### NO DIPLOMATIC RUPTURE BUT AUSTRIAN AND GERMAN GENERALS IN GALICIA HAVE SPLIT

#### PREMIER ASQUITH DOESN'T EXPECT A VERY LONG WAR

(Special to The Daily News—11 A. M.) London, Nov. 12.—In a speech delivered in the Commons at the opening of Parliament yesterday Premier Asquith declared that he doubted whether the war would last as long as some people originally predicted but if it did he was certain that the longer it lasted the more the great resources and strength which the Empire possesses will be available to fill the gaps and replace the losses to maintain our position. The Empire is on trial and the experience of the last three months inspires us with confidence and hope, that the longer the trial lasts the more surely are we to emerge from it as the champions of a just cause.

#### MAN KILLED AT ROSE LAKE TUESDAY

Ray Shaw, a boiler-washer on the G. T. P., was killed at Rose Lake on Tuesday. While blowing off steam, preparatory to washing out an engine boiler, he stepped in front of an engine coming along the next track and was instantly killed. It is presumed that the noise of the escaping steam prevented him from hearing the sound of the approaching engine.

#### KARLSRUHE IS BAITED BUT DOES NOT BITE

British Cruisers Try in Vain to Trap the German Destroyer of Commerce.

New York, Nov. 12.—It has developed here that while the German cruiser Karlsruhe was holding up the British steamer Van Dyck in southern waters and filling her food refrigerators and her coal bunkers, the British cruisers Suffolk and Essex were trying to bait a trap for the German. They made the United Fruit Company's steamer Sousa, which is still flying the British flag, steam at an agreed on pace from Jamaica here while they followed just below the horizon, hoping to take the German cruiser. All the way from Port Antonio the British ships followed and it was not until the Sousa picked up the Ambrose Channel light that they turned back.

Word was received from Captain Gagan at the offices of the shipping agency here stating that the passengers and crew of the Van Dyck were now at Para, Brazil. It is said that the German sank the Van Dyck after getting all the supplies needed.

London, Nov. 12.—A dispatch to Lloyd's Shipping Agency from Para, Brazil, says that the German steamer Asuncion has landed there the passengers and crews of the British steamers Van Dyck, Hurstdale and Glanton, which were captured by the German cruiser Karlsruhe in Latitude 1 south, Longitude 40 west.

The ladies of the Presbyterian Church will hold their Bazaar in St. Andrew's Hall on Nov. 25.

#### REPORT AUSTRIANS BREAK WITH GERMAN AUTHORITY

##### GENERAL DANKL MAY NOT FURTHER CO-OPERATE WITH GERMAN COMMANDER—TURKS WERE DEFEATED AND FLED IN DISORDER.

(Special to The Daily News—1 P. M.) Petrograd, Nov. 12.—General Dankl, with the remainder of the Austrian army, is reported to be moving due south across Galicia and refusing further co-operation with General Von Hindenberg.

An official bulletin announces the repulse of the Turkish enveloping movement at Kopruckwui. The enemy was put in disorder and many prisoners taken.

##### Turk Atrocities.

Petrograd, Nov. 12.—Dispatches from Constantinople reports the state of things there as appalling, including brigandage, murder and atrocities. The Armenians are

the chief victims but Christians and foreigners are also in danger.

##### Austrians Wiped Out.

Nish, Nov. 12.—Six battalions of Austrian infantry with quick firers which crossed the Danube near Szderevo were annihilated by the Servians. Every man was killed, drowned, wounded or captured.

##### Goeben Damaged.

Petrograd, Nov. 12.—It is reported that the Turkish cruiser Goeben was seriously damaged by wind, water and shot during the recent bombardment of the Dardanelles by the Anglo-French fleet.

#### BRITISH RESIST THE ATTACK OF THE PRUSSIAN GUARDS

##### LITTLE CHANGE IN GENERAL SITUATION—ALTERNATE ADVANCING AND RETIRING—THE GERMANS STILL DIXMUIDE.

(Special to The Daily News—12 Noon) Paris, Nov. 12.—(Official)—Fighting on the left wing continues with violence characterized by alternate advances and retirements without great importance. There is no change in the position held by the British, who have repulsed the attacks of the enemy, particularly the offensive movement of the Prussian Guards. The Germans still hold Dixmuide.

#### LOOKS LIKE WAR, SAYS ITALIAN CONSUL-GENERAL

##### Chevalier Chilesotti Sees Significance in the Cabinet Choices.

Montreal, Nov. 10.—Italy's early participation in the war on the side of the Allies is confidently expected by prominent Italians here.

"This looks very much like war," said Chevalier Gualtiere Chilesotti, consul-general for Italy, when informed that Tomaso Titoni was spoken of as new Minister of Foreign Affairs in the reorganized Italian cabinet, while Baron Sidney Sonnina, former premier, was being mentioned as Minister of the Treasury. "Titoni is very friendly to France," the chevalier explained. Titoni has been Italy's ambassador to France throughout the present European disturbance, and is consequently in close touch with the government of that country.

