## WAR BETWEEN AUSTRIA AND SERBIA NOW CERTAIN

### E.T.P. TO RUN PULLMAN CARS RUPERT TO WINNIPEG—REV. GRANT INDUCTED ON WEDNESDAY

#### E.T.P. MAY RUN SLEEPERS FROM RUPERT TO WINNIPEG

COMMENCING ABOUT AUGUST 23rd NEW THROUGH SERVICE WILL PROBABLY BE INAUGURATED BETWEEN THESE POINTS

I hope we will be able to put a straight passenger service from Prince Rupert through to George, Edmonton and Winnipeg very soon," said Gen. Supt. C. C. Mehan this morning. It depends altogether on the progress made in finishing up the construction, but I anticipate the line will be ready for this service about August 23rd. We will probably run a through sleeper on the three-day-a-week train from Rupert to Winnipeg. A dining car will be on the train between Prince Rupert and Smithers and from Fort George to Edmonton. Excellent progress has been made on the ballasting of the road. On June 1st there was a gap of 201 miles unballasted and there now remains only about 30. With favorable conditions this will be sufficiently completed about August 10th for trains to make good time. The big Nechaco bridge now has the flooring on and the riveting will be far enough advanced by August 10th to allow trains to cross. No definite arrangements have been made for the ceremony of driving the golden spike. The head officials are waiting information as to when the road will be ready. This will be given them about August 1st and it is expected an announcement will be then forthcoming. The approximate date is August 15th.

#### CHAMAN RAN—MADE POLICEMAN SUSPICIOUS

Shiels Grabbed the Chink and Found Opium  
Last evening when Officer Shiels was sauntering along Fulford street, a Chinaman came out the Chinese headquarters and towards Ninth Ave. When he saw the policeman he dodged and started a sprint. The officer thought the Chink must be carrying booze and gave a quick grab. He grabbed the Chinaman by the coat tail and felt a lump in the pocket. It proved to be opium. This morning Ah Kee paid a fine of \$10 for having the drug, but he wanted his "medicine" and didn't get it.

#### GENERAL HUERTA COMING TO CANADA

Reported Mexican ex-President on Way to Toronto  
(Special to The Daily News)  
Toronto, July 27.—It is reported in well informed sources that General Huerta, ex-president of Mexico, is on his way here.

#### COOPS FIRED INTO RIOTING MOB OF NATIONALISTS

(Special to The Daily News)  
Dublin, July 27.—A man and woman were killed and several wounded when troops fired on a mob. The rioting followed the seizure of rifles which had been smuggled in for the use of Nationalists.

#### WEST HOLME OPERA HOUSE TO-NIGHT

AND A FINE KEYSTONE COMEDY  
NO ADVANCE IN PRICES  
Admission, 10c and 15c  
Coming Wednesday and Thursday:  
"HOME SWEET HOME"  
Magnificent Five Reel Feature

#### QUEER RUSSIAN CRAFT HAS REACHED DAWSON

Party of Immigrants Went North Some Weeks Ago on C.P.R. Steamer  
Dawson, July 27.—One of the strangest of strange things floating on the face of the waters arrived here a few days ago. It came floating down the great river without encountering a sand bar or meeting with the slightest mishap. It is not a barge nor yet a scow. In some particulars it is like Pegotty's boat, it has upper works and a railed-in pilot loft and a crow's nest above; its rudder is a long "sweep" artistically fashioned. It is not copper-bottomed nor is it sheathed with iron, but a plentiful supply of pitch fills the seams. It has limited accommodations for the company of more than 70 adventurers.

These young men propose to support themselves by labor. They are competent travelers and quite independent, well conducted and orderly in their habits. Their property seems to be held in common. They are all Russians. It has not been learned what part of the Czar's dominions they came from. Their ship, which was built in Vancouver, was taken across the White Pass in sections and assembled again on Lake Le Barge. Over the entrance to their quarters are the words: "Tabourk taberneak in tatet"; which means, "Welcome stoop your head."

