### First Visit From Railway Minister

President D. B. Hanna and Vice-President A. L. Mitchell, of Canadian National, also see Terminal City for First Time

The train bearing Hon. Dr. J. D. Reid, minister of railways and canals for Canada, and D. B. Hanna, President of the Canadian National lines, pulled in to Prince Rupert shortly after 5 o'clock last evening to be greeted by an assembly which plainly showed that most of the citizens are really interested in the city's railroad affairs. The special consisted only of three cars, two from the Canadian National Railways, and the Grand Trunk car "Prince Rupert" belonging to General Superintendent Brewer of the western lines, who also arrived.

As soon as the train pulled in it was boarded by Mayor McClymont and members of the committees from the Board of Trade. After a few minutes the party came forth and the mayor introduced Dr. Reid to the gathering. The minister in a few well-chosen remarks stated that this was his first visit to Prince Rupert, although he had before been in British Columbia. He was accompanied by Mr. Hanna who would be particularly interesting to Prince Rupert as, in a few days, the Grand Trunk would come under his supervision as a branch of the Canadian National Railways.

#### Dr. Reid Speaks.

"I have been agreeably surprised with my trip west over this new line," continued Dr. Reid, "and I am certain that the result of my visit will be one of benefit to Prince Rupert (cheers). I have great faith in this place as far as I am personally concerned and when I return to Ottawa I am sure that I will be able to impress that same feeling upon my colleagues."

After lusty cheers led by the mayor had been given for Dr. Reid, Mr. Hanna was called upon. He prefaced his remarks with a few witticisms, the land of his birth being easily identified by his decided Scottish accent.

#### Tour of Discovery.

"Wherever we go we hear Scotch voices and I am indeed glad to be greeted by one here," he said, referring to Mayor McClymont. "It is a great pleasure to be greeted by such a gathering here for it is rather unusual. When a railroad president usually visits a city the people are clamoring so much for their needs that he comes by night and goes away before morning."

"This is also my first visit here and it is really more like a tour of discovery. The Grand Trunk Pacific Railway serves an amazingly large country and transportation, a basic factor in development, will have to do its duty. We will have to see what to do and what we can in the interests of this city with regard to the rest of Canada."

The mayor then pointed out to Mr. Hanna the banner stating "Welcome to Prince Rupert, the shortest route to the Orient" as he had done to Dr. Reid and Mr. Hanna replied, "I know that already."

#### Are Busy Today.

Before dismissing the assembly Mayor McClymont said that the visitors would be busy today listening to the representations of different committees. "All we ask," he said, "is that if we have the possibilities of a terminal that the terminal be proceeded with. We do not want to think that we have been brought here (Continued on Page 5.)

### MINISTER IS GIVING PRIZE

This prize is given by the Hon. T. D. Pattullo, minister of lands. The judge will have to be appointed immediately as it is about time that he was making his first inspection of the growing vegetables. The soil available on the townsite with a little working produces wonderful results, and this prize ought to stimulate interest among local citizens who have the space available to grow all they can and the best they can.

## FIRST VISIT FROM RAILWAY MINISTER

(Continued from Page One.)

under false pretences. We have committees that are going to represent the city's case to these men and you may rest assured that they will do so to the best of their power."

### Made Trip by Day.

The trip west has been made by easy stages travelling only by day so as to enable the officials to see every section of the country. Leaving Edmonton Sunday morning Jasper Park was reached by evening and the night spent there amid the beauties of the Alpine grandeur. From there the journey was resumed in the morning and Prince George reached by night. Here a delegation of the Board of Trade met the officials pressing most strongly on their attention the need of a railway station adequate to that place's needs. They were shown over the ground and the conditions were forcibly set forth. It was at Prince George where Col. G. W. Peck, M. P., and O. H. Nelson of this city joined the train.

