JAPANESE FIGHTING TO BE CONFINED TO CHINA SEAS — CAPTURED PRIZE BOUND FOR BRAZIL

BRITISH NAVY IN CONTROL OF THE MEDITERRANEAN

London, August 18.—The French engaged in battle the Austro-warships yesterday. The battle took place in the Adriatic. Four Austrian warships were captured. The names of them are given below.

Swept the Sea
London, August 18.—The British naval news bureau says the British fleet in the Mediterranean has swept up the Adriatic Sea and captured a small Austrian cruiser, Ashern Tyoe, of 1,000 tons, was fired on by the British vessels and sank.

Confirmation Obtained
London, August 18.—A confirmation of the naval fight in the Adriatic is given in a despatch from Cetinje to the Government. It says the Austro-battleship Zrinyi and three other battleships, the names being unobtainable, were sunk by the British fleet.

A number of French and British warships are said to be operating along the coast of Austria.

BRITAIN ONLY NATION TO ALLOW OBSERVERS

London, August 18.—To Great Britain is the only nation which has responded to the United States Government's request addressed to all the nations involved in the European war whether American army observers would be allowed to be present during their campaigns.

A WIRELESS IN TOUCH WITH ATLANTIC

London, August 18.—The transatlantic wireless telegraph plant at Glace Bay the top of the building, wherein the main apparatus is located, has been a good move. Many messages have already been picked up, and with the equipment right at hand, the staff is able to learn movements of shipping in Lawrence and along the seaboard.

