### ENEMY HAVE RUSHED 600,000 FRESH TROOPS TO FLANDERS--FRENCH AEROPLANES DEADLY

#### LIFE AND DEATH STRUGGLE RAGING WEST BATTLE FRONT

FLANDERS TRYING TO HACK WAY THROUGH TO CALAIS--  
SOLDIERS CALLED OUT OF ANTWERP--OFFICERS'  
WIVES TOLD TO LEAVE BRUSSELS.

(Special to The Daily News--11 A. M.)  
Paris, Oct. 24.—The German  
troops are hurrying their full  
strength against the Allies in an  
effort to hack their way  
through to Calais.  
Antwerp is practically de-  
serted.  
The wives of German officers  
in Brussels are said to have been  
ordered to leave within forty-  
eight hours.  
London, Oct. 24.—A life and  
death struggle for Germany is  
raging along the coast end of the  
western battle front.

A TRAGIC SCENE IN THE FIRING LINE OF THE FRENCH ARMY.  
This picture illustrates the remarkable spirit of the French troops. A soldier tries to aid a wounded  
comrade and with grim determination continues his unceasing fire on the enemy.

#### GERMANS SEND 600,000 MORE TO JOIN THE RIGHT WING

GERMANS ARE USING ZEPPELINS MORE, BUT FRENCH AERO-  
PLANES ARE DOING MUCH BETTER WORK--  
BOMB KILLS THIRTY HORSEMEN.

(Special to The Daily News--1:30 P. M.)  
London, Oct. 24.—Reinforce-  
ments of 600,000 men are said to  
have been rushed to the German  
right wing in Flanders.  
Being denied the use of war-  
ships, Germany is said to be  
throwing her aircraft, particu-  
larly Zeppelins, more and more into  
the fray. Dispatches relate how  
Zeppelins have been a marked fea-  
ture of the fighting southwest of  
Ostend, toward which the French  
and British are working.  
French aviators are harassing  
the Germans greatly. They forced  
the staff of one division to  
change headquarters. One bomb  
killed thirty German horsemen,  
while two more killed eight and  
wounded twenty-two.

#### GERMANS MAY BE CUT OFF REPORT EVACUATING ANTWERP

PORTION OF GERMAN ARMY IN FULL RETREAT AFTER THE  
ABANDONING OF NIEUPOORT--ALLIES TRY TO  
OUT THEM OFF.

(Special to The Daily News--9:30 A. M.)  
London, Oct. 24.—A dispatch  
from The Hague states that re-  
ports from Antwerp show that the  
Germans have evacuated the Bel-  
gian city. The dispatch adds that  
the German garrison left Antwerp  
on Friday in response to ur-  
gent orders.

#### FRENCH ARMY KEEPS AWAY SIEGE GUNS FROM NANCY

FORTRESS HAS NOT YET BEEN ATTACKED -- THE EFFORTS  
OF THE ENEMY TO GET BIG GUNS IN RANGE  
HAVE BEEN REPULSED.

(Special to The Daily News--11 A. M.)  
London, Oct. 24.—The Times  
correspondent at Nancy says the  
Germans have never yet  
been in action and there is no  
spect of the fall of the fortress  
unless the French army lets the  
Germans get their big siege guns  
within range. The Germans  
have been making violent efforts  
to get to the fortress but these  
were all repulsed.

#### HOT TWO BANK ROBBERS SHERIFF'S QUICK WORK

American Officers Show Us How  
to Handle Bank  
Robbers.

(Special to The Daily News.)  
Bellingham, Oct. 24.—The deputy  
sheriff of Whatcom County  
shot and killed two Sedro-Wool-  
lot bank robbers on the Great  
Northern Bridge near Ferndale.  
Both men carried large amounts  
of gold upon their persons.

#### CRIPPLING THE TRADE OF BRITAIN'S ENEMY

(Special to The Daily News--9:30 A. M.)  
London, Oct. 24.—An official  
statement says the government  
has prohibited the importation of  
sugar into the United Kingdom,  
with the object of preventing Ger-  
man and Austrian sugar reaching  
the neutral countries. The  
purpose is to destroy the German  
and Austrian trade, which is now  
carried on in a large way.

#### BLIND BEGGAR PAYS.

Chief Vickers has been giving  
fatherly attention to the young  
George Gillan, whom he res-  
cued from the beggar-tyrant,  
Constable Bailey succeeded in se-  
curing \$75 from the blind man  
for the benefit of the boy, and out-  
fitting him with a suit and shoes.  
The chief bought him a  
new suit and a ticket to his home  
and a P. O. order for \$50 to his  
mother. He will be placed tomor-  
row on board the City of Seattle  
and is very much tickled at the  
thought of getting home. The  
boy says that the blind beggar  
collected \$2,800 while he was with  
him. He got \$65 in Granby Bay.

