### OTHER BIG BATTLE IS ON OUTCOME IS STILL UNKNOWN

FOR GERMANS WOULD BE FATAL — HEAVY RAINS  
WENT TAKING HEAVY ARTILLERY ALONG — KAISER  
TO LEAVE FOR EAST PRUSSIA.

The Daily News—12 Noon  
Sept. 16.—It is believed  
another big battle is in  
north of the Aisne River  
line from Craonne and  
of Laigle. This has  
progress for forty-eight  
the result is not known.  
man defeat would leave

the enemy in a bad position, as  
heavy rains in progress would  
prevent their getting their big ar-  
tillery away.  
It is rumored that the East In-  
dian cavalry has arrived and will  
go into action. It is also reported  
that the German Emperor is  
to go to East Prussia to take com-  
mand against the Russians.

### ES STILL DRIVING GERMANS VERDUN HAS NOT BEEN ATTACKED

The Daily News—10:30 A. M.  
Sept. 16.—This is the  
official communication  
by the War Office this  
morning.  
The left wing of our armies  
is in touch with the enemy,  
the whole front from the  
north of the River Aisne  
to Rheims.  
The center of our forward  
movement between the Argonne  
and the Meuse continues.  
The result is not known.  
Nothing is reported concern-  
ing our right wing.

the official Wolff Agency, that the  
army of the Crown Prince was  
besieging and bombarding Ver-  
dun. The city has never been at-  
tacked. Only the fort of Troyon,  
which is not part of the defenses  
of Verdun, but protects the  
heights of Meuse has been bom-  
barded on several occasions. It  
is known that violent attacks,  
which have made that their ob-  
jective, have not succeeded. Since  
yesterday they have been reliev-  
ed. Nothing is reported concern-  
ing our right wing.

### PRISONERS AND 12 GUNS CAPTURED CROWN PRINCE'S ARMY REPULSED AT TROYONS

Special to The Daily News.  
Sept. 16.—A state-  
ment out by the official  
Wolff last night said:  
The enemy is still occupying  
position to the north of  
fighting is going on  
the whole line.  
The Crown Prince's army has  
been farther back and is  
the line of Variennes,

Paris, Sept. 16.—The center of  
the German army, composed of  
the forces under the Crown  
Prince have taken the offensive  
against the French troops that  
stretched along the Meuse in an  
effort to break through, but were  
repulsed. The Crown Prince  
bombed Troyon, which resisted  
valiantly. It is believed in well  
informed circles that the German  
army will retreat into the Grand  
Duchy of Luxembourg and into the  
Belgian province of Luxembourg in  
an endeavor to rally their fortif-  
ied positions.