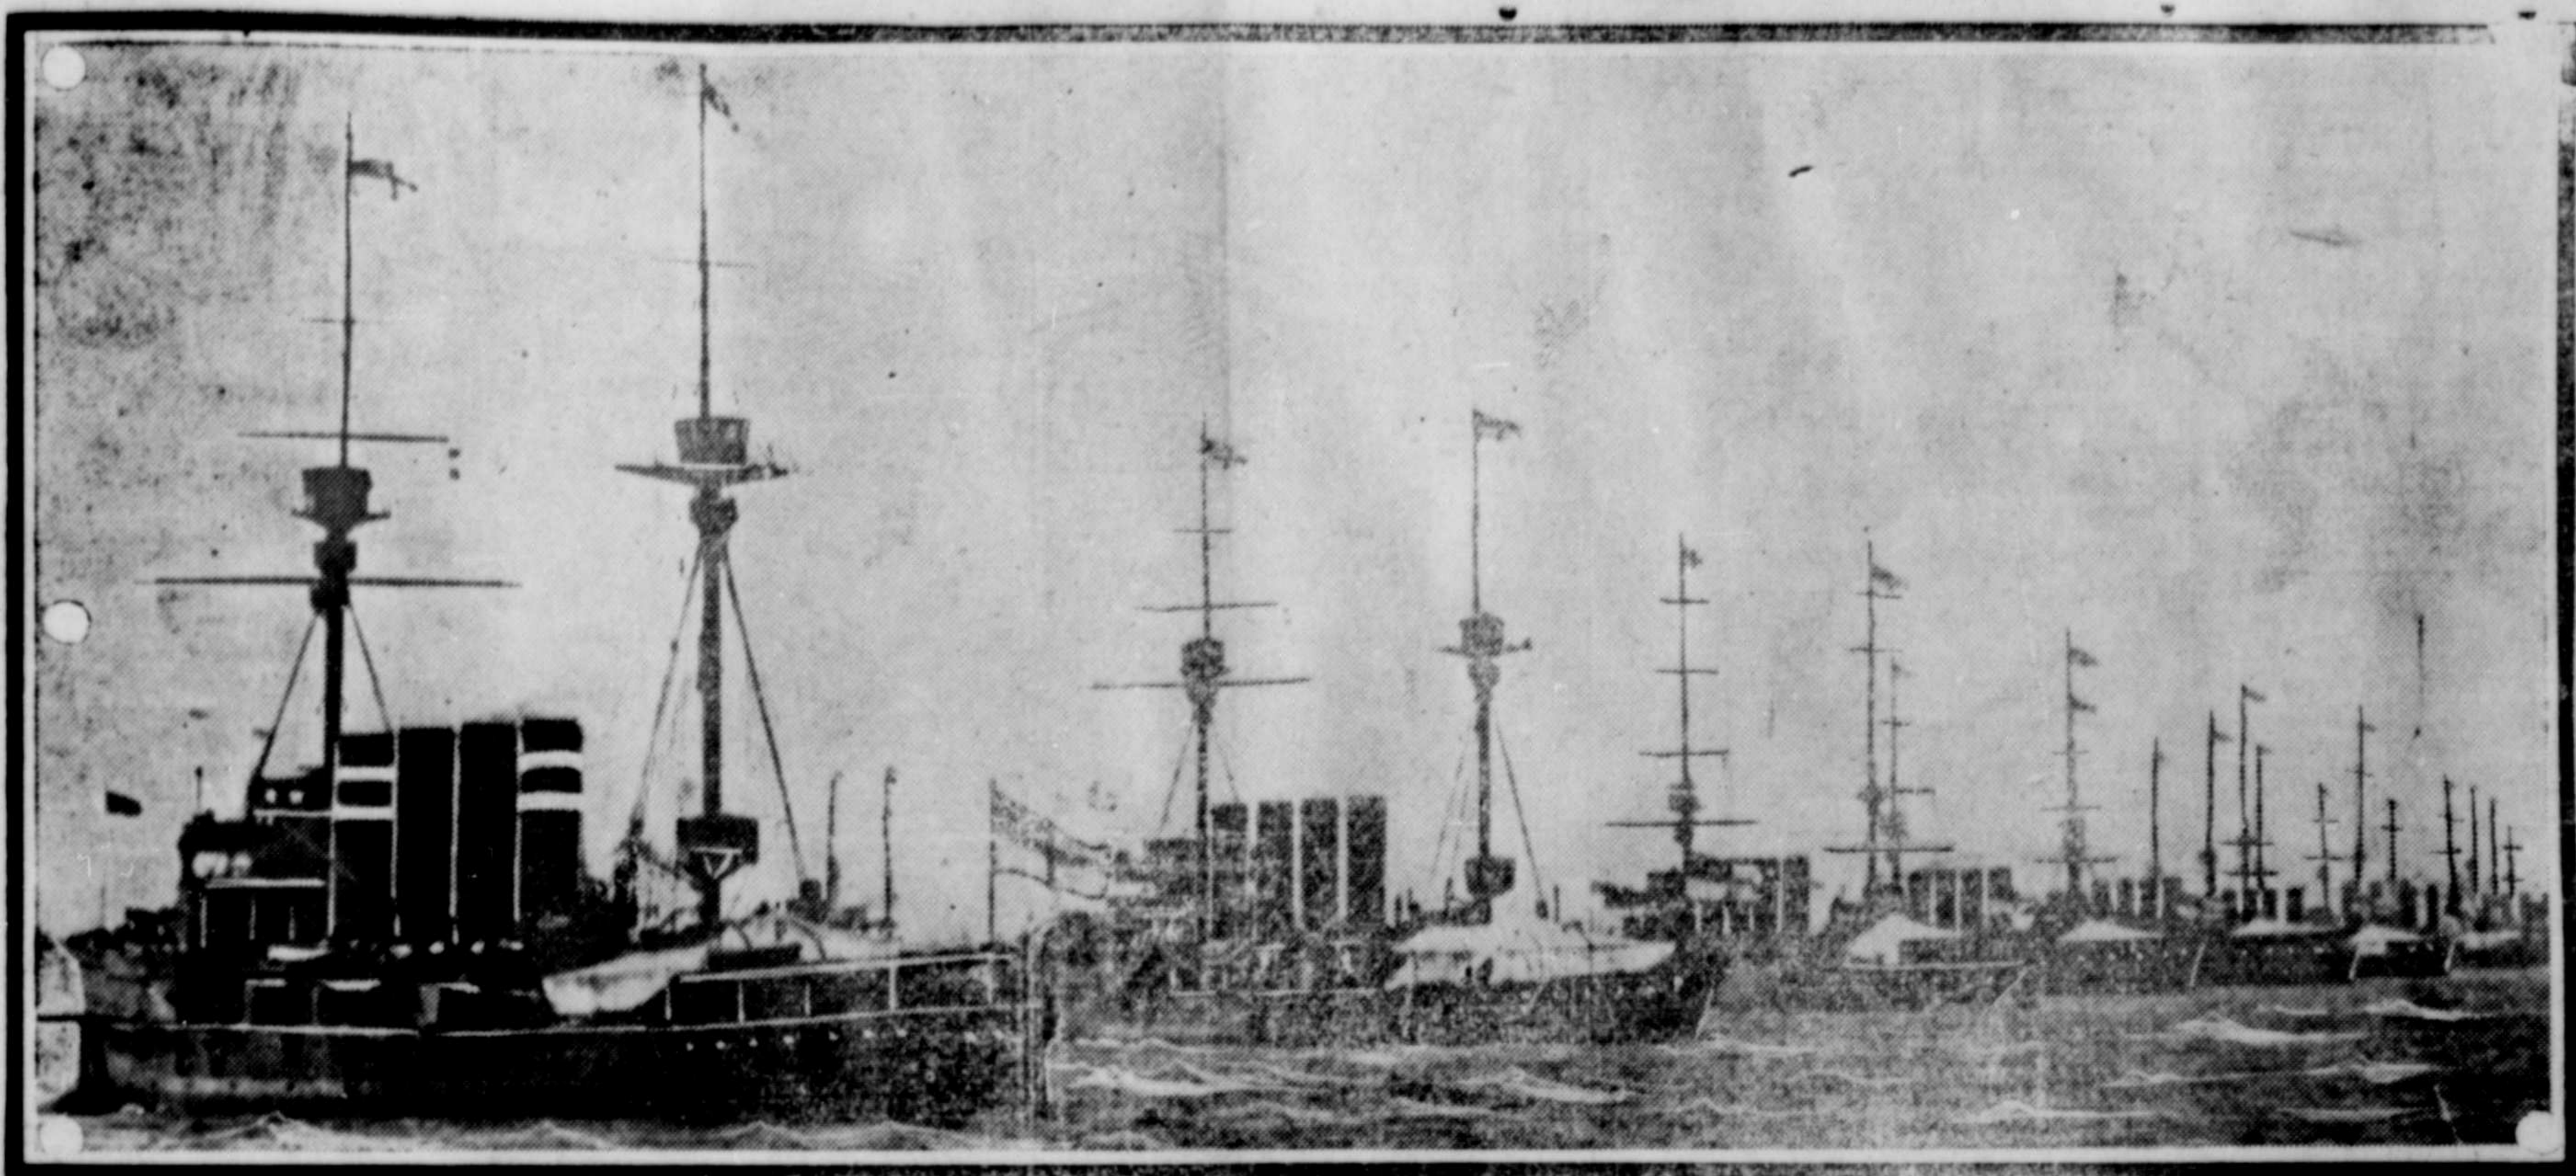

The equipment has a range of six hundred miles for land, but can receive messages from a greater distance. In conjunction with the transatlantic Glace Bay the operator is able to keep the department informed on all developments along the Atlantic.

BERNHARDT SAYS 'TIS A HOLY WAR

London, August 18.—Sarah Bernhardt, the septuagenarian actress, says that the European war is a holy war, the holiest in which man ever suffered. "The soldiers," she says, "are not for the flag, but for humanity—for the end of all or universal peace." She says that when she heard the flag was floating over Alton, she regrets not being a man "in order to fight the Germans who too long have ruled the whole world."

STING G. T. P. COUNTRY

The August issue of the British India Magazine is devoted exclusively to a history of the Pacific, its past and one country it passes through. The articles were prepared by W. J. Leary and in the city some weeks ago. One article on "Canada's Pacific Seaport," was written by Godenrath, the Board of Commissioners. The magazine contains many views of Rupert and the country along the coast.

"THE IRON WALLS OF BRITAIN"

The first squadron of the British fleet which sailed under sealed orders some time before Britain declared war on Germany. The fleet was located several days later in the North Sea, probably watching for developments. It is quite likely that this fleet and some of the other British squadrons are waging war at the present time. This photo was taken at Spithead at the recent manoeuvres and only includes a few ships of the mighty first squadron—the pride of all.

MAYOR ASKED FOR 'EM

