

ALDERMEN WANT TO CANCEL REQUEST FOR TROOPS

MAYOR ASK TROOPS SENT TO RUPERT—CITY MAY HAVE TO PAY THEM—CITIZENS INDIGNANT

MAYOR NEWTON ASKED FOR SOLDIERS TO BE SENT RUPERT

REQUEST FORWARDED TO OTTAWA THROUGH PREMIER McBRIDE—NO CONFIRMATION AT VANCOUVER YET

The Daily News learns by wire from its special correspondent in Vancouver that the soldiers reported to be coming to Prince Rupert as guards asked for by Mayor Newton, made the request to the Military Department through Premier McBride. It was forwarded to Ottawa, but so far Vancouver military authorities have received no word to proceed to Prince Rupert.

The announcement in Prince Rupert caused a riot of indignation among the citizens. The citizens on the street were quite frank in stating that it was an uncalled for appeal and an insult to the loyalty and manhood of Prince Rupert citizenry. The opinion is freely expressed that Prince Rupert has more than a sufficient number of men of the frontier, to protect herself, men of brawn, brain and courage whose daily life has been a constant drill in protecting rights and property. It is ridiculous to think these men want protection. What they want is a chance to enlist and an equipment of guns.

SPECIAL MEETING COUNCIL TO DISCUSS TROOPS COMING

This morning several of the aldermen and citizens waited on Acting Mayor Morrissey and demanded a special meeting of the Council be called to cancel the request for troops. Acting Mayor Morrissey said a legal meeting could not be held under twenty-four hours but it is understood an informal meeting will be held. The Acting Mayor at noon stated to The Daily News that he had a motion would be carried requesting that the militia be sent up to Prince Rupert. In such an event," said Acting Mayor Morrissey, "I refuse to do anything to do with it and will refuse to order the City to send the message. I do not intend to interfere with any of the Militia Department of Canada may take at this time." The Mayor further accused the Daily News of circulating a story that the militia would have to be paid for by the city. This, he said, is an error. The News' despatch from its Vancouver correspondent is announced on this page. Who will pay for the troops is merely a matter of conjecture. Acting Mayor Morrissey said he has arranged for the old Hotel, the Skating Rink and a Grand Trunk shed as barracks for the incoming troops. He does not know whether they are infantry or a battery corps. There is a report about the city that it will be a battery of big guns but this is a mere street rumor apparently without foundation.

They evacuated Muelhausen but held their own against the German advance. They repulsed every attempt to dislodge them.

WOMEN DEFEND CITY

(Special to THE NEWS)

Paris, August 12.—According to a newspaper despatch, the women workers in the Belgian national arms factory at Kerstal defended the village against an attack. The men were away serving with the army. The women swore that the German troops should not take the factory and armed themselves with revolvers and other weapons. They repulsed several charges of the German Uhlans. When their ammunition became exhausted the women barricaded themselves in houses from which they poured boiling water on the German soldiers in the streets. Many Germans were disabled, wounded and killed.

JOINT PRAYER SERVICE REBUKE OF THE PROPHET

Rev. Canon Rix Makes Strong Plea for Unanimity of Action Between Parties

The churches of Prince Rupert held a joint prayer service last night in the Empress Theatre which was filled to the doors. A good many people no doubt went there to join in an intercession for the success of the British forces in the field, but it was not exactly this. It was rather like the reproof of the old Hebrew prophet. It was a time for self examination. What had Prince Rupert done that they should receive special privileges from the Almighty? What have you done? Is not our whole age steeped in materialism? Who thinks about God when there is a chance to make money? Now that trouble has come will God say: "I cannot hear your prayers; your hands are full of blood"? The call was therefore to repentance that God might have mercy upon us.

But there was a note of hope. The British nation had done something for the advancement of the Kingdom, and for this she might get her reward. It was therefore in order to intercede for the British cause in order that that nation might continue to nourish the liberties of the world. The service in itself was not so much an intercession as to show the way in which this should be done.

Those taking part in the service were Revs. J. F. Dimmick, W. E. Collison, W. W. Wright, G. A. Rix and H. R. Grant. The address was given by Canon Rix and was along the line indicated. He also pleaded with the people to set aside their political differences as the Nationalists and Ulsterites of Ireland did in the face of the common enemy. There was also a popular selection of hymns in which all joined heartily.

THREW GIFT OVERBOARD

Yesterday one of the ladies collecting for the hospital ship had an exciting experience aboard the Prince Albert. When she approached one sailor he flared up took a dollar from his pocket and threw it overboard. An officer of the ship saw the dollar fall on the rail of the ship and rescued it. He then deposited it in the collection box, which so enraged the sailor that he threatened to get a gun and shoot.

The police were sent for and arrested the man, who was supposed to be a German, but he proved to be just a bad tempered fellow. He was let go.

CITIZENS THREATEN TO DUCK POLITICIAN

Gathering at Corner of Third Ave. and Fourth Street Dispersed by Police

Yesterday afternoon a big crowd of citizens gathered at the corner of Third Avenue and Fourth Street and were expressing their indignation in violent terms of the stopping of enlistment of volunteers here, and of sending Vancouver troops to guard Prince Rupert.