#### Wedding Bells

At the Methodist Church Saturday, the marriage of Mr. John Wells, of this city, and Miss Elsie Grant, took place. The ceremony was performed by Rev. J. W. Dimmick, pastor of the church. The bride reached the city by the Prince Rupert direct from Scotland. She was met by the groom, who is engaged in the fishing business here and the couple were wedded later in the day. They will reside in Prince Rupert.

#### Put Shot Nearly 45 Feet

Alex. Macdonald, late of the Prince Rupert Fire Department, and now on the Vancouver Police Force, won the shot putting contest at the police sports in Vancouver last week. His record was 44 feet 4 1/4 inches.

Household goods and furniture as good as new at half price. Crosby's Second Hand Store, 839 Third Avenue. 153-Lf

"Aeroplaneing," says Winston Churchill, "is an occupation for very young men." Whom the gods love, fly young.—London Opinion.

#### TO TEST PARI-MUTUEL

Hon. W. J. Bowser has announced that he will take steps to test the legality of the pari-mutuel system of betting on the horse races at Minoru. The Attorney-General says he believes public sentiment is against the three months' racing. The initial steps will be taken before a magistrate in Richmond municipality. It will be a lengthy legal battle.

#### O'NEILL CHALLENGES BARRY

(Special to The Daily News)  
Halifax, July 27.—Jack O'Neill, the undefeated amateur champion oarsman of the world, has challenged Barry of England, the professional champion sculler, to row for the championship.

#### WON AGAIN ON FOUL

(Special to The Daily News)  
Bordeaux, France, July 27.—Georges Carpentier, the heavyweight champion, won a decision over Kid Jackson in the fourth round here Saturday on a foul.

#### OLD HAZELTON WON GAME FROM NEW TOWN

Great Ball Game in Which Much Money Changed Hands  
(Special to The Daily News)  
Hazelton, July 27.—Old Hazelton won the league baseball game here yesterday against New Hazelton by a score of two to one. It was one of the best games ever played here and was full of thrills from start to finish. There was keen interest and several thousand dollars were placed on the result.

The game was won by Pike, who batted a line drive over the fence for a home run sending in Sinclair ahead of him. This was the only score by Hazelton. New Hazelton made a run in the 7th when Barrett scored. The batteries were: Hazelton, Pike and Stokke; New Hazelton, Jennings and Barrett. All the citizens of both towns were out to witness the game and the visitors were keenly disappointed on the result.

Miller, the second hand man, pays the highest prices for gents' cast-off clothing, tools, etc. Will call any time. Phone 565. 825 Third Avenue. 163-189

#### WHERE THE MONEY IS

There is good logic in the theory that hard times are not caused by the lack of money but by the hoarding of money. The people are salt- ing away the simoleons for a rainy day. Offer a real bargain and see how many people will come forth with the ready money to grab it. The Daily News reaches the people with the money. It has the largest circulation of any paper in the city.

#### Fisherman is Missing

The Chief of Police is in receipt of a communication from the manager of Wales Island Cannery, asking that he make enquiries for a fisherman who disappeared on the 16th. The lost man's name is Victor Anderson. He had a fishing boat numbered E. F. 145 and a gill net. When last seen he was near Dundas Island. Boats have been out searching for him but nothing was found. It is thought some of the halibut boats may have seen him or his boat.

## ANOTHER EUROPEAN WAR NOW IS REGARDED AS A CERTAINTY

### Martial Law Declared in Austria-Hungary --- Serbia Has Broken off Diplomatic Relations---Both Sides Mobilizing Armies

(Special to The Daily News)  
Vienna, July 27.—Diplomatic relations between Austria and Serbia were formally broken last night. War is now regarded by the public as a certainty. Martial law has been declared throughout Austria - Hungary. The Serbian Minister and staff has left Vienna. Military censorship has been ordered on the wires. It is believed there will be no formal declaration of war as Serbia never subscribed to the Hague convention. There is general mobilization going on in Montenegro.

