CITY BOOKKEEPING TROUBLES SUBJECT VERY LONG DEBATE

ONE ALDERMAN SAYS HE WANTS NO MORE LAW—MAYOR REFUSES TO ADMIT BOOKS OF EARLY YEARS WERE IN BAD SHAPE

The piece de resistance at last night's Council meeting was "why is an auditor?" All of the aldermen took part in the debate, although Ald. Maitland's speech was confined to a protest on the members speaking two or three times on the subject. He called for the vote and the Mayor took the hint and put the question.

The debate started over a report of the finance committee enclosing an account from P. Robertson, the late city auditor, for \$600 and advocating that it be settled for \$500.

Ald. Morrison wanted to know if Mr. Robertson is still city auditor and if not why.

The Mayor informed him that the Council had passed a motion on April 28th ordering Mr. Robertson to complete the 1913 audit and not to proceed with any 1914 work as his services would be no longer required. This was the outcome of an unsatisfactory condition of affairs in the finance department. There had been a lot of friction and it was hoped that by dispensing with Mr. Robertson and bringing in outside auditors that friction could be overcome.

In reply to Ald. Montgomery, the Mayor said Mr. Robertson had done some work on the books for 1914. He had been engaged by last year's Council as permanent auditor at \$100 a month and was entitled to four month's pay for services this year.

Ald. Montgomery was opposed to paying for any work this year as the city had received no value.

Ald. Morrissey said it was a case of pay or go to law and he didn't want any more law.

Ald. McClymont gave a lengthy explanation of the trouble between the auditor and city treasurer. The auditor was slow in getting out 1913 audit, claiming that the books were not ready. The treasurer took the blame for this as the books had been in bad shape and it was necessary to go back over all the work since 1910 to get a proper base to work on.

Ald. Morrison held that the Council had not treated Mr. Robertson fairly if it was the treasurer's fault. The auditor ought to be exonerated.

Ald. Montgomery wanted to know if the trouble was not over who should get out a balance sheet.

The Mayor did not agree with the idea that the books had been in a lamentable condition. If they were then they are yet.

Ald. Maitland then injected his impatient protest and on a vote being taken the report carried.

This, however, did not close the argument. Ald. Montgomery wanted some action taken on getting the outside auditor's appointment. He was informed that several firms had been written to and the committee is awaiting replies.

During the discussion, the city clerk made the statement that the city's books were never in so good shape as they are now.

ROYAL VICTIMS AND THEIR CHILDREN

Archduke Ferdinand and the Duchess who were assassinated. The children are barred from the succession as the marriage was morganatic. The Duchess was formerly a governess in the Royal family. A young Serbian student killed the heir apparent and his wife in the Bosnian capital after a bomb had failed. The murder was said to be an act of revenge.

MADE LIBERAL GRANT TO CITY BALL CLUBS

Celebration Committee Have Good Surplus and Appreciate Good Sport

A meeting of the chairmen of the various committees connected with the Dominion Day celebration was held last evening when the financial result was discussed. Most of the accounts were presented and the treasurer figures out that he will have a good surplus after all bills are paid.

The committee decided to donate \$100 to the baseball club, and \$50 to the football club in appreciation of the good quality of sport those organizations are giving the citizens.

KING AND QUEEN ARE BOMBARDED BY SUFFRAGETTES

(Special to The Daily News)

Edinburgh, July 7.—King George and Queen Mary were bombarded here with suffragette literature. Two militant women from the balcony of the house opposite the station threw down a lot of literature as the King's carriage appeared.

Detectives seized the women, spoiling their aim. They were then removed to the police station.

HEAVY PORT CHARGES TURNS SHIPS AWAY

Liner Saxonia Will Discharge Vancouver Cargo at Victoria

Yesterday The News published an article stating that the new charges under the harbor commission arrangement at Vancouver, made for the purpose of paying fat salaries to Conservative appointees, were injuring Vancouver port trade. The Province of Saturday contains the following on this point:—

"Claiming that the new port charges at Vancouver are excessive, the Hamburg Amerika Line will not send the liner Saxonia here, but will discharge the Vancouver cargo at Victoria and trans-ship it to this port.

