TURKISH ARMY BOTTLED BY THE ALLIES

DUNKIRK BOMBARDED AT 20 MILE RANGE -- 8 GERMAN SUBMARINES CAUGHT

TURKISH ARMY CAUGHT IN TRAP--- HELD BETWEEN ARMY AND FLEET

RETREAT FROM GALLIPOLI PENINSULA IS CUTT OFF AND THE ALLIED ARMIES HAVE THEM AT THEIR MERCY---
SEVERE FIGHTING

(Special to The Daily News.)
London, May 1.—The end of the Turkish army on the Gallipoli peninsula appears to be in sight. The allies hold both necks of the peninsula and the Turkish army is bottled up between them. Four British armies have started converging movement to crush

the Turkish forces in which they are supported by the allied fleet. Gallipoli and Maidos have been destroyed. There has been furious fighting and very heavy land losses.

Turks in Trap.

Athens, May 1.—Forced to withdraw from the north side of the peninsula to the southeast the Turkish main army is now concentrated at the Dardanelles, between Gallipoli and Maidos and are in great danger of being destroyed by the British. Despatches from Tenidos report that the retreat from the peninsula to the mainland is cut off and that now it is impossible for the Turks to either return or to cross the Dardanelles owing to the long range of the guns of the fleet. One transport, trying to escape, was sunk by the Queen Elizabeth. The Turkish positions at Nijara and Nichari have been bombarded. The French have occupied Yenish.

FORT WHICH HELD OUT AGAINST GERMAN SHELLS

The interior court of the fortress of Troyon which the Germans vainly endeavored to smash with 17-inch shells in September. The fortress held out and helped to check the German advance and turn the tide on the Marne.

DUNKIRK BOMBARDED BY LAND--- GERMANS SHOOT TWENTY MILES

REPORT OF BOMBARDMENT BY FLEET IS UNFOUNDED---THE BRITISH AVIATORS FIND BOMBARDMENT CAME FROM GERMAN LAND POSITIONS

(Special to The Daily News.)
Paris, May 1.—Reports of the bombardment of Dunkirk by the German fleet has been shown to be unfounded. British aviators have discovered that the bombardment was from long-range land batteries. Ten more shells were dropped in the city yesterday causing several casualties. This

set the aviators searching for their origin. They found that the Germans held positions about twenty miles away and that they were shelling the city from that quarter.

The Germans are using very large guns for this work. The shells dropped into Dunkirk are fifteen inches in diameter.

BASEBALL

(Special to The Daily News.)
Vancouver, May 1.—In the Coast Baseball League yesterday Seattle again beat Vancouver by a score of 3 to 2; Spokane won over Victoria by 9 to 8; Tacoma beat Aberdeen by 1 to 0. Tacoma now leads the league.

CRUISER INTERNS

Washington, May 1.—The German converted cruiser Kron Prinz Wilhelm has interned at Newport News, at which place she arrived on April 11 after an eight month's cruise, during which she sank fourteen merchantmen.

CALLS HIS BLUFF

A few days ago the News published the report of a meeting held by Wm. Manson at Lawn Hill, in which our correspondent stated that William Manson had made statements about the B. C. railway subsidies which his audience forced him to admit were "inaccurate and misleading." Our estimable contemporary, the Empire, in its usual "gentlemanly" manner describes this as a deliberate "lie" on the part of the News. The editor of this paper wishes to call their bluff. He agrees to contribute one hundred dollars to the local hospital if he cannot produce the original telegram from a reputable citizen of the Island containing the facts as herein stated, providing the Empire will put up an equal amount to be forfeited to the same institution if this telegram can be produced. This offer holds good till noon on Tuesday, May 4. Now come across old man or admit to the people of Prince Rupert that your statements are entirely unreliable and deserving of a characterization that a respectable paper cannot publish.

MAN WHO DEFEATED TUPPER VISITS RUPERT

Alex. Johnson, the deputy minister of marine and fisheries, who has just visited Prince Rupert, was formerly Liberal member for North Sydney, Cape Breton. He has the distinction of being the man who defeated Sir Charles Tupper in 1896.

Mr. Johnson received his present appointment under the Laurier government and the fact that he has retained it under Sir Robert Borden is a great tribute to his ability. He is said to be one of the most capable men in the employ of the government.

(Special to The Daily News.)

Paris, May 1.—Eight German submarines have been either sunk or captured by the British within the last week. The British Admiralty apparently worked a huge deception on the Germans. The announcement that shipping between England and Holland was ordered stopped was planned to give the impression that the British fleet was about to retire from the protection of the trade routes. This decoy had the effect of inducing the submarines to again come out to pursue their commerce destroying raids. In the meantime mines and nets were arranged to catch the submarines

with results which are most gratifying to the Admiralty.

Today the Admiralty has given orders for the resumption of trade, but passenger ships are not yet allowed until the routes have been thoroughly cleared of submarines.

