HEIR TO AUSTRIAN THRONE ASSASSINATED WITH HIS WIFE

AGED EMPEROR RECEIVES GREAT SHOCK AND MAY HASTEN HIS END—AUSTRIAN SUCCESSION DELICATE ISSUE FOR POWERS

The condition of the Austrian empire is one of the weak spots in international affairs. The present Emperor Francis Joseph is a man of over ninety years and rules a kingdom of many factions and it is only the Emperor's popularity that makes this possible. The following despatches somewhat ruffles a delicate situation:—

(Special to The Daily News)
Vienna, June 29.—Arch-Duke Francis Ferdinand, heir to the throne of Austria, and his wife were assassinated while driving in the streets of Sarajevo.
Isehl, June 29.—The Emperor Francis Joseph has suffered a profound shock when informed of the assassination of the Arch-Duke.

STRUCK ROCK REEF OFF COAST OF IRELAND—IS TAKING WATER IN TWO HOLES—GUNBOATS STANDING BY—NO PANIC ABOARD

(Special to The Daily News)
London, June 29.—The Anchor Line steamer California struck a rocky reef off Tory Island, near the coast of Donegal, Ireland. Her bow was damaged and she is taking water through two holes, it is reported. Her passengers destined for points in Ireland were transferred to other vessels and expect to reach Londonderry tomorrow.

The California sailed from New York on June 20th for Moville and Glasgow. On board were 121 cabin passengers and 300 second class.
The steamer is lying in water five fathoms deep at her forward end and seven at her aft. There was no panic aboard. Gunboats are lying by. It is said the steamer did not hear the fog whistles.

CONTROL OF FISHERIES To Pass to Deputy Minister of Naval Affairs

Ottawa, June 29.—It is stated that the action of the government in transferring the Fisheries Department to the control of the deputy minister for naval affairs is another step by the government toward the development of the proposed naval militia force.
It is planned to have this force recruited largely from among the fishing population of the two Canadian coasts and the Great Lakes.
It has been thought desirable to put the man who is to organize the militia as closely as possible into touch with the hundred thousand Canadian fishermen. Therefore, it is proposed to give to Mr. Desbarats, the naval deputy, the control of all fisheries matters. Hereafter it is from this office that regulations covering this industry must pass.

MEXICAN FEDERALS IN FULL RETREAT

(Special to The Daily News)
Zacatecas, Mexico, June 29.—Aguas Calientes, capital of the State of the same name, was evacuated by the Federals according to information received from Villa's headquarters.
Owing to this plan of the campaign being changed the troops of the division are returning to Torreon.

\$25 REWARD

A most brutal and cowardly act was committed on a horse belonging to Mr. John Barutti, of the Royal Fruit Market. The horse's head was hammered with a club until it was all bruised and swollen. The horse had been stabled on Borden Street. Mr. Barutti offers a reward of twenty-five dollars to any person who will secure convicting evidence of the party connected with the crime.

MYSTERY CLEARED IN FINDING LAUNCH

Party of Four Which Left Alaska for Outside Four Years Ago Traced

Seattle, June 29.—The launch, the Seal Pup, in which its owner, Tommy Johnson with John Holmberg, Marie Schmidt and Frank Adams, left Wiseman, Alaska, September 12, 1910, to take a steamer for the outside and come to Seattle, and on whose account federal officials have conducted a country-wide search for more than a year, has been found, according to advices received in this city last night.

The news of the finding of the Seal Pup, which may help to clear up the mystery, came in a dispatch received last night by United States District Attorney Jas. J. Crossley of Fairbanks, upon his return here from a visit east. The launch was found on the Koyukuk river, and a satchel containing a woman's clothing was recovered.

The finding of the launch, it is believed, may help to clear up the mystery of the strange disappearance of the party, none of whom except Johnson, according to the police, ever reached the outside. Nor has search of all Alaska succeeded in disclosing the whereabouts of Holmberg, the Schmidt woman or Adams since the day the party left Bethel on its 500-mile trip down the Koyukuk river.

