## HIGHWAYMEN ROBBED HOTEL AT NEW HAZELTON

### RITCHIE WEPT WHEN WELSH GIVEN DECISION—THIRTEEN DROWNED AT SKAGWAY SATURDAY

#### RITCHIE CRIED LIKE A CHILD WHEN HE HEARD DECISION

WELSH WAS CHEERED AS BRITISH VICTORY—SOME AMERICANS PRESENT DISSATISFIED—WELSH GOT THE DECISION IN TWENTIETH ROUND

(Special to The Daily News)  
London, July 8.—Freddie Welsh outboxed Willie Ritchie in twenty rounds, and on the referee's decision won the lightweight championship of the world. As a British victory it was cheered to the echo although there was some dissatisfaction expressed by American spectators at the decision because, they claimed, neither man was beaten to the finish. It was a fine exhibition of boxing. The struggle during the last rounds was of a hurricane character. Welsh was quicker and tapped

#### COF. INSTALLATION OF OFFICERS LAST NIGHT

Prince Rupert Lodge Installed Officers Last Evening  
The Prince Rupert Lodge, I. O. O. F., installed officers last evening as follows:—  
W. A. R. Phillips, President.  
S. Dr. McNeill, Secretary.  
H. M. Dagett, Treasurer.  
Frank Sattler, Assessor.  
S. M. Newton, Warden.  
B. Gillis, Chaplain.  
Rev. J. Demmick, of N.G., Wm. Grant, of N.G., Ben Self, of V.G., G. B. Naden, of V.S., Dr. L. W. Kergin, L. Sweder, S. A. Douglas, S. R. Walker, S. J. McDonald.  
Officers were installed by H. Allison, D.D.G.M., assisted by Past Grand Mortimer, Lumsen, McKinley, Thompson, Barrie and Douglas.  
Refreshments were served at installation.

#### Ferguson's Narrow Escape

A. Ferguson, of Walla Walla, who is a large property owner in the city, had a very narrow escape from being killed a few days ago. He had purchased an auto in Portland and was driving it home, having Mrs. Ferguson in the car with him. As they were crossing a railway the auto went dead leaving him stranded on the tracks. Just then an express came and he had to jump. The engine struck the dead car and put on emergency brakes, bringing it to a stop within a few feet of the auto.

#### Reduction in Prices

The line for Anniversary now being put on at Wallace's 155-6

Ritchie repeatedly on the face and finally drew blood. Ritchie tried continually to get a knockout but either was a little short or Welsh got inside or under his swings. Ritchie broke down when the decision was given, and was in tears when he went to his dressing room. He refused to talk then. At the hotel Ritchie said: "I do not intend to holler, but I think at the worst I should have gotten a draw. Welsh was holding back all the time, and I was doing the fighting. Therefore I think the decision was unfair to me."

#### EMPRESS WRECK DECISION WILL BE GIVEN SATURDAY

(Special to The Daily News)  
Montreal, July 8.—The commission of inquiry into the Empress of Ireland disaster is expected to give its decision on Saturday, according to advices from Quebec. The collier Stordstad was sold in the Admiralty Court for \$170,000 today. It is understood the purchasers were the original owners.

#### BIG GOLD NUGGET PICKED UP IN ALASKA

Second Largest Found in That District Weighs Over 137 Ounces  
Fairbanks, Alaska, July 8.—The second largest nugget ever found in Alaska was picked up a few weeks ago in the Koyukuk gold camp, sixty miles north of the Arctic Circle, according to word received here a few days ago by J. W. McCord. The nugget weighed 137 1/2 ounces and was found by J. C. Kinney, formerly of Ester Creek, on No. 4 above discovery, Hammond River. Kinney, Charles Murray and Bill Redmond are working the claim on a lease and are taking the pay out at a great rate. They have repeatedly picked up nuggets worth from \$200 to \$600.

#### NOTICE

L. O. L. 2310, will have a Social Meeting in the K. of P. Hall, at 8:30 on Saturday, the 11th, inst. All members are requested to attend on that night. Lodge will open at 7:30 p.m. for degree work. 156-9

Launch Ranger. Ph. Blue 400.

