ENEMY STANDS FIRM GLIMPSES FROM FIERCEST BATTLE OF CAMPAIGN

HEMENDOUS BATTLE ALMOST BEYOND HUMAN ENDURANCE

ADVANCE OF INFANTRY IS EXPECTED TODAY AFTER THE LULL OF ARTILLERY—ALLIES FEAR LONG WINTER CAMPAIGN.

(Special to The Daily News—12 Noon) London, Sept. 19.—The battle is now in the sixth day as developed into the conflict of the campaign. There has been a lull in the artillery duel and a tremendous advance of infantry is expected today. The Germans claim

now to have plenty of ammunition and supplies and are confident of beating the Allies. French officers at Paris say the strain will soon be beyond human endurance and the only way the Allies are to prevent a weary winter campaign if they cannot dislodge the Germans now is by a hard attack on the communication lines.

BRITISH SOLDIERS STILL BEST FIGHTERS OF EUROPE

WOUNDED ENEMY AT CLOSE QUARTERS AND DECIMATED THEM WITH BAYONET—BRITISH STILL BEARING BRUNT OF FIGHT.

(Special to The Daily News) London, Sept. 19.—The British again prevented General Mack and the Germans from capturing the Franco-British ally in Northern France. The British stated this yesterday. It was a serious encounter in which the British succeeded each in repulsing the German advance. Sir Charles Ferguson's report was given credit for the day.

French efforts to penetrate the German line failed.

The fury of the artillery firing was declared to be unprecedented in the history of warfare and fairly indescribable.

Thousands have been killed. Many more thousands have been wounded. Many of them laid for many hours in the rain and exposed to chilling winds.

The British are bearing the brunt of the fighting with the German right wing.

After repulsing three desperate German charges, the British troops under Gen. W. P. Pultney made a counter attack and fought the Germans at the point of the bayonet and decimated the entire brigade.

AFRICA TAKEN BY THE GERMANS

(Special to The Daily News.) London, South Africa, Sept. 19.—A force of 250 Germans with Maxim guns attacked the post at Nakob on Thursday. The garrison consisted of policemen, who fought unammunition was all gone. Not killed were taken prisoner by the Germans.

ALLIES DROVE GERMANS ACROSS FOUR RIVERS STIFF FIGHT AHEAD

(Special to The Daily News.) London, Sept. 19.—The Allies have crossed four rivers in the Aisne River region and only two, the Oise and the Ailette, remain to be crossed. The Germans are trying to hold them back with a fire from concealed batteries to delay them until defensive works can be thrown up. The country is ideal for defence.

Berlin acknowledges that the recent defeat of the Russians was not disastrous to the latter, who retired in good order with their guns. The Russians on the other hand declare the victory was theirs.

HOME RULE BILL SIGNED BY KING

War Accomplishes What Could Not Be Done in Peace—Not Effective Till War Is Over.

(Special to The Daily News.) London, Sept. 19.—King George yesterday signed the Home Rule Bill, which thus goes on the statute books, to go into effect when the suspensory bill expires. Parliament was prorogued yesterday until October 27. This means that things will stand as they are until the war is over.

THE BRITISH EXPEDITIONARY FORCE LANDING IN CANADA.

The British expeditionary force, whose brilliant fighting has been the feature of the war to date, are seen in the above picture landing on French soil. The embarkation, transportation and disembarkation of the men and stores were alike carried out with the greatest precision and without a single casualty. The outstanding incident was the thrilling incident when the Scottish soldiers landed, the historic relations between France and Scotland not having been forgotten.

Big Gun for Canal.

The Pacific entrance of the Panama Canal is to be protected by the largest gun in the world. This piece of ordnance is nearly completed and is now at the testing grounds at Sandy Hook. The breech-loading device will be installed there and the gun will be shipped to the canal. The guardian angel of the canal is 50 feet long, weighs 142 tons and throws a 2,000-pound 6-foot projectile for an estimated distance of 23 miles. The projectile is propelled by 665 pounds of powder, is expected to travel 2,250 feet per second and can pierce 12 inches of armor plate at a distance of 11 miles.

TRAIN WRECKERS ARE SOUGHT BY BLOODHOUNDS

(Special to The Daily News.) Birmingham, Ala., Sept. 19.—Wreckers are supposed to have tampered with a switch, which threw a train off the tracks. Bloodhounds have been obtained by the authorities to track down the offenders.

The bigamy case may be up for hearing on Monday. The brother of the girl involved, who laid the charge, is now in Vancouver and the authorities are awaiting his return.