"This is the first instance of a practical protest against the new harbor dues embodied in the bylaws of the corporation of the Harbor Commissioners of Vancouver.

"The Saxonia left Yokohama yesterday for Vancouver, after coming on from Hamburg, but today Messrs. C. Gardner Johnson & Co., agents here for the line, received a letter from the head office on this coast announcing that, in view of the "excessive tonnage tax," the liner would omit Vancouver. She has fifty tons of cargo for Victoria and 150 tons for Vancouver, and the Vancouver shipment will be discharged at Victoria.

"On Monday afternoon the shipping interests of the port will meet to formulate protests against the bylaws, and there is no doubt that this Saxonia incident will be fully used.

"Under the bylaws the Saxonia would have to pay a tax of three cents per registered ton and a further charge of seventy-five dollars for the privilege of discharging her 150 tons of cargo. This would mean a loss to the ship by discharging here, and the big German company evidently figured that it is cheaper to discharge at Victoria and trans-ship here than to send its liner into Burrard Inlet.

Ald. Morrissey Acting Mayor

At the city council meeting last night, Ald. Dybhavn and Ald. McClymont moved that Ald. Morrissey be acting Mayor during the absence of the Mayor on the delegation to Victoria next week.

Ald. Morrissey protested against the honor, saying he did not want it but if it was forced upon him he would devote two hours a day to the work.

The motion carried.

HINDUS ESCAPING FROM SHIP— FORCED BY OFFICER TO RETURN

HAD CROWDED ON TO IMMIGRATION BOAT BUT FINALLY FORCED TO RETURN—COURT OF APPEAL UP—HOLDS ORDER IN COUNCIL

(Special to The Daily News)

Vancouver, July 7.—The main features in the Hindu situation which developed today are that five marooned Hindus were allowed to return to the Komagata Maru. Gurdit Singh yesterday had refused to allow these Hindus back on board ship again.

When the Court of Appeal gave its decision upholding the order-in-council, Mayor Baxter promised Immigration Officer Reid that he could have the help of the city police force if necessary to place the Hindus back on board.

Towards dark Reid boarded the immigration patrol boat on which the five Hindus had been for several days. On getting alongside the Komagata Maru, he called for Gurdit Singh and ordered him to take back the Hindus. In two minutes, for some unknown reason, he agreed and the Hindus went aboard.

on, he agreed and the Hindus went aboard.

Victoria, July 7.—The courts have decided against the Hindus claim of right to enter Canada. A decision against the contention of the East Indians was given yesterday by the Court of Appeal of British Columbia sitting here.

The Court of Appeal unanimously dismissed the Hindu appeal taken to enforce entry into Canada. It upheld the validity of the orders-in-council which were followed by the immigration officials in attempting to deport Munshi Singh.

The court further ruled that except in the case of persons who are Canadian citizens and have a domicile, no power rests with any court to quash any order made by a board of enquiry.

STEWARD'S CUP WON BY LEANDER CREW OF ENGLAND

HARVARD SECOND EIGHT WINS GRAND CHALLENGE TROPHY
DIAMOND SCULLS ARE TAKEN TO ITALY
BY GUISEPPE SINIGAGLIA

Henley-on-Thames, July 7.—The two leading trophies contested for at the Henley regatta were won by foreigners, the Grand Challenge Cup falling into the hands of the Harvard second eight, and the Diamond Sculls being taken to Italy by Giuseppe Sinigaglia.

The weather was perfect when the Union Boat Club, of Boston, and the Harvard second crew went to the starting line. Boston was off in the lead and was half a length ahead at the quarter mile. Harvard spurred and the shells were even at the half. Harvard then drew away and led by a third of a length at the three-quarters of a mile. At the mile post Harvard had increased their advantage to three-quarters of a length and from there to the finish line widened the distance to a length and a quarter.

In the final of the Diamond Sculls, C. M. Stuart of Cambridge, led Sinigaglia all the way to within 300 yards of the finishing line, when he gave up, the pace being too strenuous for him.

England was slightly compensated for the loss of the Grand Challenge Cup by the victory of Leander over the Mayence Rowing Club of Germany in the Steward Challenge Cup, and by the successful defence of the Thames challenge Cup by Jesus College, Cambridge, against the attack of the Royal Nautical Club of Ghent, Belgium.