The Italian consul-general had received no word from Rome of a more detailed character than the news dispatched last night. Tickets for the Belgian Relief Fund Concert at Ormes, 75c (reserved) and 50c. Get yours today!

#### PRINCE RUPERT GREETED CITY OF WINNIPEG

##### First Wires to Pass Over the New Telegraph Line Convey Greetings Between Two Cities.

The first wire going over the new commercial line of the G. T. P., which opened this morning, was from the City of Prince Rupert to the City of Winnipeg. The honor of sending the first message over the new line was given to this city by the courtesy of Mr. Hutchison, the local head of the department.

The Prince Rupert wire was sent at 8 o'clock sharp and at 9:10 a reply was received from the mayor of Winnipeg, this also being the first wire to come west over the line. The following are the messages transmitted:

Prince Rupert, Nov. 12, 1914. His Worship, the Mayor, Winnipeg.

The City of Prince Rupert, British Columbia, through me, as Mayor, sends greetings on the inauguration of the Grand Trunk Pacific Commercial Telegraph Service from this city to Winnipeg. Prince Rupert views this connection as a most important step towards more closely binding your Province with this Northern part of the Dominion, more particularly coming, as it does at such an important crisis in the history of our Empire, when it is so important that all Canada should act as a unit.

S. M. NEWTON, Mayor.

Winnipeg, Man., Nov. 12, 1914. S. M. Newton, Mayor, Prince Rupert.

The City of Winnipeg heartily reciprocates your kind greetings on the inauguration of the Grand Trunk Pacific Telegraph Service and trusts that this may lead to the opening of a great volume of new traffic between the Pacific Coast and the Orient and our own city and that the completion of this new highway of commerce may lead to city development not only of the interior of Northern British Columbia, but to the prosperity of all Canada and to the advantage of the Empire at large.

T. R. DEACON, Mayor.

#### EMDEN WAS AT HER TRICKS WHEN CAUGHT BY THE SYDNEY

##### PARTY HAD BEEN LANDED TO DESTROY WIRELESS ON COCOS ISLAND WHEN SYDNEY HOVE IN SIGHT—LEFT IN A HURRY WITHOUT SHORE PARTY.

(Special to The Daily News—11 A. M.) London, Nov. 12.—Following the report of the beaching of the cruiser Emden off Cocos Island, the following reports was given out:

"The Emden had landed forty-three men on Cocos Island, who smashed the wireless apparatus and instruments. They were returning to the ship when the Sydney hove in sight. The Emden departed, leaving the landing party. The Emden's gunnery was good at first, but later deteriorated. The Emden lost two funnels and caught fire astern within one hour after the attack.

"The Sydney had scarcely been touched. The Emden ran ashore when the flames began to take effect."

#### PRINCE RUPERT'S CONTINGENT HAD MEMORABLE TRIP SOUTH

##### LOTS WERE CAST FOR FIRST CLASS BERTHS—RECEIVED A GOOD WELCOME AT VANCOUVER, MEETING MANY OLD FRIENDS.

(By P. F. G.) On Board S.S. Prince George, March 7, 1914.

Never will the men of the First Company of Prince Rupert Light Infantry for active service forget the magnificent reception and hospitality and the marvelous send-off given them. It has been the one big general topic of conversation on board, from Lieutenant-Colonel Peck down to the latest recruit, and it has been particularly emphasized by the boys from Port George, Fort Fraser, Stewart, Granby, Terrace, Hazelton, Port Simpson, Smithers and Queen Charlotte Islands. Even the crew of the S.S. Prince George go so far as to say that in point of attendance at the wharf the big crowd excelled anything that was to have been seen when the first contingents left Vancouver. Ere this reaches The News there will have been published the colonel's wireless, thanking all for that final demonstration. Including the officer commanding there are aboard 120 men and with five more to follow from home and the three other officers at Victoria and one more recruit who joined at Vancouver, the full complement of 129 is completed.

Coming down the boys have had perfect freedom of movement and beyond the appointment of necessary details there has been no duty, thus ample time has been had for getting acquainted and, carrying out his promise at the public meeting, Mr. H. S. Clements has been unflinching in making the trip pleasant by meeting every man individually. The

first afternoon out the Federal member for Comox-Atlin was invited by the company to address them in the smoking saloon and there he outlined the work that had been accomplished at Ottawa in connection with the military support being given the Motherland by Canada. His remarks were enthusiastically greeted, especially with reference to the send-off at Prince Rupert, which he described as one of the most memorial events he had ever witnessed.