BRITISH NAVAL ADDITIONS ARE BEING RUSHED

Harland & Wolff have orders to rush to completion three cruisers and two battleships they have under construction at their branch on the Clyde. Their employees are working day and night. This information reached town in a private letter.

The funeral of William Campbell, who died suddenly at Port Essington a few days ago, was held today at 1:30 p. m. The deceased was a Mason and the local body took charge of the funeral services.

VIENNA IN DUMB SILENCE WANTS FURTHER NEWS SIGNS THREATENING

(Special to The Daily News—1:30 P. M.)

Vienna, Sept. 19.—In the absence of satisfactory details regarding the progress of the campaign in Galicia along the Serbian frontier the Austrian public is waiting in dumb patience for some definite news of what really is happening, ever since it became known that Russia was making great headway in Galicia. The comment in Vienna newspapers has been guarded and editorials are dealing chiefly with the German campaign in western Europe. The presence of 70,000 Polish refugees in Galicia, added to by the constant arrival of trainloads of the wounded, tends to offset these reticences. The police recently issued a decree warning persons against spreading unfavorable war news under threats of severe penalties. Spies are found everywhere, and hundreds of arrests are already made. Many persons have been placed under more or less strict police surveillance.

GERMAN TROOPS ARE LEAVING FOR RUSSIAN FRONTIER

(Special to The Daily News—1:30 P. M.) London, Sept. 19.—The Telegraph learns from an authoritative source that eight German army corps have left France and Belgium for the Russian frontier.

Plymouth Eggs—40 cents at Frizzell's.

GERMANS SUFFERING—HEAVY BOMBARDMENT

(Special to The Daily News—1:30 P. M.)

Bordeaux, Sept. 19.—The great battle continues along the whole front between the Oise and the Meuse. The Germans are occupying positions which have been placed in a state of defence by armed and heavy artillery. The counter attacks made on them have been repulsed on every side. The German resistance on the heights of the Aisne has been maintained, though they wavered at certain points. The invaders are constantly fortifying their positions, but the situation is satisfactory. One reason why the Germans are still holding their position in the great line is because they have built scientific entrenchments and trenches above Chalons which have large covered works as a screen from the shells and especially protected areas wherein the men can take shelter while under bombardment.

DEER MEAT MAY BE SOLD IN RUPERT

According to the last provincial game laws it is illegal to sell venison on any island. City Clerk Woods, noticing this, wrote to the provincial game warden at Victoria asking if this applied to Prince Rupert. He replied that they did not have Prince Rupert in mind at the time and it would not be allowed to apply in this case. Deer meat may, therefore, be sold hereafter in this city.

RUSSIANS ARREST GERMAN ADVANCE BRITISH FORCES SUFFER

(Special to The Daily News.)

Petrograd, Sept. 19.—Dispatches say that General Rennenkampf has arrested the German advance. The report reaching here from Galicia today declares that the Austrian cavalry is entirely wiped out.

The people of Pola, the naval base on the Adriatic, is said to be in revolt.

Many of the famous British regiments have been mowed down during the past week's fighting.

AUSTRIANS ARE AGAIN BECOMING ACTIVE

(Special to The Daily News—12 Noon)

London, Sept. 19.—A Vienna dispatch via Rome states that the Austrians have fortified an extended new front, which will reach to Cracow. The entire Russian left wing under Generals Ruzsky and Brussiloff is expected momentarily to begin an attack against Przmysl. Berlin reports claim the German army is continuing operations in Russian Poland.

BERLIN REPORTS ARE OPTIMISTIC AS USUAL

(Special to The Daily News—12 Noon)

Berlin, Sept. 19.—The German forces have stormed Baumont, capturing 2,500 French. The Allies' attacks at Noyen have been repulsed. The Serbians are said to have been defeated at Agram, being driven into the Save River and many drowned.

JAPS HAVE SEIZED KIAU CHAU R.R. STATION

(Special to The Daily News—12 Noon)

Petrograd, Sept. 19.—A Tokio report says the Imperial Japanese troops landed at Lao San Bay on Friday and captured the Kiau Chau Railway station.

The Germans have evacuated Termonde and Londerzel in Belgium.

GERMANS FORCE LABOR TO ERECT DEFENCES

(Special to The Daily News—1:30 P. M.)

London, Sept. 19.—An Ostend dispatch says the Germans are strongly entrenching themselves along the River Sambre from Mameuse to Namur. Important defence works are seen at Thuin and Farcionness. Many of the inhabitants of those places have been forced by threats to perform labor on the works. The same kind of fortifications are reported being erected on the Meuse at Namur.

