## Liberal Party Sweeps Nova Scotia

### YACHT RACE WON BY RESOLUTE AND AMERICA RETAINS CHALLENGE CUP

#### Murray Government Returned With Large Majority as Ever

standing in Nova Scotia now is Liberals 30, Conservatives 1, Labor 5, Farmers 7. Total Collapse of Tory Party

HALIFAX, July 28.—The Nova Scotia provincial election resulted in a clean up for the Liberal party which has been in power ever continuously for the past 38 years. The majority is the same as in the election of 1916.

The official figures given out following the count show those elected to be Liberals 30, Conservatives 1, Labor 5, and Farmers 7.

The Premier, Hon. G. H. Murray, was re-elected, but two members of his cabinet went down to defeat. They were F. H. Armstrong, commissioner of works, and H. H. Wickwire, minister of railways. The Conservative leader, W. L. Hall, was also defeated.

The Conservative party is dead in the province, only one out of eleven candidates being elected. The places of the Conservatives were taken mostly by farmers and labor members.

#### MILLIONS OF DOLLARS FOR VANCOUVER

Mr. J. D. Reid Says Dominion Government will Carry Out Reclamations, Viaducts and Wharf Facilities

VANCOUVER, July 28.—Hon. J. D. Reid announced yesterday afternoon that the Canadian national lines would adopt the Chicago award to the American railwaymen. This means the raising of a revenue of from \$1,000,000 to \$70,000,000 by increased passenger and freight rates.

The minister said the Government intended to spend millions of dollars in Vancouver on reclamations, viaducts and wharf facilities. They will carry out all the undertaking proposed except the Grand Trunk Hotel and the tunnel.

#### LEADERS CONFER ON SOVIET OBLIGATIONS

PARIS, July 28.—Millerand and Poch have gone to Boulogne for a conference in connection with demands that the Soviet acknowledge the old government's obligations before peace is made with them.

#### ISOLATED BY TURKS, DANGER OF STARVING

LONDON, July 28.—The city of Adana, Asia Minor, with a population of 80,000, is in danger of starvation as a result of being isolated by the Turks.

#### HIT BY FLIER

OTTAWA, July 28.—Thomas Hickey, a farmer, and his son William were killed and three people injured when their auto was hit by the C. N. R. flier.

#### EARTHQUAKE

LOS ANGELES, July 27.—A slight earthquake was felt here at midnight last night. No panic was evidenced by the citizens and no damage was done to property.

Five only surface oak dressers, \$26 each. Barrie's Furniture Store.

#### IRELAND SAVED FROM TERRIBLE MASSACRE

That is Opinion of Hamar Greenwood, Chief Secretary for Ireland.

LONDON, July 28.—"Ireland has been saved from a terrible massacre," declared Hamar Greenwood, chief secretary for Ireland, here yesterday. "Under these conditions it is impossible to withdraw the army from that country."

#### LUDENDORFF FEARS BOLSHEVISM SPREAD

WASHINGTON, July 28.—"If the Reds win, Germany falls and Bolshevism sweeps the world." That is one of the expressions used by General Ludendorff in a memorandum received here.

#### BIRTH

A daughter was born to Mr. and Mrs. Tuck, Seventh Avenue, at the General Hospital yesterday.

#### BURN COURTHOUSE, KILL ONE SOLDIER

Minor Incident at Cork Today is Reported.

CORK, July 28.—One soldier was killed and the courthouse here was burned today. There was also shooting when hundreds of people blocked the train which was carrying soldiers.

