London, Oct. 5.—An Antwerp dispatch says: "The Germans continue their efforts to capture Antwerp and appear in a desperate hurry to accomplish it, continuing away unceasingly with their artillery and flinging their

This region is held by General von Kluck, who was reported Saturday being in bad straits and in danger of being surrounded.

PATRIOTIC CONCERT HAS FULL HOUSE

The Patriotic Fund will benefit to the extent of \$152 as a result of last night's performance by the Juvenile Bostonians, who graciously gave their services free, as also did the Westholme Opera House Company, and that their efforts on behalf of a most worthy cause was appreciated was shown by a full house. Just before the curtain rose one of the players, Dodie Canfield, came forward and announced that there had been a mistake in the advertising, as the company was not prepared to give a concert, but would give a small Irish operetta, which they hoped would be received in the spirit in which it was given, and this it surely was. This unpretentious piece was very enjoyable, with a few familiar tunes, and needless to say full justice was given both acting and singing by all the members taking part. The finest song of all was "My Wild Irish Rose," which was very sweetly rendered by Thom Hellen, but everyone of the players did so well that it would be invidious to single out any one of them, more especially in the absence of a program.

BRITISH VIEW OF HOW THE WAR WILL END

The following from the famous speech of Lord Rosebery on the war shows clearly the British point of view:

