## TURKS HAVE FIRED UPON UNITED STATES CRUISER

## GERMANS RENEW ATTACK ON WARSAW—RUSSIANS CONTINUE AGAINST CRACOW AND PRUSSIA

### TURKEY INSULTS UNCLE SAM FIRED ON AMERICAN SHIP

WHILE CAPTAIN WAS PROCEEDING TO SHORE AT SMYRNA  
FORTS FIRED AT HIS LAUNCH—UNCLE SAM TAKES  
NOTICE OF EVENT.

Athens, Nov. 18.—The United States cruiser Tennessee reports that she fired three shots at the Turkish forts at Smyrna yesterday while the captain was on the way to shore.

Washington, Nov. 18.—Captain Decker, of the cruiser Tennessee, reported today that his vessel was fired on yesterday while on his way from Vourlah to Smyrna to make an official call. The Tennessee was sent to that district to protect allied noncombatants.

### LOYD GEORGE MUST RAISE TWO AND QUARTER BILLION

CHANCELLOR GETTING BUSY ON WAR FINANCE—DOUBLES  
INCOME TAX—SPECIAL TAX ON BEER MUST RAISE  
BY LOAN \$150,000,000.

London, Nov. 18.—Lloyd George, British Chancellor of the Exchequer, said yesterday in the House of Commons that a year of war would cost Britain \$2,250,000,000. He proposed to double the income tax and put a special tax on beer. He said it would be necessary to raise a loan of \$1,750,000,000. The bonds would bear interest at 3-1-2 per cent and would be sold at 95.

### SOCIETY CIRCUS AGAIN DRAWS BIG CROWD

Prin Rupert showed by its action in connection with the Society Circus that it had the most sympathy for those who suffered in Belgium from the iniquitous war thrust upon the people. Last night there was a special amount raised—approximately the same amount raised had been done the night before.

On the first night there was an accredited amount of \$1,150, an investigation showed that about \$200 more was represented by those features where the returns were not immediately available. There was thus about \$1,300 taken in on opening night. Last evening the returns were practically the same, making over \$2,650 taken in all.

Everybody seemed to enjoy themselves last night again. In the kangaroo court a busy evening was spent. The force of police materially increased to meet the needs, while a change of order was made to relieve Frankley, who sat all the evening before. W. E. Fisher presided for the last half of last night and did the office well. Mr. Duff, as prosecutor, asked to be relieved also and M. J. Hobin took place. Mr. Duff Smith, however, did efficient work as a police officer. The fines last night reached the sum of \$75.

In the French and Belgian drawings, where Mrs. Besner presided with such efficiency, the drawings were announced last night. The winners of the different prizes were as follows:

Cut glass bowl, donated by W. Park & Son, won by O. H. Nelson. Cake, donated by Mrs. Roberts, won by Joseph Scott. Hall mirror, donated by G. D. Le, won by D. A. Laughton. Pillow, donated by Mrs. Decker, won by Mrs. Harrison. The other drawing will not be held until this evening at the masquerade ball. Mrs. S. E. Baker last night sold \$50 worth of tickets for the ton of coal drawing, which will make that drawing, which is donated by Rogers Albert, a very valuable one.

C. B. Wark, an old-timer of Prin Rupert, arrived in town last night by the G. T. P. Mr. Wark is now located at Prin Rupert.

### POPE MAY NOW INITIATE PEACE NEGOTIATIONS BY PASTORAL LETTER

London, Nov. 17.—Telegraphing from Copenhagen, a correspondent of the Central News says: "A despatch received here from Cologne affirms that the pope shortly will endeavor to initiate negotiations for peace through the medium of a pastoral letter. 'The German view of this is that any such action by his holiness would raise the question of the pope's temporal power and force Italy into taking an attitude against the proposal.'"

### CANADIAN SHOPPING WEEK FOR LONDON

London, Nov. 17.—An effort is being made here to establish a Canadian shopping week early in the New Year. Large retail houses are to be asked to give prominence to goods from the Dominion. This idea probably partakes of the ingenious turning to account of the "No trading with the enemy" propaganda which lately has been extensively boomed by certain newspapers. Agents general and similar officers naturally give the proposal a qualified benediction, but it is rather doubted by experienced observers whether the present is a suitable time for such an enterprise.