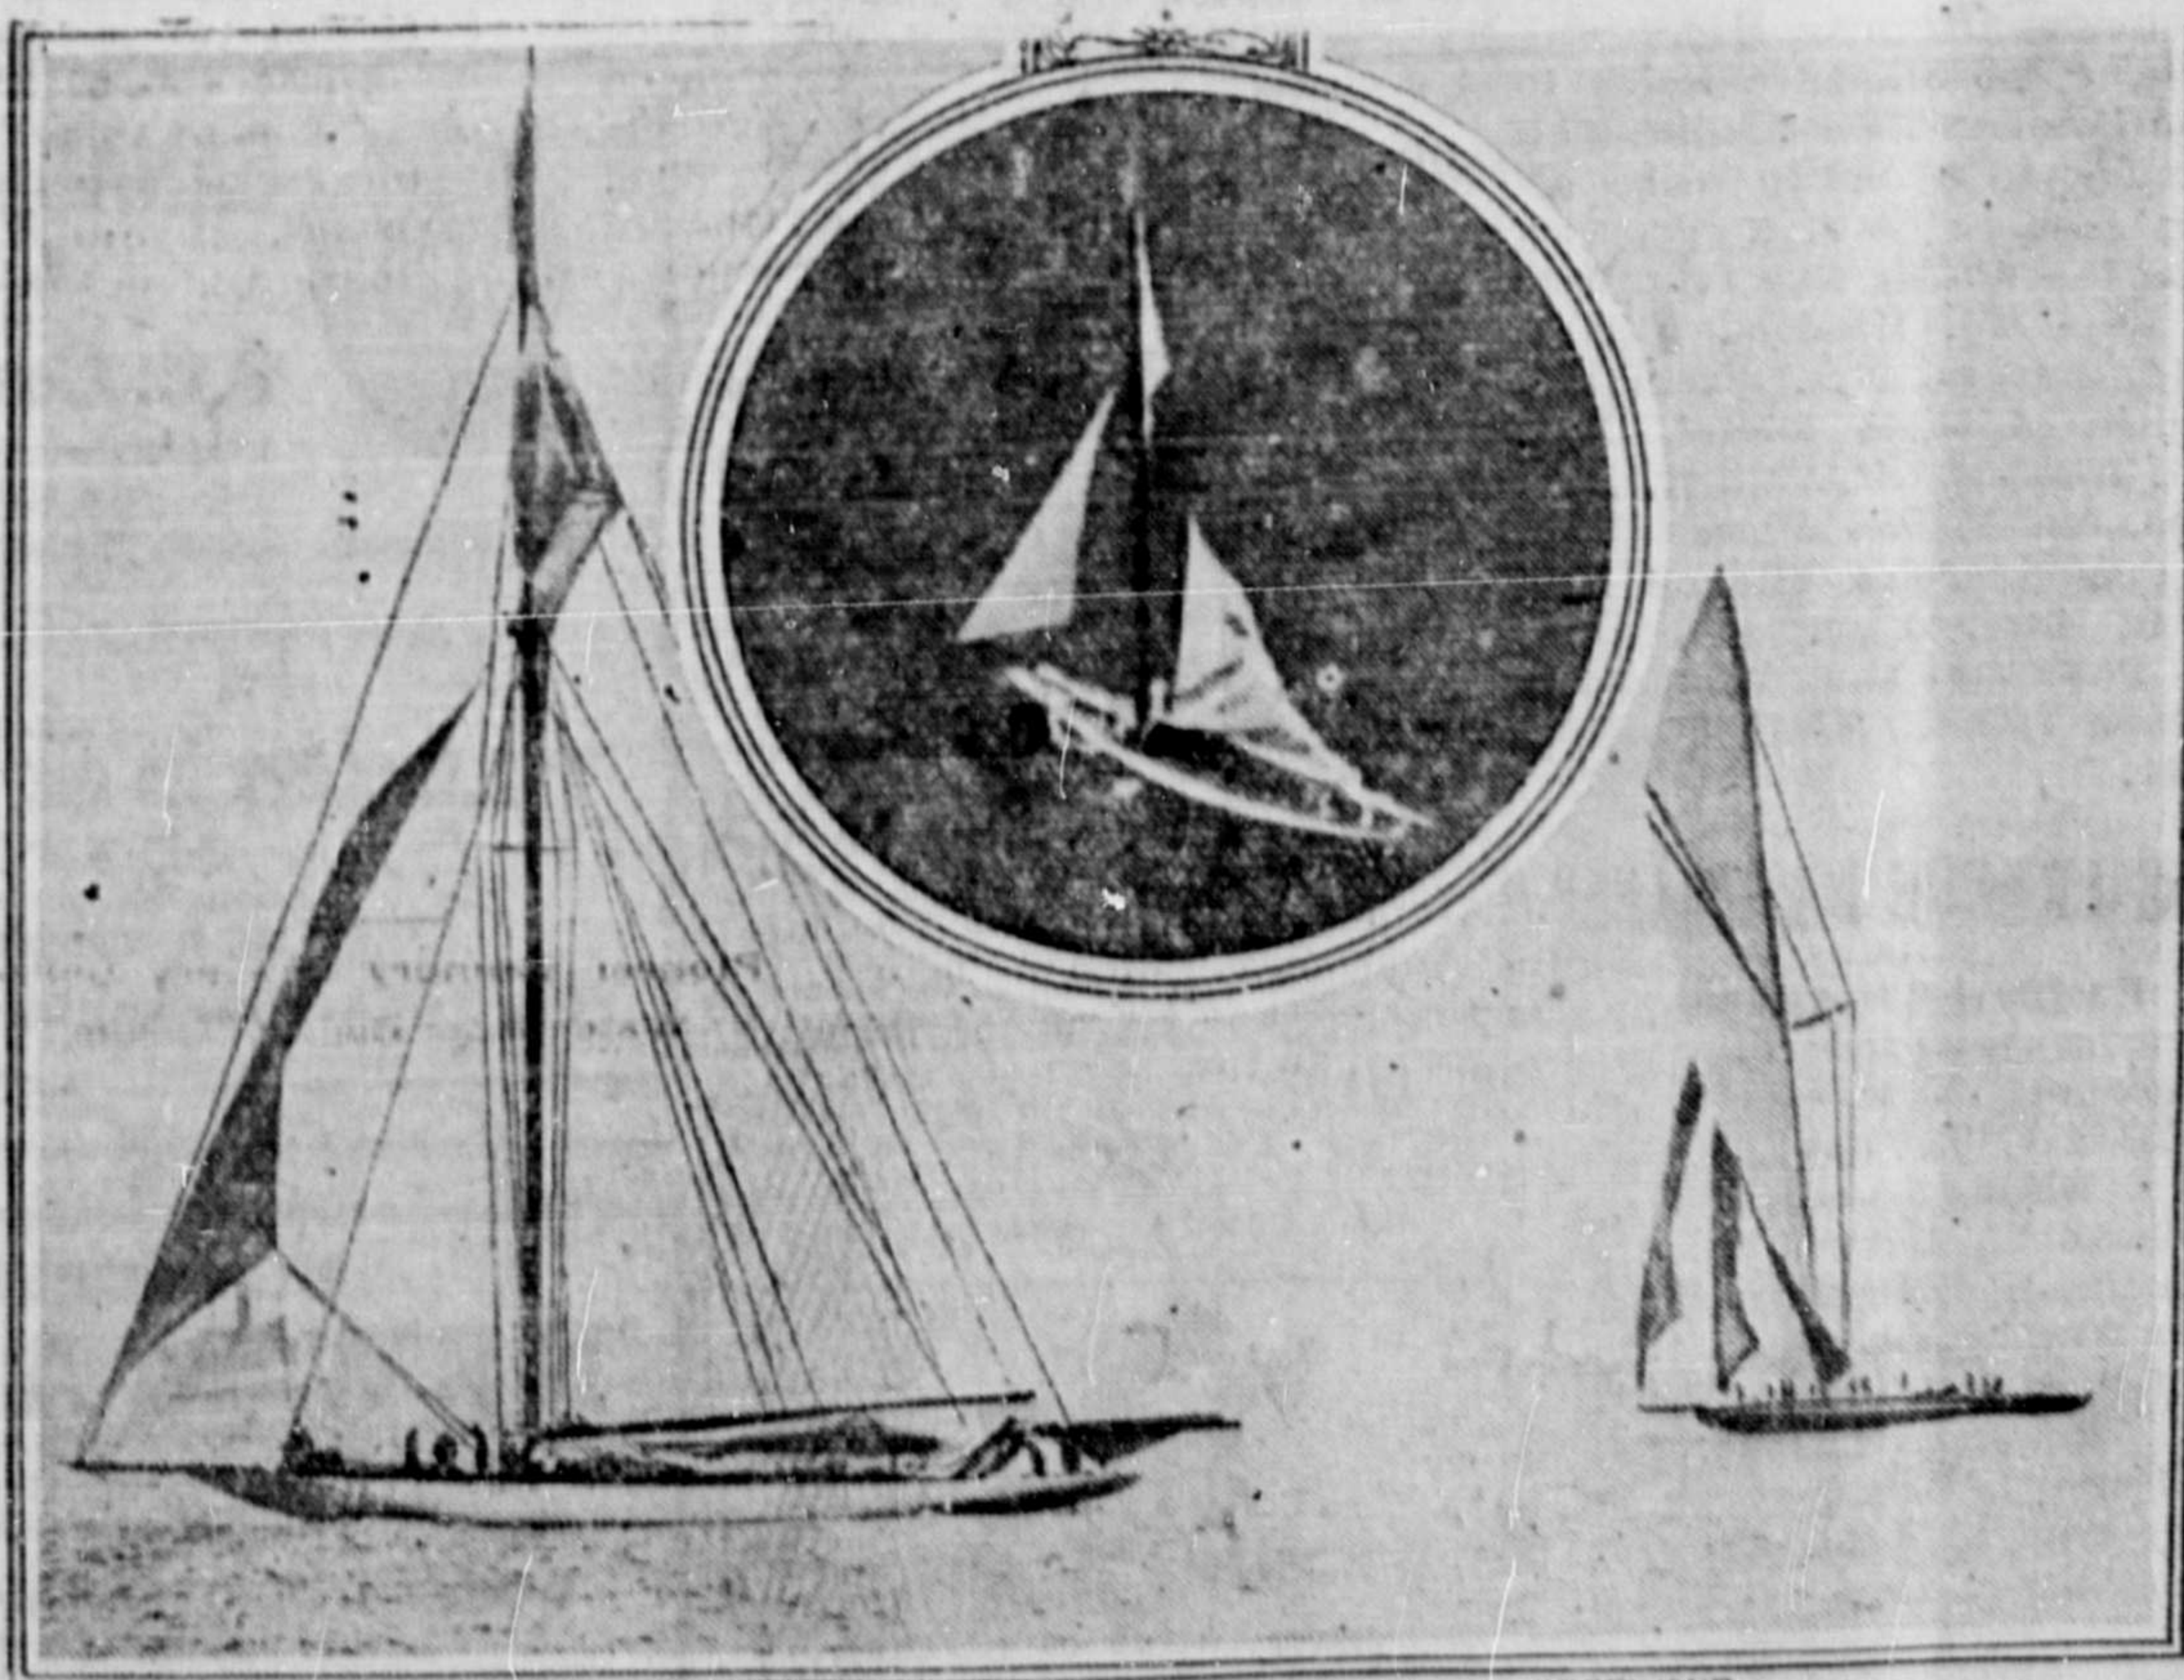

#### Airmen Leave Edmonton For Jasper Tomorrow

Are Overhauling their Machines Before Undertaking Difficult Part of Long Journey to Nome

EDMONTON, July 28.—The United States airmen who arrived here yesterday from Saskatoon following their land flight from Minneola, New York, are spending today here overhauling their machines before commencing the much more dangerous part of their long journey to Nome. They expect to leave for Jasper on Thursday morning and from there will fly to Prince George and on to Hazelton.

The airmen are being banqueted here.

#### SHAMROCK IV. PASSING THE DISABLED CUP DEFENDER RESOLUTE.

With her lee rail awash and leader of the challenger by a mile, the Resolute's bayrads and the huge mainsail are seen on the deck. The picture shows the Shamrock passing the Cup defender, which was forced to abandon the race near the turning point. The helpless condition of the Resolute is shown in the insert. This picture was taken from an airplane.

#### The International Cup.

This is the trophy Sir Thomas Lipton tried to win with the Shamrock, but in which he was beaten by the Resolute.

#### DECKHAND DROWNED

VANCOUVER, July 28.—P. L. Grammes, deckhand on the tug Point Hope, drowned when he fell overboard in the inlet here.

#### EXCITING TIME WITH CONVICT

Murderer Fights Duel with Police at Wellington and is Surrounded

#### CORDON FORMED IN PARKSVILLE DISTRICT

NANAIMO, July 28.—There was an intensely exciting time just north of this place when an escaped convict and murderer, Van Horst, fought a running revolver duel with the police at Wellington.

The convict was traced to Victoria and thence to Parksville, some miles north of Wellington, on the Island highway. There police volunteers made a cordon about the tract of woods where the man was hidden between Parksville and French Creek, which is southward from Parksville.

It is believed that Van Horst is the assailant of an aged jeweller named Stoddard.

The whole country north of here is aroused over the presence of this dangerous maniac in the district.

VICTORIA, July 28.—(Noon). Judging from comparisons the descriptions the police are now of the fugitive up the driver, Sid Hamblin, was working Island in the neighborhood of Parksville is really Van Horst the convict.

#### Resolute Won Race Against Challenger

Sir Thomas Lipton says he will Try Again, Unless Someone Else Endeavors to Carry Off Cup

SANDY HOOK, July 27.—(Received 4:10 p. m.)—Resolute wins race and retains cup.

SANDY HOOK, July 28.—"The best boat won," said Sir Thomas Lipton in an interview yesterday after the Resolute had been declared the winner. "The Shamrock was beaten fair and square. If nobody challenges for the cup, I will challenge in 1921 for the 1922 race."

The Resolute won yesterday by thirteen minutes or about two miles. It was generally expected that she would not make it within the time limit and the result came somewhat in the nature of a surprise.

