoria to assist them in the argument.

ONTARIO LIBERALS WILL MAKE BIG GAIN

Prediction of Toronto World on Elections This Week

The Toronto World, which is a Conservative paper, has some suspicion that there is a landslide right under the Whitney administration and that there is a possibility of a defeat in the elections to be held this week. The outlook, The World declares, is very much better than it was a few weeks ago. There is a general opinion that the Liberals are gaining ground. Many Conservatives, it declares, concede that Mr. Rowell may gain eighteen or twenty seats in the election.

It is admitted on all sides that Sir James Whitney is practically the sole asset of the Government. He has a certain bluff, rugged honesty that attracts the people. The fact that he is a standpatter does not matter so much.

The election in Ontario is much different from any previous election. Never before were party lines so loosely drawn. The list of independent candidates is very large. In one of the Toronto constituencies, the Conservatives selected a candidate, but when he announced his policy, it was found he was much more a supporter of the Liberal leader than the Conservative. The Conservatives had to select another candidate.

That is an indication of the way things are going all along the line. In an election such as that there are bound to be surprises.

The churches are much more active in this election than ever before. The churches for many years have been preaching the doctrine which has been taken up by the Liberal leader. If the churches remain true to their principles, the opposition is likely to be successful. The churches are to a certain extent upon trial. So there is reason for the uncertainty in Ontario, and there is reason for believing that a landslide is not an impossibility.

WELCOME RAINS COME AT RIGHT TIME FOR CROPS

Winnipeg, June 23.—Rain has fallen throughout Manitoba and Saskatchewan, except at a few isolated points in the latter Province. As much as two inches of precipitation was reported at Cypress River, in Manitoba, while half and three-quarters of an inch was registered at several points in Saskatchewan.

Rain was much needed all through the West, crops beginning to show a lack of moisture, and therefore the practically general rain of last week has been most opportune.

High Class Rooming House

Mr. E. H. Shockley has just completed the first half of his addition to the Norfolk Rooms on Sixth Avenue and Fulton Street. This building has been entirely renovated and fitted up with every modern convenience. It is heated with hot water and there is a wash basin and hot and cold water in every room.

Mrs. Sockley is catering specially to steady roomers, and has had some for three years which speaks well for the management of the place. With the new conveniences it is sure to become a very popular resort.

Small Boy in Jail

A young Italian boy with his feet sticking through his worn out shoes was in police court this morning charged with theft. He has been allowed to run the streets and has developed an instinct for petty thieving. His parents were brought into court with him and the magistrate warned them to clothe and feed the boy, to treat him kindly and keep him at home. If they failed the parents would be taken in hand by the law.

The boy wanted to stay in jail. He was afraid there was a licking coming to him at home. He was told by the P.M. to go home and be good, to obey his parents and go to school.

May Build to Montreal

It is now hinted that the federal government will build the road to connect Montreal with the main line of the transcontinental. In the original charter nothing appears to have been said about the metropolitan city of Montreal. It was side-tracked, in fact, as of no importance in a big national railway scheme. Montreal disdained to bestir herself. She thought that if she was regarded as negligible she would sit still and let such people find out their mistake. Several parties undertook to form companies, which dissipated into thin air. If the government does build the line it will be a forward step in the direction of government ownership.

Have Secured Rooms in McIntyre Block Which Will Be Open Nightly

A meeting of the Canadian Fraternity was held in the court house last evening when the formal organization and the election of officers took place. There was a good attendance and much interest shown. The officers are: Hon. Pres., Dr. Westbrook; Hon. Vice-Pres., Judge Young; President, Rev. Canon Rix; Vice-President, C. W. Peck; Sec'y-Treasurer, John Beatty; Executive, Martin O'Reilly, J. Lindsay, A. H. Allison, W. W. Wright.

New Buildings at Ft. George

C. H. Holling, who represents the Massey-Harris Company, farm implements, the Gray Campbell Company, etc., is building a warehouse and office on Quebec Street between First and Third Avenues.

A. G. Black & Co., builders, began last week on a residence for W. A. Ryer at the corner of Third Avenue and Ross Street. The building, which is to be of five rooms with bath, will be, when completed, one of the most up-to-date in the district.

