PRICE FIVE CENTS

## RUPERT PEOPLE ARE ARRESTED AS GERMAN SPIES

### CANADIAN TROOPS HAVE ARRIVED IN ENGLAND—TYPHUS ATTACKING THE GERMAN ARMY

#### CONTRACT HAS BEEN AWARDED FOR IMPERIAL OIL CO.'S TANKS

CONTRACT HAS BEEN SECURED BEERS, LTD.—WILL EMPLOY 25 MEN FOR FOUR MONTHS — WORKS SITUATED NEAR HAYS CREEK.

The Imperial Oil Company has the contract for their oil tanks at Hays Creek to Beers, Ltd. They are about completing their contract at the drydock. There will be five tanks in all, situated on the hillside in front of the foot of the hill, where the Bishop Du Verne's property is. The tanks will be built by the blacksmith shop of the city. The tanks will be built, the ground measurements being 50x150 feet.

There will also be two pump houses. The oil will be pumped from the waterfront to the oil tanks. This work is to start on October 20 and it will employ about 75 men for four months. Coming as it does when employment is scarce it will be a boon to a great many workmen in the city. Mr. Wineland, the popular local representative of Beers, Ltd., will be in charge.

#### GERMAN SPIES ARRESTED AT NANAIMO YESTERDAY

LARGE GASOLINE LAUNCH FITTED UP WITH WIRELESS AND NINE MONTHS' PROVISIONS—INCLUDED TWO MEN AND ONE WOMAN.

(Special to The Daily News—11 A. M.) Nanaimo, Oct. 15.—Capt. G. R. Bates, assisted by the provincial police, captured a 90-ton gasoline launch here today, supposedly German-owned, and arrested the crew. The launch was fitted with wireless and had nine months' provisions. It is supposed the crew was intercepting messages from the wireless station at Cape Lazo.

The launch was named "Empress Ninth." Two other men named Kohse, apparently of the same family, were arrested at Campbell River charged with being German spies. The party was sent to Nanaimo to await instructions. The launch left Victoria a few days ago without the necessary papers.

#### CHOLERA IS RAGING IN AUSTRO-HUNGARY

The Dread Disease May Kill More Men Than the Sword.

Paris, Oct. 15.—A Rome dispatch says that the cholera cases are multiplying rapidly in Galicia, Transylvania and in north and east Hungary. The disease may prove a serious menace to military operations.

