MORE SUGGESTIONS FOR CIVIC RETRENCHMENT

The News has been asked to publish the following letter, which Mr. Angle sent to the Mayor some days ago:
To Mayor Newton—Please define the present duties of the city clerk at a salary of \$185 per month, as compared with the duties of the same person in 1910 and 1911, at a salary of \$150 per month; when he at that time was city clerk, city treasurer, city purchasing agent and materially aided in the drafting of bylaws and city contracts?
Please define the duties of the present city treasurer, at \$200 per month, as compared with the duties of the city clerk, city treasurer and city purchasing agent of 1910 and 1911 at a salary of \$150 per month? the same person performing the three-fold duties.

Please define the duties of the present city solicitor, at \$250 per month, with those of the city solicitor of 1911, at a salary of \$150 per month,—with no money in the treasury for the performance of public works or the protecting of contracts?
Please compare the \$12,000 purchase of unnecessary stock for the Telephone and Light Department of the present time, as instanced by the number of spools of cable now lying exposed to the weather near the old electric light plant—also the pile of electric poles rotting at the corner of McBride and Sixth Avenue. I ask you to compare this with the same unnecessary purchase of water pipe, steam rollers and useless culverts of the Engineering Department of 1911, when you took such an active stand in abusing the 1911 Council and the then chairman of the Board of Works with extravagance and incompetency; all of which caused the Council of 1912 to rise to the occasion and expunge the whole department to the saving of some \$10,000 annually. Does the saddle not gall under its present rider? or has the emoluments of office calloused the honest principles then espoused in the interest of the suffering ratepayers?
Please state why two stationary engineers are required at the old electric light plant at \$125 per month each, when two switchmen at \$85 per month can perform the work, as done in similar plants elsewhere?
Please state if there is one man in the city employ, in the electrical department, that can wind an armature when necessary; or if the armature must be sent to Vancouver to be wound? If there is such a man, please state his

FURIOUS GERMAN ASSAULT AT BAGATELLE AND CALONNE

ATTEMPT TO BE MADE ON VERDUN--SECOND ARMY WILL BE ON FIGHTING LINE THIS SUMMER—BRITAIN TO USE GASES--THE BRITISH STEAMER INDIANA TORPEDOED.

(Special to The Daily News.)
Paris, June 28.—A furious German assault has been made at Bagatelle and on the trenches at Calonne. It is believed that an attempt will be made to approach the fortified town of Verdun, which controls the railroad from Chalons to Saint Menehould.
Britain to Use Gases.
Ottawa, June 28.—Col. J. J. Carrick, Canadian representative on the staff of General Sir John

French, says that the whole of the Second British Expeditionary Force will be on the fighting line this summer.
Colonel Carrick also states that British scientists are arranging for the use of gases, in retaliation for the measures adopted by the enemy.
British Steamer Sunk.
London, June 28.—The British steamer Indriani, 3,364 tons, has been torpedoed in St. George's Channel. The crew was saved.

EXCITING DETECTIVE STORY AT WESTHOLME THEATRE

TORNADO VISITS CALGARY DISTRICT

Calgary, June 26.—The most terrific wind, thunder and rain-storm that Southern Alberta has experienced for very many years swept the district south and east of here yesterday, and besides killing three and injuring about a dozen persons in Grassy Lake and playing havoc with the business district of Red Cliffe, a small town near Medicine Hat, the fury of the gale resulted in a bad washout of the Natural Gas Company's main, which cut off the supply in Calgary, causing great inconvenience to householders and partially tying up many industries. The C. P. R. line was washed out to the west and south of Calgary, causing damage which will likely take forty-eight hours to repair.

The Bow River is in the most extraordinary condition in the last thirteen years and is still rising at the rate of four inches an hour. The phenomenally heavy rainfall during the past seventy-two hours has resulted in cave-ins all over the city and the flooding of hundreds of basements of private houses. The total rainfall for the period stated is 1.32 inches.

All rivers in the district are roaring torrents and water from rainfall in the mountains continues to cause them to rise.

PANAMA CANAL TOLLS.

(Special to The Daily News.)
Washington, D. C., June 28.—A total of \$4,000,000 in tolls has been collected at the Panama Canal since it opened. During April the tolls exceeded the cost of operation by \$84,112, being \$442,415 to \$358,303.

NOTICE.

The public is requested to be present at the baseball game this evening, as proof of caucuses between the opposing teams was reported at Fourth Street and Third Avenue this morning.
The fate of the players will be decided by the fans. Any or all players scheduled to play will be subject to fine or severe reprimand for their inferior officers.

THE NEW RUSSIA.

The promises of political reform in Russia, made by the Czar in the early stages of the war, were accepted by outsiders rather skeptically.

Under a democratic form of government, Russia will develop into one of the great world powers in commerce. With an area and population much larger than the United States; very valuable oil fields in Galicia; great mineral wealth in the Ural Mountains, and vast wheat lands equal to anything on this continent, Russia has enormous possibilities.

If the Polish commission is a farce, and proceeds to do nothing as noisily and expensively as possible, as commissions have been known to do.

even in enlightened Canada, there is a terrible day of reckoning in store for the "little father" and his friends. If the promises of reform were merely political promises, made today and forgotten tomorrow, the end of the present war will see the beginning of Russia's real troubles.

Coughing scatters germs —Stop it

Coughing increases the irritation of the already inflamed mucous membranes and is moreover apt to carry disease to others. Mathieu's Syrup of Tar and Cod Liver Oil promptly stops coughing, and soon, thanks to its tonic properties, effects a permanent cure. The wonderful popularity of Mathieu's Syrup of Tar and Cod Liver Oil is especially due to its great value as a permanent lung and bronchial healer. Sold everywhere, 35c large bottles.