#### MORE MEN AND MONEY FOR ARMY, SAYS LLOYD GEORGE

(Special to The Daily News—12 Noon)

London, Nov. 12.—Lloyd George in addressing the Free Church assembly said he hoped the call for an additional large contingent of men would be made in a few days. Every county and town in the country would be given a quota to raise. The government expected soon to float the largest loan in the history of the national debt, possibly two hundred million pounds.

Paris, Nov. 12.—That the war is only beginning, is the opinion expressed by Armand Fallieres, ex-President of France, in an interview published by the newspaper, France de Bordeaux, says a dispatch to the Havas News Agency from the French seat of government.

"Months and months," M. Fallieres says, "will be required to overcome the military power of the enemy, but this does not produce discouragement in France. Our country has acquired the new virtue of constancy in effort."

**EDITORIALS**

Perhaps the present patriotic feeling might be utilized to revive the remains of the Canadian Club of Prince Rupert. This club was organized about four years ago and only held a few official meetings. No attempt was ever made to hold an annual meeting or elect new officers so that the organization may be said to have died a natural death from the lack of patriotic enthusiasm. While it is true that we are thinking at present more about the Empire than the Dominion it is also true that Canada must first make loyal Canadians of the men who come to our shores before they will take any interest in the Empire. Will somebody start the ball rolling for a real, live Canadian Club.

At one time it was almost a maxim of statecraft that there should be no British intervention in the affairs of the continent of Europe. The alliance with France and Russia represents a departure from this policy, and the present war is the natural outcome of that alliance.

It is the old story of a theory being abandoned in the face of practical conditions. German ambition has forced the other European powers into a union for self-preservation. The German attack on Belgium was just what was needed to convert the advocates of non-intervention into relentless opponents of Germany. They had refused to believe the alarmists, and there was some reason for their scepticism. The cry of "wolf, wolf," had been

raised so often that they would not hearken when the German wolf was really at their doors. When the wolf began to gobble up Belgium they were convinced.

Some of the alarmists are now saying, "I told you so," and we see no reason why they should not receive credit due to men who gave a warning that was required. They are not to be blamed because others had raised false alarms. Let the whole world admit that it did not realize how malignant and how dangerous was the wolf of German militarism. And let the whole world unite in the wolf hunt.

Many of us on this continent cherished the belief that by being in America we had rid ourselves of European militarism. Many Canadians looked upon European militarism as a phase of European continental foolishness, and were inclined to let the fools fight it out and take the consequences. Many Americans in the United States were in that frame of mind.

But Belgium has changed all that. We could not look upon Belgium and Germany as we would look upon two prize-fighters. Belgium was a child, a brave child, but still a child, looking with wondering, innocent eyes upon a savage wolf. Suddenly the wolf sprang upon the child. Just as suddenly Great Britain sprang upon the wolf. All theories of non-intervention were scattered to the four winds of Heaven. So in Canada, theories of non-intervention in European war are scattered to the four winds

of Heaven. In the United States, it is Belgium that attracts universal sympathy. All over the world, in every continent, among all races, the question is being asked: Are you with the wolf and the tiger, or are you with the children of humanity, the weak and the helpless? Are you for the jungle, or are you for clearing through the jungle a path where humanity may move toward the light?

**PRISON WITHOUT CELLS FOR WASHINGTON, D. C.**

New Method Planned for Reformation of Offenders.

Washington, Nov. 12.—A prison without cells and with no silence rule is to be built near Washington for the District prisoners now sent to Federal prisons.

In this prison the dreams of social workers will be realized. The aim will be to send the social derelicts forth after their term as wage earners and reformed citizens.

The prison, or reformatory, as its sponsors call it, will be located on a 15,000-acre site near Occoquan, the present District workhouse.

**GEIER'S OFFICERS MUST STAY IN UNITED STATES**

Washington, Nov. 12.—Two German officers and two men of the crew of the German cruiser Geier, now at Honolulu, who have been held for some time at San Francisco, will be paroled but must remain in the United States until the end of the war. The German embassy has been so informed by the State Department.

**FRESH TALK OF RAID BY GERMANS ON CANADA**

Montreal, Nov. 12.—The stories that the Germans of the United States are contemplating a raid on Canada have been given emphasis by a letter received by Mr. William Galbraith, former mayor of Westmount. The letter, which came from the vice-president of one of the biggest railways in the Western States, said:

"I overheard a conversation last night on a steamboat going from Norfolk to Richmond. It was between Germans, and to the effect that all the German singing societies, which are 500,000 strong, are carrying on a propaganda of secret arming and other arrangements for the purpose of attacking Canada from this side. The Germans here are bitter partisans and will attempt anything to beat the British, and involve this country in the conflict."

Steps have been taken to bring this information to the attention of the Dominion government.

**OLD BANNOCKBURN RUSE IS REPEATED**

British Dig Pits, Covering Them With Branches and Loose Turf Into Which Germans Fall.

