RUSSIAN STEAM ROLLER HAS AGAIN RESUMED OPERATIONS

ADDITIONAL FORCES THROWN INTO FIELD AGAINST GERMAN ALLIES—FURTHER SUCCESSES AGAINST TURKS IN TRANS-CAUCASUS.

(Special to The Daily News.)
Jan. 21.—Russia's assault on the Germanic line, say British observers, is a steamroller characteristic in north, center and south the advance into Russia is reported as being the German lines of retreat; and in Poland the warfare continues on either side. Russians confidently dwell on their efforts to hold their positions. In the south the Russians de-

WHAT BERLIN SAYS

Berlin, Jan. 21.—The official German report says that the trenches at Notre Dame de Lorette, which the Germans recently captured, were lost against the French today.
Between the coast and Lys there are only artillery duels.
Southwest of Berry ou Bac the Germans took two trenches and retained them notwithstanding fierce counter attacks.
French attacks northeast of Arras and south of St. Mihiel were repulsed.
Northeast of Pont-a-Mousson the Germans recaptured positions evacuated three days ago, capturing four cannon and several prisoners. The fighting continues for the remainder of the trenches.
At Cernay the battle is proceeding.
In east Prussia the situation is unchanged.
At East Lipno an unimportant engagement ended favorably for the Germans, hundreds of prisoners being taken.

CABINET TO CONSIDER THE PENSION SYSTEM AT AN EARLY PERIOD

Ottawa, Jan. 21.—The pension system for the Canadian expeditionary force has been prepared by the Militia Department and will be dealt with by the Cabinet at an early date. It can be adopted by order-in-council and without new legislation. If the war continues for any length of time this will be one of the serious, thought necessary, financial results of the war. It has been estimated that the annual pension list may run up to eight or ten millions per year.

"AGRICULTURE IN THE NORTH" SUBJECT OF GOOD ADDRESS

GIVEN BY MR. A. H. TOMLINSON DEPARTMENT OF AGRICULTURE, AT BOARD OF TRADE LUNCHEON ABOARD THE PRINCE GEORGE YESTERDAY.

This is a most interesting subject to citizens of Prince Rupert and Northern British Columbia. The cry of "back to the land" has been heard for some time but there has been no incentive, except in minor cases, to create a real desire in the majority of present day people for working on the land themselves. With the prevailing crises there is not only an incentive, but people are obliged to consider the question of following in the footsteps of our forefathers and so take up land and farm. The cost of living has been and is still too high. One of the chief causes in Canada is the fact that so much of our land has been idle and thus we are importing agricultural produce from other countries. We can realize the meaning of this when it is said that products from other countries equal to our own are being sold in Prince Rupert cheaper than home products. This shows that some of us must learn to raise our own produce to some extent so as to do without outside importations, thus saving the unnecessary importation and expense to ourselves. In this city this may be done as well as on the northern mainland. Various town lots now idle must, in a short space of time, be turned into profit by way of raising vegetables, etc.

BELIEVED DEAD NUN WAS RESTORED TO LIFE

Naples, Jan. 21.—In the Church of the Divine Providence, sisters were praying around the bier of a dead nun, when the first tremor of the earthquake caused one of her arms to move. The sisters at first cried out that a miracle of resuscitation had taken place, but simultaneously the candlesticks and crucifixes in the chapel began falling. Then they realized what was happening and rushed terror-stricken to the street. Great crowds also fled into the thoroughfares. They formed into processions, reciting the Litany of Saints. Many of the people in their excitement declared that the earthquake was a punishment for the sins of men who are fighting against their brothers in the European war.

GREAT BRITAIN WANTS THE BELGIAN ARTISANS

Holland Criticizes Former for Taking Useful and Leaving the Helpless.

The Hague, Jan. 21.—The British government is advertising in the Belgian refugee camps and elsewhere by means of circulars for artisans in certain trades. Iron, steel and brass workers, gunsmiths, rope makers, leather workers, hosiery makers, instrument makers, glass workers and many others are called out.
The circular points out that only those named are likely to find employment in Great Britain. Proof of efficiency is demanded from applicants. The circular states that those who are accepted will be given a free voyage to England and will be furnished free board until employment is found. Persons affected with contagious or infectious diseases need not apply.
The action of the British Government Commission in taking away the fit refugees and leaving the unfit to burden Holland is criticized adversely in many quarters. It is argued that Holland has been willing to offer asylum to the Belgian refugees, and does not deserve the attitude shown.

OF POLISH PARLIAMENT

First Steps Taken to Make Kingdom Autonomous—Czar Begins to Carry Out Promise.

Warsaw, Jan. 21.—The nucleus of the parliamentary organization which has been formed to rule Poland if the Russian Emperor is able to put into effect his promise of an autonomous government has been established here by a congress of delegates from all parts of the kingdom. The new body, under the chairmanship of Count Zygmunt Weilopolski, is called the Polish National Council. The congress which formed it had the sanction and approval of the Russian authorities. The delegates included representatives of Poles:
1. All deputies from the kingdom of Poland to both legislative bodies of the Russian Empire.
2. All former deputies.
3. A considerable number of other leaders of social work.
The proceedings of the congress reflected the Russian expectation that all German and Austrian Poland will be added to the new Russian state with the end of the war, and the organization of the council was partly undertaken at this time for the purpose of gaining for Russia the support of the Poles in Germany and Austria.

