SITUATION EMBARRASSING TO BRITISH GOVERNMENT--PUBLIC DEMANDS ONE TREATMENT FOR ALL GERMANS--RIOTS CONTINUE IN AFRICA.

(Special to The Daily News)
London, May 15.—The confiscation of all German-owned property, valued at a billion dollars, is demanded by the press. The public clamor for one treatment for all Germans is embarrassing the government. Sir Edward Speyer and Sir Edward Asquith are both Germans, and members of the Privy Council.

Both are multi-millionaires and intimate friends of the King. From Pretoria.

Pretoria, May 15.—Following the example of the British government, all alien enemies are being interned. Riots continue at Durbar, Port Elizabeth, Kimberley and Bloemfontein.

C. NORRIS ANNOUNCES NEW MANITOBA CABINET

The following are the details of the resignation of the Roblin government in Manitoba, of which the News had a flash notice on Wednesday:

Winnipeg, May 12.—At 11 o'clock this morning the members of Sir Edmond Roblin's government resigned at Government House and presented their resignations personally to Sir Douglas Cameron, Lieutenant Governor. After a purely formal meeting, in which the resignations were accepted, Lieutenant Governor sent for C. Norris, leader of the Liberal opposition, and called upon him to form a government. Mr. Norris accepted the honor and returned at once to the Parliament buildings, where he was met by gentlemen he had previously selected for his cabinet. There are no other members at the buildings and the change occurred quietly. It is understood that seven ministers will resign their seats in the legislature and these seats will be filled by Liberals without a contest. This would give the Liberals a majority, but in the opinion of the supporters of the new administration not a working one, so it is possible that three private Conservative members will be asked to resign their seats.

Mr. Norris has announced his cabinet as follows: Premier and President of the Council—T. C. Norris. Minister of Public Works—Thomas H. Johnson. Attorney General—A. B. Hudson. Minister of Education—Dr. R. Thornton. Provincial Secretary and Municipal Commissioner—V. Winch. Provincial Treasurer—Edward

Minister of Agriculture—J. D. Gregor (uncertain).

ITALIAN PEOPLE READY FOR IMMEDIATE ACTION

GENERAL STRIKE HAS BEEN PROCLAIMED AT MILAN—CROWDS DENOUNCE KAISER—KING WILL LEAVE QUESTION OF WAR TO PARLIAMENT.

(Special to The Daily News.)
Rome, May 15.—A general strike has been proclaimed at Milan as a protest against Italy's delay in entering the war. Troops occupy the city in order to prevent disorder.

The Italian army is concentrated on the Austrian border and the fleet is ready for immediate action. King Victor Emmanuel will not exercise his supreme prerogative, but will allow Parliament to decide for neutrality or war.

Twenty thousand people are crowding around the Austro-German embassies in Rome denouncing the Kaiser and cheering the new Premier Marcora, who is a Garibaldian veteran.

MIDNIGHT RAIDING PARTY VISITS VANCOUVER ISLAND

PARTY OF WASHINGTON GERMANS SUPPOSED TO HAVE DESIGNS ON CANADIAN-AUSTRALIAN CABLE—DRIVEN OFF BY SENTRY.

(Special to The Daily News.)
Vancouver, May 15.—Germans from the state of Washington attempted a raid on British Columbia last night. About midnight the raiding party visited Bamfield Cable Station, on the west coast of Vancouver Island, where the cable between Canada and Australia is connected. They were driven off by the fire of a sentry and the arrival of the

guards. A launch had been seen for several days signaling the shore. The government has despatched a patrol boat which will conduct a rigid search of the coast.

Russia's New Liberal Methods.

One of the first concessions made by Russia to Poland is the restoration of the use of the Polish language in the elementary and non-State secondary schools and colleges. In non-State secondary institutions Russian history, geography and literature must be taught in Russian. Public opinion in Petrograd regards this measure as the first step in the reconciliation of the Polish nationality to Russia.

ALLIES USE RUSE IN DARDANELLES

Conceal 2,500 Men on Derelict Collier Which Is Allowed to Go Ashore.

Dardanelles, April 25.—(Correspondence via Constantinople)—History has duplicated itself on the Plains of Troy, for by a ruse as ingenious as the wooden horse, which gave the crafty Greeks entrance into the city of Troy, the British succeeded in getting their first landing party ashore for the land operations against the Dardanelles.