The train was delayed about fifteen minutes this morning in order to accommodate a few passengers who were coming in on the John. The John just arrived from Vancouver.

Among other issues in the Chicago election for mayor, there was introduced the pro-German sentiment. The defeated candidate was Robert M. Switzer of German-Irish origin. Prior to the election a pamphlet was freely circulated throughout the city setting out that there were more Germans in Chicago than any other city in the world except Berlin and Vienna. The circular said: "Let us on next Tuesday (election day) flash the message throughout the world that the second largest city in the United States has elected for its mayor a German American, Robert M. Switzer. It will be a wonderful encouragement to the friends of the German cause and the most effective rebuke to the anti-German agitation throughout this country." The result of the election was that Switzer was defeated by a majority of 147,977. It would appear from this that pro-German sentiment even in Chicago doesn't carry a great deal of weight.

A number of prominent German residents of Vancouver have been arrested and sent to the military detention camp. The charge is that they have celebrated the recent casualties among the Canadians at the front. No doubt the evidence is sufficient to convict them or this step would not have been taken. To take such liberties in the heart of their country's enemy is not only showing a great lack of tact, but stupidity of the profoundest kind. Germans in Canada have been well treated; they have been allowed their full liberties except in very rare cases and this only when found guilty of serious indiscretions and it is surely very poor thanks for this kindness to find them celebrating the death of our fallen heroes. One cannot blame Germans for secretly sympathizing with their country, but

when they start to make their demonstrations in public it is time to call a halt. Canadian sentiment will strongly support this action in Vancouver.

Diplomacy doesn't seem to be the forte of the Germans. Indeed, most of their international moves seem to be of the most stupid kind, to which, indeed, the cause of this war itself can be assigned. The recent note to the American people is also a fair sample of their blundering. Not being satisfied with the conduct of the Wilson administration in connection with the export of arms they appealed to the American people over the heads of the government. This conduct almost resulted in the German ambassador being asked to leave the country and as it was brought down serious rebukes upon his head. A country that doesn't understand international courtesies should wait awhile before they try to rule the world. The "Kultur" of the Germans seems to contain an element of harshness.

A meeting was held a few days ago in Toronto to protest against the government holding an election during the war. From the reports of the meeting it appears that both parties were blamed to some extent for the election talk. The Liberals were blamed for making political capital out of the abuses in connection with the militia contracts. From this one would understand that the matter should not have been exposed at all in which case Mr. Garland's drug clerk would still have that \$6000, the boot manufacturers would still be going ahead building rotten boots, and political agents would be scouring the country for spavined and crippled horses. As a matter of fact the Liberal opposition has done a great service to the Dominion and to the Empire by exposing these

King Albert, of Belgium, and General Joffre meeting in a little town behind the firing line. Appropriately enough the building in the background is a roadside inn, the sign on which reads: "At the Sign of the Flemish Lion."

rascalities and they should receive the thanks of every patriotic Canadian.

But it is not the exposures of the Liberals that created the desire for an election. Indeed, it is these very things that will likely prevent it. Politicians of the Bob Rogers type care nothing for personal or imperial sentiment when it comes to a case of grasping five more years of power. If they were satisfied that an election at the present time would mean victory it would matter little how much the feeling of patriotic Canadians were outraged. As it is, the correction which has been shown up has so stirred the country against them that they will not dare to face the people at the polls. It can, therefore be safely predicted that there will be no election at present for the signs of the times are too plain and they are not anxious to lose control of the government.

SEEDING WELL AHEAD FOR WESTERN CROPS

Saskatoon, Sask., April 30.—

Seeding operations are not so far advanced along the more northerly lines of the railway which extends between here and Edmonton as they are in the districts farther south, but nevertheless conditions are favorable, and the country is farther ahead with its spring work by two weeks than at this time last year.

Along the main line of the C. N. R., where the best of last year's crop was to be found, one finds a largely increased acreage prepared for this year's grain. Directly north of Saskatoon the same condition prevails.

Southwest of here, along the Goose Lake line of the C. N. R., much work is being done, but Mr. Fred Engen, who came here from Rosetown, where he is preparing some 5,000 acres of crop, says that too much seed was being sown on stubble in that district. There is pretty good evidence that farmers are making use of every available acre of land that might be expected to yield a harvest next August.

Moisture is needed all through this Saskatoon territory. It is said that about 40 per cent of the seeding has been done in this district, and with continued good weather the bulk of the crop should be in the soil by May 1.

From the scarcity of complaints, it is concluded also that the supply of seed grain in this part of the province has been adequate. Wheat, of course, will be the main crop, comparatively little flax being sown in the Goose Lake country, where so much of it has been grown in former years.

Our fine lines of Ladies' Waists will be sold at a big discount tomorrow at Jabour's Sale. 99-10