ALL LINED UP FOR POLITICAL BATTLE IN MANITOBA

CANDIDATES NOMINATED IN FORTY-FIVE CONSTITUENCIES—
SOCIALISTS ARE CONTESTING FOUR OF THE
WINNIPEG SEATS

Winnipeg, July 7.—The last lap of the Manitoba election fight has been entered upon and candidates have been nominated for forty-five constituencies. The election will take place Friday, July 10th.

In three constituencies, Le Pas, Churchill-Nelson and Grand Rapids, which are in the far north of the Province, the elections have been deferred and no date for them is yet fixed.

Berville returned Alfie Bernard, Conservative, the member from that riding in the last Legislature, by acclamation, this being the only uncontested seat.

Liberals and Conservatives have been nominated in all other constituencies save "B" seat in

Centre Winnipeg, where the Liberals are supporting Mr. F. J. Dixon, an Independent.

The leaders of the parties are running in their old constituencies, Premier Roblin in Dufferin, and Mr. T. C. Norris in Lansdowne. The seats in Centre and North Winnipeg in addition to the straight party candidates, are being contested by Socialist candidates. Outside the city the fight is left almost exclusively to the regular nominees of the parties.

DAILY EDITION

Tuesday, July 7, 1914.

On May 22nd the Mayor awoke from a long slumber to remark through his paper that he had again returned to his duty of protecting the city's interest and was proceeding in charge of a well known skipper to locate a new water power for the city. The city surely needs a brand new water power for the Woodworth Lake stream is almost gone dry and Bill Manson hasn't got the pull required to land the Work's Channel power. But since this announcement of the Mayor, everything has died down again. Of course it is possible that like Rip Van Winkle he has taken his accustomed sleep again and for that matter his bones may be bleaching on the rough hills of Work Channel. Somebody should really see what has happened to the Mayor. The News hates to advertise again.

It seems a pity that just because Alderman Morrissey pledged himself before election not to sell the city's long term issues for a price as low as ninety, that the best interests of the city must be jeopardised.

Both the Mayor and the Chairman of the Finance Committee had so far committed themselves on the subject before coming into office that they have treated with indifference offers of less than ninety since received for the long term issues, and the city must suffer in consequence.

When a city elects men to conduct its financial affairs,

who have no knowledge of the subject in hand, or who are guided in their decisions by prejudice, the city must expect to foot the bill.

The Mayor says he won't try to sell any more debentures until the Council makes up its own mind on the situation. It is evident that there will be no debentures sold this year.

What reliance is to be placed in men who one minute strongly advocate a plebiscite on the financial question and drop it like a hot potato the next?

No attempt has been made by the Council this year to dispose of the city's long term issues.

Alderman Morrissey seems to dominate the situation, and the policy pursued has been one of "drift."

Mr. H. S. Clements, the member for Ottawa from this district—that is the "popular" member—spent a few days in town recently, but departed as quietly as the proverbial gentleman who stole away in the night.

It is not on record that our member was overly anxious to talk of the postoffice deal while he was here, and in fact he apparently had so little to talk about that after a brief grand stand play, supplemented by the usual salutations from the little trombone, our member betook himself to other parts, doubtless to his home in Vancouver.

A THREE-TIMES DERBY WINNER

This picture of Lord Rosebery, who is with the Hon. T. Ager-Robartes, was taken on Epsom Downs, England, last week. Lord Rosebery appropriately enough is entitled to call himself Baron Epsom of Epsom. He has won the Derby three times—with Ladass in 1894, Sir Visto in 1895, and Cicero in 1905. Lord Rosebery has been ill for some time, but is now recovering nicely from his indisposition.

MANY ARE DEAD IN AMERICAN FOURTH OF JULY CELEBRATION

NUMEROUS FATALITIES RECORDED WHEN EAGLE SCREAMS IN THE STATES—STORM, WRECK AND EXPLOSIONS CAUSE SUFFERING

Macon, Ga., July 7.—Six persons were seriously injured and more than a score of others hurt when a Fourth of July excursion train on the Georgia Southern & Florida Railroad collided head-on with a Macon & Birmingham Railroad passenger train, seven miles south of here.

