STRONG AUSTRIAN FORT HAS BEEN DESTROYED

Special to The Daily News—10 A. M.
London, Oct. 31.—(Official)—An- nouncement from Cetinje says a bombardment at Cattaro con-cluded until a shell exploded a- gain and destroyed a magazine and destroyed the other forts. The other forts have been demoralized. Further defence is considered impossible. Cattaro was very strongly for- tified and considered almost in- vincible.

SHALLOW WATER WARSHIPS

It is interesting to note that London believes the vessels en- gaged in supporting the allied forces on the Belgian coast are three shallow-draught coast defence vessels, which were in- process of construction in Eng- land when war broke out and are taken over for the use of the British navy. They operate in- side nine feet of water, and can approach very close to the shore. Moreover, their shallow draught saves them from danger from submarines, which must come to the surface and stay there to- within range of them. If these vessels are guarding the left flank of the Allies the Ger- mans will have a difficult task in shelling them.

(Special to The Daily News—2 P. M.)
Tokio, Oct. 31.—The Navy De- partment announces that the Ja- panese squadron, assisted by Brit- ish warships, masked by a mist, approached and vigorously and effectively bombarded the forts at Tsingtau on October 29. Some of the defence works were de- stroyed, and on the next day the bombardment was resumed. Only the Kaiser's northeast fort replied to the bombardment.

NURSE AT HOSPITAL MEETS SUDDEN DEATH

The public will be shocked to hear of the sudden death of Miss A. E. Moore, of the Prince Rup- ert General Hospital staff. She appeared to be in her usual good health all along and was around last night as usual.

When she did not turn up this morning somebody proceeded to her room and found her dead in bed. She had been dead for some time when found.

Miss Moore has been in the hos- pital for about three and a half years, and was a native of Cam- illa, Ontario. She was well known in the city and her sudden death will cause great regret. The doctors say heart failure was the cause of her death.

THE GONG WILL RING.

At 3 o'clock this afternoon the gong will ring at Wallace's and from then until 4:30 the price of some desirable article of mer- chandise will drop one dollar in price every quarter of an hour. It may be an eiderdown quilt, a pair of blankets, a lady's coat, or anything else that the customers would like to have put up. The gong will ring every quarter-hour for an hour and a half until the article is sold.

NO WASTE.

Captain Fox, of the Undaunted, wastes neither shells nor words. He sent two wireless messages to the Admiralty. One read: "Am pursuing four German destroy- ers." The next was a message of three words: "Sunk the lot."

MORE BUSINESS PSY- CHOLOGY.

Ask anybody on the street what the telephone numbers of the local Taxi- cabs are and he will tell you 35 and 75. Why? Be- cause by advertising in The Daily News these firms have familiarized the public with their tele- phone numbers. Suppose one of these firms should stop advertising. There would immediately be a local feeling formed that perhaps that particular firm went out of business, and, anyway, the public is very short of memory and would only keep in mind the firm whose number they see daily. The same applies to every line of business. "Out of sight out of mind." You can't afford to let the public think you are out of busi- ness or that you have ceased to be progressive by putting forward the best lines at prices that attract. The Daily News is the advertising medium of the local business men. Step to the front and phone the Advertising Manager at number 98.

GET ON THE LIST OF CITY VOTERS

You Can Give in Your Name and Get All Information at the Special Office on Third St.

In order to assist those de- siring to get their names on the Voters' List and who cannot at- tend at the City Clerk's office dur- ing his office hours, Mr. S. D. Raymond, notary public, will be pleased to take declarations and payment of road taxes, and for that purpose can be found each evening, excepting Sundays, from 7:30 p. m. to 9:00 p. m., at the office formerly used by the secre- tary of the Northern B. C. Agri- cultural and Industrial Associa- tion, situate on Third Street, be- tween Second and Third Avenues.
ERNEST A. WOODS,
City Clerk.

The above is not paid for but is inserted by The Daily News in the interests of the city. Those in authority are apparently not anxious that any but their own following should get on the list as the city is allowed only to ad- vertise in the mayor's paper. To- day and tonight will be the last chance to get on the list if you do not own property. Get busy.