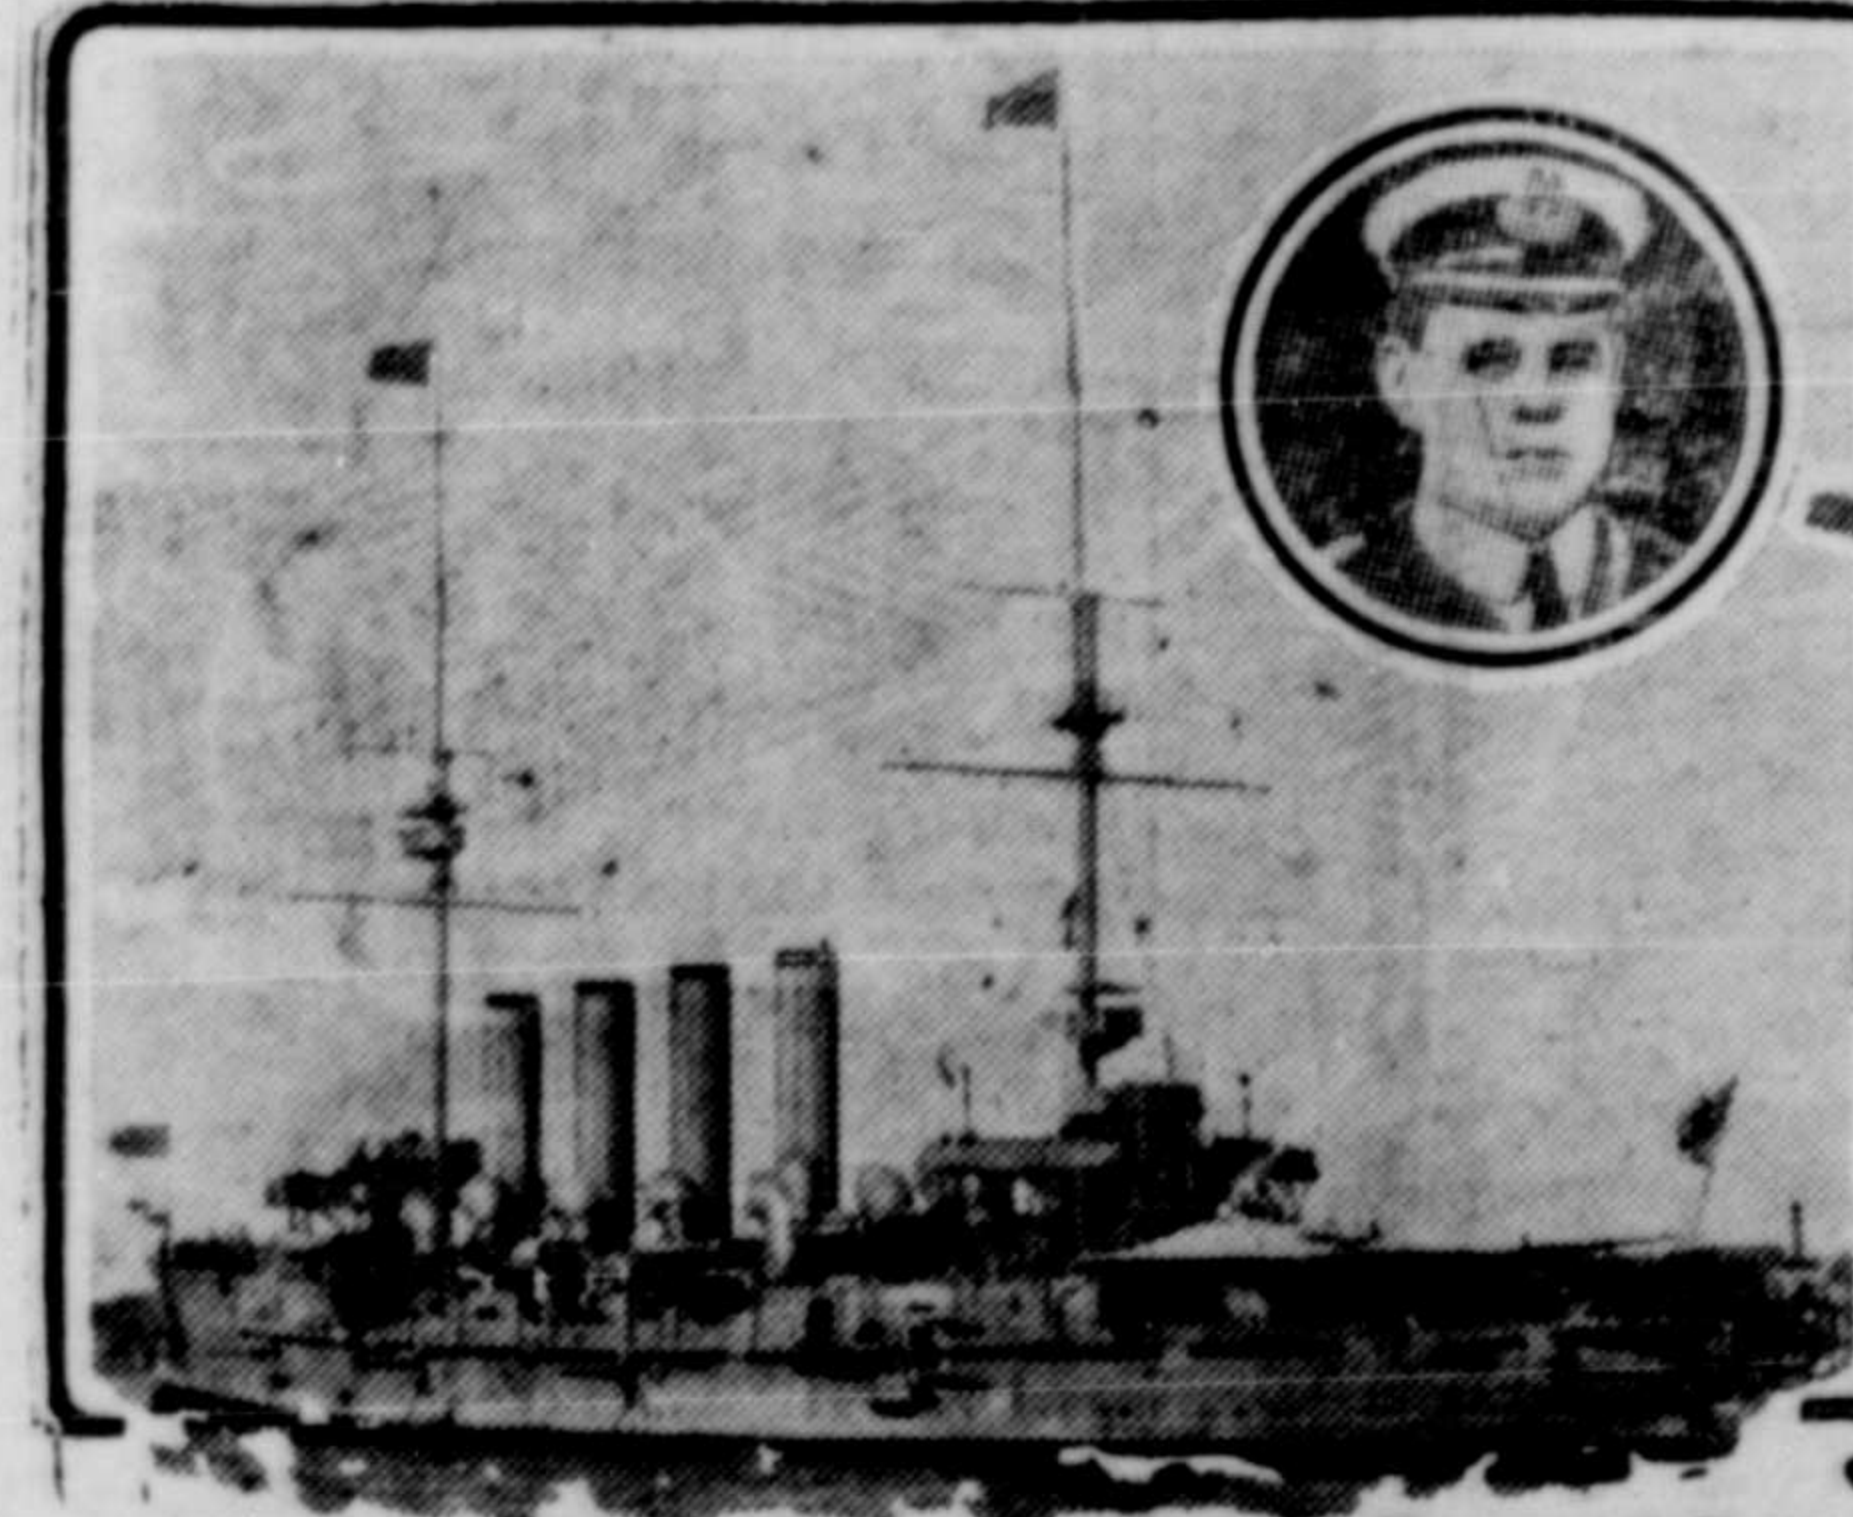

#### AUSTRIAN ARSENAL AT TRIESTE BURNED

(Special to The Daily News—1:30 P. M.)

London, Oct. 15.—A fire in the government arsenal is said to have virtually destroyed the Austro-German dreadnought under construction there.

#### TRAY BEAR CUBS HAVE TURNED UP

The bear cubs of Mr. Walter Clayton at the cold storage which mysteriously disappeared recently have turned up at Georgetown. A couple of bear cubs have been seen around there for several days and finally a man passing in a boat saw one on the beach. He pulled his boat toward the shore and instead of the animal running away it came quickly toward him and climbed into the boat. They found a brass collar around its neck and concluded it was a tame bear. It is now held at Georgetown. The other cub has not yet been secured.

H.M.S. CRUISER NIOBE + ADM. WEMYSS, R.N.

SIX INCH GUN ON TRANSPORT

TRANSPORT LAURENTIC

#### CANADA'S TROOPS ON THE ATLANTIC

The Government has itself announced that the Canadian Expeditionary force has left Quebec and arrived in England. The picture shows some of the transports with the businesslike looking 6-inch gun mounted forward; also Admiral Wemyss and the cruiser Niobe, which with a number of warships is conveying the contingent.

#### GERMANS ARRESTED ARE RUPERT CITIZENS AND NOT SPIES AT ALL

THOSE ARRESTED AT NANAIMO WERE ONLY GOING ON A HUNTING TRIP WHEN THEY WERE ARRESTED—SOME OF PARTY LEFT HERE.

The wild story of German spies arrested in Nanaimo, while trying to get away in a gasoline launch, may be found to be without foundation. At least there is another interpretation of the event that may explain it away.

Since the story was published in the first edition of The News today it has been learned that the parties mentioned in the wire may be Prince Rupert people, in which case it may be safely said that they were not spies. The story is to the effect that the arrested people are Kohse by name and sister people are Kohse by name and sister left here a week ago to meet the party at Campbell River, where the boat met them and where they were all arrested. It is believed that their innocence can easily be shown.

#### NEW UNDERTAKING PARLORS ARE OPENED

A new undertaking establishment is just formed in Rupert. It will be known as the Dominion Undertakers and Embalmers and will be under the management of Mr. Allett, who has had large experience in that line before coming to Prince Rupert and who has done most of the expert work done in this city in the past.