Neither of the trains was running more than twenty miles an hour, according to witnesses, and it is believed this prevented the wreck from being more serious. The engines met on a thirty-foot trestle and were wrecked. Both trains, however, remained on the track.

One Death on "Sane" 4th
Duluth, July 7.—Duluth's third "sane" Fourth of July opened with the death of a boy from tetanus, due to a wound from an exploding cartridge.

William Packer, aged 14, was tinkering with a 15-calibre revolver shell when it exploded.

Two Killed by Storm
Sallisaw, Okla., July 7.—Two persons were killed and ten seriously injured in a picnic ground near Sallisaw when a building in which many persons had taken refuge from a storm, was struck by lightning and wrecked. Several thousand persons were on the ground attending a Fourth of July celebration and political rally. United States Senator Gore who had just finished speaking when the crowd was driven to shelter, was not injured.

Burned to Death
Wilson Creek, Wash., July 7.—A few charred bones were buried with an Odd Fellows' service as the final rites over the remains of John T. Friend, who was burned to death in his home, which was consumed by fire. The victim was a pioneer of this country, had served in the civil war and was about 75 years old.

In attempts to save valuable papers when the home was afire,

the frenzied man, after being barred out of the house, entered unnoticed through a side window and before he could get out was struck by the falling roof.

ONE YARD OF KISS ENOUGH FOR HER

It Must Not Last Longer Than Thirty-six Seconds, Rule Movie Censors

Philadelphia, July 7.—Mrs. Cyrus Niver, the only woman member of the new state moving picture censorship board, has come to the conclusion that one yard of film is long enough for one kiss, after several weeks spent here in passing on thousands of yards of love-drama films.

Love scenes and historic romances, thrilling escapes and runaways, harrowing deathbed repentance and wild elopements, the excess of poverty and the extreme of wealth, all pass in review before her. She judges each film from the view point of adolescence.

Will it harm the child? What effect will it have on the grown boy or girl? These are the questions Mrs. Niver asks herself.

She has sat through yards and yards of kisses of every variety, and her ultimatum, after watching an embrace which occupied five yards of film, was that four yards should be eliminated and that the young people should be torn from each other after thirty-six seconds of osculation.

WILL START CLUB FOR THEIR MINERS

Montana Continental Development Co. to Provide Amusement for Men at Mine

D. J. Williams, superintendent for the Montana Continental Development Company, which is operating the Roher de Boule mine, was in town last week and reported the work progressing more satisfactorily than in the past. One trouble they have experienced has been in getting men and then keeping them. To overcome this he proposes erecting immediately a club house at the camp and fitting it up with pool and billiard tables, card room and reading room and making it very attractive for the men. Every man on the company's pay roll will be a member of the club and everything will be free with the exception of soft drinks, tobacco, cigars, etc., and these will be put in at cost. In this way Mr. Williams hopes to make the life of the miners more attractive.

Asks for His Resignation

Philadelphia, July 7.—President Wilson has requested the resignation of George Fred Williams, American minister to Greece and Montenegro, as a result of Mr. Williams public statements regarding the situation in Albania. This became known following the President's arrival here today.

That is the kind of investment we recommend to you in the stock of the Prince Rupert Building & Investment Co., Ltd. This company deals solely in Prince Rupert properties. It has been announced that women may be admitted to the Medical School of the University of Pennsylvania for the first time in its history of 150 years. Authorities of the University announced that this step probably would be taken in the fall, although final arrangements have not yet been completed.

Formal announcement of the annexation of the Turkish Islands of Chios and Mitylene by Greece was gazetted, on the 13th, the Hellenic Government thus further emphasizing its determination to ignore Turkey's contention that the possession of these islands was necessary for the defence of the adjacent Ottoman territory in Asia Minor.

Out of nearly 500 cases of malignant cancer treated by the Radium Institute during the year 1913, fifty are described in the annual report of the Institute as apparently cured and 183 as "improved," says the London correspondent of the Associated Press. In a number of cases the results are not yet noted. The Institute declines to treat operable cases, radium being used only as a last resort. "Time only can show," the "Lancet," says, "if any of these satisfactory results are permanent and not until some years have passed without fresh manifestations of the disease could even the most favorable cases be described as cured."

