PRICE FIVE CENTS

Resolute Won Today's Yacht Race

PEOPLE ARE WORKING FEVERISHLY TO HOLD BACK FRASER VALLEY FLOODS

American Defender Wins First America Cup Race

Shamrock Crossed Line First, but Other Yacht Won on Time Allowance; Excitement is Intense

American Needs Two More; Britisher Must Get One

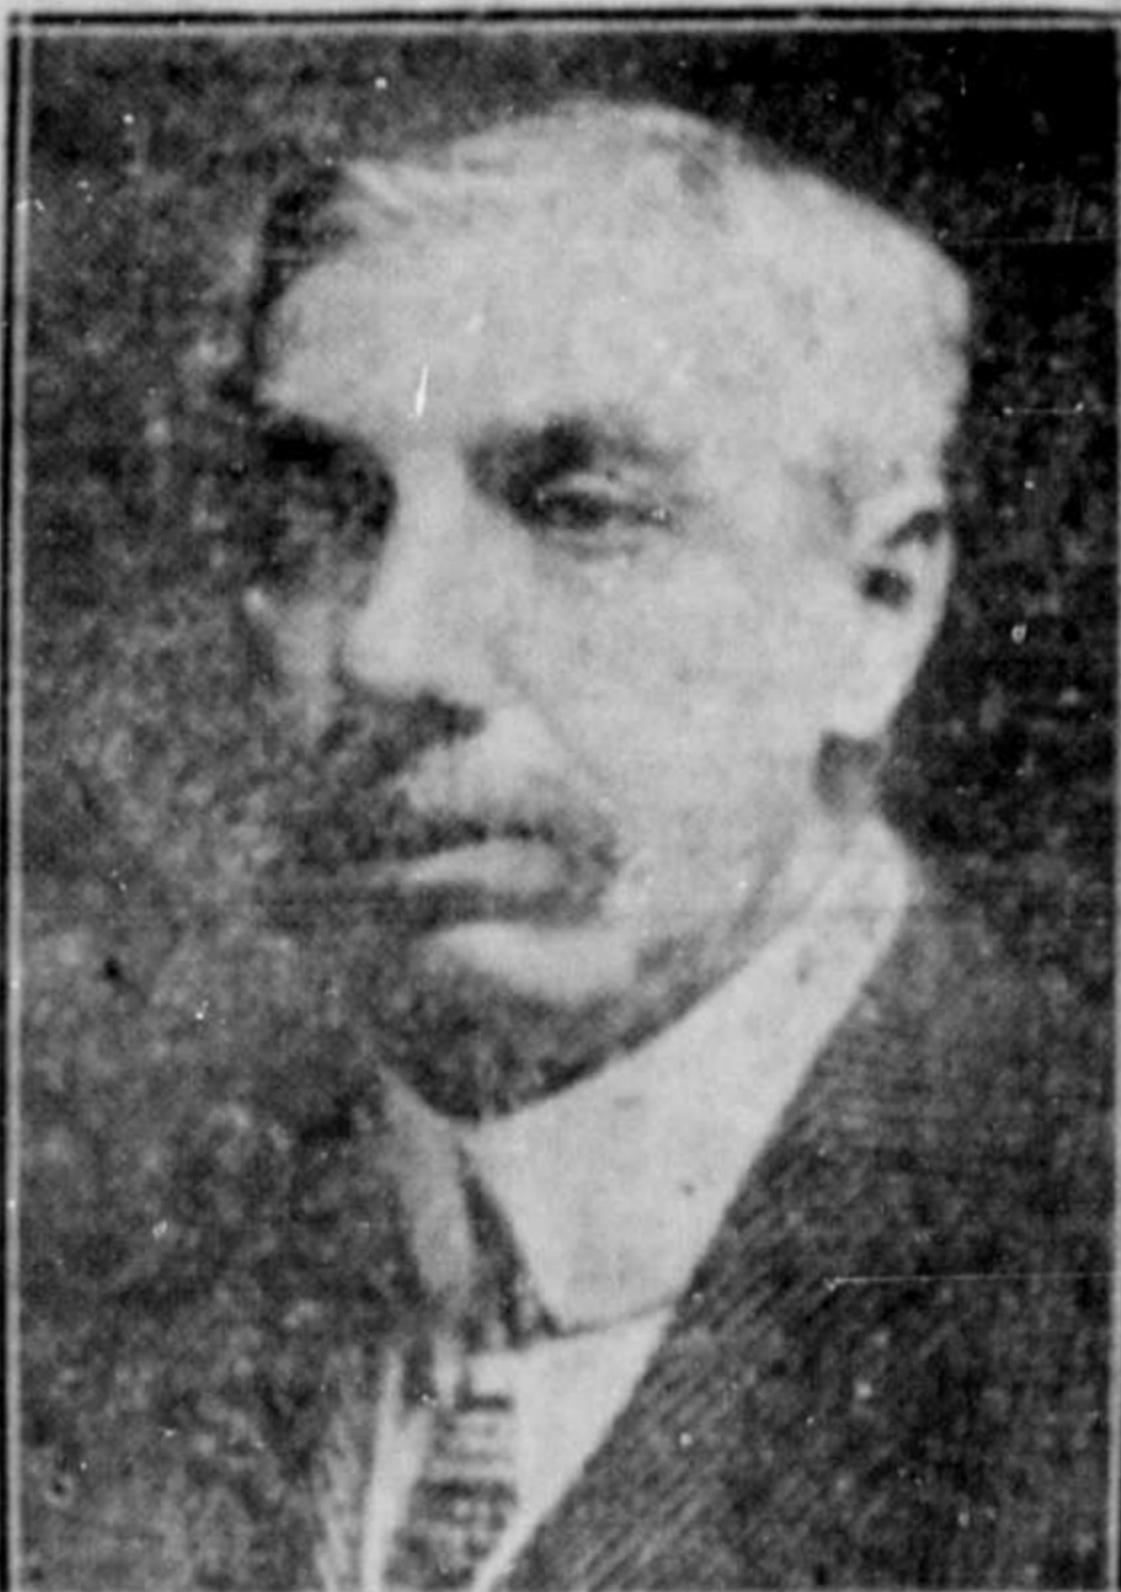

Boats Finished Earlier than Expected; Fresh Breeze on the Course in Sandy Hook

SANDY HOOK, July 21.—The Shamrock was the first to cross the line in the start of the third race for the America Cup today. If she wins today the cup crosses the Atlantic for the first time since 1850. To win the Shamrock is required to get three out of five and she already has two. It is likely that today's race will end late this afternoon.

At 1:40 the Shamrock was three-eighths of a mile ahead. At 1:58 the Resolute had jumped from behind and was leading by 200 yards.

SANDY HOOK, July 21.—The Resolute was leading by half a mile at the fifteen-mile point.

SANDY HOOK, July 21.—(Flash).—The Resolute Wins.

D. B. HANNA

CUTTING DOWN REVOLUTION

Reinforcements are Sent to India for Police Service in Mesopotamia

LONDON, July 21.—Large reinforcements are being sent for British troops in India to all the Arabian revolts in Mesopotamia.

W BRUNSWICK PLANT BURNS WITH BIG LOSS

Chemical Establish-
ment Consumed by Flames with \$10,000 Loss

T. JOHN, July 21.—The Provincial Fertilizer plant east of the city has been destroyed by a damage of \$100,000 to owners.

POSE COLLECTORS OF THE LUXURY TAX

NEW WESTMINSTER, July 21.—At the closing of the convention of the B.C. Retailers' Association, a resolution was passed closing the existence of government collectors of the luxury tax.

STERDAY'S RACE WAS CLOSE CONTEST

SANDY HOOK, July 21.—Yesterday's race was a neck and neck contest. Deducting her seven minute handicap on account of greater sail area, the Shamrock won only by one minute and eight seconds.

MINISTER BACK FROM ISLANDS

Hon. T. D. Pattullo Says Graham Island Should Have Road; Gone to Terrace.

