GERMAN SHIPS MAY REPLACE THOSE SUNK BY SUBMARINES

FRANCHMAN SUGGESTS THAT GERMAN SHIPS DETAINED IN FRENCH PORTS BE GIVEN TO ALL WHO LOSE SHIPS BY ACTION OF GERMAN SUBMARINES.

(Special to The Daily News.)

Paris, April 16.—M. De Messeau, president of the French Shipowners' Association, suggests that the minister of marine place each ship of the Allies taken by German submarines with a vessel of corresponding size in the 278 German ships detained in French ports. He believes this will cause the collapse of the German attack on merchant shipping.

Ships detained in ports of the enemy are in a different class according to international law from those taken on the high seas, which are considered as prizes. By a special act of the French government would permit this measure, which they may do, as many have already broken international law by sinking merchantmen.

KEEP GOING, ROBERT.

Sir Robert Borden has apparently made a start in cleaning up the grafters in his government. Dispatches say that he "practically read out of the party" two of its members in Parliament who were found guilty of grafting in connection with military supplies. If those men are guilty at all they should be imprisoned or shot. It is not punishment enough to send them out of the party. But since Sir Robert Borden has made a start perhaps he will keep on. It is said that Garland, M.P., has been compelled to potlatch back. It is quite in order then to get a big rebate on the purchase of the local Postoffice site. Everybody should be treated alike and it is to be expected (although hardly expected) that Sir Robert will keep on with the good work.

Record of Borden Govt.

Statistics submitted to Parliament show the appalling outrages that have been committed in the Canadian Civil Service since the Borden Government took charge, and notwithstanding Mr. Borden's prior election speech at Halifax, N.S., in which he said:

"To use the power of filling positions in the public service as a reward for party service and without regard to the character and capacity of the individual selected is a gross breach of a solemn public trust. . . . A private trustee so dishonoring his office would be subject to punishment by the criminal law."

Yet this same Mr. Borden, now a noble Knight, in the first three years in office dismissed 5,094 Civil servants, compelled 7,994 to resign—a total of 13,093—and replaced them with—not an equal number—but with 25,613, and that in a time when Canada should be retrenching and not increasing expenditure. The following shows where the dismissals and appointments were made: 138 were dismissed from the Department of Agriculture, and 579 put in their place; Customs lost 465, and gained a help of 1,649, increasing the cost of collecting Canada's revenue from \$2,187,000, in 1911, to \$3,849,000, in 1914; 145 immigration officers were dropped, and 343 put in their place in spite of the fact that immigration has dropped off since 1911; the Department of Justice dismissed 142 of their staff, and appointed 258; the Postoffice "fired" 772, and took on 3,312; 4,495 postmasters were dismissed; in the inner service of the Public Works Department 125 replaced 28, going some even for Bob Rogers; in the outer service 1,208 were got rid of, and 1,877 put in their place; in the Inland Revenue Service 292 replaced 122; the Finance Department dismissed 29 and hired 199; the I. C. Railway, supposedly out of politics, had 1,132 fired, and 2,076 put in their place.

Surely a government that is guilty of such corrupt practices is not worthy of public confidence. This also explains why Canada's expenditures sprang from \$88,000,000 odd in 1911 to \$127,000,000 in 1914 and \$140,000,000 in 1915, which is altogether apart from the cost of the war.

CHICAGO CARPENTERS GO OUT ON STRIKE TODAY

STRIKE INVOLVES 100,000 UNION MEN AND TIES UP WORK UNDER CONSTRUCTION VALUED AT \$100,000,000—WANT INCREASE FROM 65 TO 70 CENTS.

(Special to The Daily News.)

Chicago, April 16.—Sixteen thousand union carpenters walked out today, throwing out of work 100,000 union men, and tying up \$30,000,000 worth of work. If the strike is extended it will affect \$100,000,000 worth of contracts. The strike was ordered by the labor leaders after an increase from 65 to 70 cents per hour had been refused by the contractors.

BASEBALL GAMES.

(Special to The Daily News.)

The following is the result of the games played by the Coast Baseball League:

Los Angeles, 6; San Francisco, 3.
Portland, 5; Venice, 1.
Salt Lake, 2; Oakland, 1.

KING OF GRAFTERS.