#### RUSSIANS PURSUING RETREATING GERMANS FROM WARSAW

(Special to The Daily News.)  
Petrograd, Oct. 24.—Reports  
tell of the continuation of the  
pursuit of the Germans retreating  
from Warsaw and the unexpect-  
edly stubborn resistance to the  
Russian offensive from the Aus-  
trians on the San.  
The Russians have captured  
2,000 Austrians prisoners at  
Przemysl.

#### 70 ALLIES' CRUISERS SEARCHING HIGH SEAS

(Special to The Daily News--9:30 A. M.)  
London, Oct. 24.—The Admiralty  
has issued a statement that  
seventy cruisers of the Allied  
fleets are searching the seas for  
stray German cruisers which  
have been harassing shipping.  
Up to date only thirty-nine Brit-  
ish merchantmen have been lost,  
while German overseas trade has  
practically ceased and 133 of  
their ships captured.

#### LEAVES FOR THE FRONT.

Lionel Crippen leaves this af-  
ternoon for Victoria, where he has  
been asked to report for active  
duty at the front. It is under-  
stood that a few battalions are  
being sent forward to bring the  
First Contingent up to full  
strength and that Mr. Crippen  
will be included in this enlist-  
ment.  
Mr. Crippen is one of the real  
old-timers in this city and has a  
deserved popularity. "Crip" is a  
bit of a "war," too, and was al-  
ways in demand at amateur  
shows. Everybody will wish him  
the very best of luck and a safe  
return.

#### CONVENTION NOW GOVERNS MEXICO

Agua Calientes Meeting Votes  
Itself Supreme Power--Fight  
Still On at Naco.

Mexico City, Oct. 20.—All the  
military chieftains, including  
Francisco Villa, Emiliano Zapata  
and Venustiano Carranza, are  
now subject to the orders of the  
Aguasa Calientes convention,  
which today, after a stormy secret  
session, voted itself the supreme  
power of the land. The delegates  
took oath to abide by the majority  
vote on all questions, including  
the form of government and  
presidential succession.

The question of the kind of  
government that shall prevail  
will be decided at a session to be  
held today, when a full Zapatade-  
legation, numbering twenty-two  
men, will be present.  
Prominent delegates to the  
conference say the question of  
further strife in Mexico City has  
been definitely decided and that  
peace is assured. A majority of  
the delegates lean toward a com-  
mission form of government un-  
til general elections can be held,  
though many of them favor An-  
tonio I. Villareal for the provin-  
cial presidency.

Under the new arrangement,  
General Carranza can be a candi-  
date for the presidency in the  
general elections.

#### DISSAFFECTION IN AUSTRIA.

Insurrectionary Bands in All  
Parts of Empire and Slav  
Troops Mutinous.

London, Oct. 23.—A Rome dis-  
patch to the Central News says:  
"According to advices from  
Trieste, all the new Austrian sol-  
diers are required to take an  
oath of fidelity to the German  
Emperor as well as to the Aus-  
trian Emperor.  
"From Trieste it is also report-  
ed that insurrectionary bands are  
swarming in all parts of the Aus-  
trian Empire. The attitude of the  
Slav troops forming the garrison  
at Pola and Sebenico is said to  
be menacing, and disaffection is  
reported on the ships of the Aus-  
trian fleet, whose crews are made  
up in part of Slavs and Italians."

#### SHARPSHOOTERS KILL BRITISH OFFICERS

As a Result of Campaign One-  
Sixth of the Officers Are  
Killed.

The dreadful losses of British  
officers is beginning very serious-  
ly to concern the War office. Ger-  
man prisoners say that in every  
German regiment there are  
groups of sharpshooters provid-  
ed with powerful glasses which  
enable them to identify and pick  
off the British and French officers.  
A shoulder strap, the cut of an  
officer's clothes, his riding  
breeches or some distinctive  
thing in the officer's garb, or the  
sword girt at his side, brings  
sudden death. During the first  
seven weeks of the war Britain  
lost in action 267 officers killed,  
550 wounded and 329 missing,  
most of whom fill unknown  
graves. This is a total of 1,146  
out of at most 6,500 officers in  
the field. There are only 40,431  
officers all told in the British  
army. At the present rate of  
casualties few of them will be in  
service after a year of hostilities.  
Some of the historic regiments  
have already lost more than half  
their officers. Lord Kitchener,  
who understands the perils of  
sending green troops into battle  
under inexperienced officers, will  
probably insist upon the officers  
on whom Britain's victory must  
so largely depend taking greater  
care of their lives than they have  
been doing of late.

