BRITAIN CAN FINANCE WAR FOR FIVE YEARS—RUSSIAN LOAN QUICKLY PICKED UP IN LONDON

BRITAIN CAN FINANCE THE WAR FOR ANOTHER FIVE YEARS

THE PROTESTS AGAINST GERMANY SOWING MINES IN THE CHANNELS OF NEUTRAL SHIPPING — WILL HOLD GERMANY RESPONSIBLE.

(Special to The Daily News.)
Washington, D. C., Feb. 16.—Many's intention of sowing mines in the waters around the British Isles as a part of the marine warfare against beleaguered merchant ships is announced in a note to the State Department.

The Hague has sent a protest to Germany re the war zone, and holds Germany responsible for sinking of any Dutch ships. Lloyd George states that Great Britain is able to finance the war for the present date for another five years, including the assisting

of the smaller allies; and on the same basis France is able to finance for three years.

Winston Churchill states that the navy has moved over a million troops to different parts of the world and to the Continent without a single accident.

Lots of Money.

London, Feb. 16.—An issue of ten million pounds sterling of Russian treasury bills so attracted bankers and insurance houses, and applications have been so large, that the lists closed at noon today instead of remaining open until Thursday.

LOTS CLAIM AGENT FOR SUPPOSED WRONG

(Special to The Daily News.)
Seattle, Feb. 16.—Richard Little, a section hand, enraged because he was refused relief in Montana which had killed him, shot and killed O. Dryden, the Northern claims clerk, and fatally wounded the timekeeper, R. A. Simon. In the fight that followed Little was riddled with bullets, and now is dying in city hospital.

UPRISING OF A FREE PEOPLE

London, Feb. 16.—"Rt. Hon. Harcourt's message to the British Parliament and the speech of Sir Robert Borden and Sir Wilfrid Laurier all ring the confidence of victory and determination to spare no effort to win a peace which shall be the world forever of the human nightmare," declares the Pall Mall Gazette. "While Canada has 90,000 men in training and the great allied armies of France, Russia and Great Britain daily growing in numbers, are being perfected in training and equipment, the Colonial War estimates that the German Empire alone has lost two and a quarter millions of its best men, whose places can only be filled by men of a less serviceable age and of less adequate training. What Canada is doing in Africa and New Zealand are also, and South Africa according to the measure of her instances. The world is witness of a general uprising of a people, unprepared for war, but they believed in truth and fair dealing as against the tyranny of force and blood which stood prepared to violence to the rights of the people."

COUNCIL SHOWS NEW ATMOSPHERE

There has been a new atmosphere in the City Hall for the two sessions. Not a bitter word, nor a vulgar expression, passed anybody's lips. Instead, if they keep on they will be as gentle as an old-fashioned prayer meeting. Could anyone guess the reason?

FRENCH ARTILLERY STILL EFFECTIVE

(Special to The Daily News.)
Paris, Feb. 16.—Official—Only a few actions are reported. These were favorable to our artillery near Poelcapelle, and one of the batteries of the enemy was silenced at Beaurains, and south of Arras several German trenches were destroyed.

In the region of Perthes some of the earthworks of the enemy with collections of troops have been efficiently cannonaded.

CITY HALL SALARIES UP FOR DISCUSSION

After the regular business of the Council last night was over the question of reducing the wages of the City Hall staff was taken up.

Alderman McClymont introduced the question, and referred to the indirect way suggested at the special meeting for doing this by firing everybody and calling for new applicants. He said that the desire for a reduction was general—both among aldermen and citizens—and even some of the officials were not averse to this. He believed, however, that the best way was to be straightforward, and make the reduction without beating around the bush. The city's finances demanded a reduction and the sooner they did it the better. He moved for a vote to decide whether a reduction should be proceeded with, the reduction to apply only to salaries over \$100 per month.

Ald. Montgomery thought it a more manly way to come out like this than the way formerly suggested. He thought a reduction might be necessary; and should be done in a manner fair to all.