**Army Is Mobilizing**  
London, July 27.—The Serbian Minister has received a despatch stating that Crown Prince Alexander who is acting Regent, has ordered a general mobilization of the Serbian army. He has summoned Skupstina to meet tomorrow at the old fortified capital city of Nish, 130 miles southeast of Belgrade.

**Russia Also Prepares**  
St. Petersburg, July 27.—A decree has been promulgated forbidding the publication this year of information about the army and navy in this city. Moscow has been placed under a modified form of martial law. Serbian officers and reservists are returning home. The Foreign Minister has informed the German ambassador that Russia will be unable to remain indifferent if Serbian territory is invaded.

**Italy Friendly to Austria**  
Vienna, July 27.—Italy has informed Austria that she will adopt a friendly attitude in accordance with the triple alliance.

**Servian Army Mobilizing**  
Vienna, July 27.—Shortly before 6 o'clock Saturday, the Austro-Hungarian minister at Belgrade presented a note to the Servian Foreign Office saying that the Servian reply sent to Vienna was unsatisfactory. The Austro-Hungarian minister, his staff and

the entire legation then left Belgrade. The Austrian government refused all the requests of Serbia for an extension of the time limit for a reply to the note. A message from Belgrade says that orders for the mobilization of the Servian Army were given at 3 o'clock.

**Seat of Government Changed**  
The King of Serbia with his court and the garrison are leaving the Servian capital. The Servian government will be conducted from Kraguyevatz, where there is the arsenal for arms and the ammunition factory.

**Austrian Fleet Busy**  
Cettinje, July 27.—The Austrian troops are on the move in the vicinity of Ragusa in Dalmatia. Twenty-two Austrian warships have assembled in the Bay of Cattara. In official circles it is interpreted that these movements mean that if Austria went to war with Serbia the first move would be to seize Mount Lovchen, overlooking Cattara.

**Russia Mobilizing**  
St. Petersburg, July 27.—The mobilization of the Russian army has been ordered to proceed immediately. The Czar fully approved of his ministers' decision to this effect.

**Germany Agitated**  
Bergen, July 27.—The German Emperor has left suddenly for Berlin in view of the serious situation that has arisen between Austria and Serbia. All divisions of the German fleet have been ordered to assemble at a pre-arranged place on the Norwegian coast.

**SAMPLES OF TIMBER FOR EXPORT TRADE**  
Provincial Minister of Lands Arranges for Exhibit to Be Sent Commissioners  
Victoria, July 27.—Mr. H. R. MacMillan, chief of the forest branch, in the Land Department of the Provincial Government, is preparing samples of British Columbia timber (fir, spruce and cedar), for the export trade, and is forwarding the same to Dominion trade commissioners where ever they may be located. This action is taken in co-operation with the Minister of Trade and Commerce at Ottawa. The samples will be sent to a number of points in China, Japan, Australia, South Africa, South America, the British West Indies, and The Netherlands, besides points in Great Britain and Europe. The samples will be of both the finished and unfinished product, and arrangements have already been made with the trade commissioners for the necessary office space. The signs are very hopeful that much good will result from this optical demonstration of the splendid manner in which timber from this Province responds to every kind of treatment for the export trade. The department is desirous of combating the notion which has heretofore very largely prevailed that it was only big timber which the Province was capable of shipping, and with the efforts of the various trade commissioners throughout the world Provincial timber products should secure a good advertisement.

#### H. R. GRANT, NEW PASTOR, TO BE INDUCTED WEDNESDAY EVENING

ORIGINAL SKY PILOT OF RALPH CONNER'S NOVEL WILL BE IN CHARGE OF PRINCE RUPERT'S PRESBYTERIAN. IAN CHURCH

On Wednesday evening, Rev. H. R. Grant, who has accepted the call to take charge of the Presbyterian Church here, will be inducted as pastor. The ceremony will be held in the church hall and Rev. J. W. Woodside, of Vancouver, will conduct the services. The new pastor is one of the big men of the church in the West. He is a pioneer and was the character pictured in Ralph

Conner's popular book, "The Sky Pilot." He has been moderator of the Presbyterian Synod of British Columbia which is the highest honor that can be conferred upon a minister of the church in this Province. Rev. Grant was here with his wife for several weeks this summer and became very popular in the city. He will arrive on the Prince Rupert Wednesday.

