## BOMBARDING TURKISH FORTS AT TWELVE MILES--SUBMARINE CREWS TO BE HELD FOR TRIAL

### DIPLOMATIC CRISES IN BULGARIA AND GREECE

(Special to The Daily News)  
Prin., March 9.—There is a diplomatic crisis in Bulgaria similar to that in Greece. Premier Radoslavoff wanted to join the entente but King Ferdinand held a different view of Greece's neutrality.

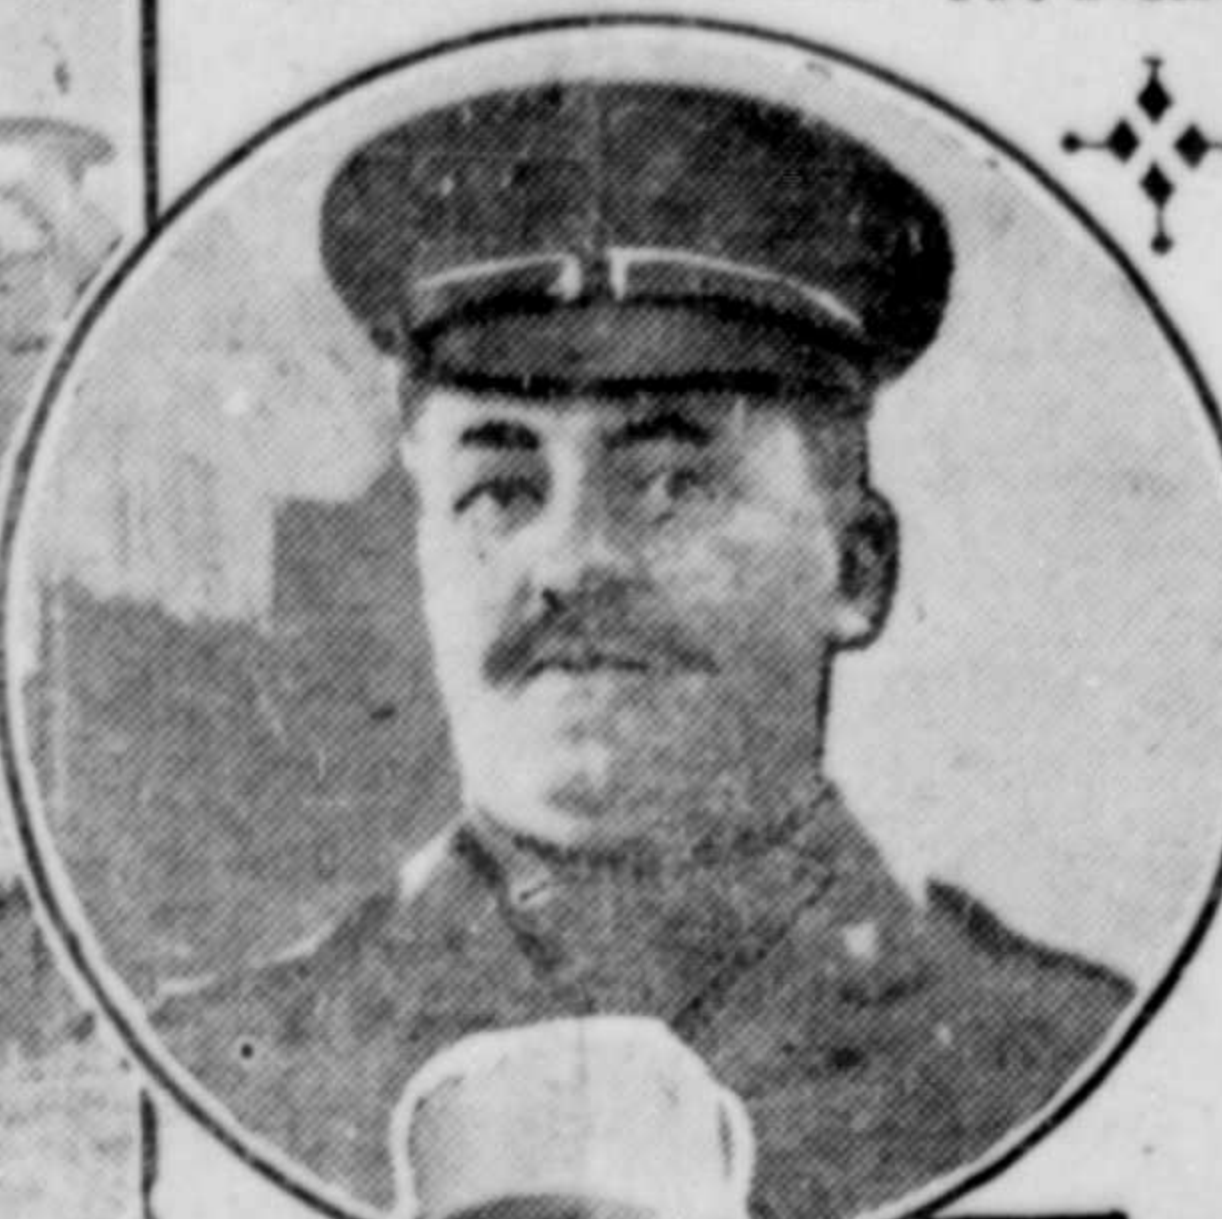

Prin. has been unable to form a cabinet, so the duty falls upon Radoslavoff. The new premier is expected to favor neutrality.

Lt. COL. SHILLINGTON, OTTAWA FIRST MAN IN KITCHENER'S NEW ARMY TO LAND IN FRANCE.

GENERAL VIEW OF KITCHENER'S NEW ARMY AT ETAPLES, NORTH FRANCE

### BOMBARDING AT TWELVE MILES; TURKISH FORTS BEING REDUCED

BRITISH ADMIRALTY ANNOUNCES THAT OPERATIONS ARE PROGRESSING WELL, WITH FINE WEATHER--NO CASUALTIES YET IN ATTACKING FLEET.

(Special to The Daily News.)  
Prin., March 9.—The Admiralty announces that the operations in the Dardanelles are progressing favorably, under fine weather. The British fleet, including the Queen Elizabeth and Oceanic, is attacking the forts at Hamidieh and Tabia by an indirect fire from the Gallipoli Peninsula at a range of 12,000 yards.

(French) are inside the straits attacking the Soudans and the Mount Dardanus batteries. The Gaulois, Charlemagne, Bouvet, Lelion, and Dublin are supporting them.

The batteries at Mount Dardanus and forts Tabia and Hamidieh were destroyed. The majority of the ships have been hit but none very seriously and there are no casualties.

CANADIAN SURGEONS AT WORK. BASE FOR 350,000 MEN.

These pictures were taken at Etaples, Pas de Calais, Northern France, which is the base of a new Kitchener army of 350,000 men, landed without announcement. The pictures show Canadian surgeons and ambulance workers that are accompanying the forces. Lieutenant Colonel Shillington, shown, is described as the first man to land.

### NO HONORS OF WAR FOR PRISONERS FROM THE GERMAN SUBMARINES

WILL BE SEGREGATED TILL AFTER THE WAR AND LIKELY TRIED FOR MURDER OF DEFENCELESS NON-COMBATANTS.

(Special to The Daily News.)  
London, March 9.—Fifteen British steamers have been submerged out of a total of 8,749 from January 21 to March 3, with a loss of twenty-nine lives.

