Allies Preparing to Enforce Treaty

NEWSPAPER OFFICE IS STORMED BY DENVER STRIKERS DURING FIERCE RIOT

Roumania Defies Lenin and Masses Troops on Border

Soviet Ignores British Demand for Fair Peace Terms with Poland and to Negotiate with Allied Conference; Orders to Fleet

LONDON, August 6.—A cable message received here is to effect that Roumania is defying Lenin and is concentrating troops on the Russo-Roumanian border.

The Soviet Government has so far ignored Great Britain's demand to quit its threats on the city of Warsaw. It demands separate peace with Poland.

The Herald, a labor paper published here, says the British Sea Squadron has been ordered to proceed to the Baltic to reimpose the blockade on Russia.

Premier Lloyd George denies the sending of an ultimatum to Soviet, but says he is merely pressing for peace with Poland fair terms and that the Soviet agree to negotiate peace with Allied conference.

LONDON, August 6.—(1 p.m.)—The cabinet is discussing crisis between the Poles and the Reds today.

Leo Kameneff, of the Russian Soviet delegation here, says non-arrival of the Polish delegates was the sole obstacle to armistice, meanwhile their advances were being met.

French tanks are reported to have reached Warsaw to aid in defence and French riflemen in Luxembourg have been ordered in readiness for a possible call to Poland.

The Evening News says the British Government may call for volunteers soon to aid in the preservation of the Versailles Treaty.

LABOR COUNCIL MAKES ATTACK ON B.C. AGENCY

Characterizes Three per cent Taken From Teachers' Salaries as "Damnable."

VANCOUVER, August 6.—The Labor and Labor Council of this is making an attack on the Teachers' Agency. They already taken the matter up with Attorney-General Farris and their protest to him they characterize the payment of three per cent of the entire first year's pay for getting jobs as "damnable."

The Attorney-General has the matter under consideration.

KERY FIRE AT REVELSTOKE

Fire Adjustment Just Made Men New Outbreak Occurred

REVELSTOKE, Aug. 6.—The city, stable and other buildings owned by D. Gallicano has been destroyed by fire, the loss amounting in all to \$10,000. An previous to the fire adjustment had been completed of the claims of Gallicano on farms amounting to \$4,000. He were burned three days the latest fire an auto truck bay were destroyed.

SANDBAGGED AT VANCOUVER

Woman Knocked Unconscious in Daylight and \$27 Taken

VANCOUVER, Aug. 6.—Mrs. Pearce, employed at the Commercial Credit Co. offices in the Standard Bank Building in the heart of the city was sandbagged yesterday. The crime was committed in the daylight yesterday afternoon, and was of the most daring kind. The woman was knocked unconscious and the sum of \$27 taken.

ASSAULT CASE BEING TRIED IN COUNTY COURT

Witness Who Was Injured Remembers Nothing of Affair.

In the County Court at eleven o'clock this morning the trial of J. J. Urlacher charged with assaulting James Garnett commenced before Judge Young with W. O. Fulton acting for the defense and T. B. Hooper for the prosecution. The evidence was much the same as in the preliminary trial in the Police Court except that Garnett appeared and gave evidence for himself this morning. The interest of all was focussed on this chief witness as he took the stand with rather a distracted air. His eyes seemed to wander from one part of the court room to the other but remained steady when answering the questions. He was only in the box for a few minutes as he could remember nothing of the whole affair. Garnett has been in the hospital since the night of the affray.

Mr. Hooper: "Do you know that man over in the box there? (meaning the accused). Have you ever seen him before?"

Garnett: "No."

Mr. Hooper: "Do you remember the Royal Hotel in the city of Prince Rupert?"

Garnett: "No."

Mr. Hooper: "Do you remember the Empress Hotel in the city of Prince Rupert?"

Garnett: "No."

Mr. Hooper: "Do you remember having been in a fight?"

Garnett: "No."

Mr. Hooper: "Do you remember your chum?"

Garnett: "Yes, Gus Steputis or something like that was his name."

Mr. Hooper: "He means Steputis."

Mr. Hooper: "Where is your home?"

Garnett: "In Fielding, Saskatchewan. My father has a farm there."

Mr. Hooper: "Well, how far back do you remember?"

Garnett: "I remember Anyox and Gus up there."

Cross-examined.

Mr. Fulton: "You were a man who took a drink with your friends?"

Garnett: "Oh yes I could take a drink."

Objection was raised to Mr. Fulton's next question in regard to his condition on the night of the fight and witness was allowed to take his seat in the court room.

The first evidence taken was that of Dr. G. A. Eggert, who had been summoned to attend Garnett's injuries on the night of June 27. He told of the nature of the injuries. When asked if the patient had been discharged from the hospital yet, the doctor replied in the negative and added that he was waiting to get back to his home on the prairie. The man was rational but not normal.

THREE BATTLESHIPS TWELVE DESTROYERS HAVE SURRENDERED

LONDON, August 6.—Two battleships and twelve destroyers have been surrendered by Germany and have arrived in Scotland. One battleship has reached France.

He could give no guarantee as to when he might be fully recovered. He was suffering from instability of memory. At the time of examination he had noticed only a slight odor of alcohol on the man's breath.

Constable McGlinchey told of having been summoned to the scene of the fight and how he had placed the injured man in a taxi cab and sent him to the hospital.

Fred Schultz testified as to the character of the accused. Accused had come into witness's house the night of the fight and seemed faint. His hand had blood on it.

Gus Steputis told of how his fight with Good had started which later embroiled Urlacher and Garnett.

Much the same evidence was brought out in the preliminary trial. A sketch was used to locate the points of interest in the case.

