### C.N.R. AGREEMENT BECOMES LAW—ATTORNEY-GENERAL OF ALBERTA GREAT FAITH IN RUPERT

#### ATTORNEY-GENERAL CROSS OPTIMISTIC ABOUT RUPERT

##### COMPLETION OF GRAND TRUNK PACIFIC MEANS MUCH TO PRINCE RUPERT AND THE PROVINCE OF BRITISH COLUMBIA—BANNER CROP THIS YEAR

We expect that a large part next year's grain crop will be shipped through Prince Rupert," said Mr. C. W. Cross, Attorney-General of Alberta, who, with Mr. Cross, is on the Coast for two weeks' holiday which they spend in Vancouver and Victoria.

will mean, he says, closer trade relations, which will prove of large benefit to both Provinces. On the prairies they are looking for a banner crop this fall, he said. The grain is so far advanced, and in such flourishing condition now, that a big crop may safely be predicted. On the prairies the success of the grain crop means the success of business in about every line so they are all looking for excellent business to follow the harvest.

#### MAIN LINE IN ACTION OCTOBER FIRST SAYS DALRYMPLE

##### VICE-PRESIDENT OF GRAND TRUNK PACIFIC TELLS CALGARY PAPER THAT RAILWAY BETWEEN WINNIPEG AND RUPERT EFFECTED BY THAT DATE

Calgary, July 16.—Vice-President J. E. Dalrymple, of the Grand Trunk Pacific, who is making his half-yearly tour of inspection through the west told a local newspaperman that he is looking forward to the time when the main line will be completed and the entire system linked up at Prince Rupert. This will be effected on October 1st and should be a tremendous difference to the company.

line between Winnipeg and Prince Rupert, taking in all the branch lines en route, will be in action by October 1st," he said, "and while Edmonton is essentially on the main line, we are prepared to reciprocate with Calgary in every way. If we get sufficient support we will develop here accordingly, and from impressions formed today I should say that we will pay considerable attention to this city—even greater than we have done in the past."

**AMENDING BILL STILL CENTRE GREAT STORM**  
Temper of Both Parties Makes Settlement Difficult—Amending Bill Unpopular  
(Special to The Daily News)  
London, July 16.—Despite the optimism that prevails as a result of Lord Beauchamp's declaration in favor of a conference on Home Rule on the lines of the Dunraven's amendment, it is difficult, says The Daily News, to see how a settlement can be arrived at in view of the present temper of the parties.

The amending bill is disliked by all parties and is regarded as a device solely to prevent bloodshed. The attitude of the Government to the changes introduced by Lord Lansdowne as an object of safeguarding peace, is still uncertain until the time limit for the general consent of the Government. They will resist attempts at a referendum being held but might concede the grouping of six plantation counties into one area and have it decided on poll. There will be a bitter fight if the amending bill ever goes to committee with the referendum clause.

**MEMBER OF PARLIAMENT FORMERLY A MINISTER**  
W. E. Knowles, M.P. of Moose Jaw, who is now visiting here, in his younger days studied for the ministry in the Presbyterian Church. After having given that calling a trial he turned his attention to the study of law in which he has become eminently successful. His firm is one of the leading in the Prairies. Although Moose Jaw is a strong Conservative centre, Mr. Knowles has always carried it because of his popularity with the forming population outside. Under redistribution Moose Jaw is made a separate riding so that Mr. Knowles may probably have a harder fight.

#### P. E. I. LINKED UP BY PHONE

Halifax, N.S., July 16.—Telephonic communication with Prince Edward Island, on a commercial basis, was formally inaugurated last night when Premier Mathieson spoke from Charlottetown to Sir Robert L. Borden at Halifax for about ten minutes, through the new cable which has been laid by the Maritime Telegraph & Telephone Co.

