## CANADIAN GOVT. WILL NOT COMPENSATE HINDUS

### APT. BARTLETT CONTRADICTS OTTAWA REPORT—PROFESSIONAL LACROSSE ON COAST DEAD

#### MARTIN LEAVES BRITISH POLITICS PERMANENTLY

BRITISH COLUMBIA MAN, WHO HAS SET IN PARLIAMENTS OF FOUR DIVISIONS OF THE EMPIRE, WILL RETURN HOME

London, July 9.—Mr. Joseph Martin, M.P., will sail on the Britannia on Saturday for Canada, where he will reside permanently. He will remain a member of the House of Commons for East St. Paul's, however, until the next general election. A certain amount of friction existed for some time between Mr. Martin and his political chiefs, and a section of his supporters in the constituency over an independent attitude he has

adopted over certain questions, notably when he voted against the Government on the "Marconi question." In this connection he offered to resign his seat and fight on his own account, but received an intimation from the chief government whip that in such a case another official Liberal candidate would not be brought forward against him.

Mr. Martin has held the office of Premier of British Columbia, and will no doubt again enter the Canadian political arena.

#### GOVERNMENT WILL NOT PAY EXPENSE DEPORTING HINDUS

SHIPOWNERS RESPONSIBLE UNDER LAW AND MUST TAKE THEM BACK—GOVERNMENT WILL NOT LET THEM STARVE

Ottawa, July 9.—That the Government should bear the expenses of the deportation of the Hindus on the Komogata Maru was suggested by their friends, while the immigration department will not let the Hindus starve, they do not propose to

overlook the responsibility of the shipowners under the law. The steamship company, having brought a shipload of ineligible to Canada, they must take them back without compensation, and it is the immigration department's purpose to make them do so.

#### ROBBERIES GOT \$15 IN CASH REGISTER

Register Found With the Bottom Knocked Out—No Arrests

New Hazelton, July 9.—The robbers who carried off the cash register of the Northern Hotel early Tuesday got very little of their trouble. It turns out that there were only \$15 in the cash box. The register was later taken back of the hotel with the bottom knocked out and the contents gone. The hotel clerk was doing when the robbery occurred and cannot give a description of the criminals. The Provincial police are working on the case but have made no arrests as yet.

#### A WONDERFUL SHOW AT THE EMPRESS

"The Master Mind" was the hit at the Empress last night. This is a great set of pictures and as a wonderful portrayal of character have probably never been surpassed. Mr. Edmund Breeze takes the title role and as the "Master Mind" does some splendid acting. The story runs as follows: The little Allen boy is stolen by a criminal gang and is kept in their power for years, finally he enters manhood in this criminal environment with the result that he becomes the most accomplished criminal of the age. The story follows him through a life of most astonishing misdeeds until finally his better nature asserts itself and he endeavors to do all in his power to atone for his past criminal life. It is a superb set of pictures and should be seen by all.

#### Inspection of Pressure

A direct pump pressure was put on the city water mains yesterday to give a test for the Fire Underwriters Inspector. The pressure found a weak pipe in the eighteen inch main near Acropolis Hill and a small section of the service had to be cut out while repairs were made.

NEW HEIR TO AUSTRIAN THRONE

Archduke Charles Joseph of Austria and his wife. By the murder of Archduke Frederick, the former, a man of moderate views, will replace the victim as the next Emperor and contribute to Europe's peace. There may be complications between Serbia and Austria as a Servian student was the assassin.

#### INTERVIEW APOSTLE OF THE PEACE RIVER

Messrs. Bowser and Ross Have Long Talk With Mr. Cornwall

Edmonton, July 9.—Hon. W. J. Bowser, Attorney-General of British Columbia, arrived here Sunday night, in company with Hon. W. R. Ross, Minister of Lands, and others. The party left later in the evening for the West over the Grand Trunk Pacific, intending to spend the night at McBride.

The intention of the British Columbia Ministers is to get acquainted with the country and people so as to be able to more intelligently deal with the northern questions that are constantly coming up at Victoria.

Coming north from Calgary on Sunday, Mr. J. K. Cornwall, the famous, apostle of the Peace River country and a former member of the Alberta Legislature, was aboard the train and had a long talk with Messrs. Bowser and Ross. With the aid of late maps, Mr. Cornwall explained many features of recent exploration and facts relating to agricultural possibilities of the north.

#### STARTLING EVIDENCE AT HILLCREST ENQUIRY

Hillcrest, July 9.—Startling and contradictory evidence is being given at the enquiry into the terrible explosion in the coal mine on June 19th. F. Aspinall, the district inspector, declared the mine to be very dusty and gaseous. The fan ventilation was very bad. Fan No. 2 had been reversed. He even went so far as to state that it was fair to say such a condition might have been responsible for the explosion.

Aspinall has been inspector of the Hillcrest district for two years. He is a resident of Calgary.

#### COL. ROOSEVELT RETIRES FROM THE OUTLOOK

New York, July 9.—Theodore Roosevelt has resigned from the editorial staff of The Outlook, it was learned tonight. He had been a contributing editor of the publication since March, 1909, when he left the White House.