#### MAJOR R. W. LEONARD TENDERS RESIGNATION

Minister of Railways Will Take Over Work of Completing Transcontinental

Ottawa, July 8.—Major R. W. Leonard, owing to the near completion of the Transcontinental Railway and the demands of his private affairs upon his time, has tendered his resignation as transcontinental commissioner. A bill adopted at the recent session enables Hon. Frank Cochrane, Minister of Railways, to exercise the powers and discharge the duties of the commissioner and under his personal supervision the work will be completed. In asking to be relieved Major Leonard has offered the Minister the benefit of his advice and assistance regarding transactions during his term of office, an offer of which the Minister will avail himself.

#### ITINERARY FOR BOARD OF TRADE EXCURSION

Over Hundred Businessmen and Wives Will Spent Thirty Hours at Sea

Arrangements were completed this morning for the itinerary of the Board of Trade's excursion to Granby Bay and Stewart on July 15th, when over one hundred businessmen and their wives will spend thirty hours at sea on board the good ship Prince Rupert.

The visitors will leave midnight next Wednesday arriving at Granby Bay the following morning at 6:50.

Breakfast will be served sharp at 7 a.m. so as to permit all desiring to board the train to be provided by the Granby Consolidated Company, at 8 a.m. to inspect the smelter and mine.

The vessel will leave Granby Bay at 11 a.m., and luncheon will be served at one o'clock. At this meal Mr. Ernest McGaffey, head of the Provincial Government's publicity department, will give an address.

The afternoon, during the trip up Portland Canal, will be devoted to games and a bridge tournament for both ladies and gentlemen will be held, for which Captain C. H. Nicholson has provided suitable prizes. At 4 p.m., afternoon tea will be served.

The Prince Rupert will arrive in Stewart at 5:30 p.m., giving the visitors two and a half hours at that pretty seaport.

Returning home the boat will leave Stewart at 8 p.m. when dinner will be served. The evening's entertainment includes a concert to be given by members of the crew and a dance to be followed by midnight supper.

The boat will reach port at 7 a.m. on Friday. The above arrangements were passed upon at a conference on board the Prince Rupert this morning at which were present Captain D. MacKenzie, Chief Steward King, General Agent Albert Davidson and the Board's Commissioner. Over one hundred have already signified their intention of joining the excursion, including some thirty ladies, and it is essential that reservations be made at the office of the Commissioner as early a date as possible.

#### FOR SALE

Five room house, very comfortable, an acre of land and 200 chickens nicely housed, at Sockeye, Mile 16, G. T. P. Excellent soil and beautiful location. Price and terms arranged. Box 78, Daily News.

\* Monthly Tickets.....\$1.00  
\* Six Months' Ticket...\$5.00  
Tickets are on sale at C. H. Orme's 2nd Ave. Drug store and at the Hospital, or by mail from the Secretary of the Hospital.

#### THIRTEEN DROWNED IN ALASKA WATERS

Launch Capsized in Lynn Canal Off Skagway Last Saturday

Skagway, Alaska, July 8.—Thirteen persons were drowned Saturday in Lynn Canal by the capsizing of the gasoline launch Superb, which, while bound from Skagway for Juneau, with twenty persons aboard, was struck by a heavy southerly gale. The dead are:—  
Henry Bernhofer, of Skagway.  
Oscar Carlson, of Seattle.  
Robert Saunders, of Seattle.  
J. H. Bell, of Whitehouse, Y.T.  
Sisam Radcliff, of Whitehorse.  
Otis Oakes.  
Joseph Logan.  
Lynch.  
Monte Price.  
Thomas Donovan.  
Joe Logan.  
M. Montuorien.  
Negro woman, known as Myrtle, from Haines.

The saved are: Jud Matthews, Kossuth Cassidy, George Boone, Tom Running, H. Orchard, Stanley Dillon and Peterson.

The Superb set out from Skagway Friday night, carrying passengers to attend the Fourth of July celebration at Juneau. At a point fifteen miles south of Haines the storm struck the launch full in the face. The little craft managed to turn about and run for Skagway.

