## FRENCH AIRMEN MAKE SUCCESSFUL RAID

### VANCOUVER EDITOR ARRESTED—ZEPPELIN RAID ON SOUTHEND, WOMAN KILLED

#### FRENCH AVIATORS ATTACK GERMAN EXPLOSIVE WORKS

ARMY OF FRENCH AEROPLANES DROP BOMBS ON CHEMICAL FACTORY—MANY BUILDINGS FIRED—ANOTHER AT OSTEND—ZEPPELIN KILLS WOMAN.

(Special to The Daily News.)  
Paris, May 27.—A French force of eighteen aeroplanes attacked a chemical factory at Schwabmünchen, on the Rhine near Mannheim. This is the most important explosive factory in Germany. Each plane dropped hundreds of projectiles and set many of the factory buildings on fire. The aviators were in the air for six hours.

At Ostend, May 27.—Fifty

German soldiers were killed in a street car in Ostend, when one of the Allies' aviators dropped a bomb. The railroad station and the harbor were damaged in the aerial attack.

#### The Difference.

Southend, Eng., May 27.—Another Zeppelin raid was made last night. Mrs. May Fabin, a visitor, was killed and several were injured. The damage done was slight. Two of the Zeppelins dropped incendiary bombs.

#### FRENCH CABLES TO PREMIER BORDEN

(Special to The Daily News.)  
Ottawa, May 26.—General Sir Sam Hughes has sent the following message to Premier Borden regarding the heroic work done by the Canadians:

"I have remained in the front of the fighting. I feel that their heroism and their sacrifices, which are contributing so valiantly to the attainment of our noble ends, will bind us together with those indissoluble bonds which have been forged on the field of battle."

#### STEAMER BETTY TORPEDOED

(Special to The Daily News.)  
Shields, May 27.—The steamer Betty has been torpedoed in the North Sea. The crew was rescued and brought ashore.

#### LOCAL MAN INVENTS HALIBUT LINE HAULER

"Andy" Akerburg, of the Akerburg, Thompson Co., has designed and patented a "long line hauler" for halibut fishermen. The following boats have returned, after making a thorough test of the new device: the Zora, with 15,000 pounds; the Northern, with 12,000 pounds; the Muirneag, with 7,000 pounds; the Royal, with 6,000, and the Tide, with 5,000 pounds.

In describing the smooth and easy working of the new machine, the fishermen claim they cannot speak too highly. Every one of them declared that the "Dandy Line Hauler" is the finest thing of the kind they had ever tried.

Fishing is, in the meantime, the most important business around Prince Rupert, and it is gratifying to learn that a local mechanic has been able to invent a machine which is destined to play an important part in the industry.

#### FATAL WINDSTORM IN SOUTHERN STATES

(Special to The Daily News.)  
Fort Smith, Ark., May 27.—Six people are dead, and sixty are injured, as a result of a terrific windstorm which swept over western Arkansas and eastern Oklahoma.

#### CHINOOK EDITOR ARRESTED FOR LIBEL

(Special to The Daily News.)  
Vancouver, May 27.—George M. Murray, the editor of the South Vancouver Chinook, has been arrested on a charge of libelling Reeve Gold.

It is alleged that he stated that Mr. Gold had been disloyal and had insulted the flag.

#### MANITOBA FARMERS TO GET SQUARE DEAL

Winnipeg, May 27.—In its new administration, the Manitoba Department of Agriculture is issuing a statement of work for the coming year. The administration policy is summarized as follows:

"Sincere and constant effort to improve agricultural conditions throughout the province will be the mainspring of the department's activities at all times. Manitoba is essentially an agricultural province and there is no other province in Canada where the business of farming can be carried on to greater advantage. We have wealth of soil, breadth of acres, an ideal climate and big market opportunities. It only remains for us to see that our farmers get a square deal. By practical common sense methods in meeting their difficulties and by wise legislation on their behalf it will be our endeavor to encourage a great forward movement along all lines of agricultural pursuits. The increased prosperity of Manitoba farmers will mean a corresponding increase in the general prosperity of our province."