On the day preceding the landing the Turkish patrols noticed a huge collier, her decks piled high with coal, drifting in apparent helplessness toward the shoals lining the shores near the Plains of Troy. Finally the big boat struck bottom, and in the twilight which was falling the crew was seen to take to their boats and row hastily toward the sea, where other ships were evidently cruising.

Feeling certain that the stranded vessel would be safe for the night, no attempt was made by the Turks to board her, but when the patrols approached again in the morning they were met by a sharp fire from 2,500 British troops, strongly entrenched and supported by a battery of field artillery. These troops had landed during the night from the apparent derelict, where they had been concealed below the decks.

Then the mist off shore rose and disclosed a long line of transports, from which troops were pouring into small boats, which, under cover from the landing force, reached the beach with comparatively few casualties.

The Turks summoned reinforcements with feverish haste and for a time the small landing detachment was in deadly peril of extinction, but their position was too strong to be taken by assault and when the Turkish batteries got into action enough troops had been safely landed to consolidate the positions won.

PLAY THE GAME.

The British people the world over have always had a reputation for fair play and good sportsmanship.

This feature of the British temperament has been sorely tried in this crisis, because of the fact that Germany has descended to the lowest depths of criminal degradation.

Under these circumstances, any German who starts celebrating the latest "submarine victory" is looking for trouble.

In Prince Rupert and elsewhere, a little commonsense brought to bear on the situation should save us from any disorder.

None will welcome this course of action more readily than the right-minded aliens in our midst.

this country to his own. The mere accident of birth should condemn no man.

No matter what our enemies may do; no matter what thoughtless citizens elsewhere may do; may it never be said of the citizens of Prince Rupert that they stooped to methods of barbarism and injustice.

HARD TO PLEASE.

The government, it is said, has been unfairly attacked and hampered in the work of national defence.

According to one section of the government press the government is being reviled and persecuted by Liberal journals.

SUGGESTION ON PRODUCE EXCHANGE

Victoria—A somewhat unusual letter, but one which probably opens an avenue for successful interchange of business will be read in council tonight from the city clerk of Prince Rupert.

It states that the city authorities of the northern port are in communication with the municipalities in British Columbia and Alberta, inquiring as to prices and the likelihood of supplying the market with commodities in their localities, and the possibility of supplying in exchange fish at cost price, plus freight.

While the fish used in Victoria is caught in local waters, there are some fruit products around this city which require an avenue for marketing, and the subject will doubtless be taken up by the fruitgrowers' associations and farmers' institutes around Victoria.—Victoria Times.

DECLARES BERNSTORFF SHOULD BE EXECUTED

Knew of Huns' Plans to Murder Non-Combatants, Says London Express.

London, May 14.—The Daily Express says editorially:

"Count Von Bernstorff was an accessory before the fact to the murder of American citizens who went to their death when the Lusitania was torpedoed. It is not for us to say what action the United States government should take in the face of this blatant outrage to civilization. It may be that in the face of the rage and indignation which are sure to be aroused from one end of the union to the other, President Wilson still may contrive to remain neutral and still may be content to write protests and demand explanations.

"The United States knows her own business best, but this we may be permitted to say: If the President were to order the arrest of the German ambassador and put him on trial before an American jury for murder, and if Anglo-Saxon justice sent this worthy servant of his blasphemous master to the electric chair, a most splendid blow would be struck for humanity and the world would be spared a repetition of these cold-blooded horrors which are making living a nightmare."

REGINA PASSENGERS SAFE.

Regina, May 14.—All Regina people on board the Lusitania were saved.

Rev. H. L. Dwyer and Mrs. Dwyer, mentioned in the list of survivors, wired from New York. Mrs. E. L. Middlemast cabled her husband from Queenstown that she is safe. Mrs. H. R. Froese, of this city, received a cable from her husband saying he is safe and well.

SEEDING REPORTS.

Regina, May 14.—The Department of Agriculture is in receipt of week-end telegraphic reports from members of the outside staff engaged in various parts of the province. An outstanding feature is that wheat seeding is practically completed. High winds have been prevalent and on light lands some re-seeding may be necessary. A quarter of the oats acreage is seeded and barley seeding has commenced. In the southwestern district it is very evident that no efforts must be spared to conserve moisture.