According to The Victoria Colonist Mayor Newton called upon Col. Roy, D.O.C., on August 10th, and requested troops be sent to Prince Rupert. In Vancouver he previously made this statement:—"The citizens of Prince Rupert are naturally feeling very anxious these days in regard to the possible visit of a German cruiser. The new Northern city is absolutely unprotected and could offer no resistance in the event of a visit from a cruiser of an unfriendly nation. This state of affairs will be brought to the notice of the Provincial Government on Monday, and a request will be made to provide the city with some kind of effective resistance."

WILL TAKE GENERATION TO REPAIR LOSSES

London, August 18.—Discussing the effect of the war on the international trade, the Evening News remarks: "Germany will sustain losses in Canada and Australia which will take a generation to repair. She has been doing an increased business underselling British makers, but all this will disappear." The Manchester Guardian, the most liberal northern daily paper which at the first was entirely for Britain holding aloof from this war, has today a prominent editorial on the imperial sentiment which the war has called forth in the Dominions. "There must be few people in England so cold that their hearts have not glowed."

FAIR WILL BE HELD ON SCHEDULED TIME

Washington, August 18.—"Notify all foreign governments that there will be no postponement of the San Francisco exposition," was the substance of a telegram which C. C. Moore of San Francisco, president of the exposition, has sent to the State Department. The statement was in response to enquiries from Uruguay and Chile as to whether the exposition would still hold to its original plans in view of the European war. The exposition is to open February 20th, 1915.

