

# THE TURKS RECEIVE ANOTHER CRUSHING DEFEAT

## FRENCH HAMMERING AWAY AT GERMAN LINES—GOVT. MAY TAKE OVER MERCANTILE MARINE

### CRUSHING DEFEAT FOR TURKS—RUSSIANS CONTINUE PURSUIT

THE BATTLE WAS FOUGHT DURING FIERCE SNOWSTORM—TURKS WERE OUTFLANKED AND WERE COMPELLED TO FLEE IN DISORDER.

(Special to The Daily News.)

Erzerum, Jan. 18.—An official communication from the General Staff gives details of a Russian victory over the Turks at Karabagh. During the last three days of battle a snowstorm raged unrelentingly. The valiant Caucasian and Turkestan regiments, as well as the Siberian Cossacks, were not to be denied a victory and the enemy was routed. The Turkish rearguard was destroyed and the remainder of the army, hard pressed on both flank and front, fled towards Erzerum. Unable to save their artillery, the Turks hurried their guns into the ravines, where they were found by the Russians. The pursuit continues.

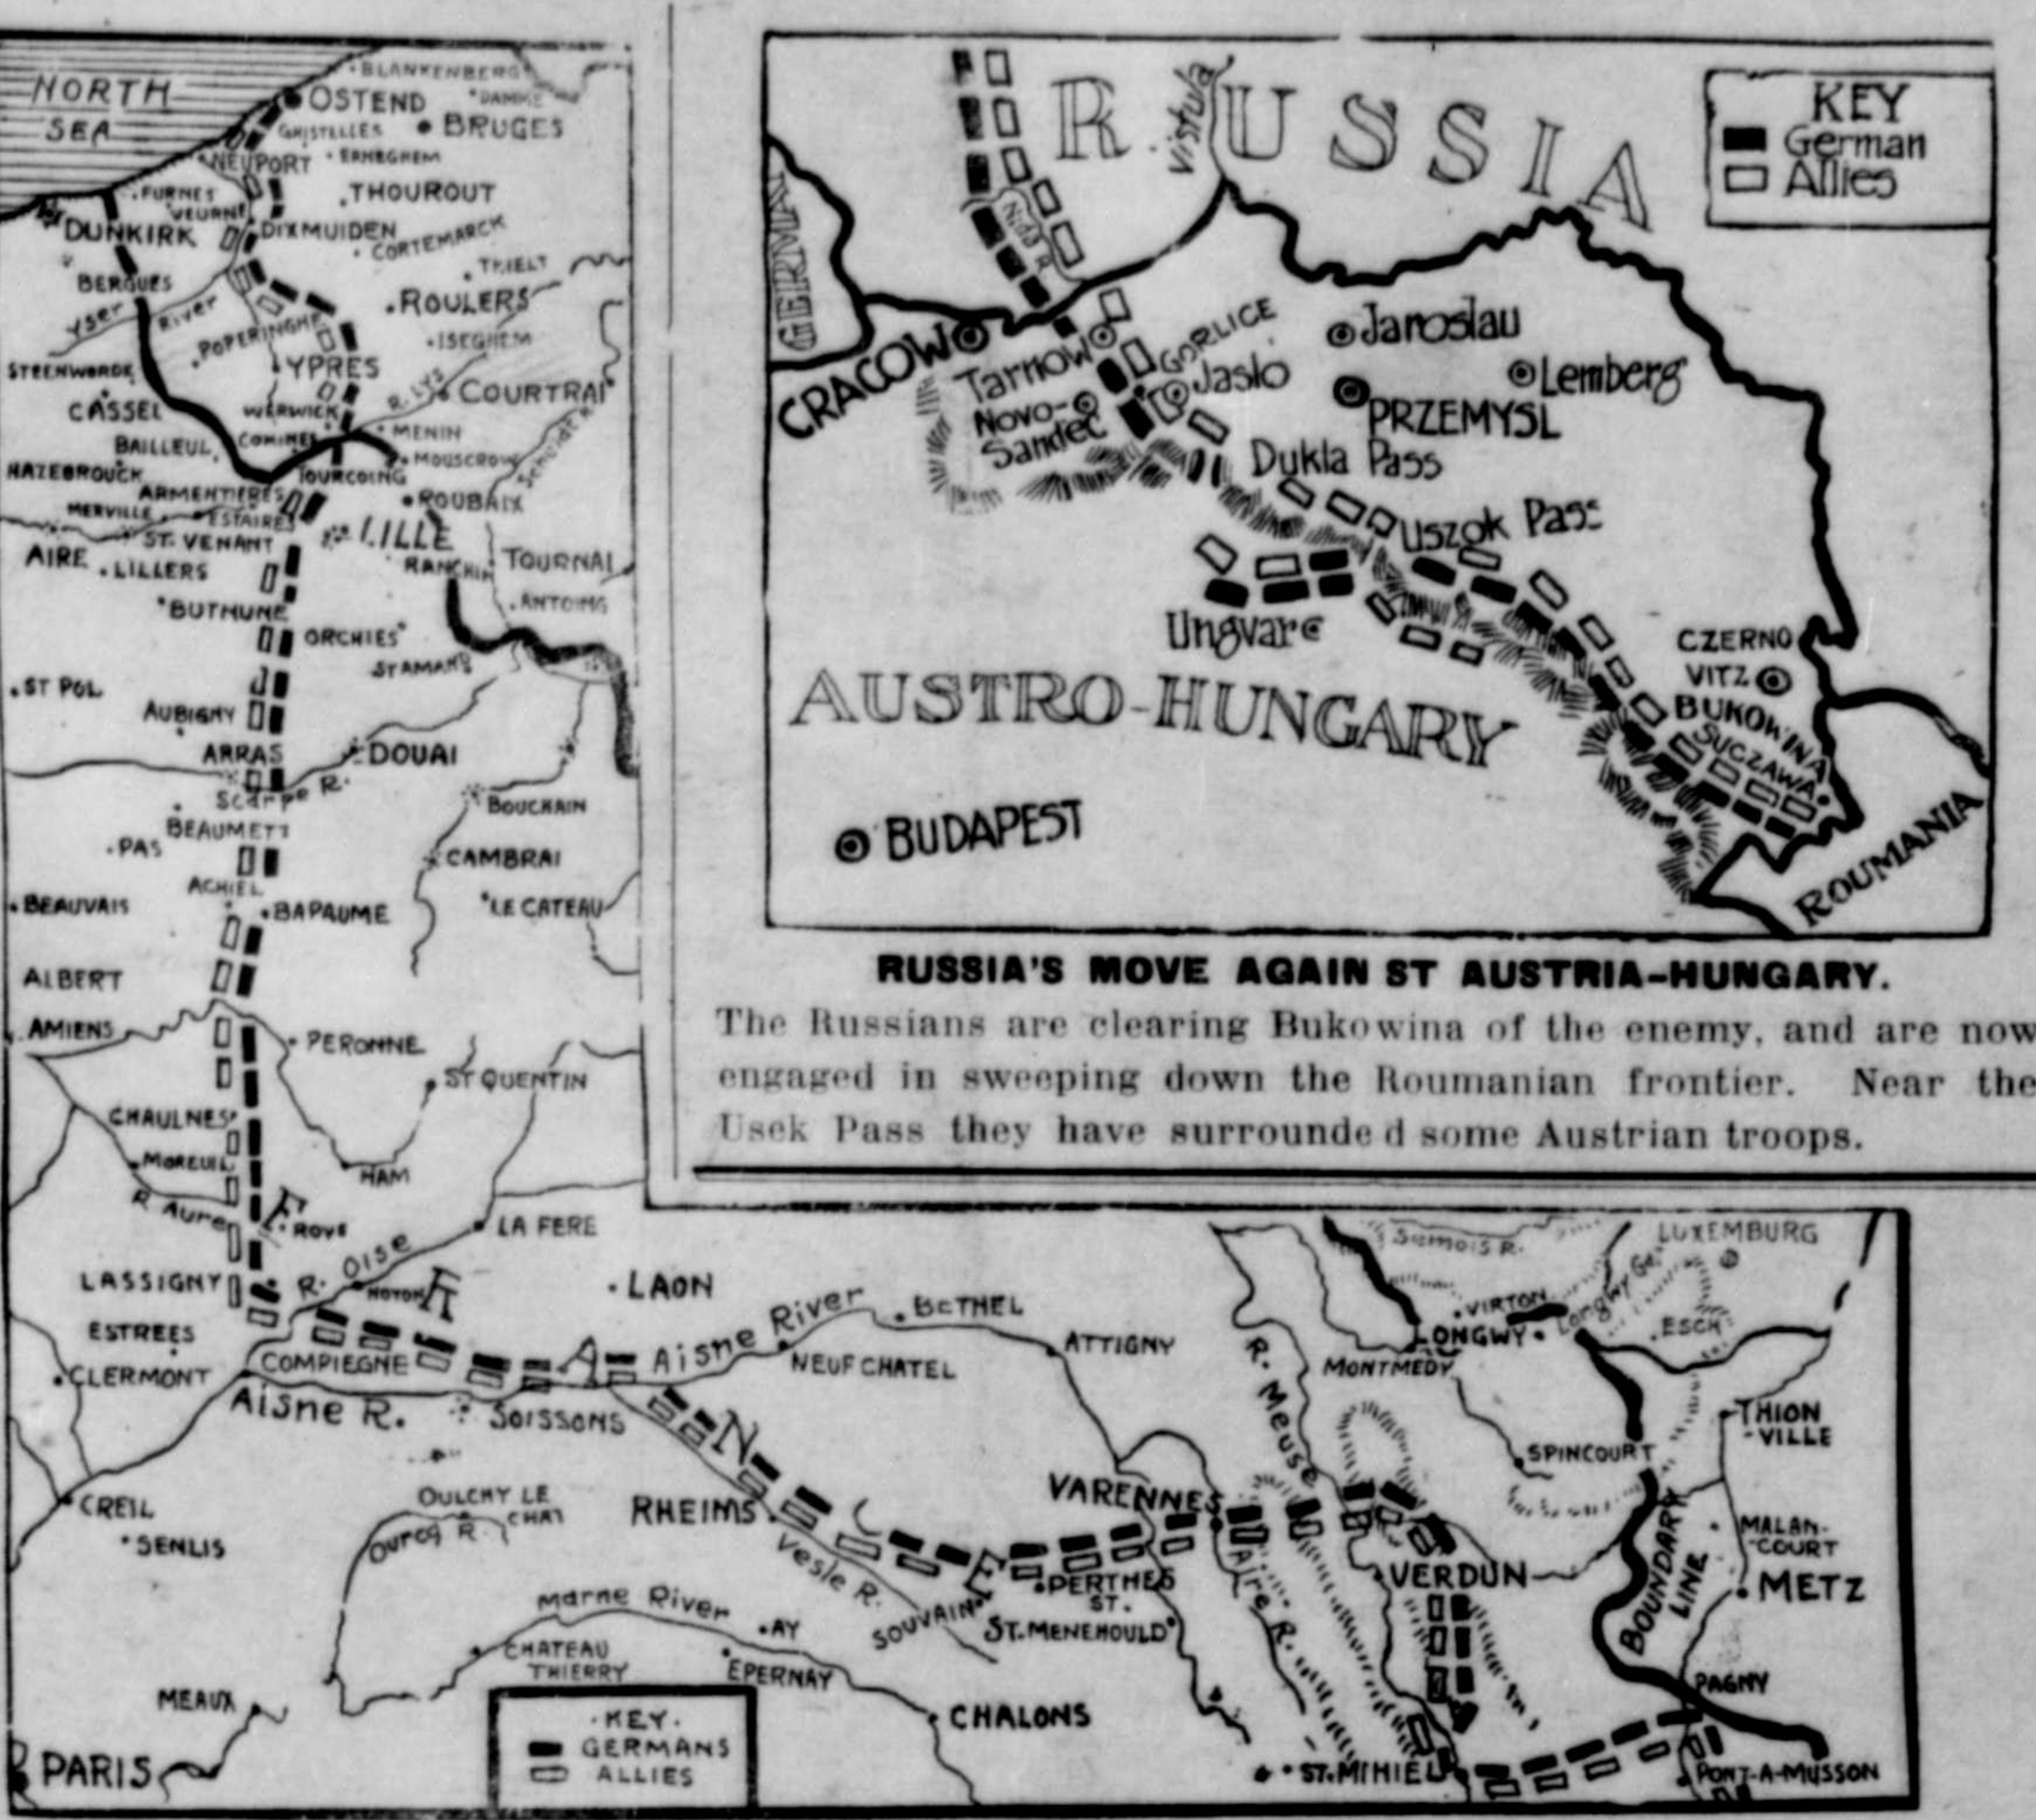

### SIGN THE PETITION! RE FISHING QUESTION

The following are the requests made in the petition which is now being circulated for signatures and some reasons why the petition should be granted, although there are many others. Let everybody sign:

The following are the concessions we desire granted:

1. That the fishing boats of American registry be allowed to sell or dispose of their cargoes of fish at a Western Canadian port of entry, to be held in bond and shipped via Canadian railways to a United States port of entry.
2. That fishing boats of American registry be allowed to enter any Western Canadian port of entry and purchase fresh, frozen, or salt herring, to be used for bait, and such other ship stores and supplies as may be necessary for a fishing trip.
3. We beg to submit the following reasons why our petition should be granted:
  1. That we have within a reasonable radius of Prince Rupert, the greatest supply of deep water food fish, the most important of which are halibut and cod.
  2. Prince Rupert, owing to its being the terminus of the Grand Trunk Pacific Railway, is in a far better position than any Pacific Coast city, to successfully handle this immense business.
  3. The development of the industry at Prince Rupert will not doubt be met by strong opposition from our American neighbors.
  4. The development of Prince Rupert as a great fishing point, of fish not only caught in Canadian but Alaskan waters, will benefit both Canadian and American fishermen.
  5. The harbor of Rupert and adjacent bays, in the proper season, are literally filled with herring, which is the natural bait for catching all sea fish, and Prince Rupert is in a position to supply Canadian and American fishermen with bait, at attractive prices, for the carrying out of the deep sea fisheries.
  6. If the American fishermen are allowed to come to Prince Rupert to purchase bait and dispose of their fish, the natural result would be that they would also buy the necessary supplies for a fishing trip.
  7. The greatest tangible asset Prince Rupert has is the fishing industry, and this asset is capable of extensive development which will add to our wealth and

the upbuilding of the entire country. We humbly pray that our petition be granted.

THE BATTLE LINE IN BELGIUM, FRANCE AND ALSACE. The map shows all the battlefronts except along the Vosges between Metz and Belfort. Between Metz and the Oise the Allies are making their main effort to cross the German communication lines. Near Vervennes and Perth the splendid progress has been made.

### GEN. SAM TELLS WHEN ALLIES WILL START

(Special to The Daily News.)

Winnipeg, Jan. 18.—General Hughes, in addressing the Canadian Club here today, said that when the roads get good in the spring a general advance on Berlin will begin. Great difficulties would be encountered but the Allies are confident of their cause and would push forward relentlessly.

### ENGAGEMENT OF "PATS" IS OFFICIALLY DENIED

(Special to The Daily News.)

London, Jan. 18.—The British official report states that an observer with General French's army denies that the British made any attack on La Bassee or captured a mile of trenches, as reported from St. Omer. This was the attack in which it was alleged that the Princess Pats participated.

### NEUTRAL COUNTRIES REPORTED WORKING ON PEACE MOVEMENT

London, Jan. 18.—A dispatch to the Daily News from Copenhagen says: "The Nieu Freie Presse of Vienna publishes a statement that the Queen of Holland, the Grand Duke of Luxembourg, and the President of Switzerland, under the guidance of President Wilson, are working for peace, and that all the monarchs of neutral countries have been invited to join in a peace movement."

Somewhat or other it is always easier to make a mistake than to own up to it.

### NO PROHIBITION FOR DISTRICT OF COLUMBIA

(Special to The Daily News.)

Washington, D. C., Jan. 18.—By a straight majority vote the Senate defeated a motion permitting the consideration of prohibition for the District of Columbia in connection with the District's appropriation bill. The debate had lasted five days.

### GOVT. MAY TAKE OVER MERCANTILE MARINE

(Special to The Daily News.)

London, Jan. 18.—The ship-owners are blamed for a rise of 19 per cent in the cost of food since August, and the government is strongly urged to take over the mercantile marine, in the same way it did the railways at the outbreak of the war.