When the party left Wiseman, Holmberg is known to have had at least \$7000 in gold, and the Schmidt woman a like amount besides several hundred dollars' worth of diamonds.
Johnson, who has been sought for near and far as the one who could perhaps best explain the disappearance of his companions appeared in Seattle on October 8, of the year the party left Wiseman. He spent several days here, depositing in the local assay office the morning of his arrival \$2,137 worth of gold dust.

Later he was traced to San Francisco, and two months ago it was reported that he had appeared in that city again and Deputy United States Marshal Joseph Warren, who has worked on the case for more than a year, went there in the hope of locating him to see what explanation he could give of the disappearance of his companions.

Added interest was given to the mystery because of the fact that Holmberg and the Schmidt woman were among the best known Alaskans, having lived in the territory for years.

Adams, the other member of the party lived in Auburn, King County.

Johson Beat Moran

(Special to The Daily News)
Paris, June 29.—Jack Johnson, the colored champion, was given the decision on Saturday over Moran on points in the twentieth round.
The fight was characterized by plenty of hard hitting on the part of Johnson. There was not a single knock-down or anything that looked like a finishing blow.
Moran's face at the close showed cuts on the nose and under the left eye. Johnson showed no marks. Toward the end of the eighth the crowd jeered some tactics of Moran, who hung frequently to Johnson to save himself.

LAWYERS AFTER STEVENS

At a recent labor meeting in Vancouver, H. H. Stevens, M.P., in a frenzied speech, said:—
"Some say: 'Why do you not go to the courts?' I say we are willing to go to the courts if we can get an honest court to go to. We have men on the bench of this province who are willing to give a decision contrary to public opinion and contrary to the clear meaning of the law."
This has aroused the ire of the legal fraternity and a meeting is being held by the lawyers to discuss the unwarranted attack on the judiciary.

EMPRESS THEATRE HAS BIG ANNOUNCEMENT

The management of the Empress theatre is certainly entitled to the thanks of the theatre-going public on their announcement in this issue of the Daily News. They have been extremely fortunate in perfecting arrangements which enables them to bring to Prince Rupert many of the greatest moving picture productions, a partial list of which is contained in their announcement. Furthermore they intend to put on these big productions without any advance in price to the public. They propose to adhere strictly to a uniform scale of prices, 15 cents for adults and 10 cents for children.

It is well known that the Empress has kept its programmes free from objectionable or questionable pictures. The public will appreciate this latest move on the part of the management in bringing to Prince Rupert the greatest moving picture productions and showing them at regular prices.

Among the subjects already booked are such complete productions as "Monte Cristo," in 6 reels with James O'Neil in the title role, "David Copperfield" in 6 reels, "Old Curiosity Shop" in five reels.

When the producers are getting out such splendid pictures as these it is no wonder that the photo play is taking such a firm hold on the public mind, and that the producing business has grown to such enormous proportions.

The Royal Cafe is the old, reliable and popular dining place of the city. You can depend on getting the best cuisine and best service. 1261f

TENDER FOR KAYEX WAS PROPERLY GIVEN

Report Published by Daily News Was Not Accurate—Recent Light Thrown on the Transaction

On March 27th last this paper, acting upon information which at that time appeared to be reliable, published a news item on its front page in regard to the refitting of the Government launch Kayex. Since that time however it has taken the trouble to investigate the matter further and having interviewed two of the parties concerned and others, is now satisfied that the information then furnished, and on which the news item was based, was not correct, and that the article reflected unjustly on individuals therein mentioned. The real inwardness of the matter would appear to be that R. G. Johnston of Inverness, although a cannery man, has had a very wide experience in boat building, and boat fitting, and is thoroughly familiar with gasoline engines. When the firm of Akerberg Thomson & Company, machinists, was formed, Mr. Johnston took a substantial financial interest in the new concern and it was on behalf of this firm that he tendered and it was this firm that actually did the work on the Kayex. Mr. Johnston's experience and close figuring landed the contract. In the light of present information it certainly seems that politics had nothing to do with the success of Mr. Johnston's tender and that the Government officials concerned in the matter acted independently and without fear or favor.