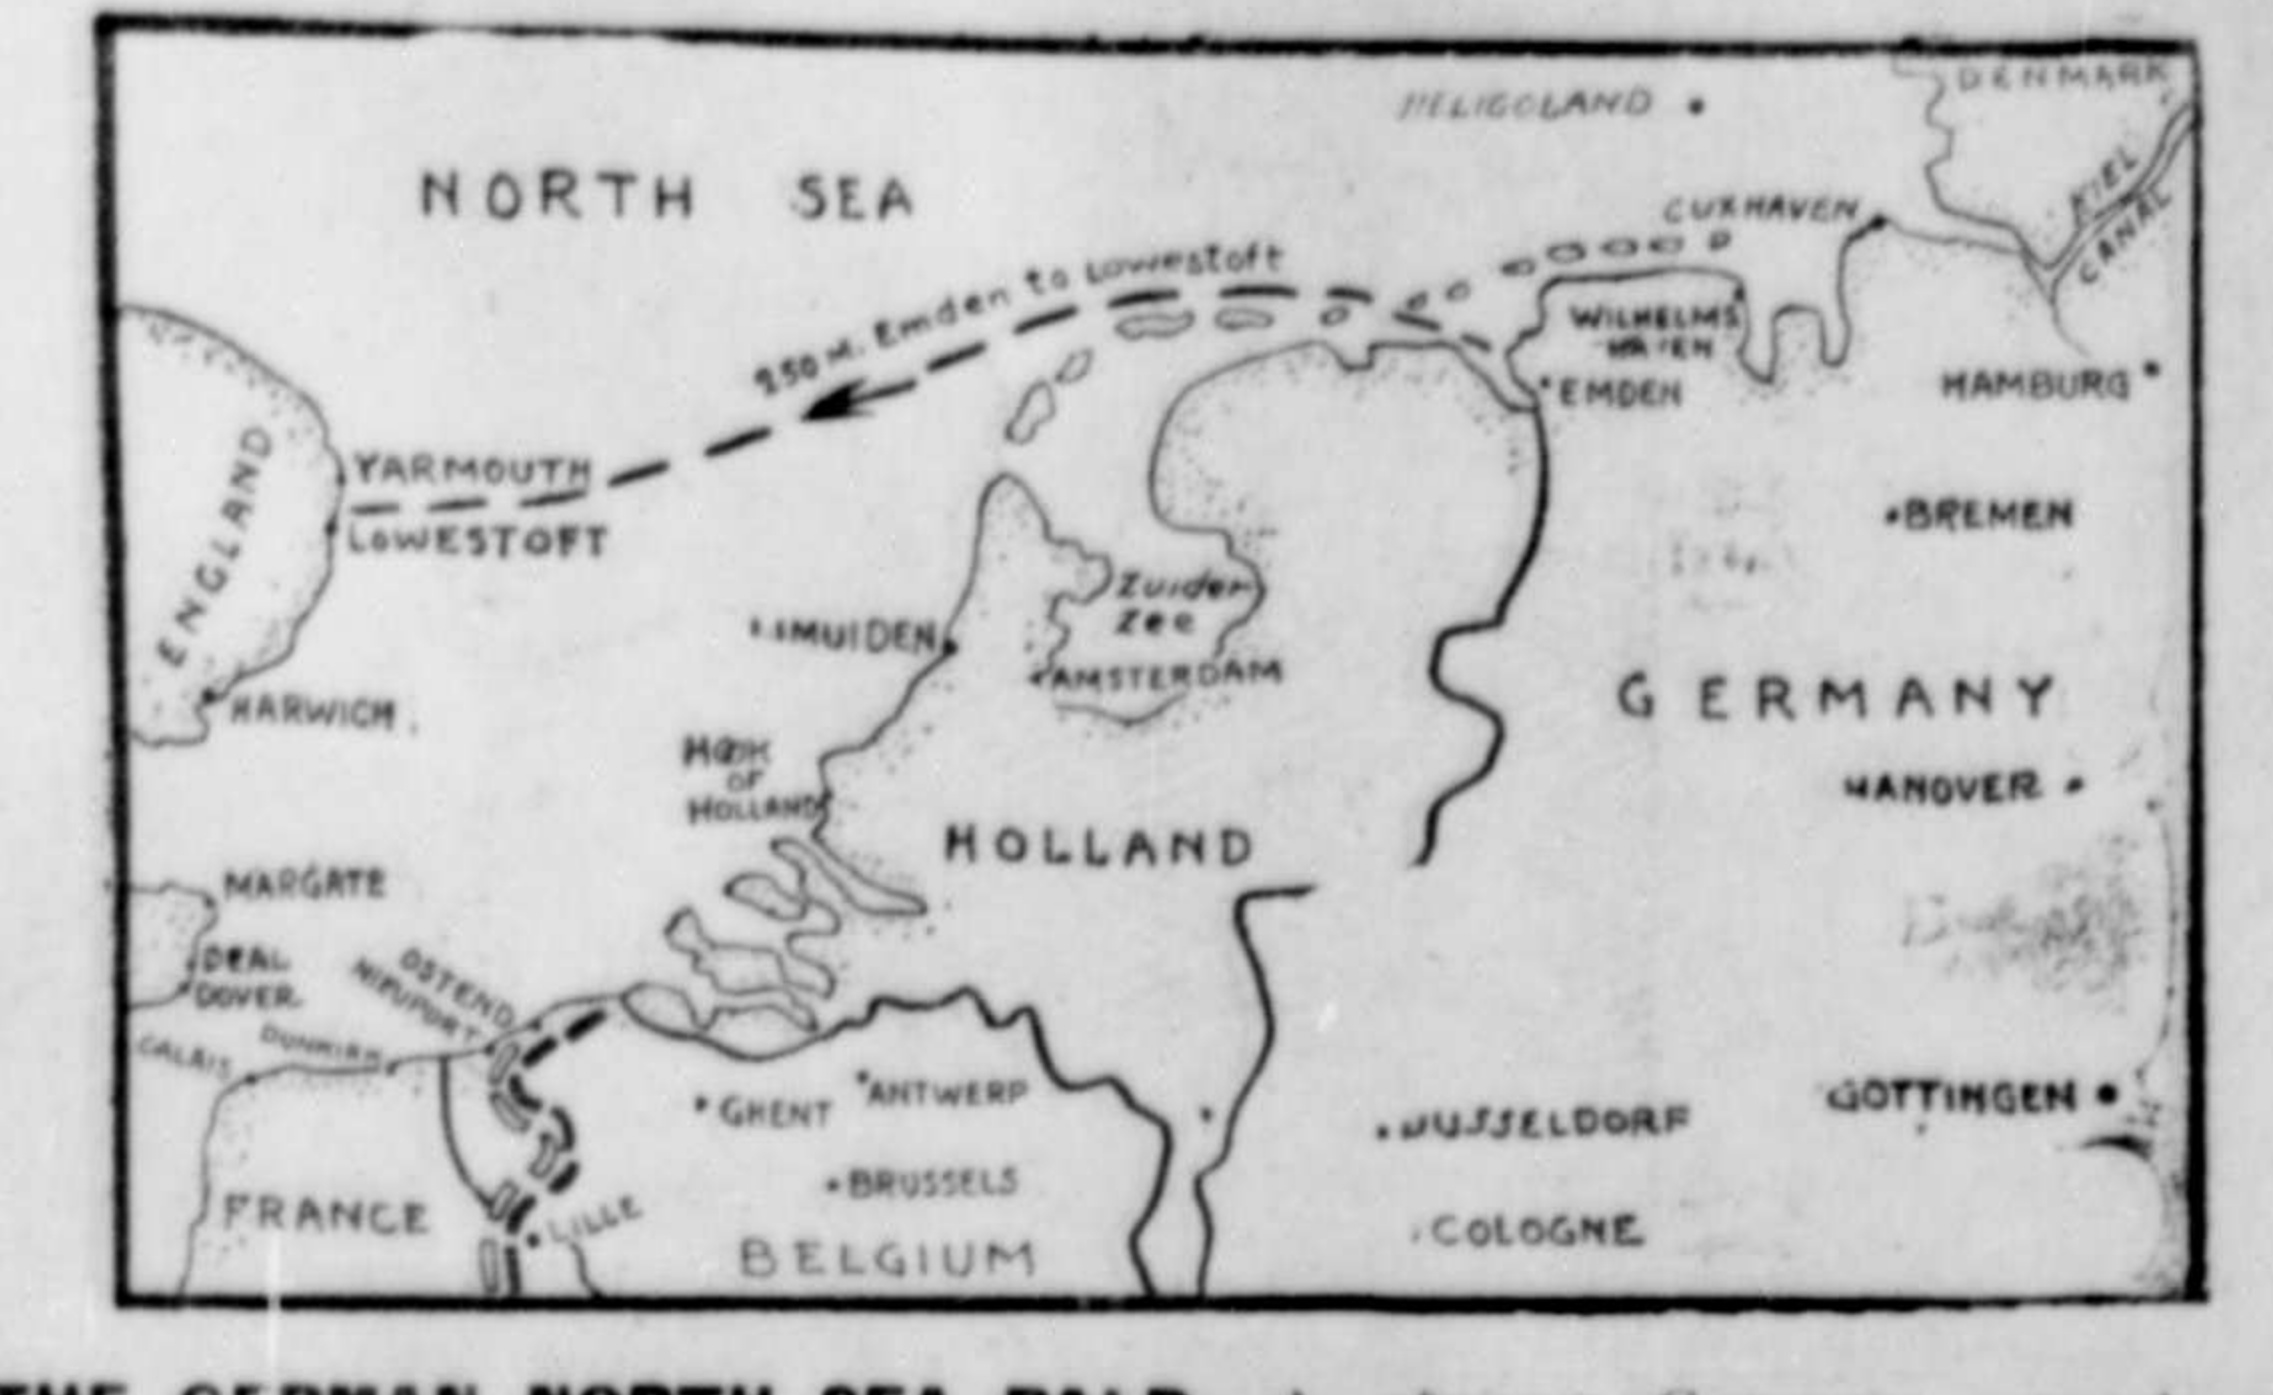

### SOUTH VANCOUVER COUNCIL CUTS WAGES

South Vancouver, Nov. 18.—The municipal council sitting in committee of a whole took up the matter of reducing the salaries of the permanent staff in the municipal hall. The council decided on the following cuts: Five per cent to be taken off salaries of employees receiving not over \$100 per month; 7-1-2 per cent to be taken off salaries of employees receiving from \$100 to \$110 per month; 10 per cent to be taken off salaries of employees receiving over \$110. This reduction will take effect from the fifteenth of this month until the fifteenth of January, the later date being one day before the new council will take office.

### RESULT OF ELECTION.

Nobody but party politicians want an election now. If they force one, they may figure on losing the thousands of votes of the men who think for themselves.—Monetary Times.

THE GERMAN NORTH SEA RAID—A strong German squadron made an attack on British mine laying vessels between Yarmouth and Lowestoft. The squadron fled when approached by British squadrons and a mine dropped by one of the fleeing cruisers destroyed a British submarine.

### HEAVY FIRING TOOK PLACE IN BLACK SEA

(Special to The Daily News.)

Petrograd, Nov. 18.—An official dispatch received from headquarters in the vicinity of the Caucasian Mountains in the region of Batumi gives the following information:

"Heavy firing was continued on the Black Sea throughout the whole of November 16. It is not known what ships were engaged. The efforts of the Turks to advance in the direction of Erzerum were without success. Erzerum is a Turkish town not far from the Russian border. Nothing of any great importance has transpired."