While Americans in New York are pleased that their boat won, there would have been no great disappointment if the Shamrock had carried off the cup.

#### AMUNDSEN IS NOW IN NOME

Had Great Struggle with Bear When Arm was Broken.

#### FIRST CLEAN UP

FOR TWO YEARS PAST TAKE PLACE OF TWO

OTHER REGIMENTS

NOME, July 28.—Roald Amundsen, the explorer, arrived here today from Sledge Island and was taken to the hotel in an automobile. He got the first cleanup in two years and related a story of a tussle with a polar bear last winter. In the conflict Amundsen had an arm broken, his back and legs lacerated and his clothes torn off.

#### FISH SALES

Low Prices Paid Owing to Car Scarcity.

At the Fish Exchange this morning selling was not particularly brisk owing to the non-arrival of the fish cars which were expected. The Atlin and the Gold Storage were the only two buying concerns and the prices were low in comparison to Monday's sales.

The Gold Storage bought the Bartolome, 7,000 lbs.; Hi Gill, 2,500; Director, 6,000; Elsie, 12,000; Myrtle, 12,000; Bringold, 11,000, at 12c and 6c; Alliance at 12.3c and 7.6c; Tramp, 12.3c and 7.8c; Rosspitt, 18,000; Fanny F., 8,500, and Dolphin, 13,000, at 12.3c and 7.6c.

The Atlin bought the Margaliece, 4,000; Kinmount, 4,500, and Mayflower, 5,000, at 12.3c and 7.5c.

#### CAR TAKES DIVE

Pioneer Laundry Delivery Under Water Near Rupert Marine.

Apparently suffering from the effects of the heat this morning, the Pioneer Laundry delivery car suddenly headed for the water near the Rupert Marine wharf and did not stop in its mad career until it was completely submerged. The car was standing near the railway grade and was facing the shop of the Rupert Marine. The driver, Sid Hamblin, was working at the back of the car unloading laundry. Suddenly the thirsty Ford glided forward over the embankment and left the bewildered driver behind.

#### ORGANIZING 16TH BATTALION

Colonel Peck interviewed at Victoria Says Unit Will be Representative.

VICTORIA, July 28.—Colonel Peck interviewed here at the Empress Hotel after his arrival says he is here to reorganize the 16th battalion. This is for the purpose of perpetuating the distinguished unit in which so many British, Columbians fought. It will take the place of the 88th Fusiliers and the 50th Gordon Highlanders.

Until winter there will be training in musketry and the cadets will drill. Officers for the new organization will be chosen from all three units so that it will be thoroughly representative of this province. The headquarters will be here.

#### JAPANESE EMPEROR SAID TO BE INSANE

TOKYO, July 27.—The Japanese Emperor, Yoshihito, is reported to be insane.

The Emperor was born in 1879. He succeeded his father, Mutsuhito, on July 30, 1912. He has four children, all boys, the crown prince, nineteen years of age, being Prince Hirohito.

#### GERMAN CIVILIAN POLICE STOP TRAIN

COBLENZ, July 28.—Another international incident occurred here. A Polish military train carrying war material destined for France has been stripped by German police civilians.

## Trying to Encourage Gardening Here.

The directors of the fall fair are trying to encourage gardening in Prince Rupert. A prize of \$20, given by the member for the district, is to be awarded to the best utility garden in the city, and there are already a number of entries. This week the directors of the fair will meet to make final arrangements for this and to select a judge who will at once make his first inspection of the gardens.

In order that a good showing may be made, it is desirable that all who possibly can, should enter their gardens and should at once make them ready for inspection. Good gardens well kept are a great asset to the city. They not only have a good appearance but they encourage others to make gardens.

## Value of Gardens To the Community.

Gardens have a threefold value to the community. In the first place they look well. There is a great difference between a place where each house has its cultivated plot and another place where the people take no pride in their homes and surroundings. In many communities it is a matter of civic pride to have a good garden in order to make the place attractive. School children are encouraged to have garden plots and boulevards, and park gardens are kept up out of public funds.

There is also a utility aspect to a garden. There are no vegetables or salads that are as palatable as those grown in the back yard. In these days of high living costs many people save a good deal by growing their own vegetables and berries. Raspberries especially do well here and bear large crops.

One of the most valuable features of the garden is the amount of health and inspiration one gets from working there. The garden that is kept up by someone hired for the purpose, loses half its attractiveness. Part of the joy of life is to dig in the soil, to grow things, to sweat at something which is for the communal good as well as for the good of the individual.

## Exhibition Should be Unusual This Year.

This year the business men of the city have charge of the exhibition and people are expecting something better than usual. We know nothing about the preparations being made, but we do know that everyone is expecting great things. There have been good exhibits in the past, but this year they should be better than ever. The directors of the fair cannot control the crops. If the vegetables are small or scarce they cannot help it. They can do a great deal, however, to induce everyone to enter their products and make a real live exhibition that will be thoroughly representative of the whole district.

## Is Bootlegging Common Here?

Complaints have been made to this paper that there is considerable bootlegging going on in the neighborhood. It is stated that this interferes considerably with legitimate business as the victims become intoxicated when they should be attending to their duties. Because a man drinks too much does not necessarily mean that he is the victim of bootlegging. He may have ordered a consignment from some other province and been determined to clean it up in a hurry. It seems to be a general opinion, however, that an illicit business is being carried on and in deference to this opinion attention is drawn to the matter.

## RHEUMATISM FOR OVER 16 YEARS

## No Return Of The Trouble Since Taking "Fruit-a-lives"

103 Church St., Montreal.  
"I was a great sufferer from Rheumatism for over 16 years. I consulted specialists; took medicine; used lotions; but nothing did me good.

Then I began to use "Fruit-a-lives", and in 15 days the pain was easier and the Rheumatism much better. Gradually, "Fruit-a-lives" overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers."

13:41 p.m., 18.3 feet.  
Low, 7:29 a.m., 3.1 feet.  
19:30 p.m., 7 feet.

Saturday, July 31.

High, 1:24 a.m., 20 feet.  
14:8 p.m., 18.7 feet.  
Low, 7:59 a.m., 2.8 feet.  
20:1 p.m., 6.5 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

June, 1920.

SEALED Proposals will be received at this office until 12 o'clock noon, on the 29th day of August, 1920, for furnishing the materials and labor of all kinds necessary for the construction, equipment and delivery of a proposed steel twin screw ice-breaker of the following leading dimensions:

## LABOR COUNCIL NEW OFFICERS

Were Chosen at Meeting Last Evening—Prepare for Labor Day.

At the meeting of the Trades and Labor Council last evening the following officers were elected for the ensuing term: President, J. Gillis, carpenter; vice-president, S. Massey, electrical workers; secretary, A. Ellis, machinists; treasurer, J. Beatty, engineers; Statistician, Harvey Fraser, sheet metal workers; Sergt. at arms, W. Sholridge, carpenters. The various committees will be appointed at the next meeting.

At 3 p.m. next Sunday there will be a meeting of all those interested in the arrangement of a program for Labor Day.

The action of the local press came up for condemnation in suppressing the name and conviction of a local businessman found guilty of selling liquor to Indians.

The delegates will confer with their respective lodges in regard to sending one or more delegates to the Trades Congress which is being held at Windsor, Ontario, during the month of September.

## AGENT GENERAL IS OPTIMISTIC WHEN SPEAKING OF B.C.

F. C. Wade, K.C., agent general for British Columbia, recently gave an interview to the "Financial," a paper published in London, England, in which he told at some length of industrial conditions as he found them in this country on his recent visit. He particularly mentioned the possibilities of development of British Columbia and spoke of the foolishness of talking of making pulp from the babob tree when there were 65,000,000 acres of timber in this province.

Prince Rupert was mentioned prominently among others as one of the places where business was good.

## SOCKEYE FISHING ON NAAS A FAILURE

Canneries and Fishermen Disappointed at Paucity of the Run.

Reports were received yesterday by the steamer Chelohsin that the sockeye fishing on the Naas river this year is a total failure. Canneries have put up hardly any fish and the Indians and other fishermen have been much disappointed.

At Rivers Inlet it seems that just the opposite is true. The run has been phenomenal and some of the canneries as far away as the Skeena River and Shushartie have been supplied from that point.

## Mining News

Hugh Harris of New Hazelton has gone into the Telkwa country on a prospecting trip. He will push well up the river and will be away for several weeks. The mining men of the district are confident that he will bring back news of further excellent finds in this region. The snow is rapidly clearing off all the mountains as the warm weather has been so consistent for the past few weeks. Profitable development work is now being carried on at points which were practically inaccessible a short time ago.

John D. Galloway, district mining engineer for Hazelton and surrounding country, has gone into the Cariboo district, where he will spend a month examining some new mining properties that have recently been opened up. He is also assembling a collection of ore samples which will be included in an elaborate display to be made by the provincial mines department at an exhibition of natural resources at London, England. The engineer is doing everything possible to have his district as well represented as possible. Good specimens have been sent in from Nine-Mile Mountain and also from the Silver Standard Mine.