COLLECTED \$1,050 FOR CELEBRATION

T. D. Pattullo Reports Good Work For Dominion Day Sports

T. D. Pattullo, chairman of the Dominion Day finance committee reported that the committee had collected \$1,050 around the city. The estimated cost of the celebration is \$1,300, allowing \$100 for contingencies, and he asked the City Council for a donation of \$250.

It was granted by unanimous decision.

To Remove Telephone Line

Messrs. Foley, Welch & Steward have let the contract for taking down their private telephone line.

This line was constructed by the railway contractors to keep in touch with the sub-contractors engaged in the construction of the western end of the Grand Trunk Pacific railway between New Hazelton and Fort Fraser. The gang will work west and should reach this town in about three weeks. The telephone system covered a distance of nearly one hundred and fifty miles, and over one hundred of which is along the railway right of way. It was the first intention of the contractors to let the line remain as it stood, but the railway company has asked that it be removed.—Omineca Herald.

Sockeye Fishing Good

Sockeye salmon fishing on the Skeena has opened up exceptionally good this season. In the river the boats picked up an average of twenty on the one tide, while the boats outside got an average of about 60. Usually the early days of the season yield only a few to each net. The good weather is responsible for the good catches and if it continues the canneries will have a splendid year.

ALD. ASKED QUESTIONS ABOUT SUNDAY POOL

Ald. Kerr Said Bylaw Was Dropped Because There Was Doubt

On the written question order in the City Council last night, Ald. Montgomery had some pertinent questions about Sunday pool. The first one was to Ald. Kerr as to why the Sunday pool bylaw had not been prepared.

Ald. Kerr's answer was that there seemed to be some doubt as to the jurisdiction of the city and he had concluded to take no further steps in the matter.

The next question was to the city solicitor, asking if there is any law prohibiting Sunday pool.

The city solicitor's answer was that there is no Provincial law prohibiting it in municipalities, although there is a law prohibiting it in unorganized communities of the Province. The Dominion Lord's Day Act prohibits it but this act is not operative except with the consent of the Provincial Attorney General. The question seems to be in the hands of the Attorney General.

MYSTERIOUS MINUTES OF A SECRET SESSION

Montgomery Protests Against the Formal Passing of Something Not Named

On the opening of the City Council last evening, Ald. Montgomery drew the attention of the City Solicitor to the minutes of a session of the City Council held last Wednesday and asked if the procedure had been legal.

The City Solicitor read the minutes and said he was not prepared to give a decision off hand, but was preparing something to put the thing referred to in proper shape.

That was about all the information which the audience at the Council meeting got. This was a secret session of the City Council held last Wednesday afternoon at which the press was refused admittance.

Apparently something did not suit Ald. Montgomery but what it was the Council guards very carefully refrained from saying.

Ald. Montgomery seemed afraid the individual members of the City Council might be held responsible and refused to vote for the adoption of the minutes.

Water Company Expands

The Fort George Citizens' Water Company is applying for a license to use 200,000 gallons of water per day from the Nechako River. The company is enlarging its service in order to handle the growing population of the district.

It is intended to build on Seventh Avenue a concrete reservoir with 500,000 gallon capacity. F. P. Burden is at present preparing specifications and blueprints for the proposed extensions.

BARK SAVED WHEN CAT WENT OVERBOARD

San Francisco, June 23.—From March 20 to April 20 the French bark Colonel de Villebois Mareuil bucked westerly winds off Cape Horn, squalls tore away her canvas and wrecked her fore and aft bridges. It began to look as if the ship would never win into Pacific waters. Then Mimi, a black cat, went overboard. That very day the weather cleared and the bark proceeded. Members of the crew, on the vessel's arrival here tonight, said they were sure the ship would never have passed the Horn if the black cat had not been washed away. The bark left Hamburg 145 days ago.

NOT ONE LEGITIMATE OFFER MADE FOR LONG TERM BONDS

ALD. MORRISSEY MAKES STATEMENT AT THE CITY COUNCIL MEETING—SAYS HE HAS SEEN ALL THE OFFERS—FINANCIAL MEETING THURSDAY EVENING

Just before the City Council adjourned last evening Ald. Kerr arose and asked the Mayor when he proposed calling the financial meeting promised to the public.

The Mayor said Thursday or Friday evening. He proposed getting one of the theatres.

Several aldermen thought the city hall big enough. They believed no one but those objecting to redefining were interested.