#### JAPANESE CRUISER SUNK IN KIAU CHAU HARBOR

(Special to The Daily News--1 P. M.)  
Tokyo, Oct. 24.—It is officially  
announced that the navy depart-  
ment now believes that the Japa-  
nese cruiser Takachiho was sunk  
in Kiau Chau harbor on October  
17 and was sunk by the German  
torpedo boat destroyer S-90,  
which being unable to escape the  
pursuing destroyers, was ground-  
ed by the crew and blown up.

#### RELIEF FOR BELGIANS.

Report That Measures Are in  
Contemplation in United  
States.

London, Oct. 23.—The Mail  
says: "We understand that the  
United States government is elab-  
orating a scheme for the imme-  
diate relief of the population of  
Belgium. The German authori-  
ties, when sounded as to what  
measures they would be willing to  
adopt to alleviate the awful dis-  
tress, are stated to have replied  
that they could do nothing, and  
that if there was no food in Bel-  
gium, it was the people's own  
fault."

A correspondent of another pa-  
per says: "It is learned from a  
reliable authority who has just  
arrived from Berlin that Germany  
will feel the pinch of hunger this  
winter. So much was frankly  
confessed to my informant by a  
high army officer, who knows the  
situation thoroughly. In the  
course of a discussion of the  
problem of feeding the Belgians  
this officer said that Germany  
would do her utmost to give the  
Belgians supplies, but was in  
duty bound to feed her own peo-  
ple first. If the Germans were  
hungry, Belgians must come af-  
terwards. When asked if Ger-  
many would actually lack food,  
the officer reiterated his state-  
ment with emphasis.

"For this reason it is consid-  
ered certain that Germany will  
welcome any proposal for feed-  
ing the Belgians from outside, as  
proposed by the American com-  
mittee."

#### FOR TELEGRAPH POLES.

British Postoffice Department  
to Place Trial Orders Here.

London, Oct. 23.—The British  
postoffice yesterday received the  
High Commissioner's secretary  
on the subject of placing orders  
for telegraph poles in the Domi-  
on and informed him that where-  
as competition from Russia and  
Norway, for the smaller type of  
pole, would probably place Can-  
ada out of court, the home gov-  
ernment would be pleased to con-  
sider the question of placing trial  
orders for the larger sized poles  
in Canada.

#### RUMORED ARREST OF VICTORIA GENTLEMAN

It is rumored that a well known  
liquor man of Vancouver and Vic-  
toria has been arrested. It is al-  
leged that he had in his posses-  
sion plans and maps of the coast  
railroads, harbors and fortifica-  
tions.

#### HINDU PRIEST CHARGED WITH INCITING TO MURDER

TWO ARRESTS MADE IN VANCOUVER AND MORE TO FOLLOW  
—BELIEVED THAT MURDER GANGS EXIST IN  
THAT CITY.

(Special to The Daily News.)  
Vancouver, Oct. 24.—Carter  
Singh Rahim Singh, one of the  
characters of the Komagata Maru  
incident, and Balwant Singh, a  
former priest of the local Sikh's  
temple, have been arrested and  
charged with inciting persons to  
procure the murder of other per-  
sons. This is part of an exten-  
sive plan of the authorities to  
break up the gang. Other arrests  
will follow.

#### "FIRE" PROFESSOR OR LOSE TEN MILLION

Boston, Oct. 23.—That Profes-  
sor Hugo Muensterberg formally  
presented his resignation to the  
corporation of Harvard University  
after Major Clarence Weiner, of  
Surrey, England, a member of the  
Harvard class of 1900, had  
threatened to cancel a \$10,000,  
000 bequest to Harvard, and that  
the corporation of the university  
declined to accept it, has been  
officially admitted at the univer-  
sity.

The situation now is this: That  
Professor Muensterberg will not  
be allowed to resign, but that  
Harvard hopes Major Weiner will  
reconsider his decision to with-  
draw his bequest. No matter  
what happens, Harvard will not  
yield to the demand that Muen-  
sterberg go. The trustees feel  
in the first place, that he is a  
man whose place could not be filled,  
and they feel in the second  
place, that he has a right to make  
the statements in Germany's de-  
fence to which Major Weiner took  
offence.

The policy at Harvard has al-  
ways been to allow the faculty  
full latitude for the discussion of  
public affairs, and tends to cre-  
ate and maintain a sympathetic  
understanding between the pub-  
lic and the university.  
In the letter which Major Wei-  
ner recently sent to President  
Lowell, of the university, he de-  
nounced Professor Muensterberg  
because of his "virulent, scur-  
rilous attacks on the allied pow-  
ers, and most particularly against  
Great Britain, since the incep-  
tion of the great war."

#### KAISER WAS ALMOST TAKEN PRISONER

(Special to The Daily News--11 A. M.)  
Petrograd, Oct. 24.—Soldiers  
from the Warsaw front say that  
Emperor William was personally  
on the field of battle and was al-  
most taken captive, barely es-  
caping by an automobile. (His  
presence may account for the dis-  
astrous defeat to the Germans  
for the Kaiser overrules his best  
officers.)