Diamond drilling is now becoming active in the Stewart district. The first drill on the Bear River side has arrived and will soon be in operation by Lynch Bros. The work will be done on the Fitzgerald Group on Goose Creek for the Algonquin Development Company. The heavy machine will be taken up the valley by railroad and then over the trail to the property. Last week work commenced on the Unicorn mine on the Salmon River with J. R. McDonald, who has the property under bond, present at the scene of operations. As much work as possible will be done before the fall in order to estimate the extent of the ore.

Roy Clothier, assayer, brought in some fine ore specimens from the Marmot region at Stewart last week. The samples assayed high and have brought the Marmot River holdings into great prominence. Mr. Clothier was out for two weeks on his own and a number of the specimens were taken from a new discovery. They ran high in silver and gold.

George Clothier has returned to the city from a trip to Stewart where he investigated the needs in connection with better road facilities to the Marmot section. He went north on instructions from Hon. William Sloan, minister of mines, who had been petitioned by a large number of owners and operators to make such a move. More than a hundred claims are located there and considerable development has been taking place all this summer, but work has been considerably hampered for the lack of a road.

Mrs. Thos. Sproat arrived from the south on the boat this morning and will now make her home here. Mr. Sproat arrived some time ago. Both lived in Prince Rupert for many years but left for the south during the war. They have now returned with still greater confidence in Prince Rupert.

Just arrived several cars of House Furnishings—all in Tite's Sale prices. **U**

**CANCELLATION OF RESERVE.**  
NOTICE IS HEREBY GIVEN that the reserve covering the belt of land on claims in width situated along the north shore of Graham Island is cancelled in so far as it relates to that portion lying between the easterly boundary of Indian Reserve No. 3 situated in the vicinity of Tow Hill and the southerly boundary of Lot 1916, Queen Charlotte Islands District.

The flight of a train is like the throb of an enormous pulse in the arteries of the nation. To slow the beat is to slow the life of the country.

THE train in this picture is one of the eleven hundred freight trains in daily service in Canada.

It consists of one heavy-duty freight engine and 45 standard box cars.

It can carry 2,000 tons of wheat.

In 1913 its engine could have been built for \$34,700—to-day \$81,000; its box cars for \$1,138.85 each—to-day \$3,797.50.

In other words the rolling stock alone in the movement of 2,000 tons of wheat has increased in cost from \$85,948.25 to \$251,887.50 or 193.1%!

The labor bill of the railways has risen in the same period from \$115,000,000 to \$231,000,000,—101%!

The cost of rails for a mile of track has gone up from \$9,497 to \$19,680—107%!

No cost has been unaffected by the general rise.

Operating expenses continue to rise more rapidly than Gross earnings. Net earnings are sinking at an alarming rate.

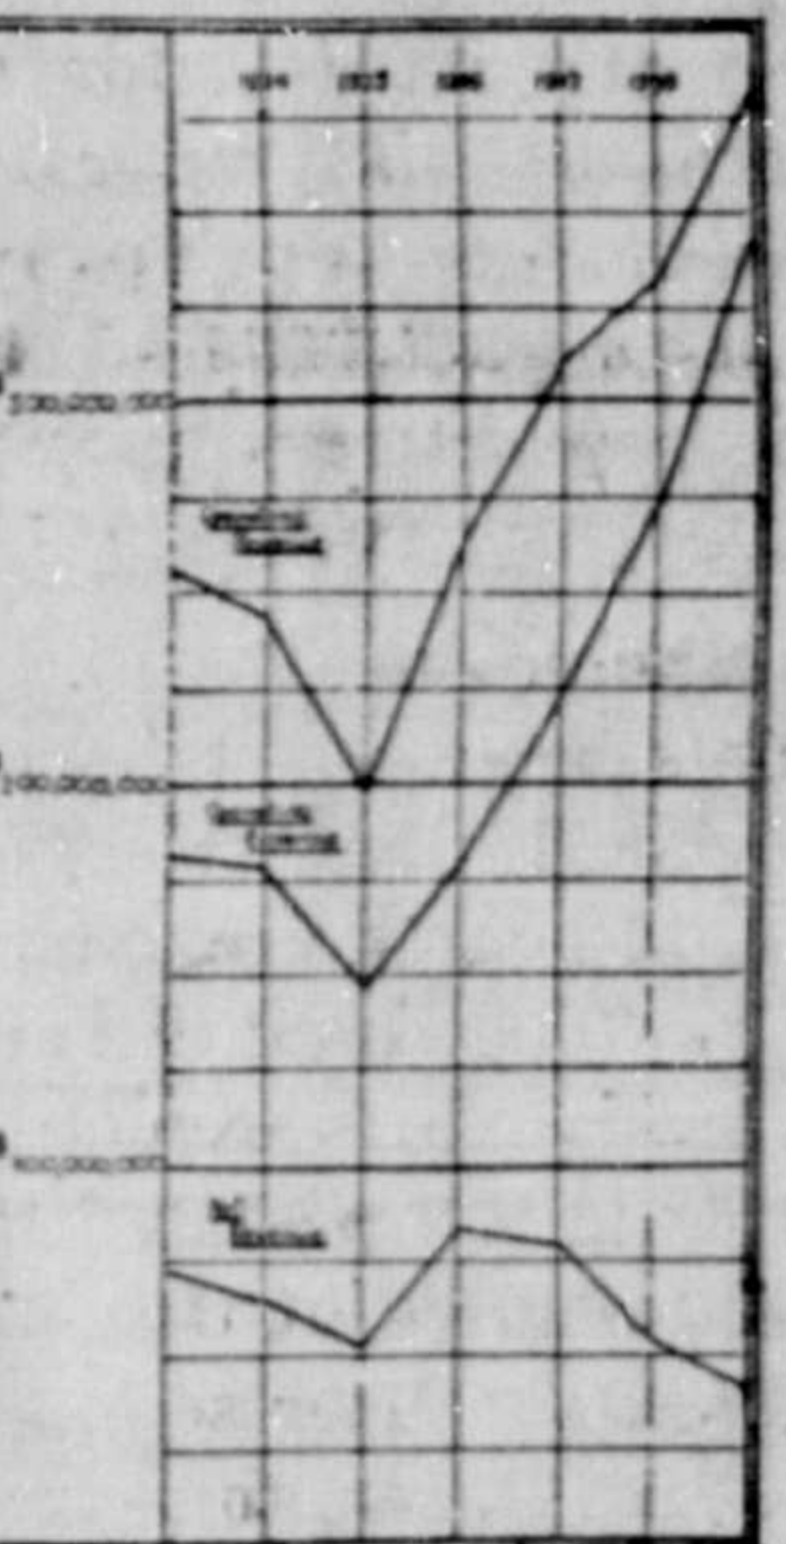

These are the facts that lie behind the application for increased freight rates for the railways.

## Serving a Bigger Purpose

A fresh idea is taking hold in regard to silverware. Instead of being locked away and never used as in former times it is being brought into service regularly. And why not? Silverware is made for use. It is wonderfully durable--will last for a lifetime--and who does not find pleasure in its beautiful lines and chaste workmanship?

Buy silverware for utility as well as for ornament--it will yield pleasure tenfold.

## COMMISSIONER MEETS CIVIL SERVANTS HERE

Discussion as to Cost of Living Compared With Other Places.

"My sole interest here is to get at the actual situation." Such was the words used by W. H. McInnes, civil service commissioner, during his speech yesterday afternoon before a large number of the local civil service workers at a meeting in the Court House. The meeting had been called in order to hear what the commissioner had to say in regard to the recent petition forwarded to Victoria requesting an increase in salary for the clerks at this point. A statement of comparative prices had been forwarded, especially in the lines of meat, coal and rent. Transportation had also been mentioned but this had been thrown aside.

The commissioner in opening, stated that he was pleased to be present and hoped to be able to get the right feeling of the meeting. He had been quietly investigating prices for himself and found that they might be slightly modified.

Mr. Ledlie pointed out that he was of the opinion that the newly established co-operative store was to a degree responsible for the lowering of meat prices. Some days the price was down and then it was up again. "Anyway," he continued, "we can't fight P. Burns to the end."

### Coal Costs.

In dealing with the coal question, Mr. McInnes thought that the \$3.00 added between Victoria and here could not be avoided. If Mr. Fisher thought that he could buy coal in the south at \$13.00 he would gladly give his order for his winter's coal. The chairman and secretary were both strong on the matter of having to pay for coal which they maintained was half dirt and half stone. In the winter time it was full of water.

### Rents.

## FOOTBALL TONIGHT

Match Between Grand Trunk and Sons of England at Acropolis.

