VOL. V., NO. 282. PRINCE RUPERT, B. C., SATURDAY, DECEMBER 5, 1914. PRICE FIVE CENTS

GERMAN ARMY WAS OVERPOWERED BY RUSSIANS

NINETY PER CENT GERMAN OFFICERS WERE KILLED—ALLIES HOLDING THEIR OWN IN FRANCE

FIGHT WAS AWFUL BUTCHERY— GERMANS MEET GREAT DEFEAT

GERMAN FORCES SURROUNDED BY RUSSIANS BUT CUT WAY THROUGH AFTER LOSING NINETY PER CENT OF OFFICERS AND LARGE NUMBER OF MEN.

(Special to The Daily News.)
 Petrograd, Dec. 5.—The bloodiest and most pitiless fight of the war is said to have occurred in the southeast of Lodz, where the heavy German forces which had penetrated to Tuszyn were surrounded and obliged to fight their way back to the main body. The Russians essayed counter attack after counter attack to prevent the junction, but the Germans cut a passage at the bayonet point for fifteen miles. Ninety per cent of the German officers were put out of action. Many regiments had less than a hundred men left. The fighting lasted for thirty-six hours. The Germans fell in rows but their comrades pushed on. Fighting east of Warta at the line indicates that the Germans are heavily reinforced.

December 3, some fierce fighting occurred on the line from Glownoh to Lowiz and also on the western roads between Lodz and Piotrkow. On the other fronts there is no essential modification. Up to December 3 in the Caucasus there was no important fighting. The Bourse Gazette states that the battle which has been raging around Lodz has ended in the gigantic success of the Russian army. Great numbers of German prisoners and numerous guns have been brought to Lodz. Dispatches are received which state that the battles fought between November 30 and December 2 were the most desperate of the whole campaign. During the same period fierce fighting has occurred in Galicia. The Russian troops succeeded in taking 1,015 prisoners and eight guns, besides a large quantity of wagons loaded with equipment.

THE BRITISH MONITOR'S LONG RANGE GUN.—The 6-inch quick, the heaviest weapon carried aboard the monitors, which have done considerable damage in shelling the Germans positions from the sea coast. The gun can fire ten aimed shots a minute and discharges a 100-pound projectile with force at close range sufficient to pierce two feet of solid iron.

ALLIES DOING WELL IN WEST— RENEW ATTACK ON ALSACE

RHEIMS IS AGAIN FIERCELY BOMBARDED — FRENCH ARTILLERY DOES EXCELLENT WORK AGAINST GERMAN'S STRONG POSITIONS.

(Special to The Daily News.)
 Paris, Dec. 5.—(Official.)—The French troops have made perceptible progress north of Lys. A contest was very hotly waged in the Argonne. All counter attacks were repulsed. Rheims was again bombarded with great severity. The French artillery was successful against the German earth positions. Berne, Dec. 5.—A serious engagement was begun yesterday in Alsace. Many signs pointed to a renewal of activity on the part of the French against Altkirch and

Meulhausen which apparently culminated in the battle now progressing, which is of greater magnitude than any yet fought. On the French right a minor engagement had occurred, apparently by arrangement. The French steadily improved their positions and captured a number of strategic points on the wide front from which they are moving forward. The Germans had evidently anticipated the attack for reinforcements arrived in the last eight days.

BOARD OF TRADE.

The Board of Trade held its regular meeting last night. The report of the commission for the month was read, showing that all Board's bill were paid. A number of members were suspended for non-payment of dues. The monthly luncheons will be continued. Several of the members spoke in high terms of their advantage. Another will be held before Xmas. The commission, Mr. F. S. Wright suggested that funds for next year might be raised by publishing a bi-monthly paper. It was shown that this was entering into a competitive field and it would have to be supported by advertising. It was decided to have this over for the new officers.