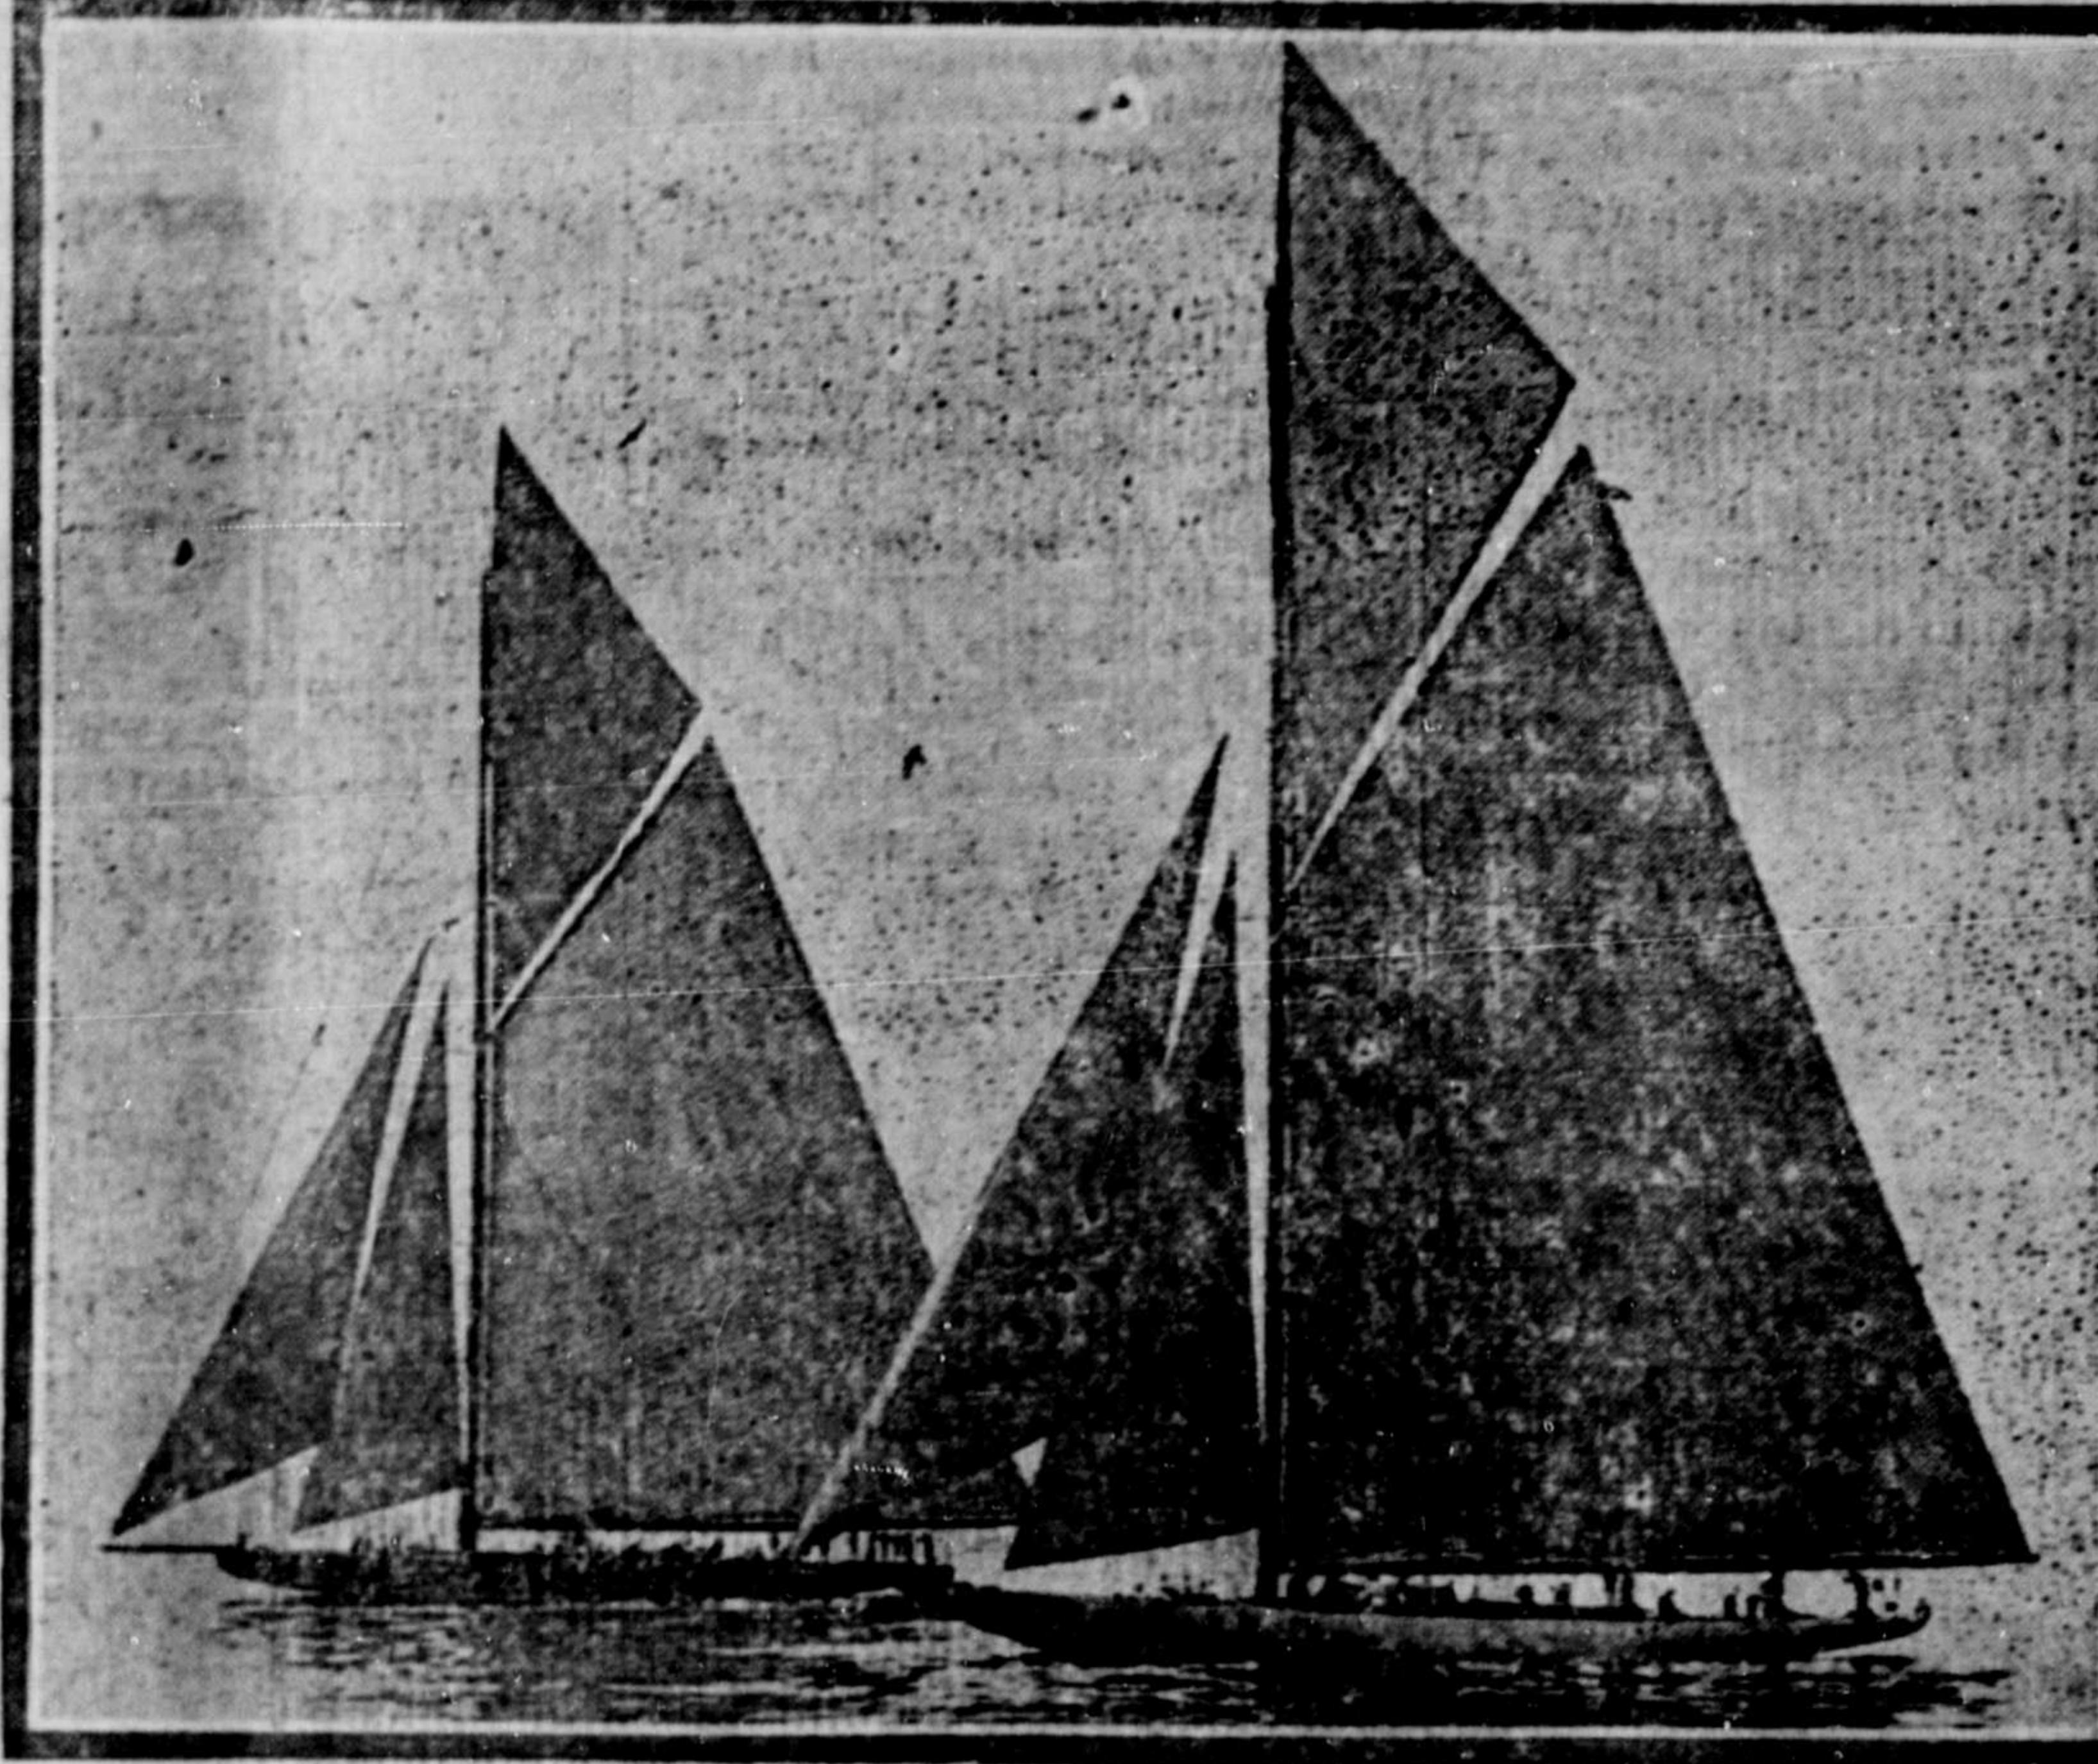

The evidence of Israel Rhomel, of Anyox, who is the only new witness since the preliminary trial, and Frank Aldridge was taken. The depositions of Leonard Wright and G. H. Good, who were present at the preliminary trial, were allowed to be read as they were absent this morning. Court then adjourned until 3:15 p.m.

AMUNDSEN IS DUE TO LEAVE NOME TODAY

Will Steer to Wrangell Island and Drift With Ice Pack.

NOME, Alaska, August 6.—Roald Amundsen, the explorer, is due to leave today in another attempt to reach the North Pole. He plans to steer the Maude to Wrangell Island off the northern coast of Siberia, and then drift with the Arctic ice pack.

SHAMROCK LEADING DEFENDER

The Resolute in the foreground, slightly astern of the Shamrock off Sandy Hook in one of the contests for the America's Cup.

Two Killed in Riot at Denver, Colorado

Many Injured and Much Property Damage Follows Clash between Strikers and Strike Breakers in Street Railway Dispute

DENVER, Colorado, August 6.—Two people were killed yesterday and many injured in a riot in which strikers were implicated. Much damage was done to street cars and to the plant of the Denver Post, a newspaper that was opposed to the street car strike.

In the newspaper office hammers and spikes were thrown into the linotype machines and presses and thousands of dollars' worth of damage was done.

The trouble originated in a clash between strikers and strike breakers. Eventually troops were called to quell the riot and order was restored.

Birdmen Expect to Leave For Hazelton on Monday

Repair Parts due to Arrive from San Francisco on Saturday; Board of Trade Ball and Reception Tonight

PRINCE GEORGE, August 6.—The United States aeroplanes that are here en route from New York to Nome expect to leave on Monday for Hazelton, calling at Wrangell and White Horse. Plane Number 3, that was injured slightly in alighting with the first three, is now ready for service, but the parts for Number 1 are not expected to arrive from San Francisco until Saturday. This plane was badly injured when landing here in a thunder storm.

The visitors are being well entertained and seem to be enjoying their visit. Tonight the Board of Trade is giving a reception and dance in their honor.

DRIVER IS HELD RESPONSIBLE FOR DEATH OF WOMAN PUSSY-FOOT GOING ON INDIAN CAMPAIGN

CALGARY, Aug. 6.—Stanton Miller, the prominent dealer, is held responsible for the death of Mrs. W. Campbell. The coroner's jury in their verdict said there was evidence of the reckless driv-

RAIL IS LAID ACROSS TRACK BEFORE TRAIN

Attempt to Wreck C.P.R. Passenger at Sentinel on Crow's Nest Railway

ENGINEER ALERT STOPPED IN TIME