The crowd was highly excited and threats were made to mob a local politician and throw him in the postoffice pond.

The police fortunately turned up and dispersed the mob before any violence was shown.

FOUND WRECKAGE RAINBOW--PROBABLY THROWN OVERBOARD

Victoria, August 12.—Wreckage has been found off the coast of California which has aroused some suspicion there that there may have been a naval engagement between the Rainbow and the German cruiser.

The naval authorities at Esquimalt account for this wreckage found off the California Coast. They have received word from Commander Hose of the Rainbow that that vessel was stripped for action. In doing so all unnecessary woodwork was thrown overboard. This accounts for doors being found on the beach as reported.

TONIGHT'S SHOW AT THE WESTHOLME

Everyone is familiar with the story of "The Count of Monte Cristo," which will be shown in a great five reel feature at the Westholme Opera House tonight, with Jas. O'Neill in the title role. This is Mr. O'Neill's star piece and it is difficult to say whether he made the Count of Monte Cristo famous or the Count of Monte Cristo made James O'Neill famous. Certain it is that no finer impersonation of this character has ever been given. A rollicking Keystone Comedy will complete the performance.

NANAIMO STRIKERS SHOWING PATRIOTISM

Vancouver, August 12.—The Nanaimo miners' union, which has been on strike since May day of last year and which has given quite a deal of trouble to the authorities in the way of riots, which the military were called out to suppress, have issued a public statement that during war time they will undertake to preserve order in the district, so that the military can safely be withdrawn for use elsewhere. They call attention to the fact that many of the non-union miners who are now at work are subjects of nations with whom Britain is now at war.

OVERSTEPPING HIS AUTHORITY

Mayor Newton has taken a very unwarranted step while in Victoria. He has demanded that all the unemployed of Vancouver and Victoria be sent to Rupert on militia duty. It is even possible that this city will be compelled to pay the bill. The Mayor forgets in his excitement that he is overstepping his authority. Had he interceded to have a local corps formed it would have been more in order; or better still to have a few heavy guns put in place for defence. The Council should get busy and countermand this order of his and see that it is done right.

GERMAN AGGRESSION FOR FORTY YEARS

Paris, August 12.—Extraordinary enthusiasm was called forth in the French Parliament by the reading of an address to the French nation, written by President Poincaré.

"Our nation is in arms," said the President, "and trembling with eagerness to defend the land of our fathers."

"France is faithfully supported by her ally, Russia. She is upheld by the loyal friendship of England and already from all parts of the civilized world go out to her expressions of sympathy and goodwill, for she represents today once again before the universe, liberty, justice and reason."

"Lift up your hearts, long live France!"

Afterward Premier Viviani issued a catalogue of alleged German aggressions which he said had gone on for forty years. He declared France had borne them with remarkable equanimity in her deep attachment to peace.

Antoine Dubost, speaker of the Senate, also read President Poincaré's address and then Premier Viviani made a declaration similar to the one he had made in the Chamber.

Several sick senators were carried to their seats as they were unwilling to be absent from the historic session.

Both houses adopted without discussion the financial bills introduced by the government and others for the relief of the families of the soldiers, ratifying martial law and imposing heavy penalties on newspapers publishing false news.

An amendment extending the moratorium to all the French colonies was passed unanimously. All the deputies rose to their feet in support of a bill to confer French nationality on natives of Alsace and Lorraine enlisting in the French army.

CANADIAN RECRUITING FULL-- OVER 100,000 MEN APPLIED

FIRST ARMY CONTINGENT OF TWENTY THOUSAND WILL BE DRAWN FROM ONTARIO AND QUEBEC—BRITISH COLUMBIA FOR HOME DEFENCE

(Special to THE NEWS)

Ottawa, August 12.—Recruiting for Canada's first army contingent of twenty thousand men will close tonight. Until the rolls arrive in the Capital it is impossible to say how many volunteers are enlisted for service abroad, but it is believed there will be from eighty to a hundred thousand and enrolled, or sufficient to send four or five army divisions.

It will take a few days to make up the lists but mobilization orders will be issued before the end of the week.

The first contingent will leave for Valcartier within a week and it is expected the whole army will be at Quebec in two weeks time, and ready for sailing.

The first corps to mobilize will be the Princess Patricia Light Infantry.

Independent corps are being raised by Hamilton Gault and R. B. Bennett, M.P., and which will be composed entirely of veterans, British or Canadian. It will mobilize and train in Ottawa and then join the main army at Valcartier.

Of the first army division, a majority will be from Ontario and Quebec. As matter of fact the Toronto division alone has enrolled enough men for the whole army. Not many men will likely be sent from the Maritime Provinces as most of the regiments at the Atlantic Coast will be required for Canadian defence.

The same is true of British Columbia. B. C. troops have already been mobilized and will be required for Pacific Coast defences.