FOURTEEN DROWNED IN MONTMAGNY WRECK

(Special to The Daily News—1:30 P. M.)

Quebec, Sept. 19.—Eleven children, two women and one man were drowned as the result of the fatal collision between the Canadian government steamer Montmagncy and the coal company's steamer Lingan. The crew, mostly Chinese, worked like trojans in pulling the people out of the water. The Lingan stood by and assisted in the rescue work.

ACCIDENTAL SHOOTING WAS VERDICT OF JURY

Evidence Went to Show That Man Who Shot Thought It Was Porcupine.

The inquest into the shooting accident whereby Robert Auld lost his life at Shawatians was held last evening in the court room. Coroner McMullin presided and the following constituted the jury: Geo. D. Hull, S. P. McMorrie, W. S. Marshall, J. D. McLeod, J. E. Merryfield and R. W. Cameron.

Frank Jones, Frank Somers and Ben Fenfern gave evidence which was much alike and as follows: "After dinner the boys were having a lark and Frank Jones and the deceased were outside the tent and Jones suggested that Auld go up a nearby tree and crow. After some hesitation, he went. Then Jones ran into the big tent, saying: 'Boys there's a big bird up the tree. Wait and hear him crow.' They all rushed out, some clamoring and some shouting that it was a porcupine or bear. Somers ran back to the tent for his gun and Fenfern took it from him and was standing looking up the tree. In the meantime Jones was shouting 'Don't shoot; that's Bob.' Fenfern was hard of hearing, and at any rate the clamor was loud. Tom Graham was in the tent most of this time and came out at the moment Fenfern was pointing up the tree. He grabbed the gun and shot at a movement in the tree. Jones said: 'Did you shoot in the air to scare him? That's Bob there, you know.' Graham then threw down the gun and began to cry and said, 'I wish to God I were in his place.' The accused himself was called and practically said the same thing. The jury returned a verdict of accidental shooting. The brother of the deceased, who belongs to the Vancouver police force, was present and examined each witness.

GERMANS HAVE FAILED IN ATTACKING BRITISH

(Special to The Daily News—12 Noon)

Paris, Sept. 19.—The British forces, as in the Marne battle, are bearing the brunt of the counter attacks in the Aisne battle and are conducting themselves brilliantly. The Germans are strongly entrenching along the Aisne for a long defence. They have failed in their efforts against the British artillery.

VICTORY CLAIMED BY BOTH PARTIES

(Special to The Daily News.)

London, Sept. 19.—Conflicting reports come from the German-Russian frontier. The Germans claim victories and so do the Russians. The latter are certainly still beating the Austrians in Galicia and Poland. (A later wire from Berlin says the Russians retired in good order.)

TRAIN WRECK COSTS LOSS OF MANY LIVES

(Special to The Daily News.)

Birmingham, Ala., Sept. 19.—Eight persons were killed when the Alabama, Great Southern train was wrecked early yesterday south of Livingston, Ala. A Meridian, Miss., report says that 12 were killed and 25 injured.

DAILY EDITION **SATURDAY, SEPT. 19, 1914.**

One of the chief faults of our public school system is the method of conducting examinations. The first time that a child gets up against a real serious examination is when they are seeking to pass into the High School. Everything must be put into writing and a very limited amount of time only is allowed for that. All the preceding months are given over to "cramming" instead of to a real appreciation of the work. When the crisis comes a little stroke of nervousness or inability to rush things down on paper may lose the day. The parents, of course, will blame the teacher, whereas, in nine cases out of ten, it is the fault of the system under which he is compelled to work. Very often the boy who fails is the most practical and best posted boy in the class. Examinations should be left much more in the hands of the teacher, who well knows the progress of his class.

When a boy or girl arrives at the sixth or seventh grades, besides the regular theoretical work, they should be compelled to put their information into practical use. For a month out of each year they should be made to serve in some department of practical work where they could apply their knowledge and see its use. The boy who makes a living selling papers in the streets knows more about money and business than many full-grown individuals. A little experience about a shop or store gives to a boy a point of view that he would never get in school. If teaching is intended to develop resourcefulness it certainly is about time that we began to adopt some of the newer methods or at least learn something from

the rugged capable boy on the street who has never seen the inside of a school.

