200 TROOPS ARE COMING TO PRINCE RUPERT FROM VANCOUVER LAST NIGHT UNDER COMMAND LIEUT COL. M'SPADDEN OF IRISH FUSILIERS

(Special to THE NEWS)
Vancouver, August 15.—A crowd of 200 men, drawn from three local regiments, left for Prince Rupert last night under the command of Lieut.-Colonel McSpadden, of the Irish Fusiliers. They will be used there to guard the waterfront and protect other public property.

PREPARATIONS FOR CASUALTIES AMONG CANADIANS

(Special to THE NEWS)
London, August 15.—A crowd of Canadians was held in the presidency of Mon. The object of the meeting was to form an organization to look after the needs of the Canadian troops serving in Europe. A general committee was formed of every Canadian known in London. An executive committee was also appointed. The first step will be to raise money for objects which have not yet been provided for. Other suggestions are the raising of a ward in the military hospitals for the sick and wounded soldiers of the Canadian troops. Provision will also be made for a convalescent home on the Norfolk Coast.

WH LEARNED FROM JAPS TO KEEP SILENCE

London, August 15.—The Paris correspondent of The Globe says he has been with the silent service. The navy location was a naval port not mentioned. The experience was unforgettable; the swift coming and going of ships; the readiness of the men and the material displayed showed great preparedness. He sees no surprise ahead for the Admiralty. The announcement of trade routes being open is now made, with the exception of the mines in the North Sea. The trawlers are busy and the clearing of the seaway is succeeding well with the German fleet bottled up in its own ports.

RAL COUNCIL PROPOSE SWITZERLAND AS HOSPITAL

London, August 15.—The Evening Journal La Sera has received a message from Bern stating that the Federal Council has proposed a guarantee of neutrality to Switzerland into a Red Cross hospital camp for the reception of the wounded and the maintenance of nationality.

INDUS DISPLAY LOYALTY

Calcutta, August 15.—A meeting of the local Hindus was held this morning and resolutions of loyalty to Great Britain passed. Several hundred men, all ex-servicemen, volunteered for service.

VICTORIOUS KING AND MAP OF LIEGE DISTRICT

Liege is where the heaviest battle of the present war has been fought on the land. The Belgians have repulsed the Germans four times, with heavy losses on both sides. The Germans have taken the city, but the forts are still held by the Belgians. (a) Beautiful bridge at Liege which the Belgians dynamited killing a regiment of German infantry. (b) King Albert, Commander-in-Chief of the Belgian army. (c) Map showing location of Belgian stronghold. This map gives the roads and railways in the district of Liege, where the Belgian army of which King Albert is Commander-in-Chief, is holding out against the pick of the German army, causing heavy loss to enemy.

GEN. KITCHENER SAYS WAR WILL LAST 18 MONTHS

(Special to THE NEWS)
London, August 15.—Lord Kitchener is reported to have told friends that the war would last about eighteen months. Reuters' Agency has a Trieste despatch saying the Austrian steamer Baron Gautsch struck a mine off Lussin Island and was blown up. A hundred and fifty passengers and crew were lost and the same number saved.

BELGIANS WILL NEVER GIVE UP FORTS TO GERMANS

London, August 15.—The French embassy has been notified by the foreign minister that the forts at Liege are still holding out, despite the repeated attacks of the Germans. An official despatch says the Germans have not yet penetrated the French lines. The Belgians have been instructed to blow up the forts rather than surrender them to the Germans. The Germans have suspended the bombardment of the Liege forts concentrated on the right bank of the river. Their efforts are against those west of the town.

GERMANS AT EGHEZEE FELL BACK ON HUY

(Special to THE NEWS)
London, August 15.—A despatch from Brussels says the battle near Eghezee, north of Namur, was hotly contested. The Germans, according to the despatch, were surprised by the Belgians and sustained severe casualties. They eventually fell back hurriedly on Huy.

MONTREAL SENTRY SHOTS DOWN FRENCH RESERVIST

(Special to THE NEWS)
Montreal, August 15.—One man was shot and another is in the General Hospital suffering from a rifle wound, the outcome of a misunderstanding by the dead man. A sentry on the Craig Street armory shot the man dead. A French reservist arrived from Cape Breton this morning and was waiting for a photograph on the street when he was ordered by the sentry to move. He either misunderstood the order or was preverse and would not obey. The sentry attempted to expedite the order by showing him with a rifle clapped between his extended hands. The stranger resented the treatment. The sentry is said to have put the rifle to his shoulder and fired, shooting the man through the groin. He died in the hospital. The other man was wounded in the groin, the bullet having passed through the reservist.