WEDDING BELLS

A pretty wedding took place at the residence of Mr. and Mrs. Walter S. Fisher, Fourth Avenue, East, on Saturday evening, when their daughter, Miss Lillian Bayard, was married to Mr. Irving Nelson Linnell. The ceremony was at 6:30 and Rev. J. F. Dimmick officiated.

The bride was given away by her father. She was dressed in a gown of pale grey and carried a bunch of pink and white roses.
Following a wedding supper Mr. and Mrs. Linnell left on the Spokane for a short trip north and on their return will reside at 833 Borden Street.

COPPER WIRE STOLEN

Pat O'Farrell and Jos Potovin were in police court today charged with stealing copper wire. About eight sacks of copper wire which had had the insulation all burned off were in the police office as evidence against them. They had sold it to Crosby's second hand store. The electric light superintendent has been missing some of his copper wire and it is thought the leak has now been found. The case will be heard tomorrow.

HAS OIL DRILLING OUTFIT FOR B.C. OIL FIELDS, Q.C.I.

MANAGER OF THE PIONEER PROSPECTORS OF THE GRAHAM ISLAND OIL FIELDS TAKING THEIR MACHINERY IN ON JOHN TONIGHT

Mr. Stewart, manager of the B. C. Oil Fields, is in the city en route to Queen Charlotte Islands on the Prince John. He has with him the drilling machinery and equipment for putting down test wells and in a very few days now the company will be at work.

The B. C. Oil Fields Company are the pioneers in the Queen Charlotte Islands and they have spent a lot of money there, and deserve to win. Already they have one well at Otard Bay down 325 feet and another 850 feet.

Drilling on this latter will be resumed immediately and before many weeks the oil sand should be reached.
Several local parties are interested in the B. C. Oil Fields and they have much faith in their investment.
If this company strikes something, as it is confidently expected they will, it will be a big boost for the islands and Prince Rupert, too.
The John sails tonight with the outfit and drillers.

CANADA'S GRAIN CROPS WILL SHOW BIG INCREASE THIS YEAR

STATISTICS FROM THE CROP BULLETIN OF THE DOMINION OFFICE FURNISH SOME INTERESTING FIGURES OF PROSPERITY

Ottawa, June 29.—In a bulletin issued last week by the Census and Statistics Office preliminary estimates are given of the areas sown to the principal grain crops in Canada as well as reports on their condition according to returns made by crop-reporting correspondents on June 1st. The reports show that throughout the Maritime Provinces seeding was delayed through the lateness of the Spring. In Ontario and Quebec the condition of grain is generally satisfactory, notwithstanding a long spell of dry weather; in many places however the meadows were beginning to suffer from the effects of drought. Conditions throughout the West were reported as generally favorable, though rains would be welcome especially in Manitoba and Southern Alberta.

The total area under wheat in Canada is provisionally estimated at 11,203,800 acres, or 188,800 acres more than in 1913. The area under spring wheat is reported as 10,230,500 acres, or 185,500 acres more than in 1913, and the area expected to be harvested of fall wheat is 973,300 acres or 3,300 acres more than last year. The acreage of oats is placed at 10,841,000 acres as compared with 10,434,000 acres last year an increase of 377,000 acres. Barley occupies 1,604,000 acres, or 9,000 acres less than last year, and rye 117,000 acres as compared with 119,300 acres last year. The estimated area under hay and clover is 8,206,000 acres as compared with 8,169,000 acres in 1913.

In the three Northwest provinces, Manitoba, Saskatchewan and Alberta, the total wheat area is estimated at 10,247,400 acres in 1913; that of oats, at 6,086,000 acres as compared with 5,792,000 acres in 1913; that of barley at 1,041,000 acres as compared with 1,025,000 acres in 1913. These differences represent increases of 214,400 acres for wheat, 294,000 acres for oats, and 16,000 acres for barley; or a total increase of 524,400 acres for the three crops as compared with 1913. The wheat area in Manitoba is somewhat less than last year, viz: 2,788,000 acres as compared with 2,804,000 acres in 1913. In Saskatchewan the area under wheat is 5,848,300 acres as compared with 5,720,000 acres, and in Alberta it is 1,611,100 acres against 1,512,000 acres.