#### LORNE AND FIDDLER CREEKS WILL BE BUSY MINING CENTER

HYDRAULIC COMPANY PLANT WILL BE READY ABOUT NOV. 1 —MARTIN WELCH DOING DEVELOPMENT WORK— NEW PROPERTY TO BE OPENED

The Fiddler Creek and Lorne Creek District up the Skeena is going to be a busy mining centre, according to Chas. E. Burgess, who came down yesterday after spending a couple of weeks there. Mr. Burgess' company is putting in a big hydraulic plant for washing out gold on Lorne Creek. They are now building the flume. Tests on their property have produced better values than they anticipated and having lots of water they expect to make a good clean-up. Their plant will be ready about November 1st and if the weather remains mild they will start washing up immediately.

Otherwise they will wait until spring. At Fiddler Creek the Martin Welch company are just starting their prospecting work. Their camp is alongside the railway. Directly across from Fiddler Creek are several borate copper claims held by the Continental Development Company. There is a six foot vein of this rich ore showing on the surface and the company is going to do some development work immediately. With these three properties working within a radius of two or three miles there will be quite a little camp at that point.

#### AMERICAN VESSELS MAY REPAIR IN RUPERT

Will Not Have to Pay Duty on Repairs, According to New Ruling

An intimation has been received from the United States Government of the utmost importance to the shipbuilding trade of the Canadian Northwest. According to a recently introduced United States tariff regulation, it is said, no duty will be charged on repairs done to American vessels in Canadian ports. Yarrows, Limited, of Esquimalt, a firm which is particularly affected, put the question which led to the disclosing of the new situation. There have been many occasions in the past on which work would have been done in Canada on American ships because of the convenience of the nearest port, but the owners, after considering the matter, have preferred to go to the other side to avoid the charges in question.

This revision of the tariff is of particular interest to Rupert now that the big dry dock here is almost ready for business. All ships up the coast in need of repairs will naturally come to Rupert.

Authentic information about football games, either scheduled or postponed, can be had by calling up Fitz Cigar Store. True lovers are few—but not far between.

#### ATLIN FISHING CO.'S SCHOONERS DISABLED

Carlotta G. Cox and Borealis Are Both Out of Commission

Two fishing schooners of the Atlin Fisheries, which lately have been operating out of Vancouver, are disabled. The schooner Carlotta G. Cox lost her tail shaft off Sound Point Millbank Sound, and is anchored there awaiting a vessel to tow her south. A tug will be despatched from Vancouver to bring her in. The Carlotta G. Cox only recently underwent extensive repairs, following her grounding in the North. The schooner Borealis got her machinery disabled while fishing in Alaskan waters and was towed to Sitka. From Sitka she was towed to Petersburg, where the steamer New England, of Vancouver, picked her up and towed her to Ketchikan, where she is undergoing repairs. The crew of the Borealis came in on the Sophia on Saturday.

#### Carpenters' Union

A smoker will be held in the Carpenters' Union Hall on Wednesday, July 29th, inst., at 8:30 p.m. All carpenters are cordially invited to attend. Regular meeting will be called at 7:30 sharp. Frank Salter, Secretary. 172-74

DAILY EDITION

Monday, July 27, 1914.

If there is one department of the McBride administration which can justly be complimented for its efficiency it is the drafting section of the engineer's department. When it comes to a question of development and production the pen and pencil artists at Victoria can quite outstep the architect and draftsman. In fact the draftsman are the biggest asset in the administration. It is their skill that has kept the McBride Government in control of the richest province in the Dominion. It is by the particular art of the sketch artists that McBride has been enabled to "sell" the scheme while Macdonnell & Mann and other favored ones have been privileged to eat up the capital and credit of the province.