FRENCH AND BELGIANS EXCHANGE OFFICERS

(Special to THE NEWS)
Paris, August 15.—It is officially announced that the unification of the French and Belgian forces has been established by an interchange of officers. The Belgians exchanged Col. Orjo de March Lovelette, of the Cavalry, and Major Melotte, former military attaché at Berlin, for the French Captain Chalet, Lieut. Col. Adelbert, and General Genie. The latter is a military attaché at Brussels.

WELCOME THE TROOPS

According to a wire received today, 200 volunteers from Vancouver are coming to Rupert for duty. While a good many people believe that this task should be given to local men, it should be clearly understood that the fault does not lie with the visiting troops. They have enlisted for service to the British Empire and should receive a hearty welcome as such.

OTTAWA, AUGUST 15.—Premier Borden has received application from the Japanese on the Pacific Coast, who saw service in the Russo-Japanese War, to form a regiment of a thousand men and cross the Atlantic with the Canadian forces.

GERMANS SLOWLY ADVANCING ON TOWARD BELGIUM

London, August 15.—The German troops are advancing slowly in a sweeping movement, their centre at Hannut, their right wing north hand east of Hasselt, and their left wing resting on the River Meurthe, between these and Herz. The Belgians are only delaying and not stopping the sweep of the German advance to the north and east of Brussels. The Germans are slowly but surely enveloping Brussels. Apparently the Belgian and French strategists do not plan on any stubborn resistance at Brussels. The Germans may, in fact, capture Brussels in a week with scarcely more than outpost fighting.

TIREMONT, AUGUST 15.—The German advance became more pronounced and general today. After the comparative quiet of last night, the infantry have been advancing in the direction of Tongres and St. Trond, north of Liege and between Liege and Diest. Another attack is expected in the direction of Diest or Aerschol, northwest of here.

OTTAWA AUTHORITIES THINK HOSPITAL SHIP PLAN NOT GOOD

SUGGEST THAT MONEY RAISED IN CANADA BE USED TO RELIEVE DISTRESS INCIDENTAL TO WAR—GIFT IS ALREADY ACCEPTED BY IMPERIAL GOV'T.

Ottawa, August 15.—Although an offer by the Daughters of the Empire, from headquarters at Toronto, in co-operation with other women's organizations, in Canada for a hospital ship has been accepted by the Imperial Government, it is understood that in the opinion of experts the necessary funds might be devoted to more practical purposes at the present time. The hospital ship in Canada will, it is expected, be somewhat impracticable, in addition to being a more expensive way of looking after the sick and wounded than the regular army hospital. The authorities here would prefer to have funds raised by voluntary subscription at the present time devoted rather to looking after the families who may be left in need as a result of the men going to the front and for similar purposes.

At the time of the South African war a patriotic fund of nearly \$500,000 was raised for these objects. It was not all needed at the time, and it is understood that about \$150,000 remains to the credit of the trustees, under the chairmanship of J. W. Courtenay, Ottawa. This balance will probably now be devoted to form a nucleus of a patriotic fund to meet the present situation. There is no doubt that every dollar that can be raised by voluntary subscription will be used to relieve distress in Canada, on account of the war.

SMOULDERING RUINS ON ALL SIDES IN CITY OF LIEGE

(Special to THE NEWS)
London, August 15.—Refugees from Liege tell the story that thirty thousand inhabitants fled from the city when the shells began to fall. The remaining inhabitants buried themselves in cellars. Havoc marks the city everywhere. Gaping bridges, fallen roofs and smouldering ruins can be seen on all sides. There is no street where troops have not fallen. During the night the city assumed an aspect of graveyard silence, broken only by the distant thunder of heavy guns.

THE GERMANS ARE PATROLLING ALL DOORS OF THE CITY WHICH MUST BE KEPT OPEN.

The Germans are compelling the bakers to turn over their entire product of the bakeries to the army every morning while the inhabitants go hungry. The German soldiers are cooking their meals in the streets while the hungry inhabitants look on from their concealed positions in the houses.