Temporary quarters have been secured in the old custom house, now situated on First Avenue. A full line of caskets has arrived and the new firm is all ready for any business and the new firm is assured of considerable patronage. Competition is good in any business.

#### GERMANS HAVE NOT CAPTURED OSTEND

(Special to The Daily News.) London, Oct. 15.—The Admiralty denied yesterday afternoon that the Germans had occupied Ostend.

#### CAFE FOR SALE

First-class Cafe in Rupert can be had at reasonable price. Best business in town. Apply Box 16, Daily News.

#### GERMANS IN HOLLAND GOT HOT RECEPTION

(Special to The Daily News—11 A. M.) London, Oct. 15.—The Daily News states that Friday last a party of German soldiers entered Holland near Roosendaal. The officer in command refused to submit to internment and a fight ensued, a dozen Germans being killed and wounded.

#### LECTURER HELD HIS AUDIENCE SPELL-BOUND

A Phrenologist Who Would Undo the Future and Undo the Mistakes of the Past.

Prof. Alexander lectured again last night to a full house in the Empress Theatre. He endeavored to show that most of the mistakes and failures in life or business came from misfits or failure to take up the life work best fitted to one's makeup.

The professor is a phrenologist and believes that he can point out in advance the line of life or conduct in which success is more easily attained. But he is more than this; he is a preacher and reformer as well. His appeal to the young to become something was worthy of a Luther or a Knox. He also is a hater of shams. The veneer and the hypocrisy of a certain branch of modern society he made ridiculous. The insincerity and emptiness of the Christianity that made rich and poor eat the Lord's Supper together and the rich despise the poor in social life he made intolerable. The notion that woman's place was the home and that alone, he condemned, for society had made it hard for kitchen work and self-respect to go together. He believed in the emancipation of the human personality whether in man or woman.

After all the interesting part was the lecturer. He is a man of good personality. He speaks with his body as much as with his mouth, and there is a fine vein of rippling humor constantly at his disposal.

At the close of the lecture he gave four examinations on representatives chosen by the audience, much to the amusement of those present.

These lectures are given free but a silver collection is taken. They are certainly well worth hearing.

#### CANADIANS GET TREMENDOUS RECEPTION ON THEIR ARRIVAL

HUGE CROWDS HURRIED TO VANTAGE POINTS TO ASSIST IN THE WELCOME—CANADIANS RETURN HEARTY CHEERS.

(Special to The Daily News.)