FERNIE, Aug. 6.—Another attempt was made yesterday to hold up or wreck the C.P.R. train near Sentinel on the Crow's Nest Pass Railway. A heavy steel rail was laid across the main line, which would have derailed the train if it had struck and would in all probability have cost many lives.

The engineer of the eastbound passenger train saw the obstruction in time to avoid disaster and stopped the train.

Mounted police are vigorously searching the Flathead wilds for the missing bandits.

SKEENA WONDER IS NEW BERRY

Raised at Terrace by Michaud Brothers and Said to be Excellent.

TERRACE, B.C., August 6.—There are at Terrace two strawberry growers, the Michaud Brothers, who are following in the footsteps of Luther Burbank. They have for a number of years been experimenting with the crossing of various varieties of strawberries in order to get one suited to the climate and soil of Terrace. It seems that at last they have succeeded for they have on exhibition in Campbell's drug store here a box of the berries from a plant which they name the "Skeena Wonder." The fruit has been receiving favorable comment from all who are fond of berries and has been of special interest to strawberry growers, who see in them a combination of the best qualities of the varieties from which they are taken.

Experts say that "Skeena Wonder" is destined to carry the fame of the district throughout the continent.

CRIMES ACT PASSES SECOND READING TODAY

LONDON, August 6.—The new Irish Crimes Act passed its second reading this afternoon in the House of Commons, following a debate in which Premier Lloyd George took part.

DETROIT, August 6.—Babe Ruth hit his 39th home run of the season here.

TWIN DAUGHTERS

Twin daughters were born at Smithers to Mr. and Mrs. Gilberg Gregson of that town.

Miss Eveleigh of Prince George has been appointed matron of the new hospital at Smithers. She is a graduate of Vancouver General Hospital.

Coquilliam Fire
Lesson to Us.

The Coquilliam fire should be a warning to Prince Rupert that every precaution must be taken to prevent an outbreak. In a city where the buildings are of wood it is so easy for a fire to get out of control. The thing to do is to stop it before it gets away. Possibly the better plan is to prevent it starting. At any rate fires will start and it is before they assume large proportions that they are most easily checked.

Prince Rupert has been wonderfully free from big fires. The local fire department seems to have done effective work. They are out promptly at the first call and no fire has ever got out of hand, at any rate for many years past. It is not wise, however, to be too confident. At Coquilliam the firehall was burned, but the humorist who sent out the story added that the fire engine was saved.