The Admiralty makes a statement by which they will not accord the honors of war to the twenty-nine officers and men of the German submarine U-8, who were captured. They will be segregated under restrictions till the close of the war, when they may be tried for the murder of defenceless noncombatants.

Six aeroplanes from the naval wing dropped bombs on the submarine repair base at the military headquarters at Ostend yesterday with considerable damage.

#### THE WEATHER.

(5 a. m., March 9, 1915.)

Barometer	29.752
Max. temp.	50.0
Min. temp.	44.0

### STEAMER ON FIRE HAS REACHED PORT

(Special to The Daily News.)  
Prin., France, March 8.—The steamer La Touraine, which was on fire at sea, has reached port after an exciting trip. The fire had been confined to one deck of the ship and kept under control.

Immediately after docking a government inquiry was made to locate the origin of the fire.

#### SEEING BOGIES.

The Tories are in a bad way because Joe Martin has a disagreement with some of the Vancouver Liberals. Joe Martin has always had a reputation for "seeing things," and he seems to imagine that he is still in the Liberal party. As a matter of fact, the leaders of the party in this province have no connection whatever with the influences that suggest Liberals are controlled by the Tories. The men who will be sent to Victoria by the Liberal party will be strong men who will do their own thinking. Neither Joseph Martin nor any other influences he suggests will control the party. Any man who wants to belong to the Liberal party but the party cannot be blamed because of the influence of discordant elements.

#### LEAVES FOR THE EAST.

Chas. W. K. McCurdy, who has been a resident of Prince Rupert for about a year, is leaving tomorrow morning for Philadelphia.

Mr. McCurdy has had a very flattering offer from the Keystone Plaster Company of Philadelphia, with whom he was formerly associated, and he has decided to accede to their request for at least a time. After spending a few months in Chester, Pa., he will be removed to St. Ann's, Cape Breton, and placed in charge of a plaster works of the company located there.