Plymouth, Eng., Oct. 15.—Plymouth has had the honor of welcoming the First Canadian Contingent. On Wednesday morning when it became known that the transports were approaching great crowds hurried to all vantage points to greet the brothers from across the water. The Can-

nadians were received with tremendous cheering, to which the men responded with the greatest enthusiasm. The vessels were anchored off Devonport and the bands aboard played lively music which drifted all day across the water as each succeeding ship came up and anchored. Only a few of the soldiers have yet been landed.

#### DESPERATE FIGHTING ABOUT TO START ON LARGE SCALE

GERMANS IN FORCE MARCHING ON DOVER — ONLY TWENTY MILES AWAY — ALLIES HAVE ENTRENCHMENTS READY WAITING.

(Special to The Daily News.)

Dunkirk, Oct. 15.—The German advance on Dover and the Straits was continued remorselessly yesterday.

Everything indicates a speedy renewal of desperate fighting on an enormous scale. The Allies have their entrenchments already prepared and can withstand a furious attack.

#### TYPHUS FEVER HAS ATTACKED THE GERMANS

(Special to The Daily News—11 A. M.)

Paris, Oct. 15.—Typhus has broken out in the German lines, particularly to the north of Soissons. The French are taking the utmost precautions to prevent the disease spreading to their ranks. The troops are already vaccinated twice.

#### RUSSIANS DEFEAT ENEMY NEAR WARSAW

Austrians and Germans Suffer Great Losses—Many Prisoners Taken.

(Special to The Daily News—1:30 P. M.)

Rome, Oct. 15.—A Petrograd dispatch says that the Austro-German army was completely defeated near Warsaw yesterday.

The Austrians and Germans suffered enormous losses and thousands of prisoners were taken.

#### GERMANS CLAIM TO BE PREPARING TO ADVANCE ON PARIS

(Special to The Daily News—1:30 P. M.)

Copenhagen, Oct. 15.—The Germans say that owing to the failure of the Russians to make progress in the east they intend to transfer considerable masses of their troops to the western front for an advance on Paris. The transfer has probably begun already. A large amount of sickness is reported among the German troops.

#### SERVIAN TREASURY RETURNS TO BELGRADE

(Special to The Daily News—1:30 P. M.)

Nish, Oct. 15.—An official bulletin today announces that Belgrade is no longer in danger and that the state treasury has returned there from Nish.

#### SLIDE IN CULEBRA OUT STOPS TRAFFIC IN PANAMA CANAL

(Special to The Daily News—1:30 P. M.)

Panama, Oct. 15.—A serious landslide in the Culebra cut last night interrupted completely all traffic through the canal.

#### BRITAIN LAUNCHED GERMANY

Slightly ironical is the remembrance that the nucleus of the German fleet was the gift of our government. It occurred during the visit of the allied sovereigns to Portsmouth in 1814, when the government presented the King of Prussia with a small vessel. According to the records of Lord Broughton's diary, the delighted recipient pointed out the vessel to Czar Alexander, who had been unable to conceal his chagrin at the superiority of Britain's navy, and pointedly remarked, "Anyhow, you will not be jealous of my fleet." Strangely enough, the great kaiser himself learnt his seamanship in a British frigate, a present from William IV. to the King of Prussia. The Niobe and Renown—training vessels still in use at Wilhelmshaven—are relics of a number of transfers from the British fleet.

#### ALLIES PROGRESS GERMANS REPULSED NEAR MEULHAUSEN

(Special to The Daily News—1:30 P. M.)

Paris, Oct. 15.—An official bulletin announces that considerable progress has been made by the Allies between Arras and Albert. A high official declared this morning that the French position was most encouraging.

The right wing of the Allies is showing great repulse. They repulsed a German attack and drove the enemy back near Meulhausen.

DAILY EDITION Thursday, Oct. 15, 1914.

The Mayor is very jealous of the success of the Hydro-Electric undertaking. He believes, too, that a big section of the citizens would even now after all the expense break it to pieces if they could. Because an alderman at the last Council meeting asked for information to which he certainly was entitled, the Mayor thought he was aiming at his official throat. Some men appear to be born of a suspicious nature that always believe the worst about everybody. That kind of thinking furnishes its own punishment for it is not only stamped on the individual's countenance but becomes a vital part of his nature. "What fools we mortals be."

The Mayor no doubt hopes that posterity will laud his name because of the Hydro-Electric. As a matter of fact, it may be the very reverse. Anybody could have engineered a city lighting plant if the ratepayers agreed. It would have required some genius, however, to do this without hurting the other affairs of the city. Every available dollar of the city's money is placed in that concern, which is alright in itself if we had our other affairs financed. As it is it is

just like mortgaging ones home to buy a motor car. When the million and a half treasury certificates comes due in a few months, perhaps the citizens would sooner have the money to make the payment than have a fancy electric plant of their own. The Mayor is likely to have some monument to his name all right. It will bear the seal of the Bank of Montreal.

\* The way Council meetings are now conducted bears a striking contrast to that of other public bodies. No use is made of the soft word that turneth away anger. There is a strict absence of that courtesy which respects the feelings of others. It seems impossible to be firm and decisive without letting loose the forces of anger and hate. Dignity and self-control do not sit in high places; they have been hurled out of doors. How easy, too, it would be to select a body of men in Rupert who could do the city's business with efficiency, dignity, and good nature. The elimination of even one or two individuals would have a pacifying effect. Will the electors take the hint?