AUSTRIANS AND SERBIANS IN FIERCE CONFLICT

(Special to THE NEWS)
London, August 15.—A Reuter despatch from Nish gives an account of hot fighting on the Serbian frontier. Four hundred thousand Austrians met the Serbians and a fierce battle extended all along the line. Finally the Austrians were repulsed with heavy casualties, towards Tekia, on the Roumanian frontier. They were also repulsed from Belgrade. However, the enemy succeeded in crossing the Save. A big engagement is expected again this evening. The fall of Sabac is not considered important by the Serbians.

GERMANS TRYING TO RUSH ON PONTISSE

(Special to THE NEWS)
London, August 15.—A despatch from Brussels says the fort Pontisse and the neighboring forts west of the city of Liege, are still holding out against the fierce attacks of the Germans. The Germans have been trying to rush on Pontisse. The main force, however, are unable to get beyond the bases of the fort. They are mown down by the defenders in large numbers.

ANOTHER AUSTRIAN PRIZE IS TAKEN

(Special to THE NEWS)
Alexandria, Egypt, August 15.—The new Austrian liner Marienbad was captured yesterday by a British warship between Bombay and Trieste and is now in port here.

CIVIL SERVICE VOLUNTEERS WILL GET FULL PAY

(Special to THE NEWS)
Ottawa, August 15.—All ex-naval stokers are urgently requested to telegraph their names and addresses, charges collect, to the Department of Naval Service at Ottawa, if they are willing to report for special coaling duty at Halifax.

An Order-in-Council has been passed providing that members of the civil service who accompany the Canadian expeditionary force across the Atlantic will receive full pay during their absence.

GERMANS BEATEN AGAIN YESTERDAY NEAR DIEST

(Special to THE NEWS)
Paris, August 15.—An official statement issued today says the German troops were beaten yesterday at Diest, and retreated on Hasselt. They lost heavily. They tried to resume the attack on the Belgians' southern flank, and the German cavalry division charged. They were repulsed, however.

In the evening a column of German infantry moved in the direction of Vise and Tongres, but no new engagement occurred.

Towns near the Saale Pass are entirely occupied by French troops. French artillery attacked the German troops near by and its fire greatly helped the infantry movement. Belgian infantry ambushed two companies of German cyclists at Vessinach, north west of Cumtich, yesterday, killing fifty.

GERMAN GENERAL KILLED AT LIEGE

(Special to THE NEWS)
Brussels, August 15.—The death of General von Emmich the German leader at Liege, is confirmed. He is succeeded by General Von Der Marwitz.

DAILY EDITION

Saturday, August 15, 1914

A recent letter in The Daily News from the Ukrainian residents of Prince Rupert brings to mind the fact that these people at one time constituted one of the largest nations of Europe. In many respects the Ukrainians are like the Jews. They are a nation without a country, but among all their 36,000,000 people the national sentiment is as strong as ever. Although they do not support the Pan-Slav movement they are a branch of that race but differing in many important characteristics. About 28,000,000 of them are in Russia and only 3,500,000 in Austria-Hungary. In Canada there are about 300,000 of them, many having become British subjects. None of them will go back to fight in the war for they consider Austria their enemy as well as Russia. Those residing in Prince Rupert have done well to state their position. It also might

be a good time to declare for British citizenship.

The German cruisers are reported to be eager for a fight with the Rainbow. Recent wires would indicate that they are coming north with that in view. Most people will hope that they get their wishes. The Rainbow has heavier guns and should be able to make quick work of them. At any rate the submarines should render considerable assistance and the German cruisers would have the time of their life if they come north.

If, however, these German ships are of the same temper as the rest of their navy seems to be the chances are that they will seek cover and show the white feather. "The Day," to which they have been drinking for so long, they seem to be very anxious to defer. It would appear, at any rate that they realize it would be useless to face the British fleet at present.

There must be many citizens in this outpost of the Empire at the present time anxious to know the real starting point of the war and a few observations made from a letter received from a war correspondent of the Daily Telegraph, Vienna, may be found interesting.

Vienna July 12.—I was recently on my way to Rome from Athens and travelled up to Santa Quanta with M. Zograpos and his collaborator M. Harapanos, with both of whom I had long conversations regarding the present state of the Austrian and Serbian situation, and received a remarkable commentary on the feelings called forth in Austria-Hungary against Serbia by the Sarajevo outrage, from a source closely connected with the Austro-Hungarian Foreign Minister, Count Berchtold. My informant's statement is as follows: In order to understand the feelings which have excited the public of Austria-Hungary by the Sarajevo murders, the evils to which this country has already been subjected at the hands of the small neighbor in the south-east must be taken into account.