One of the most important football matches of the season is to take place this evening between the Grand Trunk and the S. of E. at the Acropolis Hill grounds. The railroaders are at present heading the league and if they win tonight it will put them safe from future care in regard to carrying off the cup honors. If they should tie with the Sons it is probable that the Gallies will win all the rest of their games would bring about a replay. If the G. T. P. should lose, the closing matches of the league will be watched with great interest by all the fans who have been studying the course of events for the past two months, for the Gallies will have the opportunity of coming to the top. The Sons of England team will be picked from the following: Winsby, Darton, Wearmouth, Crisp, Keesey, Archer, Farquhar, Lambie, Tinker, Gelderd, Foulds, Slocomb and Tabrum.

Among the Port Simpson visitors in the city today are C. B. Flewin, H. Brentzen and J. C. Spencer.

thought that Prince Rupert was not suffering to any greater degree than were many other places in the province. He described the row of tents which stretch along the shore of Point Grey in Vancouver as being not all those of summer holiday seekers. A large number were forced to adopt such means of living. However, he was forced to agree that if one did get a house in Vancouver's residential section one might be fairly sure that it would be a good one for there they are condemned by the city if unfit for sheltering human beings. "If," said the commissioner, "Mr. Fisher can get a good house at \$35 a month he ought to go into the rentals business in Vancouver for he will soon make a fortune."

### Teachers' Salaries.

Before Mr. McInnes had been requested to speak, W. J. Ledlie and W. S. Fisher had both said a few words and the latter maintained that one of the strongest points in favor of the increase demanded was the fact that the school board here had granted a 15 per cent increase in salaries over the teachers of the south. Mr. McInnes took exception to this for when he had quietly asked one of the school board members why there should be a difference the reply had been that it was on account of the scarcity of teachers. "Yes," said Mr. Fisher, "if that same man had known who you were he would have given you a different answer but naturally he didn't want to knock his own city and besides the increase was granted after the teachers got here and had not been used as an inducement for applications. There were plenty of them and no scarcity was evident."