Hon. T. D. Pattullo, minister of lands and member for this district, returned to the city this morning from Queen Charlotte Islands. The minister expressed himself as pleased with the activity on the islands and the general outlook there. To the News this morning he said: "I had a most enjoyable trip and the best eats possible to have. Everything fresh, butter, eggs, cream, berries and vegetables. What a lot of foolish people live one week ahead of nothing in the large cities when they could live in peace and plenty in the country. I found everybody well occupied and busy on the islands. The one difficulty to be overcome there is marketing conditions and effort must be made to improve conditions in this respect."

"I crossed over the Mexican Tom trail from Port Clements to Tlell. There is no doubt that a road should be built connecting Tlell with Port Clements. Apart from any settlement that might take place were this road constructed, it is a trunk line connecting the north and south of the islands and I propose to do all possible to have the work undertaken at as early date as possible."

"In the southern portion of the islands they are expecting a long deferred mining development. A considerable number of mining interests of repute have been looking over the situation this summer and it is to be hoped that some of the properties will be taken over and vigorously pushed. It would not only mean much for the islands but would be of great benefit to the mainland."

"Rupert merchants are not getting as much of the business on the islands as they should. The merchants here might well look into the situation and see if more business could not be turned this way."

Mr. Pattullo left today for Terrace, returning to Rupert in time to catch Sunday's boat south.

DAWSON MINISTER QUIT

VANCOUVER, July 21.—The Westminster Presbytery has received the resignation of Rev. J. McGookin, for two years resident minister at Dawson.

Big Gap in Matsqui Dyke Threatens Thousand Acres

Hindus and Chinese, Men and Women, Digging, Filling and Stacking 40,000 Sand Bags

MATSQUI, July 21.—Hundreds of men and women, Chinese and Hindus, are working feverishly to stop the gap in the dyke here that threatens to ruin the crops over a thousand acres. They are digging and filling in preparation for the stacking of 40,000 sand bags in front of the portion of the barrier that has been washed out by high water and which measures 32 feet wide and eight feet high.