### RUSSIANS CONTINUE SUCCESSFUL MARCH

(Special to The Daily News.)

Paris, Nov. 18.—The Russians occupied the Prussian village of Longay, Argen, after twelve hours of fighting. Near Jakubow the Russians beat a German detachment which pillaged the estate of a member of the Russian Duma. Cattle and wheat which were carried away were restored to their owners.

### PRINCESS PATS BELIEVED TO BE NOW AT THE FRONT

(Special to The Daily News.)

Toronto, Nov. 18.—A cablegram from Camp Salisbury announces that the Princess Patricia Regiment left on Monday for Winchester to join the British division leaving shortly for the front. The fact that this information passed the censors indicates that this division has already left for the front and is now in France.

### CRACOW MAY FALL AT ANY MOMENT

(Special to The Daily News.)

Rome, Nov. 18.—The Russians have already invested Cracow and commenced the bombardment. The fall of the city is expected at any moment owing to the suddenness and violence of the Russian attack.

THE NAVAL REVERSE—The battle in which five German cruisers worsted three British cruisers was fought off the Island of Santa Maria. The hostile squadrons first sighted each other off Coronel. A transport, the Otranto, appears to have taken refuge in Puerto Montt, while the Glasgow, according to reports, reached Coronel and may be interned.

Montreal, Nov. 18.—At a meeting of directors of the C. P. R. held here, a dividend of 2-1-2 per cent on the common stock, for the quarter ended September 30 last, being at the rate of 7 per cent per annum from revenue, and 3 per cent per annum from special income account, was declared, payable January 2 next, to shareholders of record.