Lawrence Abbott, one of the proprietors of the publication, said there had been no break in the pleasantness of the relations between the Colonel and the magazine management.

#### BURGLARS GOT \$1,000 --CARRIED OFF SAFE

Robbers at Port Essington Took Advantage of Wedding Celebration

Particulars of the robbery at Port Essington came in yesterday and the loss of cash is estimated at \$1,000. On Tuesday night there was a big celebration on the Indian reserve over a native wedding. The band was out and everyone was present. During the excitement parties entered Cunningham's store and carried off the smaller of the two safes.

The thieves put the safe in a boat which at high tide came up almost to the door of the store. The safe was later beached at a point down the reserve shore and there rifled. One Indian suspect is arrested and the police are looking for the others. No money was recovered.

#### GRANBY PRESIDENT IN OPTIMISTIC MOOD

Boston, July 9.—President Nichols, of Granby Consolidated, sends this word to stockholders with dividend checks:—

"The three furnaces of our new smelter at Anxox are now running. Naturally some time must elapse before the exact amount or cost of our normal output can be known, but no unexpected difficulties have been disclosed either as to mechanical appliances or as to character of the ores.

"The shipments of copper so far received are of unusual purity and the value of precious metals content exceeds our expectations. Some inconvenience and delay has been suffered through the action of the Canadian Government in restricting immigration, but it is not expected to have any permanent effect on our estimated labor cost. "Operations at Grand Forks and Phoenix are proceeding as usual."

#### MANY TOURISTS PASSING THROUGH WHITEHORSE

Whitehorse, July 9.—Although rather early in the season, many tourists are visiting Yukon, some coming only this far, while others go on to Dawson and many down the river from that point. Indications for a good tourist travel this season are very good. President Dickeson's efforts among pleasure-seekers are bearing fruit, there being a noticeable increase in the number of tourists coming north each year.

#### WINNIPEG MURDERER WILL HANG TOMORROW

Krafchenko, Who Killed Bank Manager at Plum Coulee, to Die in Morning

(Special to The Daily News) Winnipeg, July 9.—Krafchenko the murderer of Mr. Arnold, the bank manager at Plum Coulee, Manitoba, is to hang at seven o'clock tomorrow morning.

#### CONTRACT LET FOR EXHIBITION BUILDING

John Currie Awarded the Work—Will Start on Job Immediately

At four o'clock yesterday the tenders for the exhibition building, to be built on Acropolis Hill, were opened, and the following tenders read:— Knight & Hickey.....\$6,969 Mitchell & Currie..... 6,750 E. Kauffman..... 6,307 E. H. Shockley..... 5,900 John Currie..... 5,850 John Currie's tender being the lowest, the contract was awarded to him. He will start work immediately. The building must be ready for the Fall Fair in September.

#### MISSING KARLUK MEN MAY BE STILL ALIVE

Captain Bartlett Says Men Took Provisions for 120 Days

(Special to The Daily News) Nome, July 9.—Captain Bartlett says he knows nothing of the report from Ottawa that eight men of the expedition crew from the Karluk have perished. The captain said the men took provisions enough to last for 120 days, and that while he does not know what may have happened to them, he still believes them safe. The despatch above referred to reads as follows:—

Victoria, July 9.—Word has been received at Ottawa that eight of Stefansson's party are lost. The men left the Karluk in two parties, four in each of these. After the steamer was crushed in the ice neither party rejoined the main party, which set out later and reached Wrangel Island in safety. Until the relief ship goes to Wrangel Island about the end of the month the fate of the eight men will not be known.

#### PROMISES BEST RUN SOCKEYE SALMON SINCE SEASON 1902

SPRING SALMON ARE ALSO COMING IN BETTER NOW—GOOD SEASON FOR CANNERS AS PRICE OF THE CANNED ARTICLE IS HIGH

"So far the salmon fishing on the Skeena promises to be the best season since 1902," said Fisheries Officer Norrie this morning. "Twelve years ago there was an early run of sockeye and it was the best year in the history of the Skeena. There is an early run this year. All the boats are getting sixty on a tide and some from two hundred to three hundred. Spring salmon are running well now, too. They were very scarce early in the season but I saw several boats with 1,500 pounds each in them. The price is five cents per pound, which makes a nice catch." There is still a lot of friction on the Skeena caused by the Haysport cold storage plant buy-

ing spring salmon from the boats belonging to the canneries. The Haysport company do not equip any boats but buy from fishermen who are equipped from the canneries. The canneries have a scout boat watching for fishermen who sell to outsiders and whenever one is discovered his boat and gear are taken away from him. One feature of the salmon fishing game which is very favorable to a good season is the fact that the sockeye are still all outside, which means that the big schools inside are still to come. The price of canned salmon this year is very high again and the canners should all make good profits.

#### PROFESSIONAL LACROSSE ON THE COAST HAS COME TO AN END

FEUD BETWEEN MANAGEMENT HAS DRIVEN BEST MEN OUT OF COUNTRY—VANCOUVER PLAYERS THINK THEY CAN'T WIN A NO WONT PLAY

(Special to The Daily News) Vancouver, July 9.—Professional lacrosse came to an end on the Coast for the present. The Vancouver Athletes decided to hang up their sticks for the remainder of the season last night.