#### ROUGHRIDERS GO SOUTH ON THE MAY

The Princess May pulled in at  
2 o'clock this afternoon, with for-  
ty-six Yukon roughriders, in  
charge of the old-timer, Andy  
Hart. They had a huge piece of  
canvas rigged up over the port  
rails, with "Dawson to Berlin—  
7,460 miles" in large letters and  
they looked as if they could make  
the trip, no matter what the ob-  
stacles. Among all the men who  
will go to the front, perhaps there  
will be none better than these  
practical sons of the frontier.  
They are largely men who have  
had to do all sorts of things un-  
der difficult circumstances. They  
can dig a trench, build a bridge,  
ride a horse or shoulder a rifle  
equal to the best of them. May  
they all land safe in Berlin and  
have the honor of helping bring  
the Kaiser to his knees.

At the beginning of the war the Germans set out to boycott everything British. Before they went very far they bumped up against old Shakespeare. The theatres wanted him expelled, but the Imperial Chancellor decided that "Shakespeare belongs to humanity," and decided to keep him on.

transports to carry troops to Britain. They must have discovered the ninth way of getting in and which holds out a chance of getting back again for the eight ways of getting in which Napoleon knew did not carry return privileges.

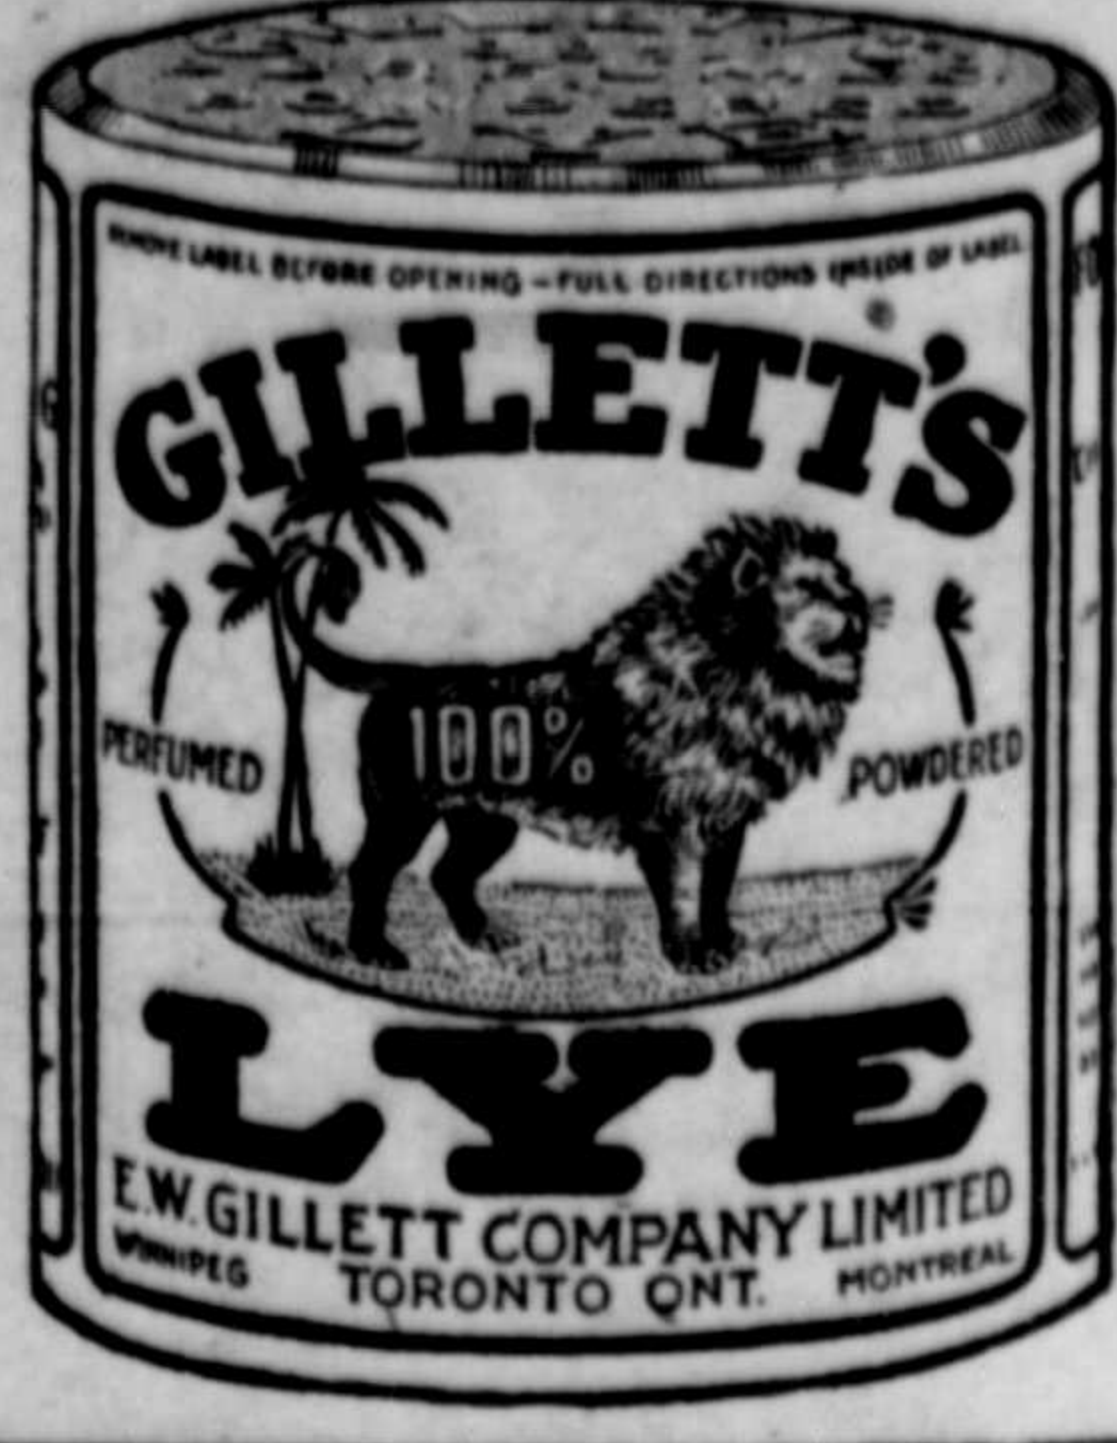

It might be pointed out that there is one way already known by which the Germans could get out of Britain. They might follow the same route taken by a rich man who once had dealings with a gentleman by the name of Lazarus. The chances are that if they ever attempt to find themselves on the far end of that historical broad way.

Col. the Hon. Sam Hughes has suddenly budded into a General. His friends and some of his opponents, too, will be glad, for there's nothing Sam like so much as playing soldier. If he would make as good a showing when the fight is on as he does on parade he would be a great success.

Touching the "British" vs. "English" discussion, a lady correspondent sends us a cutting from an Old Country newspaper, from which it appears that one of the Edinburgh members of the House of Commons asked the Under-Secretary for War whether his attention had been called to the use of the word "English" in describing the British army in the reply of the Secretary of State for War to General Joffre. It appears that General Joffre had used the word "British" and that the Secretary of State for War in his reply adopted the alternative term "English."