### FIERCE ATTACKS HAVE BEEN ALL REPULSED

(Special to The Daily News.)

Paris, Nov. 18.—(Official.)—Numerous artillery duels and infantry attacks took place yesterday. All were repulsed. The Zouaves (African troops), near Bixchoote, charging with bayonet, captured a forest which had been disputed for three days. The bombardment of Rheims is continuing.

### GERMANS AGAIN MAKE AN ATTACK ON WARSAW

HAVE ASSUMED OFFENSIVE ON POLISH FRONTIER, ATTACK-  
CENTER OF RUSSIAN LINE ON THE VISTULA.

(Special to The Daily News.)

line between the Vistula and Warthe rivers. They are again threatening Warsaw. The Russians in the meantime continue the advance against East Prussia.

(Special to The Daily News—1:30 P. M.)

London, Nov. 18.—The British fleet on Monday carried out a vigorous bombardment of Knocke and Zeebrugge on the Belgian coast, much damage being done to German stores and supplies.

### THE WESTHOLME. New War Pictures and "The Old Curiosity Shop" Tonight.

Another metropolitan moving picture feature will be shown at The Westholme tonight and tomorrow night. "The Old Curiosity Shop" is a photo play of extraordinary merit, after the story by Charles Dickens. It is in five reels and gives a very complete synopsis of the entire story. The characters are strong and varied and there are many instances of a quaint, and at times even a sort of grim humor which was rather characteristic of Dickens, and occurs in the majority of his works. The War Gazette will be as usual, both interesting and instructive, showing views of the countries where the war is at present raging.