SOCIAL EVENING IN PRESBYTERIAN HALL

The Ladies' Aid of the Presbyterian Church scored a distinct success in the social they held last night in the Presbyterian Hall. Alterations recently made to the hall have enlarged the seating space considerably, but it was none too big to hold the crowd which packed it to the very doors last night. The program was an excellent one, and was enjoyed to the full by the large audience present. Mr. F. H. Mobley presided. The program was as follows:
 Overture
 Mrs. Anderson and Messrs. Lee, McKay and Miller.
 Song, "Good-Bye".....Mr. Fletcher
 Sketch, "An Old-Time Ladies' Aid Business Meeting"
 Mesdames McLean, Parkin, Wearmouth, Munro, Allen, Duncan, Patterson, Freeman, Reddie, Klower, Oakley and Kirkpatrick; Misses Stewart, Freeman, Scott, Garton and Irwin.
 Address Rev. Mr. Grant
 Song Miss Freeman
 Reading Mrs. Paterson
 Reading Miss Muriel Paterson
 The sketch was a particularly good one, and fairly ruffled with fun from start to finish. The quaint costumes worn by most of the ladies taking part in it showed much ingenuity and thought in their preparation, and the excellent manner in which each of the performers rendered her part made the whole affair a most pronounced success. At the close of the program refreshments were served, and a most enjoyable evening was brought to a close.

ANGLICAN BAZAAR HAD GOOD SUCCESS

The Anglican Bazaar held in the church on Thursday afternoon and evening was a very successful affair, the various booths presenting a very attractive appearance. The receipts amounted to a little over \$300. One attractive feature was a splendid exhibit of South African rifles under the charge of Mr. Fuller, who gave an interesting description of each one. The following is a list of ladies who worked hard to make the affair a success:
 Fancy Work—Mrs. Hart, convenor, assisted by Mrs. Shockey, Mrs. La Trave, Mrs. Bomer and Miss Boston.
 Home Cooking—Miss West, convenor, assisted by Miss Davies, Mrs. Collison and Mrs. McCoskie.
 Candy—Girl's Auxiliary under Miss Du Vernet and Mrs. Hommel.
 Flower Stall—Mrs. Holland, convenor, assisted by Mrs. Bassett-Jones and Mrs. Riley.
 Junior League Stall—In charge of Mrs. Jennings, assisted by the young people.
 Tea Room—Mrs. Cambie, convenor, assisted by Mrs. Craig, Mrs. Gilmore and members of the Girl's Auxiliary. Mrs. Du Vernet poured tea and the tables were most attractively arranged.
 The kitchen was in charge of Mrs. Duncan, assisted by Mrs. Adams, Mrs. Weight and Mrs. Sinnott.
 Mrs. Rix and Mrs. Jenks welcomed the visitors and did much towards promoting a cordial atmosphere.

XMAS HOLIDAY FOR CANADIAN TROOPS

(Special to The Daily News.)
 London, Dec. 5.—All the Canadian soldiers at Salisbury Plains are to get leave at Christmas for a week, one-half of the force at a time. A large number of tents belonging to the brigade were blown down in a storm yesterday. The postoffice tent was demolished and \$1,000 in money orders was blown away.

NEUTRALITY RULES FOR PANAMA CANAL

(Special to The Daily News.)
 Vancouver, Dec. 4.—Rules governing the use of the Panama Canal by war vessels of belligerent nations are set forth in a proclamation issued by President Wilson, a copy of which has been received at the office of the local American consul-general. References had already been made in dispatches as to the general nature of the recently promulgated regulations. The attitude of the United States is explained in a section in which it states that the government will extend the same treatment to all warships, both belligerent and neutral. The rules do not apply to hospital ships. A written assurance is required from the commanding officers of all boats agreeing to comply with the regulations, and to regard the authority of the canal officials as absolute. Only such stores, fuel and supplies as are strictly necessary are to be taken on in the canal zone, and passage is to be effected with the greatest possible despatch. In the event of two or more boats of the nations at war negotiating the canal at the same time or within a few hours of each other, a period of twenty-four hours must be allowed to elapse between the time of leaving of the opposing vessels. This point will be determined by the United States officials in charge. Only six hostile war vessels will be permitted to be in the territorial waters at the same time. The order of departure is the same as the order of arrival. The repair facilities and docks belonging to the United States cannot be used except in case of actual distress. One of the rules applies to aircraft. Flying machines of any of the belligerent powers are forbidden to descend or arise within the jurisdiction of the canal territory, or to pass through the air spaces above the lands and waters of the canal. The change in the registry law has given the United States seventy-four more ships. It is impossible at present to estimate the number of international complications.—St. Louis Globe Democrat.