Alderman Maitland had given the mayor a promise not to do anything till he returned. He believed the city should and must retrench. There were men in the city getting only \$25 per month. He wanted to wait till we saw if the mayor could get any money, and perhaps then a reduction would not be necessary. "I can assure the Council," said Alderman Maitland, "that there will only be one engineer shortly."

Alderman Edge was in favor of a reduction in salaries, as other cities were doing, but he wanted

H. M. S. AUDACIOUS REPAIRED— WILL REJOIN THE ROYAL NAVY

WAS NOT SUNK AS FIRST REPORTED — HOLE CAUSED BY A MINE WAS PLUGGED BY COLLISION MATS—SHIP TOWED TO DRYDOCK.

(Special to The Daily News.)
London, Feb. 16.—It appears that the rumors last fall of damages done H. M. S. Audacious were correct; at least insofar as her being hit by a mine. That she has not been sunk is now assured by unofficial reports that tell of her being expected to join

the royal navy next week, after repairs at the Harland-Wolff works in Belfast. What apparently happened on October 27 was that she struck a mine, which blew a hole through her. The hole was plugged, however, with collision mats, and she was kept afloat until she was towed into the drydock.

to leave it till the mayor returned. All the aldermen having spoke but Alderman Nicol, the acting mayor asked him if he wanted to speak. A shrug of his shoulders indicated that the safer course was not to commit himself; so he remained silent.

When the vote was put Alderman Edge, Beveridge and McClymont voted for it and against were Alderman Montgomery, Maitland and Nicol.

The acting mayor indicated that he would leave the matter over till the mayor returned.

"Stay with your guns," said Alderman McClymont, and the acting mayor came back and voted for the motion.

Alderman McClymont then moved that the portion of the salaries over \$100 be reduced 50 per cent, this not to affect the first \$100, and that the reduction be in force for six months.

Alderman Maitland exclaimed: "Why didn't you start this before the mayor left? Why do it now?"

Alderman Montgomery pointed out that it was Alderman Maitland who called for the special meeting last week to consider this. He thought the reduction was too strong.

The acting mayor pointed out that he wouldn't support a reduction to workingmen, but thought the officials could stand it.

Alderman Edge moved an amendment that the question be left over till the mayor returned and Alderman Nicol seconded it.

In speaking to the motion, Alderman Edge said he believed the officials would see the position of the city and accept the reduction with grace when the mayor returned, although the sarcastic smile on the countenance of the city engineer did not look like it.

The amendment carried, Alderman Edge, Nicol and Montgomery voting for it and Alderman McClymont and Beveridge against.

BRITISH AND GERMANS EXCHANGING PRISONERS

(Special to The Daily News.)
Amsterdam, Feb. 16.—The first interchange of German and British war prisoners is proceeding. One hundred maimed British soldiers were exchanged at the frontier for 100 Germans in a similar condition. The British are cheerful at the prospect of returning to England.

THAT NEW SCOW GIVES SOME TROUBLE

The P. R. Towing Company, whose bid for towing the scavenging scow was the lowest and who have tried it out are not willing to sign the contract unless a change is made. They wrote the Council last night saying that the scow was very slow in dumping, and would not dump at all if there were large cans or boxes included. They suggest that matters of this kind be put on last and that the city supply a man to assist in the dumping, and also that the scow be only partly filled. The communication was referred to the health committee with power to act.

WANTS FISHERY BOARD FOR PRINCE RUPERT

To the Citizens of Prince Rupert: The necessity of securing the bulk of the Pacific Coast fishing industry, is apparent to all, and in order to encourage and retain this business, it is very necessary, that we, as citizens, endeavor to remove all obstacles which may, in any manner, prove to be a hindrance to the growth and development of this very important industry, which at present is our only source of wealth.

Fishermen and others have many causes for complaint, and at present we have no resident government official to whom they can appeal. Letters written to Ottawa by individual fishermen are usually answered and then invariably shelved, without further action being taken.