At 4 o'clock Saturday morning when the Superb was three miles from Skagway, a huge sea hit the stern at an angle and threw the launch into the trough of the waves. The passengers were thrown to one side of the boat, which heeled almost to the tipping point.

A second large wave struck the Superb broadside and turned her over. Nearly all the passengers were thrown into the icy waters. Six clung to the bottom of the overturned launch. The other survivor, Tom Running, swam 400 yards to shore and clambered over the rocks to Skagway with news of the disaster.

Boats that put out from Skagway rescued the six persons clinging to the launch and also recovered the body of Logan.

#### ANOTHER HAZELTON ROBBERY

A special to THE NEWS from New Hazelton says that yesterday highwaymen boldly entered the Northern Hotel kept by R. J. McDonnell in that town and deliberately carried off the cash register. The hotel clerk was there at the time but was unable to prevent the robbery. Further details are not known just yet, but Provincial Chief McGammon left this morning for New Hazelton.

Will Play New Hazelton  
The baseball club are making arrangements with New Hazelton team to play two matches in Prince Rupert next week. The visitors are expected on Thursday of next week and will probably play Thursday evening and again on Friday.

New Hazelton now has a first class team and should give the boys a good game.

#### MANY JAPANESE GET FISHING LICENCES

Several Hundred Provincial Tax Receipts Issued at Westminster

The New Westminster "British Columbian" publishes the following regarding the fish licence situation in that district:—  
"The Provincial police office staff are busy men these days issuing the Provincial fishing tax receipts and today several hundred were issued, the big majority going to Japanese fishermen, many of whom bring the papers and licenses of twenty or thirty of their countrymen, payment being made by B. C. Packers' Association cheque for the totals.

"This morning the cramped quarters of the office and the small debts court room were crowded with the little brown fellows and a dozen or more were camped just outside the doors awaiting their turn. Many of the white fishermen have already paid their provincial tax and others are drifting in day by day."

#### DECISION LOSES HIM MILLION AND A HALF

James Dunsmuir Defeated in Attempt to Secure Steamers and Bank Account

Vancouver, July 8.—Hon. Jas. Dunsmuir, former lieutenant-governor of British Columbia and the richest citizen of this province, loses \$1,500,000 in an adverse judgment delivered today by the privy council in London.

Two years ago Mr. Dunsmuir sold his coal mines on Vancouver Island to Sir William McKenzie and Sir Donald Mann for \$11,000,000. The new owners claimed that they bought the current account in the bank as well as a couple of steamers used in the coal carrying trade between Union and San Francisco.

Mr. Dunsmuir, a few days before the transfer occurred, declared a dividend to himself which wiped out the balance in the bank of several hundred thousand dollars. He also claimed that the coal mines alone were sold and not the steamers.

The privy council has decided in favor of the new owners with costs.

#### ACTED AS SUPERS AT PICTURE PLAY

How Premier Asquith and Other Prominent Persons Were Hoaxed

London, July 8.—A colossal but brilliant hoax whereby the Premier and Mrs. Asquith, the Duchess of Rutland and 150 others prominent in the social and artistic life of London were made to play roles as supers in a moving picture play was carried through successfully in the small hours this morning by that arch joker, Sir James Barrie, Granville Barker, who will produce Barrie's new play in the fall, and George Bernard Shaw, who when the proceedings were finished, let the cat out of the bag. The bait that lured the guests was an invitation from Barrie and Barker to a cinematograph supper in two acts at the Savoy Theatre, beginning at midnight.

#### HINDUS WILL RETURN HOME—CANNOT COERCE CANADIANS

IN NOTE TO THEIR SOLICITOR THEY DECIDE TO WAIVE SUPPORTED RIGHTS—MARU WILL RETURN TO HONG KONG—EXPECT CANADIAN GOVERNMENT TO PAY

(Special to The Daily News)  
Vancouver, July 8.—J. E. Bird, solicitor for the Hindus, has received this note from Gurdit Singh: "We hereby instruct you to waive to the Board of Inquiry all the rights of those aboard the Komagata Maru to enter Canada, and negotiate the return of the Maru to Hong Kong under either the plans discussed or any other arrangements you may make."  
Mr. Bird did not disclose the nature of the plans discussed but it is believed an appeal will be forwarded to the Canadian government for substantial financial assistance.