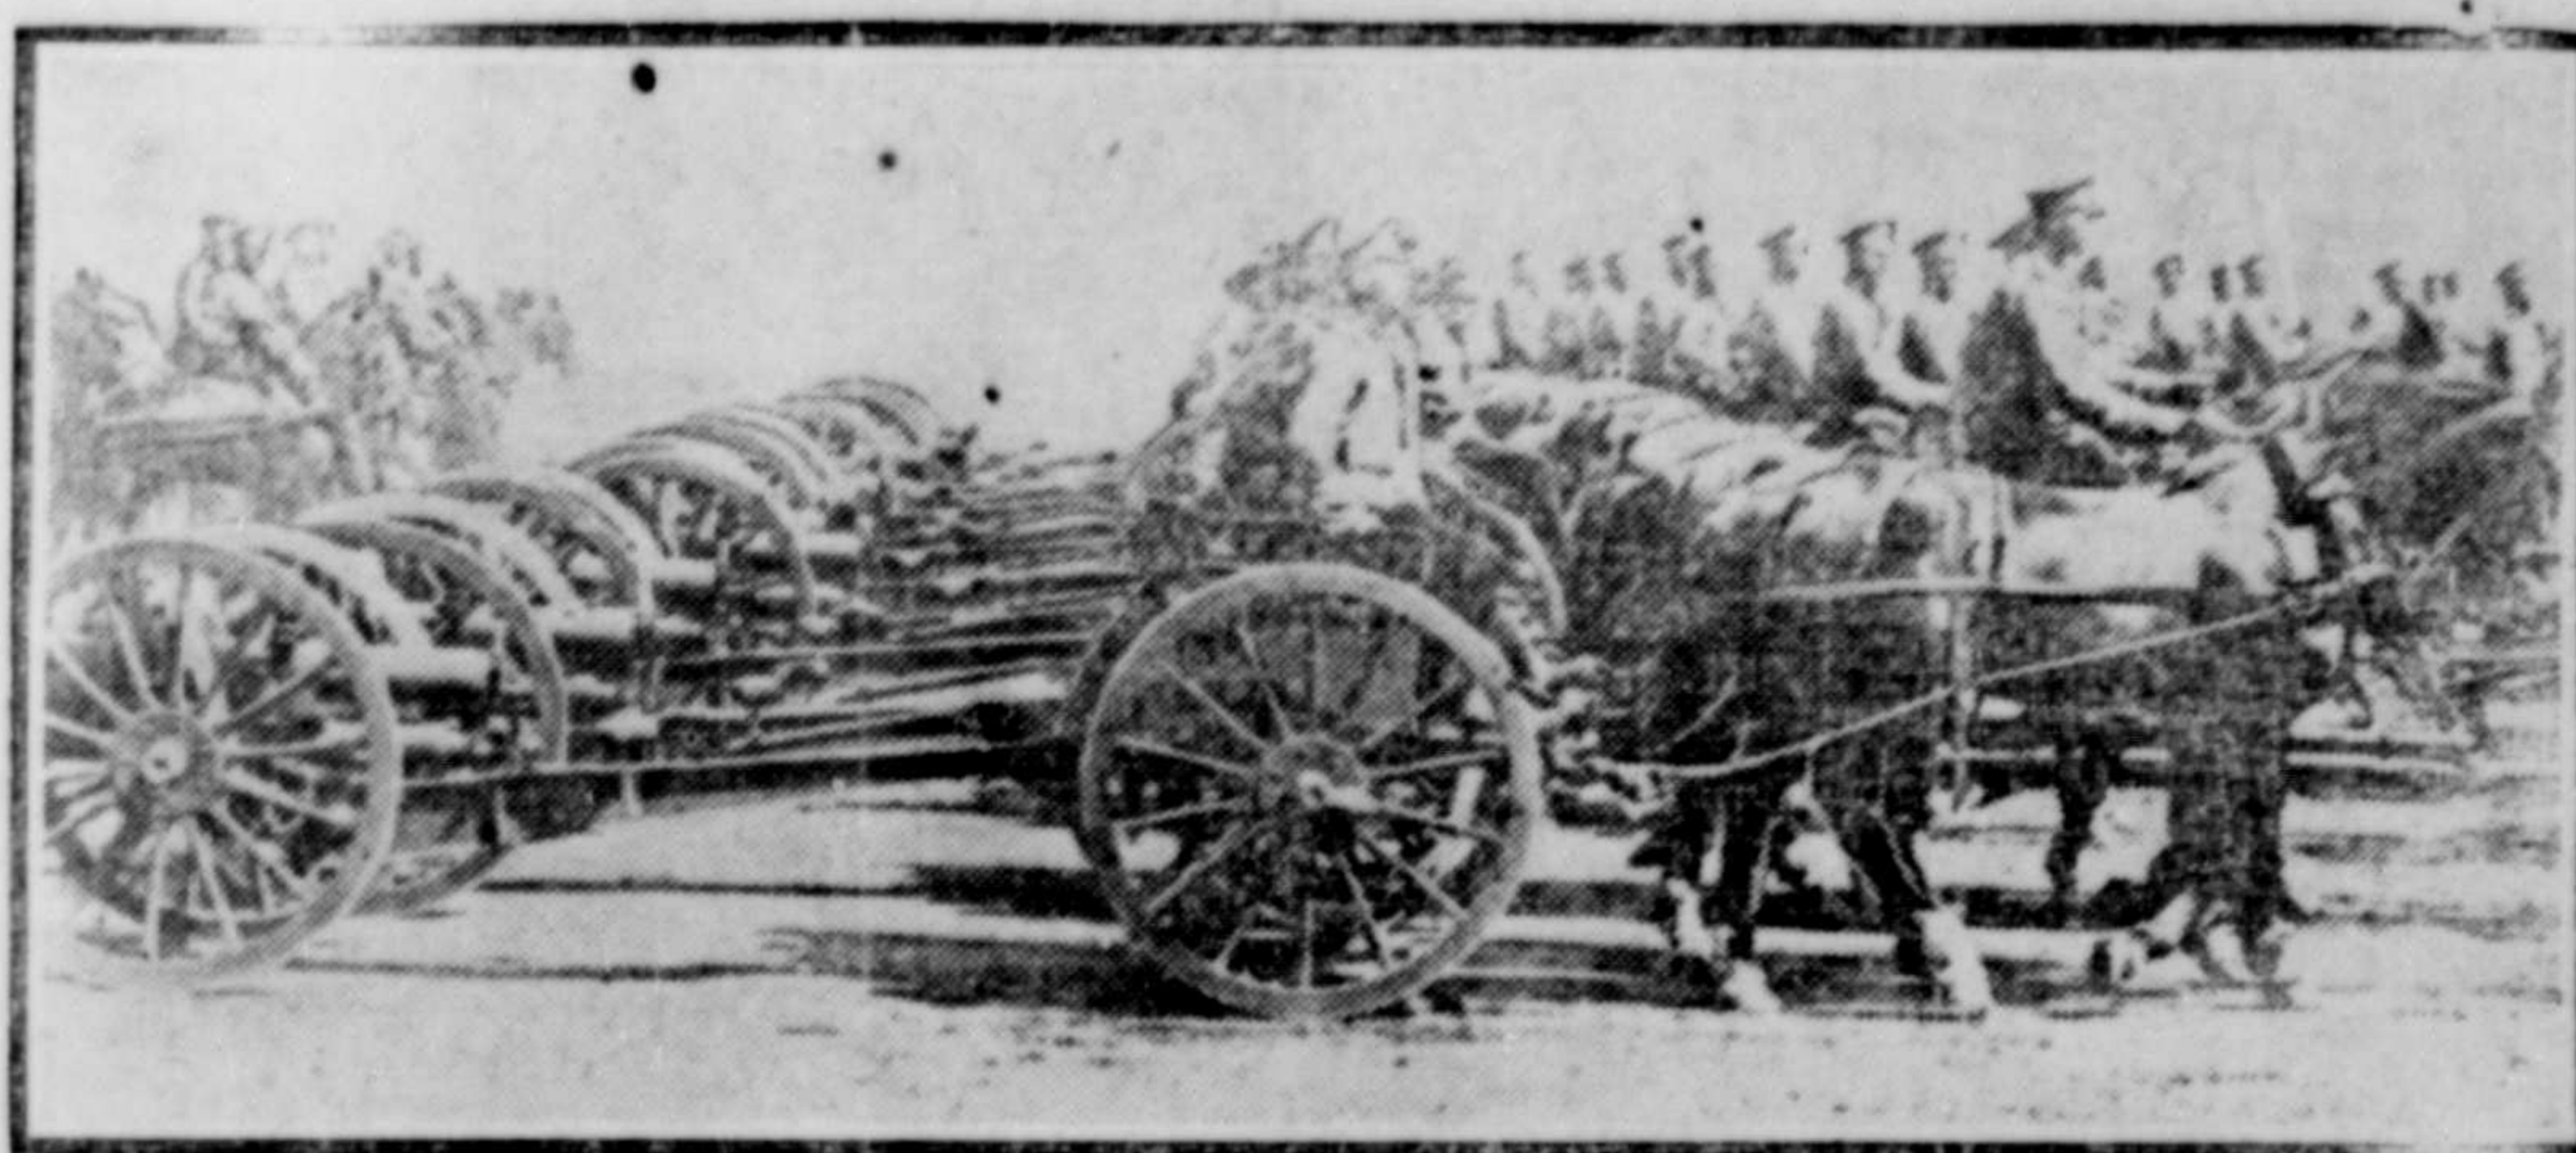

### THE "COLLEEN BAWN" AT WESTHOLME TONIGHT

It has been quite a while since  
an Irish play has been shown at  
the Westholme, but the three-reel  
feature, "Colleen Bawn," will be  
quite a treat, especially as it is  
an exceptionally fine picture. The  
story is strong and well put to-  
gether. The pictures were made  
in Ireland by an American com-  
pany of exceptional merit. This  
fine program will be shown to-  
night only on account of the Pa-  
triotic Concert Thursday. A fea-  
ture of Wednesday's performance  
will be a number of popular Irish  
selections by the Westholme or-  
chestra.

BRITISH ARTILLERY ON THE WAY TO THE FRONT.

The efficiency of the British artillery has been proved in the war,

fearful odds in several important engagements. German

### SHOOTING ACCIDENT AT SHAWATLANS PROVES FATAL

A very sad accident occurred at  
the camp of the electric power  
gang at the head of Lake Shawat-  
lans last evening. Robert Auld,  
one of the employees, was in-  
stantly killed by a rifle shot  
through his head fired by Thomas  
Graham, a fellow worker. The  
motions of Auld in a tree along-  
side of the camp led to the belief  
that there was a wild animal in  
the tree and prompted Graham to  
fire the fatal shot. The latter  
feels his position very keenly. He  
was brought into the city last  
night shortly before midnight and  
is being held pending the investi-  
gation.

The men are engaged in put-  
ting in the pole line for the city  
and had come back to camp and  
had their supper before the  
shooting occurred. Robert Auld,  
one of the gang, without the  