The New Westminster Royals are willing to continue but the local players asserted that it was impossible to field a team against the cupholders, and consequently would not enter the contest.

#### SUFFRAGETTES ATTEMPT WRECK BURNS' COTTAGE

One Member of Arson Squad Was Caught in Attempt to Wreck Famous Home

Glasgow, July 9.—An attempt to destroy the cottage at Ayr, where Robert Burns, the poet, was born, January 25th, 1759, was made just before daybreak by militant suffragettes. Two women, members of the militant arson squad, were surprised by the night watchman in the act of placing large bombs against the doors and windows. The man captured one, the other escaped.

#### LIGHT MACHINE WILL BE RE-WOUND

Provision Has to Be Made to Take Care of Service Till Hydro-Electric Plant is Ready

It has been decided by the city light department to have the old dynamo in the city electric light plant re-wound and put into commission to help out the present plant when the load becomes heavier in the Autumn. It was claimed that the city hydro-electric plant would be ready by September first, but this is now realized to be an impossibility and some arrangement has to be made to take care of the service until the new plant is ready.

#### WALKED 25 MILES WITH MAIMED BODY

John Creagh, the owner of Brian Born mine on the Rocher de Boule mountain, who met with the accident on his claim about ten days ago, is in the Prince Rupert hospital. He had a nerve-racking experience. The accident occurred by the explosion of a stick of dynamite which had been left in the oven. Mr. Creagh was cut and almost blinded by the flying debris. One hand was partly torn away, and, while unable to see more than a few feet ahead of him, he walked twenty-five miles to the Hazelton Hospital for treatment. It took him twelve hours to make the trip. He is now recovering very well and is able to be about the city.

#### Oldest British Subject

London, July 9.—Mrs. Rebecca Clark, reputed to be the oldest British subject, died at Woodgreen, in North London, yesterday at the age of one hundred and ten years. She was a busy needle woman up to a week ago, and had her first automobile trip on her one hundred and seventh birthday. Her recipe for longevity was: "Never worry."

#### TO TELEPHONE ACROSS ATLANTIC OCEAN

London, July 9.—"Mr. Marconi contemplates being able to telephone from Carnarvon, Wales, to New York, before the end of this year," was the statement made yesterday by the manager of the company, in testifying before the Dominion's Royal Commission on imperial communications. It was added that Mr. Marconi also anticipated increasing the speed of wireless telegraph to 300 words a minute. Launch Ranger. Ph. Blue 400.

DAILY EDITION Thursday, July 9, 1914.

The Eastman Kodak Com-
pany of Rochester, N.Y., is be-
ing attacked by the American
anti-trust legislation. Suit is
being entered to have them
dissolved. The city of Toron-
to, however, wants them to
quit Uncle Sam and come over
to Toronto. The city has of-
fered them to duplicate their
present buildings and give
them tax exemption for fifty
years and a general guarantee
that they will not be molested
in this country. Toronto for-
gets being a Tory centre that
Canadians are just as much
opposed to trusts as Ameri-
cans are. The American
trusts better put their houses
in order and make peace with
Uncle Sam. Canada will fight
them if they come here just as
bitterly as President Wilson
does the moment the Liberals
get in power.