LONDON HONORS NELSON'S MEMORY

Crowds Pass All Day Before the Huge Column in Trafalgar Square.

London, Oct. 21.—London today is honoring the memory of Nelson and Trafalgar. Crowds are passing, all day, before the colossal Nelson column in Trafalgar Square, immediately opposite the Canadian Pacific offices.

Canada is represented by a Maple Leaf design from the Victoria, Esquimalt and Cowichan branches of the Navy League, and also wreaths from the wife, father, mother and other relatives of Lieut. Commander Clive Phillips-Woolley, who was lost with H. M. S. Hogue on September 22.

Most heartening of all, however, is the intimation that Britain has commissioned for sea twenty-two new fighting ships from dreadnoughts to mosquito craft since the war began.

SOUTHERN ALBERTA IS IN BLACK OIL

Reported in Small quantity—Well Has Reached a Depth of 2,000 Feet.

Calgary, Alta., Oct. 23.—A wireless message from President William Livingston, of the Southern Alberta Oil Company, has been received by his business associate J. D. Pugh, to the effect that black oil had been encountered in the Southern Alberta well in limited quantities.

The Marconi operator of the United station, who visited the Southern Alberta well shortly after the strike yesterday morning, sent a wireless to the city to the effect that two large buckets of black oil had been taken from one baleful of debris while he was at the well.

Ad McPherson, who operates a coal mine near the Southern Alberta's well, was in the city yesterday, and made the statement that two barrels of black oil had been taken from the well at one baling, and that the fluid was a heavy, black oil.

The Southern Alberta well is a little more than one mile north of Discovery well. It has attained a depth of about 2,200 feet. It had reached this depth two months ago, when through trouble with water and a caving, 200 feet of the hole was lost. This caused a delay of about four weeks, and it was necessary to drill about 200 feet of the hole over again.

When the hole was lost two months ago, the indications of oil were pronounced, and the showing was even then, outside of the Dingman No. 1, about the best in the district. Mr. Livingston was of the opinion that the finding of values was only a short time away.

SIR CHARLES TUPPER PROUD.