BOARD OF TRADE COMMISSIONER HAS RESIGNED OFFICE

The executive of the Board of Trade met yesterday afternoon to consider the resignation of the commissioner, Mr. P. F. Goden- rath, who has decided to go to the front. Mr. Godenrath has proved himself to be a live wire, and handled the affairs of the Board in such a capable manner that his decision to resign was received with regret. The feeling was ex- pressed by the president, G. R. Naden, and by T. D. Pattullo, D. G. Stewart and A. J. Morris, after which it was decided to give Mr. Godenrath a letter of appreciation for the excellent service rendered. Mr. Godenrath expressed his thanks for the kind words of the Board and said that his going to the front has been under consid- eration since the first contingent was announced and was now availing himself of the oppor- tunity.

GERMANS WANT CALAIS BADLY— POLAND ATTACK IN ABEYANCE

GENERAL STAFF BELIEVED TO HAVE ORDERED THE POLAND ARMY TO FALL BACK ON DEFENSIVE UNTIL CALAIS IS TAKEN.

(Special to The Daily News—11 A. M.)
Paris, Oct. 31.—Word from Berlin by way of Copenhagen in- dicates that the Germans have not yet given up the attempt to reach Calais. It says that the German General Staff has decided that the army in Poland shall fall back into Silesia and remain on the defensive until the battle of Flanders ends with the capture of Calais. This will release three or four army corps for use in Belgium.

DESPERATE FIGHTING REPORTED TO HAVE TAKEN PLACE YESTERDAY—GERMANS MAKING A FURIOUS AT- TEMPT TO REACH CALAIS.

(Special to The Daily News—11 A. M.)
Paris, Oct. 31.—(Official Bul- letin)—Yesterday was marked by the attempt at a general offensive movement along the Nieuport-Ar- ras line and by violent attacks at other points. From Nieuport to Labasse, there were alternate movements of advancement and retirement. Some points of sup- port were lost south of the Ypres, but progress was made east of Ypres. All the German attacks between Labasse and Arras were repulsed with heavy losses to the foe. Progress was also made down the stream from Soissons, but we were compelled to retire from the vicinity of Vailly.

PLENTY OF MONEY FOR UNITED STATES

Seattle, Oct. 28.—The credit fa- cilities of this country will be enormously increased on Novem- ber 16 next, when the twelve Fed- eral reserve banks, authorized under the Currency Act, will open for business. Secretary of the Treasury McAdoo announces that \$400,000,000 of reserve money will be released through these banks, largely increasing the credit fa- cilities of the country.
As good commercial paper is a basis of credit, under the new system, the reserve banks should have immediate effect on those staple lines of industry that have been temporarily dull. Perhaps the South, more than any other portion of the country, will feel this influence through the financ- ing of its great cotton crop, ren- dered a temporary drug on the market by the shutting down of English mills.
State and national banks will feel the effect of the opening of the reserve banks through the en- larging of their credits, and those in turn will have an increased ability to extend credit to their customers. Every portion of the United States should feel the im- petus of new business life.

ENEMY'S SHIPS MUST LEAVE SUEZ CANAL

Britain Announces She Will "Re- move" Those Which Do Not Do So.

London, Oct. 30.—Through the official Press Bureau, the govern- ment sets forth its attitude to- wards the ships of an enemy in the Suez Canal. Some vessels, it states, were detained by the Egyp- tian government because of hos- tile acts committed in the canal, and some because it was believed they contemplated hostile acts.

In a third class are placed the ships which refused to leave through free passage was offered, "thus disclosing an intention to use the ports of the canal as a refuge—a measure not contem- plated by the Suez Canal Con- vention."

As such action might block the use of the canal by other ships, it is contended that the Egyptian government is fully justified in removing all the enemy's ships which have been long enough at canal ports to show clearly that they have no intention of depart- ing in the ordinary way.