Serbia for the past ten years has directed its policy to wresting such regions as are inhabited by the Serbs from Austria-Hungary and even hoped to secure the entire southern Slavonic territory now incorporated with the monarchy. The thought alone that the neighboring state entertains such projects destroys all confidence with finality absolutely preventing the enjoyment of the full measure of peace and quiet.

Conspiracy and assassination are the principal weapons of the Serbian State and the Serbian Press never ceases to recommend to the people of its country means which would not find the approval of Europe.

It is not only Austria-Hungary which feels the effect of these unscrupulous anarchical methods. Europe learned with horror of the assassination of King Alexander and his wife some years ago. We then came to the attempted assassination of King Nicholas, the father-in-law of the present king of Serbia which is the next event in the bloody chapter of Serbian history. The outcome of which may shake the strongholds of Europe, Great Britain and her far flung Dominion over sea.

In alluding to these countries it is advisable in order to follow passing events to study the map of Europe. The unscrupulous Serb does not even spare the dead in his political fight. Serbian fanatics plundered the tomb of Prince Alexander Karageorgevitch during the Christmas festival in 1911, and carried away his skull from the Vienna Church yard

where he was buried, throwing it on a rubbish heap outside an adjacent factory. It is of the utmost importance not only for the monarchy, but for all Europe, that Serbia should be reminded of her duties of neighborly correctness.

The Zeit reports that the Austrian Ambassador in Belgrade has sent his family to Semlin in consequence of the alarming reports that several members of the German Embassy in Belgrade have left for Semlin.

It is reported that the Serbs intend to revenge themselves on the Austrians and Hungarians in Belgrade for the attacks made upon Serbs in Bosnia.

FASTEST GERMAN GUNBOAT REPORTED BOTTLED UP

The German battleship Goeben which is reported to be bottled up in the Dardanelles along with a German cruiser, is the speediest ship of the German navy, and one of the fastest battleships afloat. She has a speed of 28 knots. Her displacement is 22,600 tons; horsepower, 70,000. She carries ten 11-inch guns, twelve 6-inch guns, and twelve 3½-in. guns, besides a crew of 1,013 officers and men.

TWO ADMIRALS WILL COME THROUGH CANAL

The steamships Admiral Dewey and Admiral Schley are now loading in New York with cargo for San Francisco and Seattle. They will be among the first to pass through the Panama Canal and will sail direct for Seattle at that point to be taken by their owners, the Pacific Alaska Navigation Co., and there placed in service between Seattle and San Francisco, thus completing the fleet of Admirals on this coast, now in successful operation on both the California and the Alaska runs.

EMPRESS EUGENIE GETTING HER REVENGE

London, August 15.—A despatch from Rome says: "The aged French Empress Eugenie, who is at Bologna, takes a vivid interest in the war. When Count Pietri, her faithful companion in her long years of misfortune and exile, announced that fighting had begun, her eyes shone and she cried:

"This is my revenge. Were the Emperor only here now! May God protect France."

"She makes constant comparisons with the war of 1870."

HARDTACK biscuits

which the young bride has made famous is very often caused by using flour made from germinated wheat, that is, wheat which has sprouted.

Before buying any grain we test a small sample in our laboratory; then we grind it into flour in a miniature mill; lastly we

bake bread with that flour. If that bread is light, creamy white and velvety, we O. K. the wheat; otherwise it is rejected.

Paper Sees Silver Lining to Black War Clouds

Vancouver, August 14.—The Seattle Times is not so sorry for the war as it might be; at least it sees a silver lining to the cloud. It is going to mean a lot of money in the pockets of Pacific people, and it thus dispels the gloom on the outlook:—
The Pacific Coast should benefit from the remainder of the summer and the coming winter from the diversion of tourists from the rest of the country.
Unpleasant experiences of several hundred thousand means now abroad will deter citizens of this country from going to the Continent, unless they desire to see what modern war is—and share the perils of combatants while they look on. In winter, even should the war be of brief duration, there is no incentive to go abroad. To take Europe at least a year and then return home after peace has been proclaimed.
There will be mourning in the leading country of the Old World. Social events will be eliminated entirely, or so limited that they will offer no relief to the American, untouched by the titanic struggle.
A dun atmosphere, with glooms showing too plainly, will keep Americans at home. Years in tears will be altogether and a hostess to either despair or receive the usual flood of tears.