If we wish to foster and encourage this industry, I would suggest that a local fishery board be appointed, with power to deal with any question that may arise regarding the fishing industry and communicate with the proper authorities at Ottawa for the adjustment of all complaints.

In a short time this board would become a very important bureau of information, and would be in a position to give valuable information to intending investors who wish to enter this line of business.

We must all get busy, and it is necessary that some action be taken immediately. The spring and summer months will bring a large proportion of the fishing business here. Are we prepared to handle it?

Yours very truly,
GEO. L. CLAYTON.
Prince Rupert, Feb. 16, 1915.

The crime of the McBride government in tying up the lands of the province is seen in its true light by a visit to the districts affected. Wherever the pre-emptors got a chance there are splendid little settlements growing up and the farmers are happy and prosperous. Adjoining that, however, are large tracts of land whereby the settler is separated from his neighbor by many miles. As a result we have the sad fact of children growing up without ever seeing the inside of a school. The McBride government has not only exploited the wealth of these districts, but they have put a barrier against the intellectual development of the country that will be hard to remove. What a wonderful monument they have built up to their incompetency.

There is still some talk of the United States offering back to Canada that portion of the Alaskan coast known as the Pan-Handle, for some other concession elsewhere. Frank P. Smith, of Maryland, has taken this up in the last two sessions of Congress, although nothing definite has been done. It can be safely assumed, however, that owing to the competition in the fishing business which has arisen between Prince Rupert and Seattle this consummation is farther off than ever. Should the Americans surrender this strip it would mean that the best part of their coast fishing grounds was gone, and they are hardly likely to be so short sighted or to act so generously as to do this.

An interesting development in the fish question is the fact that the Alaskan ports seem to be about to repudiate the demands of Seattle to trade with them. In a recent issue of a Wrangell paper there is a lengthy article on the subject and the chief complaint is that

in dealing with Seattle the Alaska fishermen nearly always lose the big market prices. The dealers in Seattle keep so closely in touch with demand and supply that they usually get the best of the Alaska fisherman. When the prices are high in Seattle a rush order is sent from Alaska but the buyers "see them coming" and down goes the price. By trading through Prince Rupert they would be closer to the market and take due advantage of a rise in price.

Silence has again covered the operations of our "popular member," H. S. Clements. He left Prince Rupert armed with a petition of 2,500 names, demanding a reasonable concession for this port, and nothing has since been heard of him. It is well known that the reason Mr. Clements did not wish a committee of well-posted business men to accompany him to Ottawa is that he did not wish to divide his glory with another. Like "the brave little Hollander," he wanted to do it all alone. Now we find that he has done nothing and it would of course be useless to send a committee against his will. In this way we are worse off than having no member at all. He is not able to do anything himself and he will not allow another to do it. Consequently we shall probably be required to wait till next election.

TEN SENT TO "PEN" FOR \$1,000,000 FRAUD

One Freed and Another Flees in Great Western Jobbing House Swindle.

St. Louis, Feb. 15.—Ten men were sentenced to penitentiary terms here tonight for participation in the so-called million-dollar bankruptcy swindle of the Great Western Jobbing house and a chain of department stores it operated. The case against Morris Garfinkel, another defendant, was dismissed, and a twelfth fled to Canada.

The sentence following conviction today of four of the defendants. Six others pleaded guilty. Those convicted said they would appeal. They are Samuel Bernstein, Jacob Lippman, Alfred Goldberg and Harry A. Cohen.

Sentenced to Penitentiary

Judge John Pollock, in the United States district court, sentenced seven men to serve a year and a day in the federal penitentiary at Leavenworth and to pay fines of \$5,000 each. They are Charles L. Greenfield, Lippman, Cohen, Sam Brown, Harry Steinhart, M. M. Liebowitz, and his brother, Jacob L. Liebowitz.

Goldberg and Bernstein were fined \$5,000 and sentenced to serve one year in the county jail at St. Charles, Mo.