### OBJECT TO RECEPTION

London, Nov. 17.—A storm of protest has been aroused in Melbourne by the suggestion that Captain Carl von Muller, commander of the German cruiser Emden, which was destroyed recently by the Australian cruiser Sydney, be given a public reception in recognition of his gallantry and courtesy when he arrives in that city. This statement is made in a dispatch from the Melbourne correspondent of the Reuter Telegram Company.

## EDITORIALS

The war has now been in progress for almost a third of a year and it is interesting to sum up the results. The Germans within that time—and they have been the aggressors—have launched three distinct campaigns. Their first cry was "Paris or bust," but they didn't take Paris. They next tried to break the heart of the Russians by taking Warsaw. A great signal defeat in that quarter sent them helter skelter in a precipitate retreat. Their third distinct move was to secure a foothold on the Straits of Dover and although they lost a hundred thousand men in the attempt, they do not seem to be any nearer to it than they were a month ago.

The whole training and plans of the Germans show that they hoped to win before the other nations could get their men in the field. This too was their policy in their past wars and it won. In this fight, however, thanks to the Belgians and French's "contemptible little army" their plans failed to carry. They must now fight on equal terms with the odds of numbers against them. Looking at the war in this light there is a strong possibility that if the Germans fail in their attack on Dunkirk their whole scheme will suddenly collapse.

It looks as if the Khedive of

Egypt has lost his job. Before Turkey declared war the Khedive went on a visit to Constantinople and suspicions of his loyalty caused the British authorities to forbid his return. He was believed to be in sympathy with the Turkish trouble makers and now his actions confirm this. He talks glibly of the day when the Germans will set Egypt free.

It would appear that the entrance of the "despicable Turk" into the war will at least give a temporary advantage to Germany. The Russians are reported to have decided to put off their invasion of Germany until they have defeated the Turk. This may enable the Germans to transfer a portion of their eastern army to the west to the disadvantage of the allies in France.

### A TRADE ANOMALY.

**Big Increase in British Exports to the United States.**

London, Nov. 17.—Consul General Skinner states that the exports from London to the United States for October were more than a million dollars in excess of the average for July, August and September. In spite of many things which the British government will not allow to be exported. No particular material preponderates in these exports, the increased amount of which is largely due to the closed German markets.

### FORCED TO WAR BY A SECRET TREATY

**Reason is Advanced for Turkey's Entrance into Hostilities.**

London, Nov. 18.—The Morning Post's Athens correspondent says:

"According to statements made by a diplomat here, Turkey was compelled to enter the war by a secret treaty made some years ago with Germany, whereby Turkey would assist Germany if war was declared on Germany by Russia.

"In return, Germany likewise agreed to assist Turkey if Russia declared war on Turkey.

"On the opening of war Germany demanded Turkey's assistance but the Turkish cabinet, which regarded such an act as suicidal, replied that Turkey would be unable to assist because she had no money, because the army was going through a period of reorganization, and because the fleet was powerless to defend the capital.

"Germany answered these objections by sending money, men and ships, whereupon Turkey was compelled to enter the arena because of her solemn treaty obligations."

### EQUIPMENT IS READY FOR LIGHT INFANTRY BATTALIONS FOR WAR

Ottawa, Nov. 17.—That full equipment is ready for the eight infantry battalions now mobilizing for the second contingent at divisional and district area headquarters, is the statement made by General Macdonald, quartermaster general. This includes rifles, ammunition and clothing of every description. The uniforms are now being distributed and at some points rifles have already been issued to the men.

### VALUE U. S. FARM CROP.

Washington, D. C., Nov. 17.—The important farm crops of the United States this year are worth \$5,068,742,000, or \$104,000,000 more than the value of the same crops last year, notwithstanding a loss of \$418,000,000 sustained by cotton planters on lint alone as a result of the European war.

### CANADA LOOKS UP TO AUSTRALIAN NAVY

**Dominion Government Hopeful That Battleship Australia May Soon Engage Germans on Pacific.**

Ottawa, Nov. 18.—"Bravo, Australia. All Canada congratulates you."

The foregoing brief message sent to Premier Fisher, of Australia, was dispatched by Sir George Foster, acting Premier of the Dominion. It is hardly necessary to explain that the sending of the cable was due to the success of the second-class Australian cruiser Sydney, of the Australian navy, in bringing to a close the career, in the Indian Ocean, of the German commerce destroyer Emden.

The hope is being expressed here that the big dreadnought of the Commonwealth navy, the battleship Australia, will in the near future run across the German squadron still at large in the Pacific. In naval circles it is stated that owing to superior speed and guns, the Australian dreadnought could single handed dispose of all the German vessels on the Pacific. She has a speed of 26 knots and eight 12-inch guns. The biggest German boat, the Gneisenau, has only 8.2-inch guns and 23.8 knots speed.