#### GREAT FLORAL DISPLAY ON HOSPITAL ISLAND

Gorgeous Sentimental and Artist Beauty Just Across the Harbor  
"You have been talking a lot about the fish we have on this coast," said James Smith, the caretaker at the immigration hospital across the harbor, to a Daily News man. "We have lots of fish, too, but I want to show you a garden. He did. It is a real garden—one which would please an artist and an epicure at the same time. Jim has lived at the detention hospital island for the past two years and he has converted it from a wilderness into a landscape of beauty. On the inner reach from the clam shell bar to the hospital building is a magnificent terraced lawn studded with rose trees. Along the borders are flower beds of pansies, Sweet William, daisies and other flowers in gorgeous array. In the rear of the building is a vegetable plot where potato plants are standing three feet high, dwarf pea vines are four ft. high, turnips, cabbage, parsnips, carrots and other garden truck seem to grow like weeds in the tropics. It is a veritable paradise for the horticulturist and strange to say it is all the produce of a clam shell bar. Hospital Island is not made up of muskeg and rock like Kaien Island. It is mostly clam shell. The grove which on the harbor side appears to be just like neighboring islands is a beautiful and cosy picnic ground. The undergrowth has all been cut out, there are tables and seats and cosy corners and a velvet carpet of hemlock needles and dainty ferns which appears to be pining for picnic parties, whose couples would appreciate its sentimental beauty. When you have a few hours of leisure and a boat took in on hospital island and see the beautiful things this north country can produce.

#### LIBERALS LOOK FOR DOMINION ELECTION SOON

Vancouver, July 16.—Canadian Liberals are expecting the announcement of an early general election. Honorable Senator Hewitt Bostock, who represents the Mainland of British Columbia in the Senate, and Liberal leader in the upper house, made this prediction in an interview here. Senator Bostock said at the present time the Liberals had an effective majority of fifteen in the Senate. The actual majority was nineteen, but four Liberal senators were not always able to attend senate meetings. But the majority of fifteen gives the Senate the right of virtually controlling the Canadian political situation. At the present time there are five vacancies in the Senate. Four of these vacancies were in Ontario and one was in British Columbia. Senator Macdonald, of Victoria, B.C., had forfeited his seat by non-attendance for two consecutive sessions. The Conservative government would fill these vacancies with Conservatives. Two more senators were to be appointed in Manitoba, Saskatchewan and Alberta, according to the terms of the redistribution bill. British Columbia would be given three more senators. This would result in thirteen new senators when the Conservatives had their way, but even then the Liberals would have a senate majority. **Losing Confidence** Senator Bostock noted a growing sentiment throughout Canada against the continuation of the Conservative regime. Growing opposition in British Columbia and the very evident sentiment in the Manitoba elections were expected to hasten the government to a general election.

#### WOMAN IS ROBBED OF \$8,000 IN CASH

Carrying Satchel With Small Fortune, Robber Makes Haul on Street  
St. Louis, July 16.—Miss Esther Copen, cashier at a wholesale grocery, was robbed today of a satchel said to contain \$8,000 in cheques and cash on the street here. Miss Copen was on the way to a bank with the money when the robbery occurred. She had left the wholesale establishment of her father but a few minutes before when a robber darted out from an airway and snatched the satchel. He ran through a hall way and disappeared. **Business Improving** London, July 16.—Many stock exchange reports express the opinion that recent improvement in business is due to increased hope of an Ulster settlement.

#### BOARD OF TRADE ON JOLLY EXCURSION

Large Body of Local Citizens Take in Trip to Granby and Stewart  
There was a jolly crowd sailed away last night for Granby Bay and Stewart on the Board of Trade excursion. Almost all the business houses around town are short manned as a result and quietness prevails everywhere. Under such pleasing weather conditions, the excursion will be a grand success. They will return early tomorrow morning. The following is a partial list of those who took in the trip:— P. F. Goodenrath, R. O. Jennings, R. E. Benson, A. W. Arnold, W. W. Wrathall, L. M. De Gex, Mr. and Mrs. C. N. Crowell, A. Carss, A. McB. Young, L. Bullock-Webster, P. Robertson, W. F. Hart, Geo. E. Gibson, V. F. G. Gamble, F. W. Hart, Chas. J. Whyte, J. B. Young, F. #### HOW MONEY IS SPENT IN SKEENA DISTRICT