If a community or a city demands a piece of public work the provincial government needs the demand with a genuine and an appreciation. The drafting department can be depended upon — a plan, complete in detail and of many colors, is promptly produced and the obligations of the government ceases. The plan is supposed to suffice. The man who asks for more is a danger and a menace to the party. He is politically taken. McBride will promise liberally and fluently, but no good citizen must ask him to perform.

Prince Rupert has had a generous allotment of McBride

plans. There were originally plans for roads, for streets, for sewers, a set or two for Kam-pah-Bill reservoir which the city paid for and then did the work at home; there are plans for a bridge over Morse Creek; plans for a road around the island; plans for an approach to the government wharf; to say nothing of a magnificent portfolio of ornate pictures of Prince Rupert's new court house. There was also in the early days a fine set of plans for the wharf but these were so aged before the wharf was built that they can hardly be included in the art gallery of the great things McBride has done for Prince Rupert.

When you are boozing for Rupert and the things that made it do not overlook the provincial draftsman whose splendid efforts keep huge alive in the brains of the building trade.

Heritage Man, W. J. Bowser is trying to put the parliamentary betting system out of business for fear the machine will lay odds against him at the next provincial elections.

The Bella Coola Courier is using the fact that the Indians of the interior have to re-build trails through the valley without recompense as a means to shame the McBride Government for its lack of enterprise and competency.

MRS. WILLIAM WALDORF ASTOR

According to a report—a remark by Mrs. Astor, making a disparaging allusion to "money bags" has led to Mr. Astor abandoning his efforts to obtain an English title. Mr. Astor went to London to enter society and into journalism to advance his son's political ambitions.

## News Notes from Smithers

**Smithers Tribune:**  
Mr. A. W. Tod is planning to build a residence on his property at the upper end of Mann Street.

The road crew building the Chockoma Lake road are now working in the vicinity of Evelyn station.

The rain of the past week has seriously interfered with hay operations throughout the valley.

H. W. Kraus came down from Rose Lake on Monday evening on business.

Joe Sexton came down from his claims on Hudson Bay Northwest Wednesday, reporting things favorably in his locality.

A trial shipment of ore from the Silver Island property on Babine Lake passed through Smithers yesterday en route to Tacoma.

R. G. McConnell, Dominion Geologist, and party are still working on the Copper River coal measures.

Harry Winfield, packer for the geological survey party now in the vicinity of Copper River was in town this week. He stated that the party lost a horse lately when the animal ran its leg through its halter and strangled itself.

While in Telkwa a few days ago T. T. Dunlop laid out the race track on the fair grounds. Great

interest is being shown in the races to be held at the time of the fall fair, which will be far ahead of anything of that kind ever held in the valley.

W. A. Carr, road superintendent, was a visitor in Smithers this week. He states that a stage road will be completed within a few days between the bridge and Government for winter use.

R. F. Toland, deputy minister of mines, arrived in Smithers on Monday's train, proceeding on to Telkwa and the upper valley next morning. He is looking over local conditions that come under his department.

The formation of a Masonic Club is projected by the Masons in this locality.

Donald Simpson was down from the Victory group, on the south slope of Hudson Bay Mountain, early this week for supplies, and stated that it was his intention to start shipping ore as soon as conditions are such as to make it possible.

Word was received this week that the coal measures of the Copper River Coal Syndicate, about thirty miles from here on the Copper River, have been sold to a German syndicate, who will start work on them in the near future. The terms of the deal have not yet been learned.

special rates for those who wish to stay exhibits to any fair that they be held this Fall and a special passenger rate will be given to those visiting the different fairs between Prince Rupert and Fort George.

Word has been received from a reliable source that Mr. W. J. O'Neill and Miss Ford were married in Vancouver.

We learned through Mr. Beck, who has been authorized to take an order for a sash and sash-hill device by the department of architecture, that Mr. Rosenthal, of Riverside Ranch near Smithers, has taken advantage of the offer and will start the construction of same immediately.

### Chance to Make Money

Money is tight and I need it, so here's an offer: Up to August 1st I will supply my regular \$25 heading and for \$15. I guarantee this to hold water in fifteen minutes, and not to affect the oven. Forty now in use and giving entire satisfaction. Ask for references. The reliable plumber, Harry Hanson, P. O. Box 395, Phone 449.

