

ALLIES WIN VICTORY

THREE MILLION MEN ENGAGED IN GREAT BATTLE

40,000 GERMAN PRISONERS REPORTED TAKEN BY ALLIES

THREE DAYS FIGHTING IN CHAMPAIGNE DISTRICT RESULTS
IN ENORMOUS LOSSES TO THE GERMANS.

(Special to The Daily News)—Paris, Sept. 8. (11 p. m.)—Accounts from wounded soldiers reached Paris this afternoon state that the result of the three days' fighting in Champaigne country was more favorable for the Allies than was at first supposed. They state that German losses in killed were enormous and that great numbers of prisoners were taken. The French officer estimates number of prisoners taken at 40,000. Champaigne district includes the Ardennes, Aube and Haute-Marne.

Fighting Three Days.
Paris, Sept. 9.—Fighting has progressed farther to the east along the line which includes Montmirail and Sompuis. The Allies are gaining an advantage, however, and are pushing the right again, and the enemy has been pressed back in the direction of Rheims. At Lunéville the Germans to advantage were repulsed. The pressure is again being exerted on the enemy. This continues along the allied fronts. The

MOVE GERMANS BACK 10 MILES BRITISH TAKING AGGRESSIVE

ICIAL REPORT ISSUED LAST EVENING SHOWS ALLIES TO
BE WINNING ALL ALONG LEFT WING.

(Special to The Daily News)—London, Sept. 8. (11:50 p. m.)—British official press bureau issued the following announcement tonight: "The general position of our army continues satisfactory. The Allies are gaining on their left all along the line of Ourcq, Petit and Marne rivers. The British have driven the enemy back ten miles. The public is cordially invited to attend the Fall Millinery Opening of this week at Miss Barbeau's, Helgerson Block. 207-8

TRIA IN FULL RETREAT ALL ALONG THE LINE

(Special to The Daily News)—London, Sept. 9.—A Petrograd dispatch says that from a highly authoritative source it is reported that there are signs of a general Austrian retreat on the whole front between the Rivers Bug and Vistula. The fortresses of Bresemsyl, Jareslau and the River Vistula are the only obstacles the Austrians now have to prevent the Russian advance.

FORTUNES OF WAR NOW SEEM TO FAVOR THE ALLIES

(Special to The Daily News—10:30 A. M.)

London, Sept. 9.—An official communication issued by the War Office shows that the Germans while retreating delivered several unsuccessful counter attacks. The fighting yesterday extended along both Ourcq and Lorraine rivers. In the latter region the Allies were engaged in a strong offensive movement. The progress of the Allies is exceedingly difficult. At the center of the allied line several encounters occurred between the two opposing forces, ending the day with varying fortunes, which, however, is regarded as more favorable to the Allies than to the adversaries.

LONDON TELEGRAPH WANTS CANADA TO ASSIST NAVY

(Special to The Daily News—10:30 A. M.)

London, Sept. 9.—The Telegraph urges Canada to immediately take action for the appropriation of \$35,000,000 for the navy. If Canada places \$35,000,000 at the disposal of the Admiralty they could quickly complete plans which would neutralize the Reichstag's action in giving its admiralty blank cheque for pushing naval construction to the utmost.

GERMANS CLAIM MAUBERGE FALLEN— MANY PRISONERS

(Special to The Daily News—12 Noon)

Berlin, Sept. 8.—(Wireless to Sayville, L. I.)—Germany officially announces that Mauberge, on the Sambre, has fallen and that they took 40,000 prisoners, including four generals and also 400 guns.

BRITISH GUNBOAT CAPTURES MINE LAYING TRAWLER

(Special to The Daily News—12 Noon)

London, Sept. 9.—A British gunboat has captured a trawler purporting to be from Grimsby, laying sea mines. She had 200 mines on board.

