Poland Putting Up the White Flag

GRAND TRUNK STEAMER HAS MISHAP WHILE MAKING NORTHWARD PASSAGE

Poland Makes Direct Plea To Bolsheviks for Peace

ARMED HEADS have been ORDERED to Discuss Terms for Armistice; In Meantime Fighting GOES on Desperately

ZURICH, July 24.—Poland would have for peace the white flag against the Bolshevik armies asking the Russian Soviet for an immediate cessation of hostilities. The armies on either side are, in the meantime, fighting desperately. The Reds recently made the announcement that the only hope lies.

LONDON, July 24.—The Soviet has ordered the commanders of the Red army to discuss with Poland the appeal for an armistice.

OTTAWA, July 24.—A new unit comprising between 200 and 300 civil servants who have seen civil service for six months or more, have secured charter from the Dominion Trades and Labor Congress. The charter was handed them Monday by President Tom Moore. The unit will henceforth be known as the Association of Federal Employees of Ottawa.

THE NEW UNION is organized along the lines of the National Federation of Civil Servants of the United States, and is affiliated with the American Federation of Labor. Its members, however, according to a clause in its charter, will not be involved in any trade union dispute which may arise. Heads of civil service departments or deputy ministers in whose power lies the hiring or dismissing of employees, are barred from the union.

Mr. Hilliard was a pioneer of Alaska, having resided at Eagle 21 years. Howard is also a pioneer and is 74 years of age, engaged in the contracting business.

DAWSON, July 24.—Preston J. Hilliard, a contractor at Eagle, Alaska, was fatally shot yesterday when he was mistaken for a man by J. B. Howard. The shot is fired by Howard while Hilliard was picking blueberries on a hillside.

Mr. Hilliard was a pioneer of Alaska, having resided at Eagle 21 years. Howard is also a pioneer and is 74 years of age, engaged in the contracting business.

There being no doctors or nurses at Eagle, Dr. Chipman of Dawson with two nurses raced by to the scene but Hilliard died after an operation had been performed.

Before dying Hilliard exonerated Howard from all blame. The man is not Jack Hilliard, the son of the deceased.

JOY CONFESSES TO OLD CRIME

Her of Arnell Love Hanged for Murder That Son Committed.

TORONTO, July 24.—Arnell Love, aged 22, is in custody here, having confessed to the murder of his mother for which crime his son, Henry Love, of Owen Sound, was hanged seven years ago. On the scaffold the father said what was believed to be a confession.

Recently the son told an evangelist that he had clubbed his mother to death because she had commanded him for keeping bad company. The Department of Justice is considering the case.

HINDUS WANT TO CREMATE THEIR DEAD

VICTORIA, July 24.—The three biggest steamship lines operating freight service from Japan to America have given notice to the China Pacific Freight Conference as follows:

"If the American Government subjects Japanese vessels to discriminatory treatment, the Nippon Yusen Kaisha, the Osaka Shosen Kaisha and the Toyo Kisen Kaisha will immediately secede from the conference and take free action."

The note was addressed to the head offices of the conference at Hongkong under date of June 30. It is taken to mean that the three largest Japanese steamship lines, all of which are subsidized in one way or another by the Japanese Imperial Government, are preparing to give keen competition to the American ships which will operate under the new Merchant Marine Law.

Abolishes Overland Freight Rate.

When the new shipping policy of America is carried into effect, Japanese merchantmen engaged in the Trans-Pacific trade will suffer severely. At present the Nippon Yusen Kaisha, the Osaka Shosen Kaisha and the Toyo Kisen Kaisha have all special arrangements with American railway companies, and they are thus enabled to charge very low overland rates. It is largely due to this arrangement that Japanese merchandise is able to compete with European goods in America, but the arrangement is to be abolished when the new shipping policy of America is carried into effect. While the position of Japanese steamship companies will thus become very difficult, a special railway rebate is to be granted for the goods carried by American bottoms. It is further proposed to charge extra dues on foreign shipping to American ports. Another important proposal is to include the Philippines within the scope of the coasting trade.

Prince George Hits in Seymour Narrows

Big three stacker has forepart flooded but makes port under own steam at 1.30 this afternoon---will dock here

The Grand Trunk Pacific steamer Prince George, Captain Donald, struck a rock in Johnstone Straits in the vicinity of Seymour Narrows yesterday morning and instead of arriving here at 10:30 as usual this morning she did not make port until this afternoon. It seems that the first part of having completed the northbound journey, however, under her own steam, she struck a cliff at North Bluff, Seymour Narrows. The passengers began to dress, while the steamer lay for seven minutes until the engineers had reported that there was no danger. Then the boat continued her trip, but as usual this morning she did not make port until this afternoon.

As soon as her cargo is unloaded this afternoon she will proceed to the local dry dock where preliminary examination will be made. It is unlikely that she will be able to make her regular sailing south tomorrow night and the local officials are already arranging to have the Prince George leave on Monday morning for Vancouver to take passengers and freight.

Passengers' Story. Passengers on the steamer tell of having been awakened by the engines reversing and going full speed astern at 3:15 a. m. yesterday morning and a moment later she struck a cliff at North Bluff, Seymour Narrows. The passengers began to dress, while the steamer lay for seven minutes until the engineers had reported that there was no danger. Then the boat continued her trip, but as usual this morning she did not make port until this afternoon.

Prince George struck a rock in Seymour Narrows early yesterday morning. Her fore part was flooded but there is no water in holds 1 or 2. She proceeded and reached Ocean Falls at 5:55 last evening. Repairs will be made at Prince Rupert.

AUTHORITY SAYS CROP OUTLOOK GOOD

J. H. Evans, Manitoba's Deputy Minister of Agriculture, Says Pessimism Unfounded.

WINNIPEG, July 24.—J. H. Evans, deputy minister of agriculture, declares that false impressions concerning the actual conditions in the country were being spread by persons without accurate general information, to the effect that the lack of rain was causing a very serious drought in the province. Such reports, said Mr. Evans, made the work of the department in ensuring an adequate supply of harvest labor most difficult. Mr. Evans emphatically stated that Manitoba would require large numbers of harvester this year, as in past years, and that the situation in the country generally was not by any means serious. On the contrary, as Mr. Evans pointed out, many districts in which there had not been a crop for a number of years, are assured of a good average yield this year.
