

OTTAWA REPORT SAYS HINDUS MUST GO BACK

FATAL ELECTRICAL STORM IN CENTRAL STATES --- VICTORIA GOVERNMENT KNOCKS RUPERT

GOV'T CIRCLES DENY REPORT HINDUS ALLOWED TO LAND

REPORT SAYS PRESSURE OF BRITISH AUTHORITIES WILL MAKE GOVERNMENT GIVE IN—IMMIGRATION DEPARTMENT RIGID

(Special to The Daily News.)
Ottawa, June 25.—Specific denial is given in Government circles to the story reported by the Liberal press that the Cabinet had decided to allow the Hindus of the Komagata Maru to land owing to the pressure of the British authorities.

FRANK CLAPP TO GET LICENCE FOR NEW FIRE PROOF HOTEL

COMMISSIONERS YESTERDAY AGREED TO GRANT LICENCE UNDER CONDITIONS—NEW HOTEL WILL BE HANDSOME FOUR-STORY BUILDING

Yesterday afternoon the city licence commissioners agreed under conditions to grant Frank Clapp a licence for a new fireproof hotel to be erected on Third Avenue just below The News office. The conditions are that Mr. Clapp will build a hotel having at least sixty bedrooms, and to be ready by the time the licences are granted in December.

MR. JOHN BARRYMORE AND THE FAMOUS PLAYERS AT THE EMPRESS

It would be difficult to surpass the splendid four part comedy production seen at the Empress theatre last night. "The American Citizen" with Mr. John Barrymore in the title role and supported by the famous Players Co., was the bill. The difficulties of the "American Citizen" trying to break into English society and with his unfortunate faculty for doing the most absurd things presents wonderful opportunities for first class comedy work which is certainly taken advantage of to the full by Mr. Barrymore.

The officials of the immigration department are equally emphatic in declaring that every possible effort will be made to prevent the Hindus from landing. The Government will rigidly enforce the regulations.

The building inspector declared the proposed plans to be better than Class B building of the city by-laws.

Com. Maitland moved that Mr. Clapp be granted the licence on condition that the building is put up under the requirements of the building bylaw. He said Mr. Clapp had a good record when he had been in liquor business. He was an old citizen and would undoubtedly run a good hotel.

Messrs. M. Albert and Geo. A. Sweet asked for a licence for a modern hotel to be erected in a central location having at least 100 rooms.

As the present population only allows for one more licence, the communication was ordered filed.

Team for Tonight's Match

The Shopkeepers' Assistants have what they believe to be a winning team picked for the Dominion Day Cup competition football match with the Dry Dock team tonight. The match will be played on the dry dock grounds which are in fine shape. The game will commence at 7.30. The team is:

Goal, C. L. Youngman, Backs, J. Currie and Doodson, Halves, R. Arthur, S. Currie and Garnet, Forwards, J. Campbell, A. Brighton, C. Dennis, D. Allen, F. Hardy.

WILL TALK CITY BONDS TO THE RATEPAYERS

Mayor's Financial Meeting is Billed for City Hall Tonight

The financial meeting which the Mayor promised in his election campaign after he had dug "deep down into the financial situation" will be held in the city hall tonight.

The Mayor first suggested it be held in one of the theatres, but Ald. Morrissey, who is Chairman of the finances, had an attack of modesty and thought the city hall big enough to hold the critics and all those interested.

The Mayor and aldermen are going to tell the citizens why they have not sold any long term debentures and why they want to do re-recking instead of permanent work as requested.

It is intimated that the bank is going to be put up as "the goat" but whether that is true or not remains to be seen this evening. Anyway the finance minister promises to be eloquently indignant.

The session starts at eight and the seating capacity is limited.

MRS. BEVERIDGE WINS AND HOLDS CITY LOTS

Action by Husband of Deceased to Recover Property Was Dismissed

Mr. Justice Morrison handed down judgment in the case of Tullidge vs. Beveridge yesterday. This was a civil action tried at the sitting which has just ended. His judgment is as follows: "I am satisfied that the agreement and understanding between Mrs. Beveridge and her daughter was as stated by her and contended for by counsel. There was valuable consideration and other consideration sufficient in my opinion to make binding the transaction.

"As regards the aspect of the case relating to the alleged divorce I think the deceased woman and her mother acted bona fide, and without any kind of intention to defraud or do anything wrong. The plaintiff, a man, during the period of his marriage, of meagre means and little, if any, inclination to support his wife, is now as a sort of afterthought seeking to lay claim to property to which I think he is not in any way entitled.

"The action is dismissed, "AULEY MORRISON, J."