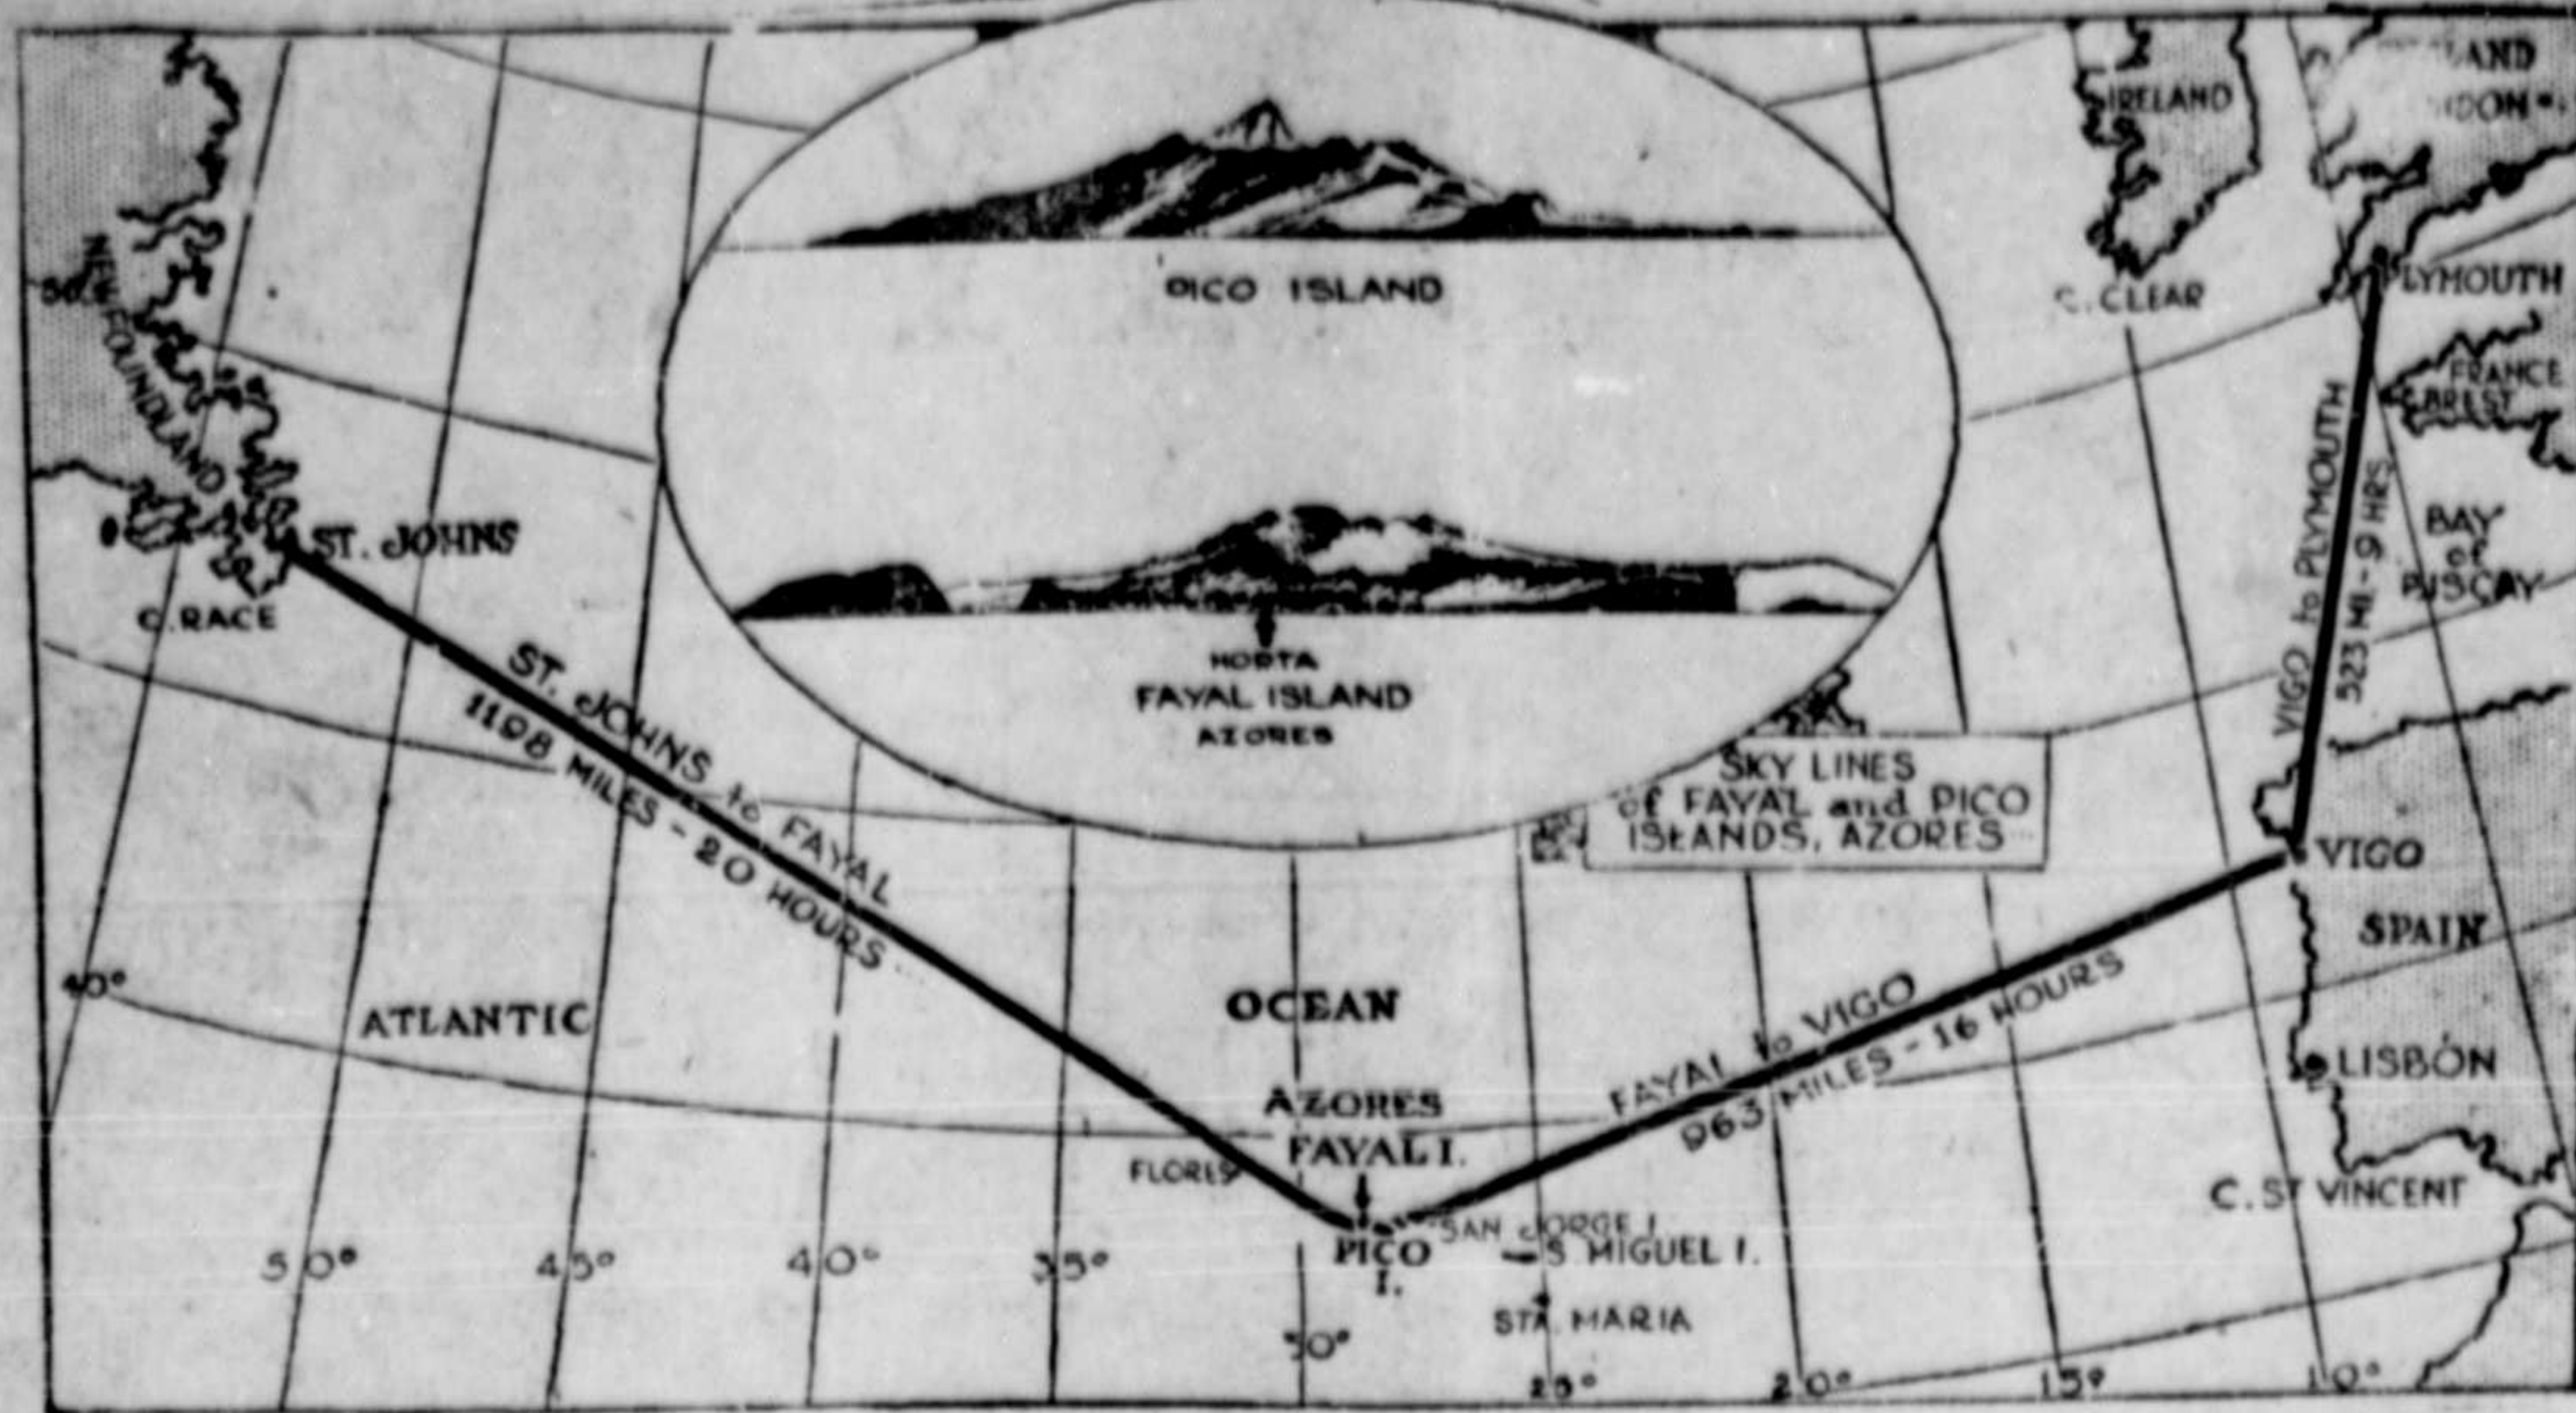

The government press would
have the people believe that
there is the greatest harmony
between the people of the out-
lying districts and the govern-
ment. Reports of discontent
on Queen Charlotte Islands re-
cently reported by The News
were flatly contradicted by the
local press. Mr. Goulet, of Mas-
set, called on The News and
confirmed everything that was
said of the dissatisfaction that
exists. Not only are the Lib-
erals discriminated against but
any real good jobs that are to
be had are given to outsiders.
There are many competent
men on the Islands for the
position of road superintend-
ent or pre-emption inspector,
but these are handed over to

relatives and friends of the lo-
cal member's. The people of
the Islands are justly angry
and only want their chance to
show this at the polls.