The Borden Government has dismissed 13,093 Civil servants since taking office, and yet The Morning Journal has the audacity to say that they were "careful to avoid the dismissal of Liberals." But when it says that it is the remnant of Liberals in the Civil Service who are responsible for the recent graft in military matters it makes a joke of itself. Was it they who ordered the soldier's boots, bought the horses, and purchased the submarines? Indeed, it is common knowledge that the patronage list was sent to all persons making purchases for the Government. It is also said that Borden "practically read out of the party" Garland, M. P., and "Windy" Foster, M. P. This "practically" means that they were "lectured"—not for their corruption, but for being caught. If the Premier were sincere he would dispossess of Bob Rogers and Sam Hughes, and a score of his other supporters besides. All governments seem to have considerable grafters in their midst, but the Borden Government is the king of them all in this respect. Under them, Canada has been able to give "cards and spades" to the States in this regard.

GERMAN ZEPPELINS READY FOR RAID--BOMB DROPPING NEAR LONDON TODAY

HOLLAND REPORTS GREAT ACTIVITY AT GERMAN ZEPPELIN BASES --LOOKS LIKE BIG ATTACK ON LONDON--SPECIAL POLICE WERE APPOINTED TODAY IN LONDON

GERMANS NOT SHORT OF COPPER SUPPLIES

"When anyone tells you that the Germans are short of copper you can give them the lie," writes Colonel Currie, commander of the 48th Highlanders, in France, to Colonel J. F. Michie, Col. Currie sent Col. Michie the head of a thirty-five pound copper shell which dropped into Capt. McGregor's room when the regiment was under fire for the first time. At the time Capt. McGregor was absent, but Frank Perry, who was endeavoring to have a bath in the next room, had a narrow escape, and his clothing was torn to pieces. The Germans dropped thirty of the thirty-five pound shells into a space of ground 200 feet in diameter.—Toronto Star.

London, April 16 (3 p.m.)—That great activity exists at the German airship bases of Emden and Cuxhaven is reported from Holland. Special police were called for duty tonight. Three Zeppelins were seen over the Dutch Islands in the North Sea flying westward.

Count Zeppelin is conducting the movements of the air craft at Cuxhaven.

Aimed at London.

London, April 16.—Two German aeroplanes at noon today dropped bombs at Herne Bay, Sittingbourne, and Faversham. Two Zeppelins raided Sussex and Essex early this morning. They dropped bombs thirty-six miles from London. No lives were lost and little damage done.

They also attacked Malden, Heybridge, Southwold and Lowestoft.

French Reprisals.

Paris, April 16.—(Official.)—As reprisals for the recent Zeppelin attack on Nancy we dropped bombs on the buildings containing the imperial staff at Mezieres,

Charleville, and Freiburg in Breslau. A fleet of fifteen aeroplanes dropped bombs on the German buildings at Ostend. All returned safely and with complete success. A German aviator was brought down in front of the British lines at Ypres.

French Bombs.

Basel, April 16.—French aviators dropped bombs at Villengen and Donaveshingen in Baden.

ELECTION TODAY.

The bye-election for alderman to fill the vacancy existing took place today. Up till noon only about two hundred votes were cast. The candidates are George B. Casey and ex-Ald. George Leek. There have been so many elections of late that the people refused to be aroused over the matter.

For a comfortable room, come to the **St. Elmo Hotel**, 836 Second Avenue, near Eighth Street. Newly opened. Steam heat and hot and cold water in every room. Free baths. Rates reasonable.

"THE SILENT PLEA" AT MAJESTIC THEATRE

The Majestic tonight will screen a great three-reel problem play entitled, "The Silent Plea," with Edith Storey in the leading part.

Two great comedies, "A Man of Parts," and "Sophie Changes Her Mind," and "The Heart of a Bandit," a drama with a punch, make up a program which will delight everyone.

Standardize Laws.

Regina, April 15.—The Regina Board of Trade has passed a resolution calling upon the Saskatchewan Government to take action to secure the standardization of the laws of the Western provinces. At the present time there are many variations in existing laws affecting the conduct of inter-provincial trade. The Canadian Bar Association is also giving its aid to the move.