WILL THEY HURRY.

Prince Rupert has reached the crisis in her history. Hereafter she must become self-supporting and the only way in which that can be done is by the development of her natural industry, the fish business. A suitable dock and anchorage for the small fishermen must be supplied. It would be suicidal for the government to continue their inaction of the past. From a selfish point of view they should encourage the formation of a city here. Money spent in furnishing quarters for the fishermen would be a paying investment, and it would be a tremendous assist to Prince Rupert. The trouble with government assistance, however, is that it takes years to move them. If Col. Thompson can formulate a scheme whereby immediate assistance can be rendered he would deserve a monument on Market Square. Mr. Morrow put it neatly when he said that what was coming in ten years was no good. We might all be dead. Going out of business—my entire stock of millinery at cost. Miss L. M. Krister. 280-282.

NEWSPAPERS IN COLO.
 Few cities realize the value of their daily press. Most people think they are entirely a money-making scheme, and forget how they serve the city every day without a fee. The following illustrates: A list is published here with of those who contribute to the Society Circus, from the boy who dusted the policeman's boots up, up to the organizer of the scheme, including nearly all the local merchants. The papers of this city gave pages of free advertising to it and received no acknowledgment. The point is not that they want this but that the people do not appreciate their services. If the papers could withdraw from the city like the Plebians of ancient Rome perhaps business men would realize their value. Publicity is a newspaper's stock in trade and costs money. Do you help your paper as you should?

The statement was made by Colonel Thompson that it was the greed of the competitors that made the price of waterfront lots so high. This is of course true. An auction sale always works up the excitement of the crowd and people pay far more than they would in a sober moment. The strange part, however, is that this is the method of disposing of lands that appeals to the provincial government. When there are good jobs or contracts to give away the government is not so anxious to give everybody a chance. The fact is that the Provincial Government is not at all concerned about giving everybody a chance to buy. What they want is to get the money and in the past few years employed the basest tactics of the worst kind of real estate speculators in squeezing the last sou out of the people.