So far the damage has been slight, the floods merely filling the sloughs and old channels. If the water should continue to flow in, however, thousands of dollars would be lost as a result of the damage caused by the inundation.

MATSQUI, July 21.—4:50 p.m.—Danger to the crops and farms of the district has now passed. The repairs to the dyke will be completed this evening.

NO TRACE OF JAPANESE DROWNED AT CANNERY

City Council, Board of Trade and Citizens Generally Will Take Part.

J. G. Dorman, bookkeeper at Port Edward cannery, came into the city by the train last evening and made a statement this morning in regard to the drowning of Y. Fukushima near the cannery yesterday. The fisherman was letting go the stern tow line when he toppled overboard. He never appeared at the surface again. The captain and crew on the tow-boat were all in readiness to seize the drowning Japanese should he appear at the top of the water, but he did not and so far the search for his body has proved futile. Little hope is held out for recovery as the fatality occurred at an exposed part of the coast where the currents are strong.

Fukushima was returned soldier and had served in France for over four years. It is thought by those who were present that the sudden plunge into the cold water affected the man's heart and he never recovered from the sudden shock.

In the police court this morning the case against Stidneck for the pointing of a gun at Constable Aekroyd has been adjourned for the further calling of witnesses.

L. K. Shane, purchasing agent at the dry dock, returned from a trip south today.

Change Operation Edmonton Dunvegan

Canadian Pacific Taking Over; Engineer already there Preparing to Make Repairs; Ocean Outlet for Peace River

EDMONTON, July 21.—The Edmonton-Dunvegan Railway is to be taken over and operated by the Canadian Pacific at once. An agreement has been completed whereby the track and road bed is to be improved immediately and engineers are already on the ground. It is hoped that this step will mean allowing of a Pacific coast outlet for the Peace River district.

BIRDMEN INSTRUCTED AS TO FLYING NEAR AMERICA'S CUP RACES

NEW YORK, July 21.—Aviation rules have been issued for the America's Cup races in progress for the first time since 1903, when Orville Wright made the first flight in an airplane. Aviators are instructed to "fly at all times in such a manner as to prevent the blast of the propeller from blowing toward either of the contestants."

The rules were drawn up for the guidance of naval aircraft pilots, and it was stated that others were expected to observe them "in a spirit of good sportsmanship." Seaplanes, land planes and dirigibles attending the international yacht races are asked not to fly at an altitude of less than one thousand feet, nor to pass over or between the yachts, and to stay on their leeward side.

Aviators are urged to make turns at least two miles from the yachts and in passing to fly on a parallel course at a distance of 1,000 feet. In case of forced landings, aircraft are to glide to a position to the rear of the racers. Attention is called to the fact that owing to the time allowance the race is not over when one of the contenders crosses the finish line, and aviators are informed that they should do nothing that might interfere with the second yacht after the other has finished.

DAILY EDITION.

Wednesday, July 21, 1920.

Mrs. Naden Was Worthy Woman.

The news of the death of Mrs. G. R. Naden at Victoria yesterday was received as a shock by many of her old friends of pioneer days here. The deceased lady was one of the first to make this city her home and was among that small band who came here early in 1909 and encamped on the railway reserve adjacent to old Center Street. She was popular and her worth was known in all work of an uplifting and community welfare nature then as it was in later years when the city had assumed more pretentious size. The sympathy of all Prince Rupert's old timers will, indeed, go out to Mr. Naden and the motherless son and daughter in their sad bereavement.

Sportsmanship Is Shown.

On historic old Sandy Hook has been focused the attention of half of the civilized world these last few days and that attention is a happy one. The America Cup race is probably the most closely watched sport event that takes place anywhere in the world. On it is directed the interest of two great countries, the United States and Great Britain, and it is well that they should compete thus for the America Cup races is one of the cleanest sport events that is held. Sportsmanship in its true sense is shown as far as the participants of the race itself are concerned for thousands of dollars are expended in preparing the boats, while all there is to win is an old cup that itself would bring only a few dollars at a pawn shop. To the winner, be he the Briton or the American, will go hearty congratulations and the opposing contenders will be the first to join in the handclasp.

Worry Causes Short Lives.

Statistics in the east show that there has been an alarming increase in recent years in the number of deaths from heart trouble and diseases of the arteries. The figures were so startling that the Toronto Star asked Dr. Hastings, medical health officer of the city, for his opinion of the situation. Dr. Hastings said: "Strenuous living. Forever reaching out after the almighty dollar. Worry. One hour of worry will do a man more harm than five hours of hard physical labor. People are lying awake at nights worrying about things that shorten their lives. If a man eats a big meal and then starts to worry, his food is not digested, the toxins are not eliminated from his system. This high-tension life, this strenuous reaching out after things, is the outstanding cause of hardening of the arteries and of certain allied diseases which are causing us so much alarm."

Decision Rests With Man.