AUSTRIA-HUNGARY ATTACKS MONTENEGRO

(Special to THE NEWS)
London, August 18.—A despatch from Cetinje says the Montenegrin forces have been engaged the last two days with a strong detachment of Austrian troops in the neighborhood of Grahovo. The Montenegrin casualties in dead and wounded were forty-five. On August 15th the Austrians attacked the western frontier of Montenegro from Kricosjeto to Grahovo. At the same time Austrian ships bombarded the Montenegrin position at Lovcen. The Austrian army corps have invaded Russian territory according to a Vienna despatch. The Russian advance on Brody and Sokal has been checked.

MAKES OVERTURES BELGIUM

(Special to THE NEWS)
Berlin, August 18.—Germany in a note to the Belgian government intimated that Belgium so brilliantly proved her honor in arms that the Germans after taking Brussels will be willing to conclude arrangements, compatible with the conflict between Germany and France. They would evacuate Belgium as speedily as the war conditions permitted. The Belgian Government refused to entertain the German proposition.

DEFENDING BRUSSELS

(Special to THE NEWS)
London, August 18.—The seat of Government has been moved from Brussels to Antwerp. Measures have been taken for the defence of Brussels because of the approach of the German cavalry.

TOOK 500 PRISONERS

(Special to THE NEWS)
Paris, August 18.—The War Office announces that the French troops have occupied an important peak at Donen where they captured 500 Germans.

PORTS ON ADRIATIC ARE ALL MINED

Rome, August 18.—The Italian Government has announced that all her ports on the Adriatic are mined and warning is given to all shipping. The Government has also delivered to Austria an ultimatum that the neutrality of Swiss territory must be preserved otherwise the Italian Government will declare war on Austria.

AMERICAN DIPLOMATIC WORK IS APPRECIATED

London, August 18.—Francis Dyke Acland, foreign under-secretary on behalf of the British Government, gave expression to British appreciation of the diplomatic assistance rendered by the United States. Speaking in the House of Commons he said the various American embassies had been most kind and courteous in all matters connected with the position of British subjects abroad. He hoped that before long it would be possible through the United States to arrange for the exchange of British subjects in Germany for German subjects in Britain. The Times editorially expresses the profound satisfaction of the British people at the evidence which the paper says it finds that the cause for which they are fighting has the sympathy of their American kinsmen.

The Times adds that the American people "are now beginning to appreciate that the rise of Germany to the power and influence hitherto enjoyed by Great Britain would be a development inimical to the American interests and a menace to the freedom of the United States as a world power."

Referring to President Wilson's offer of mediation, The Times says that there is much stern work to be done before any government is likely to avail itself of his proffered services.

JAPS FIGHT ONLY IN CHINA SEA

(Special to THE NEWS)
London, August 18.—The following statement has been issued by the British official press bureau: "Any action Japan takes against Germany will not extend beyond the China Sea, except so far as may be necessary to protect Japanese shipping lines."

CAPTURED BIG PRIZE

(Special to THE NEWS)
Rio Janeiro, August 18.—The British cruiser Glasgow has captured the Hamburg-American liner Santa Catherina, which sailed from New York for South American ports.

ITALY CALLS RESERVES

Malta, August 18.—The Italian consulate here has issued a call for the reservists of 1889 and 1890 of all classes.

TALES OF TERRIFIC BATTLE

(Special to THE NEWS)
Berlin, August 18.—The German wounded tell of the terrible battle at Le Garde. The fighting lasted for seven hours in a burning sun. The Germans were opposed by a far superior force, strongly entrenched. The German artillery fire was brilliant, two especially dangerous French batteries were taken, they said. The German staff is said to have refused to allow newspaper correspondents with the army. Only the general staff is permitted to give out news. There is little doubt that a great battle is occurring in Belgium between the Germans and Belgian and her French allies. The despatch indicates that the Germans are advancing into the historic battlefield of Waterloo.

ANOTHER UNCONFIRMED STORY

(Special to THE NEWS)
London, August 18.—A Paris despatch says a reported engagement between a German and British warship occurred off the Canary Islands. It stated the German cruiser was sunk, also that the British cruiser captured a German ship containing munitions of war. The British official bureau has no information concerning the reports.

GERMANS GROW CAUTIOUS

(Special to THE NEWS)
Brussels, August 18.—A despatch says the German troops failed in their attempt at a forward movement, returning without fighting from the direction of Hannuht. The reverses sustained by the German cavalry at Haelen has made them palpably more cautious. They are moving more prudently without coming into any serious engagement.