#### READY FOR PERMANENT WORK ON HYDRO ELECTRIC PROJECT

TRENCHING FOR PIPE LINES FINISHED—SOME PIPE LAID—ALL READY FOR POWER HOUSE AND DAM CONSTRUCTION—WHAT HAS BEEN ACCOMPLISHED

Just four months ago the city started on the undertaking to build a hydro-electric power plant in the primeval forests and to bring light and power and water to the city from the hills several miles east of the city. Today the preparatory work of the big undertaking is complete and actual construction of the permanent plant has begun.

The city officials anticipate at the present time that electric power developed from Woodworth Lake water will be ready to be turned into the city on November first. Their efforts are now strained to accomplish that purpose.

The scheme of work begins at the foot of Woodworth Lake, an irregular shaped body of water which nestles among the snow-capped peaks away over on the mainland to the east. The lake drains by a creek into Shawatlans. At the top of this creek the base is now being excavated for a 25-foot concrete dam. This dam will raise the level of Woodworth Lake some 22 feet and it is estimated will store sufficient water to run the plant now being put in for ten weeks without rain, fall or water from glacier streams.

From the dam there will be a 45 inch steel pipe line running to the power house a distance of 7,800 feet down the stream or in round figures about one mile and a half. This 45 inch pipe will feed the turbine in the power house under a 252 foot head.

The excavation for this big line was done by station work and is now complete. It is practically an eight foot roadway trenched along the side of the hill. Much of it goes through sand and the bed of it has to be made of corduroy on some portions. It is wide enough to put in two pipe lines, but only one will be put in at the present time. This trench or roadway cost about \$30,000. The big pipes will be hauled from the power house along the trench by horses and wagon.

From the power house to the head of Shawatlans Lake, about three-quarters of a mile, a railway with plank walk between the tracks has been installed. This railway will be a permanent means of transporting machinery and material from the head of Shawatlans to the power house.

The electric power transmission line will cut straight across country from the power house to Seal Cove where it crosses Shawatlans Passage. The clearing of this right-of-way is finished and most of the post holes are dug ready for the poles. At Shawatlans Passage a steel tower will carry the line across.

The water works portion of the undertaking starts at the power house. A "Y" is put in the 45 inch pipe and the city water supply comes through an eighteen

#### READY FOR PERMANENT WORK ON HYDRO ELECTRIC PROJECT

inch steel pipe to Acropolis Hill Reservoir within the city. The water supply pipe line runs around the northeast shore of Shawatlans Lake and will connect up with the line laid to the foot of the lake last year, and through which the supply is now being pumped from Shawatlans Lake.  
Trenching for this eighteen inch water main is finished and about 1,500 feet of the pipe is already laid. The trenching for this line was comparatively a simple job as the water level of Shawatlans Lake was lowered several feet leaving a beach all around it. The pipe for this line is distributed along the lake shore by a scow.  
This same scow and a gasoline boat serves as a means of transportation from one end of the lake to the other. There are wharves at either end.  
Another railway a few hundred feet long runs from tide water to the foot of Shawatlans Lake.  
Thus at the present time the transportation facilities are ready—the trenching for all the pipe lines is complete and the right of way for transmission line is cleared. The actual construction of permanent work can now proceed.  
Shipments of pipe are coming in by every G. T. P. freight boat. Gravel for the concrete work on the dam will be brought in a scow from a gravel bed up Woodworth Lake.  
Yesterday the City Council, and representatives of the City Council were up to inspect the preliminary work and to get in touch with the lay out of the ground and local conditions.

DAILY EDITION Wednesday, July 8, 1914.