Grave Situation
Regarding Poland.

The situation in regard to Poland is evidently very grave. The Bolsheviks of Russia are defying the League of Nations with the result that something has to be done to check them. They are the people who were crying for peace at any price and now they are satisfied with nothing but war.

If there is to be a League of Nations that amounts to anything it must be effective. The Republican party in the United States suggest that moral force would be sufficient, but moral suasion has been tried so often and failed that it is evident some physical force must be used.

No one wants war. That is evident. Yet if Lenin and his hordes are to be allowed to overrun the world, there will be continuous fighting. The situation is most difficult and it will take the best men the Empire has to guide us safely through the crisis.

New General
Management of Road.

The G. T. P. is passing under the same general management as the G. N. R. All the western lines of the Canadian National are to be in charge of A. E. Warren, who has been in charge of the G. N. R. There is no reason to think that this arrangement will be anything but to the advantage of both roads, but there are many who think otherwise and we hope they will be mistaken. Mr. Warren, as the business head of a big concern, will not be influenced by sentiment. He will be open to be shown. He will be as anxious as anyone to make this end of the road pay, and to do that he will have to give it a fair chance in the matter of getting business.

It is natural that local people should look somewhat askance at a man, who is practically a stranger here, controlling the transportation on which we depend. It will not take long, however, for Mr. Warren to get acquainted with us. We shall undoubtedly have a chance to meet him soon and to keep him informed from time to time of the needs of the place insofar as the transportation end is concerned.

TEETH

Prince Rupert Branch - A. W. Cameron, Mgr.HAD RHEUMATISM
FOR FIVE YEARS

No Return of the Trouble Since Taking "FRUIT-A-TIVES"

MR. JOHN E. GULDERSON

P. O. Box 122, Parrsboro, N. S.

"I suffered with Rheumatism for five years, having it so badly at times I was unable to get up without assistance. I tried different medicines I saw advertised and was treated by doctors in Amherst, also in my home town, but the Rheumatism came back."

In 1916, I saw in an advertisement that 'Fruit-a-tives' would stop Rheumatism, and took one box and got relief; then I took them right along for about six months and the Rheumatism was all gone and I have never felt it since."

Anyone who would care to write me as regards 'Fruit-a-tives' I would be glad to tell them what 'Fruit-a-tives' did for me."

JOHN E. GULDERSON,
Contractor and Mason.

PRINCE RUPERT TIDES

Friday, August 6
High, 5:25 a.m., 16.6 feet.
47:41 p.m., 18.8 feet.
Low, 4:15 a.m., 6.2 feet.

Saturday, August 7

High, 6:28 a.m., 15.7 feet.
48:36 p.m., 18.6 feet.
Low, 4:13 a.m., 6.6 feet.
12:04 p.m., 7.2 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

DEPARTMENT OF MARINE AND FISHERIES, OTTAWA, ONT.

SEALED Proposals will be received at this office until 12 o'clock noon, on the 9th day of August, 1920, for furnishing the materials and labor of all kinds necessary for the construction, equipment and delivery of a proposed Steel Twin Screw Ice-breaker of the following leadings dimensions:

Length B.P. 275 feet
Breath Mid. at L.W.L. 57 feet
Depth Mid. 22 feet
Draft Mean 19 feet 6 inches
I.H.P. 8,000

to be delivered at the Agency of the Department of Marine and Fisheries, Quebec, Halifax or fixed sum.

The Department reserves the right to accept or reject any one or all of the bids received.

Forms of proposals, plans and specifications showing what is required can be had or seen by applying to the Department of Marine and Fisheries, Ottawa.

Any further information desired may be obtained by addressing:

THE DEPUTY MINISTER,
Department of Marine and Fisheries,
Ottawa, Ont.

MINERAL ACT.

Certificate of improvements.

NOTICE. Alice Fractional Mineral Claim, situate in the Nass River Mining Division of Cassiar District.

Where located:—At the Head of Alice Arm, Prince Rupert, B. C., acting as agent for E. Stark, Fred M. Kershaw, Certificate No. 40691-A, and H. F. Kersey of Alice Arm, B. C., Free Miner's Certificate No. 40705-C, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further notice that action under the Mineral Act, \$5, must be commenced before the issuance of such Certificate of Improvements.

Dated this 7th day of July, A. D. 1920.

VOTERS HERE
NUMBER 5,100

For the City Alone the Number
Registered is 2,336.

Registrations for the Prince Rupert electoral district number in all approximately 5,100, and for the city of Prince Rupert 2,336. From this it will be seen that the city is almost half of the voting strength of the constituency. The numbers are not as large as might have been expected, so many people not troubling to put their names on the lists.

It is estimated that the number of people living here, who are not Canadian citizens, numbers close on 800 and the number of children and others not old enough to vote is fully 1,000. The Court of Revision is to be held here on September 13 in the Court House, when objection will be heard to any of the names on the list.

SOCKEYE CATCH IS
UP TO AVERAGE OF
OTHER FOURTH YEARS

The sockeye salmon pack on the Skeena River this year is well up to the record for previous seasons corresponding to this one. Four years ago the run was less than it has been in 1920.

The cannery are not very keen on getting pinks this season as there is no market for them. If pinks were in demand the pack this year would be very large. As it is the price paid for these fish is low and not many, comparatively, are being caught.

NAVY LEAGUE IS TO
REORGANIZE TONIGHT

Meeting to be Held at the Court
House at 8:30.

This evening at the Court House there will be a meeting of all those interested in the work of the Navy League or in the formation of a boys' naval brigade in this city. Lt. Helmsing will be there and will give the gathering the benefit of his advice in regard to it. Anyone ever so remotely interested is invited to attend.

The difficulty in organizing the boys is to find someone to have charge, for on the choice of a leader depends the success or failure of the corps.

NEW SCHOOL TO BE
BUILT AT TERRACE

Tenders are being called by the Provincial Government for a new school to be erected at Kitsumkalum. The new building is to have three rooms. This is an addition to the school already there and is designed to serve both Terrace and Kitsumkalum.

William Johnson, who was tried at Port Essington before Dr. R. W. Large and sent up for trial on the charge of stealing a watch and gold chain, arrived here in charge of Constable Gibson of Port Essington. He will come before Judge Young this afternoon and it is expected will elect for speedy trial.

August 6, 1910.—The office telephone bell rang in Mr. Law's office yesterday afternoon, which means that there will soon be a service all over the city.

Jack Dunn, son of Thomas Dunn, is among the wrecked passengers from the Princess May.

Plans are now under way to engage a publicity agent to make the people of Prince Rupert enthusiastic upon the importance and value of publicity work.

Captain Stork was in charge of the first parade of the Earl Grey's Own Rifles last evening, with Lieutenants Agnew and McMorland. George Leek, Brown and Godson were appointed sergeants.

The steamer Camosun which arrived here this morning brought three carloads of cans for Claxton Cannery.

MACDONALD'S BRIER SMOKING TOBACCO

The Big Plug 80 cents

We have another small Shipment of PRATT'S FLY CHASER

Keep the animals contented. It is humane---sanitary---profitable to keep them away.

All know that cows give more and better milk, that calves put up flesh faster and that horses have more vim and vitality when not worried with flies. Flies, and only scavengers—they are carriers of vermin and contagion. They not only eat little nervous and sick—they eat farmers' profits. It is humane to use Pratt's Fly Chaser which effectively keeps them away because the animals suffer only in their own way from those pesky pests.