Mr. McCurdy is typical of the best of Canada's young men and his departure from Prince Rupert will be regretted by a wide circle of friends which he has made since coming to this city as well as others who were associated with him in his schoolboy days. It is possible that he may yet return to Prince Rupert for he has been greatly entranced by the West and should he do so there will always await him a warm reception.

#### SPOILS WITH AGE.

We have yet to learn of anything that our William Manson, M. P., has done for the part of Northern British Columbia which he is supposed to represent in the Legislature at Victoria. Some things improve with age, but not Mr. Manson. Apparently the longer we keep him there the more useless he becomes. Hard times are ahead of us, and heavy curtailments are necessary. With Mr. Manson as our representative we may well expect that the curtailments will be made "particularly in the North."—Bella Cooola Courier.

### COW RUSTLING HAS BAD RESULTS

(Special to The Daily News.)  
Victoria, March 9.—Premier McBride has announced that the Provincial elections will take place on April 10.

A sensational ending has come to the exposure of Hon. Price Ellison's purchase of \$400 government cows for \$25. The charge was so conclusive that he was compelled to resign his portfolio. It is rumored that the Portfolio of Finance will be given to William Manson, of Skeena.

The government will ask the country to endorse another vote of seven millions to complete the P. G. E.

#### HOSPITAL FINANCES BEFORE CITY COUNCIL

The only excitement at last night's Council was caused by the request of the chairman of the Hospital Board for a guarantee of \$5,000 to help finance the institution. The line of credit of this institution at the bank had relapsed and would not be renewed unless it was shown that they were in a position to wipe off the former indebtedness in a reasonable time. They had an overdraft of \$4,000 at the end of last year. Alderman Edge thought they were in good hands with the bank and the city had all it could do at present. He favored waiting till he saw where the city itself would get off at.

Alderman Montgomery said if the Council insisted it would be only on the understanding that a reorganization of the Hospital Association took place, so that there would be some guarantee that the

### U. S. SENDS MORE SHIPS TO MEXICO

(Special to The Daily News.)  
Washington, D. C. March 9.—The crisis in Mexico has become so critical that the Carranza authorities have asked the United States authorities to assist. As a result, Secretary Daniels has sent two battleships of the Atlantic squadron to Vera Cruz.

#### A LAME HORSE.

The Morning Journal announces that it will support the candidature of Wm. Manson in the forthcoming election. The Liberals will hope that he gets it. Wm. Manson is the lamest "horse" today in the Conservative party. Personally, an amiable kind of man, he tries to please everybody, with the result that everybody gets down on him. There are sections in this constituency where Wm. Manson would be in danger of rough handling if he puts in an appearance there. He has straddled the fence every time that an issue affecting the North has come up in the House. His voice has never been raised against the discrimination continually shown by the government toward Northern B. C. In short, Wm. Manson never got the North anything except the unenviable name of being an easy mark when it came to choosing candidates.

### LIBERAL MEETING IN BELLA COOLA

The annual meeting of the Bella Cooola Liberal Association took place at Colony Hall, Hagensborg, Thursday afternoon, the attendance being much larger than on former occasions, showing a great revival of interest in things political. President B. Brynildsen occupied the chair, and in opening the meeting welcomed the members, many of whom had traveled many miles to attend. When the minutes of the last general meeting had been read and adopted and the financial statement submitted, the names of many young men were added to the membership roll. In reviewing the past year the secretary spoke of the work of the organization which was being carried on throughout the whole province, and paid special tribute to the party leaders, who were putting the party on such a perfect fighting footing. Mr. A. Hammer spoke at length on the principles of Liberalism, and took pride that local Liberals were always prepared to publicly discuss the issues of the day fairly and squarely, without fear or favor, a compliment which he was unable to pay to his political opponents. Addresses followed from Messrs. B. F. Jacobsen, M. B. Christensen, R. N. Levelton and G. Gentner. The election of officers for the ensuing year resulted as follows: President—B. Brynildsen; re-elected. Vice President—B. F. Jacobsen; re-elected. Secretary - Treasurer—H. L. Harris; re-elected. Executive Committee—A. Hammer, M. B. Christensen, R. N. Levelton, T. Jacobsen, C. Thorsen and G. Allertson. The meeting was brought to a

### WILSON SIGNS NAVY BILL.

Minor Measures and Resolutions Also Approved.