London, Nov. 12.—The correspondent of The Chronicle in Northern France states that the Bannockburn ruse has been repeated successfully by the British in the battle of the Yser. He says: "About twenty-five yards in front of our trenches, deep pits were dug. These were covered with branches and loose turf, as at Bannockburn, and into these the Germans fell in heaps, calling out pitifully when too late they discovered the strategy."

"Our troops watched their destruction with a grim satisfaction and continued to bring down as many as possible before they reached the pits so that they would not be too quickly checked."

"Although the Germans more than filled the pits others came on in greater numbers and the pits soon became a scene of appalling horror. The Germans struggled, cried and fought one another in their vain attempts to extricate themselves. Many were accidentally transfixed by the bayonets of those who came first, while others were shot by their comrades. A shell fell into one pit and the huddled mass within was blown out of existence."

**FANNING ISLAND CABLE STATION WORKING AGAIN**

Australian Line Reopened for Business After Repairs Necessitated by Raid of Germans.

Vancouver, Nov. 6.—Considerable satisfaction was expressed in shipping and other business circles of the city today when the Canadian Pacific Telegraph Company announced that communication with Australia by way of the Fanning Island station had been re-established.

Four or five weeks ago the German cruiser Nurnberg visited Fanning Island and, taking the operator unawares, a landing party of the "Huns" wrecked the station, cut the cable and destroyed all the duplicate parts, which had been hidden on the island in case of attack. The Germans discovered the location of the duplicate plant by blowing open the safe at the station and finding a paper describing the place of "burial." The destruction of the duplicate plant explains the considerable delay in repairing the station, which presumably was carried out by the Australian fleet.

**BRITAIN NEEDS MILLION MEN EARLY NEXT YEAR**

Newspapers Assert That Recruiting Has Not Been Adequate in Crisis.

London, Nov. 12.—In view of the reassembling of Parliament, when an important debate on military matters is expected, it is interesting to note the trend of opinion which, with almost complete unanimity, admit that the present methods of recruiting are not adequate to meet the crisis. With only one or two exceptions, the entire London press, yesterday printed editorials pointing out the need of more men being recruited, and even such radical organs as The Chronicle and The Daily News urge that steps be taken in this direction.

The Chronicle says to beat the Germans back into their own territory, we must be able to put in the field, early next year, more than a million men, and have, at the same time, vast numbers in reserve for reinforcements.

The parliamentary correspondent of the Glasgow Herald, generally well informed, makes the assertion that an interesting document has been prepared in the form of an appeal signed by both Premier Asquith and Mr. Bonar Law, leader of the opposition, whose object is to obtain information concerning civilians suitable for military service. This document will be circulated by post over selected areas, The Herald says.

How His Stay in England Has Affected the Canadian Soldier.

Montreal, Nov. 12.—In a letter dated October 20, a correspondent at Salisbury Camp of the Canadian expeditionary force, writing to the Montreal Star comments on the development of the Imperial idea among Canadian born members of the contingent.

"More especially this applies to the Canadian born, the men who know of England through books. I have asked scores, at Valcartier and on the ship, why they enlisted.

"Why! I kicked in to see the fun," was the usual answer. You could not draw from any one of them that he had come to fight for the Empire. They don't say those things now. There is the typical reserve on anything that approaches the sentimental.

"People wondered why the contingent did not go straight to France to train. They talked of the trouble and delay of disembarkation, and of then, a short time later, sending the troops on. But the stop in England is already justified.

"It is the essential antiquity of the landscape the new beauty of the fields, the historic and imperial significance of all that he has seen that has taught the Canadian.

"SPARTACUS" AND THE BELGIAN WAR GAZETTE

At The Westholme a Great Success—Repeated Tonight.

A fine house greeted the first performance of "Spartacus" and the war pictures at The Westholme last evening. Certainly nothing finer has ever been seen in this part of the world than "Spartacus."

An important feature of the program was the excellent music rendered by the Westholme orchestra, including "William Tell Overture," Verdi's "Un Ballo in Maschera," and many other equally beautiful numbers.

PRINCE RUPERT'S CONTINGENT HAD MEMORABLE TRIP

(Continued From Page One.) rounded up the amateur talent—and there is considerable in the contingent—and in the evening the boys gave a splendid concert of vocal and musical selections and recitations.

Thanks to the efforts of the colonel, first-class berthing was had for over one hundred of the company and only six had to forgo the luxury of sleeping between sheets.

On arrival in Vancouver the company was paraded at the wharf and then marched along Hastings Street to the Vancouver Hotel, where they were dismissed.

Along the route traveled, every now and again a Vancouverite would shout a word of greeting to some friend in the ranks whom he recognized.

Tomorrow we go into camp at The Willows and under strict military discipline and hard drill the veneer of ordinary work-a-day life will rapidly disappear.