The two latter, Judge Pollock said, evidently had criminal knowledge of the swindle, but there was no evidence of their participation in the conspiracy.

Meyer Rotman, a brother-in-law of Brown, was given the lightest sentence, \$1,000 fine and six months in jail. Evidence showed that he had gained least by the swindle.

Prosecutor Asks Leniency.

Special Prosecutor Homer Hall had asked leniency for Greenfield, who was the government's witness.

The defendants all came from Philadelphia, but with headquarters in St. Louis and East St. Louis, Ill., operated in Kansas City, Louisville, Baltimore and other towns. According to the testimony the parent and allied stores by a system of cross-references with false financial statements obtained large credits. After secretly disposing of their merchandise, for about 50 per cent of cost, each store became bankrupt, leaving nothing for the creditors.

GERMANS SAID TO HAVE EXECUTED REBEL LEADER

Pretoria, S. A., Feb. 10.—Certain newspapers of Pretoria have published a report that Lieut. Col. S. G. Maritz, the Boer officer who has been at the head of the rebellious movement in South Africa, has been executed by the Germans for treachery. Maritz's movement was supported by the Germans of German Southwest Africa. There is as yet no official confirmation of this report.

President Wilson has just been permitted to hold his first grandson. "The White House Baby" is the son of Mr. and Mrs. Sayre. It is evident that the cares of contraband merchant ships and neutrality are forgotten.

FLAG INCIDENT TO BE QUERIED

German and Briton Will Be Asked to Respect Neutrality of United States.

Washington, Feb. 15.—Drafts of notes to Great Britain and Germany, one relative to the use of the American flag by the British liner Lusitania, and the other concerning the attitude of the German navy toward neutral vessels in the newly-prescribed sea zones of war, were given personal consideration by President Wilson after conferences with Secretary Bryan and members of the Cabinet. It is understood that no protest or what might be construed as a complaint against any violation of international law is to be directed to either country. The administration view of the hoisting of the American flag on the Lusitania is that it is a customary rule of war, but at the same time representations were deemed advisable to point out how easily neutral commerce might suffer through continued practice of the strategem.

As for the German Admiralty proclamation that it may be difficult to determine the character of the vessels found in the war zones, especially because of the misuse of neutral flags, the United States government has asked for more information as to the methods by which the order will be carried out in practice, and is preparing to point out that it expects every effort to be made to verify the nature of the ships flying neutral flags, assuming that due respect for the safety of Americans will be given.

With the question of declaring certain waters as in the zones of war on belligerent merchant ships, the American government is not concerned.

REDFIELD WILL TRY TO SAVE SEATTLE'S TRADE

Delegation from Seattle and Ketchikan Has a Successful Conference.

Washington, Feb. 15.—Judge Thomas Burke, E. F. Blaine and Edward Cunningham, of Seattle, and H. R. King, of Ketchikan, had a prolonged conference with Secretary Redfield and Dr. E. Lester Jones, assistant commissioner of fisheries, on the North Pacific halibut trade situation. The secretary showed keen interest in and knowledge of the matter. He and Dr. Jones will try to work out a plan whereby the halibut trade will be saved to the Sound. Mr. Blaine and Judge Burke will leave for home at once.

AN UNEXPECTED REPLY.

Professor Von Mach, of Harvard University, got more than he bargained for from ex-President Taft, whom he invited to write a letter to be read at a "neutrality" meeting in Boston. The German professor holds the German view of United States neutrality, and seems to have assumed that Mr. Taft would write his approval of the bill prohibiting American export of war materials. Mr. Taft wrote a letter, but it was against the Hitchcock bill, and in favor of the recognized and time honored law of nations. As it did not suit Professor Von Mach to read the letter at his neutrality meeting, Mr. Taft has given it to the press. His closing remark that the prohibition desired would not be an act of neutrality but an act to favor Germany is emphatically true, and is also an explanation of the Harvard professor's anxiety in the case. In vain is the Teutonic net spread in the sight of such a bird as the former President.—News-Advertiser.