By Choosing Inexperienced Men Government Made Three Failures  
Extract from The News-Advertiser, Vancouver, July 10th, 1914: "Trail to coal fields; proposed route via Stewart to Groundhog has many advantages and may be developed. The three men commissioned by the Department of Lands to travel over the country lying between Stewart and the newly discovered Groundhog coal fields with the object of ascertaining the feasibility of constructing an easier trail to that district than the present route, have just completed their task, and their observations show that the route via Stewart has many advantages over the present one via Hazelton. "The Provincial Government is alive to important developments on these great coal fields, but lack of transportation has deterred progress. To transport supplies via Hazelton costs the prohibitive sum of twenty cents per pound and on the outward journey even when Hazelton is reached there still remains a rail journey of 180 miles to Prince Rupert. The cost of this route therefore is a serious obstacle in the way of extensive development. If the Government should decide to open the new route, it will be actually shorter by nearly forty miles than that via Hazelton and the maximum elevation will not exceed 3,500 feet as against 5,200 feet by the trail now in use. On their journey the travellers were able to make many corrections and additions to existing maps, and they encountered many rivers not shown on the atlases. They accomplished the whole of the journey of 275 miles in twenty-two days." Extract from "The Omineca Miner," Hazelton, 4th July, '14:—"A party of road men who were lost while attempting to follow the trail from Stewart to Groundhog managed to reach No. 6 cabin on the Telegraph trail and arrived here on Monday." These extracts are of interest and go to show the manner in which the all too needy allowance for roads and trails is spent in the Skeena District. We would ask the local member if it is not true: That in 1912, \$2,000 was appropriated for a cruisers report on this route, and that if it is not true the government party who went in to report LOST ITSELF? That in 1913, a road superintendent went in to report on this route and LOST HIMSELF? That in 1914, a government party was despatched to report on this route and LOST ITSELF? That if each of these trips did not cost in the neighborhood of \$2,000? That if the amount spent on these lost legions would not have almost built the remaining part of the trail under efficient management? That if the trail was not supposed to have been completed in 1913. That if the figures given in

#### THE EMPRESS THEATRE TO-NIGHT

**"THE BATTLE OF WATERLOO"**  
4 - FOUR MASSIVE PARTS - 4  
Thousands of soldiers and hundreds of horses used in the production. Probably the most dramatic series of events in the history of the world were those which culminated in the battle of Waterloo and put an end to the career of Napoleon Bonaparte. This wonderful set of pictures shows with marvellous fidelity all details of this titanic struggle. Wellington is seen marshalling his forces, Regiment after regiment of the flower of the English soldiery is seen marching into battle. The great English general with superhuman energy is apparently every place on the field of battle at the same moment. Napoleon is seen seated on his famous white charger directing the movements of the French. Regiment upon regiment of both the English and French infantry in charges and counter charges is shown in the most minute detail. This great war drama closes with the arrival of General Blucher and his army of Prussian soldiers. This historic event, which took place one hundred years ago, is re-enacted on such a gigantic scale that even the greatest military pictures thus far produced sink into comparative insignificance.

#### HUERTA RESIGNS PRESIDENCY --CARBAJAL SUCCEEDS HIM

##### RESIGNATION ACCEPTED BY SENATE AND THE CHAMBER OF DEPUTIES BY LARGE MAJORITY--IN COMPANY WITH GEN. BLANQUET HE LEAVES CAPITAL

Mexico City, July 16.—The resignation of Gen. Huerta from the presidency was accepted by the Senate and Chambers of Deputies by a vote of 121 to 17. Francisco Carbajal was appointed president and he took the oath of office. Generals Huerta and Blanquet left the capital, having boarded the train of the Mexican railway a few miles beyond the city. It is thought that they are going to Puerto, Mexico.

On Carbajals' shoulders will fall the burden of bringing peace to the stricken republic, although just how this will be brought about is still an unsolved problem. Huerta's step justifies in a measure the waiting policy of President Wilson and it is now thought probable that the new ruler will be recognized by U. S. Gen. Huerta, it is freely stated, will leave the country, probably making his future home in France where he has many friends.

#### OVER PROSPERITY, SAYS SIR WILLIAM

##### Diagnosed the Case of Canadian Conditions at London Reception

London, July 16.—Sir William Osler, presiding at a reception held in London in honor of Prince Alexander of Teck, said Canada had been suffering lately from a very interesting and peculiar disease. He diagnosed the disease as over-prosperity. Like men who went on a steady diet of lobster and champagne—the trouble Canada was suffering was over-feeding. The microbe that attacked it in this condition was the interested speculator with his "wild cat" schemes. There was only one cure, and he was glad to see the people were taking it. Sir William reminded his hearers that there was one type of prosperity which had undergone no interruption in Canada, namely, the growth of the mental prosperity of the people.