The early opening of the Panama-Pacific International Exposition is a magnet that is drawing thousands of unemployed to San Francisco. For a thousand vacancies there have been ten thousand applications. Women, looking for positions, are especially warned to keep away. Between 15,000 and 20,000 unemployed women stenographers and office assistants are reported in need.

The French captured the German field works in part of the forest of Le Pretre, northwest of Pont a Mousson, which still remains in German hands.

There is a heavy snowfall in the Vosges.

What Berlin Says.

Berlin, Jan. 18.—The German official report says that at La Boisselle, northeast of Albert, the Germans drove the French from the trenches, capturing one hundred officers and men.

Several French trenches were captured in the Argonne, annihilating the enemy.

The French are attacking the German positions northwest of Pont a Mousson.

In Northern Poland, the Russian advance across the River Skrwia, near Radseanow, was repulsed.

Elsewhere it is quiet.

### HARSH TREATMENT FOR ALLIES PRISONERS

(Special to The Daily News.)

Youngest of Viviani's Boys Fell During Charge on August 22.

Paris, Jan. 16.—Premier and Madame Viviani have just received an official confirmation of the death of their youngest son on field of battle.

Young Viviani fell on August 22 at Cussigny. His body was found within a few yards of the German trenches. He was shot during a charge of his regiment, the 131st Infantry, in which he was a non-commissioned officer.

Madame Viviani recently visited the President of Switzerland and requested him to inquire of the German government for knowledge of her son's fate. So far as is known, the Germans had no information on the matter.

## LIBERAL ANNUAL MEETING

The annual general meeting of the Prince Rupert Liberal Association will be held at

### K. of P. Hall, Helgerson Block

ON

## Thursday, January 21st

Beginning at 8 o'clock

This will be a rousing meeting, and all Liberal supporters are cordially invited to be present.

SPEECHES, SONGS, AND SMOKES.

It would appear as if destiny had taken Germany in hand to work out a retribution that would be thorough and from which there could be no escape. If, when the war takes the turn that has been inevitable ever since the victorious rush towards Paris was stayed, and when great armies begin to enter Germany—if, at that time, any nation among the Allies was likely to be satisfied somewhat easily by capitulation on the part of Germany and by professions of penitence, that country would ordinarily have been Great Britain.

Nations at war with her always revile Britain, but in the day of defeat they always count on her magnanimity. When he fights John Bull fights hard, but when he has won he is ever ready to help his adversary to his feet, brush the dust from his clothes, hunt up his battered hat, put it on him, and as like as not take him home to dinner.

To put it in other words, there was the probability that, once Germany had been rendered harmless, had been driven out of France and out of Poland, once her navy had been so reduced as to be no longer a menace, then the British public would, accord-

the war they make, by dropping bombs into populous towns, by shelling undefended coast cities and killing British women and children, by sending their ships to dodge battle and perpetrate murders, by putting out drifting mines that destroy unarmed merchantmen. The heart of the British public is being hardened against the day of settlement. The British public is beginning to say what the Belgians and the French say: "The people of Germany do not know what war is. They have sent war into Denmark, into Austria, into France twice, and into Belgium. But they do not know what it is, and will not rightly abhor it until it has been brought home to them where they can see it as it is."

—Toronto Star.

After reporting the tilt between the Attorney General and the Chief Justice, the B. C. Federationist, the organ of organized labor in Vancouver, has the following to say:

"We cannot let the occasion pass without expressing one or two thoughts which arise after contemplating this little episode. First, this question of intoxication. As a purely relative and imaginary case, it seems to us that a judge drunk with booze while on the bench, would be likely to do far less injustice than an Attorney General drunk with power while in office. One might do injustice to one or two. The other, to one or two thousand. But, just by the way, it is not a question of justice, but of law, something very different, especially in British Columbia. As to some of the laws, they may be administered by the judiciary in perfect sobriety, but they bear every evidence of having been conceived by mental processes which that term would not describe. Mr. Bowser's whole trouble arises from the fact that while holding the office of Attorney General, he is still a partner in a leading firm of lawyers who, from time to time, may find themselves opposing counsel for the Attorney General's department. He may not take private advantage of his public office. But the point is that he should not be allowed to be in a position where anyone could say he might do so if he wished. He either ought to leave his private firm or his public office. As long as he sticks to both he will be open to suspicion. A lot of people whom he has never reported for being intoxicated while on duty are of that opinion."