London, Oct. 23.—Among the numerous Canadians anxiously awaiting definite information of the arrival and landing of the Canadian troops, none was more eager than Sir Charles Tupper, who has two grandsons and the husband of a grand-daughter in the contingent.

"We are all proud of the force which Canada is sending, and we know they will fully maintain the brilliant records of the past," said the veteran statesman.

BACK HOME BEFORE THE LEAVES FALL

This Was the Prediction of the Kaiser Made on October 2 at Weimar.

London, Oct. 22.—German newspapers print the following extract from a letter written on October 3 by the burgomaster of Weimar, who is a reserve officer:

"The Emperor was with us yesterday. What he said had such a cheerful ring and made us so happy that I should like the impression to reach Weimar too. He ended with the words, 'Well, boys, before the leaves fall from the trees here we shall all be back in the dear Fatherland.' The words are a symptom of the absolute confidence of the Emperor in the victory of German arms. This afternoon the imperial chancellor was also in our village to visit his son, who is serving with the Breslau body of cuirassiers. I saw the chancellor standing for a long time in the road. He was extremely cheerful, and the hints he gave about the future shaping of Europe were based upon the assumption, as a matter of course, that Germany's victory would be complete."

HAD OIL FOR GERMANY.

Why American Steamer Brindilla Was Captured by the Caronia.

London, Oct. 21.—The Daily Express understands that the American steamer Brindilla, captured and taken into Halifax by the armed cruiser Caronia, is the property of the Deutsche Petroleum Gesellschaft, whose chief director is now the principal purchaser of oil for the German government. When war broke out, says The Express, this vessel was turned over to the Standard Oil Company so that she might fly the American flag.

The Express understands further that the Brindilla's cargo of petroleum was intended partly for German cruisers and partly for Turkey.

# KIDNEY DISEASE CURED BY "FRUIT-A-TIVES"

Father and Son Both Owe Their Good Health To The Healing Qualities Of The Only Medicine In The World Made Of Fruit Juices.

H. DORLAND, ESQ.

Bronte, Ont., Oct. 31st, 1913.

"For about 40 years, I was troubled with Lame Back brought on by Kidney Bladder Trouble. I was never confined to my bed with the trouble, but it affected my spine and I had to rest for a time. I took advertised remedies that did not do me any good. I saw 'Fruit-a-tives' advertised and decided to try it. They did me more good than any other remedy. I would advise anyone suffering from Kidney or Bladder Trouble, to use 'Fruit-a-tives'."

H. DORLAND.

"Fruit-a-tives" acts directly on the kidneys and bladder, relieving inflammation, stopping the pain. But it does more. It prevents the formation of an acid, by restoring the Kidneys, Bowels and Skin to healthy action. On these three great eliminating organs of the body are working in harmony, there can be no uric acid to poison the blood and irritate the nerves. ## FRENCH FIRMLY ESTABLISHED IN ALSACE AGAIN

Germans Hastily Prepare Defensive Works at Strasburg—Favorable Reports.

Paris, Oct. 23.—Increasing satisfaction is shown by the people of Paris in reading the latest reports from the front. These indicate that the Allies are continuing their offensive operations, which in the opinion of French observers promise the best results. The action of the Belgian army and of a squadron of warships in repulsing an attack by the enemy is a subject of particularly favorable comment. The public was equally gratified by the announcement of the situation in Alsace. This was the first time in some days that the War Office had indicated definitely the French positions.

It is now seen that the French troops have almost reached the outlet of the valley leading to the plains of the River Ill, which flows north through Alsace and empties into the Rhine. The French now consider that they are firmly established in Alsace, on territory doubly dear to them. Word has been received also that the Germans are hastily preparing new defensive works around Strasburg and digging innumerable trenches in front of this city. Vineyards have been leveled by the German engineers in carrying out this work.

After long-continued negotiations through the intermediary of the American legation at Berne, Switzerland, exchanges are about to be made among the belligerent countries of interned civilians.

### COURT TO WIND UP ALVENSELEN FIRM

Assets Are Expected to Bring Over a Million Dollars, Says Lawyer.

Vancouver, Oct. 21.—An order of the Supreme Court for the winding up of the firm of Alvo von Alvensleben, Limited, was made by Chief Justice Hunter this morning on the application of Mr. John Gurney Fordham, a creditor for \$31,000 for monies lent to the company. Mr. R. Kerr Houlgate, of the Yorkshire Guarantee Company, was appointed as liquidator.

Mr. W. Martin Griffin, who appeared for the petitioning creditor, said that the company had been incorporated in October, 1907, with a capital of \$50,000, to take over the business of Mr. von Alvensleben. It had gone into voluntary liquidation on September 28 of this year. The liabilities were in the neighborhood of \$3,600,000 and the assets, consisting of real estate in agreements, are expected to realize over one million dollars.