#### POLICE COURT MATTERS

In the police court this morning, J. Kelly was charged with playing cards in a pool room contrary to city bylaw No. 107. The case was adjourned for the police commissioners to report upon and to bring the same up before the City Council. Bruce Morrison was charged with stealing a suit case containing clothing from the cold storage, the property of A. G. Camacho. He was committed for trial. A lot of foolish people are still talking about the "Americanization of Canada." They are to be found largely among those Old Country imperialists who spend about ten days in making a study of all Canada and then go back and tell their friends and neighbors how minutely they have studied conditions here.

Westerner and the Canadian Westerner are more alike. But this doesn't mean that one is copying after the other. It simply means that similar conditions and environment are producing a similar type and it is neither fair to the one nor the other to say that he is not himself. That the two people should be very much alike is quite natural because also they are of the same breed and the fundamentals of their institutions are one.

Between the old fashioned "Yankee" or the aristocratic Southerner and the Canadian people there is a striking difference and no one would even say that Canada was becoming Americanized after that particular type. The American

The man who puts his savings in oil or mining stocks takes a gambler's chance. He is not an investor; he is a speculator. The man who works for wages and puts by savings for a rainy day cannot afford to take the chance. He wants a safe investment where his capital is secure and brings him in generous rate of interest.

That is the kind of investment we recommend to you in the stock of the Prince Rupert Building & Investment Co., Ltd. This company deals solely in Prince Rupert properties. It used the combined capital of many small investors to purchase city property, improve it and make it revenue bearing. The company has no paid officers, the operating expenses do not eat up the profits. It has paid an average of seventeen percent per annum in the past three years.

A limited amount of new capital is being taken in at \$11 per share. We recommend it to our clients.

He is going into the interior of the Province to examine the mineral resources there. His work will connect with the point where W. M. Brewer quits. The Deputy Minister of Indian Affairs, Mr. Scott, of Ottawa, is expected in the city by the Venture at the end of the week. While here he will confer with the various officials of the Department here. Indian Agent Deasy of the Queen Charlottes, and Indian Agent Perry of Metlakatla, are in the city for his visit. The secretary of the Agricultural Association returned a few days ago from a quick trip to the interior. He met a large number of those who intend to exhibit this year. General interest is being taken in the exhibition which it is felt by the ranchers and merchants is of very great benefit to the surrounding country. At Telkwa, Aldermere and Smithers, the secretary enrolled thirty-seven new members in two days.

Dr. Bell Irving, of Vancouver, the well-known canneryman, was in the city yesterday. He has gone to Ketchikan.

The blasting operations carried on by Archie McDougal will cease for the present. All the company's effort will be centred on the terminal facilities for a time.

Miller, the second hand man, pays the highest prices for ladies' and gents' cast-off clothing, tools, etc. Will call any time. Phone 565. 825 3rd Ave. 163-89

My regular hot water heating system for a short time will be installed for \$15. You can't afford to be without it. Forty giving great satisfaction in town. Patent applied for. Harry Hanson. 1631f.

Fred Klein, whose advertisement appears on another page, is not only a pioneer in the city but also in modern methods of house cleaning. He has secured at a big expense a modern vacuum cleaner which gives great satisfaction. When this machine is through there is no dust left. It is all sucked up. Try it and be convinced.

The moving picture business is rapidly restoring as near as possible the great events of the past. Last night the Empress Theatre put on the "Battle of Waterloo" and it was a great success. That great drama was vividly portrayed and gives a splendid idea of the great event. The characters were good and the historic field added to its attractiveness. The Iron Duke was there as big as life.

Indian Agents, like others, like practical jokes. C. C. Perry of Metlakatla, recently visited Masset and yesterday upon his return phoned up Thos. Deasy who is now in town that there was an Indian uprising at Masset and several people were killed. Mr. Deasy at once proceeded to call in a band of constables to proceed to the scene of the disturbance. There was a great laugh when he found out that it was all a huge joke.

Some fine 30-ft. banners have been made by Mr. Fred Watrin for use on the Board of Trade trip to Granby. They bear the legend "Come to Prince Rupert Exhibition."