GERMAN MERCHANT SHIPS WERE SUNK

(Special to The Daily News—12 Noon)

Paris, Sept. 9.—It is reported here that two German merchantmen have been sunk in the Atlantic by the French warships Conde and Descartes, aided by the British cruiser Bristol.

NUREMBERG HAS ESCAPED PURSUIT IS RENEWED

(Special to The Daily News—10:30 A. M.)

Ottawa, Sept. 9.—The fleet-footed German cruiser Nurnburg has evidently eluded pursuit. It is conceded that the Germans cut the Pacific cable at Fanning Island and probably destroyed the relay cable station in the mid-Pacific island. It is possible that the Nurnburg took on what coal was stored on the island. The pursuit of the Nurnburg will be carried out by the Australian and Japanese cruisers.

GERMANS ASKED FOR ARMISTICE— TOLD TO GET OUT

London, Sept. 8.—A great battle is in progress in France now. Germany asked for 24 hours armistice to allow them to bury their dead. They were told to get out of France in that time. The British forces have driven the Germans ten miles back to Rheims.

PANIC STRICKEN AUSTRIANS ARE FORTIFYING VIENNA

(Special to The Daily News—12 Noon)

London, Sept. 9.—Russia is taking the offensive according to advices received here in the whole of East Prussia. They are now sixty miles beyond Koenigsberg. Austria is said to be terror stricken and about bankrupt. Trade is paralyzed and the people are in a panic. Austrians are now fortifying Vienna.

GERMANS LEFT UPPER ALSACE

(Special to The Daily News—12 Noon)

London, Sept. 9.—The Germans are reported to have evacuated Upper Alsace.

ROUMANIAN ARMY ALL READY TO FIGHT

(Special to The Daily News—12 Noon)

Bucharest, Sept. 9.—Russian successes in Galicia have aroused the Roumanians almost to fanatic excitement in favor of Russia and France. Roumania has 200,000 men ready to fight.

GERMANS LOSE HEAVILY 30,000 PRISONERS TAKEN

(Special to The Daily News—10:30 A. M.)

Paris, Sept. 9.—According to a Petrograd dispatch the Austrians fear a revolution will break out in Eukowina, where the Hungarian sentiment is reported to be growing in favor of Russia. Accounts of the wounded soldiers which reached Paris indicate that the result of the three-days fighting in the Champaigne country is more favorable to the Allies than at first supposed. It says the German losses are enormous. A great number of prisoners were taken. A French officer estimates the prisoners at 30,000.

PLAINS OF CHALON AGAIN REEK WITH HUMAN BLOOD

ALLIES AND GERMANS MEET IN EQUAL NUMBER — THREE
MILLION MEN ENGAGED IN TERRIBLE BATTLE.

(Special to The Daily News—12 Noon)

London, Sept. 9.—The Allies today are about equal in number to the invading Germans. At least three million men are engaged now on the Plains of Chalons. True to prophecy, there is another Armageddon, where Attila and his Huns were defeated in one of the world's bloodiest battles by the Romans and Visigoths. It was on these plains that Napoleon conducted his most brilliant defensive campaign. The battle raging there this week is another terrible slaughter, with the plains soaked in human blood and covered with the dead and dying.

STUBBORN FIGHT.

Paris, Sept. 8.—The battle proceeding east of Paris appears to be the most important and stubbornly fought contest of the campaign. Military authorities decline to give indications of the number of men engaged but hundreds of thousands are participating on both sides according to those in position to obtain authentic information. The casualties have been so great that the Germans requested an armistice of 24 hours. The armistice was refused, with the response: "We grant you that time to get out of France."

KAISER NICE REGENT OF DIET TEXT OF ADDRESS TO TROOPS

(Special to The Daily News—10:30 A. M.)

Petrograd, Sept. 9.—German prisoners say the speech delivered by the Kaiser to the troops on their departure for the front was of a character forbidden to the press to print. The text appears to have been as follows: "Remember, the German people are the chosen ones of God. I am His weapon, His sword, His vice-regent. Woe to the disobedient. Death to cowards and unbelievers." The Russian newspapers remark that this speech goes far to prove that the German Emperor is suffering from a familiar form of insanity known as mania graecosa.