EDITORIALS

"The Dominion Trust," one of the largest realty-dealing concerns on the Coast, and the National Finance, another of the same kind, have closed their doors and the examiners are looking into the sack which the public is left holding.

"These two concerns, in a sense, are typical of British Columbia and what has happened to it. There are approximately four hundred and fifty thousand people in British Columbia. Of these not less than three hundred thousand live in the towns and cities, where production is very limited and the main occupation of the populace has been exploiting the future. Timber limits, mines, real estate and farm lands in the raw state have been given an anticipatory valuation and the province has declared itself rich out of the development of the country's natural resources. But so busy were the people of British Columbia promoting that they forgot to develop. Particularly was this true of the farming business. Farmers were very scarce, and, notwithstanding that British Columbia has millions of acres of beautiful agricultural area, those who had an ambition to farm discovered that the land had been taken up long ahead of the railway and that the prices asked for wild land were such as to practically close the country against settlement and development. Now the war comes, and, with the changed condition which call upon Canada for production, British Columbia suddenly discovers that it has no production worthy of the name and has no training or business machinery for any-

thing except promotion and exploitation.

"The thing that will happen in British Columbia is that quite a lot of the promoters will have to go to work."

The above clipping from the Edmonton Capital is worth reproducing, not because it is all true, although a great deal of it is. As far as the Dominion Trust Company is concerned, that company owns branches all over Canada, as well as in London, England. Why British Columbia should be blamed for the difficulties of the company is not evident. Indeed, it is well known that the first good start the company got was from money made in this province. In the face of a great crisis like the present, it is difficult to see how any big company that dealt in real estate values or mortgages could stand the shock. It certainly is unfair and unjust to blame British Columbia for all the troubles of the Dominion Trust.

What The Capital has to say about real estate is just as true of the Prairies and the rest of Canada and the States as it is of British Columbia. Anybody that knows anything about finance knows that in time of panics nothing has a fixed value apart from the regular currency. If a sale of real estate were forced today it is difficult to say how cheap it would go but the same is true of all other securities. With regard to values before the war, while there certainly was a lot of worthless subdivisions sold in the southern part of this province, like there was on the

Prairies, it is a question whether close-in business property was placed too high. At any rate, it becomes Edmonton, or any of the Prairie towns, to throw stones at British Columbia.

With reference to the question of wild lands, The Capital is right. Impartial minds can see today that a terrible mistake was made in disposing of the land of the Province to speculators who never intended to use it. If instead of that policy an effort had been made to get the right class of people on the soil, this Province would be much stronger than it is today. The Capital is right again, too, when it says that the promoters must go to work. Besides being productive it will have a wholesome moral effect. In that sense, at least, perhaps the black clouds of war will have a silver lining. If the government would even now step in and compel the speculators to either cultivate their land or hand it back to the Crown something could be done even at this late date for the good of the country.

GOVERNMENT RELATES ATTITUDE REGARDING SHIPS IN SUEZ CANAL

London, Oct. 29.—Through the official press bureau the government sets forth its attitude towards the ships of the enemy in the Suez Canal. Some vessels, it states were detained by the Egyptian government because of hostile acts committed in the canal and some because it was believed that they contemplated hostile acts. In a third class are placed the ships which refused to leave though free passage was offered, "thus disclosing an intention to use the ports of the canal as a refuge—a measure not contemplated by the Suez canal convention." As such action might block the use of the canal by other ships, it is contended, the "Egyptian government is fully justified in removing all the enemy's ships which have been long enough at canal ports to show clearly that they have no intention of departing in the ordinary way."

SOUTH AFRICAN REBELS WERE PROMINENT IN FORMER WAR

AFTER WAR WAS OVER BOTH SIGNED TREATY OF PEACE AND APPEARED TO BE GOOD BRITISHERS.

London, England, October 31.—General De Wet is the cavalry leader who gave the British so much trouble in the South African war, when he was commander-in-chief of the Orange Free State forces. He was commandant at Ladysmith and was sent to relieve General Conje as second in command. After General Conje's surrender he received full command. He was one of the signatories of the Vereeniging peace conference and was appointed Minister of Agriculture in 1907.