Telkwa has a natural arena for a fair grounds which would be worth a fortune to Prince Rupert. It gives space for a half mile track and has a natural grandstand.

Mr. Charles Harrison, J.P., of Masset, member of the advisory board of the Agricultural Association, last week sent in fourteen subscriptions for new members. Seven new members also joined in the Lawn Hill district.

The Bulkley Hotel is open and is doing a fine business. The Carr Bros. are kept pretty busy with the hotel and their ranch which is one of the finest in the interior. W. J. Carr joined the Agricultural Association last week and said his five brothers would join later.

The Citizens Association of Smithers is making arrangements for the holding of an exhibition there next year just before the Rupert exhibition. Mr. R. E. Williams is going into the matter very fully with the Department of Agriculture.

Telkwa is to have a splendid fair this year. The indefatigable pioneer, T. J. Thorp, is again taking an active part in the management, and when the success of 1912 is remembered there can be no doubt that with the able assistance of Mr. H. A. Beck, the Bulkley Valley fair will be made a splendid success this year.

The City of Seattle called last night about 10:30 on her way north and two of her passengers who started off to do the town were left behind. A wireless brought her back after about two hours delay.

The offices of Dr. McNeill and Patmore & Fulton have been removed from the Exchange Block to the rooms over Wallace's store. The move was decided on when notice was served for the removal of the Exchange Block, which after all did not move. The new offices are very central and suitable for their present use.

Judging from the crowded house at the Majestic Theatre last night, "Lucille Love," the motion picture serial now running at this favorite theatre, has taken a great hold on the Prince Rupert public. In addition the management are giving a line of pictures which are the best procurable.

Mr. D. H. Morrison received a couple of wires yesterday from friends in the south saying that Mrs. Morrison had taken another serious turn since she arrived there. Mr. Morrison left last night by the Spokane. Mrs. Morrison had just partly recovered from a serious illness and had hoped that a change of climate would do her good.

HOW MONEY IS SPENT IN SKEENA DISTRICT

(Continued from Page 1)

above extracts are correct:

If the distance from Stewart to Courier Creek is approximately 165 miles, not 275 miles; that if of this distance only 80 miles of trail is required to connect the existing trail from Stewart with the Telegraph trail, and that trail to Courier Creek completed in one summer by the Hazelton road department under efficient management?

If the elevations quoted above are not wrong:—

Why it is that men who are thoroughly familiar with this country are available and not required?

Is it not time that the public insist on the money appropriated for roads and trails be spent in an efficient manner by efficient men in the Skeena District of the Public Works Department?

FOOTBALL

Last night at the Dry Dock grounds the Hornets met the Callies in a league game before a fair crowd of spectators. The following was the line-up: Callies — Bloomfield; Martin Murray; Abhoff, Kelly and McIlroy; Foote, Stewart, Williseroft, Hunter and Gray. Hornets: Young, Duffy and Bullock-Webster; Malcolm, Carrs and Sayer; Cameron, Gardén, Golden, Henderson and Little.

Play opened with the Hornets attacking the Callies goal, whose defense seemed to be rather unsettled. The Callies did not take very long to settle to their game and once Williseroft had drawn blood, play turned more in their favor. The Hornets, however, still kept a good hold of the game but poor team work robbed them of any opportunity that came their way. Shortly before half time the Callies center again scored. Half time came with the score at 2 goals to nil in the Callies favor.

The second half of the game was indeed very quiet, although some nice football was shown — the Callies forwards seeming to combine better than in any previous game. Three more goals came to the Callies this half, through Williseroft (twice) and Stewart, who scored with a long-range shot. The Hornets tried hard to reduce the heavy odds against them but all to no purpose, the final whistle sounding with the Callies leading by five goals to nothing.

Mr. A. A. Holmberg had charge of the game and discharged his duties in a very capable manner.

At the Empress. The "Battle of Waterloo" was the attraction at the Empress Theatre last night. The pictures are magnificent and fully merited the crowded house they drew. The fact that the pictures are actually made on the historic field of Waterloo makes them doubly interesting.

The impersonations of Wellington, Napoleon and Blucher are perfect. The smallest detail has not been overlooked to make this great set of pictures as nearly as possible an exact reproduction of that great event which terminated the career of Napoleon.

The "Battle of Waterloo" will be shown tonight for the last time in Prince Rupert.