AUSTRIAN CENTRE IS FALLING BACK

(Special to The Daily News—12 Noon)

Washington, D. C., Sept. 9.—The Russian embassy announces a general engagement on Tuesday all along the Austrian front. In the centre the Austrians are falling back.

ALLIES' FORCES NOW EQUAL TO THE ARMY OF GERMANS

(Special to The Daily News—10:30 A. M.)

London, Sept. 9.—British hopes of the final result of the great battle now being waged along the front some 160 miles roughly speaking, from Paris to Verdun, run extremely high. From an excellent authority, it is understood that the numerical superiority which has hitherto been so great an asset of the German calculations no longer exists. In fact, the allied forces are equal, if not superior, to the German armies.

The regular monthly meeting of the Retail Merchants Association will be held tonight in the Board of Trade rooms at eight o'clock.

DAILY EDITION

Wednesday, Sept. 9, 1914.

The proposed purchase of German ships by the United States has aroused a controversy slightly less dangerous than that concerning Panama Canal tolls. Great Britain takes the position that it would be an unfriendly act even if used solely on the South American routes. There must be some equitable solution of the problem, and one which can cause no ill-feeling between the two nations.

The Boston Fruit and Produce Exchange takes a serious view of the matter. It has sent the following letter to President Wilson on the subject:

"The Boston Fruit and Produce Exchange, 800 business men, considers the purchase by the United States of ships by belligerent nations an action fraught with danger and entirely opposed to the interests of this country because of the possibility of serious international complications jeopardizing our existing peaceful relations with the world.

Sgd. "Alfred P. Lee, Pres."

The United States cannot be blamed for their desire to increase the merchant marine. It is a step that has been advocated for many years past and one which will largely increase the prosperity of our neighbors to the south. The Boston Produce Exchange no doubt feels, as President Wilson is said to feel, that German vessels should not be purchased if through that action any ill-feeling might be aroused. From all accounts Great Britain and

the United States will have no difficulty in coming to an agreement and it is well that this is so.—Ex.

The aspect of the present war which will surprise and pain the true friends of Germany and all who have wrought for a higher standard of international righteousness and honor, is the light way in which the German war lords have repudiated most sacred obligations and violated solemn treaties. Not only has the Kaiser and his advisers wantonly plunged Europe into a war, the horrors of which are appalling beyond all description, but they have also set at defiance the moral law. On the very day that war was declared, the German chancellor actually told the Reichstag that Germany was "compelled to override the just protest of the Luxemburg and Belgian governments." "The wrong—I speak openly—that we are committing," said Her von Bethman Hollweg, "we will endeavor to make good as soon as our military goal has been reached. Anybody who is threatened, and is fighting for his highest possessions can have only one thought—how he is to hack his way through." What confidence can be placed in the pledges of a nation which so easily sets aside a solemn treaty to suit the exigencies of its own plans? And yet in the face of this dastardly violation of a sacred agreement, Germany had the face to make another proposal to Bel-

gium, offering new pledges to induce this brave little state to withdraw its opposition and allow the invaders to proceed without further resistance! There will be few who will not agree with "Public Opinion" that "the moral wrath of the world at the conduct of the German and his ministers, and the coincident approval of Great Britain's action, is the most tremendous and encouraging fact of the day."—Ex.

SCOTS WON GAME FROM ENGLISHMEN

International Soccer Game Resulted in Scots 5 and English 3.

What will undoubtedly go down in football history as the first recognized international game took place Labor Day morning before a record crowd notwithstanding the inclemency of the weather. The ground, though wet, was in fairly good condition and a really good game was expected, with the lads frae the land o' the heather favorites. The following was the lineup:

England—Bloomfield (Goalies), Darton and Kelsey (Sons of England), Garnet (Merchants), Eardley (Drydocks) and Reddybaugh (Sons of England), Hardy and Dodson (Merchants), Tinker (Sons of England), Garnet and Fred Hardy (Merchants).