#### MORE AMERICAN SCHOONERS ARRIVE

Yesterday three American halibut schooners came in. They were the Rolph, with 14,000 pounds; the Rainier, with 8,000 pounds, and the Narrona, with 10,000 pounds.

Today, the Sitka brought in 60,000 pounds and the Polarus 35,000. The Rainier and the Sitka are here for the second time.

#### LOCAL CONSERVATIVES NAME NINE DELEGATES

A meeting of the Conservative Association, for the election of delegates to the nominating convention for the Dominion contest, was held in St. Andrew's Hall last night. J. A. Kirkpatrick, who presided, explained that Prince Rupert was entitled to nine delegates. The following were elected: Thomas McManoman, A. S. B. Lucas, E. J. Doyle, T. R. Maitland, O. H. Nelson, C. H. Orme, W. J. McCutcheon, J. H. Hilditch and C. Graham.

The nominating convention will be held tonight.

#### NEW THEATRE.

At the City Council on Tuesday, a letter was read from F. W. Hart asking that the sidewalk along Fifth Street to the club be removed, so that he might proceed to excavate for his new theatre behind the Hart Block.

Mr. Hart wanted the walk removed within two weeks, but the club asked for a month in which to make a rearrangement. The matter was left to the city engineer, the city solicitor and the Board of Works.

#### BRITISH SUBMARINE ATTACK IN SIGHT OF CONSTANTINOPLE

BRITISH SUBMARINE SINKS TURKISH GUNBOAT—THE RECENT LOSSES CAUSE DEPRESSION IN CONSTANTINOPLE  
—H. M. S. TRIUMPH TORPEDOED AND SUNK.

(Special to The Daily News.)  
Paris, May 27.—A British submarine has sunk a Turkish gunboat within sight of Constantinople. This loss, following the sinking of several transports recently, has caused a deep impression in Constantinople.

#### H. M. S. Triumph Sunk.

London, May 27.—The British battleship Triumph has been torpedoed and sunk in the Dardanelles while supporting the land

operations of the Australians and New Zealanders. Most of the officers and crew were saved.

H. M. S. Triumph was built in 1904 and was a first class battleship of the 19-knot Swiftsure class. She had a displacement of 11,985 tons and 12,500 horsepower. Her armament consisted of four 10-inch guns, 14 7.5-inch, fourteen 14-pounders, two 12-pounders, eight 6-pounders and machine guns and two torpedo tubes.

#### THEY SHOULD WORRY!

The representatives of "Bowserism" will gather tonight with a representative of "Sham Shoemism." They will have a glorious time patting each other on the back, while their handfed supporters look on and smile sweet smiles of satisfaction.

They should worry, if the lands of the province have been looted, and the soldiers of the Dominion have been sent out to fight the Empire's battles in shoes with the qualities of good blotting paper.

#### BOARD OF TRADE WAR RESOLUTIONS

The Board of Trade held a special meeting last night, when the two following resolutions were passed:

It was proposed by G. R. Naden and seconded by W. P. Lynch that:

"The Prince Rupert Board of Trade, in general meeting assembled, hereby assures the government of the Dominion of Canada, that they are behind them in the prosecution of the war to a successful conclusion to the last man and the last dollar."

On a vote being put to the meeting, this resolution was carried unanimously.

It was proposed by D. H. Hays and seconded by S. Parker that:

"The congratulations of the Prince Rupert Board of Trade be tendered the officers and members of the Canadian Expeditionary forces, who have so ably and dearly upheld the honor of the Dominion of Canada on the fields of battle in Europe, and that the Prince Rupert Board of Trade express their sincere regrets, that such severe losses were suffered by the members in so doing."