knowledge of any others of the  
party as far as can be learned,  
had gone up a tree that stood  
close to the camp and was in the  
branches about forty or fifty feet  
from the ground.

It was beginning to get dark,  
but some of them saw the move-  
ment in the branches and thought  
there was some wild animal there.  
Thomas Graham, unfortunately,  
conceived the idea of shooting,  
and reaching for a double-bar-  
reled gun which Frank Somers,  
another of the party, had in his  
hand, he fired in the direction of  
the tree-top. The shot took ef-  
fect, passing through the head of  
Auld. The latter died, it is be-  
lieved, instantly, but instead of  
falling to the ground his body  
lodged in the branches.

The task of getting the body  
down proved a difficult one. The  
victim of the shooting was a man  
of over 200 pounds in weight.

### SHOOTING ACCIDENT AT SHAWATLANS PROVES FATAL

Four men had to ascend the tree  
and by means of ropes lower the  
body to the ground. It was then  
brought by launch and the tram-  
line to the harbor and a launch  
sent out from there to bring it to  
the city. Dr. Tremayne accom-  
panied the police but his services  
were of no use under the circum-  
stances.  
The victim of the shooting had  
been engaged for about five  
months in the city in connection  
with the electric pole line. He  
was about 26 years of age and a  
native of Ireland. He has no re-  
latives here as far as known, but  
has a brother on the police force  
of the city of Vancouver. Fire-  
man Park, of the city fire depart-  
ment, has known him for a long  
time, having been born at the  
same place.