Ald. Montgomery remarked that the less publicity given in a public theatre the better it would be for the city's interest.

The Mayor was of the opinion that a meeting should be called to give the public an inkling of financial condition and get the ratepayers' opinion on whether the city should sell its long term bonds now at the present price.

Ald. Morrissey said the Council had been accused of having received offers for the long term debentures and refused to give the information to the public. He said: "It is an unqualified misstatement. There has never been one legitimate offer made for the long term bonds and I have seen them all. All the advice we get is to the effect we should not sell now."

The Mayor also took occasion to remark that nothing had been done in the dark except on one or two points which it was unwise to do in public.

He then announced the meeting for Thursday night in the city hall.

WILL STOP WASTE OF ALASKA SALMON

U.S. Deputy Warden Takes Trip Up West Coast to Prevent Destruction

Wrangell, Alaska, June 23.—Ernest P. Walker, Deputy Warden of the Fisheries Service, is a passenger on the Dan this week for the West Coast where he goes in the interest of his Bureau to put a stop to the wasting of fish by the buyers over there.

According to information received the buyers are taking no white salmon and no red salmon under 20 pounds. This means that all small fish caught by the trollers are wasted as they cannot sell them even if they weigh nineteen pounds.

This matter was taken up with Dr. Jones last week during his visit here and he authorized Mr. Walker to notify the buyers that they must take all fish offered to them or none. This is a point gained for the trollers as the fish under twenty pounds and already this year thousands of pounds of bright red fish have been thrown away.

DAILY EDITION

Tuesday, June 23, 1914

The Provincial election campaign in Ontario is now in full swing. Premier Whitney is nominally at the head of the Conservatives although the condition of his health makes it imperative that he drop out of active politics.

At the head of the Liberals is Mr. N. W. Rowell, a man who has seen a great deal of public life and who in both public and private life is a model of what a statesman should be.

Shortly after the opening of the campaign Mr. Rowell held a mass meeting in Massey Hall, Toronto, which was filled to the doors. When he struck the keynote of his speech in demanding the abolition of the bar, every man in the building jumped to his feet and cheered.

didn't want to make this a party issue. In the last session of the House he pleaded with the Government to make it a Government issue without avail. The Conservatives did this in spite of a petition signed by nine thousand young Conservatives demanding it.

This issue will considerably strain the old party lines. There will be a number among the Liberals who are wedded to conditions as they are and who will not follow Mr. Rowell in this striking move. On the other hand there will be great numbers among the Conservatives who will vote for the issue more than the party and for that reason it is sure to make tremendous gains.

Another interesting condition of the election is that many of the old-time Govern-

ment guard have been refused the nomination from their old constituents. In one case a cabinet minister attended a convention and was refused the nomination in spite of the fact that the Premier had wired his approval. In another case a Government supporter after he received the party nomination, declared himself in support of the "Abolish the Bar" movement, and as a result may have another Conservative candidate in opposition.

With all these things in the air and the party without an active head, it is no wonder that the Ontario Conservatives are feeling blue.

The Ontario and Manitoba elections will have a striking effect on the Borden Government. If the Conservatives receive a jolt in those elections, Borden will likely seek for cover and call for an election at once. Ontario was his fort in the last election and a defection there would make matters serious. It is well known that Quebec is coming back to its first love, Bourassa has proven a frost and it was he who delivered so many of the Quebec seats to the Conservatives. They have now seen the error of their way and are again behind Sir Wilfrid. On the Prairies the wider markets of the Liberals will make a winning appeal. The Maritime Provinces will take care of themselves and British Columbia will see a big break in the solid seven. Skeena will send a Liberal to Ottawa and several of the southern constituencies will do likewise.

CITIZENS OF THREE TOWNS DECIDE FOR INCORPORATION

The citizens of the three townships at Fort George, as mentioned in a recent despatch to The News, assembled in mass meeting in the Princess Theatre, last week and decided to take immediate steps to secure the incorporation as one city of the three areas.

Boundaries of the proposed city were agreed upon, and a committee of fifteen, including five representatives from each of Fort George, Prince George and South Fort George, was instructed to proceed with the work of incorporation.