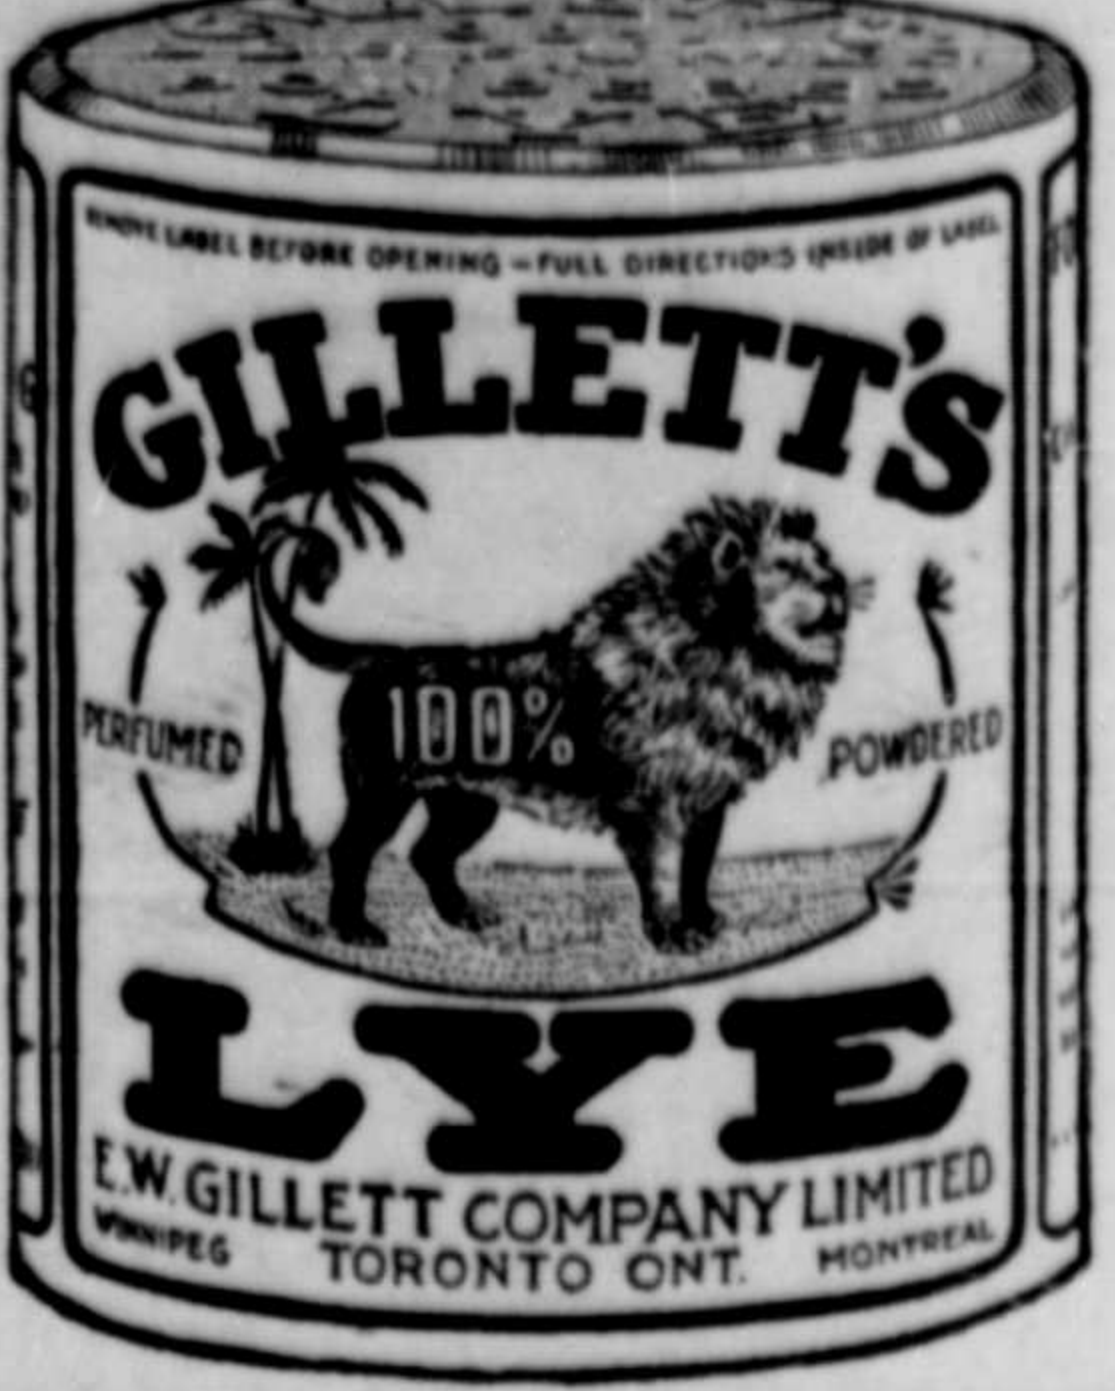

A far better way of disposing of government property is by lot after a fair price was arranged. This is the way the Dominion government gives out its pre-emptions. There are even local cases of buying property by "private sale" when all that is required is to advertise the fact for thirty days, in order to see that there are no prior claims. This method, however, has never been used with regard to city

property for the good reason that the government was in the real estate business and worked it to a finish. It is about time the government took up its proper function of protecting the people instead of exploiting them.

In the first place the waterfront of this city should have been preserved for the city's use. We heard high sounding phrases from government officials in the early days about making this a model city with all its franchises and privileges intact. We have learned by bitter experiences how much that meant. We are now finding out what a miserable fix the government has placed us in by tying up all our waterfront. If even the part that the government retained was turned over to the city it would not be so bad. There is no more reason for the government to control our waterfront "for the benefit of the province" than that they should control our franchises. Every modern city owns its own waterfront, and the time will have to come when Prince Rupert will at least secure a portion of it. A change of government would soon accomplish this.