TERRACE NEWS NOTES

Mr. and Mrs. A. D. Long, who left for Rupert Thursday returned Saturday to Terrace, having exhausted the joys of the big town.

The dancing class is a great success and the Civic Club should be proud of having added another informal attraction to the joys of life in Terrace.

Miss Marian Hanna was a guest of Mrs. T. J. Marsh over the week-end.

The annual meeting of the Kitsumkalum Farmers' Institute was held in Progress Club Hall last Saturday. The report of the auditor, Mrs. Ross, was read and accepted. The following were elected as directors for the ensuing year: Mrs. Ross and Messrs. McKinnon, Franks, Little and Munro. W. J. Goodwin was elected auditor.

S. Gilbertson left on Sunday's train for the west. He expects to take a trip to Alaska.

A. Gliss, formerly of the Kitsumkalum District, is now in Quesnel, trapping and placer mining.

Linemen Bernie and Casperson are at work near this place felling trees that endanger the track or telegraph lines of the G. T. P.

Mrs. Harry Franks, of Kitsumkalum, returned last week from a visit to her parents at Port Essington. She was accompanied by her sister, Miss Orvig, who will visit here until after the masquerade ball.

An agricultural society to be known as the Kitsumkalum Valley and District Mutual Association was formed last week. R. Braun is president; S. C. Weeks, vice president; W. Goodwin, secretary-treasurer; and Messrs. McKinnon, Bohler, Laird, Copper-smith, Wesch, Haudenchild and Wentz, directors.

AMBASSADOR ANNOYED.

Berlin, Feb. 16.—While Ambassador Gerard and a party from the American embassy were attending a theatre last night they were greatly annoyed by a man in the audience who protested because they were speaking English. When this man was informed that his remarks were directed against the American ambassador he began a loud and violent tirade against the United States for permitting the exportation of arms. The man was finally suppressed.

SIR WILFRID LAURIER WILL CONTINUE TRUCE WITH GOVT.

WILL BE NO OPPOSITION TO WAR MEASURES BUT WILL INSIST ON FULL INFORMATION ON ALL THE VITAL QUESTIONS.

Ottawa, Feb. 16.—Speaking in the Commons, Sir Wilfrid Laurier emphasized the practical certainty that the war would be of long duration. On behalf of his party, he reiterated his former declaration that there would be no opposition to the war measures of the government. Although defeated, the German army had not been routed or crushed and it would seem that the war will be a process of attrition and for months this sacrifice of human lives will be continued. It was not an ordinary war and there was no possibility of mediation by a neutral nation. It was a war between two principles, the principle of freedom and domination.

Sir Wilfrid went on to say that during the recess Sir Robert Borden and some of his colleagues had taken occasion to discuss the question of the overseas dominions being given a voice in regard to peace and war. He mentioned this matter, not from a desire to be controversial, although a controversial subject. If we assume such power we must assume heavier burdens both in times of war and peace. Tasks were heavy enough, he said, without introducing subjects which are controversial. The time will come when peace shall be restored and then it will be possible to discuss this and all other problems arising out of the war. It was hardly possible that any resolution or statute which could be framed would have the same patriotic efficiency as the voluntary and spontaneous action of the dominions all over the world. Britain was least of all, a military nation.

Referring to the position of the opposition in regard to the war, Sir Wilfrid said that the Liberals had said at the outset that they would support the war policy of the government. They would do all in their power to facilitate the heavy task of the government. This decision had been adhered to and the opposition was again prepared to give the government the support to which they were entitled. At the same time the people were entitled to have full statements relating to the expenditure of the fifty million dollars voted last August. The Canadian people had been generous with their money. The opposition, while believing that the ministers have made mistakes, are not disposed to be critical. It would be too much to expect that no mistakes would occur. It was known, however, that in addition to mistakes, frauds have been committed to the injury of the health and efficiency of the troops. So gross and criminal have these frauds been that the minister of militia, on more than one occasion, had said that the men who supplied the boots which caused the sickness on Salisbury Plain deserved to be shot.