Carried Off Cash Register

H. Kameda is a Jap. He is also a merchant carrying on a store business in Port Essington. One morning this week when he opened his store he found it had been entered during the night. The Jap merchant naturally went to the cash register first to see how much was left. He couldn't find the register. The thieves evidently were not satisfied with the money in the box. They wanted the register, too. Now the Jap does not know how much cash was stolen, nor can he find a clue.

TITLE GETS APPROPRIATION

"The prospectors on Alice Arm are certainly getting a raw deal from the Provincial road department," said a mining man this morning. "The prospector who goes in to open the country can't get a trail but because the Earl of Dartmouth and a Vancouver man bonded the McGrath property they get the whole \$9,000 appropriation for a wagon road to their property. I spent \$575 on building public trails up there myself last year."

NOTICE

All those who intend taking part in the procession on Dominion Day are asked to notify the undersigned, giving if possible description and numbers, that space may be arranged before Friday noon, June 26.

W. BARRATT CLAYTON, Chairman Procession Committee.

HOOKED RIGHT WHALE CAUGHT A FORTUNE

One of Whaling Steamers From Naden Harbor Got Rare and Valuable Mammal

According to the Queen Charlotte Islander, the whaler White, Capt. J. Christian, of the C. N. P. whaling fleet, made a lucky and unusual haul to the Naden Harbor station week, landing a right whale, a species now very rare, especially in these waters. This particular specimen is valued at about twenty thousand dollars.

The right whale is particularly valuable for his whale bone. It yields many tons of it and the quality is particularly good. This is the first right whale caught in these waters in several years.

GOVERNMENT KNOCKS RUPERT

Evidently the Bowser government is not satisfied with discriminating against the North in the matter of road and bridge building. It appears to have a hammer ready for the North in every department.

In an illustrated booklet issued recently by the Provincial Bureau of Information, the statistics state the population of Prince Rupert to be 3,000, the smallest city in the Province, while the population of Victoria and other cities is inflated to show a more marked comparison. These pamphlets are widely distributed. A bunch of them are on display among the free literature handed out at the G. T. P. station in this city.

If this is the class of information the Provincial Government possesses, the sooner there is a change of government the better for Prince Rupert.

SAW OIL SEEPAGES ON BEACH NEAR ROSE SPIT

Ed. N. Clark Thinks West Coast of Masset Has Nothing on North Coast

Ed. N. Clark, who has been spending several weeks on Graham Island, looking over the natural resources, says there is surely going to be an oil boom there. There are several parties going into the west coast district staking land and taking in drilling outfits. They are preparing to do things but Mr. Clark says all the oil country is not around Otard Bay and Lewis Harbor.

"Why I saw on seepages for several miles along the sandy beach on the north coast running up to Rose Spit," said Mr. Clark. "The oil has been oozing out and the rocks and beach are stained with it. To me there is just as good an outlook on that part of the island as on the west coast."

ALBERNI TURNS TO LIBERALISM AGAIN

M. A. Macdonald Tells Electors of Demand Through Country for Clean Government

Alberni, B. C., June 25.—A large and enthusiastic Liberal meeting, where Provincial issues were discussed by H. C. Brewster, leader of the Liberal party in the Province, and M. A. Macdonald, president of the Provincial Liberal Association, was held last week in the town hall. Every seat in the large hall was occupied and many more remained standing throughout the meeting. The gathering proved to be one of the most successful and enthusiastic political meetings ever held in Alberni and indicated the changing sentiment against the Provincial Government in the district. In point of enthusiasm it was in marked contrast to the meeting addressed here by Sir Richard McBride which was lacking in enthusiasm.

TO STUDY ENGLISH SYSTEM

Ottawa, June 25.—Professor Adam Shortt, civil service commissioner, left this morning for England to study conditions regarding the outside civil service in Great Britain with a view to advising Hon. W. T. White in connection with the Civil Service Bill, which was introduced on the last day of the session, but which was held over.

\$19,000 Cash for Lot

Yesterday T. D. Pattullo sold lot 15, block 20, section one, for the sum of \$19,000 cash. This lot is on Third Avenue next to Stalker & Wells store. It was owned by a Vancouver man and was purchased for him at the original sale by Messrs. Pattullo & Radford. The purchaser was an out of town man. This is considered a good price on a cash basis. Other lots in the same block are held at \$21,000 on terms.