Brigadier General Beyers was also a noted figure in the South African war, and was chairman of the Vereeniging peace commis-

sion. Last September he resigned as commandant general of the Union Defence Force because of his disapproval of the action of Great Britain in sending commandoes to conquer German Southwest Africa.

The Manchester Guardian thinks that the South African rising is purely local. Many Boers, says The Guardian, rightly or wrongly regard the European war as a foreign war, with which the have nothing to do except to defend themselves if attacked, and the Union government comes along and compels them to serve against German Southwest Africa. The Guardian remarks that if enlistment had been voluntary, as in Canada and Great Britain, there would have been no rising.

AMERICANS RESENT GERMAN SUGGESTION OF INVADING CANADA

New York, Oct. 31.—Commenting on the suggestion of Count von Bernsdorff, the German ambassador to the United States, that the Kaisers forces may attack Canada, the New York Herald, in an editorial says:

"Just what Count von Bernsdorff can hope to gain by spreading in this country the suggestion that Germany may attack and occupy Canada it is difficult to understand. Can he imagine that Americans are so enamored by German 'culture,' as exemplified in Belgium, that they would welcome its appearance on this continent?"

"It would seem that the first rule of German diplomacy, bending its energies to create a favorable American public sentiment, would be to let that particular sleeping dog lie. If there is one thing more calculated than any other to make Americans give ear to the foolish talk of those persons who would have the United States break its neutrality and give all its aid and comfort to the Allies, it is the picture Count von Bernsdorff paints of German armies hacking their way through Canada."

RUSSIAN TROOPS ARE LIKE PURITANS

Water is Usual Beverage—They Go Into Battle With Absolute Faith.

Petrograd, Oct. 29.—The well known war correspondent and writer, Nemirovich Danchenko, who saw fighting in the Russo-Turkish and the Russo-Japanese wars, communicates his impressions to The Russo-Koestovo. He says:

"One must be blind not to see the enormous progress that has been made by Russia and the Russian army in the last ten years. There has not occurred a single disgraceful scene such as those that sullied the Manchurian campaign.

"There is no waste of strength. Everybody is in order and everybody is serious and in his place. Russia now has a sober, self-denying army, ably controlled by a modest and businesslike staff. Emperor William used to accuse the Russian officers of drunkenness. The reproach now applies most certainly to the Germans.

"The Russian troops are today like Puritans, going into battle with absolute faith, having dined meagerly. Water is the usual beverage of their Spartan board."

BRITAIN OUTWITS HER ENEMIES OVER SUGAR

BY A MASTER STROKE OF "STATE SOCIALISM" CORNERS THE WORLD'S SUPPLY AND THEN PROHIBITS IMPORTATION OF GERMAN SUGAR.

London, Oct. 30.—An official statement issued this evening says that the government has prohibited the importation of sugar into the United Kingdom with the object of preventing German and Austrian sugar from reaching here.

Those familiar with the sugar question realize that this means that by one master stroke of what might be termed "State Socialism," the British government has dealt a hard blow to the sugar trade of its enemy, and has secured an adequate supply at reasonable prices from the world's resources for the people of the British Isles.

To make the move that at first sight looked the reverse of what it will imply, the creation of cheap sugar in the British Isles, plain and clear, the official press bureau has issued a statement. In effect the situation is this: when the war broke out, sugar was almost unreasonably dear because manufacturers realized they depended for the major part of their supplies upon Germany and Austria, great sugar beet growing countries.

Germany Was Fooled
Britain had a fine fruit crop that was spoiling on the trees because a famine of sugar was

How Australia Will Help Empire and Provide Work for the Unemployed.

London, Oct. 31.—Sydney messages indicate that the Australian government proposes going beyond the proposals made by the Saskatchewan farmers and to guarantee a fixed minimum price of four shillings per bushel for all wheat of newly cultivated areas, also to guarantee 20 per cent of the bank advances for the clearance of new land and to supply seed wheat. It is expected one million extra acres, at least, will be cropped next year, thus partially solving the unemployment difficulty.

