ENQUIRY INTO SOUTH WELLINGTON DISASTER -- SMELTER FOR BRITANNIA MINES

GOVERNMENT ENQUIRING INTO SOUTH WELLINGTON DISASTER

INVESTIGATION SHOWS ENGINEERS' MAPS NOT DRAWN TO SCALE—GOVERNMENT INSPECTOR AT FAULT—THE BRITANNIA MINES TO HAVE SMELTER

(Special to The Daily News.)
South Wellington, May 19.—The government enquiry into the recent disaster at this place shows that the engineers' maps of the Southfield and Pacific east workings were not drawn to scale, which made a difference of 15 feet in the wall thickness. W. DeB. Farris, agent for the miners, accused the government inspector Graham with conceal-

ing this knowledge and thus screening the mine owners.

BRITANNIA SMELTER

(Special to The Daily News.)

Vancouver, May 19.—Britannia Mines are to spend \$1,000,000 in improvements this year. Colonel Carnegie is assisting to start a copper and zinc refinery and shell factory.

GRAND PARTY LEAVES FOR OLD COUNTRY

A party of eight left on the train this morning for the old country. They were Mrs. E. Woods and her little girl, Mrs. Hardy, Albert Craggs, R. M. McLean, Jack Little, R. Kerr, and Charlie Dennis.

They will sail from New York on the 26th on the Adriatic, of the White Star line. Mrs. Woods, Mrs. Hardy and Albert Craggs are bound for England and the four boys are for Bonnie Scotland. A large number of friends were at the train to wish them a safe and pleasant journey. Mrs. Demers is devoting every cent of profit on goods sold to-day, Friday and Saturday to the Red Cross Fund. Help it along.

"JUVENILE BOSTONIANS" AT WESTHOLME THEATRE

The Juvenile Bostonians, who are coming to the Westholme for two nights only, starting next Monday night, is now making its eleventh tour, completing over a decade of successful theatrical history rarely equalled. Founded in the beginning as a group of child actresses, it has become one of the best equipped of light opera organizations, from the standpoint of splendid voices and clever acting, now on tour. The management changed its policy considerably in the evolution from a "novelty" musical show to productions of such dignity as "Fantana", "Tipperary Mary", etc., but preserved one rule inflexibly—that only girls in their teens, and no members of the masculine sex, are eligible for a position in the company.

LOCAL BASEBALL

In the opening games of the season at the new recreation park the Colts defeated the Catholic Club by 15 to 13, after a most exciting last inning, in which the C.'s scored 8 runs. A Prince Rupert side defeated the boys from Metlakatla by 13 to 11. The park is still a little rough looking, but will in time be a first rate sports ground. Meantime it is well provided with natural grandstands of solid rock, which in days to come, will have to give way to more ambitious structures.

All the siege guns and modern artillery have been removed from Adrianople to the Aegean coast. The allies disembarked fresh troops on Monday at Kum Kale.

COURT OF REVISION

Mr. J. H. McMullen, the registrar of voters, conducted a sitting of a court of revision yesterday. A large number of names were objected to on the ground that the parties were either dead or away from the district.

It was decided to confer with the registrar at Hazelton regarding those in the interior.

SCOTCH FAREWELL TO HOME GOING BOYS

St. Andrew's Society at a smoker last night paid a fitting honor to three of their members who left this morning for Bonnie Scotland. The names of the guests of the evening were Charles Dennis, T. T. Little and R. McLean. Charles Dennis has been for the last two years the secretary of the St. Andrew's Society, and the president, in presenting him with a gold watch on behalf of the Society, paid high tribute to the energy and efficiency with which he performed the duties of his office. On behalf of the Ladies' Auxiliary, Mr. Dennis was presented with a gold watch fob in appreciation of the unfailing courtesy and valued assistance which he rendered to the ladies' branch. Messrs. Little and McLean were also presented with tokens of the regard in which they are held by their fellow members.

The president in making the presentations paid special tribute to Mr. Little's ability as a debater on many of the strong subjects which perplex the Scotsmen of Prince Rupert. In regard to Mr. McLean, emphasis was placed on the great loss which the Caledonian Football Club sustains by the popular Bob's departure. Bob has been a tower of strength on many a hard-fought football field, both as a strong defender and a dashing outside left, and one of the deadliest shots in the League. During the course of the evening heartfelt mention was made of the loss which the Society has sustained in the loss of W. Mathieson, the first of the members to die for the cause of the Empire. The wish was expressed that though there would be undoubtedly more gaps in the ranks, that soon the bloody holocaust would be over and Prince Rupert's best and bravest would return with laurels on their brows.

The concert sustained the high character of past functions, the principal stars being W. Murray, R. Dowcher, Doc Clapperton and Gordon Black.