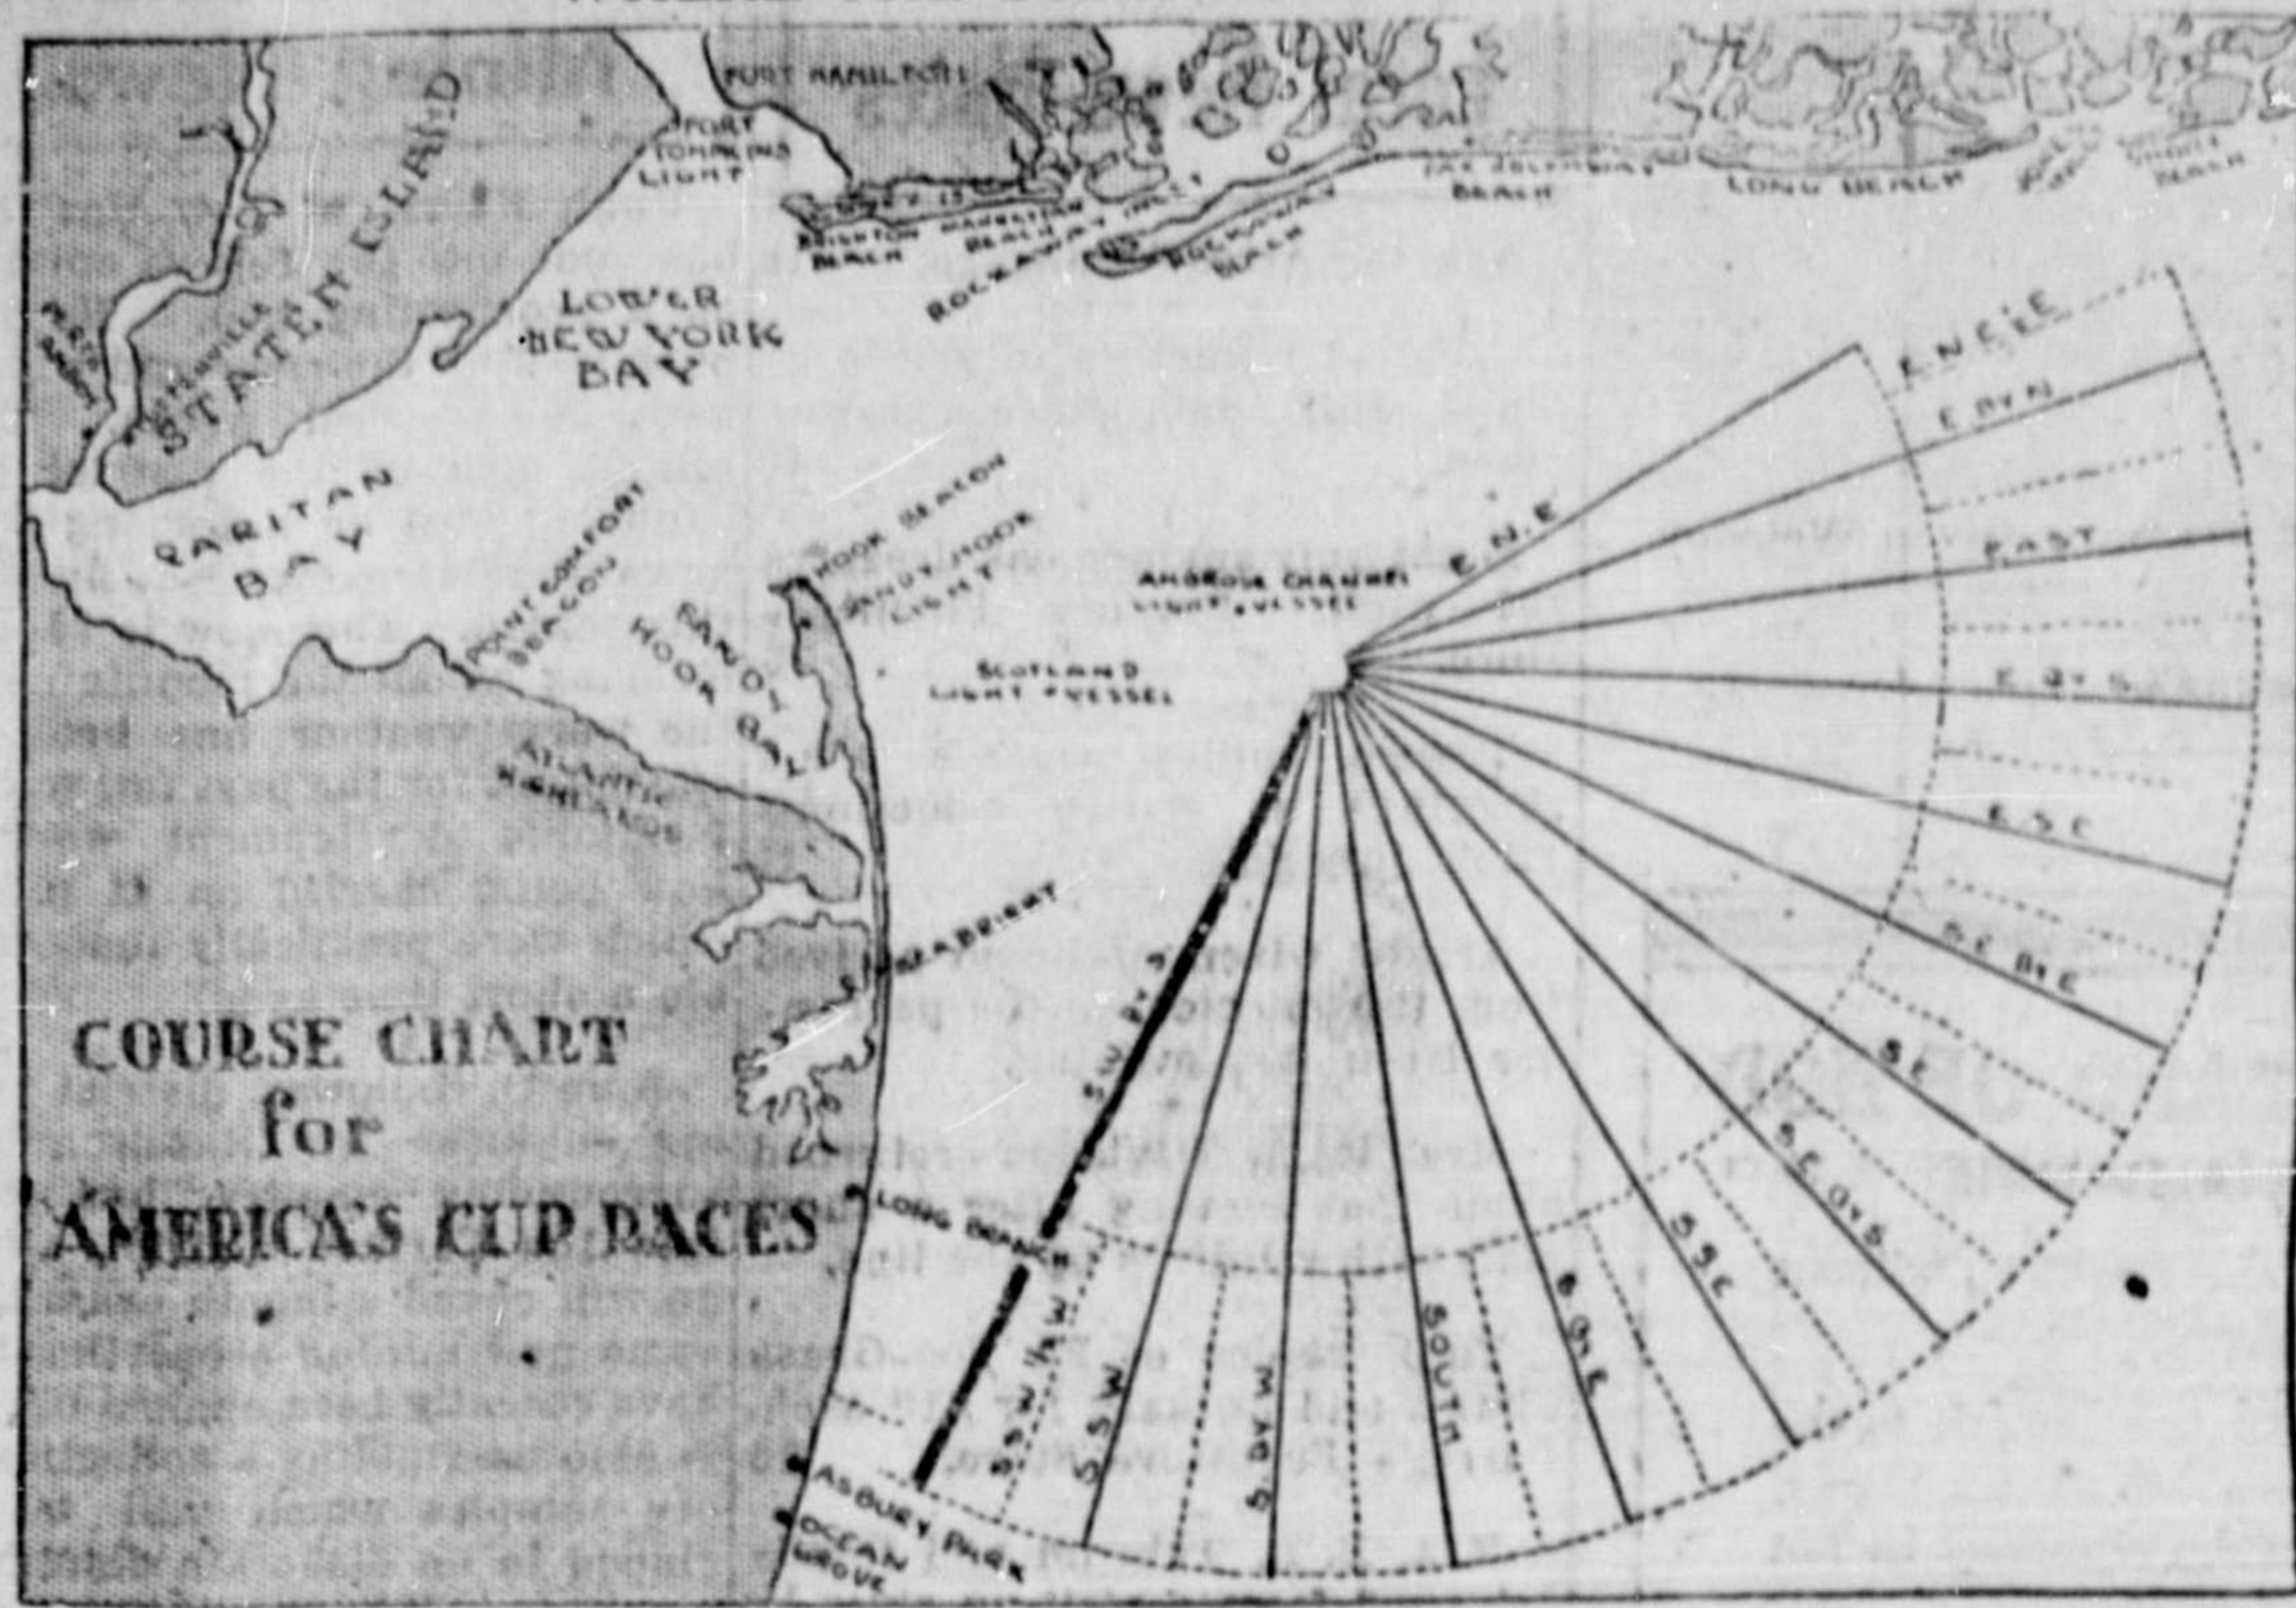

### Bank Clerks.

The matter of the bank clerks receiving a living allowance was also discussed and the commissioner pointed out that it applied to all banking centres. That would be very good too in the government service if we were transferred around from place to place as they are in the banks.

In concluding the commissioner stated that he could claim no credit or blame for the level of wages. His duty was to secure equality within the service. He wished to bring the service to such a state that clerks might be transferred from place to place without feeling scolded or sold. "I am passing on to secure further information at Smithers, Fort George, Quesnel and 450-Mile and then down through Kamloops way and back to Victoria."

At the close of the discussion a vote of thanks was extended to Mr. McInnes on the motion of Mr. Fisher, seconded by Mr. Lancaster.

## WHERE THE CUP RACES ARE SAILED

The course is laid according to the direction of the wind. The inner dotted line shows a ten-mile radius from the starting point, on which the yachts sail the triangular course. The outer dotted line is the fifteen-mile radius for the straightaway and back, windward and leeward race. The compass course is announced from the committee boat soon before the start.

## IMPERIAL PRESS DELEGATES HEAR ENGLAND TALK

Arrive Newfoundland Aboard S.S. Victorian and Given Welcome

ST. JOHN'S, N.L., July 28.—The Imperial Press delegates aboard the steamer Victorian 2480 miles from England clearly heard by wireless telephone the national anthem sung in England. They arrived at Sydney, N.S., this morning and were given a rousing welcome.

## FOUND SWEARS BY HATCHERIES

Declares They will be Tremendous Factor in Development of Fisheries

Salmon Return Not Only to River, but to Creek Where First Saw Light

W. A. Found, assistant deputy minister of fisheries, in an interview here yesterday, declared that salmon must know that hatcheries are unbiased well-informed people. He said that at so many points their value had been determined that anyone in possession of the facts could have but one opinion. This statement was made in answer to a suggestion that the canners did not believe in hatcheries.

Mr. Found said that while hatcheries had undoubtedly been beneficial they were still to some extent experimental and better methods may be found than those in use at present. It was possible that hatching the eggs in gravel might revolutionize the fishing industry. The experiments so far made had proved very successful, and the system of depositing the eggs in gravel was adaptable to every small stream as well as to the big central hatcheries. As it was now shown that the salmon returned, not only to the river in which they were hatched, but to the creek where they first saw life, the localizing of the hatcheries was of great importance.

At Babine Lake a hatchery had been established on a creek where there were no sockeye, the eggs being brought from other creeks. Now the run of sockeye was so great that the hatchery there was filled from the eggs taken in the creek. Similar work had been done at Rivers Inlet. Mr. Found said that when the best methods had been discovered the hatcheries would be a tremendous factor in the fishing industry.

The assistant deputy told of the work done by the department at Hick Lake near Harrison Lake hatchery. White fish eggs had been brought from the Great Lakes and the fish hatched from them were now four years old and were in the lake in great numbers and doing well. This was a proof of the value of a hatchery.

## Sport Briefs

League Standing	P	W	L	Pct.
Red Sox	8	5	3	.625
Colts	8	5	3	.625
Sawmill	8	4	4	.500
Beavers	8	2	6	.250

By Monday evening's win for the Sawmill the Colts team has again lost the lead and is tied for first place with the Red Sox. Before this week these two teams were tied, but Monday's loss to the Beavers reduced the Red Sox and now the Colts have been stepped down by the Sawmill. This means that Friday's game between the two teams, already even for first place honors, will be a real struggle.

George Mitchell was batting with fine confidence Monday evening. His infield drive were travelling with considerable speed and the Sawmill fielders were loath to stop some of the ground balls which came to them. George brought in two of the total four runs earned by the Colts.

Two new players appeared on the diamond Monday evening, one on each team. Butler for the Colts played a good game in the box, for he was taken in to hurl at a time when things were in a bad way. He did not get going until the fourth inning, although he took the mound in the second. After that he pitched good ball. Johnny Fotos, a well known local boy and prominent in racing ability, held down the second sack for the Sawmill. His batting was not all that might have been desired, but in the field he made a splendid effort. He wasted no time in turning the ball over to first base after he had caught it.