Washington, March 9.—President Wilson has signed the navy appropriation bill, carrying approximately \$149,753,981, a bill incorporating the Ellen Wilson memorial project for the erection here of a model block of dwellings for the poor, a joint resolution providing for the removal of the Coenties Reef, now a menace to navigation in East River, New York, and a large number of minor bills and resolutions.

#### OVERSEAS MOUNTED CONTINGENT.

Men who have signed on for service with the 14th Canadian Mounted Rifles, will parade at the Exhibition Building on Wednesday, March 10, 1915, at 8 o'clock, p. m.

This Contingent will parade at the Exhibition building on Friday, March 12, 1915, at 9 o'clock, a. m., under command of Lieutenant Bullock-Webster, 68th Regiment, for embarkation for Vancouver. All baggage must be delivered at No. 2 Shed, Grand Trunk Pacific Wharf, by 8 o'clock Friday morning. Every package must be tagged and addressed clearly with owner's name and 14th Canadian Mounted Rifles, Vancouver, B. C. J. H. McMULLIN, Major. 57-8-9 68th Regiment.

close with a brief speech by the president in which he appealed to all Liberals to closely watch events and be prepared to engage in a campaign the result of which would be the breaking of the power of the present administration.—Bella Cooola Courier.

### MUSICAL TREAT IN METHODIST CHURCH

In recognition of the third anniversary of the Methodist Church, the ladies aid provided a most delightful and varied musical program last night.

The large audience showed its appreciation of the various musical numbers and recitations by hearty applause and repeated demands for more. The program opened with Mendelssohn's "March of the Priests," as an organ solo, by Mrs. Armstrong. In this, as in Giebel's "Romance," at the opening of the second part of the program, Mrs. Armstrong proved herself a most accomplished performer on the pipe organ.

Miss Barnsley, Mrs. Scott and Mrs. Hemmel, in their vocal numbers, were deservedly encored.

Mr. Ling and Mr. Davey gave pleasing renderings of their solos.

Messrs. Edmunds and Duffy, in a mandolin duet, and Mr. Hoerschel, in a flute solo, performed effectively.

Mrs. Chisholm and Mr. Brady proved themselves accomplished elocutionists. A musical accompaniment to Mrs. Chisholm's "When Daddy Plays de Banjo" was very effective.

The trio by Miss Barnsley and Messrs. Mellior and Armstrong and the part songs of the Welsh quartet were greatly appreciated. "God Save the King" brought a most enjoyable evening to a close.

Suits Pressed—50 cents. Guarantee Tailors, Sixth Street. Phone Black 69. 51 43

#### ABOUT THOSE COWS.

"Cattle Rustling" does not pay. At least, it costs in dignity and popularity, as Price Ellison has found out. He has resigned as a result of the charges of taking over \$400 government cows at \$25. If he had confined himself to some respectable scheme for robbing the people, like that of the Dominion Trust Company, it would be all right. W. J. Bowser is held responsible for public losses of millions of dollars through the failure of the Dominion Trust; but that is respectable robbery. But trafficking in cows is different. That smells bad.

It is said that William Manson will succeed Price Ellison. That looks fitting. Bowser wouldn't have anybody but a figurehead, and William Manson would completely fill the bill. But poor Bill can't get elected. He almost got a cabinet position before, but the people were charitable; they left him at home. They will do so again.

**EDITORIALS**

An interesting discussion has been going on for some time in the Federal Parliament about happenings in the Civil Service. Dr. Adam Shortt, the Chief Commissioner, reported that during the life of the present government 2,000 employees have been "fired" and 10,000 hired in the place of these. As the former were Liberals the inference is that two Liberals are as good as five Tories. Since 1911 there has been no development in Canada; so this increase cannot be put down to further development. The acme of Canada's development was contemporary with the defeat of the Laurier government. Why, then, increase the staff? It is also noted that the annual expenditure for gone up about 50 per cent since 1911. Canada apparently made a bad bargain when she elected the Conservatives to power.

The attention of readers of the war news is now fixed upon Constantinople. As the capital of the Ottoman Empire, to say nothing of its earlier history, it was a place of great importance. Turkey in Europe has now been reduced to insignificant proportions, and Constantinople does not play the part which it might play as the great eastern seaport of Europe.

It does not, like Gibraltar, command the passage from one great ocean to another. But the Black Sea, at whose gates it stands, is surrounded by the shores of Russia and several other countries, and for Russia it affords the only possible entrance to the Mediterranean. In fact, since the decline of Turkey, Russia is the only power which can make an extended use of the entrance from the Black Sea to the Mediterranean. The chief use or abuse of the fortifications at Constantinople is to prevent Russia from obtaining such an outlet.