"BLACK BOX" NIGHT AT MAJESTIC THEATRE

This is "Black Box" night at the Majestic Theatre, and nothing more need be said. It is the most mystifying serial ever shown. The additional items tonight are "By the Sun's Rays", a drama, "Universal Ike" in a roaring comedy, and the animated weekly.

The management announces a very special program for Friday and Saturday, the chief feature of which will be a two-reel Chaplin comedy.

In order that all may see this great show the Majestic will run three shows on Friday and Saturday, beginning at 6:45 p. m.

There is a rumor around town that the Zibissa, of the Cold Storage Co., has been blown up. The company have had no news of the wreck.

CLEAN ELECTIONS

From the reports in the Conservative press of yesterday's court of revision of the striking off of names from the provincial voter's list, it would appear that the Liberals sought to wipe out as many voters as they possibly could, without any regard to the fact of their being dead or alive, in the district, or a thousand miles away.

The objections filed were largely to names in the interior because of the fact that they were the names of men who had been engaged in railroad construction work and who had left the district on the completion of construction. The Liberals had apparently gone to a good deal of trouble to check the list of objections and see that none were improperly struck off. Where there was any reasonable doubt at all the Liberals asked that the names be retained on the list without regard to their politics.

In a great many cases the Conservatives, although they admitted they knew nothing whatever about the individuals objected to, and even in some cases where they knew that the individuals had been absent from the riding for as long as a year, endeavored to retain the names on the list.

This policy is apparently being pursued throughout the province by the Conservative organizations, and can be more clearly understood when read in conjunction with the statement of the Attorney General that "this is to be one of the dirtiest elections British Columbia has ever seen."

It is clearly in the interests of clean elections that all ab-

sentees and dead men should be struck off the list.

If Mr. William Manson is reported correctly, he pointed out that "to strike such a large number of names off the list as the Liberals specified would be doing a grave injustice." There would be grave injustice done if one name were struck off the list improperly, but it would be just as highly improper if hundreds of names of dead men or absentees were left on. Surely the Conservatives do not mean to suggest that dead men should retain their voting power. The Conservatives attach pretty strong strings to their voters, but surely these do not stretch into the hereafter.

A clean, true voters' list will make for a clean, straight election. A thorough investigation followed by a thorough clearing out of dead names will satisfy the Liberals. All they ask for is an honest voters' list. There is little danger of anyone who is still in the district being struck off. If a voter is outside the knowledge of the Conservative organizations he must have been gone a long time indeed, and need not be greatly worried about.

It is to the highest interests of both political parties that an election be conducted cleanly. The late Manitoba government had "dirty" electioneering down to a fine art, and what have they made of it. They brought the same methods to bear in handling the finances of the province as they did in winning the last election, and last week they began to pay the price. The McBride government has still to pay the price

THOM HELLEN AND BILLIE O'NEIL of the Juvenile Bostonians, who come to the Westholme Monday.

for its criminal land policy, as well as for a score of other such little details, but it will have to pay that price just as surely as the tide ebbs and flows. If it conducts the next election along the lines laid down in Manitoba, the price will just be so much the stiffer. Let us have a clean, true voters' list, and a clean, straight fight when the time comes.

CANADA'S FLYING MEN WILL BE EARLY BIRDS

Toronto, May 18.—Ten young airmen made their first flights over Toronto Bay yesterday morning. The flights were made in the Curtiss flying boats between 8 and 9 o'clock in the morning. There were no further flights during the day, owing to a rather high wind, but so eager were the students to become adepts that they were to muster at 5 o'clock this morning to cheat any wind that may blow today. The school is the largest on the American continent. The students whom instructor Pierce put through their paces yesterday were W. H. Peberdy, Lieut. D. Hay, Capt. Eric McLaughlin, C. Day, Lieut. D. Joy, R. Courtrage (Brantford), A. S. Ince, Lieut. H. Smith, G. A. Gooderham and C. H. N. Geale.

The flights were made eastward from the western sandbar of the island and towards the gasometer on the mainland, and back again.

Two more American schooners arrived yesterday, the Cora and the Stranger.

Dr. Price's CREAM BAKING POWDER

Cream of Tartar, the chief ingredient of Dr. Price's Cream Baking Powder, is a product of ripe grapes. It is pure and healthful beyond question.

Alum, the chief ingredient of many of the substitutes offered in place of Dr. Price's Cream Baking Powder, is a mineral acid, which has been disapproved by physicians and chemists for use in the preparation of food.

In the latest casualty list two more local boys are mentioned. A. E. Jessup, Massett, B.C., has died of wounds, and V. F. G. Gamble and E. T. Dennison have been wounded. There is also a W. A. Mathieson, Vancouver, listed as wounded. It is just possible that this is "Bill" Mathieson for whose next of kin there was an enquiry recently.