Scotland—Duff (Drydock), Currie (Merchants) and Murray (Callies), Kelly (Callies), Murray (Merchants) and Abbott (Callies), Campbell (Merchants), Stewart (Callies), Kinghorn (Merchants), Elliott (Drydock) and Brighton (Merchants).

In the spin of the coin Captain Abbott beat his vis-a-vis, Captain Tinker, and chose to kick into the city goal. Play opened quietly with perhaps the Englishmen being more aggressive, the Scottish halves and forwards failing to combine, as was expected. It was not long before the Englishmen drew blood, getting the lead after ten minutes' play, while a second point was scored shortly afterwards. Try as hard as they would the Scottish forwards failed to break through and it looked odds on the Englishmen crossing over with a lead of two goals to nothing. However, they were not yet finished for Hardy after receiving

a pass well out beat Duff with a good effort. The English supporters could now see bright success ahead, with the Scottish section still hopeful that their select would stem the tide of disaster. The score remained unaltered at half-time.

On the resumption of hostilities it was early evident that goals had to come to the Scottish team for the forward line was now working as they had never done in the first half and when Kinghorn notched their first home the shouts of their supporters reminded one of being at Hampden Park. A penalty awarded against one of the English backs was the result of the Scotsmen adding point number two, Brighton making no mistake with his kick. Goals now came fast and furious, the English half-back division seeming to crumple up under pressure. Kinghorn gave his team the lead with another brace, the last of which was strongly disputed by the English team on the point that he put the ball in with his hand, whereas, the referee claimed the ball to be through before he had touched it with his hand. Another point by Campbell finished the survey for the game and what had looked to be an English victory was turned into a glorious Scottish triumph. In fact, so sure were some of the spectators that the Scotsmen had not a ghost of a show after the first-half display that they left the grounds shortly after half-time. Such, however, is the uncertainty of football, and the Scottish team deserves great credit for their show of determination against heavy odds, but in so doing they only upheld the traditions of their race. The final score: Scotland 5, England 3.

It would perhaps be invidious to give special mention of any of the players unless we may be pardoned in awarding praise to Riddyaugh and Abbott, who both played really good football to the advantage of their respective teams.

With the game turning out such a pronounced success both from a sporting and financial standpoint it is to be hoped that it will be one of the leading local sporting events in years to come.

Apart from the award of the fourth Scottish goal the decisions of the referee, G. Sinclair Russell, were satisfactorily received, while he was given valuable assistance by his linesmen, A. D. Golden and C. A. G. Armstrong.

Authentic information about football games, either scheduled or postponed, can be had by calling up Fitz Cigar Store. tf

COAL MEN PROTEST TO CITY COUNCIL

At the City Council meeting last evening a letter from H. B. Rochester was read asking for information as to the leaving of coal on the dock.

The mayor reported that he had interviewed Lieut.-Col. McSpadden and was informed that the military authorities would remove the restrictions as soon as they considered it advisable but so long as there was a possibility of a German cruiser coming in and demanding coal they could not have a quantity of it on the wharf.

Alderman Montgomery, seconded by Alderman Maitland, moved that the matter be left to the mayor, as the responsibility rests on his shoulders anyway.

Alderman Morrissey, seconded by Alderman McClymont, moved an amendment that the matter be taken up with the military authorities as he reckoned it a farce that coal in quantity was stored not more than one hundred feet from the wharf while it could not be left on the wharf itself.

The amendment carried.

WANTED.

Smart boy for odd jobs. The Daily News.

LARGE CROWDS SEE BOXERS IN TRAINING

Over three hundred boxing fans were down to watch the workout of Frank Barrieau and Romeo Hagen at the Windsor last night. Barrieau, who worked first, went through forty-five minutes' hard training and showed the public he is the class of his reputation. He is fast, clever, and a hard fighter, and has a dangerous knockout punch.