### INQUEST WILL BE DEFERRED.

The inquest into the death of  
Robert Auld, which occurred  
last evening at Shawatlans, will  
be held this afternoon. It is un-  
derstood that the jury will only  
be sworn in today and after ex-  
amining the remains will adjourn  
for a few days to allow the ar-  
rival of a brother of the deceased  
from Vancouver.

### GERMANS SEND HOME OPTIMISTIC REPORTS TO KEEP UP COURAGE

(Special to The Daily News—12 Noon)  
Berlin, Sept. 16.—(Via Copen-  
hagen).—The situation in France  
and Belgium is still favorable and  
at no place have the French and  
English won a victory and the  
Germans look with confidence on  
the outcome. The above is an of-  
ficial announcement.

### AUSTRIANS ARE CUT OFF BY FORCE OF RUSSIANS

(Special to The Daily News—10:30 A. M.)  
Bordeaux, Sept. 16.—Two Ger-  
man flags, those of the 38th and  
94th Prussian Infantry have been  
placed beside the standards of the  
68th and 72nd German Infantry in  
the grand drawing room of Presi-  
dent Poincaré's Bordeaux resi-  
dence.  
The surrender of the Austrian  
army led by General von Auffen-  
berg is imminent.  
The heir to the Austrian throne,  
Archduke Charles Francis, is with  
General Dnaki's army, which is  
entirely cut off. The communica-  
tion of the five German army  
corps marching to the relief of  
the Austrians has been checked at  
Grodok by the Third Russian  
corps under General Dnaki. The  
army was caught in a morass west  
of the River San by a flanking  
army of 100,000 Cossacks. Await-  
ing its artillery, which had been  
lost by the cavalry in a bog, this  
was the last hope of the Austri-  
ans to concentrate between the  
triangular fortified works of  
Przemys, Cracow and Jaroslaw.  
They can now accomplish this, if  
at all, only by tremendous  
losses.

### GERMANS EVACUATING ALLIES' TERRITORY— WILL CROSS RHINE

(Special to The Daily News—10:30 A. M.)  
London, Sept. 16.—A Bordeaux  
message says the German people  
were stupefied on learning of the  
German retreat. They were told  
it was entirely strategic. It is re-  
ported here that the Germans  
have been ordered to retreat to  
the right bank of the Rhine, evac-  
uating France, Belgium, and Lux-  
emburg.

### 150,000 SERVIAN TROOPS NOW MOVING IN HUNGARY

(Special to The Daily News)  
London, Sept. 16.—According  
to a statement issued here yester-  
day by the Servian legation, there

are now in Hungary at least 150,-  
000 Servian troops successfully  
pushing an offensive movement  
against the forces of the dual  
monarchy.

London, Sept. 16.—A Sydney  
dispatch tells the story of the in-  
vasion of Herberthsoe, in Bis-  
marck Archipelago, by Australian  
forces. The Germans lost 30 killed  
and 17 captured. The colonial  
losses were slight.

London, Sept. 16.—A Rome dis-  
patch claims that the Austrian  
Generals Dankl and Auffenberg  
have joined forces in Galicia, but  
in so doing lost 40 per cent of  
their forces. This was as pre-  
dicted in last reports.

### AUSTRIANS REPORT DEFEAT OF SERVIANS WHO ENTERED HUNGARY

(Special to The Daily News—10:30 A. M.)  
Vancouver, Sept. 16.—(Vienna

the Austrian general staff, an-  
nounced today that the Servian  
army which crossed the River

feated.

### NEW HAZELTON NEWS

(Omineca Herald)  
Stanley Reeves left on Wednes-  
day evening for Fort George.

Indian Agent R. E. Loring was  
visiting at Kitsumkalem this  
week.

Jim Riley is expected back to  
town next week, though only for  
a short time. He is now located  
at Pasadena.

Blank Gorman shot a young  
bear east of town this week. The  
trick was done with one charge of  
No. 6 buckshot. Gorman kindly  
passed around some nice steaks  
to his friends.

The Austrian, George, arrested  
for the alleged murder of a friend  
near Fort Fraser, was arrested at  
Edmonton and brought to Fort  
Fraser, where he will get a pre-  
liminary trial. The prosecution  
will be conducted by Chief Minty.

John Bostrom is in town for a  
few days winding up his business  
with Foley, Welch & Stewart. He  
has completed his work at Fort  
Fraser and has moved his plant  
to Fort George, although he has  
over thirty horses at Fort Fraser  
which he will dispose of or ar-  
range for their keep over winter.  
A. M. Lawson will leave next  
Tuesday morning for the south.  
He has taken a position with one  
of the contractors at Glacier, on  
the C. P. R. long tunnel. Mr.  
Lawson will be very much missed  
around New Hazelton, although  
he will most likely return to  
town after business conditions in  
the Dominion get settled down.

### SAY OWNERS DID NOT KEEP FAITH

Smithers People Remind Town-  
site Company of Promises on  
Being Asked to Pay Up.