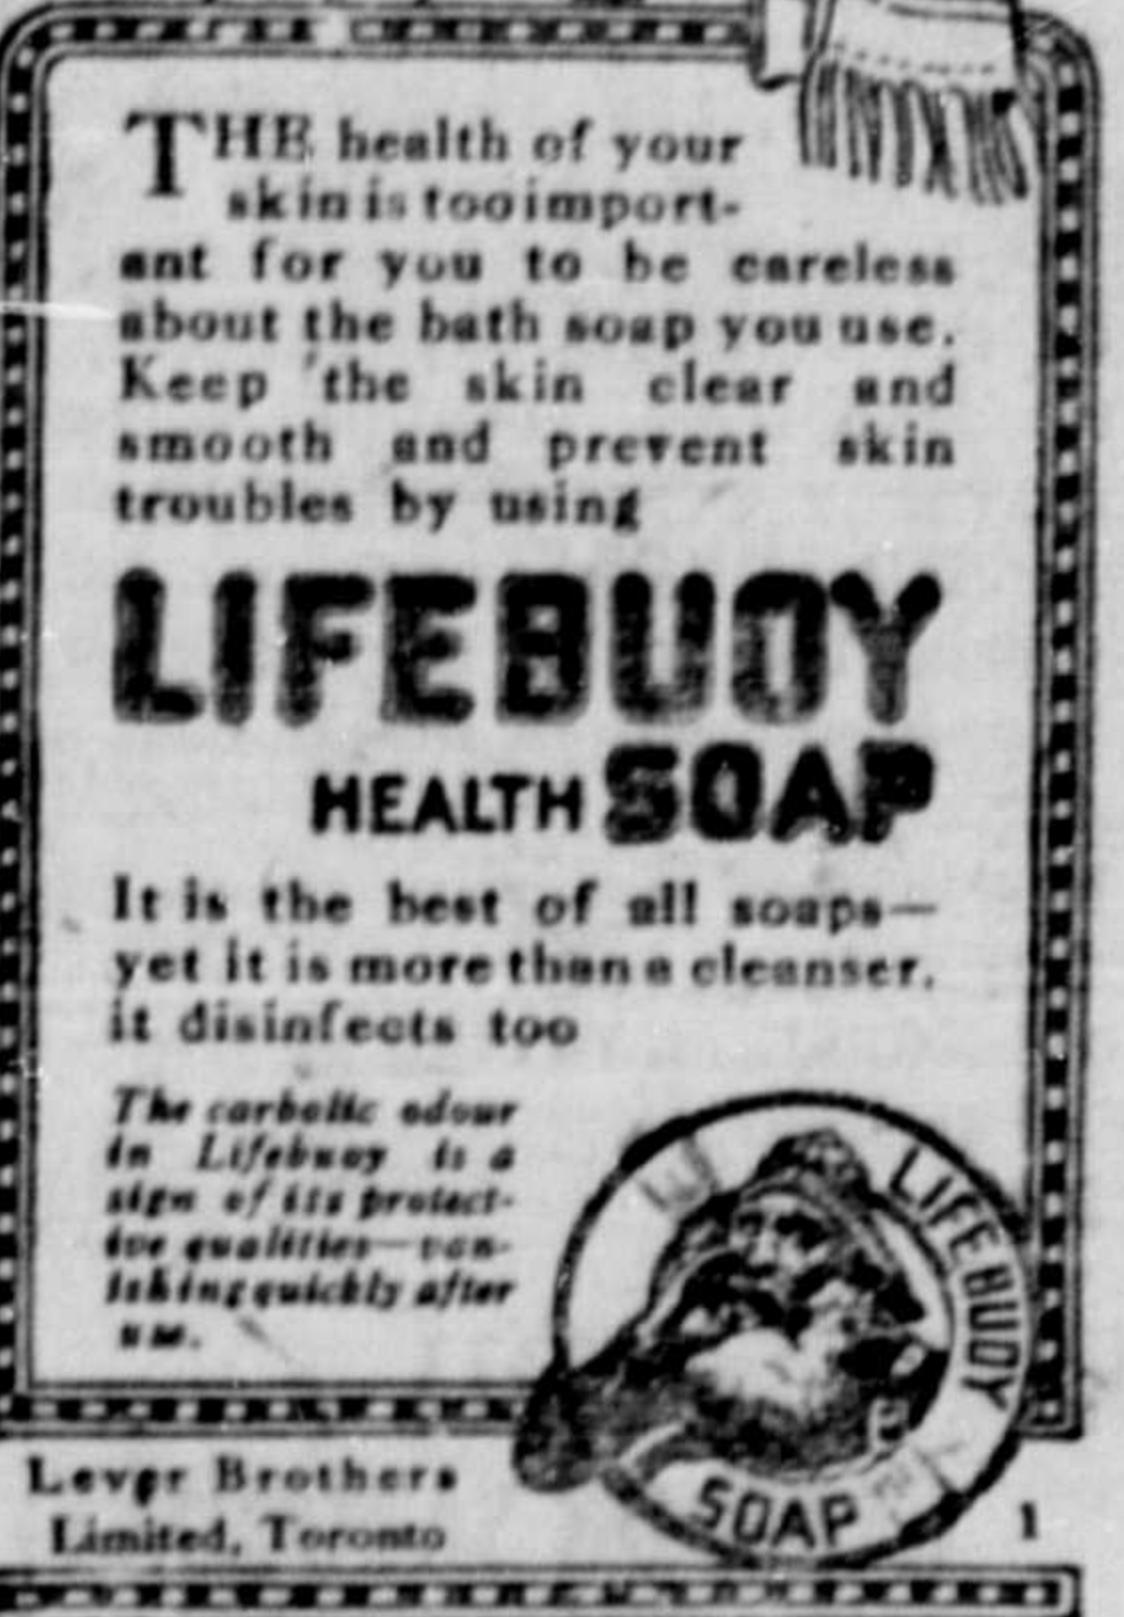

After short stops at Burns Lake and Telkwa, Smithers was reached and cars were obtained for a drive about the country. Leaving there yesterday morning the only stop before reaching Prince Rupert was at Cassiar cannery where the complete process of canning was witnessed with a good deal of interest by the visitors.

Besides Dr. Reid, Mr. Hanna and Mr. Brewer, the party consists of J. L. Reid, son of the minister, and R. A. Gordon, a companion from Ottawa, A. L. Mitchell, vice-president of the Canadian National Railways; S. Scott, secretary to Mr. Hanna, and H. Dengate, secretary to Mr. Mitchell, and A. Angus, secretary to Mr. Brewer. Mrs. Reid did not continue the journey to the coast.

Last evening was spent by the visitors in being shown about the city by motor cars as the guests of the Board of Trade, the real business of the visit not being entered into until today.

### Today's Program.

This morning the party was taken to points of interest about the harbor in the launch Walrondo. The shipbuilding plant, cold storage and sawmill were visited and then a run was taken to the marine depot and Metlakatla bar, arriving back to town in time for dinner. This afternoon a meeting is going on in the council chamber with the city council and the council of the Board of Trade. A dinner is being given tonight in the Central Hotel in honor of the distinguished visitors, after which the party leaves for Vancouver and Victoria on the Prince Rupert.

## WOMAN GRANTED A DIVORCE IN ERROR

Unusual Difficulty Is Raised in Court at Edinburgh With Discovery.

EDINBURGH, July 22.—A surprising sequel to a divorce action was mentioned in the Edinburgh court of session.