The Black Sea is also the outlet for the Danube, Europe's great inland waterway, which passes through Germany, Austria, and several of the Balkan states. If Europe is reconstructed upon any intelligent basis, the Black Sea and its outlet will be made a common highway for the continent.

The shiftings of European policy are curiously illustrated by the fact that Great Britain and France, which fought to

keep Russia out of the Black Sea system of navigation, are now bombarding Constantinople in order that Russia may have free access from the Black Sea to the Mediterranean and if this operation is successful, Russia will be able to communicate with the allies by the Mediterranean instead of by northern waters. Guns and ammunition will enter freely into southern Russia, and the great wheat states of Russia will have a new highway to France and Great Britain. After the war we may expect a great development of southern Russia and great activity in the Black Sea ports.

The moral result of the fall of Constantinople would be tremendous. At present the doings of the rulers of Turkey are veiled in mystery, but there is little doubt that Germans are in control. The flight of the government from Constantinople would have a powerful influence upon the subjects of the Sultan.

Another way of estimating the importance of the operations in the Dardanelles is to say that they aim at cutting Turkey in two—separating Turkey in Europe from Turkey in Asia, and that would mean also that the whole force of the enemy—Germany, Austria and Turkey—would be similarly divided. Any connection that now exists between their forces in Europe and their forces in Asia and Africa would be destroyed. The Turks who are wandering about in Asia and northern Africa would be left without any European leadership. Any danger that may now threaten Egypt or India would disappear. The attack upon Constantinople is as important from a strictly practical as from a spectacular point of view—Toronto Star.

**RELIGION SWEEPING OVER BRITISH FORCES**

Rarely Go into Trenches Without Offering Prayer.

New York, March 9.—National religious regeneration is in progress in England, and the Puritan spirit has seized the British army, according to F. Herbert Stead, of Browning Hall, London, a recent arrival here on the Baltic. Mr. Stead, a brother of the late W. T. Stead, the noted British journalist, is in this country as minister-in-residence at Auburn Theological Seminary at Auburn, N. Y.

"The result of this war from the religious point of view," said Mr. Stead, "promises to be a real national regeneration. The British army, particularly the new army organized by Lord Kitchener, is now filled with the Puritan spirit as no army has ever since Cromwell's time. A common expression, even of the old standing army, is that now 'even soldiers have become religious.'"

"Rarely do the men go into the trenches until they have offered prayer. I heard of several different companies that would not go into battle until after prayer, the men even insisting on their colonel leading them in prayer."

**BOXING NOTE.**

Havana, Cuba, March 8.—The Willard-Johnson fight has been staged here for the first week in April.

The Dramatic Mirror reports that James Cruze and Marguerite Snow, of "Million Dollar Mystery Fame," recently became Mr. and Mrs. James Cruze.

**RECENT HAPPENINGS**

The first Canadian ship to fall a victim to German commerce raiders is the Nova Scotia three-masted schooner Wilfrid M., of Lunenburg, the crew of which was landed at Buenos Ayres by a German tramp steamer.

The annual convention of the N. S. Temperance Alliance met in Halifax. A deputation waited upon the government to urge the application of the N. S. Temperance Act to Halifax, and were given a sympathetic hearing by Premier Murray.

A fire in the furniture store of Brander & Morris, Halifax, on Monday, causing damages of about \$10,000, is supposed to have originated from a cigar stump or match carelessly thrown through the street grating and falling upon dry material near the elevator shaft.

A young Irish-Canadian, Michael O'Leary, from Regina, has won the Victoria Cross for an extraordinary feat of daring when a member of a storming party at Guinchy, February 1. By his own efforts he practically secured the enemy's position and prevented the rest of the attacking party from being fired on.

Degrees were conferred on thirty-three students of Queen's University at a special convocation in Grant Hall on Thursday of last week. These young men are going overseas in various military capacities, twenty-one as hospital dressers and the others with the engineering and infantry corps.

Principal Cumming addressed a meeting of the Halifax Board of Trade on the achievements and possibilities of agriculture in Nova Scotia. He presented the subject in a most interesting manner and gave a large amount of valuable information on which is undoubtedly the most important industry in Canada.

Professor George M. Wong, of Toronto University, in an address delivered before the Canadian Club, Halifax, stated that there will have to be a change of dynasty in Germany before permanent peace is assured to the world.

In the House of Commons, Ottawa, in reply to a question, Major General Hughes stated "that there are already upwards of five thousand applicants for positions of chaplains. There are twenty-two chaplains now in England, besides only eleven permitted to accompany the force to the continent. Permission has not yet been obtained for the sending of further chaplains."