The Townsite Company of  
Smithers is making an effort to  
have the purchasers of town lots  
meeting their payments by hand-  
ing in the installments due or  
purchases made last fall. This is  
no more than right, it is admit-  
ted, but the citizens are, in com-  
pany with many other places,  
hard up these war times. The  
company insists that the debtors  
should carry out their promises.  
In offset, the people interested  
point to the promise made by the  
company at the time of sale, that  
a large amount of work would  
be done, that not less than two  
men would be permanently em-  
ployed, and that many civic im-  
provements, including electric  
light and waterworks, would be  
put in.

While it can be understood  
why the company did not carry  
out its plans, it is hardly just,  
when the company has not ful-  
filled its own promises, to force  
a lot of purchasers to live strictly  
up to their agreements. Those  
who have invested say they are  
satisfied with their ventures.  
They are citizens and builders of  
the place. Its future must be  
their future, and both are bound  
up together. The general depres-  
sion caused by the war is very  
general, and few communities will  
feel the pressure more sorely  
than the new towns of the north-  
ern interior. When the war is  
over, and even before, there is a  
good time coming, when all our  
activities will resume, and at a  
higher speed than before.

The Sons of England have is-  
sued invitations to their members

DAILY EDITION

Wednesday, Sept. 16, 1914.

How war welds a nation into a unit whether they are right or not is well illustrated by the conduct of the German scholars toward the war. Professor Harnack, than whom there is no greater thinker and theologian alive, has thrown his weight on the side of the Kaiser. He says that the action of Britain in joining the Allies was "treason in culture." Of course it is possible that he has not seen the correspondence placed before Parliament by Sir Edward Grey, in which he practically told Germany that if they would hold Austria in check and work for peace Britain would give France and Russia to understand that she would not support them. The reply to this was Germany's invasion of Belgium.

What Britain and her allies are therefore fighting today is not the war party in Germany, but the entire nation. Even the Socialists are in line. Their leaders recently went to Italy to induce the Socialists of Italy to join their cause but were met by a stern refusal. The entire nation is thus united and must be crushed before peace may come.

Prince Rupert as the centre of a natural sportsman's paradise, is becoming more recognized every day. Within a few minutes' run of the city game of all kinds is to be found, including deer, geese, ducks, to say nothing of an endless variety of fish. Be-

sides being an asset from the sportsman point of view, it is really a boom, particularly in these days of stress. Anybody who wishes can go out with his gun or his boat and not only supply his own wants in the way of meat, fowl and fish, but can derive a good revenue besides. With this in view it is hard to realize a more fortunate city than Prince Rupert. While the battles rage anybody without employment has no need to fear for want if he applies himself in this direction.

R. J. McDonnell, of New Hazelton, is in the city on business.

R. O. Jennings left for Rivers Inlet in connection with road work being done there.

The adjourned monthly meeting of the Prince Rupert Retail Merchants Association will be held in the Board of Trade rooms this evening commencing at 8 o'clock sharp. An interesting feature of the meeting will be two addresses, by President Martin O'Reilly on the aims and objects of the association and by W. P. Lynch on "Credits."

Frank Rodolph and Charles Neal, formerly of Stewart, and both well known in the city, who recently left for the south, have joined the 50th Highlanders of Victoria and are now in camp at Valcartier. George Thomas, another Stewartite and a former member of the R. N. W. M. P., has gone to Kamloops to join the B. C. Horse.

## PASSING EVENTS

The Belgian Congo has been attacked by German troops. The Belgian administration, along with Great Britain, has taken defensive measures, and has informed the French government of its action. The Belgian Congo lies in the center of Africa. It is separated from the Kamerun, the German colony of western equatorial Africa, by the French Congo. Its area is estimated at more than 900,000 square miles. It is administered by a governor-general, and the native population numbers 15,000,000. The entire European population in 1912 numbered 5,465. Of these 3,307 were Belgians.

Marshal Von der Goltz, appointed governor of the territory captured by the Germans in Belgium, has taken up his headquarters in the Palace of Justice at Liege. He has issued an order that all houses must be closed at 7 o'clock at night. Lights are not permitted. This measure is taken to prevent secret signaling. Cardinal Janssen and fifteen priests are being held as hostages. They are to be shot immediately a single shot is fired against the Germans.

The authorities at St. Petersburg have issued orders dismissing the German and Austrian sovereigns and princes from honorary colonelship in Russian regiments, and depriving them of Russian decorations. This has never before been done in any war.

The United States Senate has passed the bill previously passed by the House providing Federal registration for producers, dealers and dispensers of opium or cocoa leaves or derivatives, and

making it unlawful for any unregistered person to have opium in his possession.

The Census Bureau at Washington announces that there were 13,515,886 people of foreign birth—14.7 per cent of the total population—in the United States in April, 1910. All were whites, except 170,341, chiefly Japanese and Chinese.

Mr. Rudyard Kipling, who lives near Brighton, was arrested on suspicion of being a German spy the other day while taking a walk on the sea front. Instead of being angry Mr. Kipling was delighted, as it proved to him that a diligent watch was being kept for enemies.