A public school should be the most interesting place in the world. Instead of that, too often it is a nest of drones. This remark has no reference to local schools, which the writer regrets he has never visited. Perhaps one reason why the schools lack interest is that parents and citizens in general pay no heed to them and allow them to wander along in their own weary way. It is even said that a great many school boards would not know the inside of their buildings. This is not as it should be. The citizens should "hold up the hands" of their teachers. Not only school boards, but every citizen, should make it his business to visit the schools and at least lend the weight of his moral support.

The tendency to use the name Britain for England when discussing the war is gaining ground. English papers no doubt unconsciously speak of the English fleet and the English army, forgetting that no such entities exist. While England is without doubt the most powerful factor in the Empire it would never be what it is today were it not for the amalgamation that took place with Scotland, Ireland and the Dominions beyond the seas. There never could be an "English Empire," but there is a "British Empire" and the present war has shown what a potent and united force it is. Let us all be, therefore, "British" and at the same time honor old England not only for her great past but also for what she is today, the throbbing heart of the Empire.

NEW YORK NOW LETS SOME MORE GOLD GO

A Shipment of Million Dollars to Canada Announced—Decline in Exchange.

New York, Sept. 18.—The shipment of \$1,000,000 in gold to Canada and another sharp decline in London exchange were features of the local financial situation yesterday. The gold was taken by the local branch of a Canadian banking institution, and so far as could be learned forms no part of the shipments recently made to Ottawa for account of the Bank of England.

The decline in exchange amounted to 1 1-2 cents per pound sterling and was accepted as further proof of the easier conditions now existing between this market and London.

Moderately large amounts of grain and other commodity bills changed hands on the basis of 4.98 for cable and 4.97 for demand.

BOY HERO OF BELGIUM REWARDED BY KING

Paris, Sept. 18.—The hero of Belgium today is the Boy Scout Leysen, who has been decorated by King Albert for his valor in services to his country. The young man, who was born at Liege, is described in The Figaro as of almost uncanny sharpness, with senses and perceptions as keen as a savage. He was able to find his way through the woods and pass the sentries of the enemy with unerring accuracy. Leysen made his way through the German lines from Antwerp for the tenth time last Sunday, carrying dispatches to the secret representatives of Belgium in Brussels. He has discovered and denounced 11 German spies in Belgium and performed a variety of services, and all without impairing his boyish simplicity.

NO HORSES ARE ALLOWED TO BE TAKEN FROM CANADA

Sarnia, Sept. 18.—Orders have been received at the customs offices here that no horses are to be allowed to leave Canada. This means just what it says, with no exceptions. A person desiring to visit Port Huron for an hour or two cannot take his horse out of Canada, and draymen and expressmen moving stuff to the other side cannot take their horses across on the ferry boat. Not only that, but people living in Port Huron or anywhere in the United States cannot bring their horses back from Canada if they once land them on Canadian soil.

ALLIES' LEFT WING MEETS WITH SUCCESS

Paris, Sept. 19.—The Allies have progressed somewhat on the western wing and are repulsing a vigorous German offensive movement, according to an official announcement yesterday.

CONFLICTING REPORTS—PARIS AND BERLIN

(Special to The Daily News.)

Berlin, Sept. 19.—The power of resistance of the Allies is reported to be relaxing. The French effort to break through the German right wing is collapsing. The German center is gaining ground. The Allies were repulsed on the right bank of the Meuse.

Another Report.

Paris, Sept. 19.—The Germans yield slightly on the left in the battle of Aisne, now in progress for several days. The army of the Crown Prince has turned on its pursuers at Mont Faucon, to the north of Verdun.

ANOTHER BETTERMENT AT SKEENA CROSSING

E. H. Fletcher, postoffice inspector, was a visitor at Skeena Crossing a couple of days last week. He expressed surprise at the amount of business the local postoffice is doing and stated that the rapidly improving conditions justified Skeena Crossing having money order facilities and that the same would be granted at once.

ANOTHER COLLISION IN ST. LAWRENCE

(Special to The Daily News.)

Quebec, Sept. 19.—The Canadian government steamer Montmagny sank in the St. Lawrence yesterday 26 miles from Quebec. The accident was at 5 o'clock in the morning and was caused by collision with the Dominion Coal Company's steamer Langan in a fog. Crane Island reports say that 12 of the Montmagny's crew of 20 were lost.

ITALIAN SOCIALISTS DISCUSS NEUTRALITY

Do Not Wish Italy's Stand to Bring Profit to Dual Alliance.