While there is a good deal
of interest taken locally in the
Queen Charlotte Islands oil
fields, it is evident that there
is even greater interest taken
elsewhere. Parties from Vic-
toria claim to have genuine
information from London that
the British Admiralty will buy
up every available section of
land as soon as oil is struck.
What this would mean for
Prince Rupert is beyond the
imagination of almost anyone.
Not only would it mean that the
oil district would be rapidly
developed, but it would also
make Rupert a naval base,
which sooner or later it is
bound to be.

If oil is struck on Queen
Charlotte Islands it will not
matter whether Prince Rup-
ert citizens are in on the
strike as far as reaping the
benefits is concerned. The
strike would mean a great
boost for the whole north and
Prince Rupert would get the
cream.

This time last year the present
mayor was making an awful
fuss about the presence of sal-
mon in Lake Shawatlan and
the effect of the consequent
decaying salmon upon the pub-
lic health through the water
supply. Of course it don't
matter that this was a regula-
tion over which the city had
no control. It was enough in
it he found a weapon to use

ROUTE WHICH LIEUT. PORTE, R.N., WILL TAKE IN HIS OCEAN FLIGHT, THE ROUTE ACROSS THE ATLANTIC

Lieut. Porte, who will sail the "America," the trans-ocean flyer, has decided that upon leaving St. John's, Newfoundland, he will head for the Azores. This is a distance of 1,198 miles, and he estimates that it will take him twenty hours. From the Azores he will head for Vigo in Spain, a distance of 963 miles, for which 16 hours will be needed. From Vigo to Plymouth, he expects to cover the 523 miles in nine hours.

on his enemies. What is the
matter with His Worship this
year that he himself is in con-
trol. Perhaps the reason is he
is really only acting-mayor,
and that his orders do not ex-
clude that reform. At any rate
it throws a little bit of light on
the mayor's inconsistency.

The Bible says "Whosoever
shall say unto his brother thou
fool shall be in danger of hell
fire." The Empire used that
term yesterday with reference
to a brother editor. We always
suspected that awful place as
the ultimate destination of the
Empire's editor and now it is
proved out of Holy Writ.

HERTFORD CELEBRATES THOUSANDTH BIRTHDAY

London, July 7.—The town of
Hertford last Monday commene-
d a week's celebration of its
thousandth anniversary of its
second foundation. The celebra-
tion is taking the form of an his-
torical pageant staged in the
grounds of Hertford castle, a
former royal residence assigned
in 1304 to Queen Margaret by Ed-
ward III, and now leased by the
Hertford borough corporation
from the Earl of Salisbury, for
sixty cents a year.

The pageant of eight periods
employs between 800 and 900
characters and ends in an apo-
theosis of Herefordshire and
Hertford town. It opens with
the sitting of the synod of Hereford
in 763 and depicts also the later
defeat of the Danes by King Al-
fred in 896.

HORNE PAYNE SAYS CANADA AGAIN FULL OF PROSPERITY

PAST DEPRECIATION IN INVESTMENTS RESULT OF MON-
ETARY CONDITIONS ALL OVER THE WORLD, HE SAYS

London, July 8.—At the
British Empire Trust meeting
held recently, Horne Payne's
speech was read in his pres-
ence. "Most of the company's
capital," he said, "is invested in Can-
ada, but the depreciation in Can-
adian investments is the result
of monetary conditions all over
the world, and not to a failure of
anticipations held out respecting
Canada's natural resources and
industrial advantages. Canadian
affairs culminated at the end of
last September in a difficult and
dangerous financial situation.
Since then conditions are slowly
and steadily improving. I think
this temporary check in progress
will prove the very greatest benefit
to Canada. Expenditure is now
on an extremely conservative
basis throughout the whole coun-
try and we may hope that last-
ing lessons will have been taught
in the exercise of economy of
capital and in the methods of
raising it, especially in the post-
ponement of expenditure until
the money to pay for it is actually
in hand. No one can say how
soon the former vigor will be re-
stored to the march of Canadian
development, but we can say with
absolute certainty that within a
very few years Canada will once
again be full of progress and
prosperity.

tory results. Nothing further
need now be said, but I should
like to tell you that at no moment
was the money invested in Can-
adian Northern securities in
danger of loss. The Canadian
Northern is now certain of im-
mediate completion.
A shareholder who inspected
all the company's Canadian un-
dertakings last year, assured the
meeting of his conviction of Can-
ada's fundamental soundness.
Canada was obliged to borrow
enormously, he said, if she was
to go ahead.

**INDIANS AND WHITE MEN IN BIG FIGHT**

The Powell River Dominion Day celebration at Powell River was made lively this year by a general fight between the whites and the Indians who gathered together to take part in the games, and the spectacle of the noble red men being knocked down like nine pins on the green sward is described by eye witnesses as one of the prettiest scraps that has been seen on the Coast for several moons.

The trouble started over the tug-of-war between the white men and the Indians. Two hundred Indians from Sliammon reserve had gathered to take part in the cheering, and when the team of white men pulled their red brothers all over the field, they grew very surly and arose. One man indeed started to fight right away, but was quieted by Provincial Constable S. Marshall, who was over from Van Anda to keep order.