On June 1 the condition of field crops, as measured by a standard in which 100 represents the promise of a full crop was very favorable. The points are as follows: Fall wheat 79, spring wheat 93, all wheat 91, oats and barley 92, rye 89, peas 92, mixed grains 93, hay and clover 90, alfalfa 88 and pastures 90.

Assuming that the conditions between now and harvest will be equal to the average of the past four years, 1910-1913, the above percentages represent the promise of yields equal to the four year average in the case of spring wheat, rye and barley and inferior in the case of oats by one per cent, and in the case of fall wheat by two per cent.

"A MILITANT SUFFRAGETTE"

Modern Moving Picture Play at the Westholme Theatre Next Wednesday and Thursday

Much has been written both for and against the great modern women's movement inaugurated by the militant suffragettes and strenuously contested on both sides especially in the Old Country.

This question has been made the subject of a fine five-reel moving picture feature entitled "A Militant Suffragette," which will be shown at the Westholme Opera House next Wednesday and Thursday, including holiday matinee on Wednesday at 3 p.m. The story deals with the most important phases of this celebrated movement showing the breaking of windows, forced feeding, etc. An exceptionally funny Keystone comedy will conclude the performance.

Tonight's program is also a very good one, the head liner being a two reel Broncho feature: "The Breed of the North," which comes very highly recommended. There will also be a rollicking comedy, "Mrs. Brown's Burglars" and an up-to-date Weekly Gazette.

DAILY EDITION

Monday, June 29, 1914

In a report recently issued by the Dominion Department of Labor there appear several statements which lend support to the Liberal policy of wider markets. "The passing of the new (American) tariff bill early in October (1913) the report points out, "led to heavy shipments of cattle being made" from Canada and "the opening of the American market to Canadian cattle by the removal of the tariff was followed by an upward movement (in prices) throughout the last three months of the year."

In 1911, when the Liberals sought to give the Canadian farmer duty-free access to the American market, Mr. Borden and his associates went up and down the Dominion declaring that such access would be of no benefit to our producers. It would be of no benefit, they said, on one platform, because the Americans produce so much themselves that they will not buy from Canada. On another platform they argued that access to the United States market would be of no benefit to Canadian farmers because prices across the line were lower than they were in Canada.

Today we have a department of the Borden Government admitting in an official report that when the entry of cattle to the American market was made duty-free under the Wilson-Underwood tariff last autumn "heavy shipments" of Canadian cattle were immediately made. There were two reasons for the shipments. One was because the United States offered a market for surplus Canadian cattle; the other was that the price paid in the United States yielded the Canadian farmer a good profit. Clearly, then, it is evident that

in their statements of 1911 Mr. Borden and his friends misled the Canadian people, and apparently they did it deliberately, for it is inconceivable that party leaders were ignorant of the real facts.

The report makes another comment upon the result of the opening of the American market to certain Canadian products. "In the spring of 1913," it says, "when it appeared probable that wool would be allowed to enter the United States free of duty, the price in Canada advanced to the level expected on the United States market, and the Canadian clip of 1913 was bought at prices anticipating this level." The mere fact of the possibility of the opening of the American market to Canadian wool was sufficient, then, to gain higher prices for the wool which the sheep-raiser had for sale—another piece of evidence indicating the value of that market to the producers in Canada.

The Liberals admit the value of the home market and the British market but they believe also that the more markets which are open to Canada on favorable terms, the better for the Dominion and all its people. They believe that high tariffs are unnecessary and injurious. They stood for wider markets and lower tariffs in 1911, and were denounced in all the moods and tenses by Mr. Borden and his associates for so doing. Today, events have shown that Sir Wilfrid Laurier and his followers were on solid ground three years ago, and a report issued by the Borden Government itself supplies justification for the position which the Liberals took. By that policy of wider markets and lower tariffs the Liberals still stand.

REVELSTOKE HIT BY A FIERCE FIRE

Early Morning Blaze Destroys Block in Business Centre of the City

Revelstoke, June 29.—Fire broke out at an early hour yesterday morning in the London Chop House and some spectacular escapes were made from a lodging house on McKenzie Avenue, where the occupants dropped from the second storey windows to awnings and then to the ground just as the flames broke through the windows of the rooms just vacated.