The resolution adopted by the meeting was as follows:—"That incorporation be requested for the district which is bounded as follows:—

"Commencing at the southwest corner of D. L. 933; thence northerly to the northwest corner of D. L. 933; thence westerly to the southwest corner of D. L. 934; thence northerly to the northwest corner of D. L. 934; thence easterly to the southwest corner of D. L. 931; thence northerly to the northwest corner of D. L. 931; thence westerly along the southerly boundary of D. L. 343 to Vancouver Street; thence northerly along Vancouver Street to Twelfth Avenue; thence northwesterly along Twelfth Avenue to Empress Street; thence westerly along Empress Street to Fraser Avenue; thence northerly along Fraser Avenue to Columbia St.; thence westerly along Columbia St. to Central Ave; thence northerly along Central Ave. to Bailie St.; thence westerly along Bailie St. to Fifth Ave.; thence northerly along Fifth Ave. to the south bank of the Nechaco River, thence easterly along the south bank of the Nechaco River to the northwest corner of D. L. 343; thence easterly along the northerly boundary of D. L. 343 to the Fraser River; thence southerly along the west bank of the Fraser river to point of commencement; these boundaries to be adopted on the understanding

CORONATION CHAIR IN WESTMINSTER ABBEY

Under which suffragettes exploded a bomb, breaking the historic Stone of Scone. This is the most famous relic of prehistoric days in the British Empire. For centuries the stone furnished a throne for Scottish Kings on the day of their coronation. It remained in Scotland until captured by Edward the Fifth of England and taken to London, where it has remained ever since. It was especially mentioned in the Act of Union between Scotland and England and under the law no British King can reign unless he is crowned upon the sacred stone.

that if it is impossible to obtain the consent of fifty-one per cent of the property holders here, then, in that event, the Fort George district will make sufficient concessions to obtain the necessary consent thereof."

GOV'T MINERALOGIST ARRIVES IN INTERIOR

Will Make a Thorough Geological Survey of District—Will Be There all Summer

Hubert, June 23.—Mr. R. G. McConnell and party arrived in the Valley last week for the purpose of making a thorough geological survey of the district, and left Smithers last Saturday morning for the southwest slope of the Hudson's Bay range. The gentleman expects to be in and around the Valley all summer and was impressed with the field, particularly the coal and low grade bodies of mineral which were described to him. The topographical map he is using, while very good of the district it covers, leaves much to be included in it as representing the mineral deposits of the valley, the Babine Range not appearing on it. Asked as to his intentions with regard to that portion of the Babine range known as Deep Creek, he declared at first that it was not his intention to cover that field, but will reconsider that opinion if time permits.

Another Lady Thinks "Fruit-a-lives"
Greatest Tonic In The World.

HAGERSVILLE, ONT., Aug. 26th. 1913.
I can highly recommend "Fruit-a-lives" because they did me an awful lot of good. About four years ago, I commenced taking "Fruit-a-lives" for a general break-down and they did me a world of good. We bought a good many dollars' worth, but they did all that your advertising claims for them, and as I said before, I cannot speak too highly for them. Their action is so pleasant, compared with other medicines, that I am glad to say so and I trust that some other woman may start taking "Fruit-a-lives" for I know the results will be all that you claim."

HARRY HAMBLIN GOT \$200 FOR SLANDER

George Broderions Defendant in Action—Also Made Apology

The Hamblin vs. Broderions action was disposed of in the high court yesterday afternoon and proved to be the shortest case of the session. A. M. Manson for plaintiff; L. W. Patmore for defendant.

Harry Hamblin, the plaintiff, testified that on the night of May 13th in Dyke's restaurant the defendant had uttered slanderous statements about witness, the remarks being made in connection with a fire four years ago which had burned out the business of both plaintiff and defendant. Several persons were in the restaurant at the time. In cross-examination the witness said that Broderions was no drunk.

A. S. Johnstone, A.M., Goodman confirmed the evidence.

Constable Adams had taken names of witnesses present, and Constable Grady said the defendant on the day following the alleged slander had said he had given Hamblin a "bawling out."

The defence of Broderions was that he had been drinking and did not know just what he did say and did not mean it. He made a full apology and offered to pay costs.

In passing judgment, His Lordship said drunkenness was no excuse for crime. Frequently wine gave men courage to say what they would like to say when sober. Being drunk is a voluntary act and a man has to take the consequences of it. He assumed the plaintiff was not suing to get money but to clear his character. Considering all the circumstances he awarded the plaintiff \$200 and costs.