EDITORIALS

The present war has opened up an avenue for the wholesome occupation of a lot of idle women. Many who before were tearing up and down the land as fanatical suffragettes are now actively engaged in doing something useful for their country. Another class of women with wealth and leisure at their disposal have gone to the front to assist in caring for the wounded and needy. If as a side issue they should succeed in landing a baron soldier for a husband perhaps nobody would be so unkind as to say that this was their chief pursuit. It seems, however, to be the natural weakness of human nature to strive after the sensational and seek distinction above one's fellows rather than to do the plain duties of everyday life for which, perhaps, they are better fitted.

In spite of the fact that it was made quite clear in parliament that the so-called "war tax" is not to pay for the war at all, but rather to make up for the great abuse of public funds by the Borden government, an attempt is still being made to enable the "war stamp" to be received patriotically. After the government had placed an extra duty of 7½ % on British goods in spite of the protest of Sir Wilfrid Laurier, one would have thought that government supporters would hide their faces for a while and give the flag waving business a rest. It would appear, however, that they not only lack patriotism, but decency.

Has it occurred to anyone that the Indian commission, which has just honored Prince Rupert with a visit, has already cost \$80,000—just four dollars a head for every Indian in the province—and they are only just starting. Surely they will know something about the Indians when they get through—or is it just another joy trip?

When some people have said all they have to say about a subject they stop; others just keep on talking.

The business of getting drunk has been placed under glass and given a scientific inspection by a well-known physician who conducts health departments for various newspapers, but the suggestions for getting intoxicated and getting

sober again in a reasonable and hygienic way are not likely to be generally adopted. In fact, the press of the country is beginning to poke a little fun at the doctor for his suggestions for deliberate preparation, as though drunkenness were a matter of consideration and preparation and not, as a rule, a careless accident.

The physician advises those who are planning to become drunk to carefully cleanse their systems and assure themselves that they have no colds or influenzas; if they have, the drunk must be delayed until recovery. Then a day's rest is advised before starting on the debauch, because one who gets drunk when he is tired is ready for pneumonia. Having at length started on the debauch, one should eat his meals regularly, and even take a few extra ones. He should also select clean and well-ventilated bars for his activities, and avoid saloons with hot stoves and sawdust floors and poor ventilation.

Before getting too far gone with drink the pilgrim must arrange for a cool, well-ventilated room in which to sleep, and provide ample bed covering to keep him warm. The next day after this notable performance he must rest and drink freely of carbonated water. Instead of a drink of liquor, he must take coffee or milk.

It is safe to say that if men stopped to make all these preparations they would seldom get drunk. As a rule, drunkenness comes about haphazardly through an overlong stay with social companions. Out of 10,000 men who may enter a saloon, probably not one enters with the deliberate intent of getting drunk. Intoxication is a submerged mine that one does not ordinarily steer for intentionally.

However, there may be men in the world who deliberately plan these things, and if there are, the good doctor has certainly furnished them with hygienic plans and specifications. —Seattle P. I.

SAYS RECRUITING IS STILL TO CONTINUE

Major General Hughes Does Not Look for an Early Termination of the War.

Toronto, April 12. — Major-General Sam Hughes, minister of militia, in an interview here, stated that there are now under arms 101,400 men in the Canadian forces, and added that recruiting would continue. The minister denied that there was any curtailment in recruiting, and stated it as his opinion that the war is only commencing. On Friday, Gen. Hughes, in addressing the troops in London, after a review, made the statement that from now on there will be no quartering of troops in barracks. Summer camps will, he said, be established in various parts of Canada.

"There is no suggestion in all this that there is an indication of an early close of the war," the minister was asked.

"Early close of the war?" and the General raised his voice a little. "Why, my dear man, it is only just starting. German militarism has to be crushed, and it is not crushed yet, is it? No, sir, this war is only commencing."

"There are men enough now," he added, "to make a fourth contingent and over and above that."

GERMAN RAIDER IS NOT IN GOOD SHAPE

Experts Claim That Kron Prinz Wilhelm Will be Compelled To Intern.

Norfolk, April 15.—With the United States naval tug Patuxent standing guard, the German converted cruiser Kron Prinz Wilhelm is taking on supplies at the dock at Newport News where she ran yesterday after more than eight months' commerce raiding. Surrounding the Wilhelm were half a dozen British steamships awaiting horses for shipment to European battle fronts. The Wilhelm won't intern, Captain Thierfeldt again asserted. She will take on supplies, repair and make a dash to sea, he said.