JEWES TO GET RIGHTS

(Special to THE NEWS)
Paris, August 18.—A correspondent to the Exchange Telegraph learns that the Russian Emperor will sign a proclamation giving the Jews equal civil political rights along with other subjects.

NO NEWSPAPERS ALLOWED

(Special to THE NEWS)
London, August 18.—The British army officials have also decided not to allow newspaper correspondents to accompany the field forces. It is understood the correspondents asked leave.

DAILY NEWS DRAWING

The last drawing held for the salesboys of The Daily News for a suit of clothes resulted in a win for Billy Martin. These drawings are getting very popular and there is a great rush for tickets which are given for every five papers sold. The suit given as a prize to the lucky boy is first class in every respect. It is secured from the Acme Clothing House which makes a specialty of the Boy's Department, and who have a large and choice stock to choose from. Besides this the boys make the usual profit on the sale of the papers so that every body wins. Some of the boys make as high as three and four dollars per day.

JAPS MAKE ALLIANCE

(Special to THE NEWS)
London, August 18.—The British official bureau says that Britain and Japan have been in communication and are of the opinion that it is necessary to protect general interests in the Far East.

It is contemplated an Anglo-Japanese alliance will be formed especially for the independence and integrity of China. It is understood the action of Japan will not extend into the Pacific beyond the China Seas except where necessary to protect Japanese shipping on the Pacific, nor in Asiatic waters westward of the China Seas, or foreign territory except in territory of German possession on the Continent of Asia.

GARIBALDI'S SON TO RAISE ARMY CORPS

Rome, August 18.—Garibaldi's son has asked and received from the Government permission to raise an army corps of from 5,000 to 10,000 to go and help the French in Belgium. Newspapers opened subscription lists and quickly raised the funds necessary to equip the corps.

FRENCH ARMY IS PRESSING FORWARD THROUGH ALSACE

Paris, August 18.—An official announcement by the French war office says the advance of the French armies continues. The troops have taken the heights north of the Alsatian frontier in German territory. The French line now passes through Alzebach, Lorquin, Azouange and Marsel in Moson or Rougemont region.

They have occupied Schirmeck eight miles from Saales and have captured twelve German field guns, eight machine guns and twelve gun carriages with ammunition. The cavalry has penetrated as far as Lutezelhausen, Muhlbach or Rosheim. Farther south they occupy Ville, east of Durbeis, and Sainte Croix mines.

Some heavy field artillery has been captured by the French troops.

An official of the press bureau of the war office and admiralty issued the statement that the French troops in the course of their rapid advance along the valley of Schirmeck had taken 1,000 prisoners. The scene of the fighting in the last few days was in Upper Alsace.

PAT BURNS OFFERS \$50,000 TO EQUIP FRONTIERSMEN

Calgary, August 18.—Pat Burns, the cattle king of Canada, resident in Calgary, it is understood, has proffered the sum of \$50,000, his share in the defence of the Empire, to aid in equipping the Legion of Frontiersmen, which, 500 strong, has tendered its services to Ottawa. It is estimated that it will cost \$300,000 to equip the legion, which will be composed solely of veterans.

VANCOUVER ITALIANS STRONG FOR BRITAIN

Vancouver, August 18.—Demonstrating their loyalty to the land of their adoption, and to the British Empire, and their sympathy with the Entente Cordiale, over 1,000 members of the local Italian colony paraded the streets of Vancouver headed by a band playing the national airs of Great Britain, Canada, France and Italy.

RALLIED TO TUNE OF THE MARSEILLAISE

London, August 18.—A Brussels despatch says the French casualties in the fighting at Namur and Dinant were heavy. The Germans, strongly entrenched with their artillery, at the outset played great havoc with the French wing at Dinant. That wing had been badly cut up and nearly routed when suddenly the strains of the Marseillaise resounded in the French lines. The men rallied with splendid gallantry and charged hurling themselves on the Germans and going through their lines, putting them to flight.

JAPAN'S ULTIMATUM SENT TO GERMANS

Tokio, August 18.—It is officially announced that Japan has sent an ultimatum to Germany stating that unless Germany withdraws her battleships and evacuates Man Chau unconditionally by August 20, Japan will take action.

CHINA WANTS IN

London, August 18.—China has sent an ultimatum to Japan threatening war unless Japan allows China herself to recover any territory now held by Germany.