Lots of Raspberries

Present indications are that the raspberry crop will be very heavy this season. The large area of bushes that was burned in the fire which swept around the town two years ago is now beginning to recover and will be again producing berries this year.—Omineca Herald.

SCOW IS WRECKED

Load of Oats Lost in Fort George Canyon Last Monday Morning

On Monday last a scow loaded with oats and produce belonging to Austin Bros., South Fort George, and in charge of Scowman George Williams, was totally wrecked on the dangerous rocks of the Fort George canyon.

Fortunately the crew and some passengers who were being carried were picked up by a passing steamer shortly after the wreck occurred and brought back to Fort George.

This is the fourth scow that has been wrecked this season, and in each case the cargo has been a total loss. While so far there has been no loss of life, if the practice of carrying passengers on these cheaply constructed scows is continued it is only a matter of time when a serious accident attended by loss of life is sure to happen. It would seem that this is a matter for the authorities to investigate.—Tribune.

To Move the Bank

The Union Bank of Canada awarded the contract to Ruddy & McKay to move the present bank building from the corner of Pugsley Street and Thirtieth Avenue to the rear of the lots owned by the bank on Ninth Ave.

Until the new building is ready the old building will be utilized, and afterwards the log building will be used for living quarters for the staff. Manager E. B. Tatchell says that a lot of new furniture for the bank has been ordered and he expects it here in a few days.—Omineca Herald.

THE ALASKA TROLLERS PROTECTIVE ASSOCIATION

Word comes down from Union Bay that the salmon trollers of that region have organized the Alaska Trollers Protective Association and plan to ship their fish direct to Seattle and the southern markets instead of selling to the mid-curiers. The men figure that they can make better money selling direct than by disposing of their catch to the mid curiers and jobbers. They will secure agents in Tacoma and Portland, in addition to Seattle and make the organization permanent if possible. The first shipment of fish went south on June 5th.

Judgment Upheld

Washington, June 23.—The Supreme Court of the United States sustained the Missouri judgment of ouster against the Harvester Trust and held that it must pay a fine of \$25,000 imposed under the State Anti-Trust Law.

The Trust at the same time escaped fines that had been imposed in Kansas.

Success at Fishing

The Indians of Hazelton are having success this year fishing at the Hagwilget canyon. Spring salmon are running in large numbers and some very large fish have been pulled out. Many citizens and visitors watch the natives fishing on the rocks below the high level bridge.

HUERTA REFUSES TO LEAVE MEXICO IN BRITISH SHIP

Vera Cruz, Mexico, June 23.—British subjects who arrived here from Mexico City yesterday reported a recent clash between Provisional President Huerta and Sir Lionel Garden, the British Minister.

The dispute arose out of the advice volunteered by Sir Lionel that the de facto president should resign and leave the country immediately. The British Minister also offered General Huerta British safe conduct and a warship to take him and his family to any port he might name.

General Huerta is said to have become enraged and to have threatened to arrest Sir Lionel Garden if he ever repeated his proposal.

ADVERTISING CLUBS MEETING AT TORONTO

Messages from the King of England and President Wilson Were Read

(Special to The Daily News)
Toronto, June 23.—The tenth Advertising Clubs of America is in session here this week, ending on the 25th, inst. Delegates from all over the continent are in attendance.

Messages were read yesterday before the convention from King George and President Wilson.

What is said to be the largest excursion train ever leaving the West pulled into Toronto at Saturday with 225 members of the Edmonton Industrial Association on board, and all new equipment of twelve cars supplied by the G. T. P. The train was r.a. solid, making stops at Winnipeg, Minneapolis, Milwaukee, Chicago, Detroit, Port Huron, Stratford and Guelph. One of the features of the trip was the publication of "The Edmonton Daily Spirit" aboard the train.

Going to Omineca

Hughes Harris leaves the end of this week or the first of next for the Omineca country, where he will spend the next couple of months prospecting and looking over the country. He anticipates a boom in there in the near future as the result of the operations of the numerous companies that are now working drills in the placer grounds.—Omineca Herald.