POLAND SUFFERS SEVERELY IN WAR

London, Feb. 16.—The Daily Mail's correspondent at Syradow, near Bolimow, describing a recent battle on the Bzura River, which he witnessed, said:

"The martyrdom of Belgium is not more tragic than the martyrdom of Poland, which is now being overrun by the enemy for the fourth time in the present war. It involves a ghastly racial tragedy, hundreds of thousands of Poles who live under the Austrian and German flags being compelled to shed the blood of their brothers who are fighting under the Russian Eagle.

"When the battle began by a German attack from Skierniewice, the Russians at first took it for a bluff, not believing that after their previous experiences the Germans would venture to attack again. The battle proceeded in a snowstorm. It was largely hand-to-hand fighting. Prince Woronsky tells me the slaughter was the most appalling he had seen on the whole eastern front. At one point the Germans came on twenty ranks deep."

The correspondent described the drastic efforts of the Germans to stamp out cholera. He says they are burning all hamlets in Poland, where the disease has shown itself, regardless of the entreaties of the destitute Polish peasants. At Lodz, the correspondent says, the Germans sacrificed everything to sanitation, and are inflicting ten years' imprisonment for any infraction of their sanitary regulations.

Sir Wilfrid said that the Liberals had said at the outset that they would support the war policy of the government. They would do all in their power to facilitate the heavy task of the government. This decision had been adhered to and the opposition was again prepared to give the government the support to which they were entitled. At the same time the people were entitled to have full statements relating to the expenditure of the fifty million dollars voted last August. The Canadian people had been generous with their money. The opposition, while believing that the ministers have made mistakes, are not disposed to be critical. It would be too much to expect that no mistakes would occur. It was known, however, that in addition to mistakes, frauds have been committed to the injury of the health and efficiency of the troops. So gross and criminal have these frauds been that the minister of militia, on more than one occasion, had said that the men who supplied the boots which caused the sickness on Salisbury Plain deserved to be shot.

PUGSLEY WANTS TO KNOW ABOUT B. C. SUBMARINE BUY

Ottawa, Feb. 16.—Hon. William Pugsley figures on the order paper with a request for all the information, correspondence, etc., in connection with the purchase of two submarines by Canada last August. These craft were purchased by Sir Richard McBride on behalf of the government here from a Seattle firm, which had constructed them originally for the Chilean government.

They were brought from Seattle under considerable difficulties, and only a few hours before steps had been taken by the United States Admiralty to stop their departure.

COURT OF REVISION.

The court of revision re city assessment will be held in the City Hall on Wednesday, April 7. As last year's assessment has been adopted there can be no reductions in valuations unless it can be shown that they are out of proportion to the rest of the city property. The court of revision will consist of the mayor and Aldermen Morrissey, McClymont, Beveridge and Edge.

WORK FOR SOLDIERS.

The Queen Mary Chapter of the I. O. D. E. sent off their last parcel to the Prince Rupert men at The Willows, which completed the Chapter's donations of belt, helmet, socks and wristlets to each of the men. They have also been supplied with thirty-five dozen cheese cloth handkerchiefs.

On January 30 two bales of cotton were sent to Queen Mary Sewing Guild, including a donation from the ladies of St. Andrew's Church and the Presbyterian Sunday School.

A request has been sent in by the Canadian Red Cross Society that knitters devote their energies to making socks rather than anything else, as by the time supplies being made now reach the front the weather will be getting too warm for other knitted garments.

Make Monday Ironing Day

LET Sunlight Soap do your washing Monday morning and you can do the light ironing Monday afternoon. The rub, rub, rub at the board has no place in the Sunlight way—so with the hardest part of washing cut out you'll feel like making it a good day's work by doing at least part of the ironing.

Follow the directions that cut your work in half and remember there's nothing in Sunlight to injure fine fabric or dainty hand. A \$5,000 guarantee backs this statement.