Large tract of good farming land now open for free settlement in Oregon. Over 200,000 acres in all. Good climate, rich soil, and does not require irrigation to raise finest crops of grain, fruit and garden truck. For large map, full instructions and information, and a list of several sections of exceptionally good claims, send \$1.00 to John Keefe, Oregon City, Oregon. Three years a U.S. surveyor and timberman. An opportunity to get a good fertile free homestead near town and market. 570-200.

A Swiss boy is reported to have been born with two stomachs. This would give him an unfair advantage at meals, but, on the other hand, would he experience a Channel crossing, or eat a green apple.—London Opinion.

Quarter cut dressers and chaf-dressers receive a 25 per cent reduction at Tins's summer sale. 15-16-17.

E. E. Confectionery sells high class ice cream in bricks; also pure candies. 15-16-17.

**REAL ESTATE** is just as good an investment in Prince Rupert today as it was when the market was active and the speculators were making a quick turn over. No man who holds any bulk of property here anticipates or fears a slump. The big owners have perfect confidence in the city and in the real estate. They are improving their property and getting good revenues. That is where the small owner is handicapped during the period of inactivity. He has not enough money to improve his property and get a revenue. But if he pooled his available means with the savings of others, the whole would make a good working capital. That is where the Prince Rupert Building and Investment Co. is helping the small capitalist to make good. This company improves its property and has an income. It has been one of the most successful organizations in the city. It has paid an average of SEVENTEEN PER CENT in dividends in the past three years. We have a limited amount of stock offered for sale.

**BELFAST SCENES ON WHICH MANY EYES ARE FOCUSED**

Historic spots where history is ever in the making. The right upper photo shows a detachment of Royal Irish Constabulary. At the left is Ulster Memorial square, the scene of previous riots. In the circle is Belfast Castle overlooking the city, residence of Lord Shaftesbury and beside it is Ulster Hall, which has played a great part in opposition to Home Rule.

**GENERAL NEWS IN BRIEF**

The National Steel Car Company, of Hamilton, Ontario, has received orders for 500 passenger cars and will have to put on 500 additional workmen.

A new world's record for altitude for an aeroplane was established by Heinrich Oelrich, a German aviator, who rose in his biplane 7,500 metres, or approximately 24,606 feet, nearly four and three-quarter miles.

The Ontario Government has a unique manner of licensing the Richelieu and Ontario Navigation steamers running out of Toronto on the Great Lakes. Once a year the bartenders on the boats are haled to court and fined \$200 each and the selling of liquor aboard the steamers is not interfered with.

Billy Baxter, old-time minstrel, who had played with nearly all of the leading minstrel companies of America, and who had appeared before the royalty of Europe with his banjo, died at Chicago.

A writ claiming unstated damages for libel has been issued by the Sovereign Life Assurance Co. against the Burrard Publishing Company, publishers of the Saturday Sunset.

Traffic became demoralized in Paris when several cave-ins occurred after a thunder storm.

Lady Hardinge, Vicereine of India, died in a London hospital, where she had gone to undergo an operation.

Thirty-five cadets were killed, when a Chinese gunboat, lying near the Kiangnan arsenal, was blown up.

Starting in a room in the attic, the Children's Shelter of Brantford was damaged by fire to the extent of \$350.

An 80-year-old inmate of a London charitable institution, who strayed away two weeks ago, is still missing.

**Read The Daily News**

**A NEWSPAPER**  
for Prince Rupert and Northern B.C.

The Daily News goes into nearly every home in Prince Rupert. It is the popular newspaper of the city because it is clean and reliable. It has all the news of the city, and keeps in touch with events and topics interesting to Northern British Columbia. It treats these subjects with moderate optimism and reliability.

The Daily News is the most valuable paper to advertisers because it is read by the buying public. It has a bigger circulation than any other paper in the city. It is read by the class of people the advertisers want to talk to.