At this juncture Constable Marshall, who has seen twenty years service as a trooper in the R. N. W. M. P., suddenly spied as one of the Indian tug-of-war team, Billy Williams, who escaped twelve months ago while on his way to serve a sixty days sentence for drunkenness. Billy has an enviable reputation as a "bad man" among the Indians which he had to live up to, and he put up a fight. He proved an easy victim for the constable who proceeded to sit on his man and handcuff him when a number of the Sliammons jumped into the fray to secure the release of their champion.

The attack on the constable was the spark that started the trouble. The white men ran to the constable's aid and in about ten seconds every red man and half the white men on the field were engaged in a general fight.

The Indians, whose mode of fighting is by wrestling except where they can pick up a club, lasted no time before the piston-like punches of the white men, and they went down like nine-pins.

**ADAM ATE THE APPLE AND EVE IS INNOCENT**

Recent Tablet Discovery Upsets the Age-Old Doctrine of the Fall

Philadelphia, Pa., July 9.—Only last week Dr. Stephen Langdon, of Jesus College, Oxford, startled the world and upset tradition that had existed for aeons of time by announcing that Adam and not Eve, ate the forbidden apple. As his authority for this remarkable announcement, Dr. Langdon mentioned one of the clay tablets belonging to the Nippur collection of the University of Pennsylvania Museum which he succeeded in translating after years of effort.

Unfortunately, Dr. Langdon had only half of the clay tablet to work upon. Consequently his translation was incomplete.

Now comes an announcement from the University Museum stating that the missing half of the clay tablet concerning the flood, the escape of Noah and the fall of man, has been found among the many thousands of tablets in the Nippur collection. Scholars who have examined it say that it will cause another sensation and supply the information that will establish for all time the innocence of Eve and guilt of Adam. A copy of the tablet will be sent at once to Dr. Langdon in England.

Staker of International Claim Has Thrilling Experience in North

Dawson, July 9.—George Nelson, who has returned from the head of the Sixty-mile was wrecked in the river near the boundary and barely escaped with his life. He staked the famous international claim on the Sixty-mile in the winter, and went back in the spring to represent. He finished work and was on a raft with his dogs, sleigh and outfit en route to Dawson, when he was wrecked a short distance below the starting point. He swam seventy-five yards and made shore, after which he saved the raft and the load. The dogs also swam ashore. After that he mushed.

Fortunately Nelson had left some supplies in camp and he returned and got a dry outfit with which to come to town. His claim comprises 500 feet on the Canadian side and 1320 on the American, both being staked right on the line and being contiguous. He reports encouraging prospects and says others have staked near him. The boundary crosses 20 miles from the head of the river. Nelson shot a giant bald eagle near the boundary. It measures seven and a half feet from tip to tip. He brought one of the huge claws in with him for a souvenir.

**G.T.P. MUST TAKE UP LEASE BY OCTOBER**

Ottawa, July 9.—The retirement of Major Leonard from the Commission of the National Transcontinental, as recently reported in The News, marks the practical completion of the line, and on October 1st, it is understood that the Grand Trunk Pacific will be called on to exercise its option of acquiring the line by lease.

Arbitration will likely be asked to determine the total cost, in respect of which the rental or interest will be paid at the rate of three per cent for fifty years. Refusal by the Grand Trunk to lease the line would mean its being taken over by other interests or by the Government itself.

**TO DRYDOCK RAINBOW**

Canada's Pacific Defender to Get Overhaul

It is understood that arrangements have been completed to float the Canadian cruiser H. M. C. S. Rainbow into the Esquimaux basin within the next day or two for her annual overhaul.

The actual date for the dry-docking of the warship has not been set, but it is anticipated that she will be hauled out either tomorrow or the early part of next week.

Twelve months have elapsed since the Rainbow was last placed in the graving dock, and as she has been swinging at anchor in Esquimaux Harbor since that time her hull is badly in need of attention.

While the cruiser is on the stocks her bottom plates will be scraped and painted, and it is probable that her tail shafts will be drawn. The Rainbow will occupy the basin for at least three days.

**LIPTONS CAN SELL NO MORE GOODS TO ARMY**

London, July 9.—Baron Lucas, a representative of the government, formally announced in the House of Lords today that Liptons Limited had been removed from the list of contractors for the British army.

This step was taken as a consequence of the recent scandal in connection with the army canteen contracts, for which several army officers and civilian employees of Liptons Limited were convicted on charges of receiving and giving bribes.

**Empress Bodies Recovered**

Quebec, July 9.—The diving crew recovered four more bodies from the Empress wreck today, two men and two women. One of the women had jewels on her fingers, otherwise there would be but little chance of identification.

**GENERAL NEWS NOTES**

The new French loan of \$160,000,000 has met with a favorable reception and has been over-subscribed.

The London Hospital is now using a fine instrument that will detect the electric currents in the vibrations of the heart.

A sum of \$125,000 has been given by Sir James Caird of Dundee to Lieut. Shackleton for the forming of his Antarctic expedition.

But two weeks married, George Blair, of Chatham, aged 21 years, died from acute indigestion shortly after eating his breakfast.