Paris, Sept. 18.—A Havas dispatch from Rome says:

"The Union of Socialists of Rome today ended its discussion of the international situation and the intervention of Italy by the adoption of a resolution which states in the beginning that reciprocal action by Socialists of all countries against imperialism and armed peace had failed, and that, through the fault of the powerful German and Austrian Socialist parties in not sufficiently opposing armaments, the Belgian and French Socialists had been compelled to fight in defence of their countries.

"A victory of the military and the aristocracy in the two central empires, the resolution continues, 'would subject Europe to a most reactionary and military supremacy.'

"The neutrality of Italy desired by the proletariat," it says further, 'means an ardent desire to see the strife engendered in the two empires turned against its authors and the wish of the proletariat to profit from the present situation to affirm an alliance of free people.'

"The union invites the working people to see to it that Italy's neutrality is not allowed to bring profit to the two empires."

WELSH VERSUS RITCHIE ON THANKSGIVING DAY

San Francisco, Sept. 18.—Fredie Welsh, lightweight champion, may meet Willie Ritchie here in a 20-round contest on Thanksgiving Day, November 30. Jim Coffroth is trying to close the match, and is now in communication with the Britisher. Ritchie has already signified his willingness to accept the match, which is taken to mean that Coffroth's terms are satisfactory. Welsh is in the East and according to present plans has accepted an extended engagement in vaudeville.

George Chip has gone to Los Angeles for a ten-days' visit and upon his return will immediately start training for his 20-round contest with Billy Murray, which has been set for the night of September 30 at Coffroth's Arena.

SENT UP FOR TRIAL.

Alex. Matthy was up in the Police Court this morning charged with forging a check. It appears that he was rooming with a partner in one of the local hotels and the charge is that he got up in the night and took a check from his partner's clothes, endorsed it and had it cashed. Half an hour after the charge was laid Constable Macdonald located his man on Comox Avenue. The check was for \$142. He was sent up for trial.

Tommy Carpenter and Frank Ernst drove down from New Hazelton Monday of last week and returned the same day.

J. H. Bush hauled a big tank of gasoline to the Rocher de Boule mine last week for the use of the company's sawmill.

C. A. MacPherson and Angus MacKenzie, who have been working at the Rocher de Boule mine for some time, came down last Thursday.

George Boe went to Hazelton on Wednesday to transact some business at the government office and returned on Thursday's train in good condition.

B. R. Jones has been in Vancouver for the past ten days, where he has been selecting furniture and other material for the Copper Tavern. He will return on Wednesday of this week.

The plumber's fittings for the water system of the Copper Tavern have been received and are up to date in every essential feature. The plumbers arrived on Saturday last and are already on the job.

Frank Bard, who had the contract for erecting the Copper Tavern, has returned to the Crossing and will begin work on the new store building as soon as the excavation is ready for the foundation.

Young & Walters, contractors for the excavation now being made for the new store building of the B. R. Jones Co., Ltd., are making fine progress, and the ground will soon be in shape for the foundation.

David Morgan, a Nevada prospector who has recently come to these parts, visited the Crossing yesterday for supplies. He is camped down the river about fifteen miles, and says the country looks good enough to stay with.

P. J. Burkhardt, a Seattle man, went east on Saturday's train, and is going to Fort George to have a look around. On his return he expects to stop off at the Crossing, and will examine some mining claims in which he has recently purchased an interest.

He will spend a week or two in Hazelton, obtaining information from the forest branch officials and other sources.

NEW PRIVATE SECRETARY.