It is rumored that the City Council intend to force a tax sale. That is to say all lots on which taxes are unpaid for over two years will be sold at auction in order to satisfy the city for taxes due. This, of course, can legally be done, although a clear title cannot be given for another two years during which period the lots can be regained by paying the rates in question together with a high rate of interest and the cost of the sale. Those lots would hardly be bought with the hope of ultimately securing them. Everybody has confidence enough in Prince Rupert to know that before two years the lots will be in big demand. They would therefore be bought simply by people who would like to secure the high rate of interest. Consequently the lots would sell cheap. There would be very little competition. It would soon get noised about outside that lots in Prince Rupert were sold at sacrifice prices, hardly enough to pay the taxes and knockers would not take the trouble to tell the circumstances. As a result Prince Rupert would receive a black eye. The amount due, too, is only a trifle and the overdue taxes bear twelve per cent so that the city can very well afford to let them slide for a time. The Council should seriously consider this side of the case before any such action is taken.

In an article dealing with the Ritchie sewer case it is un-

derstood that Mr. Beveridge was offended at referring to him as an "outsider." That is because he misunderstood the use of the term which perhaps was a little loosely used. The term was used as a contrast between "Mr. Ritchie and his associates" and those "outside" that organization. There was no intention at all of referring to Mr. Beveridge as an outsider in the sense that he is not a citizen. Mr. Beveridge has lived here long enough and has sufficient at stake to make him a very desirable citizen.

The News, however, has no "bone to pick" with Mr. Beveridge. The question at issue was the foolishness of the City Council rushing into the law courts with every trivial matter. The Ritchie sewer passes over city property. Why didn't the Council go ahead and connect Mr. Beveridge with that sewer and pay what they thought was right? In this way the onus of disconnecting the sewer would be thrown on the other party which of course the law would prevent. There is always a right way and a right way and a wrong way of doing things and the Council seems to have the happy faculty of always getting in wrong.

The facts of the sewer case are that while Mr. Ritchie and his associates have had a temporary sewer for a number of years and a new one was recently installed which is said to have cost only \$150, Mr. Beveridge naturally thought that \$100 from him was more

Mr. N. W. Rowell, K.C.

A new picture of the "Abolish the Bar" leader in Ontario, speaking in Toronto.

than his share. It should be pointed out, however, that both the cost of the old and new sewer should be considered. When this is considered perhaps \$100 was only a reasonable share considering the fact that money has been worth considerable in Rupert in the last few years. At any rate, the Council certainly took the wrong course in the matter and they should go no further with it. As a solution of the matter, why doesn't the city even now tie up the sewer and assess a reasonable cost?

Visitors to Ketchikan were surprised to find Kitsumkalum strawberries for sale in the stores there. The Wilson tariff made this possible. Reciprocity would have done the same all around without the evils of the present one-sided system. Free duty on Canadian products mean a big demand from the States and hence high prices. Under reciprocity this would be equalized by a similar demand for other American products and trade would be stimulated all around.

A great many people think it costs nothing to turn out a newspaper. At any rate they seem to forget that the publicity given to a cause or individual is part of the goods in trade with which a newspaper makes a living. This is apparently the way celebration committees do their work in this city. It is quite right to buy prizes from the local dealers and music service, etc., from the neighboring brass bands, but publicity—the very medium which makes a celebration possible—is expected free of cost. This, too, in spite of the fact that after the celebration is over there is enough money left to give bonuses to the local clubs. It's about time that conditions like these should be remedied.

GENERAL NEWS NOTES

CANADIAN

Parliament closed before the Senate was able to get its anti-tipping bill through both Houses. While the object of the bill, to prevent tipping, was popular, it is generally felt that such a measure would be very difficult to enforce.

A gang of burglars who have been operating in Montreal for the past six months and who quieted down about a month ago after committing several daring burglaries, have once more begun their activities, and a number of stores have been broken into.

The Annapolis farmers visited the Provincial Agricultural College, Truro, last week and were shown the various departments of the institution. Brief lectures and descriptions of stock, etc., were given by Principal Cumming and the other professors, and the farmers put in an enjoyable as well as profitable day.

The Halifax Ladies College held its closing convocation on Wednesday of last week. In the absence, through sickness, of the President, Rev. Dr. John MacMillan, presided, and presented the diplomas and prizes. Dr. John Forrest gave a most practical and inspiring address to the young ladies. An excellent musical programme was rendered by the students.