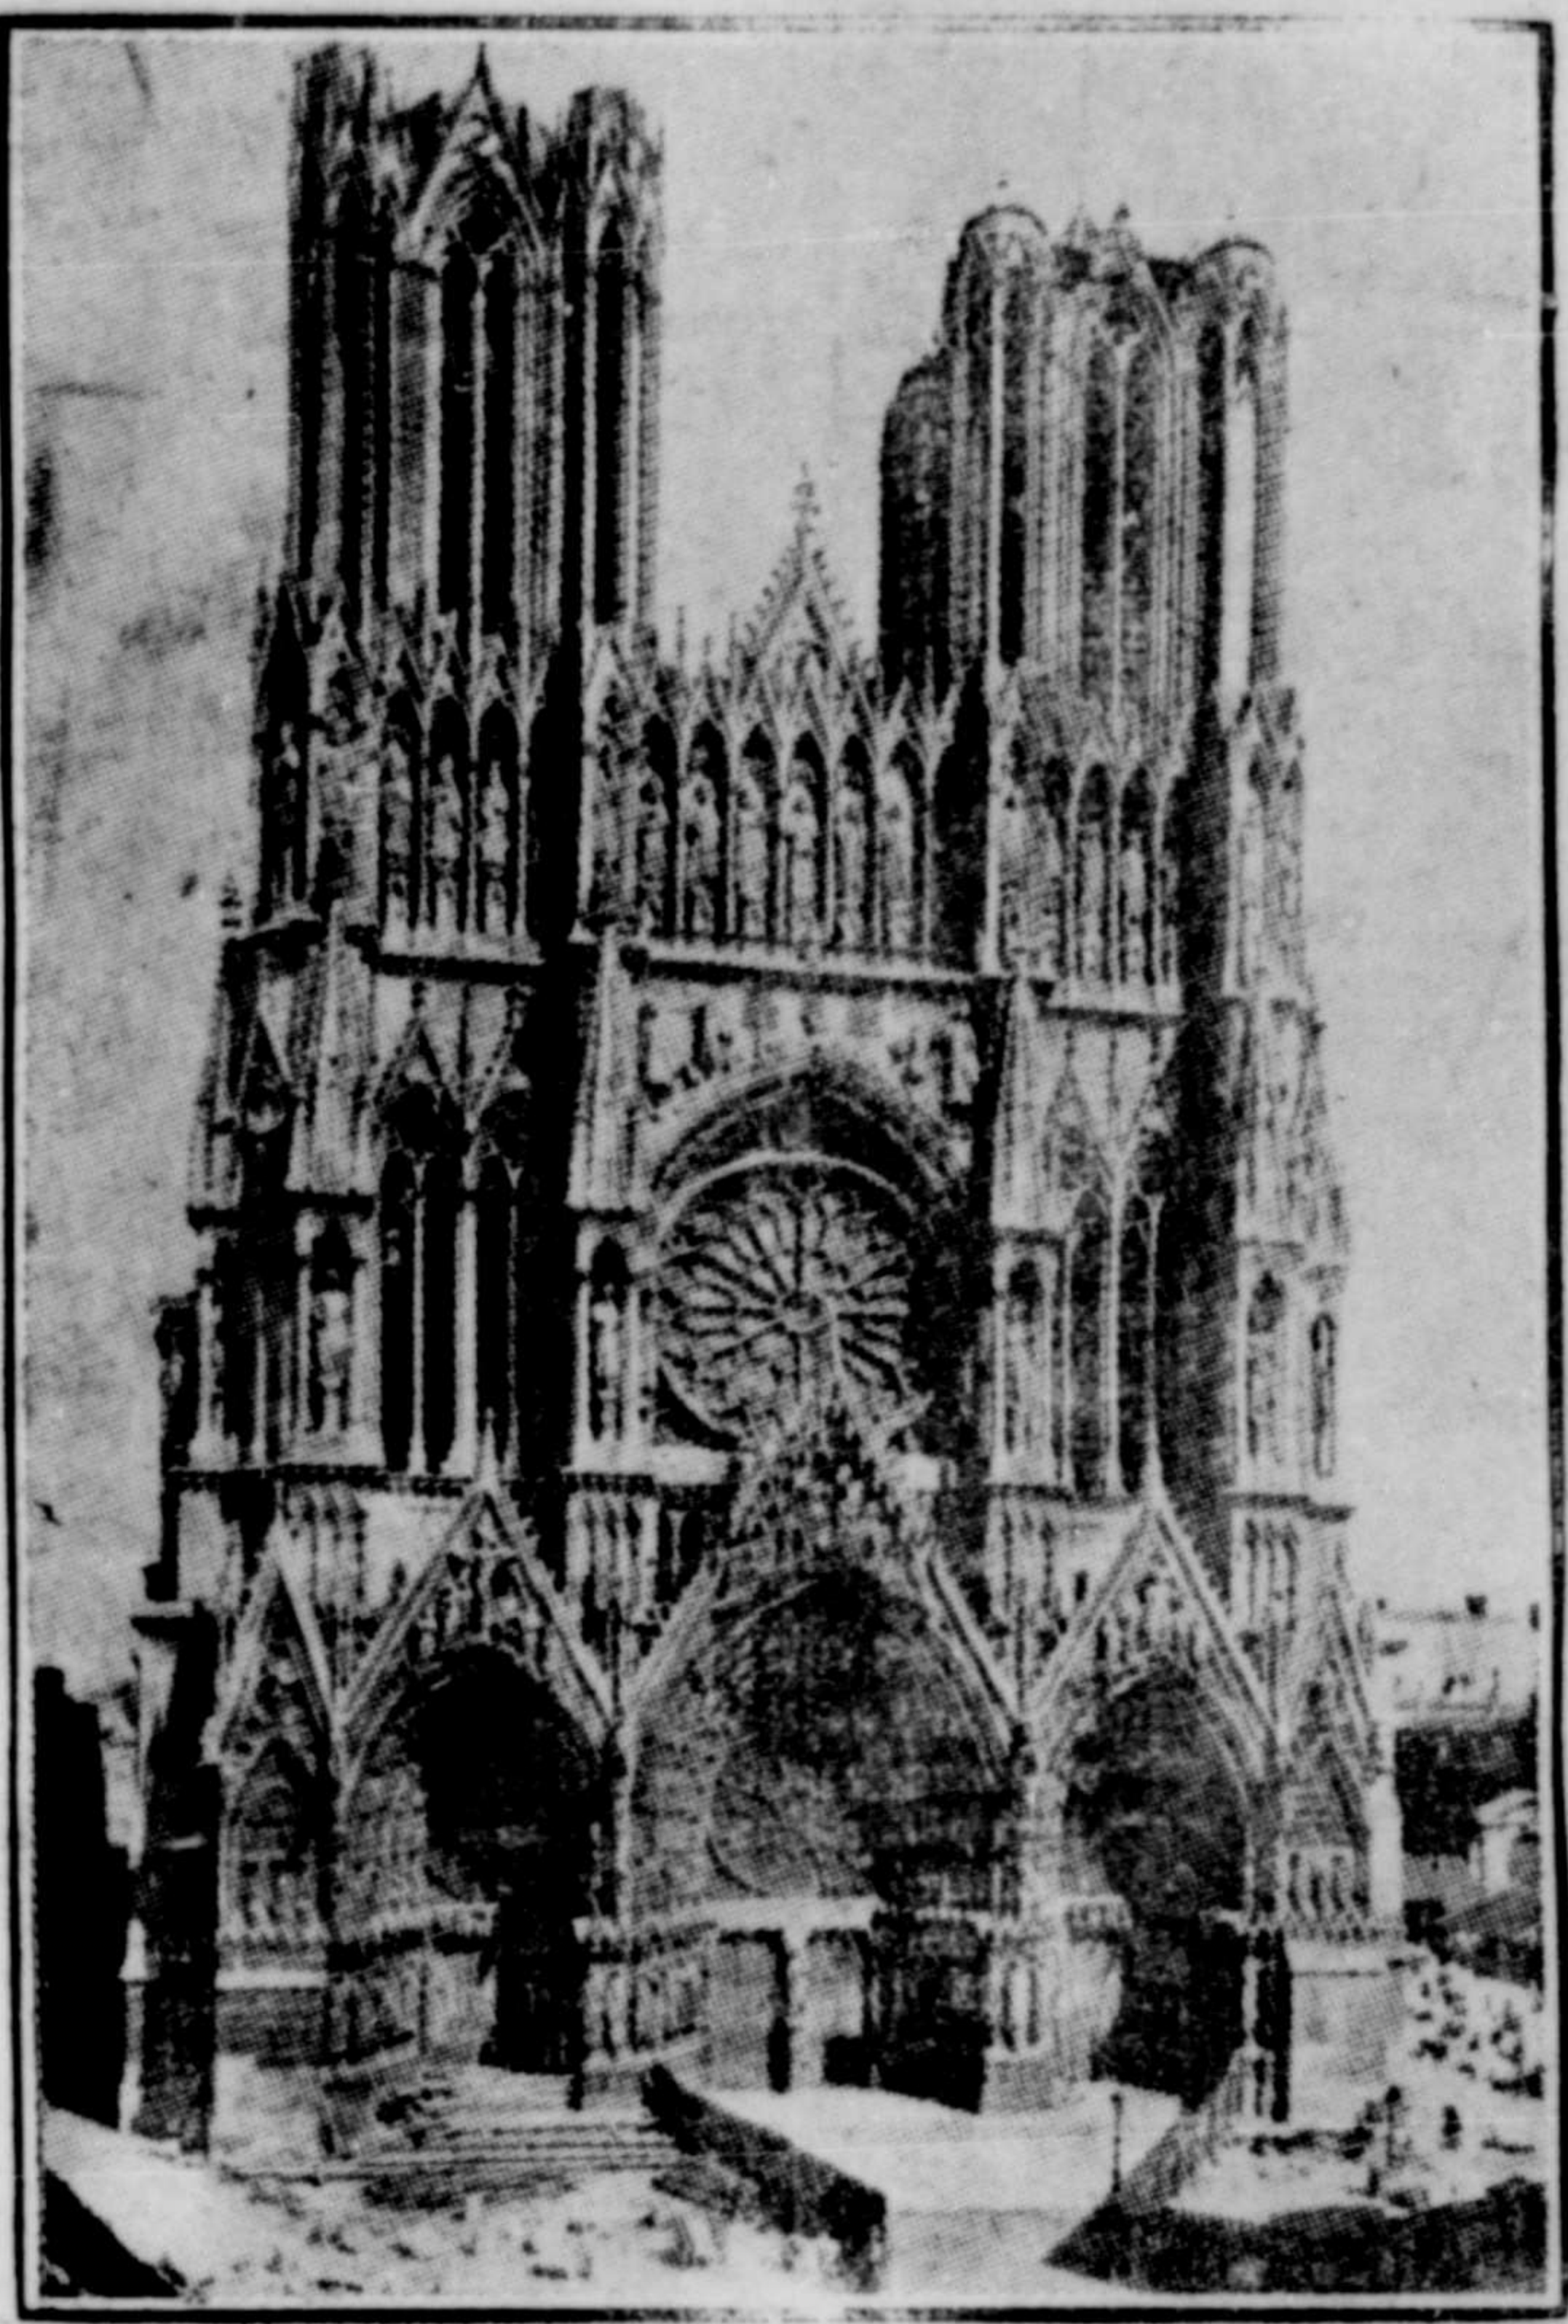

"I know that we have seen wars in our time in which the loss of a province or two ended the war. That will not be so in this. We have seen wars in which an indemnity of money put an end to war; that will not be so now.

"Make no mistake; this is a fight to a finish. If we go under now, we are gone for ever. I do not ask you to suggest to yourselves that you will go under for a moment but if you are not going under every man who is capable of defending his country is bound to step into the breach.