For your supply of Pratt's Fly Chaser, remember Pratt's is a Canadian product. It does what it says.

AGENCIES: Victoria, Nanaimo, New West-
minster, Mission City.

AGENCIES: Courtenay, Duncan, Ladner,
Port McNeill, Ucluelet, Aldergrove.

The demand far exceeds the supply

The efficiency of Pratt's Fly Chaser is shown in the fact that the sales increase yearly to such an extent that the supply is divided among the various states and provinces pro rata.

Our original pro rata was taken up so quickly that we asked a second small amount successfully. This is now on hand. Get your supply now.

R. J. MacDougal arrived from Anyox on the Prince Rupert yesterday evening and will remain in the city for a few days.

Mrs. Munn and two daughters, who had been visiting American Consul and Mrs. E. A. Wakefield, have returned to Vancouver.

1,000 tons Nanaimo Wellington Coal have arrived for Albert & McCaffery, Ltd.; also 100,000 feet finishing lumber. Phone 116.

Denny Allen Co.'s August Sale, 20% discount. We have bought H. S. Wallace Co.'s entire stock of Crockery, Glass and China. \$4

Among the Stewart visitors in the city are A. E. Smith and W. Webster, who arrived from the north by the Prince John yesterday evening.

Among those arriving from up river by the train last evening was Mrs. E. J. Wall, Mrs. N. Fraser, and Miss Edith Fraser, who have been visiting in Terrace for the past few weeks. They are now returning to their home in Anyox.

A. H. Bailey of the local police force has received a letter from Jack Shiels, formerly a brother officer in Prince Rupert. He is now on the maintenance department of an ocean-going vessel and the letter was sent from Piraeus in Greece.

Ben Self has received word that the Anyox party of baseball enthusiasts will not arrive tomorrow as was expected. This means that the series of games for this weekend will have to be postponed. Attempts will be made to have the smaller town team here before fair time at least.

The Trail smoker which was arranged for last evening has been postponed until further arrangements can be made. Ben Self was one of the principals of the committee in charge and on account of his illness he was unable to do all that he had desired.

The boys thought it better to wait until he had recovered before proceeding with any festivities.

One of the first local people to return with the news that he had seen the Nome-bound airplanes was George Abbott who came in on the train last evening. He was not very close to them as they passing over head while he was in McBride. At Prince George on the way home "Geordie" did not have time to get out to the park on account of the short time allowed at the divisional point.

Among the passengers expected to arrive from the south on the Prince George tomorrow is Miss Margaret L. Wilson of Vancouver who is on the way to visit with her school friend, Miss Myrtle Swanson in Anyox. Miss Wilson is a niece of Mr. and Mrs. Donald McLeod who were amongst Rupert's earliest residents, when Mr. McLeod was connected with the firm of Foley, Welch & Stewart.

On Sale in Prince Rupert by Prince Rupert Drug Co

Local News Notes

Ask for Atkins' Sausage.

A. Gibson of Port Essington was an arrival from the Skeena river last evening.

Among the arrivals in the city from the north yesterday was F. E. Stringer of Anyox.

R. L. Brown returned on last evening's train from a brief visit to his ranch at Woodcock.

Mrs. A. C. Aldous arrived from Hazelton by the train last evening on a short vacation to the coast.

Stationery, Toys, Kitchen hardware, China, Crockery, Glass, 20% discount at Denny Allen Co.

J. A. Swanson of Anyox was amongst those arriving from the north on the Grand Trunk steamer last evening.

Major-General C. A. Blacklock, accompanied by Mrs. and Miss Blacklock, arrived in the city last evening from Remo.

J. McHugh of the staff of the Lakelse Hatchery arrived in the city from Terrace by the passenger train last night.

Mr. and Mrs. Chas. Durham of Uxk are visitors in the city, having arrived from up the line by the train last evening.

R. J. MacDougal arrived from Anyox on the Prince Rupert yesterday evening and will remain in the city for a few days.

Mrs. Munn and two daughters, who had been visiting American Consul and Mrs. E. A. Wakefield, have returned to Vancouver.

Tomorrow afternoon at 3:30 a benefit football match will be held on the Acropolis Hill grounds. With fine weather there ought to be a crowd of fans out to see the boys perform apart from wishing to help along in a deserving cause. Two teams have been picked from the various clubs entered in the city league.

On account of the rain last evening there was no game between the Tinkers and the Chafeurs. In the commercial league the boys have worked hard to put up a good brand of ball and they did much towards the provision of funds for the erection of the dressing room. Those who were engineering affairs to some extent this year promise that in 1921 there will likely be a larger number of teams entered and playing will commence much earlier than this year.

Parties across the bay have had to be abandoned for the past few evenings on account of the inclement weather conditions. However, by next month with the crabs in season nothing will stop the mighty hunters who go out to the fray with boat and dip net.

Nothing much has been heard of late in regard to the great fishing expeditions which received