PLOWED UP WATON LOST SEVEN YEARS

St. Paul, Minn., Jan. 21.—While working on a farm near Bradley seven years ago, W. A. Straight lost a gold watch in the field. While cutting corn in the same field yesterday he found the timepiece, which evidently had been turned up when the corn was cultivated. Neither the case nor the works were damaged.

G. R. Naden, president of the Board of Trade, stated yesterday that this was the most prosperous year of the board's existence in spite of the quiet times generally. He attributed most of the success to the good work done by Mr. P. F. Godenrath, who recently enlisted for service abroad. Mr. Naden urged the members to continue their support of the board.

CHAMBERLIN SEEKING BRITISH CITIZENSHIP

Ottawa, Jan. 21.—While in Ottawa last week President E. J. Chamberlin, of the Grand Trunk Pacific, filed an application for naturalization under the new naturalization law which came into force on January 1. Mr. Chamberlin has been a naturalized Canadian for many years, but now, like Sir Thomas Shaughnessy, Sir William Van Horne, Sir George Perley and other Canadian citizens who were born in the United States, seeks British citizenship.

WILSON TO DISCUSS ALASKA RY. LINE

President Will Receive J. P. Morgan for Conference With Secretary Lane.
Washington, Jan. 21.—J. Pierpont Morgan will have conferences tomorrow with President Wilson and Secretary Lane, of the Interior Department. The chief object of his coming is said to be to discuss Alaskan railway problems, with particular reference to the Copper River & Northwestern Railroad, which Mr. Morgan has offered to sell to the government for use as a part of the railway authorized by Congress last March to connect the Alaskan coast with the coal fields.
Has Held One Conference.
Under the law the President is authorized to select the route and decide whether the entire road shall be built, or whether any existing roads shall be purchased as links in the system.
The Alaskan engineering commission, which made surveys of all possible routes, including that covered by the Morgan road, already has held one conference with the President and is now completing its formal report. Mr. Morgan discussed the Alaskan situation with Secretary Lane several months ago and at the time offered to sell his line to the government.
Mr. Morgan on his arrival here tonight was asked whether he would discuss with the President questions in connection with the loan to the Russian government. He said he would not say in advance what matters he intended to discuss at the White House, but that he came to Washington primarily in connection with a meeting of the advisory council of the federal reserve system, of which he is a member.
Wilson Gets Protests.
Since the announcement that an American banking house was to finance a credit loan to Russia, there have been some letters to the White House expressing objection to such a course. There is no legal restriction either in domestic or international law against the floating of loans in the United States, except that the government itself is prohibited from lending financial aid.

VANCOUVER LAD GOT THE GENERAL'S O. K.
Winnipeg, Jan. 18.—While he was standing talking today to some friends in the hotel lobby, General Sam Hughes' attention was attracted by a very small lad, dressed in khaki and wearing a bugler's cord on his shoulder. The little fellow was standing at salute. General Hughes at once stepped up to him and asked him what he wanted.
The boy drew his hand smartly from salute and handed General Hughes a card. The general read it, smiled, took out a big pencil, signed the card with a big "O. K." and his name and handed it back to the lad, who again saluted and went off, his face beaming. The little bugler had worked his way from Vancouver with the sole idea of enlisting in the Second Contingent, but when he got here, he found that he must have the O. K. of the Minister of Militia before he could be attested. Knowing that the general would be at the hotel the little fellow waited until he saw the minister, and then presented his request.

ELOPING COUPLE ARE ENJOYING HONEYMOON
Mr. and Mrs. Mitchell Murray Disappear Immediately After Their Marriage.
Seattle, Jan. 21.—Rose Ellis and Mitchell Murray, or rather Mr. and Mrs. Mitchell Murray, who led an irate father and a constable from Rainier, Ore., a merry chase last week prior to their marriage in Seattle, disappeared from this city yesterday. A. G. Brady, a merchant, of 1041 Third Avenue, who acted as best man when Rev. Carter Helm Jones performed the ceremony, said last night that he did not know where the young couple had gone, but expressed the opinion that they were merely seeking to enjoy their honeymoon in peace.
The couple eloped from Rainier. In Tacoma, where they were found by Thomas Ellis, the girl's father, charges were preferred against both, but the girl escaped to Seattle and here obtained, by pledging her jewelry, the necessary \$500 to secure the release of the young man on bond. He darted over to Seattle on Friday night and the wedding quickly followed.
The constable then returned to Rainier, and the father followed, according to Mr. Brady, but whether full and free forgiveness

has been obtained by the couple has not been learned.
Mr. Brady says he does not believe the charges against the couple will now be pressed.
It is doubtful if even the aviator should burn his bridges behind him.