Rev. G. W. F. Glendening, of Halifax, was unanimously chosen as President of the Methodist Conference, at Lunenburg, last week. Rev. E. B. Moore was presented with a gold-headed cane on the completion of the 50th year of his ministry in the Methodist Church in Nova Scotia. The presentation was made by Rev. Dr. Chown, Assistant Superintendent of the Methodist Church in Canada.

The fourteenth annual meeting of the Canadian Association for the prevention of tuberculosis will be held in the Technical College, Halifax on the 13th and 14th of July. The various aspects of the tuberculosis problem and its relation to the State will be dealt with by specialists from our own, and other provinces of the Dominion. A lecture will also be given by Dr. S. Adolphus Knopf, of New York.

The closing exercises of the Halifax County Academy were held on Friday morning of last week. Principal Morton presented an interesting report showing a year of faithful and successful work. Controller Harris, Chairman of the School Board occupied the chair and opened the proceedings by appropriate remarks. An admirable address was given by Canon Powell, President of Kings' College, Windsor. Vocal and instrumental music by the students and the presentation of diplomas and prizes were the other features of one of the most interesting closing days of this splendid institution.

BRITISH AND FOREIGN

The Norwegian Government has issued an order that no liquor shall be allowed on the ships of its navy.

While attempting to drown a cat at Dunoon, Scotland, a boy fell into a burn and was drowned. The cat escaped.

A Cardiff man aged seventy-three died from shock in a tramcar on reading the news of the Empress of Ireland disaster.

Lord Kitchener of Khartoum has been made an Earl. The honor was among the birthday

distinctions conferred by the King.

It is reported that the militant suffragettes plan to befool the sources from which London obtains its water supply, thus polluting the water to be drunk by 8,000,000 men, women and children.

Two robins have built their nest in the beams of the Nursing (Southampton) England Infant School, and one bird takes part in the morning singing session. When the piano ceases the bird stops singing, too.

American missionaries in Southern Kan-Su, China, have appealed to the Chinese Government for protection against the notorious bandit, "White Wolf," who has burned and plundered several missions.

Another of the Zeppelin airships of the German army, the "Z1," was wrecked near Diedenhofen, Germany, on the 13th ult., when trying to effect an emergency landing. An army lieutenant was injured.

Sir Sidney Lee is preparing a life of King Edward. Papers from the Royal archives and correspondence, to which access has not hitherto been available, have been placed at his disposal, and in the preparation of his work he is receiving assistance from Ministerial and other sources.

LACROSSE THE RING FOOTBALL

# SPORT

BASEBALL LAWN TENNIS HOCKEY

tip to the referees—Get wise on the offside rule.

tonight's football game at the dock will be called at 7:30 p.m.

was predicted by the Daily News, unless Willie Ritchie could Freddie Welsh away inside the twenty rounds, the title would change hands.

will take a terrible large order of free lacrosse sticks to spare Joe Lally with the lacrosse fans of British Columbia.

The Victoria amateur lacrosse team are already out of the running of the amateur championship of B.C.

The popular verdict of the chants-Sons of England football game on Monday night was Andy Brighton was the best on the field.

The Sons of England have a number of promising youngsters who will be heard from before the league is over.

tonight the Callies and the Drydock come together in their fourth game in the league series.

The Drydock team has been strengthened considerably, while the Callies have a number on the red list.

Brownie Carslake

The Australian motorcycle star, rigged out in his leather suit, steel chain mask, and leather helmet, which he uses in long 50 to 100 mile events.

Playing splendid ball the Victoria Bees have climbed into fourth position in the Northwestern League.

Al Hatch, the local wrestler, will leave next week for Prince Rupert where he will meet Sig-

urdson in a return match on July 20.—News-Advertiser.

Johnny O'Leary and Joe Bayley have been matched for the Canadian lightweight championship at Brighouse Arena on Saturday afternoon.

In the event of Sir Donald Mann refusing to remove Joe Lally from the trustee board of the Mann Cup, emblematic of the world's amateur lacrosse championship, it is reported the V. A. C., who have just successfully defended their title against the Brampton lacrosse team, will return the cup with thanks.