In asking the government to supply a suitable dock for the small fishermen this city is not

GILLETT'S LYE EATS DIRT

asking for undue favors. Far more money has been taken out of this city and the north than has ever been put back into it. From the sale of lots the government has derived an enormous revenue which it has employed in building up the southern part of the province. The small amount now required for this dock would only be "a drop out of the bucket." It is to be hoped that the "pull" of the south will not prevent this very needful expenditure.

EMDEN HAD DESIGNS ON ANTIPODES CONTINGENT

Melbourne, Dec. 4.—The information made public today by Hon. George Pearce, Minister of Militia, indicates that when run down the German cruiser Emden was planning the most daring and destructive of her many adventures. At the time transports bearing the Australian and New Zealand contingents were less than a hundred miles away.

NOT UNSPEAKABLE.

While the report that Turks have plotted to assassinate the Hon. Sam Hughes is denied it looks plausible. The Turk is, as is well known, unspeakable, whereas the Hon. Sam is not unspeakable at all. In fact, he's very much the contrary.—Toronto Star.

COMMITTEE REPORT ON SOCIETY CIRCUS

Prince Rupert, Dec. 5, 1914. In submitting its report and final winding up of the affairs of the Society Circus, the executive committee feels that proper acknowledgment should be publicly made of those societies and individuals who so willingly and energetically labored to make it a success. The committee is able to obtain only a partial list of the many persons whose assistance was given, and now expresses its gratitude and thanks to those whose names are not listed as well as the following:

NEW KHEDIVE FOR EGYPT.

Rome, Dec. 4.—The Giornale d'Italia says that Britain is preparing to give Egypt a new Khedive in the person of Hussein Kemal, son of Ismail Pasha, Khedive from 1865 to 1879, and uncle of the present Khedive. The newspaper also states that Germany is playing the game once played with the country by Napoleon, and that the natives are now a sort of a volcano from which anything may be expected.

AUSTRIA AND GERMANY ARE GROWING APART

There is nothing improbable in the report that Austrian and German troops have been conducting a small private war of their own in southern Poland. There has been bad blood between the Austrian commanders and the German staff for some time. The Austrians have seen with bitterness that they were chosen to form the rear guard when the Russians were driving the Germanic forces back a month ago, and lost far more men than the German corps. They have seen Galicia overrun to the gates of Cracow, while instead of seriously aiding in its defence the Germans have insisted upon receiving help for a second invasion of Poland. They know that in the western scene of operations also the Austrian troops sent to aid the Germans have been put in the forefront of the battle when desperate fighting was expected. A single list of casualties published in Vienna showed that over 800 of Hungary's finest horsemen, representing the noblest families of the kingdom had been killed or wounded in Flanders when they were exposed to the fire of the British warships. The people of Austria and Hungary are no longer under any illusions as to the situation. Territory of the Empire containing almost 9,000,000 people is now in Russian hands, and the last line of the Landsturm is being called to the colors, so great has been war's wastage. On December 4 all male teachers were compelled to report for service and the schools will be closed. Knowing all these things, the Austrians are embittered against the allies who hurled them into a venture that seems likely to result in the breaking up of the Empire.

Royal Standard The Home Industry Flour

Over a hundred families in this province are supported by the British Columbia industry of making Royal Standard Flour. If YOU use Royal Standard Flour you are helping to maintain that payroll in British Columbia. Also if you use Royal Standard Flour you know there is NO BETTER flour made. So you know you are not only getting good flour, but you are helping to keep over a hundred men in employment. That means a hundred less applicants for the job your husband may need soon.

The more Royal Standard Flour that is consumed in British Columbia the easier it will be for your husband to hold his job or to get another.

Every dollar you spend for British Columbia products is a dollar contributed to a patriotic fund—the one that keeps industry going at home.

Of course if Royal Standard Flour were not as good as other flours we would have no right to ask you to buy it on any grounds, but we know it is good and it is a home industry.