The number of middle-aged men who drop off in their prime in the large American cities has been the subject of comment for a number of years. The pace has been described as being too fast; they have burned up their energies and frayed their nerves in a mad scramble to make money which they do not live to "enjoy." This tendency has not been so marked in Canada where our cities have not been so large and our business pace not so nerve-racking. We have gone slower and lived longer. But with the growth of our cities we appear to be following the lead of the Americans in fast business and quick death. Apparently you can engage in a mad scurry for wealth and die at fifty or you will, no doubt, place the facts so clearly before the world in the near future that every man will be able to make his choice with more or less mathematical correctness.

Then man will be able to make his decision with his eyes open—a fast life and a short one, or a slower pace and a greater length of years.—Winnipeg Free Press.

HER CASE SEEMED HOPELESS

But "Fruit-a-tives" Brought Health and Strength

29 St. Rose St., MONTREAL

"I am writing to you to tell you that I owe my life to "Fruit-a-tives". This medicine relieved me when I had given up hope of ever being well.

I was a terrible sufferer from Dyspepsia—had suffered for years; and nothing I took did me any good.

I read about "Fruit-a-tives" and tried them. After taking a few boxes, of this wonderful medicine made from fruit juices, I am now entirely well!"

Madame ROSINA POISIZ,

50c. a box, 6 for \$2.50, trial size 25c.
At all dealers or send postpaid by

Fruit-a-tives Limited, Ottawa.

Low, 11:23 a.m., 4.2 feet.

Thursday, July 22

High, 6:18 a.m., 16.4 feet.
48:45 p.m., 18.5 feet.

Low, 10:10 a.m., 6.3 feet.

Friday, July 23

High, 7:27 a.m., 15.3 feet.
19:42 p.m., 17.9 feet.

Low, 2:32 a.m., 6.9 feet.

Sunday, July 25

High, 10:03 a.m., 14.8 feet.
21:43 p.m., 17.7 feet.

Low, 3:16 a.m., 6.6 feet.

15:32 p.m., 9.7 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The stable given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

THE SUPREME COURT OF BRITISH COLUMBIA.

IN THE MATTER OF THE ADMINISTRATION ACT

— and — THE MATTER OF THE ESTATE OF EDWARD M. BAYNES, DECEASED, IN-TESTATE.

TAKE NOTICE that in order of His Honour F. McB. Young, made on the day of November 7, 1915, was appointed an administrator to the estate of Edward M. Hayes, deceased, and all parties having claims against the said estate are hereby required to furnish same to me, the administrator, at my office, 1015 Main Street, on the 1st day of January, 1916, and all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.

JOHN H. McPULLIN,
Official Administrator.

Dated this 25th day of June, 1920.

SEALD Proposals will be received at this office until 12 o'clock noon on the 9th day of August, 1920, for furnishing the materials and labor of all kinds necessary for the construction, equipment and delivery of a proposed Twin Screw Ice-breaker of the following leadings dimensions:

Length B.P. 275 feet

Breadth Mid. at L.W.L. 57 feet

Depth Mid. 22 feet

Depth Mean 19 feet 3 inches

L.H.P. 5,000 to be delivered at the Agency of the Department of Marine and Fisheries, Quebec or Halifax for a fixed sum.

The Department reserves the right to accept or reject any one or all of the bids received.

Forms of proposals, plans and specifications showing what is required can be had from the Office of the Department of Marine and Fisheries, Ottawa.

Any further information desired may be obtained by addressing:

THE DIRECTOR OF MARINE AND FISHERIES,
Department of Marine and Fisheries,
Ottawa, Ont.

NOTICE is hereby given that satisfactory proof of the loss of the certificate of title covering the above lands having been filed with the Land Titles Office, one month after the date of the first publication hereof, a fresh certificate of title to the above lands, in the name of James Barrie Grayson, which certificate is dated 24th October, 1918 and is numbered 8105 L.

W. E. BURRITT,

Acting District Registrar of Titles,
Dated this 26th day of June 1920,
Land Registry Office, Prince Rupert, B.C.

THE DAILY NEWS

Ten Years Ago in Prince Rupert

July 21, 1910.

D. D. Mann, prominent railroad magnate, arrived from the south on the Prince Rupert last evening. It is his first trip up north and he is delighted with the scenery. He predicts a great tourist traffic for this coast with more steamers and better hotel accommodation. He is now on the way to Stewart to look over his mining interests.

Miss Maud Eason arrived in the city from Peterboro, Ontario, by the Prince Rupert yesterday evening.

I read about "Fruit-a-tives" and tried them. After taking a few boxes, of this wonderful medicine made from fruit juices, I am now entirely well!"

Towels, pillow cases and sheets at record reductions Tite's July Sale. If

There were two empty express refrigerator cars on the passenger train last evening.

Demers' Stock Reducing Sale will continue until July 21. Come early while the choice is good. If

R. G. Harlow arrived back on the train last evening following a brief official trip up the line. 69

20 per cent discount on all our gloves; salt, kid, lisle, cotton, chamoisette. Jabour Brothers, Ltd. 71

Another dance at the Auditorium, Sixth Avenue, Friday, July 23. Gray's Orchestra. Refreshments. 71

Every member G. W. V. A. urgently requested to attend Wednesday night's meeting. Urgent business. 69

Dr. Geo. D. Little of Montreal is a visitor in the city, having arrived from the east by the passenger train last evening.