FREE GUARANTEED American Silk HOSIERY

We Want You to Know These Hose

They stood the test when all others failed. They give real foot comfort. They have no seams to rip. They never become loose and baggy as the shape is knit in, not pressed in. They are GUARANTEED for fineness, for style, for superiority of material and workmanship, absolutely stainless, and to wear six months without holes or replaced by new pairs free.

OUR FREE OFFER

To every one sending us 50c to cover shipping charges, we will send, subject to duty, absolutely free: Three pairs of our famous AMERICAN SILK HOSE with written GUARANTEE, any color, or Three pairs of our Ladies' Hose in Black, Tan or White colors, with written GUARANTEE.

DON'T DELAY—Offer expires when dealer in your locality is selected. Give color and size desired. International Hosiery Co. 24 Bittner Street Dayton, Ohio, U. S. A.

PASSING EVENTS

The average price of bread in the United Kingdom is at present less than it was twelve months ago, when flour was 6s. or 7s. a sack cheaper.

To attract people who usually go to Continental resorts for "cures," the natural baths at Buxton, England, are to be rebuilt this winter at a cost of 15,000 pounds.

American firms are said to be sending a veritable army of commercial travelers to South America, especially to Brazil, Argentina and Chile, with a view to the capture of German trade in those markets.

The national convention of the United Irish League of America, which was to have opened at New York on September 30, has been postponed until November 10, to insure the attendance of representatives of the Irish Parliamentary party.

Owing to the inability of the German coal owners to execute the contract for supplying the Portuguese railways, the contract has reverted to a British colliery. This is the first reported instance since the outbreak of the war of the diversion of business from Westphalia to Britain.

The British toymakers have begun to manufacture china dolls, hitherto imported from Germany. An attempt is also to be made to produce "Noah's Arks." The figures of the ark are made by cottagers in Germany, and it is proposed to set up an organization to create a similar rural industry in Britain.

Sixty vessels of the United States navy, of which six are battleships, are now burning oil instead of coal. All the new vessels are designated to burn oil, for it has many advantages over coal. It occupies less space, weighs less, and gives a much larger steaming radius. Accord-

ing to the Engineering Record, the United States produces nearly 70 per cent of the fuel oil of the world.

The war has brought about a very curious position in the Royal Household and among the various German relatives of the King and Queen. The ties of blood between our royal family and the various rulers of the German Empire are close and far-reaching. Of German cousins alone King George has over a hundred, and among the titles held by His Majesty are those of Duke of Saxony and Prince of Saxe-Coburg and Gotha.

It is reported that 5,000 Italian volunteers under Gen. Giuseppe Garibaldi, son of Gen. Ricciotti Garibaldi, have received their red shirt uniforms and are leaving for an unknown destination to attack the Germans. Gen. Ricciotti Garibaldi has received a message from his son saying that he had learned that the Canadian Italians intend to raise a regiment to aid the allies, and declaring that he would be delighted to incorporate this body into his own Red Shirts.

Mr. Frank Olmstead, the eminent American authority on automobile tires, predicts that by 1915 there will be few rubber tired vehicles in use. A tire has been made recently of textile in which there is not a strand of rubber. Moreover, the cottonlike texture in this tire absorbs all shock. It is also impervious to water. It is interwoven in a steel rim which runs in diagonals from tread to base with nothing else to hold it. The compressibility of this tire is just enough to allow it to pick up fragments of matter, such as sand and gravel, thus making the tire all the stouter and more resistant to the wear and tear of the road. This cotton fabric tire will take the place both of the pneumatic and solid tire and is lighter in weight, more durable and lower in price.

HAVE THE GERMANS ANOTHER SURPRISE?

Danish travelers who have returned to Copenhagen from the Kiel Canal say it is crowded with German warships, and that immense new guns with which Krupp have been experimenting for two years are now being placed on the battleships. It is scarcely likely that such a story would be made out of the whole cloth. It has always been something of a surprise to British naval ordnance experts that Germany continued to arm her battleships and battle cruisers with far smaller weapons than Britain. Ten of Britain's latest super-dreadnoughts are armed with guns of 13 1/2-2 inches calibre, and a group now in process of completion will have 15-inch guns. There is no German battleship now in commission with guns of more than 12-inch calibre, and the bulk of them have only 11-inch guns. Several ships now in process of completion are to have 14-inch guns, and it may be that it was these which the Danes saw being put aboard in the Kiel Can-

al. The Germans may have a trick in big guns not yet disclosed, but it is more than likely that they are fitting-up some of their new battleships with the new 14-inch weapon.

POPULAR SONG NOW SUNG BY THE BRITISH BOYS

The following stanza shows the reason for the popularity of this old song at the present time: It's a long way to Tipperary,

It's a long way to go; It's a long way to Tipperary, To the sweetest girl I know! Good-bye, Piccadilly, Farewell, Leicester Square, It's a long, long way to Tipperary, But my heart's right there!

# HEALTH IN A TERRIBLE STATE

## "Fruit-a-tives" Healed His Kidneys and Cured Him

GRANDVILLE, ONT., AUG. 26th, 1913.  
About two years ago, I found my health in a very bad state. My kidneys were not doing their work and I all ran down in condition. I felt a need of some good remedy, and I had seen "Fruit-a-tives" advertised, and I decided to try them. Their effect was more than satisfactory. My action was mild and the result that could be expected. My kidneys resumed their normal action after I had taken upwards of one box, and I regained my old vitality. Today, I am enjoying the best health I have ever had."