Experts declare that the Wilhelm will certainly intern. The bottom of the vessel is covered with barnacles. Her portside is damaged from aft the pilothouse to the first class saloon entrance. Her decks are torn up and the inside cabins wrecked where coal was poured into her bunkers. Several plates are sprung below the water line and considerable water has been shipped. She has a list of seventeen degrees to port.

CANADIAN DAY AT SEATTLE

Seattle, April 15.—The selection of the second day of the big Imperial Council Nobles of the Mystic Shrine, at Seattle in July as Canadian Day has been officially announced by the executive committee of the Nile Temple, in charge of arrangements for the gathering of 200,000 Masons and their families.

Monday, July 12, will be practically given over to the Canadian temples, and a series of features in their honor are being planned. In Canada there are eight temples, Al Azhar, at Calgary; Gizeh, at Victoria; Karnak, at Montreal; Khartum, at Winnipeg; Luxar, at St. John, N.B.; Mocha, at London, Ont.; Philae, at Halifax; and Wa-Wa, at Regina.

The programme for Canadian day includes the reception of the Imperial special train bearing the Imperial Potentate and his Divan; with a procession through the downtown streets; governor's reception, and the reception of the United Northwestern Temple headquarters to all visiting temples and nobles. In this the Canadian temples will largely participate.

Many special trains of the 150 scheduled for the council are planning to pass through Canada, and Masons on that side of the boundary line will have ample opportunity to entertain Shriners and their wives.

TORTURED BY CONSTIPATION

"Fruit-a-tives" Cured Paralyzed
Bowels and Digestion

ST. BONIFACE DE SHAWINIGAN, QUE.
Feb. 3rd. 1914.

"It is a pleasure to me to inform you that after suffering from Chronic Constipation for 2½ years, I have been cured by 'Fruit-a-tives'. While I was a student at Berthier College, I became so ill I was forced to leave the college. Severe pains across the intestines continually tortured me and it came to a point when I could not stoop down at all, and my Digestion became paralyzed. Some one advised me to take 'Fruit-a-tives' and at once I felt a great improvement. After I had taken four or five boxes, I realized that I was completely cured and what made me glad, also, was that they were acting gently, causing no pain whatever to the bowels. All those who suffer with Chronic Constipation should follow my example and take 'Fruit-a-tives' for they are the medicine that cures."

BRITISH TREASURY WILL SUPPLY FUNDS

Will Continue to Provide Money
To Meet Canada's War
Expenditure.

London, April 15.—Sir George
Perley, acting high commissioner
for Canada, has completed plans
with the British treasury for a
renewal of the arrangement made
in the early period of the war for
the payment of Canada's war ex-
penditure. The British treasury
will continue to pay to the Cana-
dian government account £2,000-
000 monthly, £1,000,000 in the
middle of the month and £1,000-
000 on the last day of the month.
This will be for Canada's war ex-
penditure alone. At the close of
the war, at such time as the
chancellor of the exchequer and
the Canadian minister of finance
consider opportune, a Canadian
loan will be floated for the liqui-
dation of this indebtedness to the
British treasury.

The Canadian loan recently is-
sued was not for war expenditure
at all but for public works.

The British government is
lending this money to the Cana-
dian government at the same
figure as it received it from the
public, four per cent. The loan
Canada recently raised was on a
4 1-2 per cent basis.

CERTIFICATE OF APPROVAL.

1. WHEREAS the Corporation of the City
of Prince Rupert is incorporated under an
Act entitled the "City of Prince Rupert
Incorporation Act, 1910,"—B. C. Statutes
1910, Chapter 41:

2. AND, WHEREAS, by Resolution of
the Council of the said Corporation
authority was given to stake water rights
on the North Arm of Wark Channel:

3. AND, WHEREAS, the said Corpora-
tion has applied for a water licence to
divert water from Thulme River, a tribu-
tary of the said North Arm, for power
purpose:

4. AND, WHEREAS, the said corpora-
tion has, after due notice, petitioned for
the approval of its undertaking as far as
it relates to the said application for a
licence:

5. AND, WHEREAS, no objection has
been filed to the said petition:

6. THIS IS TO CERTIFY that the un-
dertaking of the said corporation in so far
as it relates to the said application for a
licence is approved, subject to the terms
and conditions of the "Water Act, 1914,"
and to the following additional terms and
conditions:

7. Any licence issued under said ap-
plication shall, notwithstanding the issue
of this certificate, be subject to adjust-
ment by the Board of Investigation:

8. The said undertaking has been di-
vided into two parts, the first part con-
sisting of the surveys of such of the works
proposed in the said application for a li-
cense as the Comptroller of Water Rights
shall consider necessary, and the second
part consisting of the construction, main-
tenance, and operation of such works.