Mrs. W. A. Paterson returned on last evening's train from Terrace where she has been visiting with friends for the past three weeks.

Strawberry and ice cream social with sale of summer and fancy goods on Friday, July 23, at 7:30 at the Methodist Church. Don't miss it. 69

Miss Eleanor Neilson, of Cobourg, Ontario, arrived recently in Vancouver for a visit with her uncle and aunt, Captain and Mrs. G. H. Nicholson.

Mrs. T. B. Hooper, accompanied by her son, reached the city by the Prince Rupert this morning to join Mr. Hooper, the newly appointed city solicitor.

Charles Harrison, of Massett, left for the south by the Chelohsin last night and will go from Vancouver east on his way to England where Mrs. Harrison is at present making her home.

Brewer Cording, a noted Welsh vocalist, is in the city today en route for Anyox. He is just returning to this province after serving overseas with the United States army. Mr. Cording hunted up the friend of his school days, Harry Atkins, with whom he learned A. B. C. in Cardiff many years ago.

Jas. Watt has taken out a permit for the building of a residence on Ambrose Avenue. It will be a one-storey frame structure and will cost in the neighborhood of \$1,000. Mr. Watt has recently returned from overseas and owing to the dearth of houses has found it necessary to erect one of his own.

W. F. Knox started building operations on a temporary frame dwelling valued at \$200 at the corner of Second Ave. and Third St. this morning. Mr. Knox has been trying to locate a house for some time which he might rent and now has had to resort to this temporary expedient. Mr. Knox is in the city in connection with contract work on the G. T. P. dock where piling driving will commence soon.

Our sale continues all this week—Jabour Brothers, Ltd. 69

Among the arrivals from the east last evening was Mrs. Siddons who has come to Prince Rupert to spend a brief vacation visiting with her friend, Mrs. H. R. Grant of Fourth Avenue. Mrs. Siddons is returning to her home in Vancouver.

Tite's July Sale of House Furnishings in full swing. If

Mrs. James Carmichael entertained delightfully at a tea in her home on Alfred Street yesterday afternoon in honor of Mrs. J. G. Steen, who has just recently returned from a trip to Scotland. A large number of ladies called during the course of the afternoon and the hostess was assisted by Mrs. F. G. Dawson, Mrs. D. McD. Hunter and Mrs. S. P. McD. Mordie.

Just arrived several cars of house furnishings—all in Tite's Sale prices. If

To Make a Tart Salad Jell

Jiffy-Jell is for salads as well as desserts. Get the lime-fruit flavor and it will make you a tart, green salad jell. Mint flavor makes a mint jell.

The fruit flavors in Jiffy-Jell are fruit-juice essences in vials—a bottle in each package. They are real fruit, and the flavor is abundant. No artificial flavors—no saccharine.

Try loganberry or pineapple flavor for a dessert, and learn what delicious dainties Jiffy-Jell brings to your table. A package will serve six people.

Jiffy-Jell with its natural fruit flavor costs much less than jam or marmalade.

A. E. Slocombe returned from the south this morning.

D. G. Stewart returned from the south this morning.

Tommy Smith returned from a trip south this morning.

F. J. Martin of Port Essington arrived in the city yesterday.

T. Garrett arrived from the south on the Prince Rupert today.

Greatest reduction in prices at Tite's July Sale since pre-war times.

Mr. and Mrs. J. W. Nicholls returned today from a visit in Vancouver.

Chas. A. Pyne arrived from Prince George on the train last evening.

Jack Peterson, a well known Stewart and Alice Arm mining man, is in town today on his way North.

Mrs. J. Charles Halsey reached the city by the Prince Rupert this morning and will spend some time here visiting.

Captain G. H. Nicholson, manager of the G.T.P. Coast Steamship Company, arrived from the south this morning.

We can save you 15% on Fire Insurance in old strong companies—Phone 7—J. Lorne McLaren, Ltd. If

Jock Campbell, the well known member of the Callie football team, returned to the city by the Prince John this morning following a few weeks' stay on the Queen Charlotte Islands.

A permit has been issued by the city building inspector for the erection of a one-storey building for J. Harris on First Avenue near Market Place. The estimated cost is \$900 and the building will be used as a boiler shop.

Brewer Cording, a noted Welsh vocalist, is in the city today en route for Anyox. He is just returning to this province after serving overseas with the United States army. Mr. Cording hunted up the friend of his school days, Harry Atkins, with whom he learned A. B. C. in Cardiff many years ago.

Miss May Martin, daughter of Mr. and Mrs. Wm. Martin of Eleventh Avenue East, returned on last evening's train from Terrace where she has been visiting with friends for the past few weeks.