Lord Escher, president of the London Territorial Association, has called for 30,000 Londoners to replace the Territorials who volunteered to go to the front.

The casualties among German officers in the war are said to be very great, showing that they are giving a good example to their men. There have been many men of note among the killed, the latest being Lieutenant-General Prince Frederic of Saxe-Meiningen, who was killed by a shell before Namur on August 23, and General Von Buelow.

An attempt to blow up one of the chief London banks has led to an official warning to all banks to examine thoroughly upon delivery all deep boxes deposited with them. A harmless looking deep box was presented at a London bank for deposit in the strong room. A sharp ear heard ticking and an explosive machine was discovered in the box.

## BILLETING SOLDIERS HAS BEEN RENEWED BY THE BRITISH

One aspect of the movement of the British army to France was the renewal of the custom of billeting troops upon householders. In the early history of the army soldiers were quartered upon innkeepers, and the inconveniences arising from this custom led to the building of barracks. In Europe troops on campaign seldom carry tents, the inhabitants of the districts traversed being obliged to give them lodging. This economical method of housing soldiers on passage has been adopted in England, apparently with pleasant results in making the people acquainted with their defenders. During the week of the embarkation officers asked private residents in the London suburbs to billet soldiers on the march for a night or two. In most cases the application was willingly and joyously acceded to. Everyone was ready to accommodate Tommy Atkins to an officer, and there was no difficulty obtaining the lodging required for the men during their passage through the district. The householder, however, often was puzzled as to what billeting involved, what bedrooms the soldiers would want, how he should be fed, how he should be treated, as one of the family or as a distinguished guest. Sometimes, according to a correspondent of one English newspaper, a kind-hearted woman would ask in a confidential tone whether she would have to provide sleeping garments and pocket money for the soldiers. In many cases they were almost pampered by the housewife, who regarded it as an honor to be asked to entertain a soldier "going to war."

## ROUMANIA, BULGARIA AND GREECE SIGN AGREEMENT

Trinity of States Will Fight if Turkey Goes to Aid of Germany and Austria.

London, Sept. 15.—Telegraphing from Rome, a correspondent of the Daily Telegraph declares he has learned from diplomatic sources that Roumania, Greece and Bulgaria have signed an agreement which may be regarded as a real alliance under the terms of which these three nations engage to interfere whenever necessary in order to prevent Turkey's aiding Germany and Austria in the present war. If Turkey remains neutral, however, these three states will do the same.

It is reported in Rome, the correspondent continues, that Berlin has become resigned to the idea of Italian neutrality, but she is determined that Italy shall at least remain neutral until the end.

## TANANA NATIVE GIRL SEES FIRST BIG CITY

Laura, First of Her Blood to Go Outside, Wins Eastern Scholarship.

Seattle, Sept. 15.—Bewildered by the sight of monster buildings, street cars, automobiles and the hustle and hurry of Seattle's streets, Laura, a 16-year-old Alaskan native, was busy seeing the sights of the city. She reached here by boat, in charge of Miss M. S. Grider, of the Episcopal mission at Nenana, Alaska, and soon will leave for the east to enter school. Laura is the first full-blooded Tanana native girl to come outside. She was afforded the opportunity to enter school because of her industrious work at the Nenana mission school. "It's so strange," she said, in almost perfect English, and her pleasant, ruddy face took on a smile. "It's so different from Alaska. The whole trip down the river from Nenana to St. Michael, then to Nome and then over the ocean to Seattle was interesting to me. Afraid? No, I like it. I'm anxious to see an aeroplane; I've read so much about them."

### VETERAN WHO WAS WITH LORD ROBERTS

Laid Low With Rheumatism—But Cured By "Fruit-a-lives".

DIATHAM, ONT., APRIL 3rd, 1913. I am a veteran of the Crimean War in the Indian Mutiny, volunteering in the Royal Artillery into the Royal Engineers, and served under Lord Roberts during the Indian Mutiny. Pierce hand-to-hand fighting and continual exposure left me a great sufferer from Rheumatism, much so that my legs swelled up, making it impossible for me to walk. "Fruit-a-lives". They cured me of the Rheumatism and Constipation. In my regular employment, I walk ten miles a day and enjoy perfect health.

### HIGH EXPLOSIVES PUT INTO LOADS OF COAL

Miners' Action Has Appalling Results—Military Train and Factory Destroyed.

London, Sept. 15.—Reuter's Telegram Company has a dispatch from its correspondent at Petrograd which says that after the recent fighting with the Austrians left wing, the enemy retired in such panic that regiments became inextricably mixed and blocked the roads and bridges. Those farthest behind resorted to the strength of their arms to force their way through the men ahead of them. The roads were littered with overturned carts and the harness of the transport, the horses evidently having been used as mounts by the men in retreat.

Many Russian hospitals, the correspondent continues, today harbor more Austrian wounded than Russian.