SEVERE ELECTRICAL STORM SWEEPED CENTRAL STATES

MUCH DAMAGE DONE TO CROPS AND PROPERTY AS WELL AS DEATH OF SEVEN PERSONS—MINNESOTA AND WISCONSIN HIT

(Special to The Daily News.)
Chicago, June 25.—Seven deaths, much injury to crops—the damage amounting to many thousands of dollars—and minor damage to buildings was caused by a severe electrical wind storm which swept over Minnesota and Wisconsin.

It is feared that a still larger loss of life will be revealed when the full extent of the storm is known.

RITCHIE WINS SEWER CASE AGAINST THE CITY COUNCIL

JUSTICE MORRISON BELIEVES COUNCIL WAS ACTUATED BY ANNOYANCE AT RITCHIE RATHER THAN TO OBTAIN EFFECTIVE SEWAGE

Mr. Justice Morrison, who expects to leave for the south on Friday morning, handed down his judgment in the case of Ritchie vs. City of Prince Rupert yesterday. His judgment reads as follows:—

"The revocation clause should not be invoked capriciously. Were the only consequence flowing from the withdrawal of the permission in question one to be estimated in terms of money I would not consider it a very serious matter if the Council carried out the apprehended act. But I am satisfied that by cutting off this connection it will be a serious menace to the public and might lead to grave consequences to the public health.

"From the general run of the trial I am of opinion that the Council appears to have been actuated more by solicitude for Mr. Beveridge and perhaps annoyance at Mr. Ritchie than by a desire to maintain an effective though temporary means of sewage at that particular point.

GIRL KILLED UNDER EYES OF HER FIANCE

Autoist Who Ran Her Down Sits on Jury and Acts as Foreman

Toronto, June 25.—Under the eyes of the young man to whom she was engaged to be married, Mary Marsh, a Richmond Hill girl, was killed on Saturday evening by an automobile driven by John B. Whaley, an Eglinton grocer, who pulled up for a moment or two after the accident, then disappeared into the night. Half an hour later he was subpoenaed to act on the coroner's jury on the same case, and appointed foreman.

Whaley took his place at the inquest into the girl's death without saying a word to the coroner or the other jurymen concerning his alleged part in the tragedy.

Police officials spent many hours investigating yesterday before they suspected that Whaley was the man in charge of the death car. A piece of glass which they picked up at the scene of the accident, fitted perfectly with a broken headlight on Whaley's automobile.

Whaley is held on a charge of manslaughter without bail.

B. OF T. LUNCHEON TO BE IN NEW HOTEL

Popular Monthly Gathering Will Be Held in Hotel Prince Rupert, Saturday

The fourth monthly luncheon of the Board of Trade will be held this coming Saturday at one o'clock at the Hotel Prince Rupert, concluding with a reminiscence talk by Mr. Fred Stork.

These luncheons are looked forward to with a considerable degree of pleasure by business-men, as they provide each month an opportunity for social intercourse and promote good fellowship, and there is always an instructive fifteen minute address on some interesting topic. Mr. Stork is a good speaker and his subject will be appreciated both by the pioneer and the newcomer in Prince Rupert's business circles.

The capacity of the handsome dining room will undoubtedly be taxed, as Saturday's luncheon will also inaugurate the opening of that department of the new hotel. Mr. Peter Piombo, the chef, has a reputation for catering for just such affairs and has promised the luncheon committee an appetizing menu.

Tickets may be reserved at the Commissioner's office or obtained from the members of the committee.

BRITAIN'S WAR MINISTER AT HIS GUNS

From the Sketch. The whole Empire has been guessing at Premier Asquith's abilities and intentions as Secretary of State for War. The photograph shows him at the recent manoeuvres which he viewed with the King.

A year ago this city sought the assistance of the Provincial Government in floating a loan on the London market. The Premier went so far as to say that if conditions warranted it he would guarantee the loan. He sent the Minister of Lands to Rupert to investigate.

to the South. It is not generally known however that the Conservatives of Prince Rupert are in league with them in this and that they will willingly sacrifice the interests of Prince Rupert rather than take a stand against their political masters.

The Province has guaranteed this Vancouver sewerage system to the extent of \$5,000,000. These guaranteed bonds are now being offered on the London market. An advertisement to that effect published in a London paper contains also a copy of the form of guarantee as follows:—

Those local gentlemen who benevolently opposed Prince Rupert getting any government aid are not saying a word now when the whole credit of the Province is placed behind the Vancouver and district sewerage loan. It has been contended for considerable time that the government never considered the interests of the North but that everything was drawn

Vancouver and District Joint Sewerage and Drainage Board issued or to be issued pursuant to the provisions of said act, such guaranteed securities to be payable on the first day of March 1954, and bearing interest at the rate of four and one-half per cent per annum, payable half yearly.