"Just think. Try and imagine what it would be to be beaten. I do not suppose we should be annexed as a province. That is unthinkable—to see foreign uniforms, foreign police, foreign laws, foreign tax-gatherers in our country. That I discard as absolutely impossible. But there is another very probable contingency which might happen—which would happen if we were defeated—which is that we would be reduced at once to an inferior power, living at the good will of our superior lord, our army limited, our navy limited, our Empire cut up and divided among the plunderers, a position so abject that we can't realize it now.

"If we were to sink to a third-rate power, in the position that I have described, I for one would from my heart and soul rather that all our people as they now exist were to pass into exile and into death, and leave this island vacant for some superior race.

We Shall Win.
"We are going to win, because a nation and an Empire like ours cannot be extinguished by any such warfare as this.
"We are going to win because we have our people united as they never have been before.
"We are going to win because our Dominions and empires outside these islands vie with each other in generous emulation as to which shall give us most support

BEAUTIFUL CATHEDRAL AT RHEIMS NOW IN RUINS.

As the result of the heavy German bombardment at Rheims, a large part of the city, including the Cathedral, have been burned. The Cathedral was built in the thirteenth century and was one of the finest specimens of old Gothic architecture in the world.

TURKEY NEXT POWER TO COME TO WAR

Demands Explanations From Britain Regarding Stationing of Warships.

London, Oct. 5.—Turkey, the London Daily Telegraph says it understands, is about to make a demand concerning the stationing of certain British warships with which it will be impossible for Great Britain to comply, and it is likely, therefore, to bring Turkey into the European war.

The Telegraph instances many indications of the Turkish policy, such as the Ottoman government's ambiguous conduct in relation to the German cruisers Goeben and Breslau, the invitation to German officers to go to Constantinople, the mobilization of Turkish troops in Syria and the closing of the Dardanelles, and adds:

"If Turkey chooses war let her clearly understand that it will mean the end not merely of Turkey in Europe, but Turkey in Asia, and that the allied powers will exact the fullest retribution."

in supplies and money and men.
"Above all, we are going to pure, and a just cause, and we win because we have a high, a can appeal with humble, but I think, earnest confidence to Him who, in the words of our beautiful old paraphrase, we recognize as the

CANADIAN STATESMAN HONORED BY AMERICANS

Hon. W. L. Mackenzie-King Appointed by Rockefeller Institute to Investigate Labor Matters.

New York, Oct. 5.—The Rockefeller Institute announced Saturday that it had decided to make a far-reaching investigation of industrial conditions in this country, and that it had secured the services of Hon. W. L. Mackenzie-King, former Minister of Labor in Canada, as director of the investigation. Mr. King has conducted a great many investigations in Canada, and is looked upon as one of the best men for such a task as the institute has in view.

Ottawa, Oct. 4.—Hon. W. L. Mackenzie-King will take the position offered him by the trustees of the Rockefeller Institute. His investigation plans years of constructive study and educational work with a view to securing legislative and industrial reforms throughout the world. His new position will not involve his giving up his political life and he will still be Liberal member for North York and candidate at the next general election.

GERMAN BARONESS IS JAILED BY ENGLAND

Three Weeks for Failing to Register as an Alien Enemy.

London, Oct. 5.—Baroness Marie von Neuberg was sentenced by a London Police Court magistrate to imprisonment for three weeks for failing to register as an alien enemy. The baroness said her husband is the general commanding the Eighth German Army Corps, while his son is a member of the Officers' Training Corps at the Westminster school.

ALLIES ARE ENDEAVORING TO SURROUND THE GERMANS

RETREAT THROUGH BELGIUM MAY BE CUT OFF—GERMANS WOULD THEN BE AT THE MERCY OF ALLIES.

(Special to The Daily News)
Paris, Oct. 5.—Fighting is reported around Douai. This indicates that the German line of retreat through Belgium is in danger of being shut off by the closing of the great military door hinged at Soissons which the Allies are doing their best to close.
Paris, Oct. 4.—(From the Official Bulletin Sunday afternoon.) "On our left wing north of the Oise fighting continues with great violence. The result is indecisive. We have been compelled to yield ground at certain points. There is no change along the remainder of the front."