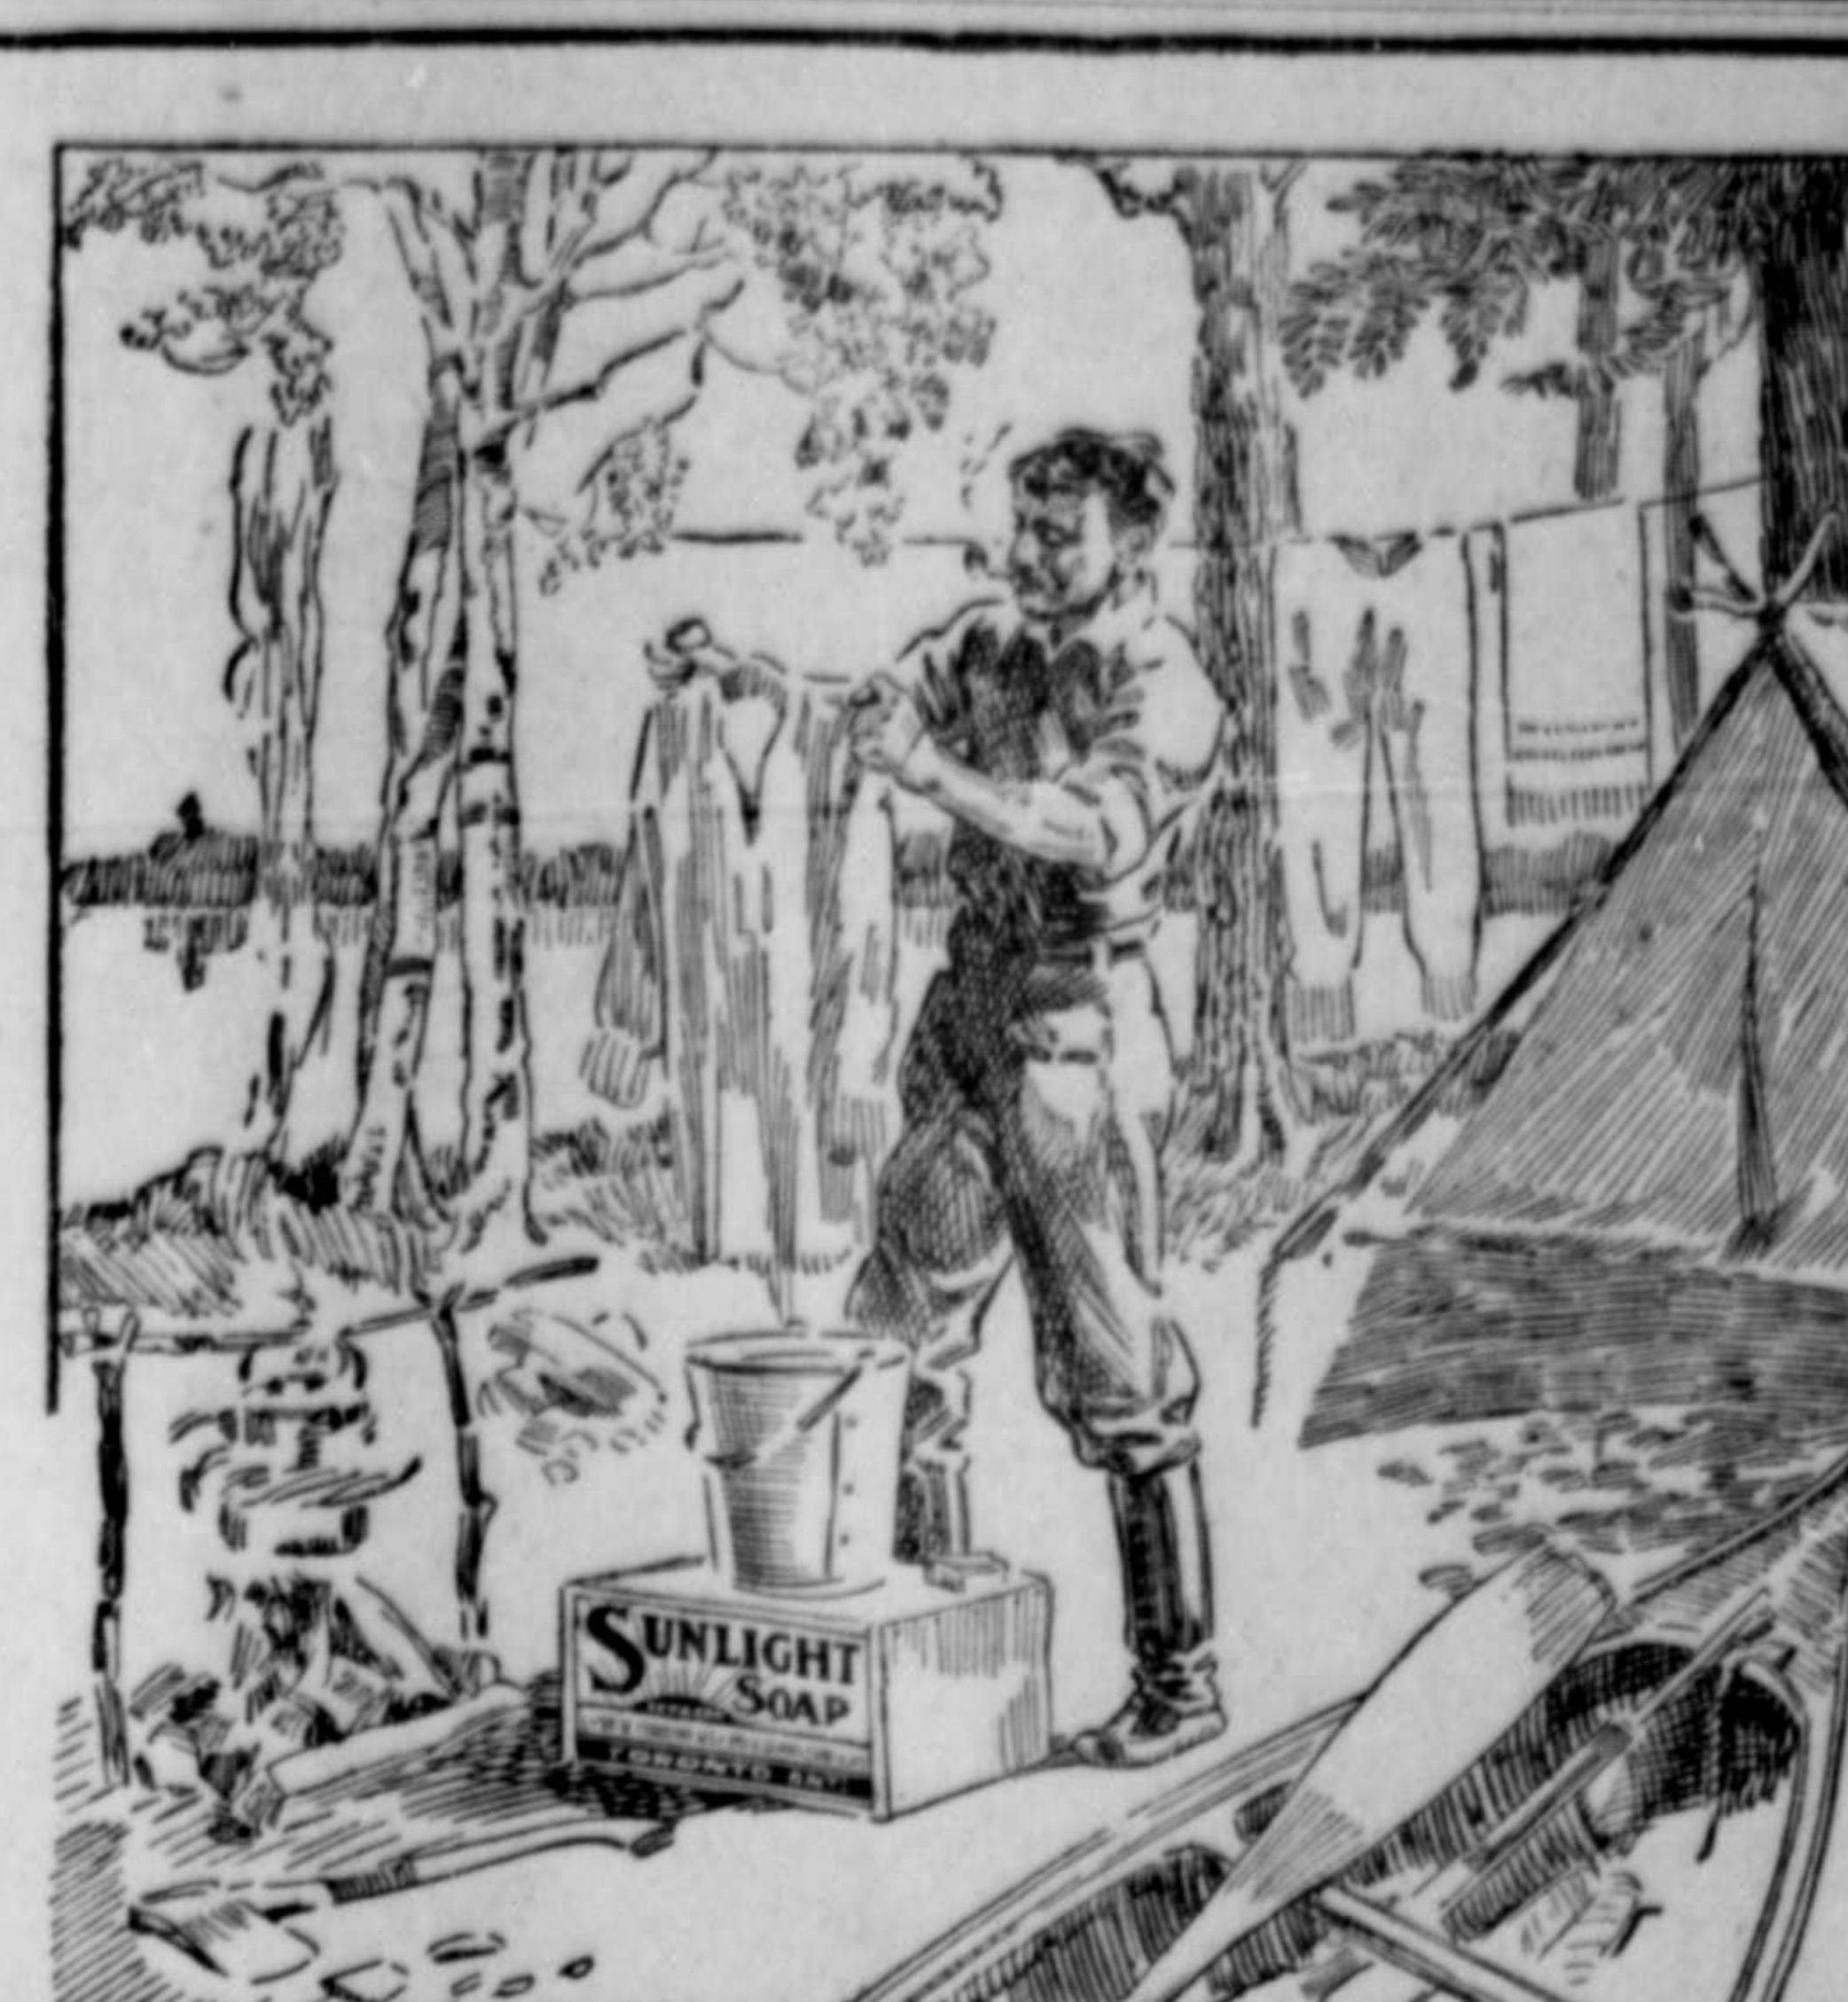

Position in Premier's Office is Filled by Appointment of Mr. R. E. Gosnell.

Sir Richard McBride has authorized the announcement that the position of private secretary in the premier's office had been filled by the appointment of Mr. R. E. Gosnell. Those who have volunteered their willingness to serve in this capacity, and others who may be disposed to do so, are asked to regard this as an intimation that their services will not be required.

That Mr. Gosnell is eminently well qualified for the position to which he has just been appointed is, of course, well known. He was the premier's first secretary, taking that office in 1903, previously having occupied the same post under five premiers. For many years he has been the trusted servant of the government in many important departmental matters. Than Mr. Gosnell no one in the province has a greater knowledge of conditions in British Columbia and the problems bearing upon its development. Mr. Gosnell has already entered upon his duties.