A correspondent of the Bourse Gazette, the Reuter man continues, recounts that at Bendzin, in Russian Poland, the Germans compelled some Polish miners to load the coal trucks of their trains. The miners did so, but concealed high explosives in the fuel. The results were appalling. It is said that one military train was destroyed and that an ammunition factory was wrecked. The Cossacks are credited with having wrecked a German armored train carrying quick-firing guns at a point northwest of Chénostokoff. A small detachment of Cossacks fired at the train, while a big force remained in the rear. The cars rolled down an embankment and the Cossacks then attacked the enemy with their swords. The Germans were annihilated, the correspondent of the Bourse Gazette declares. Then the Cossacks captured the guns.

Frank A. Ellis, formerly of the Prince Rupert Town Properties of this city, and now a member of the firm of Armstrong & Ellis, of Vancouver and Fort George, came in on last night's train on a visit to the city.

### GIANT STURGEON IS CAUGHT BY INDIANS IN BRITISH COLUMBIA

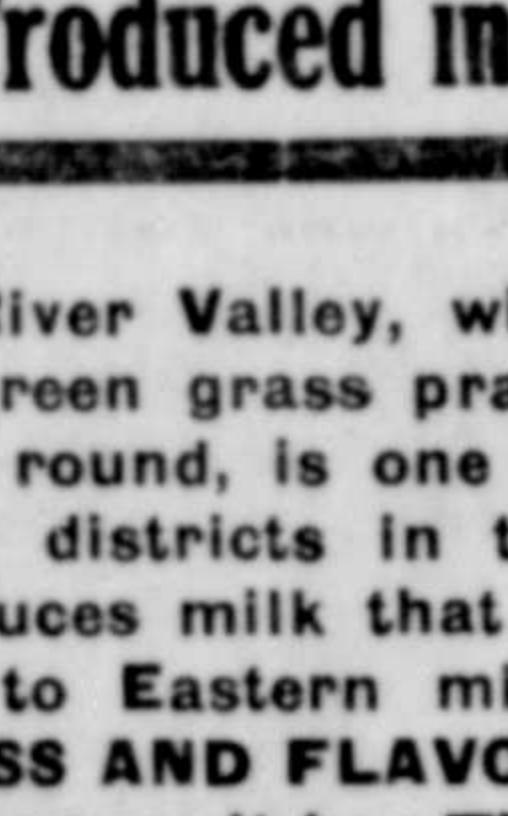

Mr. W. J. Spears, of London, England, whose knowledge of Western Canada dates back to 1880, has just completed a tour over the Grand Trunk Pacific Railway between Edmonton and Prince Rupert. Mr. Spears made this journey with a view to obtaining for those interested in England the latest data on the natural resources of the territory opened up by the new transcontinental railway as it passes through British Columbia.

"In their scenic beauty alone," said Mr. Spears, "these regions have a wonderful asset. There is not a monotonous moment on the trip. Scene after scene unfolds itself—lake, mountain, wooded glen and glacier. The valleys are wide, allowing the full majesty of the peaks to be realized. In these valleys are areas of gently sloping lands of a soil admirably suited for agriculture. In their richness, they reminded me of the Valley of the Nile. Dairying and mixed farming have a bright future there and I feel convinced that British Columbia's greatest centers of population will eventually be situated along the lines of this railway."

"Berries of all kinds grow wild in the greatest profusion and the flowers are similar in their beauty to those found in Switzerland. There is ample lumber to assure the success of the sawmills which are rapidly making their appearance at various points. Mineral wealth is also being developed, while the rivers teem with fish. I was brought up in a trout country but I have never enjoyed fishing such as I did on this trip. The trout in Northern British Columbia is of a quality, texture, size and fighting nature that makes him a king among fish. While fishing on the Nechako River I came upon a party of Indians. They had just landed four giant sturgeon. The largest of these was nine feet long and weighed 300 pounds. I secured a photograph of this fish after it had been killed. It would appear that Canada has no reason to go to Russia for its caviar when such sturgeon as these can be caught."

### BIG TRAIN WRECK—MANY LIVES LOST

(Special to The Daily News.)

Springfield, Mo., Sept. 15.—Twenty persons are believed to have been killed and many injured when the St. Louis and San Francisco train known as the Texas Limited crashed through a bridge at Lebanon, Mo., early today. A storm has blown down the wires.

St. Louis, Sept. 15.—The dead in the Lebanon wreck, it is believed here, will total forty. Two cars were submerged in a gully.

### TO MAKE NORTH COAST SAFER FOR STEAMERS

Col. Anderson, on Tour of Inspection, Says Important Changes Will Be Made.

Col. W. P. Anderson, chief engineer of the Marine Department, has finished his inspection of the branches on the southern coast and Vancouver Island and has sailed for the north on the Dominion government boat Quadra. Captain Le Blanc, says the Vancouver Sun.

While he is north, Colonel Anderson will inspect the aids to navigation and investigate the reports of further needs to make the northern coast still more safe to shipping. The northern coast of British Columbia is satisfactorily protected at present, but Colonel Anderson says it is the desire of his department to make it as absolute as it is with in their power.