It is considered more likely, however, that the German squadron will ultimately meet its fate at the hands of Japanese cruisers now in the northern Pacific or British battleships recently ordered to the Pacific as the Australian dreadnought is believed to be in home waters.

### HOW GERMANS PUT IT.

The "Hagenback Conglomeration" still bars the way to Calais, and the Germans are hurling insults as well as projectiles at it. Hagenback is the greatest of all dealers in wild animals. From his menagerie in Hamburg can be secured anything with teeth and claws, from a royal Bengal tiger to an ordinary, everyday wildcat. The German insult is really a compliment. If it is only an ill-assorted menagerie that bars the way to Calais, German culture and science do not amount to much, else they would long ago have found a way through the jungle. When the patient and painstaking Canadian beaver joins the others animals of the conglomeration the Kaiser and his generals will no doubt express their detestation of the entire rodent tribe.

### NO DOUBT AS TO THE RESULT, SAYS SIFTON

**Alberta's Premier Declared Canadians Would All Be Dead Before Empire Failed.**

New York, Nov. 18.—"There is no doubt in the minds of Canadians of the result of the war, but should the British Empire fall it would not affect any of us in Canada, for in that event we should all be dead and should know nothing about it," said Arthur L. Sifton, Prime Minister of Alberta, who was the guest of honor at a dinner of the Canadian Club here.

"There is no sentiment of doubt that we must give every possible aid to carry it to a successful conclusion," he continued. "It may be a matter of months, it may be a matter of years, but when the war is over Canada will be the gainer."

Increased prosperity will come to Canada, the minister predicted, because many Europeans whose homes have been wiped out by the war will emigrate to the Dominion.

The annual international banquet of the Canadian Club has been abandoned because of the need of money for the families of the Canadian soldiers at the front, and in its stead the club has substituted monthly dinners.

### TO RAISE SUNK SHIPS.

**Reported That Japanese Will Endeavor to Recover German Warships Sunk.**

Vancouver, Nov. 17.—According to private advices received in Vancouver from Tokyo, the German officers who surrendered at Tsing Tau have been treated with every consideration and allowed to retain their swords.

It is understood the German ships sunk in the harbor will be raised and repaired if possible.

### REQUIEM.

Weep for the dead; weep for the swift slain dead,  
November skies;  
Too few the tears that day and night are shed  
From women's eyes.  
Blow o'er them lightly with a soft caress,  
Wind of the sea,  
If you are tender they may miss love less—  
Where e'er they be.  
Come, gentle moon, swing low your lantern light  
On reddened fields,  
And find the lonely harvest of the night  
That battle yields.  
Banish the darkness filled with quivering dread,  
Lest they should know  
Some last strange horror—even they—the dead—  
Sweet moon, swing low.  
Fold them at dawn, dear earth, with your arms  
So safe and strong;  
Hold them asleep till they forget alarms  
And woe and wrong.  
Master of Kings! If peace be bought with pain  
These paid the price;  
O show Thy tortured world that all in vain  
Is sacrifice! —VIRNA SHEARD.

### CRUISERS' LOSS BLAMED ON AID GIVEN GERMANS

**Serious Allegations of Violation of Neutrality by Ecuador and Colombia Made by Allies.**

Washington, Nov. 18.—Regarding protests made by Great Britain and France to Ecuador and Colombia against aid given by those republics to German warships, the ministers from Colombia and Ecuador volunteered to Mr. Bryan denials of the alleged violations of neutrality.

What the infractions consisted of has not been made public, but at the French embassy it was said positive proof was in the hands of the French government. Similarly, the British government has minute details of the alleged incidents. It is charged by them that the Galapagos Islands, off the coast of Ecuador, have been used practically as a coaling base for German ships, and that wireless stations in both Ecuador and Colombia have been giving German cruisers news of the whereabouts of the British fleet. In fact, the responsibility for the defeat of the British cruisers in the battle off the Chilean coast is laid by British officials to some extent at the doors of Ecuador and Colombia.

**Satisfied With Chile.**

It was stated by British officials here that no complaint has been made against Chile, Great Britain being satisfied with that country's observance of neutrality.

In this connection, Eenor Eduardo Suarez, the Chilean ambassador here, made public a cablegram received from Senor Manuel Salinas, Minister of Foreign Affairs at Santiago, giving the latter's reply in the Senate to published rumors of assistance to German ships from Chileans.

The foreign minister said Chile was rapidly "discovering and suppressing all wireless installations," and that the government "had adopted various measures to prevent the belligerents from making use of ports or territorial waters as bases of naval operations against their adversaries, and especially from installing thereon radio telegraphic stations or apparatus designed to serve as means of communication."