Two baseball teams have now been organized in Prince George and matches will be played twice weekly. Interest has been running high since the Dominion Day sports, but little could be done with the senior boys until an op-

posing team had been found. Consequently Andy Forrest has stepped into the field and promises to make things lively for J. C. Pidgeon's regulars.

Before the departure of their pitcher, Joe Rochon, for the south the Red Sox had a group picture taken just previous to beginning their game with the Beavers. The picture turned out splendid. However, "Stats" thinks that it might have been better to let the picture go for he can recall other occasions of how a team lost after posing before a camera. No, not superstition, but it just happened that way.

A recent sporting event of interest held in England was that in which Mr. Abrahams, the Cambridge blue, ran a 100 yards dash blindfolded against a totally blind athlete from St. Dunstan's. The runners were guided by a ring which slipped along a cord on one side. Clearance was given from the cord by means of a strap which the runners kept taut and thus maintained their direction.

### Real-Fruit Desserts The Rarest Sort

The only gelatine dessert which has fruit-juice flavors sealed in glass is Jiffy-Jell.

No artificial flavor can take the place of fruit. For Jiffy-Jell the fruit is crushed, condensed and sealed in vials. A bottle of this liquid essence comes in the package. And sugar is used—not saccharine—to sweeten Jiffy-Jell.

Jiffy-Jell comes in ten flavors. Try loganberry and pineapple for desserts. Try lime-fruit flavor for tart salad jell. Try mint for a refreshing mint jell.

### NEW HAZELTON

L. J. Burton of the Silver Standard Mine is expecting his wife to join him soon. Consequently a number of the men got busy last week and erected a new house for their brother workman at the camp.

Hugh Richmond has returned to Skeena Crossing after visiting with friends for the past few days in town.

John Shaw has returned from England after an absence of over three years. He anticipates remaining here for some time to come.

Mrs. A. M. Ruddy of Burns Lake has been visiting with Mrs. Peter Smith here for a few days.

An interesting demonstration took place at the Silver Standard when the Sutherland Machinery Company sent up two men to show the effectiveness of a new drill.

Among the visitors in the city at the present are Mrs. George Wall and two daughters who arrived here from Smithers a few days ago. They propose remaining here for a few more weeks.

The potlatch at Hazelton was brought to an end with considerable ceremony at the beginning of last week. The Indians were celebrating for a number of days, but have now returned to their respective districts. On the last evening a grand ball was arranged.

The first car to make the full trip from Vancouver to New Hazelton on its own wheels arrived at the latter point last Tuesday. The car was driven by R. W. Munge and he was accompanied on the way by his father and brother Roy. They are Kamloops people who have come into the northern interior country with a view to locating, and propose making their home in the Barrett Lake district. Considerable difficulty was experienced at certain points on the way, but it was only between Endako and Burns Lake that the Chevrolet had to be placed aboard a flat car and railroaded over a section of the route which had rather poor roads.

Mrs. Bear of Seattle is visiting here with her parents, Mr. and Mrs. Jas. Dyer. On the northern trip Mrs. Bear is accompanied by her two daughters.

### VANCOUVER LADY TALKS ABOUT HERB REMEDIES

All over British Columbia, Wonder Health Restorer is having a wonderful sale. Behind its success there is nothing but an actual record of the relief of human suffering and disease through the marvelous medicinal properties of the herbs it contains. It is not a "patent medicine"—it is a herbalist's prescription—the work of a lifetime of study and investigation.

What Wonder Health Restorer is doing may be judged from the following endorsement from a Vancouver mother:

"I feel I must write and tell you of the benefit derived from your Wonder Health Restorer. We have used it as a family medicine and tonic and find it beneficial to both children and adults. My little girl (3 years) did not seem to grow or develop for a year, but since giving her Wonder Health Restorer the past month everyone has remarked on her development."

"Personally, I cannot speak too highly of it. I am enjoying better health now than ever and have never been so free from women's troubles as now, for the past eight years being under the doctor for nerves and heart trouble. Since taking the tonic I have never had a return of the old pain, which always bothered me as soon as I started to do any work and from which I could never get relief."

"I shall never fail to recommend it to sufferers and feel grateful that Wonder Health Restorer was brought to my notice."

### JAPANESE PLEADS GUILTY OF THEFT

Stole Quantity of Clothing and is Now Sorry.

T. Subone, a Japanese, pleaded guilty to a charge of theft before Magistrate McMullin this morning and will come up for sentence this afternoon. The articles stolen included a suit of clothes, pair of boots, a hat, etc. They were the property of another Japanese and were replaced by an old outfit. The transaction was made about July 8. Constable Aekroyd made the arrest at the fertilizer plant at Tucks Inlet where Subone was employed.

Yesterday evening when the accused first came up before the magistrate he pleaded not guilty but he easily changed his mind today when he saw the evidence against him. He simply said with the Japanese accent, "I'm sorry."

### RETAIL MERCHANTS

Officials and Delegates Pass Through City this Morning From Convention.

Several officials and delegates who have been attending the convention of the Retail Merchants' Association at Vancouver, passed through Prince Rupert this morning on their way east. Among them were President Banfield and Secretary E. M. Trowen of Olatava; Mr. Fitzpatrick, a friend of Martin O'Reilly's who lives at Toronto, and R. Maze of Assiniboia, Sask. The visitors were taken in charge by L. M. Fuller and made the most of their short stay. They were enthusiastic over the work the association is doing.

### SEVERAL CASES IN POLICE COURT TODAY

In the police court this morning before Magistrate McMordie, Ernie Watson was fined \$50 for having liquor in a place other than in a private dwelling.