B. A. KELLY

"Fruit-a-tives" is the greatest kidney remedy in the world. It acts on the bowels and skin as well as on the kidneys, and thereby soothes and cures any kidney soreness. "Fruit-a-tives" is sold by all dealers in a box, 6 for \$2.50, trial size 25c. Will be sent on receipt of price by Fruit-a-tives Limited, Ottawa.

## HELP EMPIRE FIRST.

### Britain Giving Preference to Egyptian Cotton.

Washington, Oct. 14.—Acting Secretary of State Lansing and Sir Cecil Spring-Rice, the British ambassador, yesterday discussed the possibility of increasing the shipments of American cotton to Europe. The ambassador threw some light upon the subject by pointing out that the war had greatly reduced the demand for cotton goods, so that the great Lancashire factories were closing up or running on a reduced scale. But the principal obstacle in the way of normal importations of American cotton, he said, lay in the obligation upon Great Britain to consume as far as possible the Egyptian cotton crop in order to prevent just such a depression in Egypt, as now exists in the southern American states. All of the great German and Austrian and even French mills are practically close to the Egyptian product by the war, he said.

## NOTICE OF DISSOLUTION OF PARTNERSHIP.

Province of British Columbia—County of Allain.  
NOTICE IS HEREBY GIVEN that the partnership heretofore subsisting between us, the undersigned, as Dominion Sheet Metal Works, Plumbers, Furniture Dealers, and Second Hand Store, in the City of Prince Rupert, in the Province of British Columbia, has this day been dissolved by mutual consent. All debts owing to the said partnership are to be paid to Wilfrid Gratton, at Prince Rupert aforesaid, and all claims against the said partnership are to be presented to the said Wilfrid Gratton, by whom the same will be settled.  
DATED at Prince Rupert, B. C., this 21st day of September, A. D. 1914.  
FRANK BROCHU.  
W. GRATTON.  
Witness: Irving N. Linnell.

## Certificate of Improvements.

El Chance It Fraction, and Black Bear Mineral Claims, situate in the Skeena Mining Division of Cassiar District.  
Where located: El Chance It Fraction located between the "Lily Bertha" and "Aldebaran" Mineral Claims near head of Alice Arm, Observatory Inlet, and "Black Bear" Mineral Claims located one mile more or less, from the northwest point of the head of Alice Arm, a branch of Observatory Inlet.  
TAKE NOTICE that I, Pedro Salinas, Free Miner's Certificate No. 80313B, intend, sixty days from the date hereof to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.  
And further take notice that action, under section 85, must be commenced before the issue of such Certificate of Improvements.  
DATED this 21st day of September, A.D. 1914.  
PEDRO SALINAS.

## Certificate of Improvements.

Aldebaran Mineral Claim, situate in the Skeena Mining Division of Cassiar District.  
Where located:—About three-quarters (3/4) of a mile, more or less, from the northwest point of the head of Alice Arm and adjoining the Black Bear Mineral claim on the southwest.  
TAKE NOTICE that I, Pedro Salinas, as agent for William J. Vaughan, Free Miner's Certificate No. 81545B, and for myself, Free Miner's Certificate No. 80313B, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.  
And further take notice that action, under section 85, must be commenced before the issue of such Certificate of Improvements.

### A PRESS CORRESPONDENT'S FRENCH PASSPORT.

A Correspondent on the Continent, wanted to go from Lille to Boulogne, but before he could make the trip was compelled to secure a passport, a copy of which is shown above. Mr. Hill is a well known Canadian journalist, having edited the Vancouver World at one time, and his stories of the Ulster troubles were widely published in Canada.

## PRINCE RUPERT HALIBUT SUPPLIES EASTERN MARKETS

### FIRST SHIPMENT FROM RUPERT TO TORONTO GIVES THIS GOOD ADVERTISING—COMMEND USE OF HALIBUT TO THE PEOPLE.

The following from the Toronto Globe will be read with interest: "The announcement that the first car of halibut from Prince Rupert over the Grand Trunk Pacific has reached Toronto recalls one of the most remarkable developments of the fishing industry on this continent. Halibut has long been one of Boston's favorite foods. In the poems of Longfellow, the essays of Emerson, the Breakfast Table philosophy of Oliver Wendell Holmes, and the romances of Hawthorne—were we able to analyze them and resolve them into their original chemical contents—we should doubtless find much of the halibut that constitutes so important an item of the diet of Athenians of America. It was with difficulty the supply of halibut was maintained in winter, for on the banks of Newfoundland wild storms rage for long periods. "To lessen the toll of life which has to be paid for Boston's winter supply of fresh fish the New England Fish Company looked around for a winter fishing ground less open to storms than the Atlantic. The search led away up the North Pacific to the vicinity of the Queen Charlotte Islands. There what is probably the finest halibut fishery in the world has been developed. For many years, not only in winter but at others seasons, the Eastern States and Eastern Canada have been drawing from these waters a large part of their supply of halibut. Hitherto the C. P. R. has had a monopoly of the business, the fishing tugs making their headquarters in Vancouver and steaming to and from the fishing grounds through the interior channels between Vancouver Island and the mainland. Now the G. T. P., with its more northerly terminus, begins to compete for the halibut trade. "The great Pacific fisheries of the Dominion should be used to the utmost to supply the people on the plains with cheap and wholesome fish food. Cities like Edmonton, Calgary, Regina and Winnipeg should be encouraged by cheap and regular supplies to acquire the halibut habit. Some day, if a fish diet becomes as popular on the plains as it is in New England, our Longfellows and Emersons and Hawthornes may come out of the West. The wise men of the East were all very well in their way, but may we not hope for great things from a combination of No. 1 hard and Queen Charlotte Island halibut?"