BELGIANS MOVED CAPITAL TO ANTWERP

DAILY EDITION

Tuesday, August 18, 1914

If it is necessary to repeat what The News has already said, the following from The Vancouver Daily Province strikes the nail right on the head:—

It will be noticed with great regret that at one or two Conservative ward meetings certain speakers have taken advantage of the European catastrophe to make party capital out of a world's misfortune. This tendency is to be most strongly deprecated. It does absolutely no good to argue now who was right and who was wrong. Our own views on the subject are well known, but it would be stupid to reiterate them at such a time. We Canadians, Liberals and Conservatives, all stand together shoulder to shoulder in this business. If one party has been wrong and the other right this is no time to say so. More-over the problem could still be argued with perfect justification from both sides of the fence. But at such a time as the present there is only one party in Canada and that is the Dominion party. Liberals and Conservatives may have their domestic differences, and it is an excellent thing for the country that they have such differences. No one desires utter stagnation of political thought. We are quite prepared when occasion offers to pick up the fencing sticks where we dropped them, and will endeavor to make points for whichever side we choose. But now there are no sides, and it

is a great pity that men who speak at meetings, even if they are Conservative ward meetings, cannot refrain from a dig at their opponents. It does the party no good, and does not redound to the credit of the speakers themselves.

The great thing at a time like this is to take a broad view that all party politics have their faults, and all parties make errors. To accuse one party of disloyalty and claim for another that it is the only loyal party is absurd. The tremendous fact is that the whole aspect of Canadian politics have been changed forever by the German challenge. Quebec today is heart and soul with the rest of Canada and for ever will remember that the English-descended peoples of Canada sprung to arms on behalf of a French speaking country. As long as Canada is a nation that great fact will never be forgotten. What it means to us all in the future it is impossible to say. But it is obvious that East and West have been united through this war in a way that nothing else could have accomplished. For that we should all be extremely thankful. It is worth a great sacrifice, and while we may be called upon to make that great sacrifice we should do so as one man and not as half a dozen petty politicians quarrelling as to whether one was right or the other wrong. We sincerely trust there will be no need to call attention to such a thing again.

DECIDE TO HOLD FAIR BUT REDUCE EXPENSES

Prize List Will Be Cut Down, Donations Cut Out, But Fair Will Go On

The Directors of the N. B. C. A. & I. Association met on Saturday to decide whether it would be possible to hold the Exhibition in view of the present financial stringency and the European situation.

Very careful estimates had been prepared which showed a necessary expenditure of \$14,483 in order to carry out the complete programme. Some of the large donations had been cut down to one quarter of what they were last year. The representatives of the farming districts had made strong recommendations that the Exhibition should not be cancelled for this year.

The only alternative was to cut out sufficient classes to bring about the necessary saving.

After very careful consideration the directors decided to cut out the following classes: 1, 2, 3, 4, 5, 7, 9, 10, 11, 12, 15, 22, 23. Sections 3, 4, 5 in Class 25, 28, 33, 34, 35, except sections 28 to 38, and Class 36.

The school prizes will be cut in half.

The decoration will be reduced to a minimum.

All other expenses will be reduced as far as possible.

CAN. GENERAL ELECTRIC TO RAISE AND EQUIP CORPS

The Board of Directors of the Canadian General Electric Company, after full consideration, and having regard to the present serious situation, have resolved to submit to the Dominion Government an offer to raise, equip and pay the salaries of a company of twenty-five skilled electrical and mechanical operatives, who would be available for service in any part of the Dominion, under control of the Minister of Militia as part of the Canadian Forces. Their services may be utilized in the erection, repair and maintenance of wireless telegraph stations, cable stations, bridges, transport vehicles, artillery, etc.

GOOD COMEDY PICTURES AT THE WESTHOLME

"How Shorty Escapes Matrimony," is the title of a very clever western comedy serial in four reels, two of which will be repeated tonight and the other two will be shown next Monday and Tuesday at the Westholme Opera House. There is a quaint natural humor in these pictures that keeps the audience in a continual good humor. With the return of Mr. George Werner the musical program will again be a feature at the Westholme and a number of new overtures and selections will be heard in the near future.

BELLA COOLA NOTES

L. Calnan, who has been resident in the town for the last year left for his home in Essex, England, on Sunday last. Mr. Calnan always took a prominent part in public matters at this place and will be missed by his friends. Having regard to the seriousness of the situation in Europe at the present time, the local Liberal party decided to postpone the political meetings which were advertised to take place during the past week. Mr. T. L. Pattullo, of Prince Rupert, has kindly promised to visit us at some more appropriate time in the future.

A. C. Christensen and Oien returned from the interior on Monday evening, bringing with them a bunch of young cattle and a number of horses which they intend taking to their ranch at Takush Harbor. Arrangements have been made for the shipping of the stock by the S.S. Camosun on Sunday next.

Mr. Frank Hagan is in charge of extensive improvements to the Mackenzie School and grounds, which will shortly present a very altered appearance.