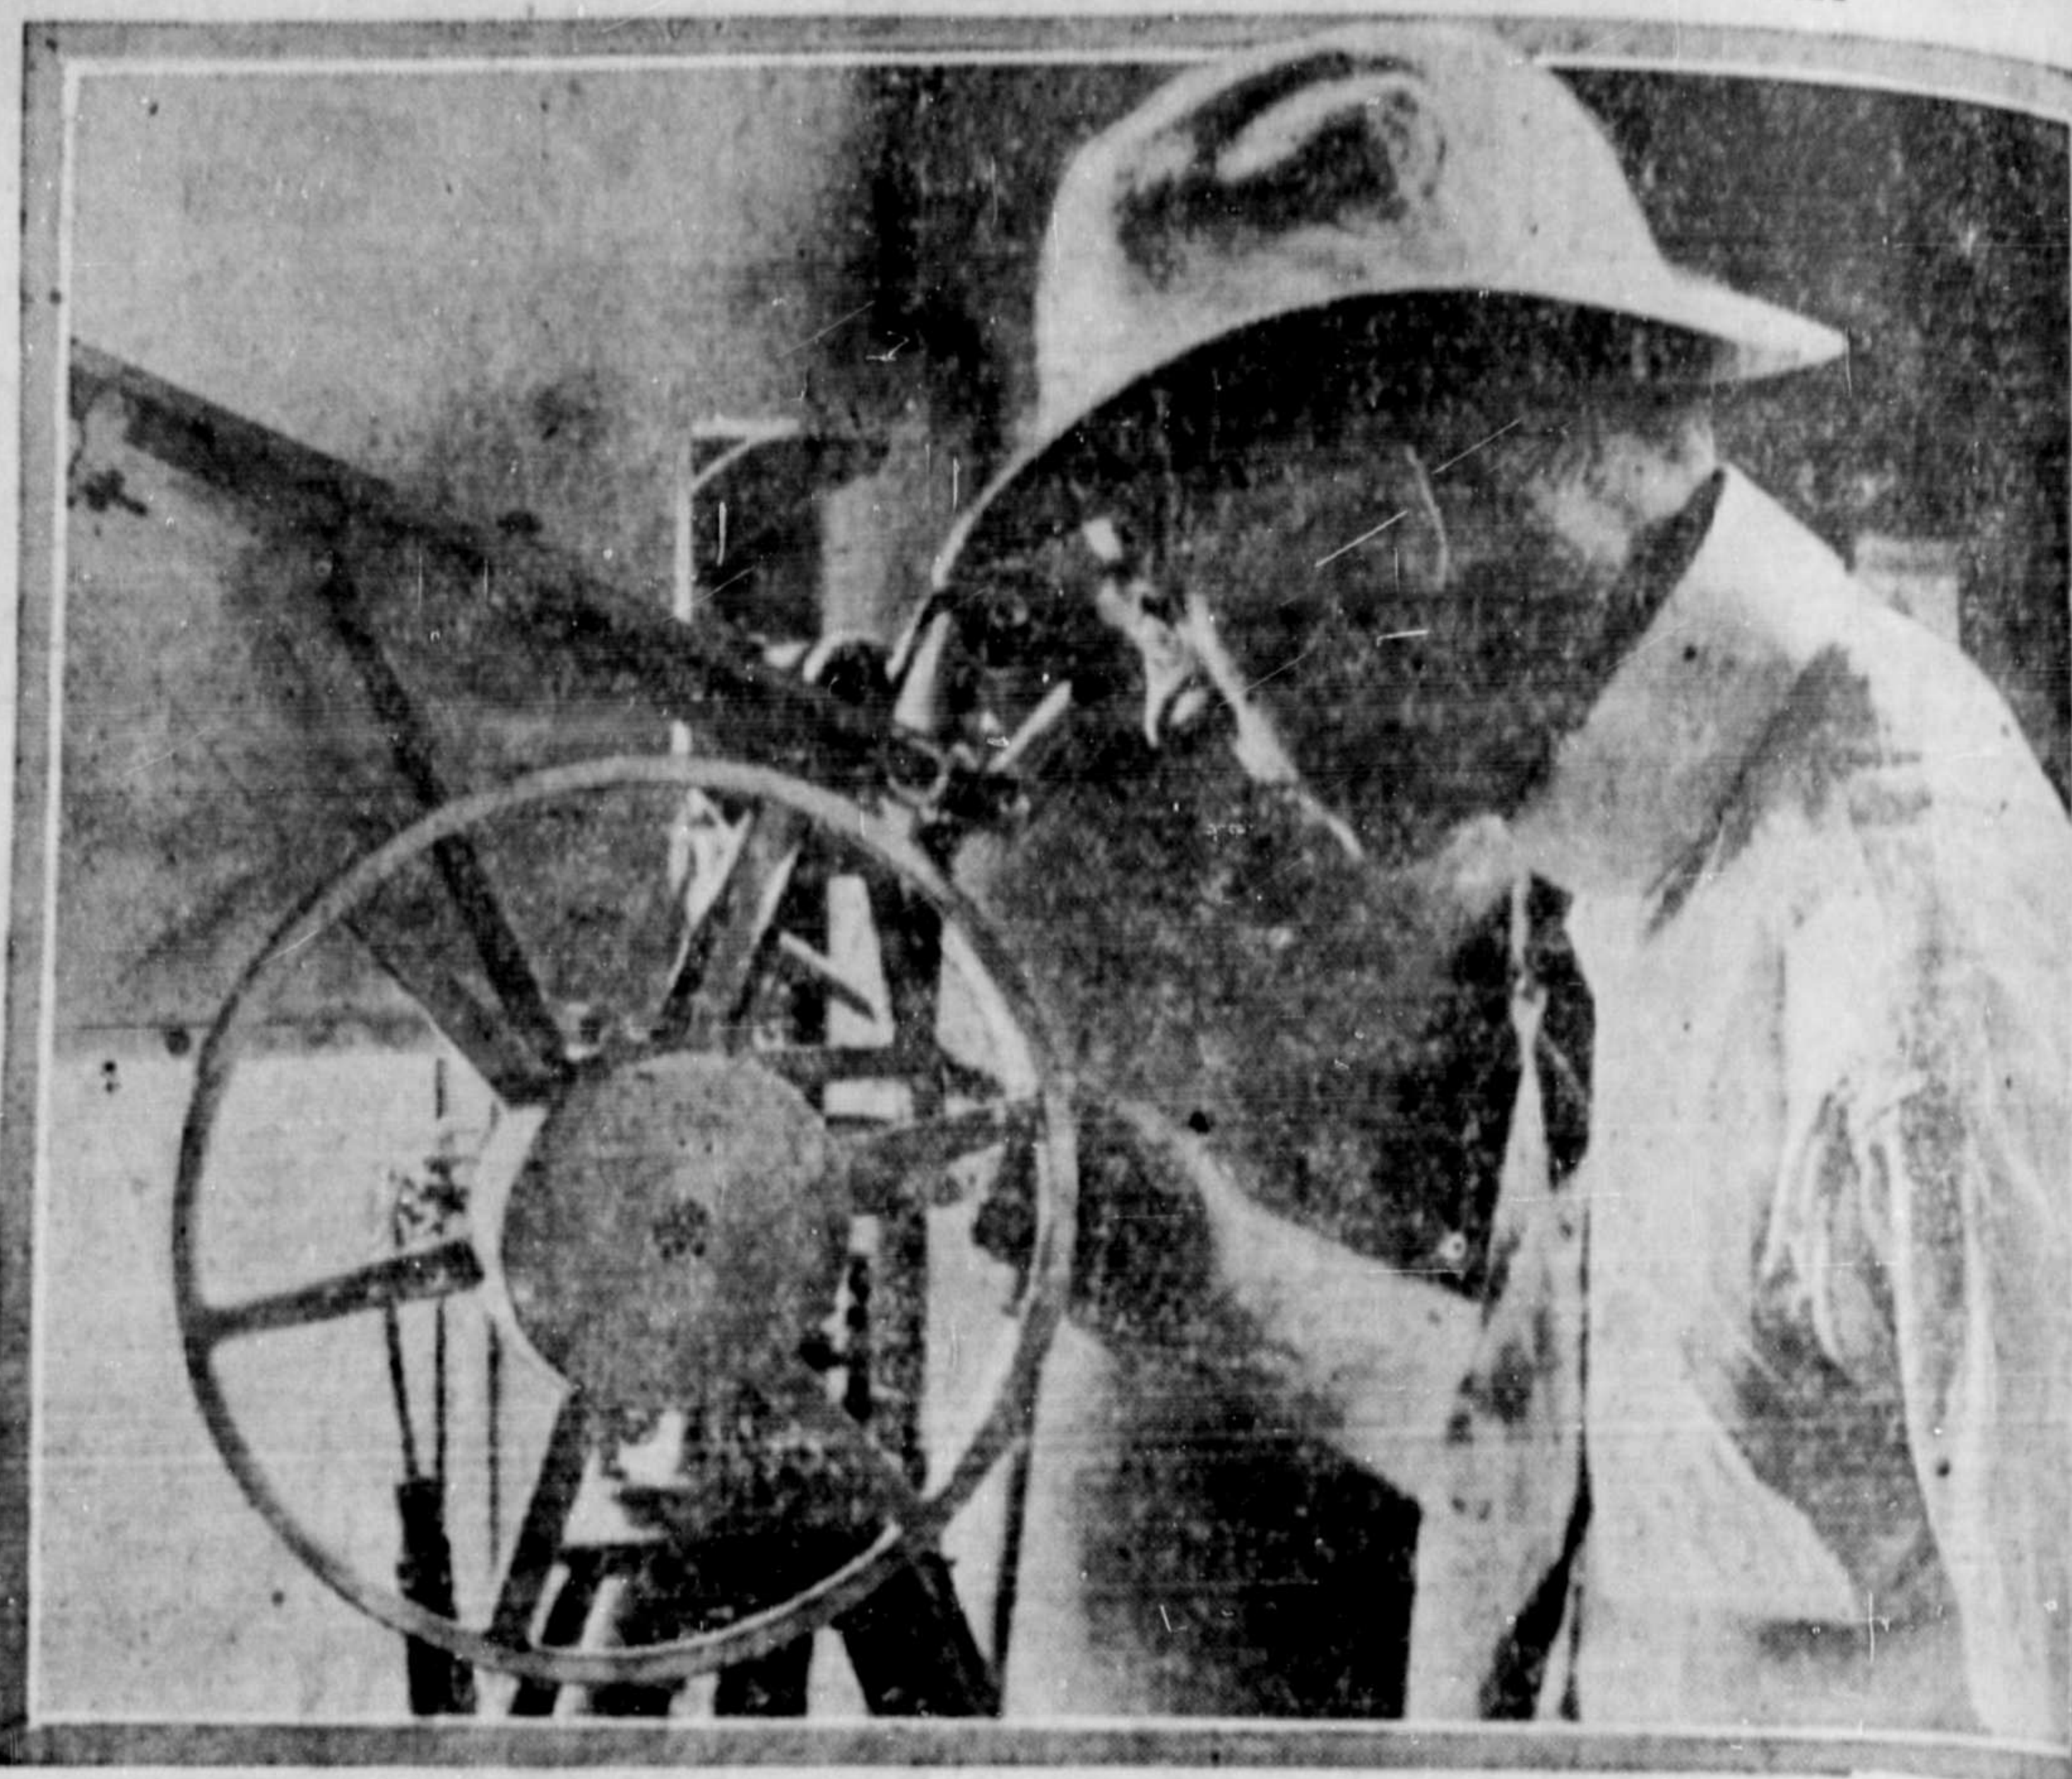

J. R. Rome, who appeared on a charge of drunkenness, pleaded not guilty and his case will come up again tomorrow. He maintained that he had been 60 hours without sleep and had been working most of the time. He was found sleeping on Third Avenue last evening and was taken to the station by Constable McGilchey.

Alexander Stewart and T. Dow were each fined \$10 and \$1 costs for being drunk.