First Grain Rush of Season.

Duluth, Minn., Sept. 18.—Grain men here estimate that 2,500,000 bushels of grain will have cleared local elevators in the past 48 hours. This is the first real rush of the season. These figures would be higher but for the low grades of grain now being received, they say.

SCHOONER COLLIDED WITH JAP IDZUMA AND WAS SUNK

(Special to The Daily News—1:20 P. M.) Portland, Ore., Sept. 19.—A message sent by wireless from an unknown vessel off the Columbia River Marconi station said that the schooner Francis H. Leggett had been sunk 60 miles south of the Columbia River. The Seattle Japanese consul said he had been notified through the wireless station that the vessel had been sunk off the Columbia. Through the same agency he heard rumors that the sinking of the vessel came through a collision with the Japanese cruiser Idzumo and he was endeavoring to get into communication with the Idzumo. At a late hour he was unable to reach the cruiser by wireless. Her whereabouts is unknown.

SONS OF ENGLAND ENJOY THEMSELVES The Sons of England concert under the auspices of the Sons of England Football Club was a great success last night. It was very largely attended, about 120 being present. The entertainment included whist drive, dancing and games, interspersed with songs and recitations. Refreshments were served after the whist drive.

An exceptionally good program was rendered, including "Men of Harlech" by the Welsh choir and "Killarney" in response to an encore. Meth Davies sang "The Victors" in good style. Miss Neuman in "If I Build a World for You" excelled herself. A new arrival, Miss Branch, gave two excellent recitations, "The Eye of the Little Yellow God" and a tale of a working woman during the reign of Queen Victoria. Judging from the reception she received, Miss Branch will prove a favorite with Prince Rupert audiences. The party broke up at 2 a. m. after one of the jolliest times the society ever had. Mr. C. T. Hewitt ran the whist drive. Mr. T. W. Silversides was chairman for the evening.