In a letter received from Doughby Spring, the former Westminster star says that the Rosedale team is almost sure to come West this Fall, probably during Exhibition week. Doughhey says that Murphy's aggregation is "very fair," which is considered good praise from Doughhey.

The line-up of the Callies in their game with the Drydock team tonight will be as follows: Goal, J. Simpson; backs, A. Murray and S. D. Macdonald; halves, W. G. Dennis, Geo. Abbott and J. H. Kelly; J. Stewart and D. McIlravey, W. A. Willisroft, J. Hunter and Gray.

The National lacrosse team of Montreal won their seventh straight game in the Big Four league when they defeated Quebec 17 to 9 at Montreal on Saturday. They have a big lead on the remaining three clubs and will come west after the Minto Cup this fall.

Since winning the Mann Cup, emblematic of the amateur lacrosse championship of the world, the V. A. C. have successfully defended the "mug" on six occasions. Including the recent series with Brampton, the Vancouver boys have run up the amazing total of 158 goals for to 22 against.

In reality Geary A. Steffen and Frederick Hall Thomas fought for the world's lightweight championship yesterday in London. Steffen is none other than the ex-champion Willie Ritchie, while Frederick Hall Thomas will answer to the name of Freddie Welsh, if you call him that. Ritchie is the younger of the two by five years. He is 23 years of age, while the Englishman is 28.

A Vancouver scribe says: It is doubtful whether Vancouver and New Westminster professional clubs will finish the season. Interest in the professional game has been waning and the poor attendance at the games this season is advanced as one of the reasons for the abandonment. Whether Con. Jones will try to revive interest in the game is problematical.

Discussing the professional lacrosse situation, Geo. Rennie,

captain of the Salmonbellies, has the following to say:—"We have to defend that cup this fall sure," said Rennie, "and we've got to be in shape to do it. It's almost a foregone conclusion that the Nationals will be here after the mug, and none of the boys want to give Newsy Lalonde the satisfaction of being on the world's championship team again if they can help it. The small crowds which have turned out so far have certainly been a disappointment, but as nobody is making much money this year anyway, the lacrosse players are no worse off than other people. The V. A. C. players are the ones who have been anxious to quit playing, as practically all the receipts are necessary to pay those men who have received a guarantee."

### Alaska Excursions

**COLD STORAGE SPACE FOR GENERAL PUBLIC**

**Order-in-Council Adds Several New Clauses to the Act**

Ottawa, July 7.—An order-in-council has been passed adding several important new sections to the Dominion Cold Storage Act. It is provided that the owners and managers of cold storage warehouses shall give the public the preference in the use of the refrigerated space in such warehouses. It shall be deemed to be a violation of the regulations if the owner of the warehouse refuses to receive goods from the public at the approved rate for storage, on the ground of lack of space, when any part of the space is occupied by goods which are the property of the owners of the warehouses.

Owners and managers must not contract or agree to give all the refrigerated space to one or more firms to the exclusion of the general public.

Owners or managers of cold storage warehouses with whom contracts have been entered into for the payment of subsidies under the Cold Storage Act, and who receive fish for storage shall accept herring at the usual rate, and if delivered in the usual manner, irrespective of whether the herring are to be used for food or for bait.

Every person who violates any of these regulations shall for every such offence incur a penalty not exceeding \$50. The new regulations go into force at once.

**BOMB EXPLOSION KILLED FIFTY PERSONS**

**Six-storey Brick Structure Demolished in New York City**

New York, July 7.—A bomb of terrific power exploded either on the roof or on one of the upper floors of a six-storey flat house in Harlem and wrecked a third of the building, killing at least three persons and injured others. One of the dead was Arthur Caron, a machinist, and a leader of the Industrial Workers of the World. The other two known dead were women.  
The explosion was at first attributed to dynamiting in a nearby subway excavation and in the excitement on the collapse of the building, estimates of the dead ran as high as fifty.  
Inspector Egan, chief of the Bureau of Inspectors, said the bomb was powerful enough to have wrecked the entire neighborhood if properly placed.  
Persons across the street were blown from their beds and window glass was shattered for blocks.  
Whether any of the occupants of the building were buried in the ruins, it was at first impossible to determine. The police were inclined to believe, however that three would cover the total dead. The building, a brick structure, was inhabited mostly by Jewish families.