McKenzie Avenue is littered with household effects hurriedly snatched from rooms that are now in ashes or for a long time were in imminent peril. Women and children whose homes were destroyed, in their night-clothes and wrapped in blankets early this morning mournfully regarded the ruins of their homes. The city, except for the lurid light of the blazing buildings, was in darkness, the lights having been turned off to avoid the danger of live wires. Half a block in the heart of the business section of the city is in ruins.

MAN DEVoured BY FIANCEE'S LIONS

"Tribby," Oldest of the Beasts Tried to Save Theatrical Manager

Chicago, June 29.—Emerson D. Dietrich, of Brooklyn, manager of a theatrical production presenting a troupe of lions, was killed and partly devoured last week by six lions when he entered the car in which they were caged. While the keepers were trying to recover Dietrich's body, a lion escaped from an adjoining cage and terrorized residents of the thickly populated quarter in which the car stood before the animal was captured.

Tribby, the oldest of the lions, tried to save him, but the others pushed her away, and she quit and watched them without joining in the attack.

The lions were owned by Mme. Adage Castillo, to whom Dietrich was engaged to be married.

SCURRILOUS LETTERS WRITTEN TO JUSTICE

Skull and Cross-bone Signature Depicts Fate for Superior Judge

San Francisco, June 29.—Scurrilous, threatening and seemingly illiterate letters, signed with a skull and cross-bones have been received by Judge John T. Van Nostrand of the Superior Court, written in an attempt to influence his conduct of the Shorb divorce case, now before him. The publication today of the letters as well as others addressed to Charles A. Lee, retained as counsel for the defence of Mrs. Adeline Shorb, created a sensation.

"If you defend Shorb case it will be the big pine box for you, big stiff," read the letter to Lee. If you show this letter you die like a dog."

Mr. and Mrs. Donald McM. Shorb are socially prominent in San Francisco. The wife brought suit, alleging that he had threatened her life.

Shorb, it was learned, also had received intimidating letters. Indirect references to individuals indicated only by initials led Lee to believe the letters had been written by some person associated with a private detective formerly active in the graft prosecutions of 1906, and a disbarred lawyer.

The best place in the city to lunch or dine is the Royal Cafe. The service and the menu can always be depended on.

The canners on the Skeena have chartered a fast boat and have a marine detective on the job of watching for fishermen who sell to the Prince Rupert cannery. Every fisherman caught will have his boat and gear taken from him. The Rupert cannery, which is outside the canners' syndicate, is paying 25c for sockeye against 15c on the river.

A fire in the roof of the refuse conveyor at the Prince Rupert Sack & Door Factory was discovered by the watchman early Sunday morning. The firemen made a quick run and extinguished the blaze before much damage was done. The hose for fire protection at the mill was able to keep the blaze under control until the firemen arrived.

SEALED TENDERS Sealed tenders addressed to the Secretary will be received at the Exhibition office until 12:30 p.m., Wednesday, July 8th, 1914, for the construction of an Exhibition Building. Plans and specifications can be seen at the office of the Architect, J. Gilmore, Esq., Second Avenue. Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of G. R. Naden, Esq., Treasurer, equal to ten per cent of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned. The Association does not bind itself to accept the lowest or any tender. L. BULLOCK-WESTER, Secretary.

PRINCE RUPERT DAIRY HAS COWS INSPECTED The Prince Rupert Dairy cows have just been tested for tuberculosis by the Provincial Government Inspector. Nearly all the cows passed the test very successfully. Only a few recently received and which were tested in Vancouver before buying by the Government inspector were turned down. These were destroyed in the presence of the inspector. A portion of the expense is borne by the government. In the past these cows have been inspected every six months but the dairy has decided to have them tested in future every three months. The Dairy's new steam sterilizer, the only one in town, is now in operation and every bottle is subjected to two hundred degrees of heat in order to insure all germs being killed. The building, too, has been disinfected and everything is in a first class condition. Norfolk Rooms. Steam heated, hot and cold water. Terms reasonable. 6th Ave. and Fulton. 1431f