The gates of one of the locks of the Welland Canal were unshipped by the wash from a steamer that was passing through the canal.

The vicar of the parish of Midhurst has turned the vicarage into a building for the purpose of offering lodgings to the poor at two cents a week.

Montreal was visited by 100 members of the Pilgrim Publicity Association, who recently participated in the Advertising convention at Toronto.

At a loss of \$60,000 the steamer Manistee was burned at Ferrys Burg. The boat was anchored at the time, but many who were on it had to jump to save their lives.

The presence of mind of a vaudeville singer, who continued to sing in the dark, prevented a panic when lightning blew out a fuse in the Griffin Theatre at Chatham.

In the annual sham fight between the troops of Oxford and Cambridge Universities the Prince of Wales showed himself to be a splendid soldier, and marched miles with his troop.

Gen. Ramon Fraustro, president of the commission that investigated the death of William Benton, has disappeared, and is believed to have been shot by General Villa as the result of his report.

After being knocked from his bicycle by a baby wagon, run over by an auto, the four wheels of the car again passing over his body when the motor was backed up, Cecil Chamberlain, a 9-year-old Galt boy, was picked up without a broken bone, and will recover.

**200,000 Have Learned to Play the Piano in One Hour**

Without Lessons or Knowledge of Music Anyone Can Play the Piano or Organ in One Hour.

Wonderful New System That Even a Child Can Use.

He—"You surprise me! You told me yesterday you couldn't play a note!"  
She—"I couldn't! I learned to play in one hour by the wonderful 'Easy Method Music'."

Impossible, you say? Let us prove it at our expense. We will teach you to play the piano or organ and will not ask one cent until you can play.  
A musical genius from Chicago has invented a wonderful system whereby anyone can learn to play the Piano or Organ in one hour. With this new method you don't have to know one note from another, yet in an hour of practice you can be playing your favorite music with all the fingers of both hands and playing it well. The invention is so simple that even a child can now master music without costly instruction. Anyone can have this new method on a free trial merely by asking. Simply write saying, "Send me the Easy Form Music Method as announced in the Prince Rupert Daily News."

**FREE TRIAL**  
The complete system together with 12 pieces of music will then be sent to you free, all charges prepaid, and absolutely not one cent to pay. You keep it seven days to thoroughly prove it is all that is claimed for it. Then if you are satisfied, send us \$1.50 and one dollar a month until \$5.00 in all is paid. If you are not delighted with it, send it back in seven days and you will have risked nothing and will be under no obligations to us.  
Be sure to state number of white keys on your piano or organ, also post office. Address: Easy Method Music Co., Wilson Bldg., Toronto, Canada.

QUEEN CHARLOTTE NOTES

The Masset school closed for the summer holidays last Friday. Roll of honor certificates were gained by Clarence Martin for proficiency; Dorset Prosser, for punctuality and regularity; and for deportment, merited equally by Aileen Martin, Viola Davies and Frances Hughes, which was drawn by Viola Davies.

Mr. A. Goulet left on Tuesday for Prince Rupert and the south on business in connection with a number of oil leases he holds on the West Coast.

H. S. Irwin, chief forester for the Skeena District, arrived at noon today on the Leila R from Prince Rupert. Mr. Irwin will spend the next ten days or so around the inlet on business in connection with his department. Miss Irwin and Miss Sullivan accompanied him.

J. K. Anderson, of Tow Hill, will open a branch store in the Smythe Block shortly.

Twenty boat crews of Masset Indians left for the Oceanic Cannery on the last steamer.

Messrs. Frizel, Mason and Curtis came in from their pre-emption on the North Beach for the Dominion Day celebration.

Admiral Kingswell will visit the Queen Charlotte Islands during his tour of the North. He is now engaged in inspecting the fishery protection fleet.

The wrecked hull of Henry Edenshaw's burned launch, the Josephine, was towed from Delkallah to the reserve last week. The vessel will not be rebuilt.

All of the halibut schooners and steam craft that formerly fished on the west coast of Vancouver Island are now on Hecate Straits, having found that the fishing banks of the south have been temporarily fished out.

Rev. Dr. J. G. Spencer, of Skidegate, has been transferred to Port Simpson, succeeding Rev. J. H. Raley. J. H. Young has been named as teacher of the Indian day school at Skidegate, in place of A. C. Brown, and R. H. Cairns, formerly of Chilliwack, has been appointed inspector of Indian schools for the Province.

LINKING UP VANCOUVER WITH MAIN LINE OF G.T.P.

Splendid progress is being made on the construction of the Pacific Great Eastern Railway, which will link up the main line of the Grand Trunk Pacific at Prince George with the city of Vancouver.

The Pacific Great Eastern is at the present time operating a suburban train service between North Vancouver Ferry landing at Lonsdale Avenue and Dundarave, West Vancouver, a distance of five miles. Early next month they expect to extend this service to Horseshoe Bay, about thirteen miles from the ferry landing.

The track on this latter section is now being extended northerly. Grading between the end of track and Lillooet, where the line crosses the Fraser River, one hundred miles north of Vancouver, is practically finished, but on account of unfinished bridging it is not expected that track will be into Lillooet before late in the fall of this year.