THE BLOOD IS THE STREAM OF LIFE

Pure Blood Is Absolutely Necessary To Health

"FRUIT-A-TIVES" PURIFIES

These Wonderful Tablets, Made of Fruit Juices, Are The Best Of All Tonics To Purify And Enrich The Blood.

Pure, rich blood can flow only in a clean body. Now, a clean body is one in which the waste matter is regularly and naturally eliminated from the system. The blood cannot be pure when the skin action is weak, when the stomach does not digest the food properly, when the bowels do not move regularly, when the kidneys are strained or overworked.

Pure blood is the result of perfect health and harmony of stomach, liver, bowels, kidneys and skin.

"Fruit-a-tives", by their wonderful action on all these organs, keeps the whole system as clean as Nature intended our bodies to be clean.

"Fruit-a-tives" tones up, invigorates, strengthens, purifies, cleans and gives pure, rich, clean blood that is, in truth, the stream of life.

"Fruit-a-tives" is sold by all dealers at 50c a box, 6 for \$2.50 trial size 25c. Sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

PRISONERS OF WAR TO IMPROVE PARKS

Ottawa, Dec. 3.—Alien enemies of England will have to saw wood in Canada this winter to pay their board. The Ottawa government some time ago asked both the Ontario and the Quebec governments to designate timbered areas upon the clearing of which aliens held as prisoners of war could be employed.

It is understood that the Quebec government has set aside a considerable area in the Abitibi region to be cleared up and turned into good farms. Ontario has not yet replied.

In Western Canada, the Federal government will set prisoners of war at work improving Dominion parks.

Germans and Austrians thereby will be enabled to work out their anti-British spleen upon good, tough Canadian stumps.

It is figured that they will earn their board, improve their health, promote public safety and improve the land.

THIEVING NEWS AGENCIES TRAPPED BY ASSOCIATED PRESS

TELEGRAPH OPERATOR HAD BEEN GIVING AWAY THE NEWS AND TRAP WAS LAID FOR HIM WITH EXCELLENT RESULTS IN NEW YORK.

New York, Dec. 5.—H. L. Linder, a telegraph operator in the employ of the Postal Telegraph Company and attached to the office of the New York Globe, was arrested, charged with violating Section 552 of the penal law, in that he revealed the contents of a telegraphic message sent out by the Associated Press.

For a long time it has been evident that the dispatches of the Associated Press were being systematically stolen and were re-distributed by a number of smaller agencies to their clients. A careful watch was set upon the business and suspicion pointed to a certain man employed in the office of The Globe, a New York evening paper, as the guilty person. The case was considered by the executive committee of the Associated Press directors at a recent meeting and a plan to detect the culprits and bring them to justice was adopted. For the purpose of transmitting the most important news in bulletins, wires connect the central office of the organization at 51 Chamber Street, with the editorial rooms of the various members in New York.

Bulletins Copied.

In the office of The Globe the bulletins were copied surreptitiously by H. L. Linder, a telegraph operator employed by the Postal Telegraph Company, and repeated to the New York Bureau, a Wall Street concern. Frequently within two or three minutes after their receipt in the office of The Globe, they appeared on the New's Bureau's ticker and in the report of International News Service, the Central News of America, and other minor organizations.

For the purpose of trapping the wire tappers the following dispatch was prepared:

"Petrograd, Nov. 4.—The Russian dreadnought Fliba, formerly the Ismail, striking a mine in the Gulf of Finland, is a complete loss with 450 lives.

"The Ismail was one of four Baltic dreadnoughts laid down at the Kronstadt yards in 1912. She had a displacement of 28,000 tons and carried nine 14-inch guns and twenty 5-inch."

Papers Are Trapped.

The short bulletin wire to The Globe office was detached from the circuit, which included the other New York evening members of the Associated Press, so that the message should go to The Globe alone. As anticipated, the dispatch instantly appeared on the ticker and not long after was printed in the papers served by other news agencies throughout the country. As soon as this was done, and before it appeared in any issue of The Globe, a notice to "kill" was sent out and the telegram there at no time reached the public as from the Associated Press.