The tactics of the invading Hindus in Vancouver harbor are not the kind likely to win against Canadians. Being spoiled and pampered by a certain section of the British people they think all they need do is to sit down and cry like children in order to get what they want.

MURDERS WIFE WHEN SHE BEGINS DIVORCE ACTION

Denver, Colo., June 25.—J. F. Freese, an insurance agent who had been barred from his wife's home by a court order, broke into the room where she was sleeping early today, shot and killed her and then shot himself. He was taken to a hospital, where, it is said, he cannot recover.

HURON REFUSES WOMEN VOICE IN VESTRY WORK

London, Ont., June 25.—As was the case last year, the Anglican synod of Huron in annual session here again today declined women a voice in the vestries of the church. A motion having for the enfranchisement of women so far as vestry deliberations were concerned, was introduced by John Ransford, of Clinton, Ont.

THE QUASHERS OF THE FARMERS BANK INDEMNIFICATION BILL

Six out of eleven Conservative Senators who helped defeat the Farmers Bank bill, and Liberal Senator Power who moved the resolution to carry the bill over for six months.

MANITOBA ELECTION CAMPAIGN BEGINS

Opening of One of the Keenest Contests the Province Has Known

Winnipeg, June 25.—The Manitoba Provincial elections, which take place July 10, will be preceded by one of the keenest campaigns the province has known. Though both parties have been active in the field for some time past, the pre-election fight really commences today, and Premier Roblin and T. C. Norris, the opposition leader, will tour the province and address meetings practically every night from then until July 5.

Sir Rodmond Roblin goes to the country on his fourteen years' record, and a continuation of his present policy, adding thereto a pledge to provide, if practicable, a plan upon which farm loans may be procured at more reasonable rates than previously.

The Liberal party appeals to the electorate on a platform which includes compulsory education, with the repeal of the Goldwell amendments, banish the bar referendum and abolition of proprietary clubs; woman suffrage under certain conditions, direct legislation, autonomy in local taxation, encouragement of hydro-electric development and good roads.

INDIANS "BEAT IT"—AFRAID OF SMALLPOX

There is not one solitary Indian left in the native village at Hoonoh. They have all left for "parts unknown" and I think they will not return until the small pox scare at the Hoonoh cannery is over. The entire village of 400 is depopulated. This is the statement of Captain Edward Thornton, of the steamship Georgia, which arrived from Sitka Monday. It indicates that the Indians know a nigger in the woodpile when they see one. The natives are taking no chances, and their departure from the stricken zone will be of great assistance to the health authorities in preventing a spread of the epidemic.—Juneau Dispatch.

Too Many Saloons

A Dawson minister, not satisfied with the treatment accorded the ministerial alliance of that city by the Yukon Council at a late session, and claiming that the Dawson Daily News would not publish his 'plaint, recently had published in the Vancouver Sun an article in which his grievance was set forth. The substance of the article was that twenty-six saloons are too many for twenty-six hundred people and that the Yukon Council, after promising to reduce the number of the former, adjourned without doing so.

No man ever lived long enough to understand why his neighbors dislike him.

DAUGHTERS OF MEN IS SPLENDID PHOTOPLAY

A capacity house crowded the Westholme Opera House to the doors last night, the attraction being "Daughters of Men," a magnificent five reel Lubin feature, and "The Arrival of the First Overland Train on the G. T. P. in Prince Rupert."

"Daughters of Men" is a strong virile modern play that is really good to see. The story concerns itself with a millionaire family and their foibles and follies and the workmen who toil for them in their shops and factories. It is full of strong, exciting scenes and situations and the interest never flays for a moment from beginning to end. No better picture has ever been shown in this city.

The arrival of the first train is of exceptional interest to local people, many well known faces being easily recognized in the crowds at the wharf, but none so plain as our popular townsman universally known as Fitz, and ex-Alderman Douglas.

INSURGENT MINERS FORM A NEW UNION

Internal Troubles in Labor Organization Have Disrupted Factions

Butte, Mont., June 25.—Secessors of the Western Federation of Miners today launched an independent miners' union, rejecting peace overtures of President Charles H. Moyer, and associates and electing as temporary president, M. McDonald.

There is little hope of compromising the two factions and with the issues sharply drawn, an open breach is expected within a few days. Federation officials threaten to import miners to fulfill their contracts with the operators.

The regulars of the Butte local, the Western Federation of Miners, under the leadership of Chas. H. Moyer, president of the federation, obtained from the present officials of the local union and the recently elected officers who are to take office in July, their resignation hoping to 'save the Butte local from being disrupted.

The mass meeting was attended by five thousand miners. All voting was done by acclamation, the officers addressing the assembly through megaphones.