CANADIAN NEWSPAPER DIRECTORY FOR 1915

It is now nearly a quarter of a century since Mr. A. McKim, who established the first independent advertising agency in this country, completed the rather ambitious task of publishing the first Directory of Canadian publications. The nine successive editions of this valuable work provide the most complete and detailed record available of the growth of Canadian periodicals.

The 1915 edition, of which we have just received a copy, shows that the great war has not seriously affected the newspapers of Canada. While the birth-rate of new publications has received a check, and the death-rate of the weak ones has perhaps increased a trifle, most of the leading papers, particularly the dailies, show very healthy increases in circulation.

A census of the papers listed and described in the 1915 Directory shows nearly 150 dailies, 7 tri-weeklies, 45 semi-weeklies, over 1,065 weeklies, about 40 bi-weeklies or semi-monthlies, 250 monthlies, 3 bi-monthlies and 18 quarterlies—a total of over 1,575 publications.

This means approximately one daily to every 10,000 families, and one weekly to every 1,500 families. From this one would infer that for a comparatively new country, Canada is well-read.

A. McKim, Limited, report the usual keen demand for the Canadian Newspaper Directory, which sells at \$2. Its red-banded, gold-stamped green cover has become a familiar sight on the desks of advertisers, publishers and business men everywhere who are interested in Canada.

THE JOY OF BEING ALIVE AND WELL

Restored To Health By "Fruit-a-tives" The Famous Fruit Medicine

MDE. ROCHON
Rochon, P.Q. March 2nd, 1915.
I have received the most wonderful benefit from taking 'Fruit-a-tives'. I suffered for years from Rheumatism, change of life, and I took every remedy obtainable, without any good results. I heard of 'Fruit-a-tives' and I tried it and it was the only medicine that really did me good. Now I am entirely well; the Rheumatism has disappeared and the terrible pains in my body are all gone. I am exceedingly grateful to 'Fruit-a-tives' for such relief, and I hope that others who suffer from such distressing diseases will try 'Fruit-a-tives' and get well".

UNITED STATES SUPERDREADNOUGHT ARIZONA—The Arizona is nearly four thousand tons heavier than the Queen Elizabeth. She will be launched in July in the Brooklyn Navy Yard and may yet take a hand in defeating the Germans. Without rushing, she will be in commission early in 1916, and will be the biggest ship in the United States navy. She will cost six millions five hundred thousand dollars.

MORE SUGGESTIONS FOR CIVIC RETRENCHMENT

(Continued From Page One.)

Please give your reasons why the present city clerk could not be dismissed, and his spare duties performed by Mr. Edmonds at his (Mr. Edmond's) present salary, thus saving the city another \$200 per month?

Please state what use the city has for a city solicitor during these hard times. Why not dispense with his services and save \$250 additional per month?

Why continue to employ the present superintendent of Light and Telephones at \$200 per month, when his duties can be performed by the city engineer, whose services the city should retain, and thus curtail another \$200 per month?

Summary of Saving.

City clerk's salary for one year	\$2,220
City treasurer's salary for one year	2,400
City solicitor's salary for one year	3,000
City electric light salary for one year	2,400
Salary retrenchment at old electric light plant.....	600
	\$10,620

If, as Mayor Newton has stated to me, that my suppressed letter has been the means of causing Alderman Montgomery to introduce his present scheme so unexpectedly, it may be because he was chairman of the Light and Power Committee when this extravagant and needless purchase of

"ROUND-UP" SHOE SALE

Men's black and tan oxfords, in lace and button, "Invictus," and "Walk-Over" lines all sizes included. Regular price \$5.50 and \$6.00—Special \$4.45.

SKIMMED MILK 5c per quart. BUTTERMILK 10c per quart, two quarts for 15 c. Delivered to any part of the city—Prince Rupert Dairy—Phone Green 252 if.

\$12,000 of unnecessary telephone material was purchased.

If the Mayor cannot answer these questions intelligently to the satisfaction of the ratepayers, it may then be necessary for the city to take a hand, and appoint a commission to investigate the present fiasco.

Yours truly, WM. ANGLE.

In the Letter Box

Editor, The Daily News:

Sir—Are we right in putting all the blame for this awful war on the Germans?

To be true to her ideals Britain most certainly was compelled to stand by her "scrap of paper."

Bear witness to the German toast, "To the Day."

Realizing these views might be considered by some pro-British, I sign myself,

Dr. Price's CREAM BAKING POWDER

There is no alum in Dr. Price's Cream Baking Powder. The names of its ingredients, printed on the label of every can, show it to be made from Cream of Tartar, which comes from grapes.

No alum baking powder or food containing alum is permitted to be sold in many countries. To avoid alum read the label and use only baking powder made from cream of tartar.

Corporation of the City of Prince Rupert.

TAKE NOTICE that: (1). The Council of the Corporation of the City of Prince Rupert intends to construct as a Local Improvement, a four-foot plank sidewalk on Claude Street, from the existing plank road on Eighth Avenue to the centre of Seventh Avenue, thence along Seventh Avenue from the centre of Claude Street, to the existing sidewalk on Donald Street, and intends to specially assess the cost upon the land abutting directly on the work.

(2). The estimated cost of the work is \$234.00, of which none is to be paid by the Corporation. The estimated special rate per foot frontage is \$0.26. The special assessment is to be paid in one year.

(3). A petition against the work will not avail to prevent its construction. Dated this 19th day of June, 1915.