Romeo Hagen, whose training began at 9 o'clock, proved to be more rugged in his work than Barrieau. Although he did not appear to be as clever, he carried to be a harder fighter, and showed the fight to his opponent after the style of Charley Burns, but far superior. Without any doubt these boys are the best talent that has yet been staged in Prince Rupert and the contest should prove to be a hummer from the first gong to the finish.

Special notice should be taken that the boxing will commence at 9:30 p. m. sharp, and the main event at 10:15.

WHO GETS CITY PAY?

Quite a discussion took place at the council meeting last night on a question raised by Alderman Maitland.

The alderman suggested that a report be made as to the number of British subjects and city property owners who were drawing city wages.

The general opinion of the council was that the most important point was whether an employee was a permanent resident in the city or a transient.

The city engineer was asked to report on the matter.

BRITONS MUST WIN OR SHARE BELGIUM FATE

(Special to The Daily News—10:30 A. M.)

London, Sept. 9.—An effective recruiting bill, shown in black, reads, with these words underlined: "We got to beat Germany because her arrogant brutality is a menace to civilization; because she breaks treaties, murders non-combatants, destroys beautiful cities, and fired on the sacred Red Cross. Her avowed object is to crush Great Britain. Men of England, remember Louvain. The fight is democracy versus tyranny. Do you wish to share the fate of Belgium? If not, enlist now."

Millinery Opening at Demers Friday and Saturday, September 11 and 12. Ladies cordially invited to attend. Mrs. Hamblin in charge.—Demers. 11.

The train from the east pulled in last evening on time. The sleeper was filled with passengers and some were unable to get berths. This morning when the train pulled out she was running double-headed with eight cars. One of engines was an extra going east.

SECOND-HAND MEN OF CITY PROTEST

Messrs. Roy and Crosby, representing the second-hand dealers of the city, waited on the council last evening to protest against the closing of their stores at 7 o'clock.

These gentlemen made out a strong case, arguing that instead of being a menace, their stores were really a great assistance to the police in tracing stolen property through their records, though the police did not avail themselves of this so much as they might.

They suggested closing at 7 o'clock during the winter and remaining open till 10:30 p. m. in the summer so that their late dealings would be made in daylight.

They emphasized the fact that it never paid them to buy stolen goods, as they were liable to a fine and the loss of the goods.

The matter was referred to the license committee.

Coal! Coal! Coal!

Washed Nut coal free from dirt, \$8.75 per ton. Union Trans-fer Co. 208-tf.

NOTICE TO THE PUBLIC

This is to warn the public that patent is now pending for a patent on a coil I am installing in kitchen stoves and ranges, and anyone installing such coil or infringement on said coil, or any one having this installed, will be subject to be sued for damages upon my receiving patent papers. Price until September 15th will be \$15.00. The Reliable Plumber, HARRY HANSON, Phone 489.

GROUNDHOG COAL MAY COME TO RUPERT

Mr. George Kerr, who has recently returned from the Groundhog country, states that several companies, including the B. C. Anthracite and the National Finance Company, have done considerable work in that section this year. He also saw the engineers of the Thomas interests who have been looking into the best route for a railway. It is understood that they have turned down the mouth of the Naas as a terminus and that at present they are looking into the feasibility of crossing Warks Channel at a point that would enable them to make Prince Rupert the terminus. In that event they would use the townsite across the harbor.

WIRELESS REPORT GERMANS TOOK 12,000 PRISONERS

New York, Sept. 8.—Count von Berstorf, the German ambassador, was notified Sunday that the noted French city of Rheims, 25 miles northwest of Chalons and 100 miles northeast of Paris, has fallen into the hands of the Germans without a struggle.

While it had been expected this would happen, the ambassador also announced sweeping successes by the Germans in which many prisoners and standards were taken.