Constable Broughton left town early in the week for Kimsquit to investigate an affair in which it is alleged a white man fired a shot at a Jap fisherman, the bullet passing through the sou-wester worn by the Jap at the time. From information to hand it would appear that the white man had become incensed at the Jap whom he claimed was repeatedly throwing out his net so as to completely blanket his (the white man's) net, thus taking an unfair advantage. The Jap when fired upon, having no rifle in his boat, made no effort to retaliate.

Capt. Thorson is busily engaged on the construction of a large scow which is to be used by a local cattle-ranching syndicate to transport cattle to a new ranch which is to be operated at the head of South Bentinck Arm.

T. Sleigh arrived down from Salmon River on Monday and will leave for the south on the next steamer.

A large party including Messrs. W. Gross, H. S. Sinclair, Capt. Stephenson and W. Whitehead left town last Sunday for the hot springs on Dean Channel.

Both canneries at Kimsquit are still engaged on sockeye pack. The Kimsquit cannery has to date a pack of 7,500 cases of sockeye and the Manitou some 5,500 cases.

The remains of the leg encased in a cruiser's high-boot found by a fisherman on the beach close to the mouth of the Salmon River at Kimsquit, has been identified as belonging to the late E. S. Bennett, who met his death by drowning in the Salmon River on 4th of July, 1913.

Walter Ratcliff is at work with

a small gang repairing some bridges on the trail in the Upper Valley.

Orville Robinson returned from Vancouver by the last Camosun, bringing with him a fine work-horse. He expects to move up to his ranch at Nootsatum in the near future.

The Courier joins the many friends of Mr. and Mrs. Reginald Hill in tendering to them hearty congratulations on the birth of a son, which happy event took place on Sunday, August 2nd.

PRESBYTERIAN SERMON

Rev. H. R. Grant preached an able sermon Sunday evening on the duty of one generation taking up and completing the work of the other. He showed how civilization, science or learning could easily be lost to the world if one generation decided to do so. The same was true of morals or religion. People spoke about the Yellow Peril but with the progress made by Christianity in those countries the chief peril for the white race was that their guardianship of the gospel might be transferred to China or Japan. History has shown that when one nation refused to do its duty the privilege was given to another.

ROCHER DE BOULE TRAM TERMINALS
Aerial Cableway Completed Down the Mountain to the G. T. P. Line
(Omineca Herald)
Work is commenced on the terminals of the aerial tramway No. 1 at the end of the line where it joins the right-of-way of the G. T. P. They are using a steam shovel. A spur will be laid off from the main line as an extension and side track, and alongside will be built extensive bunkers to hold the ore. As the tramway will deliver continuously while in operation, it is necessary that the buckets empty their contents rapidly and without interruption. The buckets of the carrier line will dump into the bunkers on arrival at that point. That is one of the many advantages of the aerial line.
The aerial line is nearly finished, and the grading is done for the surface tramway to the mine end of the work.
At the mine itself they started off this week with the drift in 120 feet towards the vein, which, it is expected, will be reached in about three weeks. They are working three shifts and are making from eight to twelve feet per day, depending on the character of the rock. So soon as the preparatory work is finished and the transportation facilities completed, the lessees will begin to see some definite results for the large expenditure and arduous work.
This Fall and Winter should see great activity at Rocher de Boule.

CITY COUNCIL AND THE PRICE OF COAL
The question of the price of coal in the city was introduced at the Council board last evening by Ald. McClymont.
Frank Kelly, who was present, informed the Council that he had not raised the price and is still selling it at \$9.50 a ton.
Ald. Dybbavn thought it a question to take up with the Government.
Ald. Montgomery said it was city business and also complained about the increase in the price of groceries and drugs without reason.
Ald. Basso-Bert wants the city to buy and sell coal.
A motion was put to have the city purchasing agents get a price from the mines.

UNION TRANSFER CO. GOT TENDER FOR COAL
The City Council last evening opened tenders for city coal. The tenders received were:
Lindsay's Cartage Co., 500 tons washed nut coal @ \$8.40
Pacific Cartage Co., @..... 8.10
Union Transfer Co. @..... 7.50
The tender of the Union Transfer Company was accepted. The coal supplied will be South Wellington.