SAYS SIX MEN TRIED TO BLOW UP BIG BRIDGE

Saskatoon, Sask., Oct. 5.—Six men made an attempt last night to blow up the Grand Trunk Pacific bridge over the Saskatchewan River, according to a man reaching the city on this morning's train from Prince Albert, who vouches for the correctness of the story. Inspector Duffus, of the R. N. W. M. P., who is in charge of the district, would neither deny nor confirm the report. The men attacked the two night guards on duty at the bridge and attempted to overpower them, declaring they were going to blow up the structure, it is alleged, according to report. They did not succeed in their attempt, but it could not be learned just what took place. The officials at the local Grand Trunk Pacific Railway office would not say anything on the matter.

WOULD EXPEL BOURASSA FROM CANADIAN CLUB

Motion Introduced in Montreal Organization Is Held Over.

Montreal, Oct. 5.—An attempt was made here last week to expel Henri Bourassa, the Nationalist leader, from the Canadian Club at a banquet held in the Windsor Hotel, at which the Belgian delegation to President Wilson was present. A resolution calling for Mr. Bourassa's expulsion was tendered, but the chairman, Dean Adams, would not accept it, as it was out of order. The resolution follows:

"That this club regrets to feel that the spirit which prompted it to extend the honor of its membership to Henri Bourassa, one of the most eloquent of our French-Canadian orators, does not seem to have been either understood or appreciated by him, and that the club now feels, in justice to those of our French and English fellow members who believe in a united Canada, and who are loyally giving their time, their money and their lives in the service of their King and country, that the treasurer should return Mr. Bourassa his fee, expressing the hope that he will live long enough to realize what it means to be a true patriot and honored citizen."

The motion was cheered loudly by both French and English members. Because Mr. Bourassa had been given no opportunity to reply to the motion, and because no notice of it had been given, Dean Adams asked that the matter be referred to the executive which was agreed to.

WILL SUMMON COUNCIL.

Sir Edward Carson at Close of the War Will Call Ulster Council to Repeal Home Rule Bill.

Belfast, Oct. 5.—Sir Edward H. Carson, leader of the Irish Unionist party, outlined the Ulster program of the future in addressing a Unionist gathering here.

"I propose," he said, "when the war is over, to summon a provincial council and I propose that their first act should be to repeal the Home Rule Bill so far as Ulster is concerned. I propose in the same act to enact that it is the duty of the volunteers to see that no act or no attempt of an act under the bill should ever have effect in Ulster."

"Meanwhile, let us throw ourselves, as we are throwing ourselves, wholeheartedly into the patriotic action that the time demands in supporting the Empire."

The Northern B. C. Fair just closed was a distinct success considering all the opposing forces. The quality and variety of the products shown are convincing that not only can fruits and vegetables be successfully grown here but land itself which can turn out such a high standard of crops is worth going after.

At the recent annual meeting of the association handling the Fair there were only twenty-five present out of a membership of some four hundred. Only a dozen or so of these were citizens of Prince Rupert. It appears that everybody thinks it is the other fellow's business and forgets to attend. In other cities the Fair has the whole-hearted support of all the citizens. If we are to make the Fair a great event in the life of this city the people will all have to get together, and push the thing along. Those who have already put their hand to this business have done so with enthusiasm and success but the majority of the citizens have nothing to do with it. This is not right. The Fair can be made one of the biggest and best assets that Prince Rupert possesses and it is suicidal not to develop it.

Prince Rupert has a reputation for allowing public affairs to be run by a few. Nearly all the public and charitable affairs of the city are taken care of by a handful of men. These men are not necessarily seeking self-advancement but have these duties thrust upon them and in most cases have handled them well. The point is, however, that the circle of interest gets too narrow, and perhaps a little jealousy or antagonism is developed among a few who may be suspicious. The only cure for this is a more general public interest, and when this is done the rest will take care of itself.

Considering all the criticism that has been offered in connection with the judging in the band contest case, it might be pointed out that it is an impossible task for any one man to please everybody, no matter how competent he may be. Perhaps, indeed, considering this, it is hardly fair to ask one man to undertake so strenuous a task. There should be some way of securing the services of a musical committee in such cases, which would be so representative that all would be satisfied.

A CANADIAN PRIEST COMMANDS REGIMENT?

Abbe Casgrain Probable Colonel. Was Major in the British Army in India.

Montreal, Oct. 5.—Promises of subscriptions totaling \$125,000 toward the equipment of the French-Canadian war contingent have been made. It is expected that 2,500 men will compose the force, while reinforcements will be mustered to keep it at this strength.