9. The surveys required under the
first part shall be commenced on or be-
fore the 1st day of June, 1915, and the
plans thereof shall be deposited with the
Comptroller of Water Rights on or be-
fore the 1st day of November, 1917.

10. The second part of the undertak-
ing shall not be commenced until a bylaw
under the provisions of which the said
Corporation propose to carry out the un-
dertaking has been duly passed and ap-
proved, nor until a further certificate of
approval under Section 83 of the "Water
Act, 1914," has been issued.

11. The territory within which the
said Corporation shall exercise its powers
in respect of the use of the said water is
the City of Prince Rupert.

12. This certificate shall not in any
way be deemed to be an approval of the
plans of any works covered by the pro-
posed undertaking or to authorize the
construction of such works, but shall have
the effect only of a certificate issued under
the provisions of Section 81 of the
"Water Act, 1914," and shall be subject
to such provisions, and to the rights of
the Continental Power Company under an
application filed on the 18th day of Aug-
ust, 1908.

13. This certificate shall become null
and void without any notice unless a fur-
ther certificate as required by Clause 10
hereof be applied for before the 1st day
of June, 1917.

Dated at Victoria, B. C., this 10th day
of March, 1915.
(Sgd.) WM. R. ROSS,
Minister of Lands.

SUPPLY SUFFICIENT FOR ALL THEIR NEEDS

New Westminster, April 16.—The secretary of the Board of Trade is in receipt of a letter from Mr. C. S. Hotchkiss, publicity commissioner, Edmonton, in reply to a communication suggesting that steps be taken with a view to supplying Alberta farmers with labor from British Columbia, thus tending to relieve the unemployment in this province. Mr. Hotchkiss says the impression that there is likely to be a large demand for labor in Alberta over and above the visible supply, for agricultural purposes, such as ploughing and later on harvesting, is unfounded, as owing to depression in other lines, the supply appears to be sufficient for all needs, notwithstanding the fact that more acreage will be sown to wheat this year than ever before.

BIG OUTLAY REQUIRED.

A well-known machinist speaking today about the possibility of making shrapnel shells in Prince Rupert said that it would mean the installation of additional machinery, costing about \$50,000. The only people, he thinks, who could afford to do it are the drydock. The other machine shops, of course, could turn out parts as well as larger shops. There are several first-class shops in Rupert, including the Ackerberg-Thompson Company, the Rupert Marine Iron Works, Imperial Machine Works, and Leuty's Machine Shop.

An interesting article in the March number of the American Machinist tells of the great accuracy necessary in turning out shells. Everything must be turned out true to the one thousandth part of an inch. At present there are 130 machine shops in Canada turning out shells.

GRAND BALL TONIGHT.

The Girls' Chapter of the Daughters of the Empire are giving a dance tonight in St. Andrew's Hall. Most of the young ladies in the city are behind it and that means that it will be a brilliant affair. All the funds received will be used for patriotic purposes.

DR. MOORE HERE.

Rev. Dr. T. Albert Moore of the Social Service Department of the Methodist Church arrived in town on last night's train. He will preach in the Methodist Church at 11 a. m. and 7:30 p. m. on Sunday, and on Monday he will lecture in the church on a subject to be announced later.

BEN SELF STARTS NEW RESTAURANT

Ben Self, that popular old-timer, is starting now in business for himself. He has secured a stand next to the Majestic Theatre and he is fitting it up as a first-class restaurant. Ben knows about all the things that are good to eat, which, added to his personal popularity, ought to give him a good share of the trade.

TIME TO MOVE.

An old-timer was yesterday passing by the down-town store that has introduced the old-fashioned black cents and when his attention was called to the invasion he said: "Well, I've been twenty-three years in the lead of those fellows, and it's about time for me to move again."

INJUNCTION GRANTED.

An injunction restraining the owners of the launch Carl F. from taking the boat outside the three-mile limit until a bond for \$550 is filed, was made by Mr. Justice Murphy. The Western Machine Co. claim a lien on the engine of the boat to secure a debt of \$400. The boat is at present at Prince Rupert.