COTTON SITUATION IS BEING CLEARED UP

Washington, Oct. 31.—The cotton situation, in the opinion of President Wilson, is being cleared up steadily. He told callers yesterday that while only the end of the war in Europe would restore normal conditions, progress was being made in efforts to assist the planters. The President predicted all ports soon would be open to cotton. Southern business men with whom he has talked, the President said, had not been deeply apprehensive over the situation.

MORE ABOUT GOTT.

Rotterdam, Oct. 31.—According to the Frankfurter Zeitung, the Kaiser has sent the following telegram to the garrison at Tsing Tau through the German ambassador in Peking: "God be with you in the impending severe fighting. I am thinking of you."

When viewing a circus parade we usually forget that it is impossible to see any better with ones mouth open.

A NEWSPAPER

for Prince Rupert and Northern B.C.

The Daily News goes into nearly every home in Prince Rupert. It is the popular newspaper of the city because it is clean and reliable. It has all the news of the city, and keeps in touch with events and topics interesting to Northern British Columbia. It treats these subjects with moderate optimism and reliability.

The Daily News is the most valuable paper to advertisers because it is read by the buying public. It has a bigger circulation than any other paper in the city. It is read by the class of people the advertisers want to talk to.

TERRACE HOLDS PATRIOTIC CONCERT

The patriotic meeting held at Terrace the 24th inst. was an unqualified success. Rev. T. J. Marsh occupied the chair. A large audience was present and the hall crowded to overflowing.

Speeches were given by Messrs. Catt, Grant, Turner, MacPherson, Gilbert, Stewart and Braun also by Mrs. Sparks, president of the Womens Civic Club.

During the interval of speeches, songs and recitations were rendered. Mrs. Tom Stewart in her own inimitable way recited, "You Bet He'll Get His Answer When Our Boys Reach Berlin," and had to respond to an enthusiastic encore by singing "It's a Long Way to Tipperary." Mrs. Coll's fine reading of "Wounded, Buried and

Dead" was greatly appreciated. Messrs. Kirkaldy, Stone, Healy, Hepburn, Kenny and Rev. W. Peltier sang some good old rousing war songs, and were cheered to the echo.

Miss Sparks, accompanist, delighted the audience with her patriotic renderings; and after the singing of the national anthem and hearty cheers for His Majesty a very pleasant evening was brought to a close.

Rexall

The Rexall Stores of Canada CONTRIBUTE TO The Canadian Patriotic Fund

The Rexall Stores of Canada, 400 of the Leading Drug Stores in Canada, have unanimously agreed to contribute to the Canadian Patriotic Fund, FIVE PER CENT of their total purchases of all Rexall Toilet Goods, Rexall Remedies and other merchandise manufactured or sold by the United Drug Company, Limited, Toronto, from October 15th to December 31st, 1914.

This action of the Rexall Drug Stores of Canada has been undertaken co-operatively, because as a co-operative organization, they realize how much more can be done unitedly than individually, and it has been taken for two reasons—to fulfil a humane duty in raising a fund for the relief work of the Canadian Patriotic Organization, and a patriotic duty in an endeavor to keep a large staff of Canadian employees busy.

The 400 Rexall Stores of Canada make an appeal to your sympathy and support in their doubly worthy cause for increasing the funds of the Canadian Patriotic Organization and for the support of Canadian workmen because:—The fund that would be raised on the basis of last year's business can be tremendously increased if every man and woman in Canada will help a little by the simple process of purchasing Rexall Goods at the Rexall Stores.

No need to give space in this announcement to emphasize the high quality of Rexall Toilet and Medicinal goods. Sufficient to say that 7,000 of the Leading Drug Stores in Canada, Great Britain, and the United States place their personal and collective reputations behind them; that the public in these countries endorse them to the extent of several million dollars' worth of purchases a year.

Better goods are not made, and you take no risk in buying, for every Rexall Store will return you your money if any Rexall product is not entirely satisfactory and do it, too, without the slightest objection.