Special meeting of the Women's Auxiliary of the O. B. U. in McIntyre Hall tonight at 8 o'clock sharp, for the purpose of electing officers. All members kindly requested to attend. MRS FOSS, recording secretary.

The fisheries protection steamer Givenchy will arrive from the south on Friday evening or Saturday with W. A. Found, deputy minister of marine and fisheries, aboard. Mr. Found is visiting the various fishing centres on his way north.

Our sale continues all this week—Jabour Brothers, Ltd. 69

Among the arrivals from the east last evening was Mrs. Siddons who has come to Prince Rupert to spend a brief vacation visiting with her friend, Mrs. H. R. Grant of Fourth Avenue. Mrs. Siddons is returning to her home in Vancouver.

GAMBLING SENSATION IN FRENCH RACING

PARIS, July 21.—So notorious have turf scandals become this season, and the gambling fever is so great, that the government is pushing bills through the Chamber of Deputies to clear up the racing situation, and curb crooked gambling. Although betting is illegal in France except by pari-mutuels, outlaw bookmakers are general and about ten million francs are bet through bookmakers every racing day, resulting in a loss to the treasury of France of a million francs daily, on the ten per cent pari-mutuel commission.

Maurice de Rothschild, owner of a big racing stable, has made the charge in the chamber that jockeys, in the pay of crooked bookmakers, having systematically pulled horses to throw racing against the favorites. In this way, the public is being cheated out of millions of francs. Rothschild further charges that a big syndicate of crooked gamblers has bought over a group of jockeys who are manipulating the races to order. One jockey has confessed to throwing races which netted the ring many millions of francs.

One government bill provides long prison terms for interference with races. Another penalizes anyone making books but the latter will be difficult to enforce as all French clubs have secret arrangements for handling bets. Paris wineshop keepers, barbers, newsmen and hotel employees are making strong public opposition to the government's restrictive plans. Gambling fever has been very high since the armistice.

JOE FALLON FINED

In the police court this morning Jas Fallon was fined \$50 or sixty days in default of payment, on a charge of obstructing people on the sidewalk and using bad language in a public place. The magistrate gave him a very serious reprimanding and explained that this offense was his first or otherwise he might have given him six months according to the law. An example had to be made of a few of the men standing loafing on the corners of the business section of the city. It might impress a few of them that such conduct could not continue.

Among those arriving in the city yesterday were Miss L. Smith of Victoria and Mrs. R. Moran of Green Island.

CANCELLATION OF RESERVE.

ORIENTAL PLAY AT WESTHOLME TONIGHT

Geraldine Farrar and Lou Tellegen in Love Story of Sahara Wastes.

The great star of both the movies and the legitimate stage, Geraldine Farrar, appears tonight at the Westholme Theatre in the gorgeous production "Flame of the Desert," a picture of the Far East and the Sahara Desert. With Miss Farrar also appears Lou Tellegen, making the film a doubly attractive.

The picture is, essentially, Oriental in character and Oriental things being all the rage these days it is expected it will prove most entertaining. The wooing of an American woman of superb beauty by a powerful Arabian chief in the wastes of the Sahara Desert is, indeed, picturesque and the play is one of pictorial magnificence as well as intense emotional acting.

Sport Briefs

When will the time come for more rigid rules being enforced in regard to the language used at the football games both by the players and spectators? On Monday evening it was more than disgusting for many sitting on the bench to hear the vile tongue work going on. Many ladies have justly laid complaints to members of the football league, but it is a matter with the men themselves. The referees have been instructed and on Monday evening Mr. McCulloch was quick to check up any foul language from the players when he was near at hand, but referees cannot be all over the field at the same time and especially not over the side lines. If men cannot go to see sports without giving vent to their feelings in swearing, measures will have to be taken to preserve peace during the matches.

To single out players from a team such as the Trail fielded in Monday evening's football game, is rather a difficult matter, but certainly Vic Menzie and "Warry" Anderson played splendid football. On the half-line Warry was playing in fine form and easily guarded the left wing of the railroaders' forward line. At right back Vic put up a stalwart defense and it was no fault of his if the ball rolled towards the Trail goal. Neither was he afraid to mix things and generally got the leather away in plenty of time.

The regular intermediate baseball league game scheduled for this evening between the Red Sox and the Beavers has been postponed until tomorrow night. After last night's strenuous tussle for the Beavers the officials of the league thought it well to give the players a little time to recover.

Many fans attended last evening's game at the Aeroplane Hill grounds between the Beavers and the Colts and the rooting was continued loud and long. In spite of the many supporters the Beavers were unable to turn the trick in spite of their splendid effort of the first of the sixth.

The next football game is scheduled for Friday evening when the Trail Club and the Callies meet for honours. After the brilliant game put up by the former against the Grand Trunk aggregation the outcome of the next struggle is being watched with considerable interest.

It is rather disconcerting for tourists arriving here with their golf bags over their shoulders, for a smile seems to spread over the faces of the local people as they pass by. Like many other things, Rupert will have a golf course some day but at the present time it appears rather ridiculous to see men and women coming here all ready to go round the holes.