## 1836 THE BANK OF 1914

### British North America

70 YEARS IN BUSINESS.  
CAPITAL AND SURPLUS \$7,000,000.

### The Convenience of a Joint Account

A Joint Account may be opened in the names of two or more persons. Whichever one can most conveniently reach the bank can then deposit the joint funds or withdraw the cash needed. It saves time and trouble.

The Dye that colors ANY KIND of Cloth Perfectly, with the SAME DYE.

No Chemicals Necessary. Clean and safe. Ask your Laundry or Druggist. Send for booklet. The Johnson-Richardson Co. Limited, Montreal.

## VANCOUVER BUSINESS MAN ACCIDENTALLY SHOT

### After Returning From Hunting Trip Gun Was Discharged in Putting It Away.

Vancouver and indeed a large part of British Columbia was shocked by the tragic death of W. R. Arnold, managing director of the Dominion Trust Co., through the accidental shooting of his own gun.

The death of Mr. Arnold occurred Monday morning at 10:15 o'clock at his garage at the corner of Cartier Avenue and King Edward Avenue. Mr. Arnold lived in Kerrisdale. Late last week he had been on a shooting expedition with Mr. Gibson, a friend, and Monday morning announced his intention of bringing the guns, tent and other apparatus to his garage, which is nearly two miles nearer the city than his residence. He wished to place the guns out of the way of his children at home, he said.

Arriving at the garage he left his car in the charge of the chauffeur, Henry Vanderbel, standing on the pavement. He himself carried the gun and tent into the garage. A moment later A. Brayley, a gardener, heard a dull report and from a distance of a few feet hurried to the garage. Mr. Arnold was lying on the cement floor, quite dead, the contents of one barrel having pierced his heart. How the gun had become discharged was not apparent. An investigation was made by Chief Simpson and Sergeant Walker, of the Point Grey police.

Mr. Arnold leaves a wife and two young sons. He was highly respected and quite wealthy and as the head of the Dominion Trust Company has made an enviable business record. He has lived in Vancouver for more than a dozen years. He has a brother, Mr. C. S. Arnold, a barrister. Two other brothers and mother also live in Vancouver. The deceased was about 35 years old.

## FOR A TAXI

### 75-PHONE-75

## A NEWSPAPER for Prince Rupert and Northern B.C.

The Daily News goes into nearly every home in Prince Rupert. It is the popular newspaper of the city because it is clean and reliable. It has all the news of the city, and keeps in touch with events and topics interesting to Northern British Columbia. It treats these subjects with moderate optimism and reliability. The Daily News is the most valuable paper to advertisers because it is read by the buying public. It has a bigger circulation than any other paper in the city. It is read by the class of people the advertisers want to talk to.

About 5 p. m. yesterday a man named Samuel Moulton fell from one of the pontoons at the drydock. He was taken to the hospital suffering from a bruised back and shock.

P. Acland, formerly of The Daily News staff, has gone to the front. In the Toronto Globe of October 6 appears an article from his pen telling of his voyage across the Atlantic with the Highlanders on board the Megantic.

If you cannot afford a permanent bookkeeper, let me handle your accounts for a reasonable figure. Clyde H. A. Rogers, Phone 116. 238-244

Don't forget the ball given by the Daughters of the Empire on Friday, October 23. Tickets at Orme's Drug Store.

Shipments of Fresh Edmont Creamery Butter now arriving constantly, 40 cents the pound at Frizzell's. 238-240

**Salvation Army.**  
Public meetings, Tuesday, Thursday and Saturday at 8 p. m. Sundays at 7:30 p. m.

Authentic information about football games, either scheduled or postponed, can be had by calling up Fitz Gigar Store. tf

**THE RUSSIAN CAMPAIGN—COSSACKS IN GALICIA.**

Cossacks passing through a Galician village. National school in the background. The Cossack is altogether unique, his ways are his own and his confidence in his officers and himself is perfect; his love for horses makes his work a pleasure. He is probably what the Kaiser wishes his Uhlans were. The Cossack seat is high, with knee almost vertical and heel drawn back. Spurs are not worn. A remarkable thing is that he has no sword guard. The Russian soldier wears no buttons. He says "they are a nuisance, have to be cleaned, wear away the cloth, are heavy and attract the enemy's attention."

**ALLIES DEFEAT DASH ON CALAIS**

Position of the Allies' Left Wing is Very Satisfactory, It is Reported.

London, Oct. 15.—The position of the Allies' left wing grows more satisfactory day by day from every point of view. The Germans have been pushed back as far as Courtrai, where they are entrenching.

A German attempt to make a dash on Calais was repulsed by the Allies near Cassel and St. Omer and forced across the Belgian frontier.

**BASKET BALL LEAGUE.**

A basket ball league was formed last night and the following office-bearers elected: Hon. pres., Mr. S. P. McMordie; hon. vice-pres., Mr. F. H. Mobley; pres., Mr. W. D. Vance; vice-pres., Mr. S. D. Macdonald; sec.-treas., Mr. W. G. Barrie;

Five clubs were represented at the meeting. The league will open October 27 and the games will be played every Tuesday and Friday.