It has been suggested that the force shall be led by Abbe Casgrain, of Quebec, who before his ordination as a priest served as an officer in the British army, in India and elsewhere, retiring four years ago with the rank of major.

JESTS OVER "JACK JOHNSON" GUNS

The German howitzer shells are reported to be from eight to nine inches in calibre, and on impact they send up columns of greasy black smoke. On account of this they are irreverently dubbed "coal boxes," "Black Marias," or "Jack Johnsons" by the soldiers. Men who take things in this spirit are, it seems, likely to throw out the calculations based on the loss of morale so carefully framed by the German military philosophers.

THE ARGONNE.

The Argonne is a rocky, forest-clad plateau extending along the borders of Lorraine, Germany, and Champagne, France. It has a length of about sixty-three miles, an average breadth of nineteen miles and an average height of 1,150 feet. There are few good roads in this district and it is hard territory through which to carry on military operations of large proportions. It lies between the valley of the Aisne on the west and the valley of the Meuse on the east, and is one of the natural bulwarks between Germany and France. There are numerous forests clothing both the east and the west slopes of the plateau, the chief of them being that of Argonne, extending for twenty-five miles between the Aire and the Aisne.

GERMANS REPORTED TO BE PLACING NEW GUNS ON WARSHIPS

Copenhagen, Oct. 5.—Travelers arriving here from the Kiel Canal say that the Germans are busy placing new ordnance, which the Krupp works has been experimenting with for the last two years, on the armored cruisers and dreadnoughts.

The canal is described as being crowded with warships, including the largest battleships. The arsenals are busy day and night, and long trains arrive continuously with immense guns for the ships. The Germans are reported as declaring that the whole fleet will soon be ready to fight.

To be well dressed is to inspire the respect of the department store salesladies.

MORE RECRUITS THAN REQUIRED

Force in Vancouver, Which Came Long Distance to Enlist, Disbanded.

One hundred and twenty hardy campaigners and would-be campaigners, former privates in the 72nd Highlanders, enlisted to see service in the European war and then quickly demobilized, held a mass meeting at the Arena Monday, says a Vancouver exchange, but were able to do little in view of the non-receipt of replies to messages they had sent Lord Kitchener and Sir Richard McBride concerning their disappointment. Another meeting will be held when these replies are received.

Through their spokesman, Mr. W. G. Sutherland, the men stated their willingness to travel in cattle cars, on flatcars or any old way at all to Montreal and there take any old kind of sea-going tub to the scene of the war.

A deputation waited on Mr. H. H. Stevens, M. P., but the member could tell them only that his message concerning their condition had been sent to the Minister of Militia and not answered as yet, because the minister was away from his offices.

Mr. Sutherland says that the men cannot very well walk to the front, but that transportation is the only thing which they need. The Highlanders were demobilized last week and most of the men are now out of work. Many of them are English Public School men and they came to Vancouver from as far away as Mexico and Alaska in the hope that they would be given a chance with bayonets at the Kaiser's men.

Colonel Duff Stuart states that skeleton corps will be maintained in the province, but that until word comes from Ottawa no attempt to recruit a second contingent can be made. The final movement in the demobilization order is thought to be the demobilization of a detachment of the 11th Irish Fusiliers on their return from Prince Rupert.

Austrian Government Takes Possession of Railway's Securities and Money Deposited in Vienna.

Venice, Oct. 4.—The Austrian government has confiscated the Canadian Pacific Railway Company's securities and money deposited in Vienna, it is reported, as well as the company's observation cars running on Austrian railroads. This has been done, it is said, as a consequence of the refusal of the company to pay the dividends of Austrian shareholders.

Italians newspapers at Trentino, Austria, have been forced to suspend publication. Italian residents are being kept under the closest surveillance.

Montreal, Aug. 4.—When Sir Thomas Shaughnessy, president of the C. P. R., was asked about the dispatch from Venice with reference to the report that the Austrian government had confiscated the C. P. R.'s securities and money in Vienna, as well as the company's observation cars on Austrian railroads, because of the company's refusal to pay the dividends of Austrian shareholders, he said:

"We do not know we will not pay the dividends; they may confiscate what they like; I do not know what they are going to do over there, but we will do our duty."

Sir Thomas declined to say anything more on the matter except that he had not heard anything about it until shown the dispatch.

For ten years we have been talking practical patriotism—urging Canadians to buy the Canadian-made Gillette Safety Razor in preference to cheap German makeshifts.

The war has clinched our arguments.