#### MOSES IS NOT THE ISSUE.

Attorney General Bowser of British Columbia has formally warned Mr. Moses Cotsworth that he will have something to say at a convenient season about that gentleman's character. The intimation proves how serious is the political crisis in British Columbia. Moses Cotsworth is a well known English accountant and statistician, who, on various occasions, has assisted Canadian governments, including that of British Columbia, to draft important legislation. He came out from England to British Columbia in 1908 to help in framing the Public Service Bill, and has been a resident of the province ever since. Mr. Cotsworth was appointed in 1909 chairman of a commission to regrade the British Columbia civil service, and had some trouble with the government in connection with that work, which sent him into opposition. He has accumulated a vast mass of material from the provincial archives, official documents and other sources, upon which the Ministerial Association of the lower mainland of British Columbia has based the charge that:

"Immense areas of the choicest land have been stolen from the people and the crown in British Columbia, and though the government records in the land offices throughout the province show this clearly, no steps whatever have been taken to recover these lands or punish the despoilers of the people. On the contrary, the Attorney General declared on the floor of the House that 'the speculator must have his chance.' So hundreds of speculative friends have been allowed to seize more land than they can even pay taxes for. And now, by the passing of Bill No. 46 on the third of March last, the Lieutenant Governor in Council can postpone the payment of any moneys due or accruing due to the crown by any such men and for such a time as the government may advise."

In this blunt statement that the lands of the province have been stolen and that Mr. Bowser has so manipulated legislation that the men who have stolen it are to have every opportunity of keeping it is to be found the real issue in British Columbia. Not Moses, but the land thieves. The character of Mr. Cotsworth—of whom the Ministerial Association speaks highly—is not the question before the province. Has he stated the facts as they are? Has the province been looted? Did the government stand by while the looters were at work without endeavoring to enforce the law? These are the matters upon which judgment will be rendered.

The cost of governing British Columbia while all these exploitations of agricultural, timber, and coal lands were in progress increased enormously. The speculator got the profits and the people paid the cost of the roads without which the lands would have remained inaccessible. Before the McBride government came to power twelve years ago the revenue of the province per head of population was \$11.44 and the expenditure \$19.90. Now the total revenue, including the province's half of the receipts from the head tax of \$500 on all Chinese entering the Dominion by way of the Pacific, is \$26.70 per head of population, while the expenditure has grown to the amazing figure of \$40.70 per head. On the same capita basis Ontario would spend considerably over a hundred millions a year to carry on the provincial administration.

Facts such as these cannot be controverted by attacking the character of the man who has dug them out and marshalled them against the government. Mr. Bowser does not yet understand that he is on trial, not Mr. Cotsworth. Sir Richard McBride's reign nears an end. His easy good-nature and infinite capacity for shaking hands no longer "take" with the people who have suf-

ferred from his lack of business ability. The Attorney General plans to succeed to the Premiership when Sir Richard steps out, but across his path stands this huge barrier of charges raised by the Ministerial Association. He must answer them satisfactorily. He and the things he has done and failed to do are the issues in British Columbia today.—Toronto Globe.

#### WATER NOTICE.

##### Use and Storage.

TAKE NOTICE that The Port Essington Water Company, Ltd., whose address is 517 Granville St., Vancouver, B. C., will apply for a license to take and use one and one-half cubic feet per second and to store 400 acre-feet of water out of Cunningham Lake. The storage-dam will be located at the outlet of Cunningham Lake. The capacity of the reservoir to be created is about 400 acre-feet and it will flood 2.23 acres. The water will be diverted from the stream at a point about 5 chains below the said outlet and will be used for Waterworks purpose upon the land described as part of Lot 45, Range 5, Coast District, being the townsite of Port Essington. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert. Objections to the application or to the petition mentioned below may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The territory within which the company desires to exercise its powers is described as the townsite of Port Essington. A petition to amend the Certificate granted to the company in respect of its former right so as to include the right applied for herein will be heard in the office of the Board of Investigation at a date to be fixed by the Comptroller. The date of the first publication of this Notice is March 23, 1915.

### THE DISCOMFORTS OF THE SUBMARINE

Five strange, black-looking craft, with fishy bodies, are moored to a float at One Hundred and Thirty-fifth Street and the Hudson River, New York. By their side is a vessel that looks like a cross between a battleship and a pigsty. These are submarines and the pigsty battleship is the submarine tender. And since one of these machines of war sent the Lusitania to the bottom of the sea they are attracting more attention than the sixty-odd battleships that are lined up for review. These five little things are hideous, grewsome, ugly as sin and as leaden black as death. They have just made a record trip from Key West, coming the 1,200 miles in five days. According to one of the officers of these cigar-shaped steel boxes, they are just as unpleasant inside as outside. Every minute the men are in the submarine means the risk of pneumonia and tuberculosis.