**EXPECTS CANADA TO FOLLOW LEAD OF AUSTRALIA**

**Manchester Paper Says Dominion Is Likely to Adopt the System of Compulsory Service.**

London, Jan. 16.—Arthur Henderson, M. P., one of the soundest of the labor leaders and created a Privy Councillor at New Years, speaking at Manchester, said that if he had one desire above others it was that nothing should be done to disturb the magnificent spirit of unity prevailing in the country. He therefore regretted the disposition on the part of a section of the community to introduce the apple of discord in the agitation for conscription or compulsory service. The voluntary system was proving an unqualified success, he said.

The Manchester Dispatch, one of the most popular papers in the north, commenting on Mr. Henderson's remarks editorially, replies that the principle of national service was only publicly opposed by one of our eminent soldiers, namely, General Sir Ian Hamilton, who recanted his opinions last year during a visit to Australia, which convinced him of the advantages of a system of national service. The Dispatch adds: "Only the other day General Botha announced its adoption in South Africa, and Canada is expected shortly to follow suit." The Dispatch does not indicate its foundation for the latter statement, however.

**Aeroplanes Scared Nobody.**

It now seems very doubtful whether the presence of German aeroplanes over the Channel on Sunday was, after all, intended as a raid against England. In any case, nobody's nerves have been upset. London is, if possible, darker than ever. Such places as the Strand and Whitehall are as quiet at 10 o'clock at night as the main street of any country market town. Nevertheless the business of the theatres has picked up wonderfully, the people seemingly feeling more free to take amusement moderately now that it is apparent that the full force of the enemy's offensive has spent itself unavailingly. As for an air raid on London, everybody admits its possibility and even likelihood, but the story published to the effect that there have been many eager to rent spacious cellars well underground is the veriest moonshine.

Several thousand inhabitants of Scarborough quitted the town after the German cruisers' visit. The Queen Margaret school and several other large boarding schools are being established elsewhere, pending the dawn of better days. Those in the first flight of fugitives have mostly returned long since, while each day brings fresh faces. They are curious folks, who stroll leisurely around examining the gaps and fissures, walls and excavations.

Of course there is plenty of room at the top. Everybody wants to get in on the ground floor.

**AMERICANS CALLED DOLLAR CHASERS**

Chicago, Jan. 16.—Edw. P. Bell, London correspondent of the Chicago Daily News, is of the opinion, gathered from information in interviews with men of importance throughout Europe that the United States has incurred the enmity of all the belligerent nations and that with the close of the war this nation will face isolation and peril. In a wireless dispatch from London to his paper, Mr. Bell says:

"Conversations with persons of force, representing the sentiments of Great Britain, France, Russia, Italy, Germany and Austria, compel the conviction that the United States is making no real friends in this war. On the contrary, it is impossible in order to see that the American name is suffering, and that conceivably the republic is storing up grave trouble for itself in the future."

"The general charge against our country is that we are displaying a shameless lack of idealism, chivalry, magnanimity and courage. Britons, Frenchmen, Russians and Italians blame America for ignoring the invasion of Belgium and the violations of The Hague, and then springing into the international arena with a protest relating exclusively to matters of trade. The argument in all these complaints is that if President Wilson had protested against the violations of treaties and the principles of civilized warfare he could have protested with a vastly greater effect against the arbitrary and possibly indefensible interference with American cargoes."

"Europeans, profoundly misunderstanding the Americans, as nearly every nation misunderstands every other, always have referred to the people of the United States as 'dollar chasers,' and the policy of President Wilson in the present war has crystallized the pervasive impression into a sharp and universal postulate."

**RIOT AT HOCKEY GAME.**

The third game in a series of hockey matches between the Cleveland Athletic Club and the Ottawa University, played in Cleveland, broke up in a riot when 2,000 spectators crowded on to the ice following a dispute between players, with less than two minutes to play.