H. S. Clements feels pretty shaky about securing the nomination for Skeena in the next election. He realizes that the people of the North do not like to be represented by a man from outside and particularly Vancouver where they are all the time knocking Rupert. It is almost safe betting that Herb will make a bluff of moving to Rupert in order to head off this feeling. Right after election, of course, he would return to Vancouver.

Justice Morrison has reserved decision on the question of costs in the Masen vs. Prince Rupert Publishing Company libel suit.

The citizens will have a chance to see the new Rupert ball team tonight in the game with Terrace. Several new men have been placed on the team, which adds very materially to its strength. There is sure to be a good game as Terrace has also a very good team.

The Westhorne had a crowded house last night to see the fancy dancing of Miss Sweepstone and Mr. Tweedale. There was also a splendid comedy, "The Women Haters." The Daily Graphic, which is always good, showed among other things a rugby match between England and Scotland. The "scrum," the "drum" and the "line out" were just as clear as the original.

Capt. P. C. Grave, has asked the City Council for permission to lay a sewer across the road from his new house on Fourth Avenue. He wants to connect with the Ritchie sewer making his own arrangements with Mr. Ritchie. The house has been ready for occupancy for three weeks excepting for sewer connection. The Council refused to grant anything until the decision in the case is given by the court.

In the new barber shop on Sixth Street Harry Hanson, the reliable plumber, has installed another of his heating systems. The surplus hot water from the boiler is carried away in pipes and used for heating the rooms. This heat can be regulated and will heat enough for winter weather, thus saving the cost of an extra stove. Several of these are in use around town and are giving eminent satisfaction.

METHODISTS CHANGE CONFERENCE SUBJECT

Montreal, June 23.—Can a millionaire be a Christian? This was one of the subjects arranged by a committee of the Montreal Methodist Conference for discussion at next year's gathering as a prayer hour topic, but when it was broached this afternoon there was considerable objection to it. The inference was too strong for some of the delegates, in view of the number of rich men who are members of the Methodist Church, so a substitute subject, Christianity and Wealth, will take its place.

GILLETT'S LYE EATS DIRT

News has been received this week of several good mineral strikes on Tatapin Lake, lying between Babine and Burns Lakes. The ore is similar to that found in this locality, but it is said that it carries higher gold values. The principal locators have been Messrs. Anderson and Boling, but it is reported there are a dozen more in the vicinity who have made discoveries of more or less importance.—Smithers Tribune.

ELEVATOR ON COAST TO BE BUILT AT VANCOUVER

Ottawa, June 23.—Official announcement is made that the government had selected the site for the new Pacific Coast Government transfer elevator. It will be built on the site of the government drydock at Vancouver.

Plans for the elevator will be prepared at once, although it will be two or three months before tenders can be let. It is expected that the elevator will be modelled largely on the plan of the government elevator at Port Arthur, though with possible changes to meet the Pacific Coast requirements.

Brockville has nominated a temperance candidate for the forthcoming Ontario election. The question of temperance legislation is entering largely into the contest.

SMITHERS NEWS

(From the Tribune) Mr. and Mrs. Wilcocks leave tomorrow for Prince Rupert, where they expect to spend the coming week.

"Kid" Price spent the forepart of the week in Prince Rupert, looking after the shipment of his winter catch of furs to the London market.

J. L. Christie, accountant for the firm of Broughton & McNeill, Aldermere, was a passenger on last Sunday's train for the Coast. Mr. Christie will spend several weeks in Port Essington on a well-earned vacation.

J. S. Gray is now moving into his new building on Main Street, where he will conduct an up-to-date jewelry store. The building presents an attractive appearance and is a credit to the town and the builder, Mr. R. Watson.

The first serious fire that has yet occurred in Smithers took place on Thursday evening when the home of Mr. Langer on King Street near First Avenue was burned to the ground without any of the contents being saved. Mr. and Mrs. Hestip, who also occupied the building, suffered a complete loss of their effects as well.

Mr. Langer and son, who are carpenters here, had just completed the building of their home a few days previous to the fire and it was the subject of many remarks of approval by all who had seen it. It was only partly covered by insurance in the amount of \$1,200.

About forty fishing schooners were lost in the Bay of Chaleur on Friday of last week, in what is described as the worst gale in the memory of the oldest inhabitants. The loss of life is reported to be over a hundred and property worth hundreds of thousands of dollars has been destroyed.