"The entire inside of the boat sweats like a pitcher of ice water on a hot day," said the officer. "Before we are on it three hours our clothes are soaked and they stay that way. We have absolutely no heat, which means that the boat is the temperature of the outside air. Sometimes we nearly freeze. The doctors say that the men on a submarine never sleep; they merely become unconscious for brief intervals. The air, the odors from the machinery, the constant vibration and the intense strain under which you labor make sleep an impossibility.

"In a storm, when we have to seal up, the air gets worse than anything you can imagine. There are eighteen men and two officers in one of our boats, and at any moment any one of the twenty may cause the death of all the rest. There is no room for mistakes. The space in which the men live is fifty feet long and about ten feet wide. I can stand upright if I pick my place, but most of the time my shoulders are bent. There are no bunks; we all spread out mattresses on an iron deck. The dining room consists of four electric hot plates. Nothing in the nature of a spark is allowed below decks, but we can heat up coffee on the hot plates and occasionally fry things. We can't smoke, and the vibration of the engines makes it impossible to read or even play cards, so when we are not working there's nothing for us to do but sit on the floor and look at each other.—Pittsburg Dispatch.

### Coughing scatters germs — Stop it

Coughing increases the irritation of the already inflamed mucous membranes and is moreover apt to carry disease to others. Mathieu's Syrup of Tar and Cod Liver Oil promptly stops coughing, and soon, thanks to its tonic properties, effects a permanent cure. The wonderful popularity of Mathieu's Syrup of Tar and Cod Liver Oil is specially due to its great value as a permanent lung and bronchial healer. Sold everywhere, 35c large bottles.

# TORTURED BY CONSTIPATION

## "Fruit-a-tives" Cured Paralyzed Bowels and Digestion

ST. DOMINIQUE DE SHAWINIGAN, QUEBEC, Feb. 3rd, 1914.

"It is a pleasure to me to inform you that after suffering from Chronic Constipation for 2 1/2 years, I have been cured by 'Fruit-a-tives'. While I was a student at Berthier College, I became so ill I was forced to leave the college. Severe pains across the intestines continually tortured me and it came to a point when I could not sit down at all, and my Digestion stopped paralyzed. Some one advised me to take 'Fruit-a-tives' and at once I felt a great improvement. After I had taken four or five boxes, I realized that I was completely cured and what made me glad, also, was that they were acting gently, causing no pain whatever to the bowels. All those who suffer with Chronic Constipation should follow my example and take 'Fruit-a-tives' for they are the medicine that cures."

### U. S. FLEET OF ATLANTIC IN NEW YORK HARBOR.

Winston Churchill made a hit by concentrating the British fleet "in maneuvers" in the fateful days last July. At this moment the American fleet is "mobilized" in New York harbor, but it is for review purposes. The President expects to review the fleet.

### FOOTBALL NOTES.

The standard of football served up in the international games locally seems to be deteriorating, as, of the series of three played, the last was by far the poorest exhibition, and must have given some of the latest patrons of soccer rather a wrong impression of the game in general.

Those in charge at headquarters would do well to remember that in future it would be advisable to leave international fixtures

and give the players a better opportunity to do themselves justice, as quite a few reputations were marred by Monday's display.

Of the English side, Brand in goal was the star and fully justified the general opinion of his being the best goalkeeper in town. The backs at no time were brilliant, although Garnet played a serviceable game, while in the intermediate line Yardly was outstanding. Coming to the forwards, they only flattered to deceive, as first impressions gave the suggestion of a strong-going quartette, but their finishing throughout was weak. Cameron and S. Hardy alone played to anything like club form. A little more steadiness might have improved them.

Grant, in goal for Scotland, did not justify his selection, as at no time did he inspire confidence by his work between the sticks, he being too prone to punt the ball instead of using his hands. McDuff played consistently at back and gave some of the younger players a few points in playing the game. The star of the Scottish side, however, was W. Murray—one of the few to enhance his reputation—and one can surmise what the game would be with twenty-two of his kind. Abbott did not seem inclined to exert himself, while Hunter, who took Martin's place, did remarkably well considering that he was playing out of position. The weakest part of the team, however was the forward line, where the work entirely belied the reputation of the real Scottish close-passing game, except for a few occasional flashes on the left, where Neilson and McWilliam improved as the game proceeded. Kinghorn has often been seen to better advantage, his judgment being often at fault, while McCraik suffered through the inconsistency of his partner, Briton, who has entirely lost his adeptness of last year.