A sad incident occurred near St. Anne de Bellevue, twenty miles from Montreal, in which Miss MacMillan, a sister of Rev. J. W. MacMillan, Halifax, lost her life. Miss MacMillan was watching a C. P. R. train pull out of the station with friends on board, whom she had just seen off for Ottawa, when she was struck by a Grand Trunk train and instantly killed. At the place of the accident there is a sharp curve and a level crossing. Miss MacMillan was superintendent of the Men's Residence at Macdonald College.

**BRITAIN BLOCKADES THE IRISH CHANNEL.**  
With the southern route cut off as shown on the map, the German submarines will have to travel 1,100 miles from either base to reach the Irish Sea. The blockade of the northern route provides for ingress under escort.

BABY'S OWN SOAP The purity and fragrance of Baby's Own Soap have made it a universal favorite. Its use is beneficial to any skin.

It was explained unofficially that the government's position in the matter of preserving neutrality would be made more secure, in the eyes of foreign nations, by establishing a policy of prosecuting attempts at such violations, since such prosecutions would in effect, it was pointed out, serve to place guarantees upon American cargoes that they were not contraband.

The documents in possession of the jury contain charges that the Hamburg-American Steamship Line had attempted to use Norwegian merchant ships as auxiliaries to the German navy, and in this manner supply coal, water and foodstuffs to German war vessels in the Atlantic which have escaped capture.

Complaints are said to have been received by the Federal authorities that dozens of tramp steamers have sailed with contraband cargoes after making illegal manifests and untrue statements as to destinations.

STRETCHING THEIR CABLE. George Stewart Making Plans for Busy Season at Silver Bell Mine.

New Hazelton—George T. Stewart and Ernest Lofquist were down from Nine Mile Mountain for the week end and took in the hockey club concert and dance. C., occupation Contractor, intends to apply for permission to lease the following described lands:—Commencing at a post planted on the northerly limit of the right-of-way of the Grand Trunk Pacific Railway Company, and about 35 chains southwesterly from Mile 84, east from Prince Rupert, B. C., thence north 20 chains, thence west 20 chains, thence south 16 chains, more or less, to the northerly limit of the right-of-way of the Grand Trunk Pacific Railway Company, thence northerly along the right-of-way to point of commencement, and containing about 80 acres, more or less.

TAKE CIVIL SERVICE OUT OF ALL POLITICS

Mr. Andrew Broder Introduces Bill to That End—Shooting Cases Discussed.

Ottawa, March 9.—To take the civil service out of politics, was the laudable purpose advanced by Mr. Andrew Broder for his bill, introduced in Parliament, amending the civil service act.

Sir Wilfrid Laurier, in moving for papers relating to the shooting of two Americans by a Canadian sentry at Fort Erie, said that from what he had seen in the newspapers he was led to the belief that the men shot were poachers who had been violating the laws of Canada.

Case of French Reservist. He desired, however, to bring up the case of one Rutter, a French reservist, en route from the United States to Montreal, who had been shot by a Canadian sentry.

Sir Robert Borden said that the government expected to have in its possession at an early date the details of this case, which would receive immediate consideration. He thought there was a good deal to be said in favor of the contention of the leader of the opposition. The Prime Minister was not aware that the Minister of Militia had even given sentries an order to shoot to kill. It was true, however, that there was considerable excitement at the time, and it was probably necessary for sentries to be stern.

Referring to the Fort Erie affair, the Prime Minister described the incident as most unfortunate. He said the government of the United States was satisfied at the reparation made by the Dominion government. As to the guilt of the militiamen who had done the shooting, he declined to express an opinion, remarking that the case would come up for judicial consideration at an early date.

PAU'S EASTERN VISIT STIMULATES BALKANS

Rumania and Serbia Gave Glad Welcome to the French General.

London, March 9.—Two news agency cables received in London from Southeastern Europe described the worth of the reception lately given General Paul Pau of the French army in Rumania and Serbia.

General Pau recently has been in Russia, and it is evident that he is being employed by the French government on special missions. A dispatch from Bucharest, Rumania, said he was given a hearty welcome upon his arrival, and that he made himself popular in the capital.

Senator Dobresco made a speech in the Rumanian Senate urging the abandonment of his country's neutrality. The senator declared that only by such a course could the aspirations of the Rumanian people be realized. A representative of the Cabinet replied that the government was fully conscious of its responsibility, and appealed for the support of all parties.