**Fleet Prevents Seizures.**

In the meantime the Chilean fleet is patrolling its long coast and Foreign Minister Salinas says these precautions have prevented "on more than one occasion acts contrary to neutrality, such as the seizure of merchant vessels in territorial waters."

### ALCOHOL SALE FORBIDDEN BY THE CZAR FOREVER

"I have decided to prohibit for ever in Russia the government sale of alcohol."

This, Reuter's Petrograd correspondent reports, is the message of the Czar to Grand Duke Constantine, the president of the Russian Temperance Society, which aims at the complete suppression of alcohol, in reply to an address from the society begging him to suppress the sale of spirituous liquors.

The sale of spirits is a government monopoly in Russia, and when war was declared all the spirits shops were closed. The sale of a single drop of spirits entailed a fine of 300 pounds.

The results exceeded the expectations of the most ardent temperance advocates. There was an instantaneous decrease in crime, and the dissatisfaction among the spirit consumers quickly died out.

The estimated revenue from the sale of spirits this year was over 93,000,000 pounds.

"The effects of the enforced sobriety throughout Russia have proved to the population how beneficial the government measures have been," says the Morning Post's Petrograd correspondent.

"Village women are openly saying that Heaven has come upon earth, and this in the midst of the most bloody war ever known in history."

### ARABS ARRESTED IN WINDSOR

Windsor, Ont., Nov. 18.—Believing that they were about to make an attempt to reach Turkey, to fight, the police locked up seven Turks here. All the men say they are Arabs and enemies of the Sultan.

### HOSTILE FLEETS MAY MEET AGAIN SOON

Valparaiso, Nov. 18.—The Japanese fleet, reported to have been seen off the Chilean coast appears now to have been the German Squadron which is cruising near Valparaiso. The report that Japanese warships had been seen near Punta Carranza was denied officially.

German naval officers deny that another action besides the battle which occurred between the German and British warships on November 1 has taken place off Chile. It is expected here, however, that the British and German fleets may meet at any moment in another engagement.

The taking on of provisions by the German cruisers Leipsig and Dresden, which steamed into Valparaiso harbor was delayed for a short time because of a protest made by British officials to the Chilean government. The German minister made satisfactory arrangements with the government and the warships continued to replenish their supplies.

The Chilean steamers Valdivia and Chilce thus far have been unsuccessful in their search for the wrecks of the British cruisers Monmouth and Good Hope, or for survivors from these warships. The Valdivia and Chilce, however, will leave again for another extensive search.

### THE RIVER SCHELDT.

For centuries the free navigation of the Scheldt, which, through the recent occupation of Antwerp by the German army, has assumed for the moment a position of great importance, has been a subject of international dispute and of international agreements. In the last half-century the position has perhaps been clearer than at any earlier time; but even today there is considerable difference of opinion as to whether the control belongs solely to Holland or is divided equally between that country and Belgium.

The fact that prior to the outbreak of hostilities ships proceeding either up or down the river might take pilots of either country would seem to argue that the control was not vested solely in the Dutch; but Holland does not admit this interpretation, and when war broke out assumed sole rights to pilotage, ordered the Belgian lightships to harbor and took complete control of the waterway, at the same time declaring its and her neutrality. Belgium had at the time other things to think about than the raising of a troublesome question in international law with her neighbor, and accepted the Dutch instructions by removing her pilots and her lightships; but this acquiescence, no more than the Belgian consent to Holland fortifying Flushing a few years ago—which, of course, meant the fortifying of the Scheldt—settles the point of proprietorship.

### A KAISER STORY.

One of the most amusing stories of the Kaiser is again going the rounds. After some disagreement with the Reichstag his Imperial Majesty was sitting in a dejected attitude in the Imperial Palace. One of his courtiers, in an attempt to dispel the cloud resting on the royal brow, said: "Ah, sire, 'Uneasy lies the head that wears a crown,' as the immortal William said."

The Kaiser gazed at him questioning for a moment, and then asked, "When did I say that?"

### STREET NAMED SYDNEY.

Toronto Changes the Name of Wilhelm Avenue.

Toronto, Nov. 17.—"Wilhelm," as identified with the Kaiser, is not considered a suitable name for a Toronto street. Yesterday a citizen took down the nameplate on Wilhelm Avenue from the street and presented it to the street-naming committee, together with an emphatic protest. The committee recognized the validity of the objection and promptly changed the name of the street to Sydney Avenue, in honor of the Australian cruiser which disposed of the German warship Emden.

### DAVID KNEW THE KAISER WAS COMING

Some one has called attention to the following two verses of the 55th Psalm as peculiarly applicable to the German Kaiser at the present time: "He hath put forth his hands against such as he at peace with him; he hath broken his covenant." "The words of his mouth are smoother than butter, but war was in his heart; his words were softer than oil, yet were they drawn swords."