The news was received by the ambassador at the wireless station at Sayville direct from Berlin. The message said: "Rheims has fallen into German hands without resistance. The army of General von Buelow has captured up until today 12,000 prisoners, 260 heavy and 150 light cannon and six standards of colors."

GENERAL MANAGER MADE SHORT STAY IN RUPERT

General Manager Morley Donaldson, of the Grand Trunk Pacific, accompanied by Supt. H. McColl, of Jasper, arrived in the city last evening on the train from Edmonton. Mr. Donaldson made only a brief stay, going out again this morning.

Mr. Donaldson said he expected the new service would assist in opening up the interior country of British Columbia, as numerous settlers had been waiting to get in. He had nothing new to report concerning local work.

Next month President E. J. Chamberlin and Mr. Smithers, the chairman of the board, are expected to visit this end of the line.

PRICES BID UP AT CITY TAX SALE

The city tax sale this morning proved to be popular and the lots offered for unpaid taxes were all bid above the knock-down price. There were some fifty persons present and 99 lots had been sold up to noon. The sale was resumed at 2 o'clock. The Section One lots and the Section Two offerings were shunned by the bidders. The others all went above the amount required for taxes. At times the bidding was quite lively.

AUGUST LIGHT AND TELEPHONE EARNINGS

The city light department in the month of August showed earnings of \$4,138.45 and operating expenses of \$3,163.55, leaving a net revenue of \$974.90. The sum of \$532.74 was charged to capital account.

The operating costs of the telephone department were \$1,353.24 and collections were \$3,004.65, leaving a surplus for the month of \$1,648.41. The sum of \$180.95 was charged to capital account.

Mrs. Hayner returned yesterday from a three-months' trip to Seattle.

TENDERS FOR LUMBER.

The following tenders for lumber for the new city market were before the council last night: Prince Rupert Lumber Co., \$260.90; Westholme Lumber Co., \$275.20. The lowest tender was accepted.

GERMAN MOVEMENT EAST OF PARIS IS PUZZLING NEWSPAPERS

Paris, Sept. 8.—The most important strategic movement of the war seems to be taking place within twenty miles of the northern outer fortifications of the city. The straight attack upon Paris apparently has been abandoned and the German columns are veering off to the east and south.

Just in what position this movement leaves the allied armies is not known here. There are some fears that they may be surrounded, but it is considered more probable that they have fallen back still farther toward the city and are allowing the Germans to cross their front.

According to some views, the Germans will refuse to allow themselves to be drawn into a costly battle for Paris, only to have it abandoned with the main force of the allied army without the gates.

The movement is puzzling as indicating Germany's first alteration of an apparently fixed and stubborn campaign, which has probably cost them as many as 200,000 men against only about 40,000 lost by the retreating ranks of the Allies.

Another reason for the turning of the invaders is believed to be the growing strength of the Allies to the northwest of Paris, where they are said to have been strongly reinforced, with the intention of protecting the mouth of the Seine and the water route to England and America.

The funeral of the infant daughter of Mr. and Mrs. Clark, Eighth Avenue east, was held yesterday to Fairview.

SURPLUS FUNDS WERE SENT TO PROV. OFFICER

Daughters of Empire Decide to Forward Balance of Funds Collected.

The Daughters of the Empire held a general meeting yesterday afternoon in the Board of Trade rooms for all the ladies of Prince Rupert interested in the hospital ship fund. It was carried by vote that the balance of the fund—\$746.20, be sent to the provincial president of the Imperial Order of the Daughters of the Empire to be used as the committee of the hospital ship fund sees fit.

The mayor was present and said that he and the other members of the council would be satisfied with the voice of the ladies.

As twelve pounds of wool had been donated for socks, helmets, wristlets, etc., for the soldiers, some of the ladies present undertook to make them. Mrs. McMullin, acting regent, will be glad to give out the balance of the wool to any who are willing to help in this way.