A decree was granted recently to Mrs. Rose Sherriff, of Kensington Park, London, against Mr. N. Sutherland Sherriff, son of the late Lieut.-Gen. Sherriff.

Her husband's whereabouts was unknown, and papers could not be served on him, but the case turned upon the wife's identification of his hand-writing in a hotel register.

Counsel for Mr. Sherriff informed the court that a man of the same name as respondent had signed the case reported in the press, and had written that it was his wife had signed the visitors' book, and that the lady accompanying him was his wife.

Lord Anderson advised that the matter should be reported to the Lord-Advocate, and said—the king's proctor could have put things right, but in Scotland there is no such office.

## MADLAINE TRAVERSE SCORES IN NEW ROLE

Pictures of Hon. T. D. Pattullo at Westholme Tonight.

"What Would You Do?" the photoplay starring Madlaine Traverse, which is shown at the Westholme tonight, treats with sensational force of life in exclusive social circles. The acid test to which a faithful wife was subjected was received with great enthusiasm by the audience. The story tells how a lovely woman who believes herself a widow marries a man who adds cruelty to his unfaithfulness, but who, by an accident, becomes a hopeless invalid. His wife nurses him carefully. Her kindness is repaid by curses, but her pity finally releases him from a life of violent suffering.

Miss Traverse is superb in her emotive work as the wife.

Besides the excellent feature there is a Mutt and Jeff comedy and a Fox News. In the weekly gazette logging operations in British Columbia are shown and Hon. T. D. Pattullo, member for Prince Rupert and minister of lands, appears on the screen in connection with them.