Sport Briefs

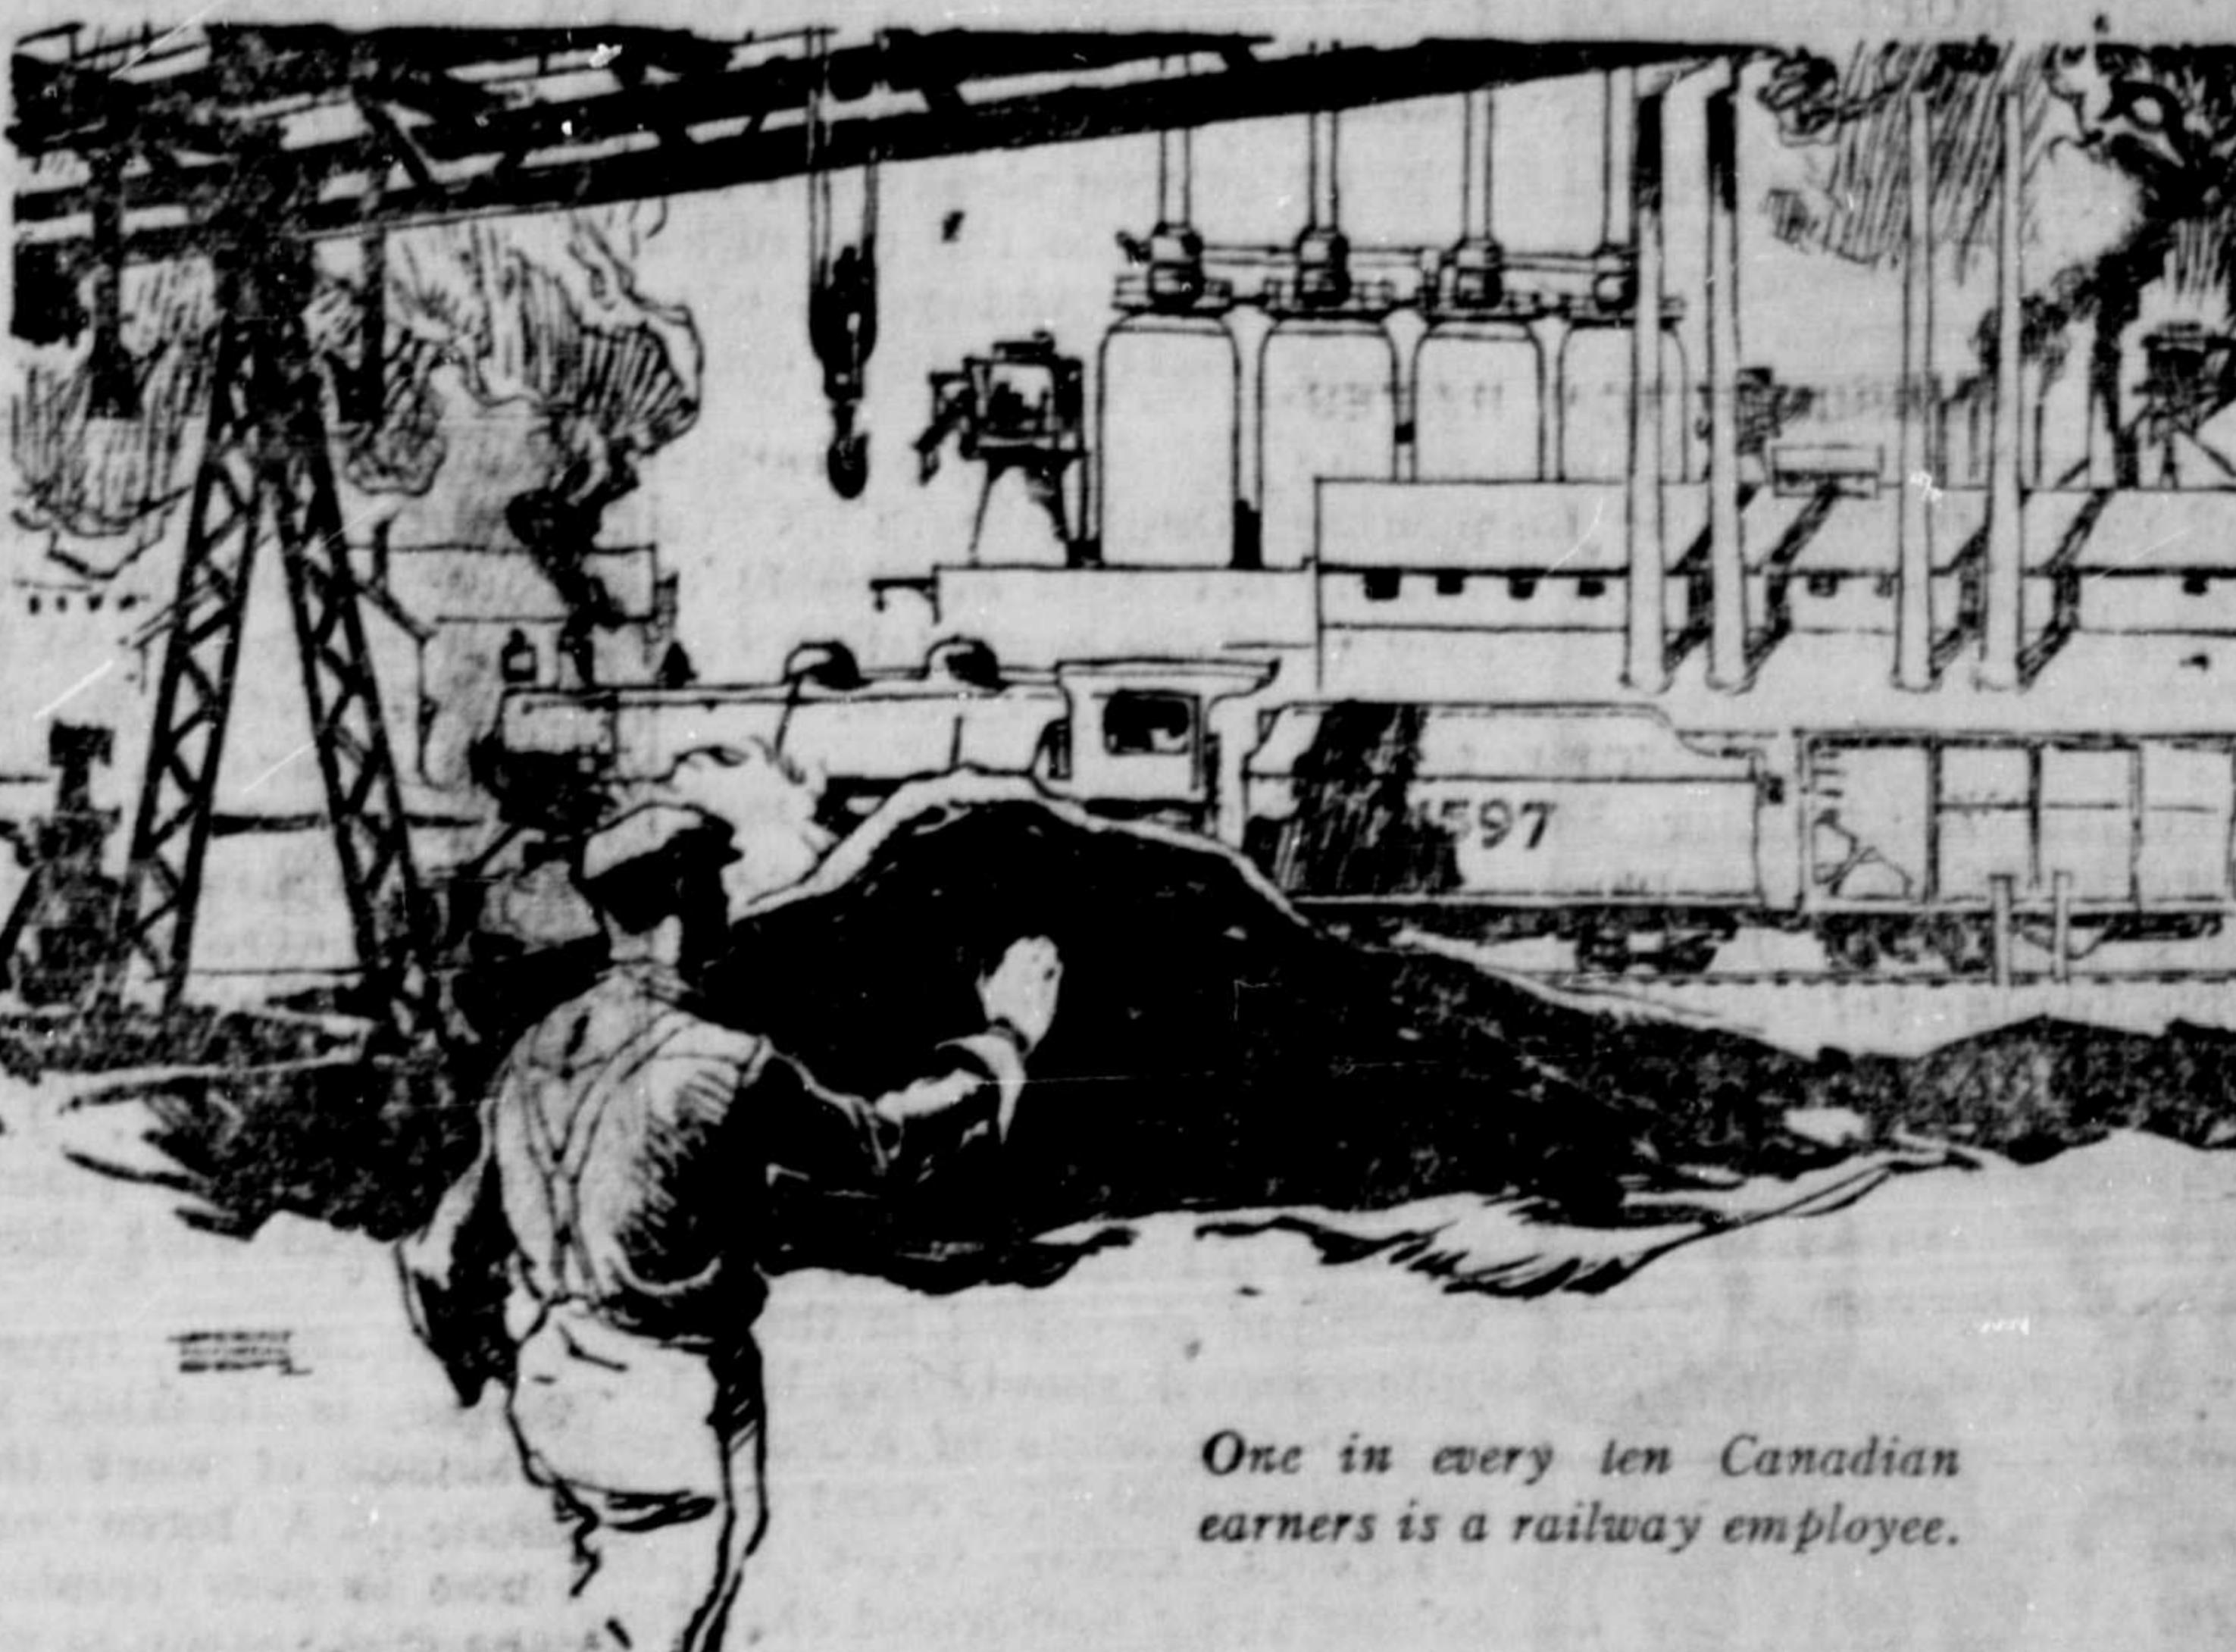

Interest in the football has slackened a little following the windup of the play for the Mohley Cup. In the sudden death series for the Gilhuly Cup plenty of excitement will be afforded the spectators. There is lots of time between each engagement to allow those who know time to pick out the winners in the next set. The Callies and the Sons of England open up with Sid Thompson as referee. By that time the Sons of England will have strengthened their half back line and the Scotsmen will have to field a better team than they did the other evening.

The Callies and the Trail Club meet this evening at the Acropolis Hill grounds in the last match of the city league. The Grand Trunk carried away the honors for first place and tonight's engagement will decide the party for second position. The Callies are out to maintain their lead and the Trail boys are determined to pull the Callies down and get in ahead themselves. With such conflicting ideas the game ought to prove more than interesting.

The next intermediate baseball game will be played on Monday evening between the Red Sox and the Sawmill. As the league is getting near the end the games are becoming very exciting as any of the teams stand an excellent chance of taking away the cup. If the Sawmill had beaten the Beavers in Wednesday's game which had to be postponed on account of rain they would have been tied with their rivals of Monday evening. A win for either brings them up close to the pace set by the present victorious Colts.

Tomorrow afternoon at 3:30 a benefit football match will be held on the Acropolis Hill grounds. With fine weather there ought to be a crowd of fans out to see the boys perform apart from wishing to help along in a deserving cause. Two teams have been picked from the various clubs entered in the city league.

Though he rarely finds one, the vigilance of the railways cannot on that account be relaxed—and 3,500,000 hours of labor must be paid for this service alone every year.

One in every ten Canadian earners is a railway employee.

In 1913, the car inspector received 26 cents per hour for a 10 or 12-hour day.

To-day he is paid 67 cents per hour for an 8-hour day, and \$1.01 for every hour or portion of an hour thereafter!

The wage bill of the railways for car inspection alone rose from \$757,373 in 1913 to \$2,260,756 in 1919!

MOST of the increased cost of railway service in Canada goes back directly or indirectly, into the pay envelopes of Canadians and the cash registers of Canadian merchants.

Figures approximate only.

Increased freight rates are imperative, not only in the interests of the railways but of the individual citizen and the community as a whole.

DO YOUR FEET BURN?

Then use Zam-Buk. There is nothing so soothing for tender, aching or blistered feet. It will end the burning, draw out the soreness, prevent blistering and give you perfect foot comfort.

Also there is nothing so good as Zam-Buk for sunburn, heat rashes, blistered hands, aching muscles, mosquito and insect bites, cuts, bruises, burns and all skin injuries and ailments. 50¢, all druggists and stores.

ZAM-BUK
IS SOOTHING!

The Man in the Moon SAYS—

THAT salmon steaks sell for a dollar a plate in the restaurants at Dawson. And yet the fish came up the river to their doors.

THAT many people are being knocked down by cars in Vancouver, but it is noticeable that they avoid the degradation of being run over by a Ford.