Five members of the two teams were badly hurt, one Elmer Irving, right forward of the Cleveland A. C. team, so badly he was taken to a hospital with a fractured skull. His recovery is said to be doubtful. Redmond Quain and James Burnett, of the Ottawa team, were also injured, as were Cuddy Winters and Clarence Jamieson, of the Cleveland team.

The rivalry between these two teams has been intense. Cleveland was leading in this game by a 2 to 0 score. The previous night's engagement ended in a 3-3 draw, while the night before the Cleveland boys were 2 to 1 victors.

Goaltender Doran, of the Ottawa team, was arrested on a charge of assault with intent to kill following the battle.

## SAFETY FIRST MEETING WAS WELL ATTENDED

Mr. George Bradshaw addressed a large audience of G. T. P. employees and others yesterday in the Westholme Theatre on the "Safety First" movement. By means of lantern slides he was able to illustrate his lecture. The right and the wrong way of boarding a moving train was alluded to, as well as a number of accidents that could be avoided by a little thoughtfulness. An interesting statement he made was that 85 per cent of the victims of train accidents were employees so that the safety movement begins at home.

Mr. Bradshaw is a good speaker and knows his subject. Mr. Mehan was chairman of the meeting.

### MANITOBA LEGISLATURE.

### FLATTERING OFFER TO SERVA REPORTED MADE BY AUSTRIA

London, Jan. 18.—The Morning Post has published the following dispatch from its Rome Correspondent:

"I hear that Austria has offered peace to Servia on the basis of the status quo plus northern Albania, including Durazzo and the coast to the Montenegrin frontier. In other words, a complete reversal is made of what Count Berchtold, on October 30, 1912, described as 'essential to Austrian policy.'"

There is nothing so mean and hateful as one woman who refuses to tell another woman a secret.

## DOCTORS MAKE NEW FACES FOR MANY WOUNDED SOLDIERS

Transplant Teeth Also—Wonderful Work Accomplished by French Surgeons.

Havre, Jan. 18.—The French army Medical Corps has set aside three eminent surgeons, Professors Tuffier, Morestin and Seblean, to make "aesthetic repairs" and remove deformations from the faces of those wounded in the war.

If a man loses his nose or any part of his face, or a disfigurement is caused by a wound, the face will be repaired by skin grafting, and the latest discoveries in surgical science will be used to remedy the deformity.

Several cases have already been successfully undertaken by the three surgeons. A young corporal who had part of his face taken away by a shell was given a new nose, left jaw and cheek. In cases where teeth have been lost it is said that successful efforts have been made to transplant others, according to a method discovered by a Russian dentist.

### JOHN BULL'S TRADE HIT HARD BY THE WAR

Striking Decreases in Both Imports and Exports of the Tight Little Island.

London, Jan. 18.—The effect of the war on England's foreign trade was shown in a striking manner in the yearly returns of the Board of Trade, just announced. Exports in 1914 decreased more than \$95,000,000 (\$475,000,000 as compared with the preceding year. Imports decreased more than £71,000,000 (\$355,000,000).

The figures for December show the continued effect of the war, imports falling another £4,000,000 and exports decreasing £17,000,000. The increase of nearly £8,000,000 in the import of foodstuffs was offset by a decrease of £11,000,000 in raw materials and manufactured goods, of which £6,000,000 was in cotton.

The principal decreases in the exports were £2,000,000 in coal and £6,000,000 in cotton, wool and textiles.

The principal shrinkages in the year's imports were £45,000,000 in raw material, of which £8,500,000 was in timber, £15,000,000 in cotton, and £5,000,000 in rubber.

The chief export declines were £11,000,000 in coal, £12,000,000 in iron and steel manufactured goods, and £23,000,000 in cotton textiles.

### VICTORY OF DANBURY HATTERS AFFIRMED

Washington, Jan. 5.—The Supreme Court today affirmed the \$252,000 judgment awarded by the New York Federal Courts to D. E. Loewe & Co., Danbury, Conn., hat makers, against some 186 members of the United Hatters' Union under the Sherman Anti-Trust Law as damages resulting from a boycott.

During a strike at the Loewe hat factory in 1902 the United Hatters of North America were charged with having boycotted the Loewe hats. The manufacturers alleged that large losses resulted. To recover triple damages provided by the law, the hat company began in 1903 suit against some 186 members of the union residing nearby. Judgment for \$252,130 was awarded to the company and was affirmed by the Circuit Court of Appeals.