THRASHED HIM TILL HE BEGGED FOR MERCY

Girl Tells in Court How She Dealt With Offending Chinaman

The story of how a young girl turned the tables on a Chinaman who attempted to assault her by beating him until he begged on his knees for mercy was told amid much laughter in the Victoria police court when Sen Go was fined \$20 for laying hands on Miss Julia Bertucci on the night of June 17.

The informant related how she was proceeding homeward to Mason Street with her mother. Passing a Chinese store on Pandora avenue they noticed two Chinamen begin to follow them, she stated, and they followed until they reached Mason Street where the mother had the intention of telephoning from her brother's house.

Mrs. Bertucci had no sooner parted from her daughter, however, than the two Chinamen ran towards her. One of them laid hold of her, but she struck out with her fist several times and punched him until he cried out.

Then, went on the informant, the Chinaman ran away, she in pursuit. She caught up with him again and held him while she shouted for help. By the time her brother arrived on the scene, the Chinaman was on his knees, begging for mercy and crying out that he would never follow her again.

Silver Salmon Hybrid Thrives

The possibility of crossing the breeds of the king and silver salmon and obtaining a bigger hybrid than either of the parental stocks was credited at the final meeting of the Pacific Fisheries Society last Friday on the university campus by Prof. E. Smith, who has been conducting experiments at the Auburn hatchery. Six thousand silver eggs were placed in king salmon sperm, and four thousand king eggs in silver sperm, and, according to Prof. Smith's experiments, the silver hybrid was about 14 per cent larger than the uncrossed silver breed in the same stage of development.

"I found that the hatching period was prolonged and that the rate of mortality in the king hybrid was alarming," said Prof. Smith, "but the rate of infertility in the crossed silver was less than one per cent, and there is certainly the possibility of a larger fish being bred."

FAST TRAIN AND AUTO BEATEN BY PIGEONS

British M.P. Loses Wager in an Interesting Race

London, June 25.—Considerable interest was aroused Saturday, in a novel race, in which 140 pigeons flew from London to Pontefract, a distance of 172 miles in opposition to Mr. Handel Booth, M.P. for Pontefract, who matched himself to travel by express train and automobile to beat the birds, a feat he failed to accomplish.

The first bird to arrive beat Mr. Booth a quarter of an hour and several others reached their destination within the next few minutes.

Besides losing his wager with Mr. Hastings Duncan, M.P., for the Otley division, Mr. Booth had to pay \$2.50 to the owner of every bird which beat him.

TEMPERANCE ACT LOST IN MUSKOKA BY 400

Bracebridge, Ont., June 19.—With about two-thirds of the polling places beat from, the majority against the Canada Temperance Act, which was voted on in Muskoka today, is estimated at nearly 400. The defeat of the measure is admitted, as the remaining booths are not expected to materially affect the result.

Colored beads (for men) are reported to be coming in fashion in Paris. The green wig was a means of feminine adornment. It is not supposed to have made a lasting impression, but it attracted attention. Now men are coming into their share of the color in hirsute decoration. A dark blue mustache on a young poet at a recent soiree was the sensation of the evening. One proprietor of a dressmaking establishment announced that he is going to dye his close-cropped beard bottle green, after the fashion of the Assyrian kings.

CANADA WILL HELP

Will Establish Fuel Stations for Air Race

New York, June 25—The Canadian Government will establish fuel and supply stations on the Labrador and Greenland Coasts for the round-the-world aeroplans, who will fly from the Panama-Pacific Exposition in San Francisco next year. This was announced here today by Arnold Kruckman, who arrived here yesterday after following a proposed route of the race from California to the Atlantic Coast by way of Chicago, across several of the Great Lakes and the St. Lawrence River. If this course is selected, Philadelphia, New York and Boston will not see the contestants as was originally planned.

MASSET NOTES

(Queen Charlotte Islander)

Mr. F. Bastien arrived on the last trip of the Prince Albert bound for Sewall. He was accompanied by Mrs. Bastien, and brought several tons of effects and farming equipment, a fine team, two cows, two calves and several crates of poultry. He is the forerunner of a German colony of some forty families that are coming to that section of the island. An outfit like this is indeed welcome and better settlers in an agricultural country can not be had.

The "Charles Harrison" is the latest addition to the mosquito fleet. It was built by Hazelton Bros., of Woden for Provincial Constable Gordon, and is a splendid model.

Mr. C. L. Cullin, pre-emption inspector, is once more in town, having spent the last month between Skidegate and Woden. His knowledge of the interior of the island should now be second to none.