THAT Luke says any man is likely to make a mistake once, but the man who marries a second time is entitled to no sympathy.

THAT a correspondent wants to know what is the difference between a garage and a gas station. While not an expert in these fine differences I should say the former is the home of a Ford and the latter that of a royal limousine with flower vases in the corner and a uniformed chauffeur on the front seat.

THAT it was a happy thing for the firemen at Coquitlam to be able to save the fire wagon when the firehall was burned down.

THAT the conservative party in Nova Scotia is something like the nets some women wear on their hair—almost invisible.

THAT it is bad enough to have a wife pick a husband's pocket, but when she picks his necktie—O Heck!

Mining News

Operations on the Bayview, at the top of the hill back of Stewart, are to begin at once. Camp was established at the property last week. Work on the trail which required considerable blasting has been going on for the past few weeks. The Bayview was bonded last fall by Will and George Cameron to R. H. Thompson of Everett, Wash. Some very high assays in silver have been returned from ore in narrow veins exposed on the property. Assays were taken from a new vein in the progress of assessment the other day and they showed up fine. J. L. Stamford of Victoria has planned great development work this season.

The Silver Crest on Salmon River is looking good for the amount of work that has been done. A force of twenty-one men is now employed. This is the first season in which development has been undertaken. E. W. McQuade is in charge, but operations are under the direction of P. W. Racey, a mining engineer of Vancouver.

The Premier Mine on Salmon River is employing more than one hundred and fifty men in and about the mine. Good progress is being made with the concentrator foundations and the pipe line. More men will be needed in the near future and are being put to work as they arrive in town.

One of the two big diamond drills on the Big Missouri mine at Stewart has been closed down. All results have been very satisfactory, it is understood, but the costs of operation are running rather high. The drill which is on the E Pluribus claim still continues. High grade ore is being opened up here.

The Algonquin Development Co. of Bremerton is doing a lot of thorough work on the Northern and Spider groups on Salmon River and on the Fitzgerald group on Bear River. The operations of this company as carried out in the Stewart district are next largest to the Premier.

Operations on a small scale are being carried out at various claims along the Salmon, Bear, Marmot and Georgia Rivers. P. R. Backus and his associates are making preparations to operate in the Naas section back of Stewart.

This season there have been more prominent mining men in the Stewart district than there have been for a long time. With so much development work preceding ore bodies of great potentiality are being exposed. However the prospectors are not losing any time and are getting their claims in condition for examination, so that the geologists and mining engineers can give the ground the once over and let the owner know to some degree how his prospect should shape out.

Messrs. Anderson and Krause recently arrived at Dawson reporting new gold strikes on Keno Hill, Mount Hinton and vicinity.

The road to that locality is bad, however.