League Standing.

Re-Visiting North

W. Pellow-Harvey, who practised as a mining engineer and assayer in this province from 1890 to 1901 and then with associates started a business of the same nature in London, has returned to the province in the interest of his London firm. Mr. Pellow-Harvey stated that his company was receiving a great many enquiries about British Columbia mines, so he decided to come here to make a careful reconnaissance of the principal mining districts. He expects to be in the province for five or six months, and, among others, will visit the Salmon River and Alice Arin districts, besides renewing his acquaintance with the older districts. Mr. Pellow-Harvey will make his headquarters in Vancouver during his stay in the province.

COLTS WERE WINNERS IN LAST NIGHT'S GAME

Beat Beavers by 19-11 Score in Ragged Game.

In the first of the eighth inning Umpire Hearns called last evening's baseball game between the Colts and Beavers, with the score 19 to 11 in favor of the former. The game throughout was erratic and the Beavers got away to a head start when their opponents gathered in 12 runs in the first two innings. They tightened up their play when Johnny Crossley was substituted for Lewis in the box of the losers, but the infield playing was too wild to hold down the ever-mounting score of the Colts. The hitting of the Beavers on the whole was better than the Colts but the loose fielding of the former allowed many runs in.

The Beavers rallied in grand style in the first of the sixth when they brought home 5 runs, making the score 14 to 9. The game now became interesting and the Colts tallied another in the end of the sixth. But again things looked black when the Beavers brought in no runs in the first of the seventh and the Colts careered around for 4 more runs. Joe Hatchford's troupe counted on 2 more runs in the first of the eighth but it was not enough and the game was called.

Umpire Hearns officiated for the strikes and balls and Donohoe looked after the bases.

The line-ups were as follows: Beavers—Halverson, Hatchford, Grossley, Lewis, Curtis, Higham, Miggins, Colder and Elmer Smith.

Colts—Roberts, Mitchell, Raby, Shaw, Ed. Smith, Hill, Clapp, Sherman and Smith.

Mining News

Activity at Cobalt

On the Colonial Mine situated adjacent to the O'Brien, at Cobalt, some rich ore is being opened up. The work was commenced only recently, after the property being idle for a number of years, and already the indications appear to be that the property will soon take its place among the shippers.

The property is regarded as being one of the best undeveloped pieces of territory in Cobalt, the geological conditions being quite similar to the rich O'Brien Mine which it adjoins, and the veins in evidence being quite numerous.

The Oxford Cobalt mine is also working steadily and now the 150 foot level has been reached and it is proposed to cross cut the lead from there.

Nelson Convention

At the third International Mining Convention, which opens at Nelson today, there are large delegations in attendance from Spokane, Seattle, Portland and the State of Idaho, as well as from the British Columbian coast.

Among the speakers on the program are Hon. Wm. Sloan, Provincial Minister of Mines; Hon. Emmet D. Boyle, Governor of Nevada; R. F. Green, M.P.; Prof. Henry M. Parks, Dean of the Washington School of Mines; L. K. Armstrong, Secretary of the American Institute of Mining and J. Warre, President of the Consolidated Mining and Smelting Co.; S. S. Fowler, manager of the new Canadian Metal Co.; A. G. Langley, resident engineer for the Eastern district Louis H. Biggar, flotation expert; Glenville Collins, of Seattle; Dr. T. E. Hodge, of Vancouver, and leading engineers and prospectors.

RECORD BIRTH OF 77 PAIRS OF TWINS DURING THE YEAR

WINNIPEG, July 20.—Seventy-seven pairs of twins were born in Winnipeg in the past twelve months, according to the department report made available today. The number of births recorded was 5,460. Seventy pairs of twins were born in 1918.

GOD GAVE HERBS TO
RELIEVE SUFFERING

No person should despise the lowly herb, for it is the Creator's gift to the world. The roots, leaves, blossoms, flowers, stalks, leaves and blossoms possess medicinal properties for the relief of disease such as are found in no other work of creation.

The reader is familiar with the use of herbs in the early days of British Columbia. Every home was stocked with simple herbs and their use, in case of sickness, saved the day many a time.

The most striking instance of the value of herb remedies is given in the case of Wonder Health Restorer. This preparation, while sold in all drug stores, differs widely from ordinary remedies. It is a true Wonder Herb Restorer, containing a trace of alcohol or drugs. It depends solely for its worth upon the action of the herb juices of which it is composed for the treatment of the blood and diseases existing in the various organs. It represents the lifework of one of the world's greatest herbalists and is a treatment no sufferer from disease can overlook.

All over the world the name of Wonder Health Restorer is known. The manufacturer states that it has given them relief in cases of Asthma, Rheumatism, Stomach trouble, Nervous complaints, kidney disease, Skin troubles, etc. In many of these cases the ailment was present in an acute form and the sufferer tried Wonder Health Restorer after all other forms of treatment had failed. No person can question or doubt the honesty of the personal testimonial given in "The Road to Health," a booklet which can be obtained from your local druggist. Get a copy and read it through. It has helped many who were suffering.