There's a full list of Rexall products waiting for you at the Rexall Store in your town.

Ask for it—kindly pass the word along to your friends. It is the collective purchases of all that will make this Rexall Store Fund for the Canadian Patriotic Organization work a big one.

The Fund will be collected from each Rexall Store in Canada by the United Drug Company, Limited, Toronto, and will be paid by them direct to the officers of the Canadian Patriotic Organization, and the amount so collected will be published in this paper when paid over.

REXALL GOODS ARE MADE IN CANADA and you can procure them in your town only from

The Princess Maquinna arrived from the south yesterday, taking the place of the Princess Royal, which was laid off on account of an accident on her way south. The accident to the Royal is not serious, although she probably will not be put in commission again this year, there being other boats to take her place.

For a comfortable room, come to the St. Elmo Hotel, 836 Second Avenue, near Eighth Street. Newly opened. Steam heat and hot and cold water in every room. Free baths. Rates reasonable.

Mr. and Mrs. J. A. Kirkpatrick returned yesterday from a visit to their old home in Shubenacadie, Nova Scotia. Mrs. Kirkpatrick and children left here in the spring and spent the summer there and Mr. Kirkpatrick joined her about six weeks ago.

On Sunday afternoon, November 2, Brigadier Green will lecture in the Salvation Army Citadel on, "Echoes From the International Congress in London, England, and the Trip." The brigadier will also speak on, "The Sinking of the Empress of Ireland, the Great St. Lawrence Disaster," and will give a naccount of the survivors. The brigadier was on the scene of the disaster and met the survivors two hours after the tragedy. The lecture will be of very great interest to all. Come and bring your friends.

APPLIES THAT COMPANY BE PUBLICLY WOUND UP

Vancouver, Oct. 28.—Mr. Albert Maxton, a merchant of Calais, France, through his Vancouver attorney, Mr. J. B. Mathers, has filed a petition in the Supreme Court to have the Dominion Trust Company wound up under the supervision of the Supreme Court of British Columbia. According to Mr. Mathers, Mr. Maxton was a wealthy man before the war broke out, but since then his lace factory has been closed down and he is now depending on getting his money from the trust company for a living.

The petition sets forth that as trustee for the petitioner, the Dominion Trust Company sold to Mr. George E. Drew, of New Westminster, in 1902, certain lands and premises for \$130,000; and although the petitioner demanded a conveyance of the land and premises, an assignment of the agreement and an accounting and payment of monies due under the agreement, the company would not accede to his request and an action was commenced in the Supreme Court on September 20.

The petition asks for a public winding up under the court instead of the company being allowed to wind up voluntarily. A request is made that the court appoint the Standard Trust Company or Mr. George E. Winters, of Riddell, Stead, Hodges & Winters, auditors, or some other fit and proper company as provisional liquidator of the company.

The petition will come before Chief Justice Hunter later in the week.

OTTOMAN GOVERNMENT BLAMES GERMAN CREWS FOR BLACK SEA ATTACK

(Special to The Daily News—2 P. M.)

Washington, D. C., Oct. 31.—The Turkish Minister of Finance informed the French ambassador at Constantinople yesterday that the raid of Turkish warships on Russian seaports took place without the knowledge of the Ottoman government and was presumably made under the influence of the German officers and crew. This information was conveyed in a dispatch today from Ambassador Morgenthau to the American government.

EAGER TO BE AT FRONT.

Canadians Not Eager for Ceremonial March Through London.

London, Oct. 30.—The Daily Mail continues its crusade for a march of the Canadians through London. The new suggestion is that they march before or after the King's carriage in the royal procession at the opening of Parliament, on November 11. Many Canadians, however, say Canada wants no better example than the flower of the British army, which went to the front without flag-waving or cheering. Their one desire, at the present moment, is to get quickly to the front.

Major General Sam Hughes is to be entertained at the Royal Automobile Club tonight by Col. Grant Morden, to meet the British ministers and leading Englishmen. Lord Kitchener hopes to look in during the evening.