### FEW PRISONERS DIE.

London, Nov. 17.—In reply to the statement made by the Frankfurter Zeitung that forty-six German prisoners have died in England from pneumonia and typhoid fever, it is officially stated that there have been only five deaths among the prisoners. One death was accidental and the others were due to natural causes, the statement says. There has been no typhoid fever or pneumonia.

## A NEWSPAPER

for Prince Rupert and Northern B.C.

The Daily News goes into nearly every home in Prince Rupert. It is the popular newspaper of the city because it is clean and reliable. It has all the news of the city, and keeps in touch with events and topics interesting to Northern British Columbia. It treats these subjects with moderate optimism and reliability.

The Daily News is the most valuable paper to advertisers because it is read by the buying public. It has a bigger circulation than any other paper in the city. It is read by the class of people the advertisers want to talk to.

# The Housekeeper is Right

Sometimes a housekeeper requires a quick leavening agent, and finds she has no baking powder.

What does she do?

She raises her biscuit by a mixture of cream of tartar and soda, or soda and sour milk. She may not get the proportions quite right, but she knows her food is safe. But does she ever use a mixture of alum and soda? Was there ever a housekeeper who bought alum and soda to make a home made baking powder? Intuitively she feels it would be unsafe.

Then why use baking powder made from alum or the same mixture that the housekeeper would not dare to mix and use in her food?

Alum is alum, whether bought in the drug store or in baking powder.

## DR. PRICE'S CREAM BAKING POWDER

is made from pure cream of tartar and contains no alum, lime or phosphate. There is absolute safety in its use.

### ILLUMINATIONS PLANNED FOR PEAKS AT BANFF

searchlights May Be Installed on Mountain Tops at Mountain Resort.

Calgary, Alta., Nov. 18.—If suitable arrangements can be made in regard to the power the tops of the mountains in the vicinity of Banff will be illuminated by electric lights, searchlights will be installed at different places and Banff in the evening hours will be a veritable fairy kingdom of scintillating lights. The idea is to utilize the power which the government intends to exploit in the vicinity of the mountain resorts, generate electricity and establish a large electric lighting plant.

Commissioner Clarke has received authority from the government to make extensive improvements and it seems to be the intention of the authorities to convert Banff into one of the beauty spots of the world.

### MOOSE JAW EDITOR GRANTED A PATENT

Ottawa, Nov. 18.—E. J. McMillan, of the Moose Jaw News, has been granted a patent for a look-out mask for locomotives and mail cars. The object of the invention is protection for engineers and mail clerks in rough weather, and still afford them an open port of vision. It has been tested and adopted by the controller of railway mail service, and has successfully stood the severest test of the engineers of the board of railway commissioners.

### THE BRITISH SINK GERMAN SUBMARINES

London, Nov. 18.—"By the novel means of dredging the channel bottom with chains, to which were attached powerful explosives, it is believed that the German submarine which had been attempting daring raids in the vicinity of Dover has been blown up," says the Daily Telegraph.

"A heavy explosion under water and the appearance of oil on the surface, seems to bear this out. Naval men believe that the raider was hoarding her power by remaining on the channel bottom for lengthy periods.

"Another German submarine which has been particularly troublesome to the ships of the flotilla engaged in the bombardment of the Belgian coast also is reported to have been sunk.

"There is no confirmation of the above."

### MORE THAN TWENTY THOUSAND TROOPS

Will Leave Canada When the Second Contingent Sails in January.

Ottawa, Nov. 18.—The second Canadian division will include 15,272 officers and men, 4,775 horses, 58 field and heavy guns and 16 machine guns. It has been expected that a certain amount of reinforcements would be sent along with the second contingent, but the request for two months' reinforcements for all infantry to go with the main body will mean that an extra six battalions, or 6,000 men, will be required besides the 15,272 officers and men. This will make a force of 21,000 to sail in January.

The two brigades of infantry will have 3,654 men. The nine field batteries of artillery and one heavy battery, with ammunition columns, etc., will have 3,379 men, 3,117 horses and 58 guns. Two field companies of engineers will have 474 men and 160 horses, while there will be 200 men in the cyclist unit and 171 men with 80 horses in the signal corps. The divisional train of four companies of the Army Service Corps will have 451 men and 378 horses. The medical service will include three field ambulances with 726 men and 178 horses.

The above sections are now being mobilized at the different divisional centers. In addition, four regiments of mounted infantry are mobilizing though they do not form part of the second army division. Mobilization has not yet begun of certain parts of the second contingent, including the line of communication, which will require 464 men for the divisional ammunition parks; 289 men and 358 horses for reserve, 92 men for field bakery, 265 for supply columns, 20 men for field butchery, 61 for railway supply detachments and 26 for depot units of supply.