Coughing scatters germs — Stop it

Coughing increases the irritation of the already inflamed mucous membranes and is moreover apt to carry disease to others. Mathieu's Syrup of Tar and Cod Liver Oil promptly stops coughing, and soon, thanks to its tonic properties, effects a permanent cure. **REINFORCEMENTS FOR
PRINCESS PATRICIAS**

The following is a copy of the announcement that is being issued with the organization of the Second University Company which is going to the front shortly as a reinforcement to the Princess Patricia's Canadian Light Infantry:

**SECOND UNIVERSITY COMPY.
(Canadian Expeditionary Force)
Princess Patricia's Canadian
Light Infantry.**

The Canadian Militia Department has authorized the organization of a Second University Company for Overseas Service, to go as a reinforcement to the Princess Patricia's Canadian Light Infantry. The company will be commanded by Capt. Geo. C. McDonald, of the McGill Contingent, C.O.T.C., with Capt. Percival Molson, also of the McGill C.O.T.C., as second in command.

Owing to the success which has attended the recruiting for the First University Company, which is at present up to full strength, and attached as "D" Company to the 38th Battalion, Canadian Expeditionary Force, it was thought advisable to form another company, and an application was made to the department for the necessary authority, which has been granted.

Recruiting for the company has already been started, and many names have been received.

The company will be composed of graduates or undergraduates of universities or their friends.

Conditions of service and rate of pay will be the same as in the other units of the Canadian Expeditionary Force.

The First University Company and the Toronto University and McGill University Contingents, C.O.T.C., are going to a training Camp at Niagara-on-the-Lake on May 3rd to the 15th, and it is expected that during that period a large number of recruits for the new company will be obtained.

Immediately after the camp active recruiting will be commenced at Montreal.

The headquarters of the company will be at 382 Sherbrooke Street West, and any enquiries or applications should be addressed there to Lieut. Geo. S. Currie, recruiting officer.

IN THE LETTER BOX

Editor, The Daily News:

Dear Sir,—In The Journal of the 14th inst. an article appears as copied from The Mail and Empire headed, "Predicts an Election," which is so unfair and at variance with the facts that it is impossible to allow this statement to go unchallenged. The statement is made that the Liberals opposed the method of raising war revenues and generally pursued a policy of obstruction in the prosecution of the war. Such statement is not a statement of fact, as the Liberals have given their unanimous endorsement to every proposition of the government to carry on the war. The Liberals have objected to the shameful and criminal action of the Tory party in the disgraceful and humiliating grafting in regard to the boots, bandages, horses, motor trucks, binoculars, and patent shovels supplied to the army of Canada. The purchase of the submarines has not yet been cleared up but we will learn more of this later.

The loyal and flag-waving Tory party is shown in its characteristic attitude in this crisis, accusing their opponents of disloyalty, while they themselves wave the flag and plunder the treasury.

The patriots who sold the bad

boots to the Canadian soldiers should be placed in front of a wall and face a firing squad. These are the gentlemen who boast of their loyalty; and every man who stands in the way of their mad rush to the cash box of the country is branded as a traitor to Canada.

The Liberals are in this fight just as much as any one else and in times like these party politics should disappear, but just so long as the Tory party insists that the Liberals are unpatriotic when they are defending the country from the plundering grafter, just so long will the fight keep up.

The so-called war taxes which have been levied on the country are in no sense of the word for war purposes but are levied to make up the financial deficit which is solely due to the carnival of extravagance prevailing at Ottawa. Since the Borden government came into office, they dismissed 13,466 public servants and replaced them with 25,613 servants. This extra expense has to be provided for; and the \$95,000 postoffice graft right here in Prince Rupert has to be paid for by so-called war taxes.

CITIZEN.

Prince Rupert, May 15, 1915.

Follow The King

As head of the Church of England in British Columbia I earnestly appeal to all our Church members to follow the noble example set by our King.

Many are willing to do so but feel the need of something to make their decision definite. To such I would recommend the signing of the following pledge:

I promise, by God's help, to abstain from the use of intoxicating liquor as a beverage while the War lasts.