## GIVES OPPORTUNITY FOR ALL CANADIANS TO FIGHT FOR FLAG

Ottawa, Jan. 16.—Announcement has been made that in connection with the raising of the third overseas force a plan will be adopted which will give young Canadians in small towns and rural districts a better opportunity to offer their services to the country. The first contingent was mobilized at Valcartier. The second is being mobilized at various division headquarters. In creating the third force recruiting stations will be opened at battalion headquarters, where after a company has been raised it will be trained for several weeks before being mobilized at the regimental or divisional headquarters. Many complaints have been received from farmers' sons and young men in small towns and villages that, although willing to serve, have found it difficult to become attached to regiments recruited in larger centers. Under this plan the opportunity to enlist will be brought right to the door of practically everybody in Canada. All the volunteers necessary to make up the second contingent have now been secured and as soon as it is known definitely that the first contingent is to leave Salisbury Plains arrangements will be made for seconding the second contingent across the Atlantic.

Orders have gone out to all commanding officers in Canada to the effect that any recruit found under the influence of liquor shall be summarily dismissed from the regiment to which he has joined. The department has decided not to tolerate any marked inebriety in the ranks of the Canadian forces preparing for the front.

### BIG FLEET TO ASSEMBLE OFF SAN FRANCISCO

Fifty-Seven Naval Vessels Will Escort President Wilson on Trip Through Canal.

Washington, Jan. 16.—Fifty-seven naval vessels will make up the fleet which will go to San Francisco by way of the Panama Canal next March, according to an announcement by Secretary Daniels, headed by the dreadnought Wyoming, Rear Admiral Fletcher's flagship, twenty-three torpedo boat destroyers and thirteen auxiliaries, including colliers and supply vessels.

At Cristobal, on the Atlantic side of the canal, the fleet will be joined by the famous old Oregon and the cruiser Olympia, Dewey's flagship at Manila, both of which are being fitted out for the cruise, the former on the Pacific coast and the latter at Charleston, S. C.

President Wilson will sail from Hampton Roads on the battleship New York on the fifth, sixth or seventh of March, the exact date remaining to be fixed. If plans for the naval cruise are not amended by Congress so as to have the rendezvous at Cristobal instead of at Hampton Roads, as suggested by Secretary Daniels, the fleet will be despatched from Hampton Roads several days in advance of the President's sailing, in order to make sure that all shall have reached the isthmus and locked through the canal in readiness to be reviewed by him. If Secretary Daniels goes with the fleet from Hampton Roads, he will take passage on the battleship Texas.

For a comfortable room, come to the **St. Elmo Hotel**, 836 Second Avenue, near Eighth Street. Newly opened. Steam heat and hot and cold water in every room. Free baths. Rates reasonable.

## DR. FALCONER URGES STUDENTS TO ENLIST

University to Adjust Examinations to Provide Training—Cables to Salisbury.

President Falconer, of the University of Toronto, at a mass meeting recently told the students that this was no time to shirk. Every encouragement will be given to students to train for active service. The president held up the ideal of martial honor and of patriotic sacrifice of even life if necessary.

"This will be a year for endurance and courage, a year of sad partings," said the president. "Some of you may have to face—grimly—death itself. A country worth maintaining is one we should be willing to die for, or to live for in the most earnest way."

Dr. Falconer proposed that the university send the following message to the Varsity boys on Salisbury Plains or at the front in France: "God speed you in the New Year." This message is to be addressed in care of Lieutenant Colonel Mitchell, a graduate of the school of science and a governor.

To the second contingent's Varsity men, he proposed, subject to the approval of the meeting, to send the following:

"Congratulate you on your prospect of service. We believe you will do your duty. Some of us will follow."

"Does the message meet with your approval?" asked the president, with grave significance.

The meeting rose to its feet as one, and broke into cheers, followed by the familiar Varsity "Yell."

President Falconer held out hope of a training camp by next May, although the Ottawa authorities have not definitely spoken. The examinations will be adjusted to suit those who enter the training camp. One section will begin about May 1, and another section two weeks later.