Under the circumstances, the portion of the tourist tide that naturally gravitate to this coast—the playground of those who desire to see something different from the home scenes, and the next twelvemonth should be an unprecedented travel to the Western Coast from Mexico, Alaska, and particularly to the last-named section of the World.

WAR IN MIDST OF BURSTING SHELLS

Vancouver, August 15.—French aviators are constantly flying over the coast where the German balloons are disposed without paying the slightest attention to the bursting shells of the enemy.

FAX HARBOR IS NOW MINED

Vancouver, August 15.—The mining of the harbor was completed last week and the naval authorities announce that no small ship may enter or leave the port, and that large steamers will be allowed to depart until all the mines have been accurately located.

GERMANS HAD PLANNED TO RAID BRUSSELS

Brussels, August 15.—Military authorities here assert that German cavalry divisions were told to make a raid on Brussels, with the object, it is believed, either of levying war contributions or seizing the treasury. It is argued that they evidently reckoned on not meeting any Belgian resistance.
As evidence that the German plans to traverse Belgian territory were known to well-informed Germans here it is pointed out that a celebrated chateau in Belgium, belonging to a German prince, was emptied six weeks ago of all the silver, works of art and other valuables being sent to Germany.

Authentic information about football games, either scheduled or postponed, can be had by calling up Fitz Cigar Store.

MONTREAL MILLIONAIRE MAKES MAGNIFICENT OFFER

Ottawa, August 15.—An offer of \$500,000 to be applied for defence purposes in any way that the government deems fit has been received by the Minister of Militia from a prominent Montreal millionaire, whose name is not yet disclosed. The offer has been accepted, and it is said that this splendid donation will be devoted to the purchase of some quick-firing guns, this being considered the chief need of the Canadian forces at the present juncture.

PRICE OF COAL IN PRINCE RUPERT

Dealers Present Detailed Statement Showing Cost of Handling

The following statement of the cost of handling coal in Prince Rupert would indicate that there is not the profit in the business that some would think. The Daily News demanded a few days ago that it was up to the coal dealers to explain the recent rise in price. This action was taken at the request of a large number of the public. It is now up to the public to determine whether in view of conditions the price charged is too much.

The base ball game last evening between the C.C.'s and an All-Star team from the city was won by the Stars 10 to 8. It was a good game for the spectators although the crowd was not large. The feature of the game was the good work of Ben Self as umpire. Ben furnished lots of entertainment to cover up any decisions he was not sure about.

Football enthusiasts should make a point of attending at Market Place tonight when the Callies, fresh from their recent smart victory over the Merchants, meet the Drydock in their return league game. Prince Rupert is getting somewhat famous when a high class dressmaking outfit from New York would consider coming here and going into business. Miss M. L. Murphy, who has had a large experience in that line in New York, has just arrived in this city and has taken rooms in the Exchange Block formerly occupied by Patmore & Fulton, and will launch out in a first class dressmaking business. There will be no further excuse for anyone going outside for the very latest in dress for it can now be had right here at home.

FIRE LEAVES 350 PEOPLE HOMELESS

Nanaimo, August 15.—Three hundred and fifty persons were rendered homeless when sixty homes, two stores, two pool rooms and the Alexandria Hotel were destroyed by fire which swept South Wellington Tuesday afternoon, licking up everything in its path. Where the little mining camp once stood now remains but six houses and the Union Hall on the ground floor of which is located Bateman's store. The property loss will reach nearly \$100,000, with less than \$20,000 of insurance. The first started from bush fires.

SHIP BONDHOLDERS WANTED WAR RISK ON G. T. P. BOATS

Vancouver, August 15.—It is reported here that the bondholders were responsible for the withdrawal of the G. T. P. steamships Prince Rupert and Prince George from the Prince Rupert-Vancouver run as soon as war broke out.

The bondholders insisted on the company carrying war risks on both steamships. The cost of the same was estimated to be between \$50,000 and \$60,000 per week. This was plainly prohibitive, so the Prince George has been turned over to the naval authorities, and the Prince Rupert is at the disposal of the admiralty at any time.

On August 12th the Prince George, which has been converted into a hospital ship, sailed from Esquimalt under sealed orders. She was under command of her regular skipper, Captain Donald. She sailed at an early hour, and no one could ascertain the reason for her sailing or her destination. She was subsequently sighted by the Japanese steamer Shidzuoka Maru about twenty-five miles west of Race Rocks and steaming at full speed for Cape Flattery, at the entrance of the Straits of Juan de Fuca.