The word "Fliba" was cryptic. Substituting for the initial consonant the consonant following it in the alphabet, and for the two vowels the vowels following in the alphabet, "Fliba" became "Globe." Thus the culprits were left no chance to escape. The telegram was identified beyond question and the operator was given no chance to escape. He was arrested and made a full confession, being arraigned before Magistrate F. B. House and held in \$5,000 bail for his hearing on December 14.

Probing News Bureau.

In order to observe the methods of the New York News Bureau a trusted Pinkerton operator was employed and established himself as an investment banker, "Mr. R. D. Smith," at an office at 336 Broadway. He fitted his office carefully with a safe and appropriate furniture, and installed one

of the New York News Bureau tickers. Employees of the Associated Press were assigned to watch the ticker with great care and to time each dispatch. During a period covering several weeks it was observed that the dispatches of the Associated Press were constantly repeated on the ticker within five to ten minutes after they were sent out by the Associated Press. The New York News Bureau is not a member of the Associated Press and is not entitled to its service.

RIGHT TO THE POINT.

There was a certain wealthy lady whose servant became afflicted with eye trouble. She forthwith sent the servant to one of our leading oculists. The doctor, when asked for his bill, replied: "Five dollars"—she having made in all five visits to his office, at the end of which time she was pronounced cured. A few days later the lady herself had the same condition develop, and at once consulted the same oculist. She made the same number of visits to the doctor as her servant; whereupon she, too, was cured. On the first of the month following, the doctor sent in his bill for fifty dollars, upon receipt of which the lady hastened to his office and demanded satisfaction; why, under exactly similar circumstances, her servant should be charged five dollars, and she herself fifty; that it was outrageous, etc. The doctor's office was filled with patients, who were greatly amused, apparently, at his expense. However, he had an expedient; and, turning, in his mild-mannered tone, he said, "Five dollars, madam." Turning to the cashier, he said, "Cashier, place Mrs. So-and-so in the pauper list." The lady, finding herself caught in her own trap, had slyly left the doctor's office.—Ex.

Drops a Bomb on Ammunition Train Behind German Lines Causing It to Blow Up.

London, Dec. 4.—A dispatch to the Daily Chronicle from a correspondent in Northern France says: "Wednesday about noon a tremendous explosion was heard and felt for miles along the allies' line. The source of the explosion apparently was behind the German lines. Later it was learned that a British naval aviator had dropped a bomb squarely on a German ammunition train, which blew up."

EXCELLENT REPLY TO MAIL ORDER HOUSE

A physician received a personal letter from a large mail order house. It was a well written appeal, and closed by saying: "If there is any reason why you do not buy of us, please give us your reasons in the enclosed, stamped envelope, and we will strive to remove the cause." The physician answered as follows:

"Your letter of recent date asking why I had not traded with you for a long time received, and as you ask me to tell you frankly why, I will give you a few reasons.

"First—I am in business in this community and am looking to this community with its varied industries for my support. I cannot ask the merchants of this town for their support if I do not give them mine.

"Second—In looking over my books I fail to find any of your company's names, which reminds me that none of these gentlemen have ever given me a penny's patronage. Why is this? Am I too far away, or have neither of them needed a physician, or are they afraid of the mail order plan when it comes to the practice of medicine? I can certainly give as good satisfaction by mail as your house can, and will appreciate a call from either of them when in need of medical service.

"Third—In looking over the subscription lists for improving our streets and public highways, I have failed to find the name of either member of your firm down for one penny to assist in the work. Also I have failed to find your name on any of the charity lists where help has been rendered to our poor; in other words, you are not down as a contributor to our 'Helping Hand Society.' In fact, in all the movements for the betterment of our conditions, where our community has needed the united efforts of her public-spirited citizens, I have failed to find your name among the list of contributing merchants. Your name is not on our city tax books, nor do I find where you have paid a city license to do a mercantile business in competition with our home merchants.

"These are a few answers to your questions, and I trust you will see the justice of them."

WOULD AVOID ELECTION
And Give Cost of County Council Campaign to the Fund

Barrie, Ont., Dec. 4.—At the November sessions of the County Council a move was made to have all the municipal elections of the entire county by acclamation and devote the money saved to the Patriotic Fund. It is estimated that \$3,000 will be saved.