The Alaska coast is not nearly so well provided with navigation safeguards. American skippers feel relief as soon as they get out of Alaska waters into the waters of Northern British Columbia. The Langara lighthouse, on North Island, the northernmost land of the Queen Charlotte Islands, will be visited by the inspector. He also will visit Bonilla Point, off the northwest shore of Banks Island, where a light of the same power as the one on Langara is to be established next summer. Tenders have been called for this work.

Colonel Anderson expressed his pleasure at the efficiency shown in his department on this coast.

### ALLIES MAY FORCE GERMAN ARMY TO DIFFICULT RETREAT

(Special to The Daily News—10:30 A. M.)

Bordeaux, Sept. 16.—The German retention line is at Aisne, north of Rheims, which is an important city. A military expert says the distance between Bethel and Mezieres is only 25 miles. A short step forward by our troops and the German army's line of communication there through Belgium and the west Muese will be definitely cut off. The sole line of retreat then left open will be the territory north of Verdun. This country is densely wooded and difficult, but not impracticable, besides being of great advantage as the shortest route to Moselle by Metz Treaves, where the enemy could oppose a serious obstacle if pursued and at the same time secure more men and material.

The men's class of St. John Ambulance Association will meet at 8 o'clock tonight in the City Hall, when Dr. J. P. Cade will continue the lectures. Members of the class are particularly requested to bring their first aid bandages as practical demonstration work will be undertaken as well as stretcher drill.

### RED CROSS ORGANIZER TELLS THRILLING TALE

London, Sept. 14.—Mrs. Stobart, who went to Brussels in the middle of August to establish a hospital under the auspices of the Belgian Red Cross, has returned to London after thrilling experiences. While trying to get from Brussels through the German lines she was arrested with her party outside of Louvain and taken in a coal truck to Tongres, where she declares she was submitted to insulting treatment as a suspected spy at the hands of German officers.

Mrs. Stobart and her party spent the night in a guardroom, expecting to be shot in the morning. They were, however, sent on to Cologne. They were deprived of all their documents and mobbed by crowds of howling German soldiers at Liege. Aachen and other stopping places. They were finally liberated, and escaped through Holland after encountering many difficulties.

## RECENT HAPPENINGS

A number of well known local en service men were among the passengers on the Prince John, which left yesterday for Vancouver among them being Messrs. G. P. Judge, George Ward, B. Entwistle and A. Burton. They are proceeding to Vancouver to join Vancouver organizations for the front. Messrs. Judge and Ward propose joining the 72nd Highlanders, and Messrs. Entwistle and Burton the 6th Royal Canadian Engineers. These men are bearing their own expenses, and exhibit the right spirit. They deserve great credit for the practical way in which they are showing their patriotism to King and Empire.

The SS. Northland arrived in port yesterday afternoon with a consignment of oil for local firms.

There was no drill yesterday afternoon of Prince Rupert's new regiment, although the usual drill took place in the evening.

Second Avenue looked like the Belgian frontier yesterday afternoon, when the local garrison gave a number of interested spectators a practical illustration of skirmishing and a vision of actual warfare in the manner in which they attacked a neighboring hill, storming it in good style, despite it being well defended.

News of a serious accident to a son of Mr. G. A. Storings, of Eighth Avenue, has just been received from Hazelton by his father. While boarding an engine on the G. T. P., he slipped and fell, sustaining a severe injury to one of his feet, necessitating amputation. He was working on the railway at the time of the accident. Mr. Storings is only 23 years of age, and it was only recently that, under medical advice, he removed from Prince Rupert to the interior for the change of climate recommended by his medical adviser on his recovery from an attack of pneumonia.

Constable Macleod left yesterday evening for Vancouver to bring back Lily Harris, a former resident of Comox Avenue, to the city. She was arrested in Vancouver on a charge of theft laid against her here.

Henry Stack was arrested last evening, charged with theft. It is alleged that he was found in a guest's room at a local hotel.

Mr. Greenshield, bookkeeper at the Balmoray Cannery at Port Essington, was found dead in bed yesterday at Essington, death being apparently due to natural causes. Mr. Greenshield was well known among the canneries on the Skeena.

A marriage of local interest took place yesterday at Port Essington, when Miss Constance Taylor, recently of England, was married to Rev. Leslie Brooks, Anglican clergyman of that place.

## KITCHENER VISITS FRENCH CAPITAL ON SEPTEMBER FIRST

Montreal, Sept. 16.—Writing from Havre under the date of September 1, the correspondent of The Montreal Star says:

"Yesterday Lord Kitchener arrived at Havre on H. M. S. Sentinel, and went direct to Paris by special train. He took the most southerly route possible to avoid large parties of marauding Germans and reached the banks of the Seine early this morning. When the British war minister arrived back, judging from the look on his face as he stood on the bridge of the cruiser, he obtained his own way in the French capital."

## RHEIMS OCCUPIED BY THE ALLIES

London, Sept. 16.—The occupation of Rheims by the allied troops was announced by the official press bureau last night. Germany's armies to the north and east of Paris, after retreating for upwards of fifty miles toward the Belgian frontier, are today making a determined stand along the River Aisne.