Mr. Asquith has announced that the Government attitude with regard to the Panama Exhibition was unchanged. The Board of Trade after full inquiry was satisfied that there was no such widespread desire on the part of British manufacturers and traders to exhibit as would render possible official British participation on an adequate scale, nor at this date would it in any case be practicable to arrange it. The

Government had accepted the invitation of the United States Government to take part in the ceremony of the opening of the Canal and intended to send a contingent of ships for that purpose to show their good will and the importance which they attached to the occasion. In Washington the news had caused widespread disappointment and regret.

CANADIAN WOMAN RATED GREAT SINGER

is a Native of Vancouver, Now Hon. Mrs. Cecil Edwardes

Since her remarkable performance of the heroine's role in "L'Amore del Tre Re," Montemezzi's masterpiece, Paris music critics are now hailing a Canadian woman as one of the greatest of operatic singers.

Known to the operatic stage as Mme. Louise Edvina, a native of Vancouver, she was Miss Marie Loucienne Juliette Martin before marriage. She first married Jas. Baxton, and now in private life is the Hon. Mrs. Cecil Edwardes, sister-in-law of Lord Kensington. She has two daughters—Marie Bride Edwardes, who is eleven years old, and Lucienne Sibyl G. Edwardes, ten years.

After studying with Jean de Reszke, Mme. Edvina made her debut at Covent Garden, London, July 15th, 1908, as Marguerite in "Faust." Her success began immediately, and she has steadily ascended to her present position rating as one of the world's greatest singers.

REFUSED PAY HUSH HOUSE WAS RAIDED

Garmen Daley Swears William Wheeler Attempted to Collect Money

Edmonton, Alta., July 7.—Garmen Daley, whose name has been mentioned in the evidence at the police investigation more than that of any other woman, was arrested in Saskatchewan on Saturday and brought back to Edmonton. She went into the witness box at the continuation of the inquiry and told that William Wheeler had attempted to secure \$100 a month protection money from her, saying he was the "official fixer." She refused to pay and was raided shortly afterward.

She also swore that Walker Turner had spoken to her about protection and told her a man with a hook nose would be around for the money. Wheeler had told her that Kinistino Avenue would be a segregated district and there would be twenty-eight houses allowed on it.

The account book of a Chinese lottery run by a Celestial named Hi Ling Chong was produced and interpreted. On it were the number of items for various amounts marked "protection money." Several Chinese witnesses said this money went to Pong Yen and they understood it was collected for the police. Pong Yen denied that he ever received any money from anyone for protection.

LAW DRAGS MAN BACK FROM REFORMED LIFE

Prisoner Escaped, Married and Turned New Leaf—Must Return to Prison

St. Paul, July 7.—Albert Dawson Barrett, 23 years old, sawed the bars of his cell and escaped from the St. Cloud State Reformatory, September 24th, 1912.

According to state officers he went to Detroit, Mich., obtained employment in an automobile factory under the name of Harry A. Winters, married a Detroit girl, and since has been living a model life.

Recently the state board of control discovered the young man's whereabouts, and C. Louis Weeks, assistant attorney-general left for Detroit with requisition papers for the man's return.

When the board of control found where Barrett was located it is said overtures were made to him to come back voluntarily to Minnesota, with an understanding that he would be pardoned. Barrett refused, however, and the board decided it would set a bad precedent to allow him to remain at large, even if he had led a good life since his escape.

AMERICAN TRACK STARS WIN ABROAD

Two British Championships Fall to Representatives From United States

London, July 7.—W. M. Oler, Jr., and Homer Baker carried the colors of the New York Athletic Club to victory on the 4th, in the high jump and the half-mile flat race respectively at Stamford Bridge, and wrestled the championship titles from their British holders.

Oler, with a magnificent effort in his last try, took the high jump, title from B. H. Baker of Liverpool. Both cleared six feet two inches. Then the Englishman failed thrice at six feet two and a half inches. The American failed twice at that height before he succeeded in negotiating it, and won the title.

Homer Baker, of the New York A. C. carried off the half-mile championship in the splendid time of 1:54 2-5.

The finals of all the other events were won by Englishmen, no other foreigners taking any first prizes.