The Council proposes to contribute \$50,000 to the Patriotic Fund, as well as a donation to the Belgian Relief Fund.

MEMBERS OF COMMONS WILL FOREGO SALARIES

Resolution to Be Introduced in London Expresses Generous Sentiment.

London, Dec. 5.—J. F. P. Rawlinson, Unionist member of Parliament from Cambridge University, has given notice of his intention to move in the House of Commons a resolution providing that the salaries of members of Parliament be discontinued, while the salaries of ministers are to be reduced to the basis of those given in 1906. The resolution recites that this action is taken in view of the drain on the finances of the country.

Members of Parliament get a salary of \$2,000. Such payment was provided for in August, 1911, when a resolution to that effect, introduced by David Lloyd George, the Chancellor of the Exchequer, was adopted. Previously members had served without pay.

The salaries of members of the Cabinet range from 2,000 to 10,000 pounds. The latter sum is paid to the Lord Chancellor. The Premier and the Lord of the Privy Seal serve without pay.

COURT OF REVISION, VOTERS' LIST, 1915.

TAKE NOTICE that the Court of Revision to correct and revise the Voters' List for the year 1915 will be held in the City Hall at 2:30 p. m., December 10, 1914, and that the said court consists of Mayor Newton and Aldermen Dybbavn and McClumont.

Any person having any complaint as to names being improperly placed on said list or improperly omitted therefrom should attend at said Court and lay his complaint.

ERNEST A. WOODS,
 278-82 City Clerk.

GEORGE T. KANE VS. BROUGHTON-M'NEILL

Suit Was for \$5,000 Damages and the Court Gave Him One Hundred Dollars.

The little dispute which has been stirring the metropolis of Aldermere to its depths for the last six months was compromised in court yesterday.

The principal bones of contention seem to have been found on a garbage pile which during Mr. Kane's absentee-landlordship accumulated on his property; suspiciously close to the hotel and stables of the defendants.

Mr. Kane, in August, 1904, filed his scrip under the South African War Land Act on the quarter section immediately south of Aldermere.

The land was Crown granted in 1905 and from that time until June this year was left to look after itself.

Six months ago Mr. Kane took a trip to have a look at his ranch and being something of a surveyor decided to explore the property and draw a map of it. As a preliminary he dropped into Mr. Thorp's real estate office at Aldermere to find the lay of the land.

Mr. Thorp pointed out the southern boundary of the town-site, and working from this Mr. Kane discovered survey posts on his own northern boundary and slashed the line.

He was surprised to find quite a number of buildings on his property and on making inquiries found that they belonged to Messrs. Broughton & McNeill, the proprietors of Aldermere Hotel. McNeill had taken advantage of the natural conditions and installed a pumping plant on Kane's land to supply the town with wa-

ter. The other buildings he had purchased from time to time to house his help.

When Kane took the matter up with McNeill the latter was inclined to pooh-pooh his rights and finally told the plaintiff to do what he liked—he didn't own the land and couldn't make him move his buildings.

The plaintiff retaliated by taking out an injunction restraining the defendants from trespassing on his land, and locked up the pump house.

McNeill came to Prince Rupert and had the injunction withdrawn with respect to the pumping plant.

In addition to the buildings, Mr. Kane found a tremendous garbage pile near the back of the hotel—all sorts of rubbish, from broken bottles and sardine tins to old clothes and baling wire. This, he claimed, practically ruined four acres. The broken glass would always be a menace to cattle.

A number of witnesses were called to prove the facts and various estimates of the value of the land were given—ranging from \$25 to \$100 an acre.

After listening to the evidence for two days, His Lordship finally made up his mind that the trouble was nothing but a neighborly quarrel. He interrupted Mr. Manson in his examination of his first witness, Mr. McNeill, with: "I don't see what you people have to fight about. Why don't you take your machinery and give Kane his land and \$100 to clean up the garbage pile, and let the witnesses get home on the train tomorrow?"

Mr. Manson said that was just what he wanted.

Mr. Patmore, for the plaintiff, said they were willing to give up the machinery but didn't want the defendants trespassing further on