**NO MAGIC LABEL. READ BAKING POWDER.**

**YOUNG BARONET LOSES HIS LIFE**

London, July 7.—A sensation has been created in London society by the tragic outcome of a midnight river party arranged by Sir Denys Anson, the young baronet who a month ago succeeded to the title on the death of his uncle, Sir William Anson, a leading constitutional lawyer and member of Parliament for Oxford. Young Anson on Thursday engaged a river steambot to take himself and a party of friends up the river from Westminster, which they left at midnight. On the return journey from Kew, about 3 o'clock Friday morning, the boat jumped or fell overboard and was drowned. A man named Mitchell, a member of the orchestra which was playing, jumped after Anson and was also drowned. Count Benckendorff, son of the Russian ambassador to London, went overboard in a vain search for the two men.  
The facts, according to the best evidence thus far obtainable, appear to be that Sir Denys, a high-spirited youth, full of pranks, wanted to dive into the river from the deck of the boat and was prevented by the captain. Chaffed by some of the women of the party, Anson went to another part of the boat and before the engineer, who noticed his action, could prevent him, dived into the water. He swam a few strokes and suddenly seemed in difficulties. The bandsman, Mitchell, who was a good swimmer, went to the rescue but apparently the current was running too strong for him.  
Automobiles are a good deal like men. The less character they have the more noise they make.

**WEDDING BELLS**

Another of Prince Rupert's oldtimers has succumbed to Master Cupid. Mr. George D. Robinson was married to Miss Katherine Elizabeth, daughter of Mr. and Mrs. R. A. Matheson, of Seal Cove, last evening at the home of the bride's parents. The ceremony was performed by Rev. Mr. Melvin.

Mr. and Mrs. Robinson leave today for the south and will take up a ranch on Vancouver Island. A large number of local friends will extend to Mr. and Mrs. Robinson all kinds of good wishes.

Many a man's dishonesty is due to the fact that he doesn't know how to manipulate the gas meter.

**SEALED TENDERS**  
Sealed Tenders addressed to the Secretary will be received at the Exhibition Office until 12:30 P.M., Wednesday, July 8th, 1914, for the construction of an Exhibition Building. Plans and specifications can be seen at the office of the Architect, J. Gilmore, Esq., Second Avenue.  
Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of G. R. Naden, Esq., Treasurer, equal to ten per cent of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned. The Association does not bind itself to accept the lowest or any tender.  
L. BULLOCK-WESTER, Secretary.

**"OFFICER JIM"**  
Three-reel Moving Picture Feature at the Westholme  
Tonight  
An extraordinary attraction will be presented at the Westholme Theatre tonight and tomorrow night in "Officer Jim," a magnificent three-reel Lubin feature which for intense interest and the most exciting hair-raising scenes and situations is certainly a wonder. In the last reel a mining camp with big brick tenements and store buildings is seen sinking into an old abandoned mine situated under the town. In the second reel an exciting chase of a criminal by Officer Jim ends in a most dramatic and thrilling scene where the criminal after being handcuffed to Officer Jim, falls from the roof during a struggle and hangs in mid-air, attached by a steel handcuff to Officer Jim's wrist who holds on for dear life until finally rescued by two brother officers who see his peril from the street. The story is splendid and cannot fail to interest and please the audience.  
Another fine Bunny comedy will also be shown: "Bunny in Disguise." This is one of the funniest farces ever shown at the Westholme, and that's certainly going some.

**A NEWSPAPER for Prince Rupert and Northern B.C.**  
The Daily News goes into nearly every home in Prince Rupert. It is the popular newspaper of the city because it is clean and reliable. It has all the news of the city, and keeps in touch with events and topics interesting to Northern British Columbia. It treats these subjects with moderate optimism and reliability.  
The Daily News is the most valuable paper to advertisers because it is read by the buying public. It has a bigger circulation than any other paper in the city. It is read by the class of people the advertisers want to talk to.