### WINNIPEG STOCK EXCHANGE.

Winnipeg, Oct. 23.—After having been closed continuously since July 30, the Winnipeg Stock Exchange will open again for the transfer of securities during the present week. Negotiations were in progress all of last week in Toronto for the reopening of the exchange in that city, and arrangements were completed for the resumption of business on a restricted basis.

### TRADING WITH ENEMY.

Amendments to Former Proclamations Add Insurance and Reinsurance.

Ottawa, Oct. 23.—Amendments to the two royal proclamations issued respecting trading with the enemy have been made and are published this week by the government. They relate chiefly to the making of insurance or reinsurance contracts with the enemy or for his benefit.

It is forbidden to make or enter into marine, life or other policy or contract of insurance or reinsurance, with or for the benefit of an enemy; to accept from or give effect to any insurance or any risk arising under any policy entered into for the benefit of an enemy before the outbreak of war, and in particular as regards contracts of reinsurance current at the outbreak of war in which the enemy is interested; to cede or accept from him any risk arising from the policy of insurance entered into after the outbreak of war.

When the enemy has a branch locally situated in British, Allied or neutral territory, carrying on an insurance or reinsurance business, transactions of such branch will be considered transactions with the enemy."

### FIRST SHIP FROM PANAMA.

First Ship to Reach Dublin From Pacific via Panama Reduced Time 30 Days.

Dublin, Oct. 15.—A good deal of interest in shipping circles in Dublin, says "The Irish Times," attached yesterday to the arrival from Tacoma, Wash., of the steamer Daldorch, which is the first British vessel to pass through the Panama Canal and has made Dublin its port of arrival.

The Daldorch left Tacoma on August 4, and in consequence of being able to pass through the canal, which was officially opened on August 15, the voyage to Dublin was accomplished in fifty days. Usually the time, occupied in the passage around the Straits of Magellan, involving long steaming by South America, was eighty days and frequently more.

The saving of thirty days at least on the voyage has been attended with many advantages, such as less consumption of coal, shorter period of engagement of crews and reductions in provisioning. The total dues paid for the passage through the canal locks was \$4,000, but the incidental circumstances attendant on the saving of thirty days on the voyage, more than compensated for the outlay. The vessel has brought a cargo of 6,500 tons of wheat, which has the distinction of being the first grain cargo of the season brought from Tacoma to Europe.

She had to adopt precautions to avoid the German cruiser Karlsruhe, which, it was known, was off Porto Rico, and did all its night steaming without lights. A British man-of-war spoke to the Daldorch off Teneriffe. Two of the vessel's crew being German and one an Austrian, they have been detained by the customs authorities at Dublin.

Daniel O'Connell—"The Liberator"

OLD ERIN has given the world many a genius and many a Lover of Liberty, but none greater than the eloquent O'Connell. This noble Irishman unselfishly devoted every moment of his life to regain the Freedom of his Fatherland. His oratory, because of its flaming earnestness, exercised a powerful influence over the House of Commons and hastened many reforms for Ireland. Daniel O'Connell was the first to realize the irresistible strength of a union of millions of Irishmen, and to this end he labored night and day. Huge mass meetings were everywhere organized throughout Ireland and addressed by the masterful O'Connell. When confident of success and with victory in sight he was arrested and condemned to prison. When liberated his splendid constitution was shattered, but he continued until his dying hour to work and pray for Irish Liberty. It is needless to say that Daniel O'Connell was opposed to any Prohibitory legislation which invaded the Natural Rights of Man. He would no more vote for such tyrannous enactments than will our millions of Irish-American citizens. They know that there is no evil in the barley brews and light wines of their fathers—EVIL ONLY IS IN THE MAN WHO MISUSES THEM. For 57 years Anheuser-Busch have honestly brewed honest beers, and they are proud of the popularity their great brand Budweiser enjoys with those of Irish blood. Our Irish citizens have helped to make our nation great among the nations of the world. Seven thousand, five hundred people are daily required to keep pace with the natural demand for Budweiser.

**ALTERNATE PROGRESS IS MADE AT FRONT**

(Special to The Daily News.)  
 Paris, Oct. 24.—An official bulletin says the Germans have made progress north of Dixmude and near Labasse but the French have made material advances west of Neuport and between Lille and Armentiers.

**"GAELIC RUSSIANS."**

It is now explained that it was a trainload of Ross-shire Highlanders passing through England on their way to the front that gave rise to the rumor that Russian troops had landed in Britain. The fact that the lads from the heather-clad hills wore bushies similar to those of the Cossacks and talked only in Gaelic made the mistake excusable.