Prospecting work is to be undertaken at Lookout Mountain in the Mayo district, Yukon territory. The Government diamond drill has been secured and is thought to be now at work. The machine will be in charge of Messrs. Gaunt and McDougall.

AUTO MAGAZINE

In the July issue of the Western Canadian "Motorist," a motor magazine published at Vancouver, B.C., three excellent articles appear. Hon. Dr. J. H. King, minister of public works, outlines the proposed highways program as given at the address at New Westminster before a large audience composed of members of the New Westminster Automobile Club, Board of trade, reeves of neighboring municipalities and representative citizens. A. E. Foreman outlines how the province will spend eight and a half million dollars during the next two or three years for improvement of highways. Another interesting article is entitled "Will British Columbia benefit from a change in the rule of the road?"

FINE HOME, best residential section. Moderate terms. Helgerson, Real Estate, Insurance, Notary Public.

SITUATION AT OTTAWA NOT ENCOURAGING

Special Correspondent at Capital
Reviews Political Standing
of Parties.

OTTAWA, August 6.—The Government's habit of ignoring Parliament is shown by its course in deferring the Ministerial changes until the session was over and there was no opportunity for Parliament to consider the new situation. Even during the session the Government ranks had begun to break and some former supporters had gone over to the opposition or the cross benches. What would have happened, if, during the session the Liberal Unionists had been told that they must follow Meighen instead of Borden? What would have been the effect upon the Ontario Liberal Unionists of the withdrawal of their leader, Mr. Rowell, from the Government? Mr. Rowell's conclusion, as stated in his letter of resignation is, "That when a decision should be reached that the work of the Unionist Government as such was finished, and that a new departure should be made by the creation of a new party and the formation of an administration to represent that party he might fairly ask an honorable discharge."

This means that those Liberal Unionists in Ontario who regarded Mr. Rowell as their leader are also released from their obligation to support the Government and free to take any course they please.

No Undue Haste.

It cannot be said that Mr. Rowell showed any undue haste in making the break. He has, in fact been criticized for staying in the Government too long. Be that as it may, now that he has gone there is no reason for any Liberal Unionist to remain in the ranks of Unionism. In fact Unionism is dead. Mr. Calder is one of those who remain. But a little more than a year ago, Mr. Calder made a statement in the House which logically bound him to resign. He was talking about Mr. Crerar's resignation, and explaining why he did not follow Mr. Crerar's example. He said:

"Let me ask Hon. Members of this House: What would be the consequence if we all followed the course taken by the Hon. Member for Marquette (Mr. Crerar). Suppose the Minister of Public Works (Mr. Carvell) resigned and the President of the Privy Council (Mr. Rowell), and the acting Minister of Trade and Commerce (Mr. Maclean) and myself and others should resign?"

When Mr. Calder mentioned himself the House expressed scepticism. Hansard says that some Hon. Members exclaimed "Oh, oh," but Mr. Calder replied:

"Do not be so sure, my friends, The task of carrying on government in this country and the responsibilities that are thrown upon public men"—before the increase of ministers' salaries—"are not so alluring as some Hon. gentlemen opposite seem to think."

"I say that if these resignations did take place there would immediately be a political crisis in this country, and one thing only could happen—the Prime Minister would either have to appeal to the country or he would have to advise the Governor-General to call upon my friend who leads the opposition to form a government."

Political Crisis.

Now all the members mention-

Cleanliness and Health

There is neither age limit nor exemption—every man, woman and child has a daily fight to carry on against germs and microbes of disease. Use

LIFE BUOY HEALTH SOAP

for a victorious and delightful toilet, for a refreshing bath, and for a thorough cleansing of the home.

The carbolic odour in Lifebuoy is the sign of its protective qualities—quickly vanishing after use.

Lever Brothers Limited, Toronto, Ont.

ed by Mr. Calder, except himself to those not affected. Sir Robert Borden has resigned, and Sir Thomas White, the Minister of Finance, has resigned, and General Mewburn, the Minister of Militia, and Mr. Burwell, the Secretary of State. So according to Mr. Calder's own statement, there is a political crisis, and there ought to be a general election or the leader of the opposition ought to be sent for to form a new government.

Out of Touch.

The Government is tired and out of touch with the country.

The House of Commons is tired and out of touch with the country. The remedy is a new government and a new House of Commons, representing public opinion as it is today, not as it was in 1917.

Both government and Parliament are aware of the lack of sympathy between them and the people, but are afraid to apply the remedy. Many supporters of the Government realize that they cannot be re-elected, and for that very reason shrink from a general election. The situation is uncomfortable enough, but not as bad as that which an election would bring about. Holding an election would be like jumping out of the frying pan into the fire.

Another Session.

Yet, it would not be safe to count with certainty on another year passing without a general election. The Government and its supporters must look forward with dread to the prolonged agony of another session, even with the indemnity increased to \$4,000, the Prime Minister's salary increased to \$15,000 or \$19,000 with the indemnity, and his colleagues' salary to \$14,000 or \$16,500 with the indemnity, the session just closed was full of

"SINNERS" SHOWN AT EMPRESS THEATRE

Theatregoers Thrilled by Stirring Scenes of this Drama

A photoplay as breezy as the great new England coast where the principal events of the drama take place, "Sinners," which has thrilled theatregoers elsewhere in no uncertain manner, is to have its first appearance in this city at the Empress Theatre tonight.

This stirring screen drama concerning the fortunes of a New England girl who leaves home and goes to the big city in search of work is an adaptation from the Owen Davis stage success of the same name.

"Sinners" is not a melodrama as many will recall who saw it on the speaking stage, but a true characterization of life in the small town where everything and everybody moves by rule and route, and gossipping tongues swing from the centre. What a contrast to the existence led by big city cliff dwellers, who are seemingly heartless, Godless, Sodomites!

America's screen favorite and Realart star, Alice Brady, plays the part of Mary Horton, the girl who left home. Miss Brady is supported by a cast of screen notables. Do not miss seeing this photo-drama which is crammed full of human interest.

"DON'T EVER MARRY" WESTHOLME TONIGHT

Jealousy has its humorous side to those not affected. Innocent escapades or predicaments which cause friction between married couples furnish most of the humor of the world, and it is a delightful humor as Marshall Neilan shows in his latest production for the screen, "Don't Ever Marry." It is the story of the happenings which take place within twenty-four hours after a secret marriage when for reasons best known to themselves two other women claim the young groom as their lawfully wedded husband.

The fun happens fast and furious from the opening scene to the end where tranquillity is once more restored. "Don't Ever Marry" will be the attraction at the Westholme Theatre tonight.

Advertise in the Daily News.

worry and anxiety. The government majority which was stated in this Parliamentary Guide to be 71 in 1917 dropped to 34 on the amendment calling for a general election, and 26 on the amendment calling for tariff reduction. It was only 5 on the resolution relating to the appointment of a Canadian Ambassador at Washington. Next session the situation is likely to be worse.

FORESHORE LEASE

Take notice that we, THE TAYLOR ENGINEERING COMPANY, LIMITED, (Mine Department) of Vancouver, B.C., and Alice Arm, B.C., mine owners, intend to apply for permission to lease the following described lands:

Commencing at the northwest corner of Lot 3643-A; thence running 30° E. 8° N. 2 miles WNW. to 89° 72' 45" E. thence north 84° 48' 26" W. 2 miles SSW. to the southerly boundary of Lot 3643-A; thence following the easterly boundary of Lot 3643-A, a distance of 175.7 feet to the point of commencement, and containing two acres, more or less.