GREAT DEVELOPMENT IN WESTERN CANADA

Wainwright, Alta., March 8.—In 1910 the total wheat shipped from Wainwright was two carloads. Last year two carloads a day were shipped from the private loading platforms alone for six weeks running. Somewhere around thirty times the total shipment of 1910. And this did not include the wheat shipped from the elevator. The total wheat shipment in 1913 was estimated at 740,000 bushels. The acreage for this year will show a tremendous increase, and 1915 will go down into history as the biggest agricultural year Wainwright ever had.

**CITY COUNCIL BRIEFS**

The mayor and Alderman Morrissey are expected to return home this week. No announcement was made about the result of their trip.

The salary of Wm. Burket, an employee in the Fire Department, was raised from \$90 to \$100 per month. All the rest of the men are paid \$100 per month.

Bids were opened for supplying of 100 barrels of Portland cement. Only the Westholme Lumber Company put in a figure, which was \$3.45 per barrel. The last order cost \$3.25.

The city treasurer reported last night that the late dog catcher, Tom O'Brien, had sold more licenses than he had accounted for. The amount represented about \$191. It was decided to write the amount off the books.

W. R. Love has been appointed to succeed S. Massey, who joined the last contingent, as head of the Telephone Department, at a salary of \$135 per month. Chas. Force succeeds A. Hepburn at \$130 per month. Norman Short gets the former position on the fire brigade of W. K. Love at \$100 per month.

Wm. J. Goodwin, secretary of the Kitsumkalum Farmers' Institute, wrote the Council last night for information about the manner in which the city market was to be operated in the future. He suggested that if the city had no objections they would furnish a man. They would like to see the market open six days a week.

F. W. Hart put in a bid for the purchase of the city seow at \$30. This was rejected, and bids will be asked to have it repaired. Alderman Montgomery thought the city engineer's former report was prejudiced by the odor of the craft. The seow may be repaired for the city's use in laying an extra pipe line over Shawatlans Passage.

The acting mayor brought up the question of building another cottage at Shawatlans for the employees. There were three married men there, and only two cottages. The other lived in a cabin. It would cost about \$1,065 and the money was to be had in the hydro-electric fund. This was opposed until it was seen if money enough was to be had to complete the plant. It will be dealt with later.

There will be a splendid concert in the Westholme Theatre on St. Patrick's Day, March 17. If.

For a comfortable room, come to the **St. Elmo Hotel**, 836 Second Avenue, near Bighth Street. Newly opened. Steam heat and hot and cold water in every room. Free baths. Rates reasonable.

**HOME NURSING CLASS.**

All ladies of the Home Nursing Class are advised that the examination will take place on Wednesday next, the 10th, in the new school on Borden Street, at 8 o'clock. Candidates are requested to bring their own pens. All other requisites will be provided. 55-58

**WILL PETITION THE DOMINION GOVERNMENT TO PROVIDE FISH WHARF**

The City Council last night received a report from the special committee appointed to deal with the fish situation. The report was as follows:

To the City Council of Prince Rupert, B. C.:

Report of special fish committee appointed by the City Council to investigate means and ways of obtaining a common public fish wharf in Prince Rupert harbor, which begs to recommend and report as follows:

1. That the city as soon as possible petition the Grand Trunk Pacific Railway Company for a free grant in fee simple of waterfront lot No. 6, adjoining the property of the Canadian Fish and Cold Storage Company, Limited, said property to be used for the construction thereon of a common public fish wharf.

2. That the city forthwith petition the Dominion government to construct and maintain a common public fish wharf on said Lot 6, or in case the city shall be unable to obtain said Lot 6 from the Grand Trunk Pacific Railway Company then on another suitable site to be hereafter chosen.

3. That the city promptly take up with the Canadian Fish and Cold Storage Company, Limited, the matter of cheap ice, bait and storage facilities, and ascertain the concessions which the said company would require from the city of Prince Rupert in return for an undertaking on the part of the said company for a period of one year or such further time as might be fixed upon to furnish to the citizens of Prince Rupert or any fisherman requiring the same, ice at \$3 per ton, and, further, the preparing, freezing, and storage of fish for the first month at 3 1-2 cents per pound, and for every month thereafter at 4-5 cents per pound; and, further, the preparing, freezing, and storing of bait at \$5 per ton for the first month and 1-20 cent per pound per month thereafter, and, further, to furnish bait at \$15 per ton to all fishermen fishing out of Prince Rupert.

Dated at Prince Rupert B. C., this 4th day of March, 1915.

T. McCLYMONT.  
 A. W. EDGE.  
 T. MAITLAND.

Speaking to the report, Alderman McClymont said it was rumored that the Dominion government would consider favorably this move to build a fish wharf if the land was turned over to them.

Some of the aldermen counseled delay: "Wait till the mayor returns." Others said that the time was short and urged promptness. It was finally decided to adopt the report of the committee, and they were asked to continue their work.