New York, Oct. 23.—Every American high school which belongs to a Greek letter sorority and does not resign before November 15 will be barred from having its members join such sororities when they enter college, under a resolution adopted here by the thirtieth congress of the National Pan-Hellenic Society, representing 70,000 college sorority women. The congress will meet next year in San Francisco. Mrs. J. H. Crann, of Iowa, president, was in the chair. Discussing high school sororities, delegates said that they tended to develop snobishness.

**TONIGHT'S 15-ROUND BOXING CONTEST**

The contest tonight at the National Sporting Club between Harry Anderson and Jim Clark should prove to be interesting from the appearance of both boys in training. There is a lot of difference in the style of the two men, which makes it hard to pick the winner. Anderson is very fast and clever and uses good judgment in his boxing, besides having great footwork. But the question is, can he stand the punch?

Clark is more of a rushing boxer; he is in good shape and is fully confident he can win inside the fifteen rounds. There will be a good preliminary, and the prices are greatly reduced for this encounter. The main bout will start at 10:30 sharp. Johnny O'Leary, the lightweight champion of Canada, will be introduced to the audience.

**HELPS SISTER REACH WOUNDED LOVER'S SIDE**

Chicago, Oct. 23.—Frederick Henkel, whose sister Marie fled from her home this week with borrowed money to go to the bedside of her wounded lover in Austria, caught a fast train in pursuit yesterday.

"Are you going to bring her back?" he was asked.

"Nope; I'm going to help her," he replied.

Miss Henkel, aged 22 years, met Count Willie Feodor Hincz von Zagred while touring Europe with her mother last summer. A few days ago she received a letter full of endearments and mentioning that the writer had been seriously wounded in a brush with a regiment of Cossacks.

"Send me something to remind me of you," the young count, who is an Austrian officer, concluded the letter.

Miss Henkel determined to appear in person as a reply, but her parents would not supply the funds. She pawned some trinkets her girl friends had contributed and obtained money enough for a passage to New York, a steamer ticket to Genoa, \$25 for passage from Genoa to Trieste, and \$5 for meals and incidentals. Her friends, knowing that \$5 would not go far on a dining car, provided her with a supply of sandwiches, pickles, minced ham and other edibles. She boarded a train for New York. Brother Frederick carries with him plenty of money so that his sister will be able to travel first class.

**COL. SWINTON IS AUTHOR.**

It Is He Who Writes Battle Stories for Press Bureau.

London, Oct. 23.—The Express announces that the press bureau's official descriptions of the fighting at the front are written by Colonel Swinton, of the Intelligence Department of the General Staff.

There has been a good deal of favorable comment on the interesting manner in which the official reports from the front have been written.

It had been generally believed that Field Marshal Sir John French, the British commander-in-chief, was the author.

**NEARLY TEN MILLION SOLDIERS IN GERMANY**

London, Oct. 23.—The Nation says the following will be found the best official estimate of the total fighting forces of the German Empire:

Trained men now serving—4,450,000.

Untrained, but liable—3,750,000.

Landstrum, 17 to 20 years—1,500,000.

Total—9,700,000.

Private letters from Germany, according to The Nation, speak of terrible losses among the officers. One records the death of 42 per cent of the officers in the Bavarian Guards.

**NO PREPARATIONS FOR AN ELECTION**

Hon. Robert Rogers Says Contest Will Not Take Place Before 1915.

Toronto, Oct. 23.—"I do not think that there is a possibility of an election before 1915," said Hon. Robert Rogers, Minister of Public Works in the Dominion government, when seen at his hotel yesterday.

"The cabinet, so far as I am aware, is not making any preparation for going to the country and the talk of an immediate appeal is far fetched." He did not believe that the proposal to dissolve Parliament in the near future had been very seriously considered by Premier Borden.

"There is absolutely no truth in the report that Colonel the Hon. Sam Hughes is to resign," said Mr. Rogers. "The trip which the minister took to England was for the purpose of recuperating after the severe strain of working out the details of Valcarier Camp."

**PROF. ALEXANDER AGAIN MAKES GOOD**

Last night at the Empress Theatre a full house thoroughly enjoyed Professor Alexander's demonstration of how to read character from a person's walk, how he shakes hands, from his eyes and the general contour of the face. Needless to say, the professor's talk was full of good common sense, while his earnestness must have appealed to everyone present; indeed, he gave more of a sermon, and a good one at that than anything else. At the close of the lecture three men were selected by the audience, Dr. McNeil and City Clerk Woods were two of the subjects, whose characteristics the professor delineated by merely looking at their faces. Then the professor was blindfolded, whereupon the three subjects each brought a partner from the audience to the platform and the six mixed seats, when the professor by feeling the heads of each successfully "spotted" the newcomers as well as mentioning the three first subjects exactly as they had been placed on the platform originally.

Professor Alexander announced that on Wednesday night next he will give a lecture on the war and the causes leading up to it, the proceeds to go to the Patriotic Fund.