Frank A. Brown returned from a trip to Telkwa on Tuesday with a report on the new gold-copper strike made near McDonald's saw mill above Telkwa this spring.

Frank says that recently another group of claims was staked in the same locality by Jack Dravenstott and associates. Frank saw samples of the ore and says it is strong in copper. A lot of samples have been sent below to be assayed.

IS THIS THE END OF A SHORT REIGN?

The picture shows Prince William of Albania, who only arrived at Durazzo in March last to govern the country with the acquiescence of the Great Powers, embarking his wife and children on an Italian pinnace, to go aboard Italian warships for safety. William himself remained behind to lead his troops against rebellious Mussulmen who were besieging his capital. Later cable despatches report William as saying that rebels were approaching, but he would die sword in hand in defence of his adopted kingdom. International troops have lately been disembarked to protect his palace and Government buildings.

WILL STUDY OYSTER CULTURE ON THIS COAST

Dr. Stafford, of McGill University, Here in Employ of Provincial Government

The Provincial Government is now taking up the question of oyster development on the coast and Dr. Stafford of McGill University Zoological Department, is employed during his summer vacation to look into this.

Dr. Stafford has just arrived in Prince Rupert, having examined conditions along the coast as far as Bella Bella. At the latter place he found good samples of the western oyster. Whether or not they exist in this locality is not yet known. One disadvantage to their development here is the fact that the waters near the shore are usually deep while the oysters thrive better in a comparatively shallow water.

Speaking of the value of the western oyster as compared to those of the East, Dr. Stafford says that the flavor is largely an acquired affair and that the chief difference is that the Western oyster is smaller.

The Doctor will examine conditions in this district and prepare a report for the Government as to his findings.

The Empress

There was a splendid program of pictures shown at the Empress last night. "On the Steps of the Throne," a Russian drama of exceptional power, was shown. These fine pictures are certainly thrilling. In fact the most spectacular scenes come so fast and furious as to be almost bewildering. A large brick building is actually blown up especially for the production and the grand climax where the real Russian Prince who has been kept a prisoner, returns to Russia and comes into his own again.

A new English Gazette is also shown. The trooping of the colors in honor of King George's birthday and the running of the great derby showing the winner "Sun Star" in action are particularly interesting.

All of these fine pictures will be shown again tonight.

The Western Sanitary Inspectors will meet in Winnipeg on July 15 to 17 and asked the city council to send the local inspector as a delegate. The matter has been referred to the Health Committee with power to act.

ROBBERS DIG TUNNEL—TAKE LOOT IN WAGON

One Man Arrested When He Returns to Cash Store Cheque for \$708

Tacoma, July 7.—Tunneling their way through a thick brick wall, only to find the cash register open and empty, cracksmen returned to the Shaw department store at Buckley the night following their first attempt, broke through the same hole, which had been temporarily obstructed, loaded up a wagon with \$1,000 worth of merchandise and jewelry and made their getaway.

This morning a man who looked like a lumberjack, walked boldly into the Citizens' Bank at Buckley, stepped to the counter, coolly signed an indorsement and slapped down a \$708 cheque, part of the booty taken from the department store, and asked the cashier to give him the money.

The cashier called Town Marshal Slattery and when the stranger was arrested the marshal said he confessed to a share in the robbery. The prisoner refused to give the name of his accomplice, although the marshal said he admitted he had one.

ARCHBISHOP SCORES LOW-NECKED DRESSES

Advises Women Wearing Them Not to Approach the Communion Table

Kingston, Ont., July 7.—Archbishop Spratt told the women in St. Mary's Cathedral at morning mass that he would prefer that all those who wore low-necked dresses should not present themselves for communion, as he considered it most disrespectful for them to approach the altar in garments that exposed the neck beyond the limit of decency.

His grace has, on various occasions expressed himself against low-necked dresses and slit skirts. A number of women who had intended taking communion did not do so as a result of the archbishop's admonition.

If we had to live our life over again the chances are we would make a different kind of fool of ourself.

Some neighbor of mine told me that "Fruit-a-tives" helped him, and I started in to take them. I used "Fruit-a-tives" faithfully for two years, taking them every day as I saw they were doing me good, and the results were marvellous.