**HIGH SCHOOL TEA.**

The girls of the High School will hold a Japanese tea on Saturday, October 17, from 3 to 6 p. m., at the Catholic Social Hall, Fulton and Fifth streets. All manner of good things are being provided by the students for the occasion in order to satisfy the most fastidious tastes. The pretty costumes of the girls will produce quite an Oriental effect and visitors for the time being can well imagine themselves in the gardens of the Mikado. Music will be discoursed during the afternoon. Admission 25 cents. 236-240

**RETAIL MERCHANTS ASSOCIATION IS LIVE**

Subject Affecting Welfare of Merchants Discussed—Will Inquire Into City Market Scheme.

A wide range of subjects of interest to local business men were under discussion at the monthly meeting of the Prince Rupert Retail Merchants Association held in the Board of Trade rooms. Adding interest to the gathering was also an instructive address by the treasurer, Mr. D. E. McRae, on how to figure costs. The Association is featuring each month some interesting subject appertaining to business methods and Mr. McRae's contribution was both timely and worth while.

President Martin O'Reilly occupied the chair and there was a splendid attendance of members. Among the matters up for discussion were the questions of fire insurance rates as quoted by tariff and non-tariff agencies and a special committee composed of H. S. Wallace, J. Jabour and Martin O'Reilly will now deliberate on the subject. Three communications from firms representing non-tariff companies came before the meeting in which rates from 15 to 20 per cent. lower than tariff rates were quoted for business risks. The committee will secure a list of companies and amount of fire insurance by the Association members as a basis to work on, with a view to seeking some substantial reduction in rates.

The chairman reported that the committee appointed at the last meeting to interview the city with reference to buying goods out of town will meet the civic finance committee next Monday. A special report on the method in which the local civic market is conducted, the license, if any paid by the broker handling produce, etc., will be obtained by a committee composed of Messrs. Miller, McMeekin and McColl in conjunction with Chairman Stalker of grievance committee.

**CRUISER NURNBERG GOT COMOX COAL**

Vancouver, Oct. 14.—According to the captain of the Norwegian steamer Henrick Ibsen, now at Tacoma, it was Comox coal which bunkered the Nurnberg at Honolulu. The Henrick Ibsen carried the coal, sailing from Comox on August 18. She discharged it at Honolulu and the Nurnberg got 700 tons of it.

**BELLA COOLA NOTES**  
(Bella Coola Courier)

The S.S. Camosun arriving here on Sunday last brought the largest number of passengers to arrive by any one steamer for some time past. The passenger list for this port included the names of over twenty persons, among whom were the following: Mr. and Mrs. J. W. Macfarlane, Miss Josie Fosbak, Messrs. C. Mills, G. Garrett, H. Evans, J. Nygaard, R. Jennings and A. H. Tomlinson.

Mr. Levi Lauritson left for the south on Sunday's steamer after a week's visit to his father, Mr. P. Lauritson, of Hagensborg.

Mr. F. Renworth, well known hereabouts as the erstwhile representative of Ames, Holden & Co., has spent the last two weeks in the valley. Mr. Renworth now represents the Great West Life Insurance Co., and judging by the success which has attended his efforts in this place he is going to make good.

The local exhibition of farm products was cancelled at a late moment, but we understand that an effort will be made to hold a small exhibition on October 30, which date is the anniversary of the landing of the Norwegian colonists in Bella Coola.

The local-branch of the W. C. T. U. met at the home of Mr. and Mrs. Charlton on Wednesday last, when plans for the immediate future were freely discussed.

Timber Inspector W. McCrae visited this place during the week for the purposes of issuing hand-logging licenses.

The newly organized Ladies' Aid Society met at the home of Dr. and Mrs. Bavis on Tuesday afternoon. The attendance was excellent and augurs well for the success of the effort. The energies of the society are being directed towards raising funds for the building of a church in the town, and it is expected that a sale of work will be held early in January next.

**ST. JOHN'S AMBULANCE ASSOCIATION MAKES GOOD PROGRESS**

There was a good attendance at the annual general meeting of the local center of St. John Ambulance Association, held immediately previous to the lecture, in the Board of Trade rooms Tuesday evening. Besides re-electing in a body the present executive to serve for the ensuing term the members showed their appreciation of the splendid work of Dr. J. P. Cade, the lecturer for the men's class, by passing a unanimous resolution to be sent to the Central Executive Committee at Ottawa, recommending that the doctor be elected an honorary life member of the association. The association will also suggest the name of Mr. James King, who has so efficiently helped the class in the practical work of bandaging and stretcher exercises, for the award of the Parchment Vote of Thanks. Arrangements were also made for holding the first examination for efficiency in First Aid and seven candidates will present themselves.

The officers of the local center are: President, Dr. W. B. Clayton; vice-president, Rev. W. E. Collison; honorary secretary, P. F. Godenrath; honorary treasurer, E. H. Mortimer; executive, D. H. Hays, Rev. W. S. A. Larler and A. W. Edge.

The initial class for the lady members of St. John's will open Monday. The initial class for the lady members of St. John's opened last evening at the City Hall. Dr. H. McNeill was the lecturer. Mrs. G. A. Woodland is the class secretary.

A second men's class is now in process of formation and lectures will be resumed in a fortnight. Those desirous of joining should hand in their names to the secretary at the Board of Trade rooms.

**THE CRADLE.**

October 15, at the General Hospital, to Mr. and Mrs. A. B. McDonald, 103 Hays Cove Circle, a son.