TERRACE NOTES
(From the Newsletter)
The new Central School building is nearly ready for occupancy. Even the Terrace kiddies are casting longing eyes in its direction.
Mrs. E. L. Disler of Prince Rupert, is visiting Mrs. P. Stevenson of this city.
Miss Mary Allison, of Prince Rupert, is spending her vacation with her aunt, Mrs. R. Boud.
E. F. Browne, of Prince Rupert, who spent his vacation with Mr. and Mrs. Large, returned to that city on last Saturday's train.
R. O. Boult, of Prince Rupert, representing the Canadian Explosives, was in Terrace last Wednesday.
J. C. Bearely, of Cedarvale, was a guest at the Terrace Hotel last Thursday.
J. G. Mulville, a constructing engineer of the G. T. P. system was in town last Thursday.
P. D. Sinnott, of Victoria, is at the Hotel Terrace.
R. Heppel, Thomas Kent and R. MacFarlane, of Rosswood, are at the Terrace Hotel.
Mrs. Firestone, of Terrace, and Miss Donna Schanck, of Libby, Montana, left Terrace on Wednesday's train for an extended trip to Skagway, Alaska.

The Board of Works last evening recommended that the plebiscite on the site of the new city building and the extension of Fifth Street be left in obeyance for the time being.
Neil McKay asked the City Council permission to put up a temporary market building. His letter was filed, but it caused Ald. Montgomery to urge the construction of the proposed market building immediately.

The City Council received a communication last evening from the Kerr Engine Company complaining that the tender for valves had been awarded to the B. C. Waterworks Supplies Co. at a higher rate than they tendered. The city engineer showed that the Kerr Co.'s tender was incomplete and was the higher anyway.
The City Council has received permission from the Grand Trunk to build an overhead bridge from Section Two roadway to the new garbage wharf, on condition that they must extend the bridge at any future time when the railway company desires to put in more trackage.

THIS YEAR'S TAX RATE WILL BE 14 MILLS

City Council Brought Down Year's Estimates Last Evening
The City Council last evening struck the city tax rate for 1914. It is practically 14 mills, being three mills lower than last year, as was predicted some months ago. The general rate is 9 mills whereas last year it was 14 mills. Thus the discount this year will be on a much smaller percentage. There are some half dozen more special rates this year than last year which brings the special rate up.
Last year the general rate was high because the sum of \$50,000 was raised on general fund to give the city a water service under extraordinary circumstances. There was also a cash surplus of \$19,000 left over for this year's Council. No provision has been made by this year's Council to return the \$50,000 to general fund.
The rate is made up with 9 mills general; health and hospital 1 mill; schools, 1.255 mills; special rates, 3.710 mills, making a total of 13.975 mills. The hydro-electric rate is increased from .79 last year to 1.654 mills this year. Among the new special rates is a half mill for scavenging and a quarter mill for recreation grounds.

Make Monday Ironing Day

LET Sunlight Soap do your washing Monday morning and you can do the light ironing Monday afternoon. The rub, rub, rub at the board has no place in the Sunlight way—so with the hardest part of washing cut out you'll feel like making it a good day's work by doing at least part of the ironing.

Follow the directions that cut your work in half and remember there's nothing in Sunlight to injure fine fabric or dainty hand. A \$5,000 guarantee backs this statement.

BRITAIN'S WEALTH WILL BE IMPORTANT FEATURE OF WAR

Montreal, Aug. 17.—The organized wealth of the British Empire, a leading banker said today, would become one of the dominant factors in the present conflict. He pointed out that while a generation ago the number of great banks of the world with deposits of one hundred million dollars and over were less than a dozen, at the present time there is sixty-one, and the percentage has been largely with Great Britain and her colonies.

While it was true that the great increase in the resources of individual banks in Canada was due in some measure to combinations and absorptions, the growth of the larger Canadian banking institutions were based very largely upon the accumulation of material wealth in the country. He pointed out that out of sixty one great banks in the world, Canada has three, the Canadian Bank of Commerce, ranking 23rd in the list, the Bank of Montreal 25th, and the Royal Bank of Canada 29th.

POLICE STOP WAR FILM

San Francisco, August 15.—The police yesterday closed a moving picture house and arrested the proprietor on a charge of inciting a riot, because pictures were shown purporting to represent the Franco-Prussian war.

Hotel managers throughout the city have ordered their orchestras to play no national or patriotic airs, not even Hungarian dance music. Repeated clashes among offended guests taught the managers that absolute and impartial suppression was the course of wisdom.

KIDNEY TROUBLE AFFECTED HIS SPINE

Suffered For Forty Years Until He Used "Fruit-a-tives"

BRONTE, ONT., Oct. 1913. "For about forty years, I was troubled with Lame Back brought on by Kidney and Bladder Trouble. I was confined to my bed with the trouble, but it affected my spine and I had to rest for a time. I took various remedies which never did me any good and decided to try them. They did me more good than any other remedy. My son suffered from the same trouble and frequently had to be treated for him. I would strongly advise anyone suffering from Kidney and Bladder Trouble to use "Fruit-a-tives". H. DORLAND