Moving picture fans are again being delighted by Jimmy Cruze, Marguerite Snow and the famous cast of the "Million Dollar Mystery," who are now appearing in the new serial by Thanhouser, entitled "The \$20,000,000 Mystery."

**LIBERAL CONVENTION.**

The Liberals of Prince Rupert are losing no time in getting a candidate in the field. They have taken time by the forelock and a meeting is arranged for Thursday night in McIntyre Hall, when delegates will be chosen for a district convention, which meets the same evening after the other meeting. Quite a number from the outside districts are expected and proxies are already coming in from those who cannot attend.

**HOSPITAL FINANCES BEFORE CITY COUNCIL**

(Continued From Page One.)  
 money would go to the right channels.

He contended that the doctors were not treating the hospital right. They cornered the men on every important undertaking in the city and got a contract so that each one paid them \$1 per month. Then they used the hospital as a convenience. He thought the hospital should get half that monthly fee, as well as the regular charge for attendance.

Alderman Maitland thought the city should take over the hospital and pass a bylaw whereby the doctors would be compelled to do this.

City Solicitor Peters said the present ticket system was a gold brick. A man might pay for seven or eight months but if he got sick he only got a month's treatment free. "I looked into this matter," said he. "I thought I might possibly get knocked up myself and I could make use of it but I found the contrary."

O. H. Nelson explained that in such cases two months were allowed. It was the same all over British Columbia. Mr. Nelson said that he was satisfied the board would be glad to turn the matter over to the Council. They were sick and tired of it. "A large number of men who came down the line, after going off on a 'jamboree,' come to the hospital to recuperate and never pay and you can't turn them out. Many maternity cases, too, come from dwellers in cabins; and what are you going to do about it? They must have attention; but many of them never pay."

It was finally decided to lay the matter over till a meeting could be arranged between the Hospital Board and the Council and perhaps the local directors. This will probably take place next week.

When a girl's self-respect once escapes it is next to impossible to outrun it.

**TERRACE NEWS NOTES**

Mrs. McCubbin and son of Pacific are spending a few days in Terrace, the guests of Mrs. Marsh.

Mr. Scott has just completed the erection of a fine barn on his premises and soon will have his windmill in operation.

The Progress Club tried out their new piano at their Saturday night dance. It helps.

George R. Naden, of Prince Rupert, will address a public meeting in Progress Hall this Saturday evening in the interest of the Terrace Board of Trade.

The body of L. P. Peterson, who died suddenly last Friday at the Usk mine was brought to Terrace Sunday that Dr. Traynor might hold an inquest. It was found that heart disease caused the death. Mr. Peterson's body was buried in Kitsumkalum.

James Hastings, of Rosswood, was a business visitor in town this week.

Mrs. Sergenson and children, of Calgary, are visiting her brother, John Ames, and family.

Miss Cecelia Stewart, of Copper City, gave a most enjoyable card party to a number of her friends last week. A dainty supper was served at midnight.

Frank Nevins went to Kitsumkalum Lake Wednesday on a prospecting trip.

Fred Folkard, of Rosswood, was a visitor in town this week.

Tom Ross has completed his new barn.

Mat Allard is from Kitsumkalum.

Friends of Rev. and Mrs. W. J. H. Petter will be pleased to hear that he has received the appointment as curate, Trinity Church, Halifax.

Ella and Belle Franks, of Kitsumkalum, spent the week-end at the home of Mrs. Giggey.

**NEW HAZELTON NEWS**

Pete Slavin, Buck Flats, was a visitor in town this week.

The many friends of Mrs. Wm. Anderson will be glad to learn that she is now on the road to recovery.

Hugh McLeod left Thursday morning for Vancouver, where he will spend a few days before going to his old home in Scotland, where Mrs. McLeod has been for the past year.

G. R. T. Sawle, well known in newspaper circles in Northern British Columbia, and particularly in Prince Rupert, has recently purchased the Haileyburian, a newspaper in Haileybury, Ont.

Skating is over for the season at the rink. The lights and all other hockey equipment will be stored away this week.

There will be a meeting of the Liberals of New Hazelton in the Assembly Hall on Monday next at 8 o'clock. All Liberals can do much to further the cause by attending this meeting and aiding with organization.

Messrs. Broughton & McNeil, the pioneer business of the Bulkley, with headquarters at Aldermere, have decided to move their headquarters to Telkwa and close up their Aldermere business entirely. Construction has been started in Telkwa on a large and handsome new store building which will be modern in all respects. It will be quite the most complete general store in the North.—Omineca Herald.