Arrangements have been made for the distribution of Wonder Health Restorer in Prince Rupert by the Prince Rupert Drug Co.

Call and get a copy of the booklet and enquire concerning this unequalled preparation, which has made a new record in the successful treatment of human disease.

MINERAL ACT.

(Form F.)

CERTIFICATE OF IMPROVEMENTS

NOTICE

"Kitsel No. 1," "Kitsel No. 2," "Sunset No. 1," "Sunset No. 2," "Maud McPhee" and "Sporterman" Mineral Claims, situated on the Nass River Mining Division of Cassiar.

Where located: About 24 miles from head of Alice Arm, on Kitza River.

TAKE NOTICE that Lewis W. Patmore, Free Miner's Licence No. 31018 C, as agent for Maud McPhee, Seal, Washington, U.S.A., Free Miner's Certificate No. 3315 C, intends, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of making a Crown Grant of each of the above claims.

And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements.

Dated this 2nd day of April, A.D. 1920.
LEWIS W. PATMORE

NOTICE

NOTICE IS HEREBY GIVEN that all persons holding Crown Lands or Lots in Townsite subdivisions under agreement for sale from whom the purchase money is paid, or of Townsite Lots remaining unpaid, or due, are required to make payment, within six months from the date of this Notice, either of the full amount due, together with interest thereon, if the amount be of substantial proportion of such amount, which will be added to the full interest due to date, together with evidence that all taxes, whether Municipal or Provincial, have been paid, failing which the agreement for sale will be cancelled, as provided by Section 50 of the "Land Act," Chapter 129, Revised Statutes of 1914.

G. R. NADEN,
Deputy Minister of Lands,
Victoria, B.C.,
April 1st, 1920.

CANCELLATION OF RESERVE

NOTICE IS HEREBY GIVEN that the reserve existing over certain lands formerly held under Timber Licenses Nos. 16403 and 16404, Kitzumksuk Valley, is cancelled.

G. R. NADEN,
Deputy Minister of Lands,
Victoria, B.C.,
1st April, 1920.

ALICE ARM

Tom Carr, formerly of Smithers and more recently of Granby, has arrived here to take charge of the North Star mine for McAleenan and Zarelli. Mr. Carr was an old timer of Smithers, having built the Bulkley Hotel there some years ago.

Mr. McDougall, a mining engineer recently connected with the Granby Co., has left Anoxo and is spending a few weeks in this district looking over possibilities.

E. E. Ward, another Granby mining engineer who recently left the employ of the company, is up Hastings Arm doing exploration work. Mr. Ward was in charge of the Granby diamond drilling operations on the Silver Horde mine in this section a few years ago.

A delightful dance was given in the hotel here on Saturday night in honor of Mr. Browning who until recently has been accountant for the Taylor Mining Co. here. Mr. Browning has left for Vancouver.

Major North has moved his headquarters from the mine to the beach with J. Milligan, second in command, taking charge at the Dolly Varden.

Nick Sutilovich has just opened up his new hotel here.

R. F. McGinnis is just recovering from a serious attack of pneumonia. He was taken ill a couple of weeks ago but, fortunately, his sister from Illinois arrived to pay him a visit about that time and has nursed him through.

There have been several minor accidents on the station work on the Wolf Extension which is progressing rapidly. The worst, however, was a broken leg. Several big coyote holes were shot off recently.

Pack trains are now operating past Camp 8 in charge of J. Morrison.

A government road crew is at work at Clearwater Lake in charge of O. M. Watson putting in a trail to the Glacier. A crew is also at work on a trail from the river to the Wolf mine to enable the Taylor Mining Co. to get in some of its big machinery, including a compressor.

Three hundred and forty tons of ore was brought down the Dolly Varden Mine Railway from Camp 8 one day last week, thus establishing a record for one day. The average shipment per day is now two hundred tons.

Operations are going along in full force on the North Star mine. Eight men are now employed under the foremanship of Tom Carr. The compressor for this property being brought up the hill from the Dolly Varden railway line.

PRINCE GEORGE

A meeting was held in the City Hall on Monday evening, where preliminary arrangements were made for the organization of a city band. It is felt that a band would be one of the best advertisements for the city and so the project has been thoroughly endorsed by all public-spirited citizens.

Mayor Perry is in Victoria in connection with the adjustment of matters in regard to the Validation Act. He was called to the capital city by the Governor General.

Chief of Police Alex. Stewart has resigned from his position on the local force after serving very capably for a year. An experienced officer from outside the city is now expected to take charge.

Alderman Henry Wilson has tendered his resignation in Ward 1 due to a disagreement with his brother aldermen over police affairs. He has been a highly esteemed member of the governing body and the present affair will leave no "bad blood."

H. V. Little of the Bank of Montreal here is expected back from Victoria in a few days where he has been spending his vacation.

A. Fisher led the discussion at the Christian Endeavor meeting of the Presbyterian Church last evening. The subject was "Why people are unhappy." A cure was also proposed by the speaker.