**PORT SIMPSON DEFEATS RUPERT AT BASEBALL**

Accompanied by about thirty loyal rooters, those frisky Colts journeyed to Port Simpson and were defeated in a good nine-inning game by the strong Simpson team.

Although beaten in the game, the boys from Rupert excelled in athletic events. A. Pescott won the 440-yard dash. A relay team composed of Fred Gilhuley, W. Anderson, Bill McLeod and A. Pescott were winners in that event, while the base running of Ben McDaniels against time, winning easily in 14 seconds flat, nearly equalling the world's record of Hans Lobert, was another feature.

Short speeches by Indian Agent Perry and Chief Dudoward, followed by dancing in the evening, completed a very enjoyable excursion.

**LOCAL PROSPECTOR DESCRIBES SEWARD**

The Daily News has received a letter from Lewis Duncan, the well known prospector of Hazelton and Prince Rupert, who is now at Seward, Alaska.

Mr. Duncan states that railroad construction is not expected to start until the middle of July. There are several hundred men working at Ship Creek, but there are far more men than jobs, and it is a good place for the laboring man to stay away from in the meantime.

The writer says that real estate in Seward is advancing by leaps and bounds, inside business property selling for from \$8,000 to \$12,000 per lot, and corners fetching \$15,000 to \$17,000. Seward has a population of about 3,000 people. For the present, anyone building has to bring lumber in from the outside. There are two lumber mills in Seward, but only one is in operation and cuts only 6,000 feet per day. The other has been purchased by the United States government.

**GREAT MILITARY FILM AT WESTHOLME THEATRE**

The Westholme opened last night with a great five-reel production depicting the taking of Quebec by the British under Wolfe. The scenes are most realistic, showing the British sailing ships coming up the St. Lawrence, and landing troops to attack the forts held by Montcalm. Perhaps the most striking scenes are those of the fireships, set afloat by the French, drifting down towards the anchored fleet in the night. The defeat of the first British attack is faithfully portrayed, followed by the night landing and the climbing of the cliffs to the Plains of Abram, culminating in the taking of the citadel by the British.

A love story running through the piece adds a touch of romance, and throughout it is one of the most stirring films seen in this popular house. The orchestra helps out the effect beautifully by playing military music suitable to each little episode, even the boom of the guns being sounded.

A splendid Pathe Gazette and "A Proposal Deferred," featuring Mary Fuller, complete a program well worth seeing.

**TRADES AND LABOR COUNCIL MEETING**

The semi-monthly meeting of the Trades and Labor Council was held in the Carpenters' Hall on Tuesday night, when Organizer Denning presided over a large attendance of delegates, President S. D. Macdonald being unavoidably absent.

The minutes of the previous meeting having been read and approved, the Market Committee reported progress, as did the Committee on Industrial Training and the Labor Temple Committee.

The report of the organizer was received and adopted. Secretary Thomson notified the delegates that he had received several copies of the proposed Workmen's Compensation Act, as ordered from Victoria.

The question of the dismissal of Miss Nauman, a member of the Musicians' Union, from the Westholme Theatre orchestra was discussed, a committee being appointed to act in conjunction with the Musicians' Union. From the expressions of the delegates to the council, it would appear that a very grave injustice has been done to Miss Nauman.

The labor representatives of the City Council were in attendance to discuss certain matters with the trades and labor delegates. The council adjourned at 11 p. m.

**MANY GRAND TRUNK MEN ON FIRING LINE**

The Grand Trunk and Grand Trunk Pacific Railways have now supplied to the Canadian active service contingents, it is announced, over twelve hundred men.

Every department in the system has sent its quota. The president, Mr. E. J. Chamberlin, has his secretary in the fighting line, and in another battalion is the secretary of Mr. Howard G. Kelly, vice president, in charge of maintenance, construction and operation.
